Mobile homes to lose 'group' fees

Dimmitt City Attorney Jack Edwards is drawing up an ordinance that would affect the owners of some of the mobile homes in Dimmitt.

Dimmitt Mayor R. L. Fleming called for the ordinance at Monday's meeting of the Board of Aldermen, saying, "Mobile home residents ought to have to pay for city water, sewer and trash removal services the same as any other resident of the town," pointing out that some mobile home parks pay only one sewer and garbage fee, although several mobile homes receive the same city services.

City Manager Paul Catoe said he did not think that any new meters would have to be installed for the mobile homes. The city would help mobile home park owners figure out a formula to determine how much of the park's water usage should be paid by each resident.

Previously, park owners have paid the city service fee out of the rental fees from each resident, using only one connection per park.

Under the new ordinance, park owners may have to raise the monthly rental fees from each resident to cover a separate city service fee for each one, or negotiate with each resident to pay the fee themselves.

The board voted to pay \$2,802 for the window unit and \$165 for installation of the drive-up window at the city hall. The unit will be ordered from Lefevure of Cedar Rapids, Iowa, and will be 48 inches wide.

The board noted that the work on the driveway has been completed except for a bumper to protect the corner of the building. It was also decided to install a night deposit drop.

"A few hundred dollars worth of repairs would certainly be more economical than purchasing a new car," Catoe told the board in his request for \$600 worth of repairs to the city manager's vehicle, a 1971 Ford. A motor front seat, new tires, a new battery, a new windshield, new brakes, and repairs to the right rear door were some of the items listed for the car's improvement.

Police Chief Ron Mitchell finally won approval of his proposed manual of standard operating procedures for the police department, after a few changes in one section of the manual.

A section that had previously said an officer must wear a firearm at all times whether on or off duty, was changed to

read "All officers of the department may carry a side-arm at all times, while in their jurisdiction, EXCEPT when under the influence of alcoholic beverages or drugs of any type, prescription or otherwise, that may impair judgment or stability."

"The arm must be a .38 caliber, or larger, revolver, and must be kept clean and operable at all times."

A revision was also made in the city's overtime policy, which had previously allowed only police officers who worked on holidays to receive overtime, but which will now allow any city employee to receive the time-and-a-half overtime pay for performing necessary work on holidays.

To comply with federal regulations, the city has designated an area of parking at the city hall for handicapped persons, and will also install a sidewalk and a ramp to allow access to the building for wheelchair-bound individuals and other handicapped persons.

The reserved parking space will be marked on the north side of the city hall. Work on the project is expected to begin soon and will be done by city employees.

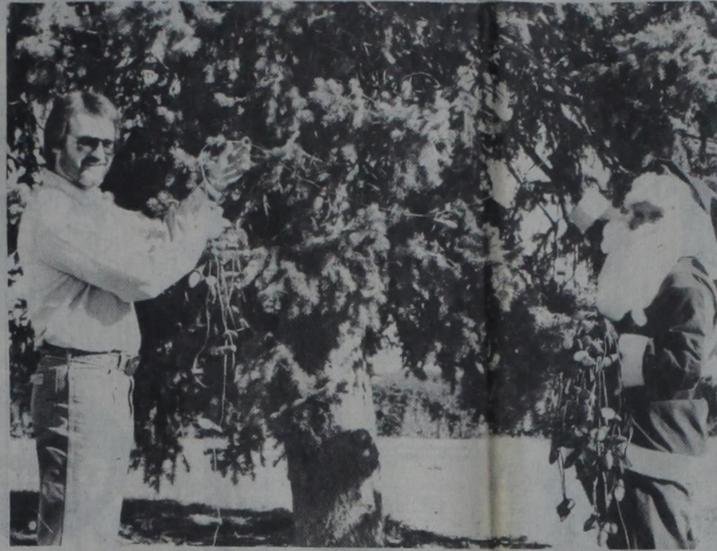

Three matters brought before the board were tabled for further action at some later date:

—Gary W. Anderson, an administrative assistant for the Texas Municipal Retirement System, presented figures on what it would cost the city to update its retirement program for city employees. "The main benefit right now would be to give a cost-of-living raise to any employees already retired," Anderson told the board. Several aldermen expressed concern about the financial burden already being carried by the city's taxpayers, saying that they did not think it would be right to add to that burden at this time.

—Local Energas Manager Bob Caddell talked with the board about approval of a rate increase requested by Energas. The company is asking for about a 10.4% increase for residential use and 11% for commercial use. Caddell told the board he would know more about it after a meeting scheduled Wednesday.

—Catoe agreed to contact Dan Nelson of Nelson Drilling & Pump Service to get his recommendation for replacing the other city well pumps. "He felt that he could give us a better price if allowed to bid on more than one at a time," Catoe said, adding, "We need to find out the best way to go for the city and for him, or whoever does the work."

Nuclear dump-site protests grow

SANTA MAKES FIRST CALL—Santa Claus gives Dimmitt Chamber of Commerce Vice-President Jim Killingsworth a hand with hanging the first string of lights on the community Christmas tree on the courthouse

lawn. Santa will be at the County Expo Building Saturday morning when Dimmitt merchants stage their "Hey, Look Us Over" Christmas Fun Breakfast.

Stores slate gift show, free breakfast Saturday

Mark it on your datebook for Saturday morning: Go to the County Expo Building for a free breakfast, and see a special four-hour showing of the latest Christmas gifts available in Dimmitt stores.

It's the second annual Christmas Fun Breakfast, coordinated by the Chamber of Commerce.

It's for all ages, but the young will especially enjoy it, because Santa Claus will be on hand in his first public appearance of the year here.

CofC directors will prepare and serve scrambled eggs, bacon and biscuits from 7:30

to 8:30. If you don't want to get up that early, there'll be rolls and coffee available from 8:30 to 11:30.

"Hey, Look Us Over" is the theme of the come-and-go event, and at least 16 stores will turn the Expo Building into a Christmas showcase with booths of selected gifts.

In addition to serving a free breakfast, the merchants will give away \$150 worth of gift certificates as door prizes.

More than 300 attended the first Christmas Fun Breakfast last year, and merchants are hoping even more will turn out Saturday morning.

Engineer gives details of Highway 86 project

A pre-construction meeting concerning work on State Highway 86 from the east city limits of Dimmitt to the Swisher County line, 17.425 miles, was held Tuesday morning at the State Dept. of Highways and Public Transportation Office in Dimmitt.

Rhea E. Bradley, resident engineer at Littlefield, announced that work by the contractor, W. D. Turner Construction Co. of Lubbock, will begin on culverts at the east city limits of Dimmitt Monday. Other reconstruction work will begin in January.

Work will be done in half widths, with a limit of approx-

imately three-mile sections, Bradley said, and traffic will be routed through construction.

The project consists of reconstruction of grading, extending structures, safety end treatment, salvage and replacement of base, flexible base, one and three course surface treatment and seal coat.

The estimated completion date is August 1982, except for the riding surface, which will be completed in the summer of 1983. The completed roadway will be 24 ft., with 8 ft. paved shoulders, at a contract cost of \$2,501,388.31.

There's still room for another one or two merchant displays, Chamber Manager Delores Heller said. Cutoff time for reserving booth space is 5 p.m. today (Thursday) at the chamber office, 647-2524.

Society plans dinner, dance

The Guadalupe Society of the Immaculate Conception Catholic Church of Dimmitt will have an enchilada dinner Sunday at the Castro County Expo Building.

Serving will be from 11:30 a.m. to 2 p.m., and prices will be \$2.50 for adults and \$1 for children.

The dinner will be followed at 8 p.m. by a dance, also at the Expo Building, continuing until midnight. Games will also be provided.

KDHN RADIO
US Weather Observer

While the US Dept. of Energy probes for underground sites to dump nuclear waste, a protest movement is radiating out of Swisher County as residents of Castro and Deaf Smith learn that they, too, may be living over a future nuclear dumpground.

According to Tulia sources who are organizing the protest, the DOE is trying to contract to drill a test hole north of Nazareth and another near Hereford.

The DOE already has had a 4,500-ft. test hole drilled six miles northeast of Tulia, and reportedly has signed a contract with a landowner to drill a 3,000-ft. hole two miles south of Happy.

The DOE reportedly is looking for a deep, stable salt formation in which to dump high-level nuclear waste — spent fuel from nuclear reactors and byproducts of nuclear weapons.

Tulia hosted an "update meeting" for concerned area residents Monday afternoon. Dimmitt Chamber of Commerce Manager Delores Heller represented Dimmitt and Castro County at the meeting.

"The DOE plans to complete the test drilling in 1983, and choose the exact site or sites in 1985," Mrs. Heller reported after attending Monday's meeting.

"The two counties that seem to be the most affected right now are Swisher and Deaf Smith," she added. "Swisher County just learned about the two test sites there within the last three or four weeks, although the DOE apparently has known about it for several years."

"The reasons the Tulia area is so suitable, they said, are compactness of the core sample, relative dryness and a stable geologic formation."

"The reasons they said our area should be concerned are (1) if the nuclear waste material radiates or leaks into our underground water it will ruin it; (2) the nuclear waste will have to be transported by truck or rail, and there's always a chance for an accident; (3) the proposed site is near Mackenzie Dam and could contaminate that; and (4) it could ruin farmland because nuclear waste can radiate through soil."

DYF farm sale to be Dec. 5

The time is nearing for the Dimmitt Young Farmers' consignment farm sale set for Dec. 5 at Three Way Farm Service on Highway 194 southeast of Dimmitt.

The cutoff date for being listed on the sale bill is Wednesday, so anyone wanting to have a listing should call Larry Mauldin at 647-4646 or Johnny Davis at 647-5597.

"Also, the site would require 160 acres, plus a restricted area five miles around, plus prohibition of oil drilling or mining for 12 miles beyond that."

"One reason the DOE can go ahead and drill is that Gov. Clements has not opposed it. Nearly all the other governors of affected states have opposed it."

"They said there are three levels of nuclear waste. Low-level is exposed clothing, gloves, and so forth. Medium-level waste is what is used in hospitals for radiation therapy, and other such specific uses. High-level waste is spent fuel from large reactors and by-products of weapon systems."

"This site would be for disposal of high-level radioactive materials, and this would be the first such dump."

"They said it's coming unless we put up a big fuss to stop it. The people in Swisher County are trying to get support from all the surrounding counties and towns. My first impression, after attending the meeting, is that we ought to help them get it stopped," Mrs. Heller said.

She added that the Dept. of Energy is planning to conduct public meetings on the proposed nuclear dumpsites in January in Swisher County.

Mrs. Heller said in-depth information on the problems of nuclear waste disposal may be found in articles in the

April 1979 National Geographic, the April 1974 Smithsonian magazine, the August 1974 Reader's Digest, the June-July 1980 National Wildlife, the September 1981 issue of the Saturday Evening Post, or the May 7, 1980, issue of US News & World Report.

VFW convention will begin here Saturday

Castro Memorial Post 8056 of Dimmitt and the Ladies' Auxiliary will host the District 13 quarterly convention of the Veterans of Foreign Wars Saturday and Sunday.

Dept. of Texas Representative Mel Stanley of San Angelo and Dept. Auxiliary Representative Ylvia Williams of Lubbock are both scheduled to be at the convention, which will be held at the local post home from 2 p.m. to 1 a.m. Saturday, and from 8 a.m. to noon Sunday.

A life member of the Fort Concho Post 1815, Stanley served as commander of the Dept. of Texas during 1971-72, and earned All-American honors.

Mrs. Williams has been an auxiliary member for 20 years, serving in capacities on local, district, state and national levels, and is a past state president.

Activities scheduled for Saturday begin with registration, followed by a social from 6 to 7 p.m. and a dance from 9 p.m. to 1 a.m.

Registration will also be open Sunday, with coffee and doughnuts being served until the joint meeting of the VFW and the Auxiliary at 9 a.m., where Dimmitt Mayor R. L. Fleming will speak.

MEL STANLEY
Department Representative

Then the two groups will hold separate meetings from 10 a.m. until time for the noon luncheon, after which the meeting will close.

For Saturday only, the registration fees will be \$7.50 for singles, \$15 for couples, and \$5 each for Sunday. For Sunday only, it will be \$5 for singles and \$10 for couples.

Commander of the local post is Harry Hauf, and president of the local auxiliary is Florene Leinen.

Dinner, craft show on tap at Nazareth

A turkey dinner and an arts and crafts show are both slated in Nazareth Sunday.

The Christian Mothers Society will serve the meal from 11 a.m. until 1:30 p.m. in the Nazareth Community Building. Prices for the meal, which will include turkey and dressing and all the trimmings, as well as homemade pies for dessert, will be \$3.50 for adults, \$2 for children 6 to 12, and \$1 for

pre-schoolers.

Paintings, craft items and baked goods will be among the varied items offered for sale at the Arts and Crafts Show set up by the Nazareth Art Club.

The show will be held in the school lunchroom, and will also begin at 11 a.m., and continue until 4 p.m. Many of the items will be Christmas decorations or gift ideas. There is no admission charge.

Public Thanksgiving service to be Monday

Dimmitt's Community Thanksgiving Service will be held Monday at 7:30 p.m. in the Lee Street Baptist Church, with Rev. Ronnie Travis, pastor, giving the welcome.

The service is a cooperative effort among most of the Dimmitt churches, with leaders from several congregations taking part in the program.

Roy Barringer, minister of the First Christian Church, will give the invocation, followed by a responsive reading led by Rev. Billy Strayhorn, intern minister at the First United Methodist Church. Rev. Wayne Mullins of the Church of God of Prophecy will present a scripture reading, and Rev. James Alexander of the New Hope Memorial Baptist Church will say a prayer.

Rev. John Street of the First Baptist Church will lead in the offering, which will be given to the Salvation Army Fund that is used for people passing through town who need help, and also for local people in need of financial assistance. The fund is administered through the County Judge and the Sheriff's Office.

Mrs. Wayne Mullins will present a special message in song just before the message by Rev. Ed Freeman of the Presbyterian Church. The benediction will be given by Rev. Howard Quiett of the First United Methodist Church.

Joe Higgs will be the song leader, and the pianist will be Pam Haney.

All the community is invited.

THE LINE FORMS to the left and the tables fill with happy diners at the Plains Memorial Hospital Auxiliary's annual Holiday Bazaar and Buffet in the County Expo Building Friday

at noon. Hospital Auxiliary members served 355 persons — one of the largest crowds ever — a meal of turkey, dressing, casserole vegetable dishes and dessert. They also sold

handmade gift items and signed 53 families for this year's Operation Christmas Greeting during the event.

New England women seeing America over handlebars

Judy Thackaberry of Annonale, N.J., and Betsy Edge of Bristol, R.I., have worked together the past two summers at the YMCA at Westport, Conn., leading bike tours for youngsters.

This fall, they decided to pedal coast-to-coast. And they're glad they did.

The two young women spent last Thursday night in Dimmitt. They attended the Athletic Booster Club's pie supper, showered at Rev. and Mrs. Billy Strayhorn's home, and slept in the First United Methodist Church.

They're two-thirds of the way now on a cross-country trip that started Sept. 14 in Connecticut. Their destination is San Diego, where they plan to arrive the first week of December.

"Ever since the Bike-Cen-

tennial in 1976, I've wanted to go across the country — seriously for the last three years," Betsy said. "I asked Judy last year and she said no, that I was crazy. But I asked her again this year and she agreed to it."

Judy is glad she agreed — except for the gosh-awful storms that hit them in Oklahoma. "That's the first time I mentioned quitting," she said.

They plan to fly back home for Christmas, but they hope to land permanent jobs in San Diego. Judy, 23, is a physical education teacher, and Betsy, 25, holds a degree in psychology and a master's in counseling.

They've averaged 60 miles a day, and made 85 miles on their best day so far. They camped out every night until

they encountered sub-freezing temperatures. Houston, Mo., was the first place where they slept inside — and it's a good thing they did, because the temperature plunged to 20 degrees that night.

"Still, 'We think this is the greatest time of the year to go,'" Judy said. "We had the harvest all the time we were

in the East — all the fresh fruit we could eat. And the trees were beautiful all the way. We've been able to follow the changing of the foliage all the way south."

And they've had some memorable experiences with fellow Americans while seeing the country over their handlebars.

"In Berea, Ky., we got to stay two days in a beautiful home in the mountains, with a family we met in a coffee shop," Judy said.

"In Alley Springs, Mo., a park worker invited us to their home and we went 'caving' — that was a good time."

"We met some people in Maryland who invited us out for breakfast and a shower, and had breakfast by candlelight," Betsy said. "That was really nice."

"And being taken to the pie supper here — that's the best welcome we've had anywhere," she added.

"Ninety-nine percent of our experiences have been pleasant," she said. "People have been real good to us — they've invited us into their homes, to share with them. The trip has just been real, real pleasant."

Their main foods on the road are soup (both canned and homemade), crackers, cheese, peanut butter, fruit and grains.

"We make our own granola," Judy explained. "And corn meal mush is our

latest kick — we bought two pounds of corn meal and made all this mush....

"We like to find a good salad bar," she added.

"And we try to stay away from sugar — it makes us feel lousy," Betsy added.

Both have well-tanned arms and red cheeks, which seem to enhance their smiles and open friendliness.

When they crossed into New Mexico Friday, they had

biked through 12 states and the District of Columbia, with three states left between them and the Pacific.

"It's something we can tell our grandkids about," Betsy said.

McLean Fund started for Harrington Center

Don Rowe, president of the Don and Sybil Harrington Cancer Center board of directors, announced Tuesday the establishment of a special memorial fund in the names of Bob and Helen McLean of Dimmitt.

In establishing the fund in the McLeans' name, Rowe said, "Bob McLean was well known and loved throughout the Panhandle region, not only in banking circles but as a businessman and a concerned civic leader. He saw the entire Panhandle region as his neighbor, and felt a concern for every one of his neighbors."

Rowe said Helen McLean "exemplified the pioneering spirit demonstrated by Panhandle women who support their families in their individual struggle for independence and a strong future."

Money raised to commemorate Mr. and Mrs. McLean will be designated to purchase a computer terminal to be housed in Plains Memorial Hospital. The terminal will be part of a computer system network designed to bring area physicians and the Harrington Cancer Center medical staff in direct communication. The network is called "Project Linkup."

Rowe explained further that multi-disciplinary care given to cancer patients and their families at the Harrington Cancer Center involves a team of professionals. A vital member of that team is the local referring physician.

For the system to work for the patient, the local physician should have access to information regarding the patient's diagnosis and treatment, Rowe said. The local physician must also have access to a terminal in order to relay specific information to physicians at Harrington.

Friends of the McLeans who choose to give a gift in their memory will be purchasing a unit for the Dimmitt hospital, while other units will be purchased at the same time to be placed at Panhandle hospitals, linking team members together.

The Harrington Cancer Center opened for patient service Aug. 10. This free-standing clinic operates on an out-patient basis only; that is, there are no hospital beds in the center. Patients receiving a diagnosis of cancer may now receive treatment and still remain at home.

"In providing cancer treatment for Panhandle residents, the Harrington Cancer Center is committed to enhancing the quality of life for each patient and family," Rowe said. "With this goal in mind, we do our utmost to bring the latest cancer treatments to this area, and to use the most creative, up-to-date methods developed."

Gifts of any size may be forwarded to the Bob and Helen McLean Memorial Fund at the Harrington Cancer Center, 1500 Wallace Blvd., Amarillo, 79106. Each gift is tax deductible, and will be acknowledged by the cancer center.

Generations

Isn't it grand when the whole family reunites on holidays or on anniversaries! How good to see grandparents and great grandparents and the new crop of babies. Seeing them all together gives you a feeling of continuity, and a sense of oneness with all creation.

It gives you, also, a glimpse of God's plan in the life cycle. When you see the off-spring of the patriarch grandfather, you marvel at the great legacy he is bequeathing the world. All the children that have issued from him are in themselves a great contribution to the world of mankind.

There is marvelous potential in all these spirits. The great things they will do thrill your heart when you contemplate them.

This legacy of lives and spirit can be strengthened, sweetened and nourished by the church. We invite you to take your family to church this week.

The

Swiftettes prepare for Queens Classic

The Nazareth Swiftettes, the most successful Texas high school girls' basketball team with five consecutive state championships, will try to find the winning combination that has eluded them the past four years when they travel to Plainview on Thanksgiving weekend to play in the Sixth Annual Plainview Queens Classic.

This will mark the sixth year that Nazareth has played in the unique tournament that includes nationally ranked collegiate teams and perennial Texas high school powers.

The Swiftettes won the very first Queens Classic in 1976. But since then Joe Lombard's fundamentally strong teams finished second on two occasions (1977 and 1979), third (1980) and fourth (1978). No team has finished in the top half as consistently as the Swiftettes.

Once again Nazareth is expected to be a top contender in the tournament with three returning starters from last year's state championship team. Leading the Swiftettes will be 5-6 senior guard Roxane Birkenfeld, 5-7 senior wing Danelle Schmucker and 5-5 junior guard Rhonda Hoelting.

"Our team always looks forward to participating in the Queens Classic," Lombard said. "Competing against other outstanding teams early in the season should make us a better ball club by the end of the season."

The Swiftettes will play their first round game at 10:30 a.m. Thanksgiving day against Levelland.

The 1981 Classic field is considered the strongest yet, featuring 16 of the top high school and college teams in the nation.

A pair of state champions, Lubbock Monterey and Nazareth, highlight the high school division while defending national champion Louisiana Tech tops the collegiate

card. The Lady Techsters, who compiled a perfect 34-0 record with no seniors in 1980-81, open their Classic title chase against Illinois State (28-8) at 9 p.m. opening day.

Other first-round matchups find Kansas (28-5) taking on Clemson (23-8) at 8:30 a.m., Nazareth (35-2) battling Levelland (17-12) at 10:30, Stephen F. Austin (23-12) meeting Missouri (23-10) at noon, Lubbock Monterey (31-2) defending its title against Hale Center (21-9) at 2 p.m., Dallas South Oak Cliff (34-3) taking on Springlake-Earth (22-8) at 4, host Wayland Baptist University (18-10) meeting Oregon State (24-6) at 5:30, Plainview (26-7) challenging Slaton (30-4) at 7:30 and the Louisiana Tech-Illinois State matchup at 9.

The Wayland Flying Queens own the most college division championships with three, but were ousted from their lofty position the last two years by Louisiana Tech and Kansas, respectively. The Queens, long a powerhouse in women's college basketball, have never failed to reach the tournament finals.

Eight games of championship basketball are scheduled each of the three days, with the tournament finals set Nov. 28. The high school division title match will begin at 7:30 p.m., followed by the college championship game at 9.

The Classic is sponsored by the Sports Committee of the Plainview Chamber of Commerce. Tickets for the three-day event will be available at the door.

THE Wood Buffalo National Park is located in Canada's northern Alberta province. Established in 1922, it is the largest park of any kind in the world. It has a total area of more than 11 million acres, about half the size of the entire state of Indiana.

Jrs. plan meal Sunday in Hart

A turkey and dressing dinner will be served by the junior class of Hart High School Sunday from noon to 2 p.m. at the school cafeteria. Prices will be \$4 for adults, and \$2 for children through the sixth grade. The dinner is open to the public.

Planned Parenthood lunch to be Friday

Planned Parenthood will have its annual luncheon Friday at noon at the Amarillo Country Club. Planned Parenthood State Representative Mary Polk of El Paso will speak to the group about teen-age pregnancies. Tickets for the meal and fees for the session will be \$10 per person. Call 647-4344 for more information.

GREAT AMERICAN SMOKEOUT participants "take the pledge" to stop smoking for at least one day — today [Thursday] — as part of the American Cancer Society's annual campaign. Local society president Jimmy

Davis [left] acknowledged pledges from [from left] Dorothy Jackson, John Brooks, Martha Isaacs and April Guy. "Encourage someone you love to stop smoking today," said Doricell Davis, Smokeout chairman.

Turkey shoot set at Easter

The Easter Lions Club will sponsor a turkey shoot Sunday from 1 to 5 p.m. at Easter. Turkeys, hams and bacon will be awarded to winners.

DHS Key Club gives apples

In honor of National Key Club Week, Nov. 8-14, members of the local Key Club presented an apple to each teacher at Dimmitt High School Friday.

"Key Club's aim is for betterment of the community," a club spokesman said. At the club's meeting last Wednesday, it was reported that \$95 was brought in by the group's car bash booth at the Halloween Carnival.

Plans were also discussed concerning the club's participation in the annual pheasant hunters' breakfast set up by the Dimmitt Kiwanis Club, sponsors of the local Key Club.

CHEVY S-10

THERE'S NEVER BEEN A TRUCK LIKE IT BEFORE.

39 EST. HWY.

28 EPA EST. MPG (CITY)

Engineered for accurate metal-to-metal fit. A new "net build" concept of bodywork helps achieve consistent quality and exacting standards of close tolerance.

V6 power you can't get in smaller trucks. A 2.8 Liter V6 is optional with extra muscle for jobs like towing. No import truck offers one.

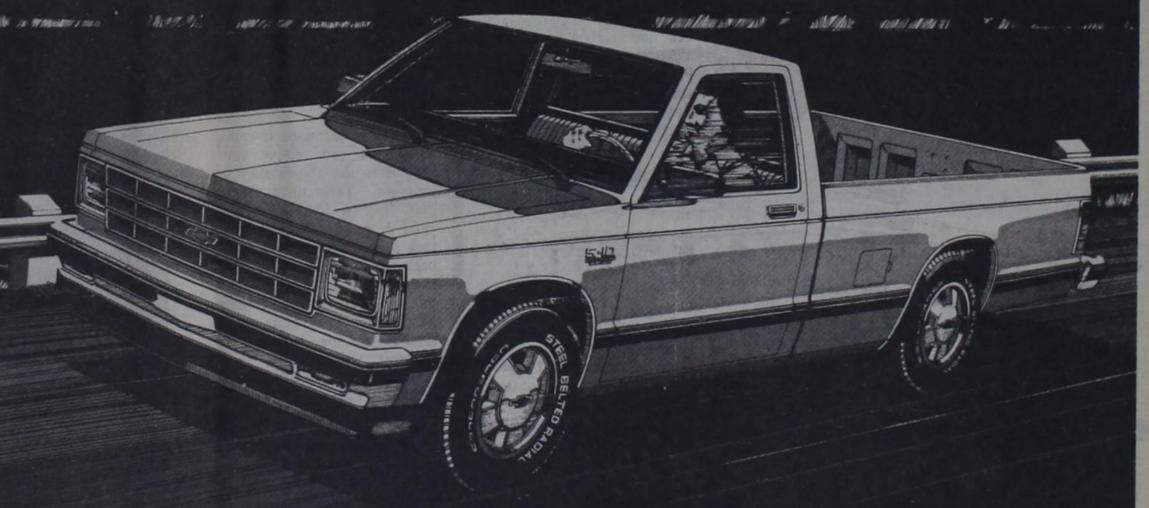

Roomy, comfortable cab. The Chevy S-10 was designed for impressive head and leg room—room where it counts, so you can stretch out and be comfortable.

Bigger payloads than many full-size pickups. With available V6 power, a Heavy-Duty Payload option allows an S-10 payload capacity of 1,500 lbs.

With available V6, twice the towing power of the imports. The S-10 works hard. A properly equipped S-10 with an optional Heavy-Duty Towing Package and V6 can haul up to 4,000 lbs., including trailer and cargo.

Two box lengths: 6-ft-1-in. and 7-ft-5-in. Choose the 108-inch-wheelbase model Chevy S-10 for the shorter box, or the 118-inch-wheelbase model for the longer version.

Double-wall cargo box side panels that the import trucks can't match. Every S-10 features both an inner and outer steel wall in the hood, doors, front fenders, cargo box side panels and the tailgate.

TOTALLY NEW. QUALITY BUILT. Chevrolet announces a new dimension in trucks. The S-10 is longer than the import pickups, but smaller than a full-size pickup. Not too big, not too small. With more head room than any import pickup offers. It's American-designed and American-built using modern technology. Solid quality you can see, hear and feel. You can choose either a standard 4-cylinder engine or an optional V6—a choice no import offers you. And higher mileage ratings than any of the best-selling import trucks. S-10: new size, high mileage. A Chevy you should test drive soon. There's never been a truck like it before. Use estimated MPG for comparisons. Your mileage may differ depending on speed, distance, weather. Mileage will be less in heavy city traffic. Actual highway mileage lower. Some Chevrolet trucks are equipped with engines produced by other GM divisions, subsidiaries, or affiliated companies worldwide. See your dealer for details.

DeKalb honors local farmers

A corn yield of 201.7 bushels per acre has earned a Yieldmaster Club membership for Monty and Kelly Ballard of Dimmitt. The Yieldmasters Club yearly selects for membership 1,500 of the nation's outstanding corn and grain sorghum producers. The Ballards planted DeKalb XL-72aa on April 10, putting in 28,200 seeds per acre in a field where wheat grew in 1980. The Castro County farmers fertilized with 204.95 pounds

per acre of actual nitrogen, 30 pounds of phosphate and 12 pounds of potash. They used two pints of Lasso and one pound of Atrazine to control weeds, and 9½ pounds of Furadan and three pints of Azodrin to keep the insects under control. They harvested the 6.16-acre yield check Sept. 21. The grain moisture tested at 21%. The Yieldmasters Club is sponsored by DeKalb Ag-Research, Inc. as a means for farmers to gain greater grain production expertise. To qualify for membership, farmers must mechanically harvest at least one acre in the presence of an impartial witness. No gleaning is allowed, and all yields are adjusted to No. 2 corn at 15.5% moisture.

Two attend dealer course

J. C. Pohlmeier of Nazareth and Larry Mauldin of Dimmitt attended a recent seed dealer development seminar in Dallas, sponsored by DeKalb AgResearch, Inc. They were two of over 200 DeKalb dealers who took part in the professional improvement seminar. DeKalb personnel from DeKalb, Ill., Lubbock, Waco and Wichita, Kan., conducted the seminar. They informed dealers on how to sell professionally, covered the company's corn and sorghum research programs, detailed how dealers can best service their customers, and outlined specific characteristics of DeKalb's leading hybrids.

Fire Dept. sets supper

The Dimmitt Volunteer Fire Dept. will hold its annual Thanksgiving Family Supper Saturday night, beginning at 7 at the fire station. All members and their families are invited. The window envelope was the invention of Americus F. Callahan of Chicago, who was granted US patent number 701,839 on June 10, 1902.

LOTS OF WATTS—Jack Hill [in hardhat] of Southwestern Public Service Co. conducts a group of Dimmitt visitors through the utility's huge Harrington Station coal-fired generating plant north of Amarillo Thursday. Dimmitt men, from left, are KDHN Manager Jerry Marvin, City Alderman David Hays and SPS Dimmitt Manager Calvin Marsh. Also making the tour were Chamber of Commerce Manager Delores Heller, Alderwoman Ann Armstrong, Alderman Wayne Collins, City Manager Paul Catoe and News Managing Editor Don Nelson. The \$300 million Harrington Station, built in

three generating units from 1973 to 1980, produces 1,080,000 kilowatts of electricity, which is distributed throughout the Panhandle and into southeastern New Mexico. The plant burns 9,000 tons of powdered, low-sulphur Wyoming coal per day — almost an entire trainload — and uses 10 million gallons of water per day, all of which is treated sewage effluent purchased from the City of Amarillo. The Harrington Station is SPS's first coal-fired plant. A second coal-fuel plant, the Talk Station, is now under construction near Mufeshoe.

Conservation

Up in smoke!

The time is here again to decide on what to do with the residues left from your corn harvest. True, the quickest and easiest way out of this problem would be to burn off the crop residue, but have you considered the cost?

Today, more than ever, the farmer must consider all alternatives before carrying out a particular phase of his farming. This requires looking at long range effects that burning can have on the land.

Stubble burning is considered by the conservationist to be a practice that defeats the purpose of the Conservation Program.

1. First, if you burn, you become ineligible for cost-share under any conservation program.
2. Living organisms in the first three inches of top soil are destroyed.
3. Fertilizer value in the residue is lost.
4. Organic matter in the soil is reduced. Our soils need all the organic matter you can get to improve water intake.
5. Erosion hazards are increased from both wind and water.
6. Also it is very important not to forget the air pollution problem and the fire hazard to both property and wildlife. Many species of wildlife including pheasants, require stubble for protection and habitat.

While it is true that there are few immediate disastrous results from stubble burning, we must look at the end results. Over a period of years, the continuous burning of stubble can reduce your ground to the consistency of concrete. Tests have shown that after a few years the yield dropped drastically and took several years to bring it back to production. Our heavy soils already have a moisture penetration problem which could be greatly accelerated by the practice of burning.

Now for a few positive ways to handle heavy corn stubble. A shredder can be used to take the place of one plowing.

This should be done before the corn stubble is plowed. It breaks up the stubble for a faster decay rate. The stubble should be left on or near the surface of the soil for at least six to eight weeks. It will decay faster than if turned under and will protect the soil from high wind erosion, and hold moisture. Research has also shown that shredding corn stubble helps to control the Southwestern Corn Borer.

Another point of argument is that by burning the stubble all weed seeds are killed. This is not true. Many tests have shown that burning has little effect on weed seed. Some farmers claim that burning stubble increases yield, here again a yield of a few bushels per acre, which may or may not be consistent does not offset the long range detrimental effect. The value of the stubble for soil protection outweighs the value of the increased yield.

Also, by burning millions of soil micro-organisms are destroyed. These soil organ-

isms perform many tasks. They decompose plant and animal residues. This aids in the production of soil organic matter and increases mineral nutrients.

Just remember the short term savings of labor is more than offset by the cost to you in loss of payment and long-time damage to your land.

For further information come by your local Soil Conservation Service at Third and Bedford, or call us at 647-4324.

Neighbors in community harvest Lilley's cotton

By TEENY BOWDEN
A lot of community farmers had a work day for Roy Lilley Wednesday, completely harvesting his cotton crop with 14 strippers, and the necessary 18 tractors, and pickups to haul it to the gin. Six module builders were also used. The men met Tuesday night and planned out a work pattern to save time on Wednesday, and apparently planned well.

The third Sunday night singing was held as scheduled with Melody Sadler and Terrie Carson singing solos, Melody, Cheryl Powell, and Stacy Sadler singing a trio, and Lee and Lynn Brown singing several numbers, some by themselves and some

together, with Lee playing the guitar. Mrs. Gale Sadler plays the piano and helps Gerald Elkins organize the program.

Mrs. E. R. Sadler and Mrs. John Gilbreath helped with the Plains Memorial Hospital Auxiliary bazaar and buffet Friday in the Expo Building in Dimmitt.

R. V. Bills was admitted to Plains Memorial Hospital in Dimmitt Thursday afternoon with chest pains which were from an ulcer and not heart pains as first believed.

Natalie Lawson of Olton, granddaughter of Gerald and Pat Elkins, was dismissed from Methodist Hospital in Lubbock Tuesday. Mrs. C. D. Pierce of Littlefield, mother of

Pat Elkins, was moved from the cardiac care unit at Methodist Hospital the latter part of the week. Pat has been with her most of the week.

Mr. and Mrs. David Carr of Springlake became new parents when a little girl was born to them in Methodist Hospital in Lubbock Nov. 3. She weighed 7 pounds, and was 20 inches long, and was named Amanda Dawn. David is a former resident of the community, as were her grandparents, Mr. and Mrs. J. W. Carr and Jay Winders of Earth.

Announcement was made this week that Michael Graham of Coshocton, Ohio and Lisa Rene Niswander of Findley, Ohio will be married in early spring. He is a former resident of the community.

Mrs. L. B. Bowden helped with the survey of Castro Memorial Gardens Cemetery Saturday afternoon.

Bob Louder of Happy visited Saturday afternoon with L. B. Bowden.

Roy Phelan returned home from Weatherford Friday.

Mr. and Mrs. Grady Epperson of Wolforth are here this week to help out with the cotton stripping.

BYW and BW met together Tuesday afternoon for their study program with Mrs.

Bruce Bridges in charge and Mrs. Carl Dean Carson giving the program.

Mrs. Gale Sadler visited with Susan Sadler in Lubbock Thursday night and Friday, both this week and last week helping her with some sewing.

The Springlake-Earth senior play, "Second Time Around" was presented Tuesday night. Lyle Louder played the role of Pagan and Jeff Jones played the role of Morgan.

The Springlake-Earth cheerleaders had their last pep rally before the game with Vega. Dara Louder is one of the cheerleaders.

Rev. James Lunsford of Plainview was a guest of Mr. and Mrs. Hershel Wilson Sunday.

Mr. and Mrs. Ricky Byers and children have moved into a small house nearby while their home is being remodeled.

Mr. and Mrs. Hershel Wilson, Mr. and Mrs. Lonnie Wilson and girls and Mrs. Doug Freeman and girls of Jal attended the funeral services of grandmother Jeffcoat in Ropesville Monday.

Mr. and Mrs. Stanley Nelson and family attended the pie supper in Dimmitt honoring the basketball teams who start play this week. Scott Nelson and Richard Sauseda will play on the varsity team. Lisa Nelson will play on the eighth grade team and Laura Nelson, Melody Sadler, and Cinnamon Cox will play on the seventh grade team.

Scott Nelson and the Junior Varsity football team closed out the season Friday night with a 20-0 win over Olton and second place in the district.

Model 5800 Rounder Big-capacity baling from a truly reliable machine.

Nutrient rich crop residues can be baled with the Hesson 5800 Rounder. Powerful feeding action of the fluted steel compression roller and other features throughout the unit make this possible.

If you're looking for a top-performing, high-capacity round baler, take a closer look at the improved 5800 from Hesson.

Republican women meet, adopt three resolutions

"The salvation of agriculture producers" is one of the things the local chapter of the Republican Organization for Women has resolved to request from the federal government.

The ROW passed this and other resolutions at its November meeting, along with electing a new slate of officers to be installed Dec. 9. Julie Arrington of Canadian, deputy director for Region 31 of the Texas Federation of Republican Women, will conduct the installation ceremony

in the Hereford Country Club. Joan Thrasher is to be the new president for the 1982-83 term, with Betty Freeman serving as vice-president and Susan Hanners as secretary-treasurer.

Resolutions adopted by the ROW are to be sent to President Ronald Reagan, Congressman Kent Hance, Senators Lloyd Bentsen and John Tower, and the US Dept. of Agriculture.

Calling agriculture the "very foundation of the American economy" and stating that agriculture provides the essential balance of trade for the United States, one resolution calls for direct agriculture programs to help relieve "the severe cost-price squeeze which is endangering the very existence of all agriculture production."

Another resolution called

for cuts in federal spending. "Costing the average family \$160 per week in taxes for the support of the federal government is too much," the resolution read, adding that reforms are necessary to restore economic growth and vitality, and calling for cuts in federal spending and for more efficiency in government.

The group also called for a reduction or limit on services and allowances provided for former Presidents, noting that such expenditures have risen from \$65,000 in 1955 to \$22 million in 1981.

It was also announced that the annual Christmas Tour of Homes will be held Dec. 5 at the homes of the Ray Bradleys, the Wade Maynards, the W.J. Hills and Brenda Andrews, with the tours operating from 10 a.m. to 3 p.m.

"Operations and hospital rooms cost a lot more than you think."

Isaacs cast in AC play

Jeff Isaacs, 1981 graduate of Dimmitt High School and now a freshman at Amarillo College, is playing a major role in the college drama department's presentation of "Runaway."

A two-act play written by Elizabeth Swados, "Runaway" opened Wednesday at 8:15 p.m. at the Concert Hall Theatre at the college, and will continue through Saturday.

Presented in a series of vignettes and songs, the two-hour-long play is about runaway kids. Isaacs plays the part of Eric, a mentally disturbed child who has run away from home.

Isaacs is the son of Jake

and Martha Isaacs of Dimmitt.

Directed by Drama Dept. Head Terrel Lewis, the show is recommended for mature audiences because of portrayals of child abuse, child prostitution, and kids striking out at their parents.

Tickets are \$3 for adults and \$1 for children and students, and may be reserved by calling Amarillo College Student Services at 376-5111, ext. 2310.

The 18-member cast will also travel with the play to Lubbock as the school's entry in the American College Theatre Festival, where the play will compete against entries from other schools.

Bobcats ranked top in state as season starts

Question: When do you remember the Dimmitt Bobcats ever being ranked No. 1 in the state in pre-season?

Answer: You don't.

It's a heady — and hazardous — position, but that's where Coach Ken Cleveland's Bobcats find themselves going into the 1981-82 basketball season.

It wasn't a bunch of yo-yos doing the ranking, either. It was the Texas Association of Basketball Coaches.

After looking over the rosters and past records of all the Class AAA teams in the state, the TABC coaches figured that anytime Cleveland has three starters and three lettermen back from last year's state-ranked team, with three 6-4's and a little speed, well...

"It's a nice honor," Cleveland commented, "but I would rather be ranked No. 1 at the end of March."

He added, "With a lot of hard work, we hope to make the playoffs." That's something Dimmitt teams have done pretty regularly during the last three decades, including 14 of Cleveland's 20 years here.

"Even though we have several returning starters and squadmen, the problem now

RETURNING BOBCATS—Coach Ken Cleveland shows six big reasons why his Dimmitt Bobcats are ranked No. 1 in the state in the Texas Association of Basketball Coaches pre-season poll. Returning starters and lettermen, from left, are Kevin

Cleveland, John Smith, Phil King, Jeff Watts, Keith Gregory and Kyle Weatherford. The Bobcats opened their season at Lorenzo Tuesday night, and will host Slaton in their first home game Friday at 8 p.m. They'll travel to Morton Tuesday.

KEITH GREGORY, 5-10 junior letterman: "Keith is a very aggressive rebounder. He has improved his shooting and should see a lot of action."

JOHN KING, 6-4 junior, up from the JV: "John is probably the most improved player on the team. He has the ability to block shots and is improving every day in all phases. He could be a starter before the year is over."

KURT LOWE, 5-10 senior, transfer from Idalou: "Kurt is recovering from knee surgery at the present time. I've received some good reports on his ability from Idalou. He could be a very needed floor general for our team."

FERMIN GONZALES, 5-7 junior, up from the JV: "Fermin has worked very hard on

shooting, and could be a starter because of his quickness."

BOBBY CAMPBELL, 5-10 senior, up from the JV: "Bobby is a very dependable player; he handles the ball well, and could help against

pressing teams." RICHARD GUZMAN, 5-9 junior, up from the JV: "Richard has a very good shooting touch; he hits the basket well. He could be a valuable sub in many situations."

Longhorn JV, Lady Longhorns and Longhorns at Lazbuddie, 5, 6:30 and 8.

Swiftettes and Swifts vs. Hale Center, here, 6:30 and 8.

is to find the right combination that can blend and work together," Cleveland said. "We have 11 players who are capable of playing, and that should give us good bench strength this year."

"Our rebounding should be improved since our two leading rebounders (Phil King and Jeff Watts) return. And our offense should be able to score. Everyone on the team is capable of scoring."

The Bobcats have a super-tough schedule this year. They're entered in the large school divisions of three major tournaments — Hereford, Reese AFB and Caprock. And their pre-district schedule includes many teams that are picked to go into the playoffs in their classes — Morton, Slaton, Tulia, Leveland, Abernathy, Dumas and Hereford.

The District 2-AAA race, Cleveland said, "should be a two-team race between Dimmitt and Littlefield, although Friona, Muleshoe and Olton could be contenders. The new UIL rule that allows new players to play immediately could help some teams."

"Littlefield will have most of their team back from last year," he said, "and we've had a very tough time with them the last two years." Here's the Bobcat roster, with Cleveland's comments:

PHIL KING, 6-4 senior post, all-district last year: "This will be the third year for Phil on the varsity. He had a good year last year, he was the leading rebounder, and should be better offensively this year."

KEVIN CLEVELAND, 5-10 junior guard, all-district and all-South Plains last year, leading scorer last year with a 20-point average: "This is Kevin's third year on the varsity. He has improved defensively, and should be a better all-around player this year."

JEFF WATTS, 6-4 junior post, one of the team's leading rebounders as a sophomore last year: "Jeff should develop into a very good post-man. He has unlimited potential, and could help us offensively this year."

KYLE WEATHERFORD, 5-11 senior, part-time starter last year: "Kyle is a very good hustler and his shooting has improved very much. He does a good job on our press. He should see a lot of action."

JOHN SMITH, 6-0 junior guard, returning letterman: "John is one of the best shooters on the team. With a little experience, he could develop into an excellent player."

PATIO KITCHEN

Longhorns battle district champs to the wire

Although the final score Friday night was Kress 25, Hart 15, it was a 17-15 game down to the final 1:36, and Hart had a touchdown called back on the last play of the game as the Longhorns battled on even terms against the District 3-AA champions.

It was the final football game of the year for the Longhorns, who finished their season with a 3-7 record and winless in district play.

The Kangaroos, who already had wrapped up the district championship before Friday night's game, will go into the playoffs with a 7-3 record, including a 5-0 district mark.

Hart played tough defense throughout the first quarter, holding the Kangaroos without a first down. The Longhorns threatened late in the period after Derek Rich intercepted a Kress aerial, but a 24-yard field goal was wide to the right, ending the drive.

Both teams held each other in check most of the second quarter, until Kress made a big play that led to a field goal. Facing third and 10 from their own 49, Kress' Tracy Thomas sprinted 39 yards to the Longhorn 16. Here the Hart defense stiffened, but Diego Huerta booted a 29-yard field goal to put the Kangaroos on top at intermission, 3-0.

BREAKING OUT—Hart's Daniel Guzman [4] leaves several would-be Kress tacklers spinning on the ground as he breaks out for 10 yards in the fourth quarter of the District 3-AA season finale Friday night at Hart. Guzman raced 20 yards on this play, but the referee ruled that his knee had touched the

ground after 10. This play was part of Hart's first touchdown drive. The Longhorns pulled to within 17-15 of the district champion Kangaroos, but failed on a late-and-deep fourth-down try that resulted in a "gimme" touchdown for the visitors and a 25-25 Kress victory.

★

On Hart's second possession of the second half, a fumble at the Kangaroos' 38-yard line put Kress back in business. It took only four plays for the 'Roos to score as halfback Huerta grabbed passes of 25 and 28 yards from QB Darron Young. The latter pass went for a TD with 4:36 left in the third period. Young hit split end Wayne Johnson for the two-point conversion, upping the Kress lead to 11-0.

With only 31 seconds re-

maining on the third period, Kress came up with a quick and easy score as defensive end Albert Alcozer stripped the ball from a Hart running back and raced 30 yards for another touchdown. The try for two points failed as several Longhorns sacked the Kangaroo quarterback, leaving the score at 17-0 in favor of Kress.

Unwilling to give up, the Longhorns took the kickoff and marched 71 yards for their first score. With 6:22 showing on the scoreboard clock, Clay Barnes punched the ball in from two yards out. Barnes then booted the PAT to narrow the deficit to 17-7.

On the Kangaroos' next possession, Hart's Jorge Barretero intercepted a Kress pass and returned it some 20 yards back to Kress' 40-yard line. The Longhorns wasted no time in scoring as Derek Rich sprinted around left end from 31 yards out on the third play following the interception. Alex Carrasco ran for the two-point conversion, narrowing the gap to 17-15 with 4:50 left in the game. The Hart defense did its job

after the kickoff by holding Kress on offense, but a clipping penalty on the punt return gave the Longhorns the ball at their own 15-yard line. Forced to gamble deep within their territory, Hart was held on fourth down.

Kress wasted no time in putting the game on ice. On the first play after taking

over, Young again hit Johnson, this time with a 20-yard touchdown strike. Freddie Huerta capped the scoring with a successful pass reception from Young for a two-point conversion with 1:36 left to make it 25-15.

Hart managed a couple of first downs as the game wound down. On the final

play of the game Derek Rich hit Daniel Guzman with an apparent 64-yard touchdown pass, but the Longhorns were flagged for being in motion and the score was nullified, leaving the final count at

25-15. "I knew that Kress had a lot of talent," explained Hart Head Coach Ken Hoskins. "Our kids could have easily quit, but as has been the case so many times this year, they

kept on battling back. I am really proud of our youngsters' determination and pride."

Kress will play Hale Center in bi-district at Abernathy Friday at 7:30 p.m.

Shorthorns demolish Kress 52-14 in finale

The Hart Junior High Shorthorns ended their football season with a bang by beating Kress, 52-14.

The Shorthorns seemed to do nothing wrong as they scored every time they had possession of the ball the first three quarters.

Pete Baretero opened the scoring with a five-yard TD run. Abel Martinez, who scored four touchdowns on runs of 30, 45, and 40 yards, also ran back a kickoff for his last touchdown. Ronnie Rodriguez scored on a 25-yard touchdown pass from Arthur Guzman. The extra points were scored by Johnny Washington and Lolo Espinoza.

Kress' only scores came from kickoff returns.

Hart's defense was strong the whole night, allowing only three first downs.

The Shorthorns ended their season with a 4-5 record overall and a 3-2 record in district play.

The Shorthorns basketball team will open its season against Farwell there Monday.

'Camelot' to be Saturday

Plainview Community Concert Association members and other interested persons are reminded that on Saturday at 8:00 p.m. in Plainview High School Auditorium "one of Broadway's greatest legends — CAMELOT" will be presented.

Members are urged to attend, or if impossible, to let someone else use your membership card for this event.

"All those who found it impossible to attend Hereford's presentation of The Chanticleers missed a rousing and inspiring performance.

Electricity. Knowing what it's worth is worth knowing.

One thing we've probably all learned is to have an appreciation of things that have worth and to know their value. How would you rate yourself on knowing the value of the electricity you use? Take this simple exercise.

1. How much was your electric bill last month? \$ _____
2. Divide 30 into your answer to Number 1. This was the approximate cost of your electricity per day. \$ _____
3. How many people are in your family? _____
4. Divide Number 3 into Number 2. This was the cost of your electricity per day per family member. \$ _____

Knowing what electricity is worth is worth knowing. Just look around.

Obituaries

Willie Mae Russell

Funeral services were held Friday for Willie Mae Russell, 74, of Floydada, mother of James R. Russell of Hart. Mrs. Russell died last Wednesday.

Rev. Jim Guess, pastor of First Assembly of God Church of Floydada, officiated at the services, which were in Moore-Rose Funeral Chapel. Burial followed in Floydada Cemetery.

Born in Temple, she married Randolph Russell in 1930 at Little River. They moved to Floyd County in 1965 from Hale Center. She was a homemaker and a member of the Assembly of God Church.

Survivors include her husband; another son, Franklin D. Russell of Andrews; a daughter, Melba Bradley of Hale Center; two sisters, Mrs. Olea Scott of Temple and Mrs. Paul Langston of Texarkana; and eight grandchildren.

Helen McLean

Helen Eugena McLean, longtime Dimmitt businesswoman and homemaker, died on her 64th birthday last Thursday night in Plains Memorial Hospital, following a long illness.

Funeral services were conducted at 3 p.m. Sunday in the First United Methodist Church of Dimmitt. Officiating were Rev. Howard Quiet, pastor; Rev. Marvin Roark, chaplain of Lubbock Methodist Hospital; Rev. Ed Freeman, pastor of the Presbyterian Church; and Rev. Billy Strayhorn, intern minister of the First United Methodist Church.

Burial was in Castro Memorial Gardens, under the direction of Parsons Funeral Home.

Mrs. McLean was born Nov. 12, 1917, in Fitzhugh, Okla., the daughter of Mr. and Mrs. N. L. Wesson. She moved to Dimmitt with her parents when she was 13 years old, and graduated from Dimmitt High School.

She had been a resident of Dimmitt 51 years.

She married Bob McLean of Dimmitt Sept. 3, 1939, in Clovis. He preceded her in death Oct. 16.

She helped operate the First State Bank of Dimmitt during World War II, and continued working at the bank with her husband for a time after the war. She helped establish The Village Shop in Dimmitt in the early 1960s.

Mrs. McLean was a member of the Presbyterian Church and the Plains Memorial Hospital Auxiliary, and was a Cub Scout den leader for almost 20 years.

She is survived by two sons, Robert and Charles, both of Dimmitt; her father, N. L. Wesson of Dimmitt; four sisters, Gertrude Peoples of Salina, Colo., Peggy James of Tulsa, Jo Kirkpatrick of Dimmitt and Sharon Blackmore of The Woodlands, Houston; and five grandchildren.

Active pallbearers at the services were Truman Touchstone, Craig Fuller, Johnny Webb, Carl Lee Kemp, Stan Byrnes and Stanley Schaeffer.

Honorary pallbearers were Allan Webb, G. L. Willis, Jay Lee Touchstone, H. W. Golden, Eddie Montgomery and James Horton.

The family has requested memorial gifts to the Bob and Helen McLean Memorial Scholarship Fund at the First State Bank.

Felicitas Falcon

Felicitas Falcon, a Dimmitt resident for the past 25 years, died at 11 p.m. Sunday after a lengthy illness. She was 72.

Funeral mass was conducted at 1 p.m. Wednesday in the Immaculate Conception Catholic Church of Dimmitt, with Father Raphael Chen officiating. Burial was in Castro Memorial Gardens, under the direction of Parsons Funeral Home.

Born Feb. 15, 1909, in Mexico, she married Rosalio Falcon Jan. 19, 1936, in Brackettville. They moved to Dimmitt in 1956.

Mrs. Falcon was a member of the Immaculate Conception Church.

She is survived by her husband; four sons, Thomas, Julian and Juan, all of Dimmitt, and Salome of Dallas; three daughters, Maria Rita Vasquez, Lupe Falcon and Magdalene Gil, all of Dimmitt; a sister, Francisca Avila of Brackettville; a brother, Teodoro Avila of Brackettville; 16 grandchildren and four great grandchildren.

Active pallbearers at the services were Jose Falcon, Jesus Falcon, Felix Falcon, Dean Gripp, Richard Rock and Eddie Torres.

ALL-REGIONAL Junior High Choir members from Dimmitt Middle School are (from left) Hector Sanchez, tenor I; Ricky Reyes, bass; Ruben Martinez, tenor I; Eloy Catano, tenor I; and Darla Young, soprano II. Not pictured is Donna Casas, alto. Director Doug Henry, seated, said that all the students were rated in at least the top half or higher of their voice section in the selected choir, which will perform in Lubbock in December.

Charles Allen Zachary

Charles Allen Zachary, 46, the brother of Gordon Stokes of Dimmitt, died Sunday in Austin after a lengthy illness.

Services were held Tuesday afternoon in the Calvary Baptist Church of Friona, with Rev. Murch Rodgers, pastor, officiating. Burial followed in Friona Cemetery under the direction of Parsons-Ellis Funeral Home.

Mr. Zachary was a former resident of Friona, but had lived in Austin for 35 years.

Other survivors include his mother, Mrs. Lena Stokes of Friona; three sisters, Mrs. Shirley Ann Harris, Mrs. Helen Ruth Hardin and Mrs. Sylvia Gibson, all of Friona; three other brothers, Jerry Lee Zachary, Billy Gene Zachary and Johnny Stokes all of Friona.

Ray Wilhelm

Former Nazareth resident Ray Wilhelm, 73, of Hereford, died Friday at his home after a brief illness.

Funeral services were held Monday morning at St. Anthony's Catholic Church in Hereford with Rev. Xavier Butler officiating. Burial followed in Restlawn Cemetery under the direction of Rix Funeral Home of Hereford.

Mr. Wilhelm was born in Tosi, Wis., and married Agnes Sieger May 12, 1936, in Nazareth. He farmed and ranched at Hereford, where he had moved from Nazareth 45 years ago. He was a member of St. Anthony's Catholic Church, and a member of the Knights of Columbus.

Survivors include his wife; two sons, George of Hereford and Joe of Friona; three daughters, Beatrice Nishimuta of Alabama, Cecilia Hines of Kansas City, Mo., and Jane George of Lexington, Ky.; two brothers, Clarence and C.B., both of Nazareth; a sister, Rose Warren of Nazareth; and 15 grandchildren.

The family suggests memorials to the American Heart Association.

Clinky Jayne Fulfer

Funeral services were held in Worland, Wyo., last Wednesday for Clinky Jayne Fulfer, 79, former Dimmitt resident and granddaughter of Castro County's first modern-day settlers.

Mrs. Fulfer died Nov. 8 at Washakie Memorial Hospital in Worland.

Last rites were conducted in the Veile Mortuary Chapel with Rev. Kent Stangland, pastor of the Worland United Methodist Church, officiating. Burial was in Riverview Memorial Gardens cemetery.

Born in Hereford Dec. 26, 1901, to Pres and Ellen Carter Burnam, she was the granddaughter of J. W. and "Maggie" Carter, who homesteaded the county's first ranch, where the Flagg community is now located.

Raised in Texas, Arizona and New Mexico, she worked as a telephone operator in El Paso before her marriage Aug. 22, 1939, to J. C. "Slim" Fulfer Sr., in Dimmitt.

The Fulfers lived in Dimmitt until 1957, when they moved to Owl Creek, Wyo., to establish a ranch. They moved to Gooseberry Creek in 1958, then to their home south of Worland in 1963.

Mrs. Fulfer was a member of the Rebekah Lodge and the United Methodist Church.

She is survived by her husband; two sons, J. C. Jr. of Worland and Standlee of Houston; seven grandchildren and one great-grandchild.

On the go

Kent and Carol Hance, Susan and Ron of Washington, D.C. visited last weekend with his mother Beral Hance in Dimmitt, and with her mother Nancy Hays, her brother John Hays and sister Mary McWhorter, and their families in Hereford.

Removing stored grain is subject to penalty

Melvin Barton, chairman of the Castro County Agricultural Stabilization and Conservation committee, says producers who remove farm-stored grain, whether it is under loan or in reserve, without first obtaining authorization will be subject to penalty.

To strengthen farm prices, the ASCS reserve loan program provides loans to farmers who hold their grain off the market for a specific period or until market prices reach certain levels. The grain under loan is then stored in an approved facility on the farm or in a commercial warehouse.

"Program regulations require that farmers notify our office if they intend to sell the grain, or if the grain is out of condition and needs to be moved," Barton said.

If the grain is to be used for feed, the loan must be repaid before it is removed from the storage bin.

Farmers who remove reserve grain without prior authorization from ASCS will be required to pay an early redemption charge. They will lose storage payments on the quantity of grain removed and will be subject to having the loan called. Also, those farmers will be required to repay all storage payments, plus interest, in addition to the loan principal, plus interest and at least the release price for the commodity times the reserve loan quantity liquidated. Barton said the violators also may be denied future farm stored loans.

When reserve grain is authorized for release, farmers may pay off the loan and sell the grain, leave it in the reserve, or pay off the loan and hold the grain.

The ASCS official cautions farmers not to jeopardize the farm stored loan program by removing grain without obtaining permission.

VETERAN'S SERVICES

By BEDFORD W. SMITH
County Service Officer

I was hospitalized longer than anticipated. I returned from the hospital last Wednesday after two operations, so my return to my office work has been delayed.

While recuperating, I'm trying to keep office hours of Monday through Friday, 9 to 11 a.m., but can answer our phone at home, 647-4368, at other times. I will assist veterans with Annual Income Questionnaire reports and the office, and take care of emergencies.

The Veterans Administration is now able to reimburse veterans suffering from service-connected ankylosis of one or both knees or hips, for the purchase of adaptive equipment which will enable them to drive their own automobiles or other vehicles.

The expansion of VA's automobile adaptive equipment program was made possible by recent Congressional action.

Under the program, VA makes available grants of up to \$4,400 for some seriously disabled veterans to purchase an automobile or other conveyance.

The agency also pays for special equipment, such as engine and steering controls and wheelchair lifts, required for the operation of the vehicle by the disabled veteran.

The \$4,400 one-time automobile purchase grant goes to veterans or active duty personnel with service-connected loss, or permanent loss of use of one or both hands or feet, or permanent vision impairment to both eyes to a prescribed degree.

Victims of ankylosis are not eligible for the vehicle purchase grant, but only for VA adaptive equipment.

VA will also pay for the repair, replacement or reinstallation of the special equipment in subsequent vehicles.

Veterans having questions concerning the purchase grant or eligibility for adaptive equipment should contact the nearest VA regional office.

Vocation workshop is Sunday

A Vocation Awareness Workshop will be held Sunday in St. Theresa's Church in Hale Center, beginning at noon.

Rev. Joe Bixenman, Diocese of Amarillo Vocation Director, and various personnel will conduct six sessions in the workshop, covering the vocation choices of priesthood, sisterhood, brotherhood, the permanent diaconate, marriage, or the single life.

Each participant in the workshop will be able to attend two sessions each. Those attending are also asked to bring a sack lunch, with drinks being provided.

The purpose of the workshop is to make high school and college age students aware of vocation options.

Rev. Bixenman said, "The term vocation is usually just applied to priests or sisters. What we are trying to do is make people aware that any life choice is a vocation choice, and, more importantly, should be a conscious choice."

If unable to attend the Hale Center workshop, it will be repeated at St. John Neumann's in Lubbock Dec. 6.

The workshops will close with a special Mass.

Hart school trustees eat, tour facilities

Prior to the November meeting of the Hart School Board, school trustees and their wives were treated to a meal served by the girls in Cynthia Walker's CVAE class, and visited the boys' CVAE shop and the vocational agriculture shop.

During the meeting, board members voted to add a foyer to the band hall, renewed a contract for collection of delinquent taxes, and received reports on school programs and activities.

Work has already started on the 6x6-ft. foyer, with Ed Truelock of Olton as contractor.

Perdue, Brandon, Blair, Shiever & Fielder, Amarillo attorneys, have been retained again by the board to collect the district's delinquent taxes for the period from Dec. 31, 1981, to Dec. 31, 1983.

Reports from CVAE teacher Don Sanders and vo-ag teacher Jerry Mathis were the first information items on the agenda of the regular board meeting.

The board also approved the teacher evaluation forms and the "Term Contract Non-renewal Act."

A report on the elementary school's Halloween carnival showed income of \$680.50.

Marshal talks to Kiwanians

"It may be easier to recruit a doctor of osteopathy as another solution to the doctor shortage in Dimmitt," Plains Memorial Hospital Administrator Marshall Cook told the Dimmitt Kiwanis Club at its Monday meeting.

Cook was invited by club member Duward Davis to present a program on the hospital facility, its programs, problems and needs for the future.

Cook said he would like to see the formation of a citizens' committee to do something to help improve the situation here, adding that the hospital board is willing to help in every way it legally can.

Keith Allen and T. G. Stone of Odessa were guests at the meeting, along with Key Clubbers Greg Burleson and Tommy Smith. David Maxwell also joined the nineteen club members and the club sweetheart who attended the meeting.

Burleson gave a report on various activities scheduled at Dimmitt High School, as well as on the Key Club.

Hart names favorites

The Hart schools have announced the 1981-82 class favorites.

Hart High School's senior class named Phillip Hawkins and Suzahn Rowland, while the junior class picked Coy Myrick and Ramona Perez. The sophomore class honored Arnie Garza and Adelina Garza, while the freshman class chose Mark Castillo and Dora Mata.

In Hart Junior High, eighth grade favorites are Arnulfo Carrasco and Martina Garcia, and the seventh grade favorites are Ramiro Garcia and Edie Garza.

IN English, the most frequently used letters are in order: e, t, a, i, s, o, n, h, r, d and u.

Steve Vines and Jeri Mann

Couple to wed Jan. 9

Jeri Mann and Steve Vines will be married Jan. 9 at the First United Methodist Church of Dimmitt.

Miss Mann, a 1980 graduate of Dimmitt High School, is currently attending Angelo State University at San Angelo. She is the daughter of Ray and Janet Bradshaw of Dimmitt and the late Walter J. Mann Jr.

Vines, a 1971 graduate of Hereford High School, is employed by the Texas Dept. of Corrections at the Coffield Unit near Palestine. He also attends Henderson County Junior College at Palestine. He is the son of Mr. and Mrs. James W. Vines Sr. of Palestine, formerly of Hereford.

Greeting deadline is Dec. 17

Families wishing to have their names added to the 53 who have already signed up for "Operation Christmas Greeting," sponsored by the Plains Memorial Hospital Auxiliary, may sign up now at the First State Bank of Dimmitt until Dec. 17.

To be added to the community Christmas card, families are asked to make a donation to the PMH Auxiliary in the amount of what they would normally spend on holiday greeting cards and postage for local friends.

Then the family's greetings will be conveyed through the Christmas greeting listed on the cover page of the Dec. 24 issue of the Castro County News.

The 53 signatures already received were garnered at the auxiliary's annual buffet and bazaar which was held Friday. Proceeds from the greetings project and Friday's events will be used to purchase needed items for the hospital.

"It was one of the largest crowds we've ever had, with 355 people being served at the buffet," said an auxiliary spokesman.

Fred Bolton, lab technician at PMH, was awarded the bell-pull door prize, and Alice Cowen received an antiques trunk door prize at the event.

The next meeting of the auxiliary is set for Dec. 9, when reports on the bazaar will be reviewed.

Auxiliary membership is open to interested men and women.

Steven Victor Hart and Laura Elaine Miller

Jan. 30 vows are set

Mr. and Mrs. J. C. Miller of Hart announce the engagement and approaching marriage of their daughter, Laura Elaine, to Steven Victor Hart, son of Mr. and Mrs. Joe Percy Hart of Hart.

The wedding is set for Jan. 30 in the First Baptist Church in Hart.

Miss Miller is a 1980 graduate of Hart High School, and is employed at the First State Bank of Dimmitt.

Hart is a 1979 graduate of Hart High School and is presently engaged in farming.

DYH chapter is second in state

The Dimmitt Young Homemakers club was named runner-up in the state of Texas for the award of Outstanding Chapter at the recent state convention in Dallas.

The club had earlier been recognized as the Outstanding Chapter for Area I.

Six Dimmitt women attended the convention Friday and Saturday, and on last Thursday joined in the 20th birthday celebration for the Young

Homemakers organization.

Sherril Baldrige, president of the local club, and Joyce Wright, secretary, attended the meeting, along with Bobbi Wooten, who is vice-president for the area. Member Sue Rita Myatt and advisors Pat Bagley and Jo Ann Snider also attended.

The main speakers for the convention were Texas Agricultural Commissioner Reagan Brown, Dr. Gerald Powell and Evelyn Huey.

Hart FHA to make dolls

The Hart Future Homemakers of America Chapter is making dolls for residents of the Lubbock State School for Christmas.

Anyone interested in helping to make the dolls is encouraged to obtain the simple "gingerbread style" patterns, sew the basic dolls, decorate them any way they choose and then turn them in to the FHA. The club will do the decorating and finish handwork, if desired, but finished dolls are preferred.

Any type of fabric is suitable if it is washable, and all sizes are needed, from "stocking stuffers" to large sizes.

If you would like to help in making the dolls, contact Nancy Wescott at 938-2141 or 938-2221 for a pattern.

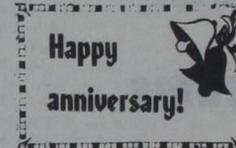

Artist to give 'quickie' demo at NAC meet

Kay Stephens of Tulia will give a "quickie painting demonstration" at the Nazareth Art Club meeting Monday night.

The meeting will begin at 7 p.m. in the basement of the Holy Family Catholic Church.

Members wishing to paint along with Mrs. Stephens should bring their paints, brushes, an inch-brush if they have one, and a 14 x 18 canvas.

The meeting is open to all interested persons.

NOVEMBER 26 - Tony and Mary Gerber, Ronnie and Sharon Travis.

Homemakers will hear about food

Whole, natural foods will be the subject of the program at tonight's (Thursday) meeting of the Dimmitt Young Homemakers.

Beverly Harder of Arrowhead Mills of Hereford will give the program at 7 p.m. in the Dimmitt High School homemaking lab.

Teresa Parsons will be the hostess, with refreshments served by Diane Townsend.

Free babysitting is provided and guests are welcome.

HAVE QUESTIONS about banking practices? Call the Federal Deposit Insurance Corporation's consumer hotline: 1-800-424-5488, says Bonnie Piernot, a family resource management specialist with the Texas Agricultural Extension Service.

Nazareth

Church observes 40-hour devotion

By VIRGIE GERBER
Forty Hours Devotion was observed at Holy Family Church beginning Sunday morning at 11 and closing Monday evening at 7.

Mrs. Anne Kleman of Santa Anna is here visiting her relatives. On Sunday she helped celebrate her mother's birthday. Mrs. Hollenstein, who is presently making her home with her daughter Mrs. Philip Huseman, was 95. Anne also visited with the Art Kleman families here and in Tulia.

Cristi Couch, daughter of Greg and Tammy Couch of Hart, was baptized Sunday at Holy Family Church with Father Stanley Crocchiola officiating. Sponsors for Christi were Terry and Belinda Hill of Hart. Enjoying dinner at the Couch home were Meta Stork, Evelyn Hill of Lubbock, Charlie and Erlene Couch of Anton, Terry and Belinda Hill and son Beau.

Philip and Dora Pohlmeier spent a few days this past week in Golden, Colo. visiting their daughter Rita. They also went to Aurora, Colo. to see a new home which Rita will move into in ten days.

Sister Mary Edgar Warren and Sister Joan of Arc of Maple Mount, Ky. visited with Rose Warren last week. Sister Mary Edgar is a sister of the late Joe Warren.

Funeral services were held Monday morning at St. Anthony's Catholic Church in Hereford for Ray Wilhelm, 73, who died on Friday. He was a brother to Clarence and C.B. Wilhelm and Rose Warren.

Arnold and Katie Brockman have been with Sister Jane Frances Brockman of Little Rock, Ark. who has had open-heart surgery. She seems to be doing fine. The Brockmans then went on to Lawrence, Neb. for the funeral of Arnold's uncle Bill Hoelting.

Dora Albracht, Greg Hoelting and Max Acker all attended the funeral of their uncle Bill Hoelting in Lawrence, Neb. on Saturday morning.

A bridal shower, honoring Natalie Durbin, bride-elect of

State hunting prospects good Lorenzo stings Bobcats in opening game, 74-67

Prospects are excellent across most of Texas for the hunting seasons, according to Texas Parks and Wildlife Dept. biologists.

Favorable weather conditions with plenty of rain during the first half of 1981 boosted populations of deer, turkey and quail. Biologists said turkey and quail made the most immediate progress, with reproduction and survival rates good enough to prompt rosy predictions for the hunting seasons.

Deer also are in excellent shape, but herds in some areas still are down somewhat in population after last year's severe drought, particularly in western portions of South Texas. The deer and turkey season in most Texas counties opened Nov. 14.

Habitat conditions may, in fact, be too good in some areas from the hunter's viewpoint. Biologists said the abundance of vegetative cover and easy availability of acorns and other forage could cause deer to move less, making hunting more difficult.

Throughout most of the traditional deer range, hunters may see slightly

fewer bucks than in recent years, but there should be a higher percentage of trophy-quality racks than normal in the herds.

Here is a wrapup of hunting prospects for the major game species by region:

The Panhandle area is not blessed with large amounts of deer habitat, but white-tailed deer populations appear in good shape in Wheeler County in the eastern Panhandle and around Scurry County to the south. Mule

PANHANDLE-SOUTH PLAINS

The headline news for Panhandle hunters this year is the pheasant crop.

"We have almost an unbelievable number of pheasants this year," said biologist David Dvorak of Canyon. He said most of the pheasants are in the central and western regions of the Panhandle. Toward the eastern side, quail hunting is expected to be outstanding this year. The Matador Wildlife Management Area near Paducah reports an excellent quail hatch and plenty of cover.

deer numbers are down, but habitat conditions are good in the river bottoms where muleys are found, Dvorak said. Turkeys had a good hatch this year in their eastern Panhandle and Permian Basin ranges.

SOUTH TEXAS

The sprawling brush country of South Texas is a trophy deer hunting Mecca, and it should live up to its reputation this year.

This spring brought an outstanding fawn crop. "There won't be as many yearlings as normal this fall," observed biologist Jerry Cooke of Pearsall, "but there ought to be an ample number of bucks, and the mature bucks should have outstanding antlers." Habitat conditions are superb in the brush country, and the deer should find plenty to eat throughout the fall and winter, Cooke believes.

Wild turkey also are having an excellent year, with populations up in most areas.

Good reproduction and survival this year should make the 1982 spring turkey gobler season outstanding, and possibly even carry over to

the fall season of 1982.

The quail hunting prospects are "fantastic" in South Texas. Some extremely large coveys, up to 30 quail, have been sighted this year. Spring and summer rains came at the right time to provide ample food and nesting cover.

EDWARDS PLATEAU

"This ought to be the year," says biologist Max Traweck of Kerrville about this fall's deer hunting prospects in the Texas Hill Country. There are about the same number of deer as last year. "However, in terms of body weight and antler size, the deer situation is much improved this season," Traweck said. As in South Texas, hunters may not see quite as many bucks this season, since last year's drought caused fewer yearlings to enter the herd.

"Sometimes in the past, hunters have 'culled' bucks in order to wait for one with good antler size," said Traweck. "This year the first buck a hunter sees is very likely to have a good rack." Hill Country deer produced a 50% or greater fawn crop this spring. Survival rates are expected to be high through the winter because of a good acorn crop, especially in the western Edwards Plateau (west and north of Kerrville). In the eastern Plateau, acorns are less abundant, but there is higher than normal production of forbs and other preferred whitetail foods.

"Hunting may be better in the eastern areas simply because there are fewer acorns, and the deer will have to move around a bit more," Traweck continued. "Overall, it looks like an outstanding deer season coming up."

One of the most outstanding production years for wild turkey occurred in 1981, Traweck said. "We have counted an average of five to six poults per hen this year, which is well above average. Survival should be excellent, and the 1982 spring turkey season should be a great one," Traweck said.

"Overall, I would say that this has been one of the best years I can remember in the Hill Country for weather conditions beginning last winter and continuing through the summer," Traweck concluded.

TRANS-PECOS

This will be a "recovery year" for the highly prized mule deer in the rugged Trans-Pecos. Populations were down alarmingly in many areas during the past two years, but unusually heavy (for the Trans-Pecos) rains soaked the ground during the spring and even continued at a lesser pace throughout the summer. Mule deer have had good reproduction, and although overall numbers are down, some outstanding trophy bucks should be taken during the season, according to biologist Jack Kilpatrick of Marfa. He added that white-tailed deer, which are found in significant numbers only in the Pecos and Terrell County areas of the Trans-Pecos, also are in good shape this year. Quail hunting will be excellent, Kilpatrick predicted.

PERMIAN BASIN-ROLLING PLAINS

In the region centered around Abilene, San Angelo and Big Spring, the deer counts are up this year. Biologist Don Davis of Winters said increases are in the 20- to 30% range.

"Habitat conditions look excellent, although ranges were getting a bit dry during August," Davis said. He said the deer are in good condition, and antler development is somewhat better than last year. "Turkey and quail hunters should do well, because we have seen signs of outstanding reproduction, especially with turkeys," Davis said.

NORTHEAST TEXAS

In the post oak region extending from the state's northeast corner down through the Freestone-Limestone County area to the southwest, game conditions are above average, according to biologist Walt Daniel of Fairfield.

"Our deer population has been on the upswing for three or four years, although last year's drought brought the numbers down," Daniel said. "This year the deer are in fine shape and populations should be increasing again. Antler development will be above average for hunters looking for a trophy buck."

Conditions for the hunter may be difficult, however, as heavy acorn production in some areas will keep the deer from moving much.

"In East Texas, the deer just about have to move in order for hunters to get a shot, so this year it may not be easy to get your deer," said Daniel.

Squirrel hunting will be poor to average, with the exception of Lamar and Red River Counties bordering the Red River. Quail hunting in Northeast Texas should be above average, as the birds had good reproduction and survival because of the weather.

EAST TEXAS PINEY WOODS

Squirrel and white-tailed deer are the most-hunted game species in the Piney Woods, and the outlook is moderately favorable for both. Biologist Gary Spencer of Jasper said squirrel populations still are suffering from the effects of last year's poor mast crop.

"Populations are down somewhat, but we got good production this summer because of the rains," Spencer said. "Still, I think we are about a year away from having high populations." He added that the mast crop is improved over last year, although spotty in some areas.

"Hunters need to find where there are beech, white oak or hickory trees because those are the main mast-producers this year," he said.

Spencer said deer populations have been on the upswing in East Texas for the past several years, and favorable weather has fattened them this fall.

"Antler growth has been good this year in areas where the deer are not overpopulated," Spencer said. He added, however, that conditions for the hunter may be difficult, especially if rains come during the early part of the hunting seasons.

"The deer won't be moving around too much to find food, and rainy weather could cause them to move even less when hunting season opens," Spencer said.

"They were quicker. They out-quicked us, and we didn't react like we should have," Coach Ken Cleveland lamented after his Dimmitt Bobcats dropped their season opener at Lorenzo Tuesday night, 74-67.

For the Bobcats, the game was fraught with fouls, turnovers and other aggravations. And it didn't help any when post forward Phil King twisted his ankle in the first half and had to sit out most of the game.

Dimmitt fouls and Lorenzo

free throws made the difference as the Hornets connected on 20 of 34 from the charity line. The Bobcats earned only five free throws in 15 tries. However, Dimmitt outscored Lorenzo in field goals, 31-27.

Post forwards Jeff Watts and John King both fouled out, putting all three of Dimmitt's 6-4 men on the bench at game's end. John Smith also fouled out.

The game was see-saw all the way as Dimmitt took a 17-11 first-quarter lead and Lorenzo fought back to a 34-31 halftime advantage. At the end of three, the host Hornets held a two-point edge, 54-52.

The Bobcats recaptured the lead and built a four-point advantage during the fourth quarter, but a series of costly turnovers and fouls enabled the Hornets to go back on top for good.

Kevin Cleveland was Dimmitt's top scorer with 24, while John King scored 10 and led the defense with 12 rebounds.

"We didn't go over playing cocky, and we didn't take them lightly," Coach Cleveland commented, "but this game woke some people up. We've got to get some things together. We've got to improve our ball handling, our rebounding and our free-throw shooting."

NHS teams open season with lopsided victories

Nazareth High School's basketball season got underway Tuesday with three lopsided victories at Adrian.

The Swifts won by 71-56, while the boys' junior varsity followed with a 77-50 score, and the Swiftettes racked up an impressive 98-26 victory.

Coach Randy Johnson's Swifts trailed 10-14 in the first quarter and by the same margin at halftime, 30-34. But they finally pulled ahead by two in the third quarter at 48-46, and extended their lead to 71-56 in the final quarter.

Calvin Schulte was high scorer with 26 points, followed by Mark Huseman with 14, Mark Schmucker 12, and Johnny Schmucker 10.

A switch in the team's defensive stance in the second quarter from the man defense to the 2-3 zone seemed to help, Johnson said.

All 12 members of the girls' varsity saw action. Coach Joe Lombard credited the victory to a good defense and a 60% average on field goals.

Roxane Birkenfeld was high scorer with 22 points, while

Ronda Hoelting scored 14 and Sharon Birkenfeld 11. Every girl on the squad scored.

Nazareth led throughout the game, 26-10 after the first quarter, 48-17 at halftime,

70-20 in the third, and 98-26 when the buzzer sounded.

The junior varsity boys were led in scoring by Chris Gerber with 24 and Scotty Book with 20.

DHS girls' teams win big at Lorenzo

The Dimmitt Bobbies and junior varsity girls both posted big wins over Lorenzo teams Tuesday night in Lorenzo. The varsity girls won by 64-32, and the junior varsity by 62-25.

High scorers for the Bobbies were Pam Nelson with 18, Kristi Sheffy with 14 and Sonya Andrews with 11. Andrews also led in rebounding with 13.

The team's field goal percentage was rated "poor" by Coach Jimmy Hoyle, as the girls only hit 25 of 70 for 36%. The free throw percentage was a little better at 13 of 22.

"Overall, we played a lot better in the second half than we did in the first. The girls were kind of nervous with the man defense, but in the second half we went to the press and a 2-3 zone defense, and had a lot more luck," Hoyle said.

In the first quarter Dimmitt

fell behind 7-11, but crept ahead in the second quarter with 17 points to Lorenzo's 9. Dimmitt outscored Lorenzo in the third quarter by 21-5 and by 19-7 in the fourth to win going away.

High scorer for Lorenzo was Susan Miller, who sank 24 of her team's 32 points.

In the junior varsity game, high-point scorers were Norma Porter and Toby Tischler, both with 16, Julie Reeve with 14 and Kay Ballard with 10. The final score was 62-25.

Frosh girls beat Tulia

"The girls did an excellent defensive job," said Terry Brax, coach of the Dimmitt Freshman Girls' Basketball team after their 50-18 win over Tulia Monday night in Dimmitt.

The coach added that the scoring was pretty well distributed among all the players, with Tammy Washington as high scorer with 10 points.

If you won't read these 7 signals of cancer... You probably have the 8th.

1. Change in bowel or bladder habits.
2. A sore that does not heal.
3. Unusual bleeding or discharge.
4. Thickening or lump in breast or elsewhere.
5. Indigestion or difficulty in swallowing.
6. Obvious change in wart or mole.
7. Nagging cough or hoarseness.
8. A fear of cancer that can prevent you from detecting cancer at an early stage. A stage when it is highly curable. Everyone's afraid of cancer, but don't let it scare you to death.

American Cancer Society

Two receive Tech degrees

Two Dimmitt residents received degrees at the end of the summer session of Texas Tech in Lubbock.

They are Ruby Teaschner and Robert Jones. Mrs. Teaschner has been employed by the Dimmitt school system since 1974, working four years as a Title I Resource teacher and four years as a kindergarten teacher. She completed her master's degree in education this summer.

A B.S. in Agricultural Economics was awarded to Jones, a 1977 graduate of Dimmitt High School, and the son of Carolyn Jones of Dimmitt. He is presently living in Olton and is employed by the Production Credit Association there.

On November 19, we'd like you to stop smoking cigarettes for 24 hours. It's worth a try. Because if you can skip cigarettes for a day, you might discover you can skip 'em forever.

THE GREAT AMERICAN SMOKEOUT

Why Christmas Shop Early?

A season as big, as deep, as rich, as generous, as fulfilling as Christmas, takes a lot of time.

Seems like one holiday pushes in on another...upset the way Jolly Old St. Nicholas moves in on us? Christmas carols become interspersed with Alma Mater and football scores?

Every so often you hear the mild complaint, that the stores start promoting Christmas buying too early.

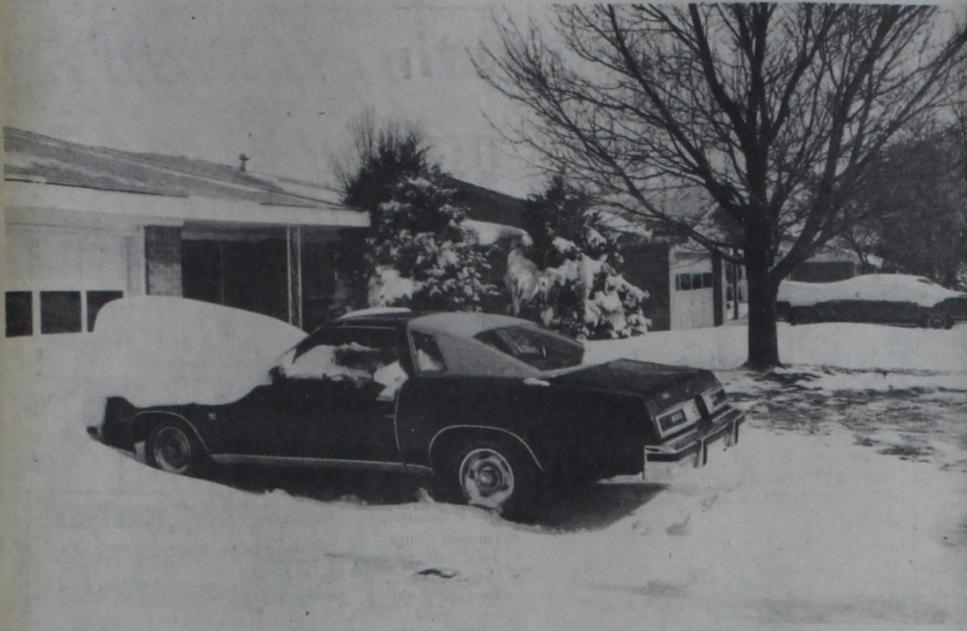

Consider for a moment what would happen if Christmas were really pressed behind a curtain of time and nobody could see it or feel it until the reindeers were prancing across the roof tops, the church bells were ringing and Santa was headed down the chimney.

Could you wait till then to dash off to the stores and buy presents in one big, happy, shining gulp? All twenty-five of them? Would you have time to try out every toy, touch every soft thread of a cashmere sweater, stand a half hour or so deciding which tie, which candlestick, which book? Could you gather all the goodies that make this season so wonderfully warm and fragrant and delicious? Would you? And, if you did, what would those other hundreds and hundreds of people who shop in the stores be doing? And what about the clerks? How could they possibly help you make a purchase much less show you what's available, how it works, what it does, how you use it and the many other important features? When would you hide the super surprises, bake the fruit cake, crack the nuts for the cookies, get out the red candles, tie the greenery to the door, drop a line to old friends?

The stores want you to enjoy the Christmas season...that's why you see early displays and early advertising for Christmas. The stores know it takes a lot of time...to fully enjoy a season as big, as deep, as rich, as sweet, as generous, as fulfilling as Christmas.

The Castro County News

REMEMBER?—This was the situation a year ago this week after a 27-hour weekend snowfall left heavy drifts on the streets and around buildings. The snowfall forced schools to

close and interrupted the harvest. So far this year, the area is still awaiting its first snowflake.

Yung to speak Tuesday to Lions, FCA members

West Texas State University Football Coach Bill Yung will speak at the Tuesday noon meeting of the Dimmitt Lions Club. Members of the local chapter of the Fellowship of Christian Athletes will be special guests at the meeting.

At this week's meeting, Dowell Garner of Hereford, a director in the Lions-sponsored Hi-Plains Eye Bank, explained the method of donating and transporting eyes to help provide sight for others.

Urging Lions and all other interested citizens to become eye donors, Garner explained that the post-mortem procedure "doesn't mutilate a person's body." He showed plastic cups that are inserted into the eye sockets, and said these cups make it unnoticeable that a person's eyes have been removed.

"Time is critical," Dowell said. "The eyes must be removed within four hours after death, and used within 48 hours."

Human eyes are used for a multitude of optical surgery procedures to improve or restore sight to others. The most common procedure is the corneal transplant, in

which the clear front covering of an eye is used to replace a clouded cornea in another eye.

"There are four people in Amarillo now waiting for eyes," Garner said, "and others all across the country need them if they're to be able to see again."

He explained that the Hi-Plains Eye Bank "does not arrange eye operations, schedule them, help pay for them, or refer physicians. The Eye Bank doesn't handle any money, we only sign donors, keep records, transport the eyes and keep the public informed of the need."

The Dimmitt Lions set Feb. 2 as the date for a chili-and-stew supper which they will serve to the public in the Richardson Elementary School cafeteria. Dimmitt will be playing Littlefield in important District 2-AAA games that night.

Lions will soon be selling advance tickets to the chili-and-stew supper. Prices will be \$2 for adults, \$1 for children 12 and under, and \$1 for refills. The dinner will be served from 5 to 7:30 p.m.

Billy Strayhorn and Calvin Marsh are co-chairmen of the supper.

Insects of interest

Paper wasp queens may come to visit

By ALLEN KNUTSON
Extension Agent —
Entomology

Many insects survive the winter by finding shelter in the soil, under logs or tree bark, and in buildings and homes. An insect often found in and around the home now is the paper wasp, well known for its painful sting. All of these visiting wasps are young queens seeking overwinter sites.

The paper wasp is named for its paper-like nest which is constructed from wood fibers the wasps collect, chew and paste together with their saliva. The umbrella shaped nests are often built in attics, outdoor buildings, and beneath eaves. A mated queen begins building a nest in the spring, and several other queens may join together to help construct it. However, only the founding queen lays eggs, with the other queens apparently acting as workers.

Eggs are laid in individual cells in the nest, where they hatch into grubs. Worker wasps capture insects and chew them up before feeding them to the growing grubs. Wasps are beneficial in that many of the insects they prey upon include pests such as caterpillars. Wasps are important natural control agents of cotton and tobacco pests in some areas.

However, wasps may become a nuisance when their nest is located near human activity. Their painful sting may be especially dangerous to people allergic to wasp venom. A company in Pennsylvania will pay \$300-600 a pound for frozen wasps from which the venom is extracted and used to identify and treat

people suffering from wasp sting allergies. This could be a profitable summer adventure for a brave person living where wasp nests are common.

The paper wasps' nest grows larger during the summer until the first freezes strike. Workers, old queens, and grubs still in the nest die. Only young, mated queens survive to seek out overwintering sites. These queens are commonly a nuisance in the fall as they enter homes and other buildings to overwinter. The overwintering queens are again noticed in the spring as warmer temperatures revive them and they try to escape from the home to begin nest construction.

Most commercial aerosol sprays that contain pyreth are very effective in knocking down paper wasps within a few seconds. The aerosol sprays are recommended for use around the home when control is necessary.

Don't block courthouse walk

Courthouse officials this week reminded downtown motorists not to block the walkway in front of the courthouse.

Officials said that the walkway entrance has been needed twice for ambulance service recently, but that the walkway was blocked by parked cars both times.

A red curb denotes the no-parking zone at the front of the walkway.

Police calls

A 21-year-old man who lives at the Agricultural Housing Project was arrested last week on a charge of burglarizing an apartment at the project of \$650 worth of tools and sound equipment. He was released from the city-county jail Sunday on \$7,500 bond.

The arrest came in the wake of earlier arrests in a car-theft case. Four youths were arrested Nov. 7 in connection with that case, and three of them are suspected of helping dispose of the property stolen from Housing Project residents, police said.

City, county and state law officers arrested eight persons on DWI charges and seven for public intoxication during the week. Fines ranged from \$106 to \$325. One of the men charged with DWI was placed on six months' probation in addition to being fined \$250.

Raymond Cooksey reported to police that two side mirrors had been stolen from his 1974 Chevrolet pickup while it was parked at his home, 203 NE Second. Cooksey said both mirrors had white trim. Police are investigating the complaint.

The wife of the minister of the Rose of Sharon Church in

More arrests made in wake of car theft

Dimmitt Police Chief Ron Mitchell said this week that arrests made in connection with a recent car theft had led to further arrests for unrelated burglaries in the Dimmitt area.

Police have filed felony charges of unauthorized use of a motor vehicle against Frank Mendoza Jr., 17, of Phoenix, Tony Sifuentes, 17, of Dimmitt, and two juvenile boys.

The youths are charged with the Nov. 7 theft of a 1976 Ford Cobra owned by Alan Steinle, a Dimmitt High School coach. Mitchell said that one of the boys apparently burglarized the car first, taking a pair of speakers, and that the other three stole the car later in the day.

The car theft came to light after the youths reportedly filled it with gas and left the service station without paying. The station operator reported the incident, and Dept. of Public Safety troopers stopped the car near Bovina, Mitchell said.

Steinle was at a basketball scrimmage at Pampa that day, and his car was recovered before he knew it had been stolen, Mitchell said.

After interviewing the four youths, police arrested Francisco Rodriguez, 21, of Dimmitt on a charge of theft. Rodriguez is charged with stealing approximately \$650 worth of tools and sound equipment from the Castro County Agricultural Housing Project. Mitchell said three of the youths involved in the car-theft case are suspected of helping dispose of the stolen merchandise.

The Dimmitt Police Dept. and the County Sheriff's Office are continuing their investigation in hopes of clearing up more burglaries and making further arrests, Mitchell said.

the 400 block of Northeast Fourth Street complained to city police that the church windows have been broken over several times in recent months and that trash has been thrown around the church property. Police are investigating.

The city-county jail currently has seven inmates, all of whom were arrested in Castro County. Five are jailed on felony charges and two on misdemeanors.

Dept. of Public Safety troopers investigated two traffic accidents in the county Friday — a truck rollover at the "Big Daddy Cutoff" on US 385 north of Dimmitt and a two-pickup broadside accident at Easter.

Scout-o-Rama set Saturday in Plainview

Dimmitt's Cub Scout Pack 267 plans to have an "Animal Zoo" display at the Scout-O-Rama sponsored by the South Plains Council of the Boy Scouts of America. The event will be Saturday from 1 to 5 p.m. in Plainview in the Hale County Ag Building.

"Scouting's Game — Play It with a Friend" will be the theme for the annual booth show of scouting displays manned and operated by Cub Scouts, Boy Scouts and Explorers representing over 200 of the units of the South Plains Council.

Cub Scouts will have displays of arts and crafts, collections, fitness themes, games and achievements.

Cubmaster Jo Behrends said her pack's "zoo" will consist of animals fashioned from toy balloons.

Boy Scouts will have action displays of cooking, camping, pioneering, merit badges, field sports and citizenship.

Explorers will have demonstrations of backpacking, rappelling, vocational service and outdoor skills.

There will also be skill competition in three different arenas, one each for Cubs, Boy Scouts and Explorers — as well as special demonstrations.

Tickets are \$1 each and are available from any Scout, or contact the Scout office at 747-2631. Tickets will be available at the door, and children under 8 will be admitted free.

Farm-City Week is Nov. 20-26

Farm-City Week, Nov. 20-26, focuses on the involvement of farm and city people as partners in growing, processing, marketing and consuming food and fiber.

In Texas, movement of food and fiber from field to factory to the family table provides jobs and income for about a fourth of the working force, notes an economist with the Texas Agricultural Extension Service.

Dimmitt cager begins second season at USAO

The Lady Drovers of the University of Science & Arts of Oklahoma will depend heavily this season on Lynna McGuire, 5-10 sophomore from Dimmitt.

McGuire "did an outstanding job as a freshman last year," USAO Coach Doug Sikes said, and she "is expected to have great impact on this year's team."

He added, "As a play-making guard, Lynna definitely is an asset to the Drovers. Her defensive ability and rebounding strength is nothing less than awesome."

McGuire, a former all-district player for the Dimmitt Bobbies and a 1980 graduate of DHS, is the daughter of Mr. and Mrs. Luke McGuire.

Although McGuire was recruited as a guard, she is listed this year as a post forward.

The Lady Drovers of the Chickasha university are described as short on height and experience but long on talent this year.

"With little height, we

Lynna McGuire

must rely on speed and execution," Coach Sikes said. "We have several girls who are 'stars' in their own right; we trust they will shine together as a team. Already the girls are working as a unit, thinking as a unit, both offensively and defensively."

DPS major gives tips for safe Thanksgiving

Major C. W. Bell, regional commander of the Texas Dept. of Public Safety, is asking drivers to be cautious during the Thanksgiving holidays.

Bell pointed out that Texas is well on its way to a record number of traffic fatalities this year.

"Last year, 4,424 people were killed and 1981 is going to be another record year unless motorists take special precautions to protect themselves and others," he said.

"Many of these deaths could have been avoided if people would stay sober,

drive at reasonable speeds and use their seat belts," said Bell. "Putting on a seat belt only takes a few seconds, but that simple act can add years to one's life," he emphasized.

DPS statistics show that last year, about 1,200 lives would have been saved if all drivers and their passengers would have clicked their seat belts on.

During last year's Thanksgiving holiday period, 63 persons were killed in traffic accidents in Texas. Bell said DPS Troopers would be active during the holiday trying to cut down on needless traffic fatalities.

View from the library

By BRICK AUTRY

It is out of the professional journals now and out to the public. On the television program "60 Minutes" November 1, the public library in Abington, Virginia starred in a fifteen minute expose. The Baptist preacher was shown conducting an attack on the Harold Robbins books in the library. The librarian and the library board were shown repulsing the attack.

The American Library Association has warned librarians for some time that various groups might start confrontations of the like mentioned above and has told them an easy formula for fighting back. They are right because the play has been successful in the past. It goes something like this: 1) A group confronts librarian about indecent literature in the library, 2) Librarian and library board pull out their policy which states that the public is free to read anything

and cites the Constitution and all the amendments, 3) the party of the first part persists and causes quite an emotional stir throughout the community and are successful often (like some groups in Oklahoma) in persuading the public from refraining to use the public library. It goes on and on.

Librarians and library boards which try to be in the swing of things support their position by saying that the library has the responsibility to the public of providing all types of literature and publications expressing many views.

But William Buckley pointed out in a recent column, that isn't a very good excuse. A drugstore, he says, can say it provides all the points of view by providing such magazines as "Pent House," "Hustler," and "Playgirl" and support their practice of letting youngsters buy them, by saying they are letting the youngsters exercise their right to read. To Mr. Buckley, both the library and the drugstore are doing the same thing.

As a librarian who has followed the profession for some years, this writer is familiar with the fact that the American Library Association is a very liberal organization and has been for years. The right to read verbage is an expression of this liberalism. To hear the leaders of the American Library Association emotionally and stridently preach their love of free expression, one might well believe that they were heaven-sent to liberate us all from the "prudes." As a matter of fact, they'll all but tell you that.

Although the American Library Association has a legal fund for librarians who come under fire for providing "all types of literature and materials expressing many points of view," it seems all a bit foolish. A librarian who gets in trouble for an indiscreet selection deserves the flack because he/she has forgotten the first rule of how to be a public librarian. The first rule in all library science textbooks from which one learns the profession goes something like: "Know your community."

Flynt will also visit the Philippines, Australia and New Zealand, then will fly to Honolulu, Hawaii, for memorial services commemorating the 40th anniversary of Pearl Harbor.

He is scheduled to return to the continental US Dec. 10. Flynt spent Monday and Tuesday in Dimmitt before departing from Amarillo Airport Wednesday morning.

Social Security in Castro County

By JANICE ULMER

Today's column deals with changes in the tax rate and wage base in 1982. If you receive Social Security or work in employment covered by Social Security, this will be of interest to you.

Starting in January the tax rate will be 6.7% for covered workers. Self employed people will be paying 9.35%. The self-employed person pays a little more because no one matches his contribution; whereas, the employer pays 6.7% for each employee.

The maximum earnings that are subject to social security taxes will increase also. This year the maximum is \$29,700. In 1982 the figure will be \$32,400. This means a worker earning over \$32,400 will pay \$2,170.80 in FICA taxes in 1982. In 1981 a worker who earned the maximum paid \$1,975.05 in Social Security taxes.

Not everyone earns the maximum, so just what does this mean for the average wage earner or one with low earnings? An average worker earning \$13,729 in 1981 paid \$912.98 in Social Security taxes. In 1982, based on an estimated salary of \$15,045,

this worker will pay \$1,008.02 in Social Security taxes.

A person with lower earnings of say \$6968 in 1981 paid taxes of \$463.37. This worker will pay \$511.61 in 1982 if he earns \$7,636.

There have also been changes in the amount a person who receives a social security benefit may earn. If a beneficiary is under 65 years of age, he or she will be able to earn \$4,440 before any adjustment. This is an increase of \$360 over the 1981 amount of \$4,080. For a person who is 65 years old or over, the amount will be \$6,000 in 1982 — an increase of \$500 over the 1981 level of \$5,500.

After a person earns the applicable limit, his or her social security benefit is reduced \$1 for every \$2 over the limit that is earned.

Just what do all these taxes and various limits translate into? Next week we will review the various types of protection all of this buys for the worker and his or her family. In the meantime, if you have a question, feel free to call our toll-free number for assistance, 1-800-392-1603.

Get fresh with beets

Get fresh this fall with beets.

In buying, choose firm, round, reasonably smooth beets with a deep red color, says Marilyn Haggard, a food and nutrition specialist.

Small and Medium beets are the most tender, while large ones may be tough or woody.

Don't worry about wilted beet tops. This happens quickly in most cases, and it does not indicate poor quality, she says.

Haggard is on the home economics staff of the Texas Agricultural Extension Service, the Texas A&M University System.

To serve four people, buy about 1 1/2 pounds, she suggests.

For best keeping, store beets in the refrigerator — in the crisper or in a plastic bag. They'll keep about two weeks.

To cook beets and save the bright red color, do not peel before cooking. Also, leave an inch or two of stem and taproot. After cooking, skins slip off easily.

Cook beets about 40 minutes. Simmer in an inch or two of water. Keep the pot covered. Slice or cube cooked beets before serving, or serve small beets whole.

If you're looking for two

deliciously different ways to serve beets, try "Beet Soup" or "Orange Beets."

BEET SOUP

1 quart beef broth (made from a soupbone or bouillon cubes)

1 teaspoon salt

1 small onion, chopped

1 carrot, chopped

1 1/2 cups cooked beets, finely chopped

Heat broth and salt to boiling. Add vegetables, cook until carrots and onions are tender. If desired add a pinch of thyme or other herbs and top with sour cream. Serves four, one cup each.

ORANGE BEETS

1 teaspoon grated orange peel

1/2 cup orange juice

2 tablespoons lemon juice

1/4 cup sugar

1 tablespoon cornstarch

1/2 teaspoon salt

2 tablespoons butter or margarine

3 cups cooked or canned beets, diced

Heat grated peel, orange and lemon juice, in double boiler. Mix sugar, cornstarch and salt; add all at once, and stir until thickened and clear. Add butter and beets, and heat in double boiler 15 to 20 minutes. Serves four to six.
