I am working on my list of New Years resolutions. Everybody Mr. and Mrs. Joe Hatch of Plainshould make some resolutions at the first of each year. It serves of Clovis, N. M., Mr. and Mrs. as sort of an inventory of things Kerry Wayne Horne of Dimmitt; that were done during the preceding year, which in turn reveals the necessity of making a number brother, Mr. Olen Williams, of of changes during the ensuing Plainview and Mr. and Mrs. L. A. year. If many of us made the needed changes we wouldn't be recognizable in our new state, however I don't plan anything that drastic. My resolutions will be rather moderate and will include little more time for recreation, dinner, and maybe I will resolve to be decent toward the band director and the superintendent of schools and some of the other folks that really need special attention once in a while, maybe.

Mr. and Mrs. Harold Stephens spent Christmas Day with his parents in Amarillo.

Maurine Smithson, daughter of Mr. and Mrs. Ben Smithson, is home for the holidays from Wayland College, Plainview.

Mr. and Mrs. J. R. Rothwell and family and Mr. and Mrs. W. W.

Gilbreath visited relatives in Plainview Sunday. Mr. and Mrs. J. R. Rothwell and port: family, Mrs. E. R. Rothwell and Mr. Lewis Beason

### **Against Neglect**

Carelessness in the treatment of for the Bobcats and Bobbies is as respiratory disease is no only foolish but very hazardous, according to Dr. Geo. W. Cox, State Health Officer, who warned Texans today to be on guard against such illnesses as lead to pneumonia.

Dr. Cox pointed out that pneumonia can and does strike with little or no warning, and in many instances its forerunner is a simple cold, an attack of influenza, or some other respiratory infec-

"A cold or any other infection of the breathing passage which makes one constitutionally weak, especially if it is accompanied by fever, demands the immediate attention of the family physician. To self treat and fight on one feet a condition of this kind is to endanger life unnecessarily. It is advisable to take all possible steps to avoid respiratory illnesses since dangerous complication - pneu- son, S. C. monia."

Dr. Cox stressed the fact that physical resistance by sufficient tertained at the annual PTA-sponoutdoor ventilation, adequate sored Christmas party. Santa was nourishing food, outdoor exercise on hand to give gifts to all the and sufficient sleep, but added to children. Pupils of the first four that the family physician should grades sang their welcome to Sanbe called immediately if, in spite ta when he came in. of such care, a respiratory disease develops.

Happy, Texas, visited relatives sulted immediately upon the ap-

On December 13, the Nazareth Swifts and Swifties entered the Happy invitational basketball tournament. In a game with Canyon, the Swifts were defeated by a score of 61-17. On December 14, the Swifties scored a victory over the Happy B string with a score of 31-26. Julene Heiman was high scorer. That evening they were defeated by Canyon with a 28-23 score.

On December 15 the Swifts defeated the Happy B team with a score of 30-13; Elmer Huseman was high scorer. Following that the Swifts played Petersburg and were defeated 28-13.

The last game the Swifties played resulted in a win over Tulia, with a score of 41-26; Julene Heiman brought in the most scores. This win served to put the Swifties in third place in the tournament. Aurelia Acker and Irene Brockman, captain and co-captain of the Swifties, were selected for the all-tournament team and were awarded gold basketballs.

The Swifts received the tournament sportsmanship trophy.

On December both the Swifts and Swifties played the first of the conference games in Happy, against the Cowboys and Cowgirls. Both were defeated, the boys by a score of 35-21, and the girls by a score of 30-20. Elmer Huseman, with 10 points to his credit, and Julene Heiman, with 12 points to her credit, scored high for the Nazareth teams.

The American Legion auxiliary entertained the Legion and group of servicemen home on furlough, at a Christmas party in the school cafeteria on December 20. Each serviceman was given a gift from the auxiliary.

The servicemen who are home on furlough are Cpl. Ed Ramaekers, and Private First Class Carl Dean Kleman, Julian Huseman, David Acker, and Charles Acker. they so frequently lead to that All are stationed at Fort Jack-

Mr. and Mrs. Dowe Foster and son and Mr. and Mrs. Bobby Warren were Saturday evening supper guests of Mr. and Mrs. Harry Rothwell. Saturday was Bobby's birthday.

We noticed over the week-end seeing so many of the college students. We are always happy to have them home.

Mrs. Jim Bagwell and Latrelle left Thursday for thir home at Amistad, N. M., to spend the holidays. The family were to all be at home on Sunday. Those to be present were Mr. and Mrs. Jim Bagwell and Latrelle, Mr. and Mrs. J. A. Bagwell, Mr. and Mrs. Ray McEntire and children of Perryton, and Mr. and Mrs. Ralph Holland of Midland.

Mr. and Mrs. Vernon Williams

#### ANNOUNCEMENT

I Have Severed My Relations With The Plains Memorial Hospital And In The Near Future Will Open Private Offices In Dimmitt For the Practice of General Medicine And Surgery

DR. JAMES T. ROUNTREE

Pictured is engineering model of gigantic new Public Service Power Plant being erected in Lamb County, Texas.

### WORK TO DO IN 1952

Plant X, the new power plant we are building in Lamb County, Texas, is the symbol for the work we must do in 1952 to continue to meet your electric service demands.

The first unit of Plant X, which by mid-1953 will have 200,000 horsepower of electric generating capacity, will go into service this year.

Also this year, a 25,000 horsepower addition will be made to the generating capacity of our Carlsbad, New Mexico power plant.

Altogether in 1952, it will be necessary to spend more than \$21,000,000 in new construction alone, to meet your needs for dependable electric service.

But, necessary as it is, new construction is only part of the work we must do in 1952. The 24 hours a day job of providing you with dependable electric service will go on and 1800 men and women will see that you get the best possible electric service each day of the year.

Your electric service is in good hands — the capable hands of the 1800 men and women - your friends and neighbors - who are the business-managed, tax-paying electric company which serves you.

ONE OF THE NATION'S BUSINESS - MANAGED, TAX-PAYING POWER COMPANIES

#### Grass Control In Cotton

more economically by using chemicals than by hand-thinning and hand-hoeing alone, according to Romer E. Rea, associate professor of agronomy for the Texas Agricultural Experiment Station.

Six systems for controlling weeds in cotton were tested at College Station last spring. The main weeds to be controlled were annual grasses, Johnson grass and oiled accidentally, there was no

Commercial chemicals sold under the trade names Premerge and ments." Lion Oil No. 1 were used in this experiment. Costs of the chemicals were \$2.62 per acre for one application of Premerge and \$2.50 tions Office, College Station, Texper acre for two applications of as, or can be obtained through the

Rea reported that the cost for hand labor was \$13.30 per acre where the cotton was hand-thinned, hand-hoed and given regular tractor cultivation—no chemical being applied. The cotton was hoed six times.

The cost for hand labor was only \$3.29 per acre where Premerge was applied before the cotton came up and two applications of Lion Oil No. 1 were made for carly weed control after the cotton was up. For late weed control, flame cultivation was used.

Where only the two applications of Lion Oil No. 1 were used after the cotton came up, the cost for hand labor was \$3.78 per acre. Flame cultivation was used for late weed control.

The hand labor cost was \$6.90 per acre where only Premerge was used before the cotton came up.

Where machine thinning, rotary noeing, high-speed tractor cultivation and late season flame cultivation were used, the cost for hand labor was \$8.75 per acre. The rotary hoe weeder attachment was used twice in this system, and the cotton was hand-hoed three times. Use of Premerge before the cot-

ton came up, supplemented by delayed rotary hoeing and high-speed tractor cultivation followed by late season flame cultivation, resulted in a hand labor cost of \$10.33 per acre. The rotary hoe was used once and the cotton was handhoed three times.

In this experiment, two pounds of Premerge in 10 gallons of water were applied per acre in a 10-inch band over the drill immediately behind the press wheels. This treatment was used to control shallow-seeded annual weeds and grasses until time for the first

Lion Oil No. 1 at the rate of

to a 10-inch band in the drill below the cotton leaves. The two applications were made seven days the holidays from Texas Tech. apart. These applications gave Lubbock. COLLEGE STATION—Seedling from 94 to 99 percent control of the annual and Johnson grass application of Lion Oil No. 1.

> In another test, a chemical sold under the trade name Esso Weedkiller No. 38 was just as effective as Lion Oil No. 1.

Rea said, "Except for the hurning of an occasional leaf that was evident injury to the cotton plants from any of the chemical treat-
