I get a little exasperated at people in the newspapers and on radio and television, begging other people to pay their poll tax. Sure, it's fine and dandy to give ample notice of taxpaying deadline, and emphasize it over and over, but to plead and insist that people pay their poll tax is a little too much. By the time a person in the United States becomes of voting age he should know the importance of voting, and it should not be necessary to plead with him to qualify. I wonder if the ones that have to have their arms twisted to get them to qualify to vote would go to the trouble of going to the polls on election day. Instead of keeping people up until twelve o'clock, midnight, on January 31, so that laggards can pay their poll tax, I would favor a law making the deadline at regular office closing time on that date. People shouldn't have to be pampered into being good citizens.

Tuesday, February 7, is the deadline for candidates to file for a place on the ballot in the upcoming election. The County Democratic Executive Committee will meet Tuesday in the First State Bank Community Room and set the filing fee for the various offices. All filing fees must be paid by February 19, another requirement for a candidate to get his, or her name on the ballot.

Probably one of the largest crowds to ever attend a social event in Dimmitt showed up Sunday at the Colonial Inn to pay their respects to Dr. Mayes Miller on his eighty-seventh birthday. Dr. Miller is one of the few pioneer doctors still living in the Panhandle. His experiences as a doctor began on the horse and buggy days and extended into the era of more sophisticated means of travel and medical practices. Dr. Miller had the advantage over other early day West Texas doctors in that he was a native of Bell County. Many of Texas most prominent citizens began their careers in Bell County. We hope to carry a comprehensive story in next week's issue of the News if Dr. Miller will grant a representative of the News an interview without making us pay for an office call.

We have had winter weather here for the past few weeks, but nothing to compare with the blizzard conditions experienced in the north, east and southeastern parts of the nation. Many areas in the sections of the nation mentioned have been weather stricken.

### Sen. J. Hightower Visits Dimmitt

Senator Jack Hightower of Vernon was in Dimmitt Wednesday of this week in connection with his candidacy for re-election to the Texas Senate from the new 30th Senatorial District. Senator Hightower filed his application to be placed on the official ballot in the Democratic primary with Ray Bearden, Democratic Chairman for Castro County.

The new senatorial district which includes Castro County is now composed of 21 counties, stretching from Wichita and Archer Counties on the east, to the New Mexico line on the West. The redistricting was done by the last session of the Legislature under orders of the federal courts to comply with the new "one man - one vote" decision of the Supreme Court.

While in Dimmitt Senator Hightower visited briefly with campaign supporters and advised that he will publish his formal announcement in the near future.

### Ralph Delacerda Reported In Critical Condition

Ralph Delacerda of Dimmitt is reported in critical condition at the Northwest Texas Hospital in Amarillo after he fell from a car in Dimmitt Tuesday night.

It was reported that he was riding the bumper of a car when he fell and received head injuries.

### Sugar Representative From Washington Plans Dimmitt Visit

Tom Murphy, head of the Sugar Section, USDA, Washington, D. C., will visit in the Dimmitt area next Monday, February 7, according to an announcement by S. L. Garrison, President of Texas - New Mexico Beet Growers Association.

Arriving in the area to welcome Murphy will be Dennis O'Rourke, President of the Holly Sugar Corporation in Colorado Springs, Colorado and other Holly officials, including Glenn Yeager, vice president in charge of production.

The directors of the Beet Growers Association wish to show and impress Murphy with the extensiveness of the area around the Holly Factory which includes Castro, Farmer, Deaf Smith Counties and Curry County in New Mexico.

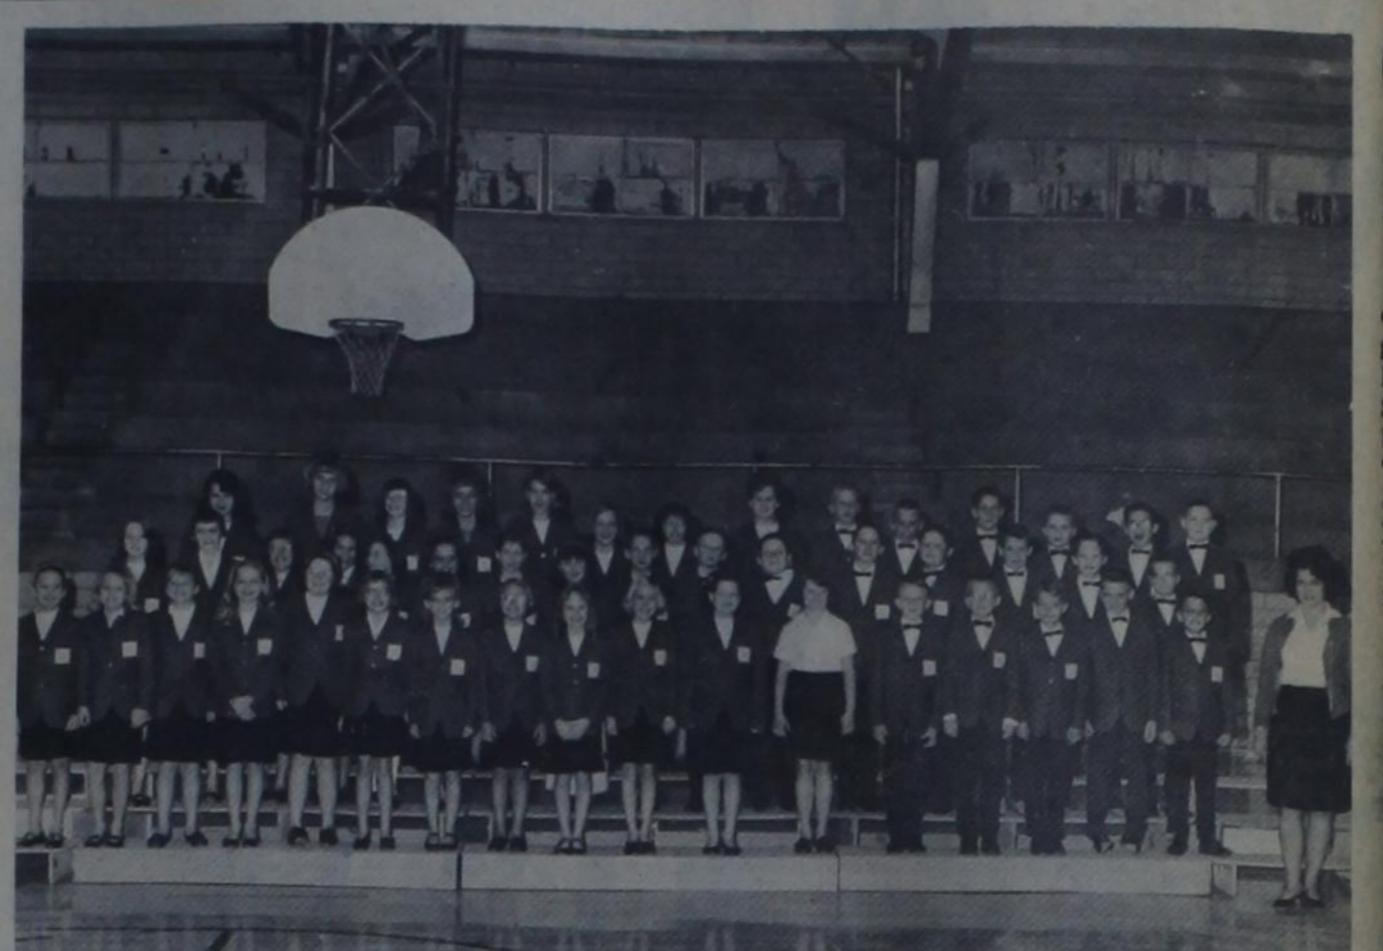

The directors said that they knew the area has the soil and water to produce double or triple the acres of beets now allotted to the area, and if the allotment situation changes, we will try to secure additional acres up to the

PERFORMING for the parents at the North Grade School Open House last Thursday night is the Select Choral Group, directed by Mrs. Kathleen Burrus. The choral group sang songs taken from the Musical, Mary Poppins.

ENTERTAINING at the North Grade School Open House is the sixth grade band under the direction of Jerry Meyer. The Open House Concert is the second concert performed by the sixth grade group that has been playing band music for 13 months.

### North Elementary Four Dimmitt Students Enter Oratorical Contest

Emmett Broaderson, assistant principal of North Elementary School said that the open house conducted by the school last Thursday night was successful.

A group of students composing the select choir, under the direction of Mrs. Kathleen Burrus started the program by singing songs from the musical hit, "Mary Poppins."

The Sixth Grade Band, directed by Jerry Meyer, played three selections following the performance by the select choir. Selections played by the band were "Castles in Spain," "Safari," and "Little Irish Suite."

Meyer said that the members of the Sixth Grade Band have been playing for 13 months, and performed their second concert at the open house Thursday night.

The Sixth Grade Band also went to Hart last week, and performed for the Hart School. Meyer said that Hart is interested in starting a band and invited the Sixth Grade Band to perform for them.

Broaderson said that approximately 250 parents attended the open house. "This figure," he said, "composed about half of the parents of the North Elementary School children."

Broaderson also said that four new teachers have been added to the staff since December. The teachers were added to instruct remedial reading classes. North Elementary School now has 28 teachers on the staff.

MISS BETTY GRIFFING, speech teacher at Dimmitt High School announced this week that four Dimmitt High School students have entered an oratorical contest sponsored by the Deaf Smith County Electric Cooperative, Inc.

Those students entering the contest from Dimmitt are Garland Jarvis, Charles Kuntz, Sandra Coffman, and Peggy Godfrey. Miss Griffing said that the students have already begun research on their speeches. She will help the students in preparation of the speeches.

Ray P. Simpson, Jr., member services advisor of the Deaf Smith County Electric Cooperative Inc. in Hereford, said that the contest is open to any boy or girl at least 16 years of age, but not 18 years of age prior to September 1, 1966.

Winners of the oratorical contest will join winners of similar contests sponsored by other electric cooperatives across Texas on the second annual Texas Electric Cooperatives Government - in - action Tour to Washington, D. C. All expenses of the 13 day trip, beginning June 2, will be paid by Deaf Smith Electric Cooperative, Inc.

Each entrant will be required to give a five to eight minute talk about electric cooperatives and rural electrification and answer one or more of 50 questions asked by the judges.

The oratorical contests will be judged on the basis of (1) knowledge of the subject, 40 per cent; (2) speaking ability, 30 per cent; (3) poise, 10 per cent; (4) personality, 10 per cent; (5) appearance, 10 per cent.

Interested young people may obtain an official entry blank from Deaf Smith County Electric Cooperative.

The deadline for submitting entries will be February 15, 1966.

As participants in the Texas Electric Cooperatives Youth Tour, local contest winners will travel by chartered bus to Washington, D. C., where they will spend four days visiting places of historical interest and seeing the nation's government in action.

On Wednesday, June 8, the Texas group will meet more than 800 students from other states for a program sponsored by the National Rural Electric Cooperative Association and the Electrification will feature presentations by officials of these organizations and other Washington personalities and possibly the Presidential staff.

The eventual day will end with a charter cruise down the Potomac which will include entertainment and refreshments.

Also included on the 13 day agenda will be visits to the following places: George Washington's Mount Vernon home, Arlington National Cemetery, the U. S. House and Senate, the U. S. Department of Agriculture, the Smithsonian Institute, the Lincoln Memorial and other places of interest.

Miss Griffing said that she plans to schedule a contest among the four Dimmitt High School entries during March.

### Honored With Birthday Dinner

A covered dish luncheon, honoring Mrs. J. L. Coke's birthday was held in her home Tuesday night with 28 persons present.

The Rebekah Sunday School Class of the First Baptist Church in Dimmitt served as hostess.

### Castro County Grain Sorghum Producers Hold Annual Meeting

The annual membership meeting of the Castro County Grain Sorghum Producers Association was held Monday night in the High School cafeteria with a large number of farmers in attendance. The following officers were elected for the ensuing year: Melvin Barton, president; James Welch, vice president and Carl King, secretary - treasurer.

Other board members elected at the Monday night meeting were: Wes Anthony, Don Carpenter, Charlie Heck, D. L. Thompson, Raymond Wiley, John Gilbreath, Calvin Petty, Frank Coleman, Dale Winders, Ed Bennett, Doyle Underwood, George Sides, Frank Wise, D. A. Bass, S. L. Garrison and T. J. Morrison. All officers and directors were elected by acclamation.

Melvin Barton presided at the meeting and introduced the various speakers appearing on the formal program.

Charley Hill, manager of the Castro County ASCS office in Dimmitt, explained the Government feed grain program for 1966, also the cropland adjustment program and the wheat and cotton program.

Bill Nelson, executive vice president of the National Grain Sorghum Producers Association, gave up-to-date information and statistics on feed grains using as his topic "What is Ahead For Feed Grains." In his discussion Nelson explained the 1966 legislation governing the feed grain program, and pointed out that there were 1.1 billion bushels of milo in storage or a one year supply.

Nelson further stated that grain sorghum exports had shown a thirty per cent increase in the past five years, and at present was the nation's third largest export commodity. Nelson declared, however, that he could not foresee any significant change in the export of milo because of the Food For Peace Program. In his general discussion Nelson touched on the various problems concerning the production and marketing of milo, including research and development, greater uses of milo, production factors, feed lot experimenting, research being done by Universities in California and Arizona.

The speaker further pointed out that scientific experiments have materially benefited farmers in combatting sorghum midge and that, on the economic side, market development is a key factor in grain sales.

Y. F. Snodgrass, area GSPA Director introduced by Barton, pointed out that Castro County is the Grain Sorghum Capitol of the World and then explained that it was imperative that contributions and members be acquired by GSPA.

Frank Wise, immediate past secretary - treasurer, reported that \$6,500 was collected by GSPA during the past harvest season. Wise reported that collections represented only one-third participation by Castro County farmers. Wise expressed the hope that there would be additional contributions to the GSPA fund.

### Farm Bureau Membership Week Designated February 7-12

The week of February 7-12 has been officially designated "Farm Bureau Membership Week" in Castro County. The local county farm organization will have a special enrollment drive underway as part of a statewide effort to push Farm Bureau membership in Texas to 100,000 by October 31, 1966.

An official proclamation signed by County Judge Raymond Wilson called for citizens "to give due recognition to this observance honoring the Castro County Farm Bureau."

Earlier Gov. John Connally proclaimed the same period as "Farm Bureau Membership Week in Texas." The statewide drive is to be launched with big rallies February 2, in Lubbock and Dallas and February 3, in San Antonio.

Raymond Smithson of Dimmitt is chairman of the local county Farm Bureau Membership Committee. The committee chairman said every farmer and rancher in the county is needed "as a member and a leader" by the Farm Bureau.

"Each of us in agriculture has too great an outlay in our business not to do all we can to protect our investment in capital, time, and labor," he declared.

The Judge's proclamation pointed out the importance of agriculture "to the economic well-being" of the county, and the high standard of living made possible by the "productive efficiency of our farmers and ranchers."

Following is the text of the proclamation:

"WHEREAS, agriculture is ex - Continued on Page 13

### Richard Garza Hit By Pickup

Richard Garza, 4, is a patient in Plains Memorial Hospital after receiving head injuries Tuesday when he ran in front of a pickup in Dimmitt.

W. W. Jones, City Marshall said that Walter A. Alexander was driving a Ford pickup 20 miles per hour when the Garza boy circled out in front of him.

According to Jones, Alexander had almost brought his pickup to a stop before hitting the boy.

Richard is the son of Mr. and Mrs. Julio Garza who live near Five Point Gin.

### Community Celebration Planned

Members of the Castro County Activities Committee, from the various communities of the county, and a number of other interested citizens met at the courthouse Thursday night to make plans for celebrating the county's 75th anniversary.

Mayor George Bradford presided at the meeting and introduced Mr. Mel C. Eckerstrom, representative of The Rogers Company, consultants in staging of community celebrations. Eckerstrom gave a general outline of the type of programs usually presented by his company in commemoration of special events. In the nature of a pageant, although he preferred the word extravaganza, Eckerstrom said that all props and costumes would be furnished by his company as well as script writers and a director, while all characters will be portrayed by local people. It was suggested that the football field be used for staging the program.

This was the second meeting with a representative of the Rogers Company. The initial meetings were for the purpose of investigating the service offered by the company, and for the company to have an opportunity to make an appraisal of the community.

The Castro County Activities Committee, with Maurice Campbell, president, in charge of arrangements, will meet Monday night at the District Courtroom to make final plans for the staging of the extravaganza, and to go into contract with the Rogers Company or else decide against the project.

JEFF C. LESTER, new head of Laboratory and X-Ray Department at Plains Memorial Hospital.

### Jeff C. Lester Named New Technologist

Don Newman, Director of Plains Memorial Hospital in Dimmitt reported this week that the hospital has hired Jeff C. Lester to head the Laboratory and X-Ray department at the hospital.

Lester received his training in the American Society of Clinical Pathology at the Methodist Hospital in Lubbock. He finished the training course in 1964.

Lester also attended Texas Tech University in Lubbock where he majored in chemistry.

Before coming to Dimmitt, Lester served as the director of the P. B. I. Lab at West Texas Hospital in Lubbock. He also worked in Hematology and special coagulation at the Methodist Hospital in Lubbock.

Lester stated that he is registered with American Medical Technologists and is a member of the State Society of Texas Medical Technologists.

Lester and his wife, Vicki have one daughter, Toni who is 15 months old. The Lesters reside at 408 N.W. 5th in Dimmitt and are Baptist by church preference.

### Mrs. Bud Leinen Is Candidate For County Treasurer

Mrs. Robert (Bud) Leinen has authorized the News to announce her candidacy for the office of County Treasurer of Castro County subject to the action of the Democratic Primaries.

In announcing her candidacy for the office of County Treasurer Mrs. Leinen made the following statement:

"I have been a resident of Castro County all of my life and feel that I am well acquainted over the entire County."

"I am the widow of the late Robert (Bud) Leinen, with three teenage children; one son, Dale a freshman in Texas Tech, two daughters, Kathy, a senior, and Shirley, a sophomore, both in Dimmitt High School.

"I promise to put forth my very best if I am elected to this public office. I will try to contact as many of you as I can, but due to the fact that I must work to carry on my responsibilities I may not get to see each of you, but if I should not, please know that your vote will be most graciously appreciated."

### EASTER NEWS

Mrs. Mary Cowen left Friday by plane for Pensacola, Florida to join her husband Joe H. Cowen who is in training at the Air Naval Station.

The W.M.U. of Lee Street Baptist Church of Dimmitt met for their meeting with Mrs. Sam Scarborough on Tuesday of last week with nine members present. Mrs. Bessie Strickland gave the program.

Mr. and Mrs. W. A. Epperson attended the funeral of T. W. Roberson in Hereford Wednesday.

Tom Bob Moss was in Canyon Thursday registering for the spring semester at W.T.

Gary Burnett of Dalhart visited with his parents the John H. Burnetts the first of the week.

Mr. and Mrs. Sam Scarborough were in Muleshoe Sunday to visit with the Joe Thommersons.

William and Tom Bob Moss spent last week end in Memphis with Mr. and Mrs. Grover Moss.

Carolyn Scarborough spent Sunday evening with Beth Strickland in Dimmitt.

Loy, Louise and Ruby Strie were in Lubbock Wednesday on business.

The Easter Club met Thursday the 27th in the home of Mrs. Sam Scarborough for their regular meeting. Six members and one guest and the hostess were present. The Club decided to help the Dimmitt Journalism Class with the project of sending needed materials for teaching children in Viet Nam. Articles are to be brought to the next meeting which will be in the home of Mrs. Ruby Stone, February 10th.

Mrs. Louise Stone brought the program, a very interesting de-

monstration on Photography. She explained in detail the use and care of the camera and film, why and whereof of failure in obtaining satisfactory color and black and white pictures. She also demonstrated how to take pictures of lightning, which we all know at times we would like to snap a picture of. She showed with an ordinary card board box the principles of how a camera works. Those present were Mrs. S. T. Walton, Anna Mae Burnett, Anna Margaret Moss, Nadine Hall, Emerald Epperson, Ruby Stone and the hostess Naomi and Mrs. Louise Stone, our guest.

Now for a thought: "All the water in the world, however hard it tried, could never, never sink a ship, unless it got inside. All the evil in the world, the blackest kind of sin, could never hurt you one least bit unless you let it in."

DID YOU KNOW THAT:

In 1951 the Texas Forest Service launched an extensive program in tree improvement research. It was the first Southern state forestry agency to undertake this type of research. Much credit for financing the program is due units of the forest products industry. A laboratory and greenhouse on the campus of Texas A&M University is the operations center for this program.

JOAN MARIE ACKER

### Joan Marie Acker Of Nazareth Wins Betty Crocker Award

Nazareth's 1965 Betty Crocker Homemaker of Tomorrow is Joan Marie Acker. She scored highest in a written knowledge and attitude examination taken by senior girls December 7, 1965, and is now eligible for state and national scholarship awards. Joan has already earned a special award pin from the program's sponsor, General Mills.

Test papers of all school winners in the state are being judged, and a State Homemaker of Tomorrow and runner-up will be

selected soon. The State Homemaker of Tomorrow will receive a \$1,500 college scholarship, and her school will be awarded a complete set of the Encyclopaedia Britannica by Encyclopaedia Britannica, Inc. The second-ranking girl in the state will receive a \$500 educational grant.

Next spring, the State Betty Crocker Homemaker of Tomorrow from every state and the District of Columbia, each accompanied by a school advisor, will join in an expense - paid educational tour of Colonial Williamsburg, Virginia, and Washington, D. C. Then, the 1966 All-American Homemaker of Tomorrow will be announced at a dinner in Washington.

Chosen from state winners on the basis of original test score and personal observation and interviews during the tour, she will have her scholarship increased to \$5,000. Second, third, and fourth-ranking Homemakers of Tomorrow in the nation will be awarded \$4,000, \$3,000 and \$2,000 grants, respectively.

The Betty Crocker Search for the American Homemaker of Tomorrow was instituted by General Mills in 1954-55 to emphasize the importance of homemaking as a career. The program had enrolled 4,627,943 senior girls, with total scholarship grants exceeding \$1,261,000. The 570,824 girls and 14,714 schools participating in the 1965-66 Search establish a new record enrollment.

Preparation of the test and se-

lection of Homemakers of Tomorrow is in the hands of Science Research Associates, Chicago educational testing and publishing company.

Magazines begin in the 17th Century as book catalogs and today, as then, constitute a major medium of communication throughout the world.

### Bible Thoughts

"YOU CAN'T DESTROY IT" "YES, WE BELIEVE THE BIBLE"

The Bible is a revelation from God to man. It is supernatural communication of such things as man had never known and could not discover by natural means. It reveals Man's origin, God's character, the true relationship that should exist between God and man, how man can be saved from sin, and the immortality of the soul and future life.

If the Bible does not contain God's revelation to man, then there is no divine communication of truth. If He has not here made known His will, then we know not the will of God. If God has not spoken here, then no man has ever heard His voice. We know not who or what we are, where we came from, why we are here, nor where we are going. Existence is an enigma, life a mystery and death a leap into darkness.

If the Bible is not inspired of God, it is a book of shameless, pretentious falsehoods. If the writers were not guided by Him, they were vile imposters, false pretenders and deceitful hypocrites — for the Bible claims to be inspired. "But men moved by the Holy Spirit spoke from God" 2 Peter 1:21.

### Electric Merit Badge Clinic Slated For Nat. Boy Scout Week

One of the special events being observed by the Boy Scouts of America in celebration of Na-

tional Boy Scout Week will be the Electrical Merit Badge Clinic which will be held February 10th, 7:30 p.m., at the Service Center of Southwestern Public Service Company, located at 24th and Quincy Streets, Plainview.

This meeting will be held in the Transformer Department of the Service Center Building where the eleven requirements necessary for a boy scout to obtain the Electrical Merit Badge will be explained and demonstrated.

This clinic is being held in Plainview and Lubbock for all interested scouts and leaders. This program is for the benefit of all scouts in the 20-county South Plains Council who wish to attend the Plainview or Lubbock Clinic.

Although 160 magazines have disappeared since 1950, 500 have been born.

## The Shadow

Well! I am known as Little Miss Snowflake. I came to town Thursday in the big snow storm that plagued the Panhandle of Texas. I was pushed by a strong icy wind to the town of Dimmitt. As I arrived I fell on the shoulder of a very active sophomore girl. Being curious about this girl, I decided to stay as long as possible and follow her about. As long as it stayed cold, I could last.

On Thursday the chosen one was followed to school and then on to babysit with the children of Mr. and Mrs. Jimmy Presley.

Friday my friend awoke bright and early to find about two inches of snow on the ground. Being sure we would still have school, she proceeded in preparing for school. Then came the bulletin: "No school in Dimmitt!" What delight! The afternoon was spent riding on a sled with Elaine Davis, Darlene Dodd, Sharron Flynn, and Kathy Leinen. After spending a most exciting day, Elaine spent the night with this very tired and half-frozen person.

Saturday was spent riding on the sled once more. The evening was spent at home thawing out. Sunday my friend spent the afternoon sled riding again. In the evening I followed this active gal to the show. Her companions were Darlene Dodd and others. Who was the companion with the red light on his car, out at school? Was it a friend by any chance?

Monday it was back to school with this chosen one and the old routine. The evening was spent at home studying until all hours. Tuesday was back to school. After school it was home to find her brother and Jack Swayze, a friend from Texas Tech waiting for her and her sister's arrival. The evening was spent studying and babysitting with the children of Mr. and Mrs. George Sides.

Wednesday was spent in the usual way. This evening was spent dog sitting with Elaine Davis. Oh by the way! Dog is Elaine's nickname. Studying was on the schedule then on to Cason Smith's home to study algebra. That evening our little friend went to the pie supper sponsored by the Athletic Booster Club. Then it was home to study on the next day's assignments.

Since Thursday was so warm, I was beginning to melt and become moisture for the earth. It was a wild and most unusual experience for me to follow this young lady around.

Now as I melt into a small drop of moisture, I would like to thank Shirley Leinen for allowing me to shadow her. I can imagine that everyone knew whom I have been shadowing. What other character do you know who runs around any more than Shirley?

Thank you, Shirley, for allowing us to shadow you.

BEWARE! The shadow is always near. You can never be free from the shadow! I am everywhere and I know everything.

## Campus Chat

The snow remaining on the streets of Dimmitt has not slowed down the amount of activity in which the students of DHS are involved.

Monday night, for example, the Chess Club met at Mr. Newman's house. The time was spent by playing chess and consuming a large amount of refreshments; it was enjoyed by all.

Tuesday night brought victory for the Bobcats against Floydada. This was definitely the result of hard work on the part of the players and vigorous yelling by the other students. Let's keep it up, kids!

Wednesday Mr. Cooper's physical science class took a trip to the airport where they were shown, by Bob Bradford and his father, the parts of a plane. This trip was in connection with their study of what makes an airplane fly, and it was one of several field trips taken by the group. Last Tuesday, they went to Taylor's Garage and S & M Garage where they were shown a torn apart engine. The men explained internal combustion engines and what makes them run. These trips have proved very educational to the students.

An F.H.A. committee met Thursday to discuss plans for an all-school party to be held in February. No definite date was set. F.H.A. members should be getting their points in for the summer trip to Galveston and should get their names on the list for the area meeting on March 18-19 in Amarillo. The new vegetable cookbooks have arrived, and there is also a supply of casserole, dessert, and salad cookbooks. These will be sold by the F.H.A. girls. The freshman girls have been working hard on their Junior DeGreets. The F.H.A. would like to welcome Miss York, our new sponsor, to the organization.

A pie supper and auction was held Thursday night at the freshmen ballgame to raise money to pay for freshmen football sweaters. Colonel Jack Howell sold various items — from blankets to tires — to unsuspecting victims whether they were present or not. For example, Coach Cleveland arrived late and found that he had bought a \$15 blanket. The items were donated by local merchants, and pies were made by various people. We must admit that the method is at least different.

If anyone is having trouble deciding what to do after graduation, perhaps the Home-Ec showcase can help him. The window is filled with information on colleges, jobs, business schools, etc. It starts one thinking about colleges, sororities, types of jobs, your major in college, and money.

The annual staff is working desperately to get cut seventy-five pages on Monday, January 31. Victor and Bruce have found that their job is not so much fun as they thought, for they now have to set up advertising pages. Donna and Kathy are beginning to dislike little kids in elementary school because their tiny pictures always seem to be set up wrong. Ann and Peggy are racking their brains, trying to think up captions for all the activity pictures. Bruce has been working frantically taking pictures of the class favorites and officers and the various organizations. Nancy and Linda, just can't seem to convince Connie and Irene that their shape o' picture is better for organizations. Penny and Vickie are trying to finish their classes' pictures before Johanna and David even get their sports' pictures in. Connie, Irene and Miss Littlepage are pulling their hair out as they check each page. The journalism class wishes to thank each person who donated the use of his home for pictures.

Don't forget to support Bobcats and Bobcats this week.

## Special Education Includes Vocational Training Classes

The other day I dropped in to visit with Mr. O. C. Chapman, the Special Education teacher. While we were visiting, he told me some very interesting things about his class, that I didn't know.

He told me about the combination vocational and educational training provided for this class.

The training the students receive in formal educational training includes three classes a day. They study English with the intentions of learning to communi-

## The Art Of Courtesy

The good old fashioned custom of courtesy (politeness to you) seems to be as obsolete in this country today as the cigar store wooden Indian. Only a few years back no man who prided himself on being a gentlemen ever failed to rise when a lady entered the room. By the same token, a woman was not considered a lady if she did not demand a little courtesy from the men around her nor if she was rude. Teenagers respected their elders, (this included parents, older friends, and teachers).

The past idea that, "teenagers were to be seen and not heard" has been changed just as the "horse and carriage" has been replaced by the space age. Teens' opinions were respected but they were not always accepted. Today the teens outlook is pointed more to "teens are to be heard and seen by their parents when it was convenient to them and it did not interfere with previous scheduled plans. Being courteous to our parents for providing us with a home, food and shelter, has, in the majority, been replaced by our personal gains and pleasures.

Our time is scheduled first to what we want to do and then the time we have left over is given to our parents (usually by shutting ourselves up in our bed-room to listen to the record player or plopped down in front of the television watching OUR favorite program.

Courtesy to all adults is usually placed in the same category. It is true that times have changed since our parents were teenagers, but we as teens should be mature enough to realize that when they were young they did just as much as we do today, but they just had different means. We as teens should have the courtesy to listen to our parents, suggestions; they have lived a few more years than we have and problems just as ours are today were in style then, too.

Not only has our courtesy trends failed toward our parents and teachers, but also in our neighboring countries. The children of the overseas defense personnel need to have an open mind and leave a good impression in the countries in which their father is stationed. They should show courtesy by following some of the customs of the country and to be courteous to the people they meet.

The picture shows that are sent to foreign countries from America don't always leave the best impressions of our country and we need to change these opinions by being courteous to the visitors in this country.

We should remember that the right way is the courteous way and we are shaped and fashioned by people and we are judged by the impressions we first make on the people around us.

Don't forget to support Bobcats and Bobcats this week.

## Bobcats Remain Undefeated

The Dimmitt Basketball teams had a fine week as they won three games and lost only one.

The "B" team started the winning Tuesday night with a 56-40 win over Floydada. Jack Bradford led the 'Cats in scoring as they built up a 32-20 halftime lead.

The Bobbies did not have as much luck as they lost their second conference game of the season by a 45-40 score to the Floydada girls. Donna Summers led the Bobbies with 17 points. The Bobbies jumped out to a 13-7 first period lead but fell behind and were never able to regain the lead. Floydada held a 33-28 lead going into the last eight minutes. Shirley Rainer had 17 points for Floydada.

The Bobcats kept their undefeated record at 3-0 as they had no trouble against Floydada as they defeated them 84-50.

The Bobcats played one of their best halves as they built up a 51-25 halftime lead. Ronnie Kemore led the 'Cats with 19 points. John Howell had 18. Butch Emert led Floydada with 20 points.

The games scheduled with Abemathy were rescheduled for Saturday, February 5.

The Dimmitt Freshmen won their game Thursday night in the Bobcat gym by a 44-34 victory over Springlake.

## Kay Kirby And Ronnie Brown Seniors Of Week

Kay Derrick Kirby is our senior girl of the week. She is the dark haired daughter of Mr. George Derrick. She became a Mrs. last summer when she married Anthony Kirby.

Our class had the privilege of welcoming Kay, who came from Odessa, in the middle of our sophomore year. Since then, DHS has enjoyed her sweet personality.

Many people may be unacquainted with Kay because she is so quiet that one hardly knows when she is around.

One of her main duties at school is being Mrs. Leeth's assistant. She does this job with willingness and efficiency. Car will never find Kay being cross with anyone; somehow even with all the confusion in the library she controls her temper.

Mrs. Kirby's plan for the future is staying happily married.

Ronnie Brown, son of Mr. and Mrs. Wesley Brown, is the senior boy of the week. He was born on March 1, 1947, in Hereford, Texas, and is the youngest of three children. Verna and Jan, his big sisters, graduated from DHS, and I am sure that many of you remember them.

Ronnie's interest in cars is shown by his hobbies which include drag racing and mechanics. Every time Reader's Digest reports are assigned in English IV, Ronnie chooses an article about cars.

Our senior is a very industrious lad. He attends school in the morning, and the remainder of the day he works at Western Ammonia under the Distributive Education program. He keeps books and files papers.

Some opinions of our school were given by Ronnie, "I like the teachers and classes in DHS, but I don't especially like some of the snobby kids."

Becoming an automatic transmission specialist is Ronnie's ambition.

## Claudio Bendazzi "Bobcat Of Week"

Columbus sailed the ocean blue in fourteen hundred and ninety-two. Since he came from Italy, everyone in America should have a tiny corner in their heart set aside for this country. The people of D.H.S. especially need to make themselves more acquainted with Italy since a very important and special person from Italy is spending an entire year with us.

This friendly, interesting, and most understanding fellow can be found just about anywhere in school. More likely than not he will be near the chemistry room since his favorite subjects are chemistry and physics. Claudio told us that he likes to read, fool around, and make messes in the lab during his free time. This tends to give the wrong impression for our Bobcat of the Week is intelligent and very hard working. Stingy people are Claudio's pet peeve.

Mr. Bobcat has been wonderful to everyone in D.H.S. this year. All of us have enjoyed him so much, and we hope he has enjoyed being here with us. The Bobcat Tales Staff, along with the rest of D.H.S., wishes you the best of luck, Claudio.

## What If

It really snowed?  
We could ski to school (instead of sliding, the hard way)?

If there were not any railing for Miss Griffing?  
All of us, that were able to, rode the busses when the weather is bad?

If we studied half as much as we listened to the radio or watched TV?

If all the teachers were late to school because they did not know that the electricity had been off?  
If Miss Griffing directs Ginger's play?

If the Algebra students could do their figures in their heads?  
If we still read, understood, and even spoke Middle English?

If Mary Beth and Zafer would have had to say good-bye? (We might have flooded the school with frozen tears.)  
People all over the world had half the luxuries we have?

Children did not have to go to bed with empty stomachs?  
I would like to leave you with this thought: If you are idle, he not solitary; if you are solitary he not idle.

Emilio Nino

## Three Wishes

If you could have three wishes, I wonder what they would be. This week I decided it would be interesting to ask some of the D.H.S. students just what those three wishes would be. Here are the replies I received:

If I had three wishes, I would wish for worldwide peace with every country being as prosperous as the United States, a homework machine, and a different wish everyday.

Sheila Hamilton  
If I had three wishes, I would wish to go to college and become a nurse because I feel there is a great need for nurses throughout the world in times of peace and in times of war; to get married and have a family, not only because I don't want to be an old maid, but also because it seems to be the logical thing to do; and to spend my old age sleeping because I never seem to get enough sleep now.

Sharon Ward  
If I could have three wishes, I would wish for another year of

## Dewey Decimal System Used In The DHS Library

The Dewey Decimal System, which is used to classify books in the Dimmitt High School library, is the most commonly used method for classifying books in the United States. In order to use the library more easily, students need to have a little knowledge of this system.

Melvin Dewey, the founder of the Dewey Decimal System, wanted to have all non-fiction books about the same subject located together. By imagining himself as a pre-historic or primitive man and asking himself the questions he thought this man might have asked, he chose ten major areas to use in his system. He also broke these ten major areas into sub-divisions.

The first subject Dewey used was philosophy and psychology since man thinks about himself before anything else. These books are in the 100 group. The 200 group contains all the books on religion because man wonders who created him. The social sciences are in the next group of 300 as man began to think about other people. He then tried to be understood and learned to communicate through words; the 400 group is philology and language.

sports; because without them school for me will be boring; I would wish I had already finished school and had a good job so I could help my parents with expenses as they have helped me; I wish there was peace over the whole world. Many innocent people get hurt because of the greedy people in the world.

Emilio Nino

If I could have three wishes, I would wish that the world was not in the situation that it is. I think everyone would be better off and we would not have to worry about becoming a Communist country. I would wish that I had a great amount of money so that I could help the children in Viet Nam and the needy children in our own town and country. I would wish that everyone would know the joy of being a Christian. The world would be a much better place.

Sammie Lane  
If I were lucky enough to receive three wishes, I believe that my first wish would be for worldwide peace. The world is now in the stage of a population explosion. If we, the people in the world, cannot live in peace and fellowship, our descendants and their descendants will constantly be plagued by war and destruction. My second wish would be to stamp out Communism. Communism has no place in the world. Most people who are Communists were usually forced to be. Communism should not exist because it is a constant threat to non-Communist countries, and it stands in the way of world peace. My third wish would be to demolish prejudice. People of all races should be able to live with each other in harmony. Prejudice denies people their basic rights and should be demolished.

Robert Froehner

I think all of these students have the right idea, because they all want to improve the world situation in one way or another. The desires expressed in this article don't have to remain wishes. They can become realities, but it will take work. In all phases of life, a person receives only as much as he gives. Our world is what we make it and only we can change it. Whether the changes we make are good or bad can only be determined by history.

Vickie Beyer

As man next began to understand nature and how to use what he had learned about nature, the pure sciences are classified in the 50's and the applied science and useful arts in the 600's. Fine arts and recreation were developed next as man began to enjoy his leisure time, these are in the 700 group. To record man's heroic deeds for later generations, the literature is next in the 800 group. A record for men of the future is in the 900 section containing history, geography, and biography. All of the general works & Bibliographies, books about other books, and books that contain information on many subjects such as encyclopedias and other references — are in the 000 group. All reference books have an "R" before the number.

## Students Corner

This week we are publishing a theme written by an English II student, Paralynd Render, in Mrs. Hart's third period class. This is her idea of "The Foundations of a Successful Home."

THE FOUNDATIONS OF A SUCCESSFUL HOME

All girls begin to think about their future plans and, of course, their future homes. Each has her own ideas and individual touches to add. We learn and develop our own thoughts through our home with our parents.

I would not exchange my present home for any other I have seen because I have grown to love it, imperfections and all. But as said previously, I have different personal touches and expectations of my own home.

The foundation of any worthwhile home is God. Without God love cannot dwell, and love is what the home revolves around. A home is also the building stone of a nation because if love abideth in the soul of the home, it will reflect in the heart of the nation.

A home is not complete without children. They are the innocent and smiling faces which make the struggles and difficulties encountered in marriage endurable.

A successful home is based upon similar interests of the husband and wife. Through their relationships these ideas can be developed to the fullest extent. With the thought of similar interests, the importance of equal values is something to take into consideration. If their characters are not grounded on the same basic moral and social aspects, respect cannot be present.

The physical view of a home is also important. A house becomes a home when it portrays the artistic ability and individuality of the members composing that home.

A home to be successful and able to withstand through the years requires complete effort and compromise of those two people, man and wife, who build the home, and set the standards upon which it stands.

We are of the opinion that many teenagers today have the same ideals as the writer of this theme. They should be given due credit in our newspapers and magazines. It is most unfortunate that the unwashed beatniks, the juvenile delinquents, and the "dead end kids" get all the publicity. This does nothing to improve our image in foreign countries, while the millions of honest, decent, patriotic young Americans never make the back pages, much less the headlines.

### Sheffy's Chatter

Sunday was a busy and interesting day — We all started by going to church, then out to the high school to hear the Band Concert directed by Jerry Meyer and Ralph Smith. The sixth graders played several numbers but "Safari" was so pretty and the Junior High played my favorite medley, "Gaslight Gaities", music my father enjoyed. — and when the High School band played "America the Beautiful" with colored slides of our country they received a standing ovation and we all thrilled with pride for our country and for our talented grandchildren. From there we went to the Colonial Inn to greet Dr. Mayes Miller who was honored at a birthday party on his 87 years. More than 400 people came. I met Dr. Miller first in 1920, when Dimmitt was a town of 200 people and Castro County was ranch and wheat then. He drove 15 miles in the country to take care of our ills. Thank you Doctor and may you have many more birthdays.

Mr. and Mrs. Meyers of Olton came up to visit their son, Jerry and to attend the concert.

Mr. and Mrs. Larry Allen and children and Mr. and Mrs. Keith Howard, Jeanette and Keith Ann attended the Fat Stock Show in Ft. Worth last week end.

Mexico, our neighbor to the South is a popular place to visit. Peggy and Allen Webb, Dr. Bill and Marian Lee flew down to Puerto Vallarto last week to stay a few days. Peggy says it is so warm and nice and off the regular tourist trail. Tommie and Richard Bills and Gerald and Pat Elkins went to El Paso and Juarez, the week end just to see the place. Randy and Elaine Bills visited the grandparents, Sheffys.

The Bills saw and visited with Peggy and Jimmy Curtis of Hobbs, New Mexico, formerly of Dimmitt, who were in El Paso.

Shirley Wise told me about the "42" party she and Frank hosted Friday evening. Food and games were enjoyed by Katy and Donald Wright, Charles and Lois Wales, Marie and Dale Winders, Shirley and Roy Dale Underwood, Janie and Marvin Axe of Vega.

I saw Leon and Marie Winders of Clayton, N. M. and his mother Mrs. L. Winders of Earth at Dr.'s party. They were visiting the Dale Winders, also saw Don and June Gladman of Plainview and Carol Gunter of Tulia, both former druggists here. They visited with Buster and Lena Mae Cooper.

Mr. and Mrs. Van Clark of Littlefield were Sunday guests of Mr. and Mrs. O. K. Howe and attended services at the Methodist Church.

Guests in the home of Ed Wilson and Debbie and his mother, Ruth Wilson Sunday were Susan Reynolds of Odessa, and Susan Williams of Beaumont, Becky Re- yant, Odessa, all Tech students. Ed says he wishes he were 2 years younger and a student at Tech.

Mr. and Mrs. Edgar Ramey were hosts at their dinner bridge Thursday evening. Guests were

Messrs and Mesdames Goodwin Miller, Swain Burkett, J. C. Gilreath, Ray Riley, Faun Welker, Maurine Bice and Raymond Wilson. Raymond and Maurine won high score for the evening.

Mrs. Margaret Boren had a few friends in for bridge and such good peaches and cream, coffee and pound cake; her guests were Mrs. Geo Bradgord, Mrs. N. F. Cleavinger, Mrs. Sid Sheffy, Mrs. Roy Cluck, Mrs. P. L. Cunningham, Mrs. Clarence Bearden and Ann Singer.

Saturday afternoon Mrs. Geo. Bradford, Mrs. Sid Sheffy, Mrs. Clarence Bearden and Mrs. P. L. Cunningham drove over to Muleshoe to see their friend Mrs. Andy Thompson and while there saw Inez Wheeler and her friend Mrs. Leland Minich of Friona, who knew Myrtle Sheffy and Glen Render, long ago in Okla.

Our sympathy goes to Mrs. Carl Kemp in the death of her sister, Mrs. Gladys Mars of Friona, who was buried in the Friona Cemetery Thursday and in the death of her rother, J. B. Whitlow, Friday in Winters. Mrs. Kemp, her son Carl Lee, Mr. and Mrs. Ward Golden went to Winters for the services.

Jerry Jones, a Law student at Baylor University, Waco was a week end guest of his mother, Mrs. Fred Jones. Jerry came through my yard going to High School and we became talking friends.

Mr. and Mrs. Jack Patton and children of Midland were week end guests of his uncle and aunt Mr. and Mrs. Horace Carlile.

Jeanne Campbell called to tell me that she and Theo attended the style show of Hair Fashions at McBride's in Plainview Sunday. Jeanne was one of the judges for High Fashion in Hair Queen. The Queen is Cheryl Ann Poteet Duncan of Plainview, a former Hart girl.

Mrs. E. B. Wright spent a few days this week in Mineral Wells with her sister, Mrs. Julia Davis, who is ill.

Put and Mrs. Wayne McClenney are at Ft. Rucker, Alabama near Enterprise. Wayne is at Aviation Mechanics School there. Wayne is the son of Mr. and Mrs. Bill McClenney and Sandra is the daughter of Mr. and Mrs. A. D. Schreck, Jr. Mrs. Schreck told me about the below zero weather that is unusual for Alabama; also their daughter Linda Schreck came home for the week end from Tech.

I was visiting with Dr. and Mrs. Blackburn yesterday at Dr. Miller's party and as usual he was called out in the middle of a cup of coffee to deliver a baby— good wishes Dr., that is the way Dr. Miller started on his two thousand deliveries.

Doyle Vaughn, ex-spray pilot of J. G. Davis's at D & D visited the Davises Saturday. He is a helicopter pilot at Mineral Wells.

Jane Cleavinger has been visiting her sister Mrs. Tommie Robertson in Okla. City.

#### PARENTS OF NEW SON

Mr. and Mrs. Bill Stevens are the parents of a baby boy, born Sunday, January 30, weighing 8 pounds 4½ ounces. He has been named Zachery Shane. Maternal grandmother is Ollene Williams and the paternal grandparents are Mr. and Mrs. L. H. Stevens.

Gov. John Connally is going along with forecasts that a "substantial amount" of new government spending in the next fiscal period is "almost inevitable."

However, Connally declined to join in predicting specific new taxes. He called such forecasts "premature," although the Committee on State and Local Tax Policy earlier had indicated it agrees with the predictors.

"It's almost inevitable that we are going to be looking at increased expenditures in a substantial amount," Connally told a press conference. "But I don't want to try to estimate the magnitude of a tax program, if any, or the expenditures."

Meanwhile the tax policy committee held its first meeting, ordered Texas Research League studies on impact of sales tax adjustment and an unusual appraisal of how to equalize the widely varying state property tax.

Rep. Ben Atwell of Dallas, committee chairman, reported that all members of the panel seemed to feel that more revenue will be necessary when the Legislature writes the new budget for Texas government operations next year.

Atwell said the committee will be taking a reading on revenue which could be obtained from raising the sales tax rate (now two per cent, and removing various exemptions.

These exemptions apply to food,

drugs, farm machinery, alcoholic beverages, industrial and agricultural fuel and power. Atwell doubts that the legislature will tamper with the food, medicine and farm implements. He expressed a personal preference for a rate hike if new money is mandatory.

Committee also is going to study the likely effect of income taxation and corporation tax formula adjustments.

As a possible method of equalizing the property tax, the committee will evaluate results of assigning each county its equitable share of the ad valorem loan on the basis of estimated fair market values. Voters would have to approve such a procedure by Constitutional amendment.

Citizens of some counties now are paying seven times as much tax on property with the same value as do citizens of other counties.

**LEGAL SERVICES —** Harold Jones of Wichita Falls is chairman of the newly chartered Texas Bar Foundation to raise funds for expansion of the State Bar's program of legal services to the poor.

Philip Brin of Longview is vice chairman and Associate Justice T. Gilbert Sharpe, Brownsville, 13th Court of Civil Appeals, is secretary.

**DRAFT RULES TIGHTENED —** Young Texans served draft orders no longer can get them cancelled by joining reserve or national guard units, Col. Morris Schwartz, State Selective Service director, announces.

A man still can enlist in regular active duty forces after receiving his draft orders — if he can be signed up before induction date, Schwartz said.

New policy reached Texas draft boards from National Selective Service Headquarters where it was adopted on recommendation of the Assistant Secretary of Defense for manpower.

**CANDIDATES ANNOUNCE —** In a press conference at the Capitol, Stanley C. Woods, 43, of Houston and State Rep. Bill Hollowell, 37, of Grand Saline announced as team candidates for Governor and Lieutenant Governor respectively.

Judge Joe Greenhill announced his candidacy for re-election as Associate Justice of the Texas Supreme Court.

**COURTS SPEAK —** The Court of Civil Appeals here upheld the State Banking Board in granting a charter to Northline State Bank of Houston, thus reversing the decision of District Judge Tom Reavley of Austin. Airline National Bank of Houston brought suit claiming there was no public necessity for a new bank.

State Supreme Court declined to give special consideration to adequacy of legal services rendered to a Robstown couple by the Nueces County legal aid office in a suit where they stand to lose their home.

Court of Criminal Appeals sustained the death sentence conviction of Walter Lee Sirois in the rape of a Houston woman.

**CONNALLY TO SOUTH AMERICA —** Governor Connally is considering a week's tour of major South American countries starting February 21 to drum up participation in San Antonio's 1968

### POLITICAL ANNOUNCEMENTS

He said he hopes to visit presidents of Venezuela, Brazil and Argentina — and perhaps Chile and Peru — and ask their cooperation in staging HemisFair exhibits. Connally doubles as commissioner general of the "Fair of the Americas."

"We are running out of time," Connally told a press conference. "The fair is scheduled to open in April of 1968. Exhibits must be built in a little over two years. Once the line is broken, I think they (all the major South American countries) will come in."

**TOURIST SEMINARS SET —** Texas businesses will get tips on how they can get a bigger share of thirty billion-a-year U.S. vacation market in series of tourist seminars scheduled for 20 Texas communities March 7-May 13.

University of Texas Department of Distributive Education in Texas Tourist Development Agency will co-sponsor the meetings in places yet to be selected.

Clinics are mainly designed for groups which have direct contact with tourists including police, hotel, service station and restaurant personnel. Interested communities and groups should correspond with Texas Tourist Development Agency here.

**OIL AND GAS ARGUMENTS —** Oil and gas operators in 15 West Texas counties have been given a chance to show why they shouldn't be ordered to stop using open unlined surface pits for salt water disposal.

Texas Railroad Commission set Feb. 24 for hearings on fields in Young and Archer Counties.

A March 10 hearing has been set on fields in Hemphill, Swisher, Andrews, Martin, Bailey, Hale, Cochran, Dawson, Gaines, Hockley, Lynn, Terry and Yoakum Counties.

Hearings are a part of the commission's activity in the water pollution control field. Chairman Ben Ramsey says such hearings now are consuming 40 per cent of the time of the commission's field inspectors.

**WATER RIGHTS MAY BE CANCELLED —** At a March 15 meeting in Austin, the Texas Water Rights Commission proposes to cancel water rights for all who fail to exercise them by that date. Only five rights are scheduled to be heard at this time.

This is the first of more than 200 hearings expected to be held in 1966 as the state moves to ease "paper rights" to use stream water. Then the state will be able to show how much water really is available for future use in Texas rivers.

**POLICE REPORT COMPLETE —** Out of almost 300 police agencies employing 9,000 officers, less than half have established formalized minimum requirements for employment. So states the Texas Commission on Law Enforcement Officer Standards and Education.

In addition, less than a fourth of the agencies require any sort of formal training before officer assignment.

**SOME WIN, SOME LOSE —** Some Texas cities have been adversely affected by the recent closing and reduction of 126 military bases in the nation. But this may turn out to benefit other communities in need of airport equipment.

Texas Aeronautics Commission will act as a go-between for communities seeking surplus property.

Austin and Abilene both had Nike facilities declared excess recently and Bellville and Huntsville lost Naval Reserve installations. Towns interested in se-

curing the surplus equipment should contact the Aeronautics Commission.

**INTEREST EARNINGS UP —** Texas state government now has \$228,800,000 in time account deposits.

State Treasurer Jesse James estimated the money will earn \$9,100,000 this year at four per cent interest.

James said the interest will average at \$762,832 a month, or more than twenty-five thousand dollars a day. Total exceeds that of recent years.

A substantial tax increase will be needed next year to provide for fast-growing state colleges and universities.

Frank Erwin, chairman of the Board of Texas Colleges and Universities, estimates that higher-education expenditures will go up one hundred million dollars for the coming biennium — above the present four hundred thirty-two million budget. That's a hike of nearly 25 per cent.

Some authorities feel that increased expenditures for education will run closer to one hundred seventy million dollars.

Erwin predicted that college-university enrollments will double by the early 1970's and admitted that the task of providing facilities for all appears virtually hopeless.

Texas, he said, must be as enthusiastic in support of new taxes for education as they were in backing increased appropriations last year.

Other sources said the higher education budget looming next year may reach six hundred fifty million dollars. In that event, about five hundred million dollars may have to come from direct taxation.

Should an increase as large as now foreseen become necessary, pressure almost certainly would be renewed to hike the \$50 a semester tuition fee required at state institutions. In the past, however, legislators have been quicker to raise taxes than tuitions.

After hearing the sobering story of the financial plight of the colleges, the Coordinating Board for the Texas College and University System settled down to its first meeting of the year.

Board authorized a local election on establishment of a new junior college district to serve the Fort Arthur - Nederland - Port Neches area, but postponed until July a decision on a similar institution for Scurry County.

Board members learned that Texas' new eighty-five million dollar state-supported loan program for college students will be fully operative by next fall.

**CANDIDATES FILING —** A rash of entries in Democratic primary races for statewide offices indicates there will be plenty of action on the political front this spring after all.

Houston natural gas producer Stanley C. Woods, 43, announced he will take on Gov. John Con-

nally and called for a supporting team of candidates to oppose other major incumbents. State Rep. Bill Hollowell of Grand Saline was scheduled to reveal this week whether he will join Woods' "team" as a candidate for lieutenant governor.

Hillsboro friends paid the filing fee of Secretary of State Crawford C. Martin for attorney general. Whether he gets opposition from State Sens. Franklin Spears of San Antonio and Galloway Calhoun of Tyler is in the hands of the State Supreme Court which has heard arguments on their eligibility to run.

Incumbents Treasurer Jesse James, Comptroller Robert S. Calvert, Agriculture Commissioner John White, Land Commissioner Jerry Sadler, Supreme Court Associate Justice Clyde E. Smith and Court of Criminal Appeals Judge W. T. McDonald are among those who have deposited their hats in the ring. District Judge John F. O'Neil of San Antonio is opposing McDonald.

Liberals still are looking for a Democratic opponent to run against Atty. Gen. Waggoner Carr in the race for U. S. Senator.

State Rep. Paul Haring of Goiland already is actively campaigning for Byron Tunnell's seat on the Railroad Commission.

**SHORT SNORTS —** U. S. Development Administration has opened a nine-state regional office here — Two district judges have power to appoint and remove Bexar County grand jury bailiffs, but county commissioners set their pay and car allowances. Atty. Gen. Waggoner Carr said in an official opinion — A \$34,051 federal grant for Head Start program in Brownwood Independent School District has been approved by Governor Connally to aid 120 preschool children — Connally has reappointed Roy L. McKinney, Jr., of Denison as Interstate Compact Commissioner for the Red River Elton B. Evans has been named ed district engineer of the Texas Highway Department District 9, composed of an eight-county area around Waco — Texas Water Development Board has announced that Brown and Root, engineering consulting firm in Houston, is participating in the formulation of the Statewide water plan.

## Publicity Trophy Presented To Young Farmers

The Dimmitt Young Farmer Chapter held its regular meeting at 6:30 p.m., Thursday night in the Vo-Ag building with President, Monty Boozer, presiding.

The Chapter Publicity Trophy that was brought back by the delegates from Austin was presented to the chapter by Glenn Odom, vice president. Glenn also gave a report of activities at the State Convention which was attended by five Dimmitt Young Farmers.

Odom announced that a tape recording of the speech given by Dr. Owens of Ohio could be obtained by the chapter so that each member who was unable to attend the convention could hear this very important message on marketing vegetables.

The Rev. Leon Hill of Amarillo and Governor Connally also spoke at the convention.

Bill Hunt reported on ideas that would help the chapter earn higher recognition in the state as well as help each member individually. After informal discussion, it was decided to pursue the suggestion further at a later meeting.

Barry Love was prepared to bring the program but because of other important farmer meetings in town that same night, Barry will present his program at a later date.

Young Farmers present were: Rayphard Smithson, Barry Love, Richard Hunter, Dan Bruton, Howard Smithson, Don Robb, Monty Boozer, Jackie Clark.

## Funeral Mass Read For Frank L. Wilhelm

Funeral Mass for Frank Lee Wilhelm, 72, a resident of the Texas Panhandle since 1910, was read at the St. Anthony's Catholic Church in Hereford last Thursday morning by the Rev. Alexander Beaten, pastor.

Burial was in St. Anthony's Catholic Cemetery under the direction of Gilliland Funeral Home. Wilhelm, who moved to Deaf Smith County from Nazareth in 1940, died Tuesday at his home. He was born in Potosi, Wisconsin. He was a poultry farmer and a member of the St. Anthony's Catholic Church.

Surviving are his wife, Lucille; a son, Harry of Owensboro, Ky.; daughters, Mrs. Edna Marnell of Hereford, Mrs. Florence Thompson of Albuquerque, N. M.; Sister Francis Mary of New Haven, Ky.; and Mrs. Leola Andriokes of Cedarhurst, N. Y.; brothers, Ed, Clarence, and Colstine of Nazareth; Charles of Happy and Roy of Hereford; sisters, Mrs. Margaret Schmucker of Nazareth and Mrs. Josephine Manomer of Eau Claire, Wis.

# ATTEND CHURCH

A move to worship GOD in His HOUSE is a

## MOVE in the RIGHT DIRECTION

To attend Church is the first step in finding God. To attend regularly is to continue in the right direction, and gives one an opportunity to understand God's will in his life. Now is the time to make your move. Choose the way that will lead you to God. Attend Church Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Dear Blabby:

LET HER CATCH YOU

By Oma Siler

Dear Blabby: I am a window washer and yesterday as I cleaned the windows outside an office, a pert blonde really gave me the "eye". Would it be proper for me to call and try to make a date with her?—ROMANTIC.

DEAR ROMANTIC: By all means do . . . if you don't mind being pursued. While this sounds like an odd way to strike up a friendship, it might turn out to be a "swinging affair." When she starts washing for you, remember ALLENS HOME FURNISHINGS. Hotpoint appliances are famous for quality.—BLABBY.

**NEWS FROM SUNNYSIDE**

Mrs. Floyd Ivey was dismissed from Medical Arts hospital in Lamesa last Saturday. Her daughter, Mrs. Curtis Pruitt and daughter, Judy of Midland came home with them and stayed until last Sunday evening. Mrs. Ivey is able to be up some in a wheel chair.

Ben Derrick spent last week and this week in Gatesville with his father.

Mr. and Mrs. Ray Axtell and Charles were guests of Mr. and Mrs. Jack Hinson last Sunday. Charles returned to Tech Tuesday after a mid-semester vacation.

Mr. and Mrs. Raymond Lewis and family of Olton were dinner guests last Sunday of Mr. and Mrs. Raymond Lilley.

Jay Winters of Earth visited Monday with Mr. and Mrs. W. E. Loudder and Leslie Loudder.

Mr. and Mrs. Milburn Haydon

returned home Tuesday evening after a visit in Weatherford with his parents, and in Gainesville with his sister, Mr. and Mrs. Frank Ottmers and family.

Eulass Waggoner returned to their ranch near Sulphur Springs Tuesday after spending a week with his family here.

Mrs. Calvin Lippard worked at the information desk and gift shop at Plains Memorial Hospital Tuesday afternoon. She is vice president of the Hospital Auxiliary and has announced that all members of the auxiliary whether active members, inactive members, or life members are invited to the Awards Banquet February 12th. Their husbands are invited also. Tickets are \$2.50 and are being sold at the gift shop and should be purchased no later than the 7th.

**SHOPPING AT SUGAR 'N SPICE**

I was having coffee at Sugar 'N Spice this week with Juanita Fulfer and Helen Brown and visiting with the customers. The Jr. dresses are selling pretty fast. They are such good buys for \$5.00 and \$10.00

The girls told me that all day Tuesday the 8th of February the representative for Justin McCarty will be in the shop for a trunk showing of summer and transition styles. Everyone is invited to come by and look.

You remember those pretty pink and blue granny gowns and pajamas. Well! they are marked down to \$5.00. Our cold weather is just starting so one of "those" would be roasty warm.

Of course they have plenty of the glamorous gown sets in pink, red and blue and the bridal sets in white. And I saw two robes in orange red with big hibiscus flowers in blue.

There is a nice selection of dresses made by "Tumbleweed". This is a very popular line. Comfortable and pretty to wear. Those dresses are in pastel colors of pink, yellow, blue—some in regular shift and others are the Monks dress. This has a very unusual sleeve.

There are many, many things left at the childrens shop. These are going for one half of the original price because they need to make room for the new Spring merchandise.

There are many new things in the gift shop. There is a beautiful crystal shrimp bowl that has individual sauce bowl and pick holders. I thought I might like this for flower arrangements.

And on the table were some attractive parfait glasses in crystal. This will give ice cream and jello a Sunday look. These would make nice bride's gifts as well as bridge prizes. You need to come in and see the pretty colored glass in blues, greens and amber.

All of the dark hats up to \$30.00 will be marked down to \$5.00 this week. Do come in — Myrtle.

When We Stop To Think

Howard Mumford Jones has said, "Ours is an age which is proud of machines that think, and suspicious of any man who tries to." How true this statement is!

It begins with the small child whose mother is afraid he will become anti-social; therefore she sends him down the street to play with the other children. As a result, young people pass through childhood with no practice in knowing themselves.

Teenagers are encouraged to be with people; they are pressured to get out and join the crowd. The resulting tragedy is that teenagers grow into adults not knowing how to cope with all the problems of the rapid-changing world of today.

Opportunities to be alone and just think are not easy to find. The cities and even the suburbs are filled with constant noise and disturbances, such as factories, automobiles, television sets, dishwashers, and door-to-door sales-

men. A retreat to a quiet spot along a lake or river will often be met by the roar of outboard motors. America seems to have become so accustomed to all this clutter that it regards thoughtful solitude as unnatural.

The ideal environment for studying oneself is a bit of untouched outdoors which, in spite of man's exploitation of nature, can still be found if one really wants to find it.

The worst part of this problem of solitude is the lessening desire to be alone and to think. If America could revive this desire, it would once again be blessed with the thinkers and doers who conquered this land and learned to build it into the giant that it is today.

Today as never before to face the gigantic problems of the ever-changing world.

Humor

A well-adjusted person is one who makes the same mistake twice without getting nervous.

In the dining room of the Hotel Juneau in Juneau, Alaska, a featured dessert is "Baked Texas." A t a Hollywood USO dance, I asked a young Marine, his uniform bedecked with ribbons, where he was from. "I was born in Brooklyn," he replied, "and grew up in Vietnam."

Mother to son: "Of course I'm glad you're above average, but bear in mind that nowadays that's below average."

A formation of birds was flying south for the winter, and one bird near the back asked another, "How come we always follow that same leader?" The other replied, "He's got the map." THINK ABOUT THIS ONE.

I don't know of anything better than a woman if you want to spend money where it'll show.

Castro Lodge AF & AM 879, Regular meeting 3rd Monday. Practice every Thursday, Doyl Underwood, Worshipful Master, Ira E. Brown, Secretary. Visitors Welcome.

Thoughts For The Week

We must learn to see things as they are, not as we wish they were.

Courtesy takes no more trouble than rudeness, just more class.

Every man has a right to his

own opinion, but no man has a right to be wrong about the facts.

When words lose their meaning, people lose their freedom.

Things turn up for the man who digs.

The magazine industry employed more than 70,000 people in 1964 and provided a total payroll of \$500 million dollars.

Nazareth P.T.A. members held a very important and interesting meeting. Mr. Slavik explained the Federal Aid and the many benefits available for the school. Mrs. Elmer Kleman, Bi-County President gave a very interesting report on the P.T.A. Convention which she attended in Corpus Christi.

Bi-County P.T.A. meeting was hosted by Nazareth P.T.A. in the Legion Hall, Tuesday January 25. Mrs. Elmer Kleman, president presided. Mrs. Farn'er, state Chairman from Littlefield and Mrs. Alexander of Amarillo, Dis-

trict president and members from Hart, Kress, Happy, Dimmitt and Nazareth attended the meeting. Attending the funeral of Mr. Frank Wilhelm, a longtime resident, Thursday, January 27, were Rev. Wm. Riechel, Brothers, Ed, Sal, sisters, Mrs. Margaret Schumcker and Mrs. Joe Warren and husband, nephews and nieces, Mr. and Mrs. Francis Wilhelm, Mr. and Mrs. Ernie Brockman, Mr. and Mrs. Leonard Wilhelm, Mr. and Mrs. Jerry Wilhelm, Mr. and Mrs. James Wilhelm, Mr. and Mrs. Lawrence Waggoner, Mr. and Mrs. Gene Kern, Mr. and Mrs. Bud Kern and a group of friends.

Mrs. Margaret Schumcker and the Albert Hartman family had dinner at Swede Schmuckers in Hereford Sunday and spent the afternoon.

Sister Felicitas, a teacher in Nazareth School, flew to Tucson, Arizona to be with her dad and sisters, Hilda and Sister Dominic at her Aunt and Uncle's Golden Wedding, January 30. Mrs. Potter will be substituting for Sister the coming week.

Mr. and Mrs. Dan Koelzer and family of Friona spent Saturday and Sunday with Mrs. Marie Hanson and family.

Fourteen members of the Order of Martha met in the home of Mrs. Raymond Annen Tuesday, January 25th. Linens to be sewn were taken by the members. An "Open Project" was started. Each member is asked to sew a patch on the apron under which she will put a donation and a verse. When it is completed the patches will be taken off and the verses will be judged and the winner will receive the pretty apron and the donations will go for the Home Missions. A discussion on "What's Happening in the Church Today" was also held.

Everyone enjoyed pie and coffee after the meeting.

Sunday, January 30, Mr. Mike Dobmeier was honored with a dinner on his 87th birthday. Children and grandchildren enjoying the dinner were Mr. and Mrs. Leo Dobmeier and family, Mr. and Mrs. Louie Schacher, Mr. and Mrs. Ed Dolton and family of Amarillo, Mr. and Mrs. Ronnie Shilling and family of Slaton, Mr. and Mrs. David Irbeck and son of Dimmitt, Mrs. Wilma Cryder, Mr. and Mrs. Jerome Brockman and family and Mr. Howard Schulte.

A group of friends of Dr. Mayes Miller from Nazareth attended the Open House at the Colonial Inn in Dimmitt honoring Doctor on his 87th birthday, Sunday January 30th.

Mr. and Mrs. Leroy Hoelting and daughters of Amarillo visited here Sunday.

## W. H. Cole's Rites Read At Seagraves

Funeral services for William Holbert Cole 87, Seagraves resident of six years who died Friday morning at Seagraves Clinic Hospital, was at 2:00 p.m. Sunday at 12th Street Church of Christ in Seagraves.

Officiating was the minister, Virgil Callum and Homer Jones of Wellman. Burial was in the Terry County Memorial Cemetery, Brownfield, under the direction of Webb Funeral Home of Seagraves.

Cole, a retired farmer, was a resident of Brownfield about 10 years. He was a native of McKinney, Texas.

Survivors include six sons, Gilbert, Shelby and Bill, all of Seagraves; Evert, Hart, and Hiram, Brownfield; four daughters, Mrs. Annie Mayberry, Midland; Mrs. Naomi Warren, Carlsbad, N. M.; Mrs. Maude Thornton, and Mrs. Rita Marley, both of Seagraves; a sister, Mrs. Ada Odum; and a number of grandchildren.

Grandsons were pallbearers. **ZEALOT CLUB** Mrs. Joe Newman was hostess recently to the Zealot Club for the installation of new officers for this year.

The new officers are president, Mrs. Warren Lemons; vice president, Mrs. C. R. Jones; secretary, Mrs. Joe Bailey; treasurer, Mrs. Deryl Clevenger; historian, Mrs. Preston Upshaw; and parliamentarian, Mrs. Tom Benton.

Mrs. W. T. Sanders had charge of the installation. The program subject was "Rededication of a Cause."

Members present were Meses. Warren Lemons, C. R. Jones, Tom Benton, Ralph Futrell, Deryl Clevenger, W. T. Sanders and the hostess. Next meeting will be February 22.

Mr. W. C. Crick had a growth removed from his eye in Lubbock on Wednesday of last week.

Mr. and Mrs. Lester Filippo and family of Felt, Oklahoma spent the week end in Hart visiting with friends.

Due to an error in last weeks paper in write up of the Lions Club meeting it should have read, February 28 has been set for annual Ladies night.

Homer Hill was dismissed on Friday from the West Texas Hospital in Lubbock after having major surgery. Homer is making a rapid recovery.

Mr. and Mrs. C. B. Landers were Sunday dinner guests in the home of Mr. and Mrs. H. E. Loman.

Mr. and Mrs. Carl Haile of Tullia attended the worship service on Sunday morning at the First Baptist Church and attended the open house at the new parsonage. Mr. Haile was the contractor for the building.

**GIRL SCOUT TROOP 158** Girl Scout Cadette Troop 158 met on Wednesday of last week at the Scout Cottage for regular meeting with leader, Mrs. Kenneth Covington.

The girls are working on badge of "Good Grooming". Miss Kathy Weatherly served refreshments to the following girls, Brenda Covington, Sharon Brooks, Carrol Miller, Sandy Bennett, Jeton Jones, Becky King, Gaylene Hawkins and leader Mrs. Covington.

Next meeting will be Wednesday, February 2, when girls will be planning for a style show to be

featured soon. Dan Blake, little son of Mr. and Mrs. C. R. Jones was hospitalized at Plainview Hospital and Foundation Wednesday of last week and was dismissed on Friday afternoon.

Mrs. L. A. Steiret was dismissed on Wednesday of last week from the Medical Center in Plainview after being hospitalized for several days.

Dear Mr. Nelson:

The journalistic gripe stays with me longer than most so, I want to take one more swing at that before you get tired and walk off and leave me holding the bag.

Former President Hoover said, "about the time we learn to make the ends meet someone moves the ends and we have to start over." He did know how to anticipate change therefore was always found wanting when weighed in

the balances. A case that stays with me is the story of one instance in the foreign aid program in the story that came out of Bolivian Central South America. They were the beneficiary of some of our foreign aid. Some call it an aid communism and creeping socialism. They received a thoroughbred bull from some Texas breeder that received a fancy price for the animal plus a staggering transportation bill by air. Shortly after he arrived in Bolivia he tried to vault a fence that was a little high and resulted in a hopeless injury so the man in charge (an American) deemed the most logical thing to do was to barbecue the animal and let the poor hungry people

eat him. Immediately the chief oppositions of all such ideas pounced on the opportunity to tell the world through the "Free" press how little such donations to foreign nations is appreciated. The prize bull intended for breeding purposes was barbecued instead. Such is the misfortune of the poor Bolivians. The Spanish crown established their first University in 1624 A. D. and at this time only one in three can read and write his name.

It goes without saying that the Texas rancher that received the fancy price for the purebred bull is also opposed to all aid to foreign countries with a communist leanings.

R. A. Futrell.

He is survived by his wife and two sons, Jerry B. and Kay Whitlow, all of Winters, two brothers, Home Whitlow of Kress and Pete Whitlow of Happy; three sisters, Mrs. Carl Kemp of Dimmitt; Mrs. Lester Stringer of Corpus Christi; Mrs. Jim Drake of Springler, N. M.; and four grandchildren.

### Mrs. Betty Parkers Is Garden Club Speaker

Mrs. Betty Parker of Tulia was guest speaker for the Milady Garden Club Tuesday afternoon, February 1. Mrs. Parker spoke concerning "Contemporary Arrangements." The art of flower arranging is very popular in America. The way we see nature is the way we design. Some are flamboyant and some are very subtle. The contemporary arrangements are the arrangements of the 20th Century," said Mrs. Parker. Mrs. George Sides and Mrs. Bryce Dowell were hostesses for the meeting. Refreshments were served from a table decorated in the Valentine motif. Twenty ladies attended. Mrs. Swindburn of Tulia was also a guest. Milady Garden Club will meet March 1st in the Community Room of the bank.

### Nazareth Girls Present Annual Style Show

The freshman and junior girls of Nazareth presented their annual style show last Thursday, January 27.

Mrs. King, Home Economics teacher at Nazareth said that the girls did a good job on their garments that they made.

A group of sophomore girls composed of Phyllis Huseman, Shelia Birkenfeld, Kathleen Huseman, Sharon Hochstein, Carol Jones, Cynthia Hoelting, Juanita Braddock, Brenda PoPhlmeier, Beth Wethington, Theresa Pohlmeier, and Sandra Gerber began the style show by singing "Tell Me Why."

Following the song by the sophomore girls, the freshmen girls modeled skirts and blouses that they had made. They made their skirts without the use of patterns.

Eight junior girls posed on the stage as manikins and came to life before the audience as the description of their clothes were being read. The junior girls modeled wool suits that they had made.

The Future Homemakers announced that Joan Acker of Nazareth received the Betty Crocker Award for this year.

The Prayer Song concluded the program. Punch and cookies were served to the guests following the program.

### Dr. P. D. O'Brien Teaches Book Of Job In Dimmitt

Dr. P. D. O'Brien, former pastor of the First Baptist Church in Big Spring, taught a study course on the Book of Job this week at the First Baptist Church in Dimmitt.

O'Brien served as pastor of the First Baptist Church in Big Spring for 20 years. For 19 years and six months, while in Big Spring, O'Brien said that he received one red rose every Sunday morning from an anonymous person. The number of roses that he received from the unknown donor added up to 993 roses.

O'Brien said that he retired from the church at Big Spring in August, 1962. Since that time, O'Brien said that he has preached 78 revivals and has been in over 100 churches to either teach a book of the Bible or to preach. The three most common books that O'Brien is asked to teach are Job, Ecclesiastes, and Revelation. O'Brien said that he has taught the Book of Job 145 times.

O'Brien attended school at Hardin Simmons University in Abilene and Southwestern Baptist Theological Seminary in Fort Worth. He was awarded an Honorary Doctor of Divinity Degree by Hardin Simmons University in 1947.

For 48 years, O'Brien said that he was responsible for a pulpit in a church every Sunday morning.

O'Brien and his wife, Johnnie Kay have made their home in Eastland County. The O'Briens have five children. They have two daughters who are married, and two twin sons who are both doctors. O'Brien said that their fifth child is living in Heaven.

During the 20 years that O'Brien was pastor of the First Baptist Church in Big Spring, he said that he preached 1014 Sundays and baptized 1004 persons.

### Services Today For Mrs. Davis

Services for Mrs. R. C. Davis, 66, mother of Mrs. Leslie Johnson of Dimmitt will be at 2 p.m. Thursday in the First Methodist Church in Hale Center with the Rev. Rex Maudin, pastor of the Church officiating.

Mrs. Davis has been a resident of Hale Center since 1935.

Burial will be in Hale Center Cemetery under the direction of Hale Center Funeral Home.

Mrs. Davis, who had been in ill health about 12 years, died Tuesday at Hi-Plains Hospital in Hale Center.

Survivors include her husband; three sons, Dr. R. C. Davis, Jr., Pasadena; Thurman, Estancia, N. M.; and Eldon, Hale Center; three daughters, Mrs. Jack Limmroth, San Angelo; Mrs. Leslie Johnson, Dimmitt; and Mrs. Bill Hamilton, Midland; seven brothers, seven sisters, and 13 grandchildren.

The casket will not be opened at the church.

LOOKING AT THEIR CHILDRENS WORK during the North Grade Elementary Open House are Dr. and Mrs. Bill Murphy. Pictured with the Murphy family are Mrs. Betty Alsop, sixth grade teacher; Cara Nell Fragin; Sandra Loudder and Dolores Waggoner.

### Pink Lady Party Line

Attention Auxiliary members, their husbands, and all interested citizens of Dimmitt and environs: Now you can get your tickets for the Awards Banquet, at 7:00 p.m. February 12th. They're available at the Hospital Gift Shop and Parsons Drug Store. Deadline is February 7th.

No tickets sold at the door this time because Mrs. Blackwell, manager of South Grade Cafeteria has to have an accurate nose count for the purchase of food, etc.

\$2.50 per ticket. Why the advance in price? Well, you know we are having more guests this year and also those good steaks don't come cheap. When you pick up your tickets please sign your name in the book at the reception desk or at the prescription counter.

All committees for the Banquet-of-the-year are functioning like mad. It will be a highlight even where we can learn what the Auxiliary is doing, has done and will do. We'll be regaled by a wonderful program. The speaker, Sister Angela Claire, Hospital Administrator of St. Anthony's Hospital in Amarillo, is excellent. Of all the speakers on the District program a year ago, she is THE one your delegates remember.

P. S. Deadline for report of hours worked is February 8th. Please have them in because it gives the over-all picture of what your organization is doing.

### Last Rites Held For Mrs. Fielder

## SPORTS AFIELD

By Ted Kesting

The bobwhite, or quail, likes grassland in the spring and summer for nesting and loafing and feeding when the weather is good. This means fields, wild or cultivated, of clover, legumes, hay, alfalfa, lespedeza. He is always an "edge" bird, preferring places where two or more kinds of cover merge. He can often be found feeding along the edge of a cornfield where he can escape a bird of prey or a man by darting into a nearby thicket of wild plum or berry.

In the late summer and fall, but sometimes also in late spring and early winter, the bobwhite likes crop fields—the natural ones—weed fields and fallow ground. He is partial, too, to tobacco, cotton, vegetable, corn and grain fields. But he is no destroyer. "Quail are among the few species of game birds that are the farmer's friends, actually his benefactors," states Jack Denton Scott, Roving Editor of Sports Afield Magazine. They never damage crops, eating only leftovers and destructive insects and weed seeds.

Fall and winter find them in the thickets, the wild shrublands, the brushy places, where

vine tangle and wild overgrowth afford cover, help them escape enemies and provide warmth and roosting safety. During this time they can also be found in woodlands—in the pines, the oak groves, the bottomland hardwoods—for quail also eat acorns and mast.

Don't go plodding along bare fencelines and tilled fields for bobwhite. They won't be there. They take to the "live" fences planted either by nature or by man—the multiflora, the thorn and berry, the hedgerows—and strip-cropped fields that offer food and a place to hide.

Enemies are man and everything from hawks, crows, cats, dogs, foxes, and snakes to the fire ants that wait for the eggs to pip and the chicks to appear, then come in a never-ending swarm and devour the newborn, their numbers leaving even the adult birds helpless to protect their young. But the hunter takes only an average of 30 percent, and these are usually the young birds; and the predators don't do much better, for in the summer, when the young are vulnerable, cover is heavy and quail are quick, and predators can find easier meals.

### Rites Wednesday For Mrs. Harris

Services were conducted Wednesday at 2 p.m. in Sweet Street Baptist Church in Tahoka for Mrs. Martha F. Harris, 85, mother of Mrs. Hubert Edwards of Dimmitt. Mrs. Harris died in her home Monday.

**Christian Church News Notes**

A new Bible Study on the books of Genesis and Exodus with interesting workbooks had its beginning last Wednesday at the First Christian Church. At each Wednesday 7:30 p.m. meeting, five chapters are covered. On the following Sunday at the 6:00 p.m. service Minister Bedford W. Smith is preaching a sermon from the five chapters used the preceding Wednesday.

Last Sunday, Smith's message was on "The First Sin of Cain." On Sunday, February 6th his evening sermon will be "Noah In the Old Testament and the New Testament."

The Class is open to the public who will find that a good understanding of the Old Testament Scriptures will aid in understanding the New Testament.

At the 10:50 morning worship hour the Minister will preach on "God's Righteousness."

Plans are being perfected for the sixth anniversary celebration Sunday, February 27 of the beginning of The First Christian Church in Dimmitt. A week of special services during the following week through Sunday, March 6th is being arranged with a good speaker. Full details will be given in a later issue of the Castro County News.

**What's the best 5-letter word for fertilizer?**

**And for wheat — NIPAK 45.**

Get better wheat crops and earn bigger profits. Topdress your wheat with Nipak 45 right now — for greater yield and higher protein. Nipak 45 — 45% nitrogen fertilizer from Urea — gives you one-third more nitrogen per pound than any other form of solid nitrogen fertilizer — which enables you to handle less fertilizer and cover

more ground in less time. Nipak 45 is uniformly prilled, too. It flows easily, won't cake, clog — or corrode your equipment. Nipak also dissolves in the soil moisture and moves quickly to the root zone where it stays put until your crops need it. So for more grow power, ask your local Nipak dealer about Nipak 45. He can help you plan a complete fertilizer program because he can provide a complete fertilizer service.
