Dimmitt's first Dollar Day Lazbuddie To Hold Monday was an outstanding success with many merchants reporting the largest volume of Friday, November 17 business in the history of their stores. Dollar Day will be a regular monthly event in Dimmitt, one each first Monday, Dimmitt merchants answer to similar trade event in other towns of the area. The large crowds attracted to Dimmitt Monday is ample proof that the potential consumer trade of the area is sufficient to justify large attractive stocks of merchandise in local stores with all of the modern sales techniques necessary to attract the most exacting customers. Dimmitt merchants will not break the faith they will meet the prices of competitive towns with merchandise that is as good or better than that offered in other cities. The News is happy that the people of the area are coming to Dimmitt in ever increasing numbers to do their shopping. The continued growth of our town and the development of its environs depends on a certain amount of home loyalty. The same holds true at Hart and Naz-1 areth where local residents should secure every service available before going to some other town to trade. The three trading centers in Castro County have the very brightest outlooks for a prosperous future.

### **Lazbuddie Defeat** Bula Friday, 6 to 0

Lazbuddie Longhorns defeated the Bula Mustangs by a score of 6 to 0. This was quite an upset due to the fact that Bula had a much better season record than Lazbuddie. The only score of the game was made late in the 4th quarter on a 60-yard run by Paul Jesko. Lazbuddie plays Bovina Friday night, Nov. 10 at Bovina. This is the last game of the season for Lazbuddie.

During the half the Football Queen, Leota Mahan, was crowned by the Co-captains Paul Jesko and Don McDonald. The sweetheart was presented with a gold football necklace. Engraved on the necklace was "Football Sweetheart, 1950".

W. R. Freeman was chosen the football hero of the team by the with a gold football pin with the

# Are Our Texas Highways Being Destroyed by 1% of Highway Users?

This question is presented squarely for the first time by the Texas Tax Journal in its booklet, "The Case of the One Per Centers."

Every Texan who wants good highways, adequate for 99 of every 100 users, should write for a free copy of this revealing booklet.

Approximately 99% of all Texas motor vehicles are registered for a gross weight of 20,000 pounds or less."\*

All Texas taxpayers, including your Texas Railroads, have reason to be concerned about the high cost of constructing and repairing our highways and the prospect of building more costly roads made necessary by the operation of highway "box cars."

No one has any desire to bar vehicles of reasonable size from our highways, so long

as each pays its fair share of construction and repair costs.

Other Texas taxpayers should not be required to shoulder the burden of a roadway system for highway "box cars", representing only 1% of highway users.

Every Texan interested in good highways without increasing the growing tax burden should fill out the coupon below and get a copy of this valuable booklet.

### Our Chance to Win-

Last Friday night we beat Sudan-a team we have learned to respect very much.

This week we play Olton for the District Championship of District 3B-picked by the Amarillo Daily News as the toughest Class B District in the state.

By all means, we are going to play a very good ball team, and Gregory for Dimmitt, Wridnice we predict the dopesters will either call it a toss-up game or pick Olton by a slight margin-probably one point.

Statistics will mean nothing as far as we're concerned. By comparative scores, we were 128 points better than Sudan, but we are glad to beat them 12-6.

People we see and talk to think Sudan can beat Olton, and naturally, they think we can beat Olton without too much troublebut it won't be as easy as that. We will be satisfied to beat them by one first down, one penetration, one point or one touchdown. But we aim to beat them.

With all due respect to Olton, we plan to come back home Friday might as the winner of the District 3B title.

Did you notice the absence of one of our teachers Thursday? It was none other than Miss Merritt. If you get caught in a breeze it's just Miss Merritt dashing to school or hurrying home to see that the carpenters are remodeling her home without ruining it.

Everyone forgot they were freezing when the Bobcats came through with a victory of 12-6 Friday night. It was a happy occasion except for the fact that Jim Jowell received a broken leg. Jim will really be missed in the game with Olton next Friday night and we'll miss him around

About 35 kids enjoyed a birthday party honoring Bill M. and Connie McFee Saturday night at Bill't home. Some people found out that they were really a whiz at 42 playing. Couples seen at the party were Mitzi and Jack D., Mary Ann and Jimmy, Beth and Jack H., Barbara and Weldon, Bill M. and Conrie, Fayrene and Gene, Charlyne and Don N., Yvonne and David. The midnight preview was enjoyed later on. Also seen at the preview was Pat and Earl.

by KATHLEEN and IRENE We hope that everyone is faithfully attending all the morning and evening services connected with the mission we are having this week. A mission is a time of improving our spiritual life under the direction of some of our church's most learned clergymen. We have with us Rev. Philip A. Kvasnica and Rev. James T. Sullivan of St. Gerard's parish in San Antonio. They have been clearly explaining various parts of our religion, including Confession, the immortality of the soul, and the Rosary. During the week they will give special sermons to the different groups in the parish. We think everyone will advance far ahead spiritually if he or she takes full part in this mis-

Those really in the festive mood recently had the opportunity to attend three of these "hops" held to carry out the spirit of Hallowe'en. The first of the series was held in Happy. A group of the Nazareth younger set was present and enjoyed the ghostly corated. We hear that Imelda and ner escort won first prize in the masquerade competition.

The second of these Hallowe'en lances was held in Hereford. It was given in the ball room of the Jim Hill Hotel and sponsored by the Hereford C. Y. O. A large group of young and old alike from Nazareth were seen there enjoying the music of Lee Nichols. Corn shocks made a very de-

corative setting for the dance. On the eve of Hallowe'en the Sodalists' Club of Nazareth sponsored another delightful dance for those who enjoy masquerading. The Community Hall was decorated with sheaves of cane all draped with huge clusters of spider-webby black and orange paper. The popular music of Lee Vichols again accompanied the lancing.
