

It Pays to Keep Fully Insured. A. B. Garrithers, All Kinds of Insurance

ENDORSE LEGISLATION SYSTEM STATE HIGHWAYS

The Brady Luncheon club and the Commissioners Court have given endorsement of the legislation advocated by the Texas Highway association, and which provides an amendment to the state constitution empowering the legislature to create, establish, construct, maintain and repair a system of State highways throughout Texas. The proposed legislation was presented to the members of the luncheon club and the commissioners court by E. G. Albright, who will spend some three weeks in this section organizing counties and precincts into clubs for the active promulgation of this legislation. In the joint resolution agreed to by the state legislature, a special election is called for the fourth Saturday in July to vote on the amendment. The passage of such an amendment is absolutely essential if Texas is to conform to the requirements of the Federal Aid Act. Failure to pass the amendment would lose to Texas her Federal aid.

No bond issue by the State would be permitted by the amendment proposed, but all funds would be derived from the increased auto tax and the 1c gasoline tax already passed, and which become effective January 1st. The 7% of the highway system of Texas, now designated as major highways, would be taken over by the State and operated as State highways, thus enabling counties to use county funds in the building and maintaining of lateral highways. McCulloch county is most fortunately situated in that two of her most important highways—the Puget Sound to Gulf, and the Fort Worth, Brady-Fort Stockton—are included in the major highways and would become state-operated highways should the proposed amendment be adopted in the July election.

We are still rendering the best of service in our repair department; also carry a line of the best in jewelry. A. F. GRANT, Jeweler, West Side Square.

Logical.
May (watching ball game)—I want to know, where do they keep the extra bases?
Ray—"What for?"
May—"Well, that man just stole third base."—Dry Goods Economist (New York).

Mother Died at Lockhart.
W. M. Bauhof has the sympathy of all his many friends in the death of his mother, which occurred at Lockhart, Texas, yesterday, according to a message received by Mrs. Bauhof. Mr. Bauhof was called to his mother's bedside by a message received Wednesday night and which told of her being dangerously ill. He left early Thursday morning in his car, but she had already passed away before his arrival. Mrs. Bauhof was aged 74 years. For the past three years she had been in ill health, and no hopes for her recovery had been entertained for some time.

Deceased is survived by nine children, six boys and three girls, of whom W. M. and Ed Bauhof, the latter now residing in Dallas, are known here. Funeral services will be held this afternoon at 3:00 o'clock at Bastrop, the old home of Mrs. Bauhof.

BAND CONCERT SUNDAY AFTERNOON C. H. LAWN

The Brady Municipal band will render another one of their delightful and entertaining concerts Sunday afternoon at 2:30 o'clock, on the courthouse lawn. A good selection of marches, overtures and popular numbers is assured and will be well worth your attendance. The entire public is invited.

Incidentally, after the concert, a group photograph of the band boys will be taken, and it is hoped that every member of the organization will be present in order to make the picture complete. It is the intention of the band management to place this photograph in all the state dailies, advertising the Brady band, and also the boys will be among the band contestants at San Angelo March 21-23rd, during the annual convention of the West Texas Chamber of Commerce. Brady band will be placed in Class B, and there is little doubt but what the local band will secure first prize.

An order has been placed, and the manufacturers are now at work on the uniforms for the Brady band, and the shipment is expected in the near future.

Inconvenient at Times.
Millicent—Alice has a terrible memory.
Marjorie—She doesn't remember a thing, I suppose.
Millicent—Heavens, no! She remembers everything.

BIG "TECH" RALLY IN BRADY ON NEXT THURSDAY BY TOWNS OF THIS SECTION

BRADY CHAMBER OF COMMERCE ACTS ON REQUEST OF COLEMAN FOR GET-TOGETHER MEETING OF TOWNS BALLINGER TO SAN ANTONIO.

The Brady Chamber of Commerce, seconded by the Brady Luncheon club, and with the hearty co-operation of the entire citizenship of Brady and McCulloch county, expects to stage a great "Technological" rally and get-together meeting in Brady next Thursday, March 22nd. Action followed the request by the Coleman Chamber of Commerce for such a meeting to be held in Brady at the earliest convenient date, and in which all towns of this section interested in the locating of the Technological college were to be asked to join and co-operate. An appropriate program is now being prepared and Brady expects to do the honors in such a fashion as to convince all that in this immediate section lies the logical location for Texas Technological College.

Invitations are being broadcasted not only to Coleman, but to Ballinger, Santa Anna, San Saba, Lampasas, Waco, and to Fredericksburg, San Antonio and all intermediate points interested in the Technological college to meet in Brady next Thursday and join in the rally and discussion and exploitation of our mutual advantages. The Brady Chamber of Commerce will be host to the assemblage, and arrangements will be made not only to provide dinner and entertainment, but an appropriate and definite program will be carried out. All this section is counting on enthusiastic participation in the rally by San Antonio and all towns south of Brady, inasmuch as the locating of the college in this immediate vicinity would have important bearing upon the much-desired Frisco extension south to San Antonio.

At the big Rally next Thursday, the natural advantages of this section will be emphasized, and it is hoped to bring about an understanding as to mutual co-operation upon the part of all the towns in advancing the logical location.

AUTO TAX BILL WAS SIGNED WEDNESDAY MORNING BY NEFF—IN EFFECT JAN. 1ST

Much interest has been aroused by the bill passed by the State Legislature Thursday of last week, and which provides for quite substantial increases in taxes on all makes of automobiles. Announcement of the passage of the bill was made in Tuesday's issue of The Brady Standard, together with the list of schedules on all the leading makes of automobiles. The bill became a law Wednesday morning at 9:00 o'clock, when it was signed by Governor Neff, and will become effective January 1st of next year. Co-incident with the passage of this law, another law placing a 1c tax on every gallon of gasoline was passed, and also goes into effect January 1st. Based on the number of gallons of gasoline used last year, this 1c gasoline tax is expected to raise \$9,000,000 additional revenue which will be used in the building and maintenance of highways throughout the state. The amount of auto tax which will be retained in the county, under the new law, is the same as heretofore, viz: 17½c on the horsepower of each automobile according to the A. L. A. M. rating. Heretofore the auto tax has been 35c per horsepower of each automobile, one-half of which was retained by the county where tax was paid, and the other half going to the State Highway department. The additional amount raised under the new schedule of taxation will all go to the State Highway department fund, as will also the entire amount raised by the 1c per gallon gasoline tax.

ROHDE BROS. MARKET INSTALLING COLD STORAGE PLANT FOR ICING MEATS

As an example of business enterprise, The Standard reporter's attention was this week called to the notable improvements being made by Rohde Bros. in their market equipment, viz: the installation of a cold storage plant for the refrigerating of their meats. By means of the new system, the icing of meats will all be done away with, the new plant not only providing cold storage for all fresh-killed meats, but also being used to cool the ice box and the refrigerator counter in which choice meats are kept on display.

J. L. Edwards is in charge of building the cold storage vault, which will be 10x12 ft. in dimension, and which will have a capacity of 15 to 20 dressed beefs. The vault will be insulated with a 2½-inch floor covering of cork, on top of which will be 2½ inches of concrete, with 1½-inch covering of asbestos, while the walls and ceiling will be similarly insulated. The Baker cold storage plant to be installed has a capacity of 2½ tons.

Aside from the advantage obtained in maintaining the temperature absolutely uniform at all times, the vault will enable the wholesale slaughtering and storage of beef when prime, whereas heretofore, only a few head could be killed at a time, while the balance would have to be kept on feed.

The Messrs. Rohde expect to have the new plant in operation within the next week or two.

NOVEL COMPUTING SCALE IS INSTALLED BY PROCTOR & WILLIS IN GROCERY

The latest in computing scales—the Stimson electric—is now part of the store equipment of the Proctor & Willis grocery, and is unquestionably one of the finest scales ever brought to Brady. The scales have a capacity of 100 lbs., with full computing scale, but the most novel feature of all is the fact that every ounce weighed flashes an electric light, illuminating both the figures on the scale and the wording on either side, which reads, "Thank You" and "Come Again."

The Brute.
She—"Aw, let's kiss and make up."
He—"You're made up enough."

MORE NAMES ARE FILED IN RACE FOR ALDERMEN

Since Tuesday's report, three more names have been filed in the race for city aldermen, the election to be held the first Tuesday in next month, being April 3rd, and three aldermen to be elected at that time. New names filed are those of Nollie B. Embry, O. S. Macy and W. J. Evers. This brings the total list of candidates for the city offices up to eight, the following being the list and order of filing:

- A. B. Cox
- W. M. Murphy
- W. M. Bryson
- T. T. Smith
- J. A. Maxwell
- Nollie B. Embry
- O. S. Macy
- W. J. Evers.

Names of candidates should be filed at least ten days before the time of holding the election. Accordingly any names of other candidates may be filed up to Saturday, March 24th, and be assured of place on the official printed ballot.

ROAD PRECINCT NO. 1 TRIES OUT NEW EQUIPMENT

Commissioner Chas. Samuelson this week gave a try-out, with complete success, of the new 60-h. p. Best caterpillar tractor and the Russell Mogul grader, received the past week as road equipment for Precinct No. 1. The test was made on the San Saba road, east of Brady, with R. E. Willman driving the engine and Pat McShan in charge of the grader. On the initial test, it was demonstrated that a mile of road a day could be graded up in A1 shape with the new road equipment, inasmuch as a mile stretch extending from the Carl Johnson tank to the Carlson residence, was completed Monday, when the trial test was made.

Mr. Samuelson, whose road work has heretofore been badly handicapped on account of equipment, or rather lack of practical equipment, expects to keep the tractor and grader busy for the next couple months, in which period he hopes to be able to put all roads in Precinct 1, including both the Voca and Mason roads, in good shape.

NOTICE TO PUBLIC.
I have bought the interest of my brother, F. G. Appleton, in the Appleton Bros. Produce Co., and will continue business under the same firm name. Your patronage will be appreciated. (Signed) D. S. APPLETON.

NINE NEWS.
Nine and Dodge Girls Play Tie Game—Grandpa Wood Improving.
Brady, Texas, March 12.
Everybody busy at Nine now. Men are farming and the women folks gardening and seeing after turkeys.
Mrs. Briscoe and Miss Vivian Smith attended a play at Rockwood Saturday night. They report a good time.
Mrs. M. L. Stanton visited Mrs. Ben Smith Sunday afternoon.
A. A. Griffin and family of Brady spent Sunday with John Newlin and family.
Misses Alpha and Ethelda Blauvelt spent Sunday with Miss Clarine Mauldin.
Mr. and Mrs. Jack Wood of Calf river spent Sunday night with their Grandfather Wood.
Mr. and Mrs. John Newlin and children visited Mr. and Mrs. Bob Jay Sunday night.
Mr. and Mrs. Miles Abernathy and children of Brownwood came down Saturday morning and stayed over Sunday with Mr. and Mrs. L. J. Abernathy.
Miss Freida Griffin of Brady spent Saturday night with Nellie B. Newlin.
Wilburn Rogers and Ed Goldman spent Sunday with Bud Jay.
Mrs. L. J. Abernathy and son, Charles, have gone to Brownwood for a stay of a few days.
Miss Winna Harkrider who is teaching school at Cherokee spent the week-end with home folks.
We are glad to report Grandpa Wood, who has been real sick, as able to sit up.
The Nine basket ball girls played the Dodge team Friday afternoon. Score was a tie.
"ROSA."

VOCA VOICES.
School Play a Great Success, Netting About Sixty Dollars.
Voca, Texas, March 13.
Editor Brady Standard:
Here I come again. Everybody is smiling over the pretty weather we are having. Most all the farmers are busy planting.
Mr. M. A. Leddy made a business trip to Brady Monday.
Mr. and Mrs. John Massey spent Saturday night and Sunday with Mr. and Mrs. Cates.
Miss Ruby Williams returned home one day last week from Camp San Saba, where she has been staying a while. We are all glad to have her back with us.
The play at the school house Friday night was reported a great success. They made something about 60 dollars.
The Katermy basket ball teams came over and played the Montgomery teams Friday afternoon and at which the Montgomery boys and girls were victorious. The scores were 2 and 15 in favor of the boys and 9 and 17 in favor of the girls.
The party Saturday night at Mr. Mill Lange's was enjoyed by a large crowd.
Well, as news is scarce, will ring off for this time. "BOBBY."

Texas Woman Finds Health

Mrs. W. H. Strawn, of Dallas, Who Tells How to Have Perfect Health.
"There were times when I felt so hot and skinny, I was ashamed to go out and meet my friends," says Mrs. Strawn, popular resident of Dallas. "I weighed only 104 pounds. But now I am taking on weight and new life. Ironized Yeast did it. It is amazing what it has done for me. I now weigh 126 pounds. It means so much to me, because 127 pounds was my weight before I married. My husband says I am now more like the girl he married eight years ago, and my lost strength of six years standing is coming back."
No discovery in the field of medicine has aroused more comment than that of the principle embodied in Ironized Yeast for building firm flesh on thin, anemic people and restoring the strength and vigor of health. Ironized Yeast will calm your tired nerves and nurture your shrunken tissues; you will soon know the joy of a hearty appetite, good digestion, rosy cheeks, plump limbs and buoyant spirits. These are the things Ironized Yeast has given to thousands of others, and is guaranteed to give to you. Get it today from your druggist. A ten-day treatment costs only a dollar. Ironized Yeast Company, Atlanta, Ga.
Recommended and guaranteed by Central Drug Store

PEAR VALLEY WHISPERING.
Large Crowd Enjoy Dance at Chas. Bryson's Ranch Saturday Night.
Pear Valley, Texas, March 12.
Editor Brady Standard:
Here I come with a wee-bit of news.
The farmers were all glad to see the sunshine.
Bros Wall filled his regular appointment Saturday night Sunday and Sunday night here. It was the first for some time on account of bad weather.
A few of Pear Valley young people went to the all-day singing at Placid Sunday. All reported a big time; while others preferred a car ride.
Mr. Richard Gossett from Millburn called at Miss Bertie DuBose's Saturday.
The dance at Charlie Bryson's ranch Saturday night was enjoyed by a large crowd of Pear Valley people and from everywhere else.
Mr. Arlis Ludwick purchased a new Ford roadster March 6th.
Mr. Lloyd Spraggins and family returned Saturday from Sonora, but he went back again Monday. Everybody was glad to see them.
Miss Mae Marshall spent Thursday night with Ada Myrl Peel.
As news is scarce, will step to one side and give room for a better writer.

A TWICE-TOLD TALE.
One of Interest to Our Readers.
Good news bears repeating, and when it is confirmed after a long lapse of time, even if we hesitated to believe it at first hearing, we feel secure in accepting its truth now. The following experience of a Brady man is confirmed after four years.
A. H. Connor, carpenter, says: "My back hurt me pretty bad and it seemed that the pains were mostly over my left kidney. My kidneys were congested and the secretions pained in passage and contained sediment. One box of Doan's Kidney Pills which I got at the Jones Drug Co., relieved the trouble with my back and regulated my kidneys."
OVER FOUR YEARS LATER.
Mr. Connor said: "I think Doan's Kidney Pills are a fine kidney remedy and I find occasional use of them to keep my kidneys in good shape."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Connor had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

An admission fee of 10c will be charged for Friday afternoon and Saturday night programs. Also an admission fee of 10c will be charged at both morning and afternoon meets at Dutton City Park. This money to be used to defray the expenses of the meet.

The Interscholastic League Constitution provides that the names of all entrants must be filed with the proper officer at least 10 days before the county meet. The names of all entrants in the Literary Events should be sent to J. B. Smith, Director General, Brady, Texas. Those for track and field events should be sent to J. D. Connor, Director of Athletics, Rochelle, Texas.

Schools that have not paid their Interscholastic League fee, must do so before sending in list of entrants, as only those schools will be allowed to take part, that hold receipts showing that the fee has been paid. This fee may be sent directly to the Interscholastic League, Austin, Texas, or to Miss Maggie McKeand, Brady, Texas. The fees are as follows: Common School Districts with less than 100 enrollment for last year the membership fee will be \$1. If the enrollment was more than 100, the fee will be \$2.

Sub-Junior and Girls Events scheduled for Saturday morning will not count toward county championship.

(Signed) J. B. SMITH, Director General.

W. M. DEANS, Member of Executive Committee.

The Quinine That Does Not Affect the Head!
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of W. W. GROVE.

NOTICE.

The ladies of the Parent-Teachers club will have a cake and sandwich sale all day Saturday. Admiration Coffee will be served free; cakes will be sold at customary prices—buy a nice cake for your Sunday dinner.

CROWNING FEATURE LYCEUM IS MAGICIAN, 23RD

The crowning feature, as well as the concluding number, of the lyceum course presented this winter under auspices of the Parent-Teachers' association, will be presented at the Methodist tabernacle on Friday night of next week, March 23rd, at 7:15 p. m. Davis, Master Magician, the most mystifying of all wizards in feats of magic, will provide an entertainment guaranteed to thrill and astound. Davis has the reputation of being the best magician in the United States, and he proves his reputation in his performance. He carries with him complete and extensive stage paraphernalia, and it goes without saying that young and old, and the school children in particular are looking forward to this number with greatest anticipation. Season tickets will admit as usual, while single admissions will be 50c for adults and 25c for all school children.

You'll discover when you go to see and hear Davis, master magician, that the old saying to the effect there is nothing new in magic, is not true. Davis is the exception that proves the rule.

There is one strange thing after another and fun all the time. You'll laugh at his wit and humor as well as his wonderful magic feats. You'll want to watch him closely for when you think he has finished a feat of magic—and it would be the end with the average magician—he is just getting to the interesting part; in fact, nearly all his tricks have three points to them instead of one.

Davis performs twice as many feats as the average magician. There is no delay with useless "patter" and his talk is as interesting as what he does. With a splendid stage setting, lots of paraphernalia, and an excellent assistant the entertainment runs smoothly and without waits. You will say he is the cleverest magician you have ever seen, and you will enjoy his program from beginning to end. There is not a dull moment.

LOCAL BRIEFS

P. G. Barry of Deleon is now in charge of the new Brady Cotton Exchange, relieving Carroll Bowden of Brownwood, operator temporarily in charge. Mr. Barry will be joined here within the next few days by Mrs. Barry and two children, and Brady folks will be glad to extend them a hearty welcome to citizenship.

Congratulations are being showered upon Mr. and Mrs. G. L. Hollon, the occasion being the arrival of a fine 9-pound son and heir on Wednesday, March 14th. Needless to say, the happy occasion marks a new epoch, and Father Hollon is smiling more broadly than ever, the while trying mighty hard to keep his feet on terra firma. Mother and babe are reported doing splendidly.

S. E. Parker arrived here Wednesday morning from Abilene for a brief visit while looking after business affairs. Mr. Parker says they are more than pleased with the Tourist Hotel, which they now have in charge at Abilene, and says they have not only one of the most modern and completely equipped hotel propositions in West Texas, but that they are anticipating a most successful and growing business. Mr. and Mrs. Parker are thorough-going hotel people, and will give Abilene a hostelry entirely in keeping with the city's needs and demands.

DODGE BROTHERS TOURING CAR

As Spring days approach, the demand for Dodge Brothers Touring Car mounts swiftly.

Dodge Brothers one problem, at present, is not how many Touring Cars they can sell, but how many they can build.

Never was public approval of Dodge Brothers product more obvious, and never was it more richly deserved.

Improvements, rarely spoken of but constantly being made, have brought the car to a state of perfection which can only be described as remarkable, even for Dodge Brothers.

Every part which takes a major strain is built of chrome vanadium steel. Many more pieces of alloy steel are used in vital parts than normal wear requires.

BRADY, TEXAS, Mar. 16, 1923

Winters' come back last night evidently delivered the K. O. to McCulloch county's fruit prospects.

CARELESSNESS.

Annually the country pays a heavy toll as a direct result of carelessness. We leave a box of matches in a pantry where shelves are covered with newspapers. A mouse comes along, tries to eat the head of the match, ignites it, and the house goes up in smoke.

The lub runs low in our automobile and we attempt a long trip over rough roads. The result is a garage bill at the end of the month that eats heavily into our pay envelopes.

Our system runs down, we observe none of the simple rules of health, and finally we go to bed, grunt, and for a while care little whether we live or die. The result: big doctor and drug bills at the end of the month.

We come walking briskly down the sidewalk with our minds in the office or Palm Beach, and start across the street intersection without looking either to the right or to the left. We get bumped over by an automobile with the final result that we are not physically able to get back to the office or financially able to go to Palm Beach.

One could go on and on making up a list of the careless things we do which tend to take much of the comfort out of life and which result in most of our troubles.

Precaution, practiced diligently, soon becomes a habit—and one that pays. If efficiency experts are really interested in getting at the heart of the causes of the high cost of living, they might make a comprehensive survey of the extent to which carelessness contributes to the increases and thus render the country a service.—Temple Telegram.

THE CASE OF AUSTRIA.

Last week the Austrian loan was oversubscribed in London. Indeed, it was subscribed twice over, and then some.

Two years ago this would have been impossible.

Two years ago the politicians and diplomats were still harking at Austria, along with a dozen other crippled states.

Austria's good fortune is due to the fact that they gave her up as a hopeless, worthless bit of wreckage. She dropped out of the limelight over night.

Ceasing to be a storm center for intrigue and controversy, she held no interest for the public.

That gave business men, both within and without Austria, their first opportunity.

They got together on a purely business basis.

Within the space of two years they have put Austria in shape where the British people are willing to bet good money on her.

Barring a conference, or an ambassadorial council, or a debt commission composed of aspiring politicians, or something of the sort, Austria is now on the road to financial solvency.

The case of Austria is suggestive. In one way it suggests that if Poincaré and Cuno were to step aside and leave the reparations problem to French and German industrialists, with the co-operation of British and American financiers, we might expect a sound adjustment within a reasonable length of time.—Houston Chronicle.

ROAD AID IS HELPING WINTERS.

Winters has extended her paving program, and instead of paving three or four blocks, as was originally intended, the work is being extended, and the new program calls for two-thirds as much paving as Ballinger will have when the present paving contract is completed.

In the original contract Winters received aid from the State Highway Commission, and in the extended program Winters is going after more aid. The Winters people sent Engineer U. Stephens to Austin before the commission to apply for more aid in carrying on the work.

Winters is operating under a charter, or is in the class of towns which makes it possible for the highway commission to aid in building highways thru that city, and the Winters people are using good judgment in taking advantage of this.

Not only is Winters taking advantage of this and putting up her part of the necessary expense, but the people of Winters road precinct are meeting the highway commission's requirements and are getting aid for building the highway through the precinct, giving Winters a good road from the North and South. The work will soon be completed.

Ballinger cannot share in state and federal aid in street paving, but the precinct can get aid for building good roads, and we are playing a losing game, if we do not take advantage of it.

We understand that the highway commission has voluntarily transferred \$20,000 appropriated for the Talpa road, and which we could not get because we could not meet the requirements, to the Hachel-Ballinger project, and this amount and more can be had for building a road to connect with the Southern end of the Winters link, if the Ballinger precinct will put up its share of the money.

No time should be lost in working out some scheme to raise the county's part of the money. The public needs this road and the county needs the highway commission's assistance in financing the work, and we should get it while the aid is available.—Ballinger Banner-Ledger.

TEXAS CAN LEARN FROM DENMARK.

Texas comprises 264,780 square miles of territory. It runs the whole gamut of climates. She has nearly every variety of soil. There is scarcely a product used by man for food or raiment that can not be raised within her limits. She raises nearly a fourth of the cotton crop of the world and has more cattle than any State in the Union, and millions of sheep.

It is a long ways from Texas to Denmark, and 15 Denmarks could be set down in Texas, and yet leave many more square miles unoccupied than many states comprise.

Denmark raises 35,000,000 bushels of oats, 21,000,000 of barley, 18,000,000 of rye, and 18,000,000 bushels of potatoes. The potato crop of the United States is about 425,000,000 bushels. If we made the same crop to the square mile that little Denmark does our crop would be nine times as large. Something may have been "rotten in Denmark" in Hamlet's day, but she is evidently clean and up to date now. She can teach us much.—Houston Chronicle.

ROBERT STRICKLAND EXHIBITS PRIZE BABY BEEF

(By Geo. E. Ehlinger, County Agt.)

For a McCulloch County lad to feed and care for a calf and make a fine baby beef animal of it in less than a years time and then take his calf to Fort Worth and show him against all other Club Boys of the State and win fourth prize in strong competition there should come a feeling of pride in the heart of every citizen of the county who is directly or indirectly interested in the welfare of the county.

The story about the calf is rather short for the fellow was but nine months when he made his debut into the high bovine society of the showing at the Fort Worth Fat Stock Show. Last year Robert Strickland, a Brady Central school lad, decided to join the Agricultural Club. He first procured two pigs but some how or other they didn't appeal to his fancy. So about the first of September he induced his Daddy, Mr. Ben Strickland, to talk F. M. Richards out of a fine Hereford steer calf. When he received the steer it had come off Mr. Richards ranch and was very wild having had very little in common with mar up until that time. However, after about two weeks the calf began to learn that the boy was his friend and that there were lots of good things in store for him provided he behaved himself.

By the first of October the calf was eating nicely and Mr. Strickland built a nice shed for his son to feed his calf in. From the very start the calf responded to the care he was receiving, and at the consequent bi-monthly weighings always showed a gain of from two to three pounds per day. Every one who saw the calf pronounced him an exceptionally good type of feeder and a credit to the herd from which he sprang. Unfortunately, for the calf, he thrived so well that at the end of seven months of age his mother decided that he was doing so exceptionally well that she weaned him and left him to shift for himself. At this time a little cotton seed meal was added to the calf's ration and he went right on growing and making the boy money every day.

As stated above Robert received the calf at four months of age or rather had him eating nicely when he reached that age on October 2. During the feeding period of 150 days the calf consumed an average of 3 lbs. of oats, 2 1/2 lbs. of corn and 1/2 lb. of wheat bran. For the last sixty days or after his mother weaned him, one pound of cotton seed meal was added to the ration daily. During the same period he also consumed three bales of Johnson Grass hay, making a total cost of feed of \$31.06, according to the record kept on the feed. He was charged \$9.00 for nursing his mother 90 days and \$2.50 for the boys labor in putting out the feed for him, making a total cost, including the original cost of calf, of \$67.50. After the prizes were awarded on last Thursday morning, the calves were sold at auction in the stock yards and Robert's calf was bid in by Swift & Company at fifteen cents per pound. He then had to be shrunk in a dry lot without feed or water for twenty-four hours and when weighed in Friday at noon tipped the scales at 650 pounds, bringing \$97.50. Robert also won \$15.00 in prize money which made his calf total \$112.50.

There were five strenuous days spent at the show by those of us who were directly interested in the calf. We realized when we shipped the calf that we were going up against a good show and when we arrived at the show we heard so many good comments on the calf that we wondered what the outcome would be. They first reported that the calves would be judged on Tuesday, then on Wednesday, but owing to the fact that some of the calves were not yet out of quarantine the judging was done Thursday morning by Prof. Kennedy, of Sioux City, Iowa. Seventeen calves were in the ring and Robert's stood ninth in line. When the judge started down the line he stopped, looked the calf over, and told him to go up to fourth place. He then came back and for a while studied this calf and the calf which stood third and we held our breath wondering and of course hoping that he would move him up a notch. However, he was satisfied with them as they were, and so were we, for we realized that in winning fourth place as a nine month old calf against others which had reached twelve months of age he had performed well.

Now then the precedent has been set and it has been demonstrated that any boy in McCulloch who has the grit and determination and is willing to do the right thing by a calf can not only get a great deal of good experience in finishing and showing a calf, but can start himself

J. U. SILVERS SUFFERS LOSS OF BARN, GARAGE AND AUTO BY FIRE THURS. NIGHT

With the wind blowing a gale, the fire which last night at 8:00 o'clock completely destroyed the combination barn and garage, and also the Buick automobile of J. U. Silvers, furnished a most spectacular and exciting occasion. Origin of the fire is a mystery, the Silvers family being aroused by the popping of the auto tires, or else the explosion of the auto gasoline tank. The sheets of flame were whipped about by the high winds, threatening neighboring property and nothing could be done to save the structure or contents, the fire boys confining their attention to adjoining buildings.

The loss is quite heavy for Mr. Silvers, including a 5-passenger, 6-cylinder Buick and other contents, in addition to the building. Insurance was carried on the auto, but none on the building.

Insurance on J. U. Silver's automobile was carried by A. B. Carrithers. See him for auto, crop and all kinds of fire insurance, or phone 275. "Better Safe Than Sorry."

a bank account as well. Next year we wish to see enough boys in the county feeding baby-beeves to enable us to show a full carload of prize winning calves at Fort Worth instead of one. We have made a good start and now let us keep the good work going. Any school boy between the ages of ten and twenty years who is the right type and whose father will back him up in getting the feed with which to finish a calf can get one by coming to the Baby Beef Club. For boys who live on the farm and who contemplate feeding a calf I would recommend that you plant an acre of maize and a half acre or less of Red-Top cane for hay and then you will have the bulk of your feed when you get ready for your calf next September. These calves should start on feed in September and be finished by March 1st.

NEFF APPROVAL FRISCO MERGER BILL PREDICTED

AUSTIN, March 13.—As finally passed, with one dissenting vote in the Senate Tuesday, the Frisco merger bill is acceptable to the authors of the measure, the floor managers and the Frisco people, announced Senator Stuart of Fort Worth Tuesday.

Senator Stuart of Tarrant and Senator Darwin of Paris had a conference before the Senate convened this morning with the attorneys and owners of the different roads involved, and it was agreed that the statement made in the Palestine amendment to the effect that shops should not be moved or relocated should apply only to the property now owned by the I. & G. N. Railroad. This made the bill acceptable both to the authors of the measure and to the companies involved.

Senator Ridgeway offered an amendment which requires the consolidated railroads to extend the line from Brady to San Antonio. After this amendment was tabled, the previous question was called for and the bill finally passed as amended.

Senator Stuart stated that under the present amendment it was his opinion that Palestine would be able to retain the roundhouse and machine shops and that it would be necessary for the St. Louis, San Francisco and Texas Railroad to maintain division offices only at Palestine, which office would control and operate the property formerly owned by the I. & G. N. Railroad Company and that other property would not be affected.

This bill is considered one of the most important pieces of constructive legislation that has been accomplished during this session of the Thirty-Eighth Legislature and it is said the people who have formerly been served by these roads would now be served by one great trunk line instead of several short lines that were having to strive for existence.

The merger bill will add approximately 1,400 miles to the St. Louis, San Francisco system, and give it a route to the Mexican border. The lines to be consolidated are the International Great Northern, extending from Longview to Laredo, Texas, with several branches, 1,106 miles;

Fort Worth and Rio Grande, 223 miles; Brownwood, North and South, 17 miles; Quanah, Acme and Pacific, 78 miles; and Paris and Great Northern, 16 miles.

Habitual Constipation Cured in 14 to 21 Days
"LAX-FOS WITH PEP-SIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

SOCIETY

Bridge Club.

Mrs. J. W. Ragsdale was hostess to members and guests of the Bridge club on Thursday of last week. In the series of games, played at three tables, Miss Lucille Benham received prize for high score, and Miss Norma S. auel guest prize.

The hostess served a salad course. Members present were Mesdames G. V. Gansel, B. L. Malone, J. G. McCall, R. W. Turner, W. D. Cargill, Edwin Broad, Dimmit Wood; Miss Lucille Benham. Guests were Mesdames Dick Winters, Chas. Williams, and Misses Lessie and Norma Samuel.

Mrs. Dimmit Wood entertains at the next meeting.

Bridge Club.

At its regular meeting on Thursday of this week, the Bridge club was entertained by Mrs. Dimmit Wood. Four tables were set for Bridge, and in the series of games played, Mrs. W. D. Cargill was awarded high score and club prize and Mrs. W. W. Walker received guest prize.

A delicious salad course was served to the following members: Mesdames B. L. Malone, J. G. McCall, R. W. Turner, W. D. Cargill, J. W. Ragsdale, Edwin Broad, Sam McCollum and Miss Lucille Benham. Guests were Mesdames H. W. Lindley, Jamie Brook, Dick Winters, W. W. Walker, W. R. Davidson, G. C. Kirk, Ed Campbell, S. S. Graham.

Mrs. Edwin Broad entertains next week for the club.

Wednesday Forty-Two Club.

Mrs. Clyde Hall entertained pleasantly last Friday afternoon at the residence of Mrs. F. M. Richards for the mid-week Forty Two club, four tables of "42" being enjoyed by members and guests present. Following the series of games, a salad course was served by the hostess.

Members present included Mesdames J. B. Granville, Evans J. Adkins, V. R. Jones, C. Crawford, Marion Rice, N. G. Lyle, Jr.; Miss Mozelle Glenn. Guests included Mesdames Ira Q. Mayhew, T. Gray, Jas. T. Mann, E. A. Burrow, A. B. Cox, Henry King, P. B. Melton, F. M. Richards; Miss Odyne Beaver.

Mrs. Crawford entertains at the next meeting of the club.

Junior and Senior Picnic.

The Junior and Senior classes of Brady High school enjoyed a picnic at Niblock on March 2nd, going out on the morning train, taking dinner and supper at the picnic grounds and returning to Brady on the evening train.

Enjoying the occasion were the following members of the Senior class: Dorothy Ogden, Viola Tom, Gertrude Trigg, Frances Samuel, Katherine Ballou, Florence Bates, Dan Epps, Earl Deans, Glenn Ricks, Arthur Awalt, Franz Taylor, James Snider. Members of the Junior class were Mary Jo Adkins, Oma Willoughby, Mary Lyle Vincent, Beatrice Dial, Rachael Wilkerson, Gertrude Gahagan, Maurine Wolf, Lackey Abernathy, Robert Tabor, Archy Wimberly. Chaperons were Miss Eleanor Hensley and Mrs. Roy Wilkerson.

Bachelor Supper.

Mrs. L. M. Wood entertained at her home in East Sweden on last Monday night, March 12th, with a "Bachelor Supper," the occasion being in the nature of a surprise for Rev. Wood upon the occasion of his 38th birthday. In fact, it was the carrying out of a plan originally conceived by Rev. Wood himself, while Mrs. Wood was enjoying a Christmas visit with relatives in Tennessee, when Rev. Wood promised the many "bachelors" of the community a supper following her return.

The evening proved a most enjoyable one, various games and contests helping to pass the time. Everett Salter received a prize of a comic picture by reason of being judged the ugliest bachelor present.

Some twenty-eight men and boys, all single, participated in the occasion, and all pronounced the occasion

a most enjoyable one. Assisting Mrs. Wood in entertaining were Misses Ruth Hurd and Jewell Salter.

Spanish Clubs.

The four Spanish classes in the High school have been organized into Spanish-speaking clubs, by the instructor, Mrs. Bowles. Each class has a meeting twice during the month.

The program consists of songs, readings, play games and dialogues in Spanish.

A small fine is paid by anyone speaking during the meeting in English. This fine is collected by a Spanish policeman.

The officers for Class A, of the first year division:

President—David Dutton.
Vice-President—Julia Awalt.
Secretoria y Tesorero—Elizabeth Browning.

Officers of the B division:

President—Odell Olson.
Vice-President—Chas. Samuels.
Secretoria y Tesorero—Lora Hicks.
Officers for second year class, Division A:

President—Dan Epps.
Vice-President—James Snider.
Secretoria y Tesorero—Dorothy Ogden.

Poliznite—Arthur Awalt.
Division B:

President—Mary Campbell.
Vice-President—J. D. Miller.
Secretoria y Tesorero—Bertram Broad.

Poliznite—Dhelas Reed.

NOTICE OF CITY ELECTION.

Notice is hereby given that an election will be held in the City of Brady, in the County of McCulloch, State of Texas, on the first Tuesday in April, 1923, same being the 3rd day of April, 1923, for the purpose of electing the following officers, of the City of Brady, to-wit: THREE ALDERMEN, all of whom shall hold their respective offices for a term of two years and until their successors are elected and qualified, said election will be held at the Court House in the City of Brady and in the Northwest corner room of said building on the ground floor thereof, same being the place heretofore designated by the City Council for holding City elections and the place where such elections are usually held. L. Ballou has been appointed presiding officer of said election, and he shall appoint two judges and two clerks to assist him in holding said election and no one shall be permitted to vote at said election except those who are qualified under the laws of this State to vote at said election. The polls shall open at eight o'clock in the morning and shall remain open until seven o'clock in the evening, and said election shall, in all respects, be conducted and held and returns thereof made as required by the Laws of the State of Texas and by the ordinances of the City of Brady.

Witness my hand at Brady, Texas, on this 23rd day of February, A. D., 1923.

E. L. JONES,
Mayor of the City of Brady, Texas.
Attest: E. G. GILDER,
City Secretary.

To Stop a Cough Quick
take HAYES' HEALING HONEY—a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

Song.
Closing prayer.

At the Methodist Church.
Very good congregations Sunday at our church. Sunday school was good and a good collection—more than \$92.00. Did you help the congregation or the collection? Some Methodists in town have not been to church this year—not even to see the new preacher, to praise or condemn him. Funny folks, aren't they? I wonder what they do with their church vows! Does the world know that they are Christians? Well, I wonder!
Sunday school hour unchanged—9:45. Bring the children and come. Brother Morris will preach at the morning hour. Subject unknown to me. His sermon will be good because the man behind it is a good man. Come to the morning service. Preaching at night by the pastor.

PERSONAL MENTION.

Roy Barton and Burt Burk were Rochelle folks in Brady the first of the week.

Mr. and Mrs. Duke Mann went to Dallas Monday on a combined business and pleasure trip.

Clyde Windrow, a prominent and substantial citizen of San Angelo, was here the first of the week on a prospecting trip.

Mr. and Mrs. Karl Steffins and son, Karl Keller, spent the first of the week here from Eden visiting relatives and friends.

Oscar Guestinger, local Western Union manager, returned Sunday from Brownwood, where he attended a meeting of the various managers in West Texas.

Mrs. Walker, an experienced saleslady of Brownwood, has accepted a position with the Benham store, to assist in the millinery and ready-to-wear departments.

Jas T. Ballou arrived Wednesday from Lordsburg, N. M., and will spend about a month here as a guest of his parents, Mr. and Mrs. L. Ballou, and relatives and friends.

Gus Shropshire, who has been with the Richardson cotton firm at Brownwood the past season, is spending the summer months in Brady, but expects to take up the cotton business again this fall.

Mr. and Mrs. E. E. Spiller drove to Fort Worth last Friday in their car to accompany Mrs. Spiller's sister, Mrs. Walter Fleeson, and baby upon their return home following a visit here the past several months.

Mrs. Claud Baker and children, Mrs. Louie Baker and children arrived here Wednesday for a visit with relatives and friends. Mrs. Louie Baker and children are enroute to California, where Mr. Baker is already located, and where the family intends to make their future home.

Mr. and Mrs. Will Allen Jones left last Thursday for Lubbock, where they expect to make their future home, and where Mrs. Jones' parents, Mr. and Mrs. Tom Stobaugh, have been located for the past month. Their many friends join in wishing them every happiness and success in their new home.

His subject will be, THE MAN WHO FOUGHT THE STARS.

Did he succeed or did he fail? Come out and see how this man came out in his fight.

Good music and a hearty welcome to all.

C. L. BROWNING.

M'COLLOCH CO. STOCKMEN BUY PRIZE CATTLE

The fact that it pays to raise better stock is taking hold with a vengeance in all lines of livestock production in McCulloch county. This fact is evidenced by the number of fine animals brought into the county the past year, and again by the fine specimens unloaded at Brady Saturday afternoon. Some of our stockmen are getting so very particular about the quality of the animals they buy that our best breeders are finding it difficult to raise their animals up to the standard as required by our McCulloch county stockmen and breeders.

Among the Blue Bloods brought in Saturday were five heifers purchased by F. M. Richards and the same have been located on his ranch seven miles east of town where they will be used in connection with the other fine cattle already out there, in building up a herd of purebred Herefords which we hope will be second to none in the whole country. One of these heifers was the Junior and Grand Champion female of the show and was bought of Mr. C. M. Largent & Sons of Merkel, Texas. Two of the heifers were secured from Mr. W. E. Bennett of Amarillo, Texas, and one of these stood second in her class. Another was purchased of Mrs. McClure, an Oklahoma breeder, and this heifer stood either fourth or fifth in her class. The other heifer was a high class animal out of the show herd of Mr. Tom Parrott of Throckmorton, Texas. The third prize aged Hereford bull of the show was entered in the auction sale by Mr. Elgin Kothmann of Mason, Texas, and was also added to Mr. Richards' herd.

Mr. Jas. T. Mann secured three very high class females from the show herd of Mr. Gist of Midland,

Texas. While Mr. Mann did not buy and of the prize-winners he secured animals of prize-winning breeding and with them he hopes to build up a herd from which he can furnish stockmen with herd bulls which will give service under range conditions and do justice to the Herefords as a breed, and which will deliver the goods under any and all conditions insofar as this is possible of any breed. Mr. Mann already has some fifteen head of registered Herefords on his ranch and has them headed by two very fine Hereford bulls from which he is getting some very fine prospective future herd sires.

Edd Bryson is another fancier of blue ribbon stock, having purchased a registered Scotch Durham male at the Fat Stock show. The animal is one of the finest of the breed ever brought to this section. It was exhibited by Dr. Raby, and tips the beam at 2300 lbs. Mr. Bryson and mother, Mrs. A. N. Bryson, now have a herd of 40 registered Durham cattle on their ranches, and are enthusiastic over the possibilities of the breed, which is said to be the best for farm purposes, combining both milk and beef qualities that make it invaluable on every farm in this country. It will be remembered that W. S. Shropshire shipped a Durham cow to the Fat Stock show, weighing 1790 pounds, and which sold the past week on open market bringing a total of \$116.00. This is said to be the only sale on record this year of a cow raised in this or any other county in Texas bringing more than \$100 on the open market.

Mr. Bryson also purchased two fine Rambouillet bucks, which took 1st and 2nd prizes at the Stock show, and which were acclaimed as the best bucks ever exhibited at Fort Worth. The animals were raised at the A. & M. College at Oklahoma City and from Fort Worth were taken to Oklahoma City for exhibition in the Oklahoma State Fair before Mr. Bryson is given possession of them.

ELECTION NOTICE.

Notice is hereby given that an election will be held in the Brady Independent School District on the 7th day of April, 1923, the same being the first Saturday in said month, for the purpose of electing four (4) trustees for said school district to serve for a period of two years.

S. H. Jones is hereby appointed manager of said election and he is directed to appoint such assistance as is necessary to aid him in holding said election, and shall hold said election in accordance with the laws of Texas governing elections and shall make returns of said election to the Board of Trustees of the Brady Independent School District within the time prescribed by law.

Dated this 2nd day of March, 1923.
F. A. KNOX,
Secretary Board of Trustees, Brady Independent School District.
A. J. RICKS,
President of the Board.

Show Card Ink in all colors. The Brady Standard.

BRADY PUBLIC LIBRARY IS MOVED TO TAYLOR'S CONFECTIONERY ON SOUTH SIDE

The Brady Public Library, which has been using the small room adjoining the tax collector's office in the court house, by kind permission of the commissioners court, has been obliged to vacate the office, which is now in use by Mrs. Nona Montgomery, county treasurer.

At a meeting of the Library board last week, it was decided to accept the offer of W. O. Taylor to give space for the library in his confectionery on the south side of the square, and to which place the library cabinet, books and equipment was moved the first of the week.

Mr. Taylor states that not only will ample space be provided for use by the library, but the store fixtures will be rearranged so as to make the same a most inviting and attractive place.

The Brady Public Library has grown into a most popular and appreciated institution; it has been maintained in a most commendatory manner by the board of trustees, and quite a number of ladies have given freely of their time and services in its operation for the convenience of patrons.

CONSOLIDATION AND SPRING OPENING SALE

OPENS FRIDAY MARCH 15 AT THE FAIR WILL CONTINUE 15 DAYS BRADY, TEXAS

Announcing the consolidation of the Hub Dry Goods Store of Brady with the Fair. The entire stock of the Hub has been moved into the building of the Fair, thus closing the Hub. By consolidating these two large stocks gives us the lead by a big margin, in claiming the largest stock of dry goods under one roof in this section. In fact, we have more goods than we can house, hence this sale and effort to unload as much as possible so that we will have room to display our various lines.

We inaugurate this mighty sale at this time for the sole purpose of closing out the surplus stock and in order to do that, we have cut the price of every article in the store.

You will find bargains in every section of the big store. We are compelled to dispose of a greater portion of this stock and therefore cutting the price. I am personally going to direct this sale and see that everyone is properly waited on and see that you get actual bargains. I guarantee every piece of goods to be as represented, or your money back.

Yours for continued service,
HENRY W. ZWEIG.

STAPLES, SILKS AND DRESS GOODS

To tell you that we have a big stock of these goods might sound boastful, but it is a fact. By consolidating the two large stocks into one store, gives an unusual large stock—in fact, too large to handle comfortably. So we have cut the price and for 15 days they are going. Better come in and buy a supply. Goods are not going down; cotton is 30c and better; we are selling this stock on 20c cotton basis. Here are a few special features:

BRADY THE FAIR TEXAS

JUST TWO WEEKS TILL EASTER

The Season's Greatest and Most Joyous Fashion Event Comes on April 1st

Benham's Stocks are Wonderfully Complete, and Every Express Brings New Additions

THE SUIT FOR EASTER

Three-Piece or Simply Two

Because it solves the problem of neatness and absolute comfort, together with its manifold uses all during Spring and Early Summer, the three-piece suits are particularly popular.

The two-piece suits continue popular with more conservative dressers, and are shown here in endless assortment. Both the two and three-piece Suits are shown in Tricotine, Poiret Twill, Twill Cord and other popular materials, and colors of Navy, Cocoa, Grays and beautiful varieties.

HATS FOR EASTER

Combine Beauty and Elegance

—never before such beautiful Millinery; never such wonderful colorings, shadings, combination effects and dashing styles. Paisley trimmings add to the charm and harmonize beautifully with the most popular costumes. The range of prices is, upward to \$25.00, but we are featuring hats strong at \$5.00 to \$7.50. By all means visit our Millinery department.

Lovely Easter Sweaters

Charming Weaves and Colors

Soft, lovely yarns, in rainbow colorings; some with a wide sash of Jade Satin Ribbon—Sleeveless Jackets, Blouses and Slip-Overs in colors that are distinctive and alluring.

ACCESSORIES FOR EASTER

All the wonderful new Spring colors are beautifully matched in the Hand-Bags, Beads, Combs, Ear Drops and many other novelties and accessories. Everything is here for the costume complete.

THE DRESS FOR EASTER

Bouffant or Slender and Straight

The general rule for Taffetas is to be bouffant, and our gorgeous Easter collection includes a diversity to charm every woman and every taste. Some are simply flowing in design; others have pinched bodices—all are beautiful in design and arrangement.

Crepes, on the other hand, are graceful, slender and reserved. The Paisley effects are charming, especially in combination with hat and accessories to match. Pleated panels and jabot drapes, long sleeves, many of them slashed, and a variety of colors that leaves nothing to be desired.

THE WRAP FOR EASTER

Gives Choice of Cape or Coat

Beautiful coats are included in the showing, some with wide sleeves giving impression of a Cape; others slashed or cut diagonally and made with novel cuff; collars both ruched and plain. Cape fashions in plain circular, yoke, pleated and tucked styles, each adorable in itself. A range of colors and combinations that will appeal to the most critical.

Blouses for Easter

The Blouse is more popular than ever this Spring, and an exquisite assortment of styles at popular prices awaits you here. All the popular colors; crepe de chine, Voile and other materials. Paisley leads in preference, and combines charmingly with Paisley effects in Dresses, Suits, Hats, Handbags, etc.

EASTER SHOPPING IS A PLEASURE AT

BENHAM'S

The Store of Style and Quality

Skirts for Easter

The most extensive and beautiful collection of Sport Skirts we have ever shown for Spring. The Eponge Skirt, a basket-woven material, is smart and new, and is shown in an entrancing assortment including checks, striped patterns and novelty effects.

FLIES ARE GERM CARRIERS SAYS STATE HEALTH OFFICER AND NOW IS TIME TO START

Austin, Texas, March 13.—It has been definitely proven that flies and mosquitoes are responsible for a number of diseases, said Dr. Z. T. Scott, Secretary of the Texas Public Health association. A great amount of money is spent every year in Texas to repair the damage wrought by these pests.

Flies are known to spread typhoid fever, tuberculosis, diarrhea, dysentery, etc. A single fly has been known to carry 600,000 germs on its body at one time. The best way to kill flies is to destroy their breeding places, remove all filth, screen, trap and "swat."

There are many different species of mosquito. Some are disease carriers and others are not. Malaria, dengue fever and yellow fever may be transmitted by mosquitoes. The best plan is to kill all species. Mosquitoes must have water in which to lay their eggs; without this the mosquito could not live. All standing water should be drained where possible. In other cases the water should be covered with oil or surface minnows placed in the water. Dwelling places should be screened against these pests.

The time to start these campaigns is now, and everyone should lend their assistance in exterminating these pests. Much more can be accomplished if the campaign starts early before the flies and mosquitoes have an opportunity to increase.

CATARRH

Catarrh is a local disease greatly influenced by Constitutional conditions. HALL'S CATARRH MEDICINE consists of an Ointment which gives Quick Relief by local application, and the Internal Medicine, a Tonic, which acts through the Blood on the Mucous Surfaces and assists in ridding your System of Catarrh. Sold by druggists for over 40 Years. F. J. Cheney & Co., Toledo, O.

CURTIS NORMAN COMPANY RECEIVES CARLOAD PARTS—HAS MOST COMPLETE STOCK EVER

The Curtis Norman Company, local Ford representatives, has just unloaded a solid carload of Ford parts, undoubtedly the largest single shipment that has ever come to this section of Texas, and which gives this enterprising company the most complete stock of parts of any Ford agent in West Texas. The carload shipment was one of several trainloads of Ford parts shipped to Ford dealers in Texas the past month, there being a total of 38 carloads in all.

The tremendous shipment speaks volumes for Ford organization and service. There are bolts 100 of a size in a case; there are axles by the case; almost enough fenders to fill a carload by themselves; every conceivable part of the Ford car which might be required for making quick repairs, is included in the shipment.

Mr. Norman has thoroughly systematized his business, and the recent installation of all-steel compartments, enables the complete cataloging and indexing of all the various parts, so that any desired piece is immediately at hand. Incidentally this same arrangement enables keeping up with the stock, so that all items running short may be replenished. Mr. Norman is to be congratulated upon the splendid business organization he has effected, and which is certain to make for increasingly great success in his endeavors.

23 SERIES STUDEBAKER LIGHT-SIX SEDAN \$1550

Hidden qualities largely determine the value and life of a closed car.

Beauty of line and finish and refinements are surface indications and important ones. But your satisfaction with a closed car depends to a great degree upon factors that are unseen—the in-built qualities that come from correct design, use of highest grade materials and careful workmanship.

The 23 Series Studebaker Light-Six Sedan is a quality car. It is built to endure—to give lasting satisfaction.

The Sedan body is substantially built. It will last for years and retain its beauty and comfort. Evidence of its hidden goodness lies in the fact that down under the paint and varnish, the pillars, roof rails and supporting members are made from specially selected ash.

Four wide-opening doors make it easy for all passengers to get in or out without inconvenience to each other. A high-grade heater affords summer warmth on cold, damp days. The wide windows give broad vision in every direction.

Studebaker quality is traditional.

MELVIN LAVISH IN HOSPITALITY LAST TUESDAY

Melvin, Brady's progressive friend
and neighbor, has just again covered
itself with glory and has been the
recipient of unstinted praise for the
remarkable manner in which she
staged the Canning Demonstration
held last Tuesday, and for the lavish
hospitality she extended all visitors
upon the occasion. Melvin always does
the thing just right, but from all ac-
count, she was even more right than
ever before, for not a single thing
was left undone; the entire citizen-
ship was of one accord in making
the occasion the most notable ever
staged in this county.

Visitors attending bring back a
story of a wonderful dinner served,
in which an abundance of barbecued
goat was the piece de resistance,
while bread, pickles and coffee served
as an introduction to pies, cakes and
peach cobbler, much of which was
brought out by the tubs-full for dis-
tribution. Over 400 were fed at this
dinner.

After singing the praises of the
elaborate dinner, one learns that the
real purpose of the meeting was a
canning demonstration, together with
various other demonstrations by the
Home Demonstration departments,
and which proved of such importance
and interest that the entire town
closed up from 11:00 o'clock until
3:00, in order not to miss a single
interesting phase of the work.

Including in the canning demon-
stration was that of a beef furnished
by O. L. Neve, while a number of
chickens furnished by various citizens
were also canned. A demonstration
of making dress forms was also given
for the benefit of the ladies.

Taking active part in the conduct
of the demonstrations, which were
held in the Cobb & McCaughan build-
ing, adjoining the First State bank,
were Miss Mae Belle Smith, McCul-
loch County Home Demonstrator,
Miss Mary Jessie Stone of Brown-
wood, District Demonstrator, and
Miss M. Helen Higgins, State Dem-
onstrator of A. & M. College. Geo.
E. Ehlinger, County Agent, also gave
an interesting talk and demonstration
of culling, and spoke of the possi-
bilities of raising capons in McCul-
loch county. As a practical demon-
stration of the possibilities of capons,
Mr. Ehlinger had on exhibition a
capon which had hatched and was
mothering eleven baby chicks, scratch-
ing for food and clucking to the brood
with all the solicitude of a mother
hen.

Another feature of the program
was a talk on good roads by E. G.
Albright of Ranger, representing the
Texas Highway association, and who
is working out of Ranger organizing
this section of Texas for co-operation
with the highway association in its
program.

Two matched basket ball games,
the one between two girls' teams, and
the other between the boys' high
school team and boys' town team
furnished amusement and diversion
during the afternoon.

Included in the demonstration was
the canning of 253 pounds of beef,
which was made into chili, roll roast,
plain roast, steak, stew and soup.
In addition was the canning of baked
hens.

An enthusiastic club, with an initial
membership of twenty-five was or-
ganized, and an active program of
work for the coming year was plan-
ned. Included in the program were
the following:

Canning of Beef, Poultry, Corn,
Etc. Mrs. E. T. Jordan, leader.

Lessons in Making Over Children's
Clothing from Dad's Old Garments.
Mrs. Oscar McDonald, leader.

Culling, Feeding and Treatment of
Diseases of Poultry. Mrs. Bob Ar-
mistead, leader.

Garden Work. Mrs. Bible, leader.

Food Demonstrations and Study.
Mrs. Oscar Malmstrom, leader.

The next meeting of the newly-
organized club was set for Wednes-
day, March 21, and among the vari-
ous things to be taken up at this
meeting will be the making of
Women's Hats with Mrs. Bob Sparks
as leader.

As the work progresses plans for
future meetings are to be made.

A number of Brady folks accom-
panied the demonstrators from Brad-
y to Melvin included among them
being Mr. and Mrs. Geo. E. Ehlinger,
Mr. and Mrs. H. R. Hodges, and J.
M. Pate.

For the bride we have just
what you want in beautiful
dishes—Haviland China and Py-
rex Wares at O. D. MANN &
SONS.

BILL SUBSTITUTING ELECTRIC CHAIR FOR HANGING IN TEX- AS IS SENT TO GOVERNOR

Austin, Texas, March 10. — The
Thomas bill, which provides for sub-
stitution of electrocution for hang-
ing in Texas was sent to the gov-
ernor for signature or veto when the
senate late today concurred in minor
house amendments to the measure.
It is expected the governor will ap-
prove the measure, Senator Thomas
said, tonight. Persons sentenced to
hang will be electrocuted at the
state penitentiary between midnight
and 6 o'clock in the morning, under
the measure. Before electrocution the
convicted person would also be con-
fined in the penitentiary and not in
the county jail. Senator Thomas,
author of the electrocution measure,
resides in Rogers, Bell county.

No Worms in a Healthy Child

All children troubled with Worms have an un-
healthy color, which indicates poor blood, and as a
rule, there is more or less stomach disturbance.
GROVE'S TASTELESS CHILL TONIC given regularly
for two or three weeks will enrich the blood, im-
prove the digestion, and act as a General Strength-
ening Tonic to the whole system. Nature will then
throw off or dispel the worms, and the Child will be
in perfect health. Pleasant to take. 60c per bottle.

TO ALL CAR OWNERS

At last we find no more tire
troubles—Puncture-Proof Cush-
ion Inner Tubes lasts life of
your car. Rides as easy as any
other tube. No leaky valves; no
extra wheels needed. Can get
thousands of miles out of your
blow-out, thrown away tires,
run over nails—any size. Ab-
solutely cannot blow out. For
County Agency see me, or if
wanted to be a sub-agent, come
or write to me at once. I am
county agent for San Saba,
Lampasas and McCulloch coun-
ties. Dick Jackson of San Saba
and Aubry Smith of Richland
Springs are sub-agents.

I also have many fresh milk
goats on hand with baby kids;
just the thing for infants and
all people of weak stomachs.
