Fred C. Haile Candidate For Representative

TO THE VOTERS OF THE 118TH DISTRICT:

Persuaded by the request of many friends of long standing and some of whom are of more recent acquaintance, and yielding to a long cherished desire to serve the people of this district, I am making this announcement of my candidacy for representative of the 118th District, subject to the Democratic Primary, in July.

In making this decision I am not unmindful of the responsibilities, duties, and obligations attached to this office in the law-making body of our state. I fully realize, that if elected, I shall face many problems of governmental and economic nature that will require undivided and unhampered attention and a quality of independent thinking and voting in order to do that which is for the best interests of the people of the entire district. In making the race I wish to inform you that I am not the candidate of any group, click, nor corporation; but, that I am the candidate of the people, and shall work and vote for their interest only. As to whether my qualifications are such as to merit your support I refer you to those who have known me from infancy as a farm boy, a cowboy, a student, a soldier and sailor, and a business executive.

Having been born at Afton, Texas, Dickens County, thirty-one years ago I claim the distinction of being a native of West Texas and of the 118th District. For thirty-one years Dickens County has been my home with the exception of intervals spent in the Army and Navy, at Simmons University at Abilene, and The University of California, at Berkeley, in which schools my time was spent specializing in the study of Social Science, more especially that of Political Science and History. For the past six years my connection with the Spur Mutual Life Insurance Association has given me a wide acquaintance with the people, their conditions, needs, and desires in the 118th District.

There are several thousand people in the district composed of the counties of Borden, Kent, Stonewall, Garza, Scurry and Dickens; and it shall be my intention to meet and talk with each voter personally. In case conditions prevent this, you will please note that you support and influence shall be highly appreciated in the coming Democratic Primary.

Respectfully submitted, FRED C. HAILE.

Yoakum Shows The Way

Yoakum, Texas, a city of approximately 6,000 population, has demonstrated that a city can regulate its utilities through municipal ownership. For several years efforts were made to secure satisfactory electric rates and these failing, city officials started plans for a municipal electric light and power plant. A municipal electric plant was built and rates of the private company operating there were immediately reduced to a below-cost level.

Yoakum officials then filed an ouster suit, the power franchise having expired last December, but before the case was heard an agreement was entered into by the terms of which the Texas-Louisiana Power withdrew completely from serving customers in Yoakum. A new water works system is being constructed by the city and when it is completed the power company is to withdraw completely from serving Yoakum. This will leave the city in position to establish a record in paying for its utilities completed out of their earnings. At present Garland is one of the outstanding examples of successful operation of an electric light plant having completely paid for itself from profits over a period of less than three years.

What Garland and Yoakum can do, other cities can do with the proper efforts. Profits from utility services in these cities formerly went out in dividends to stockholders and salaries to high officials some of whom lived out of the State, but now the profits from electric service stay at home to reduce the expenses of city government. Yoakum is to be encouraged on having progressive officials with the courage and energy to carry out such a program as the city is now completing.—Paid adv.

A Legacy

In the pocket of an old, ragged coat belonging to one of the insane patients of the Chicago poorhouse, there was found, after his death, a will, a copy of which is now in the hands of Edgar Allen of this city.

According to Barbara Boyd, in the Washington Law Reporter, the man had been a lawyer, and the will was written in a firm, clear hand on a few scraps of paper. So unusual was it that it was sent to another attorney; and so impressed was he with its contents that he read it before the Chicago Bar Association, and a resolution was passed ordering it probated. It is now on the record of Cook County, Ill. This is the will of the old insane patient of the Chicago poorhouse.

"I, Charles Lounsberry, being of sound and disposing mind and memory, do hereby make and publish this, by last will and testament, in order, as justly as may be, to distribute my interest in the world among succeeding men.

"That part of my interests which is known in law and recognized in the sheep-bound volumes as my property, being inconsiderable and of none account, I make no disposition of in this, my will. My right to live being but a life estate, is not at my disposal, but, these things excepted all else in the world I now proceed to devise and bequeath.

"Item 1. I give to good fathers and mothers, in trust for their children, all good little words of praise and encouragement, and all quaint pet names and endearments; and I charge said parents to use them justly, but, generously, as the deeds of their children shall require.

"Item 2. I leave to children inclusively, but only for the term of their childhood, all and every flowers of the fields and the blossoms of the woods, with the right to play among them freely according to the customs of children, warning them at the same time against thistles and thorns. And I devise to children the banks of the brooks and the golden sands beneath the waters thereof and the odors of the willows that dip therein and the white clouds that float high over the giant trees. And I leave the children the long, long days to be merry in, in a thousand ways, and the night and the train of the Milky Way to wonder at, but subject, nevertheless, to the rights hereinafter given to lovers.

"Item 3. I devise to boys, jointly, all the useful idle fields and commons where ball may be played, all pleasant waters where one may swim, all snow-clad hills where one may coast, and all streams and ponds where one may fish, or where, when grim winter comes, one may skate, to hold some for the period of their boyhood. And all meadows with the clover-blossoms and butterflies thereof; the woods with their appurtenances; the squirrels and the birds and echoes and strange noises, and all distant places, which may be visited together with the adventures there again, freely and fully without title or diminution.

"Item 4. To lovers, I devise

DICKENS CO. SCHOOL NEWS

AFTON
The P. T. A. met Monday in regular session. After the business session the parents entertained with a three-act comedy called, "Two Days to Get Married." The community string band entertained beautifully.

Attendance has been good since the first of the year. We trust that the influenza will pass us by.

ESPUELLA

Our P. T. A. will meet March 11th. The general subject we are pursuing is "child training." In addition to the serious side of the program there will be some entertaining numbers.

CENSUS

The census taking of the County is no win full swing. Despite the conditions that exist, in several communities there is an increase in scholastics.

DRY LAKE

Dry Lake won the rural championship in basketball. Dickens won in class B schools. In playing for the county champion ship Dickens admitted that while they won, they were at least entertained.

When the nurse examined our pupils recently she pronounced Norwetta Smith, Dorice Hutto, and Elizabeth Powell as having perfect teeth.

Last week this school presented a George Washington program. There were three plays, Virginia Reel with colonial costumes, Two flag drills, readings by Dorice Hutto and by Violet Delisle.

After the program we organized a P. T. A. with the following officers: Mrs. Ellis Draper, President; Mr. Buren Smith, sec. and treas; and Mr. Jim Hutto, reporter; Miss Hull, Mrs. Coy Dapson, and Mrs. Bostic on committee.

D. C. E. A.

The Dickens County Educational Association will meet on Thursday night, March 4th, at Croton. This will be a Washington program. Each school will present a number. It may take any form and may be put on by patrons, pupils, teachers, or board members. From what we know of the numbers to be given the program will be splendid. Most of the schools are bringing the best number they had on their local Washington programs to this session of the Association.

ELECTION

Saturday, February 29th, an election was held at Croton for the purpose of creating an independent district. There were 117 votes cast for and 97 against the issue. These were elected trustees: Henry Parnell, O. L. Lovern, J. J. Wasson, Floyd Adams, O. Butler, Joe Thannisch, and W. J. Conaway.

SUPT. TERM OF OFFICE
Since the papers gave very little publicity to the law at the time of its passage, we are quoting below Section 65 a, Chapter 61, 41 Legislature, 5th Called Session:

"In all counties in which the County Superintendent is chosen by popular election the term of office shall be four years. This law became effective January 1, 1931.

their imaginary world with whatever they may need, as the stars of the sky, the red roses by the wall, the bloom of the hawthorn, the sweet strains of music, and aught else they may desire to figure to each other the lastingness and beauty of their love.

Item 5. To young men jointly, I devise and bequeath all the boisterous inspiring sports of rivalry, and I give to them the disdain of weakness, and undaunted confidence in their own strength. Though they are rude, I leave to them the power to make lasting friendships, and of, possession companions, and to them, exclusively, I give all merry songs and grave choruses to sing with lusty voices.

Item 6. And to those who are no longer children or youths or lovers, I leave memory; and bequeath to them the volumes of the poems of Shakespeare and Burns and of other poets, if there be others, to the end that they may live the old days over again, freely and fully without title or diminution.

Item 7. To our loved ones with snowy crowns, I bequeath the happiness of old age, the love and gratitude of their children, until they fall asleep.

 Plaintiff prays the court that defendant be cited to appear and answer this petition, and that on final hearing thereof she have judgment dissolving the marriage relation heretofore existing between plaintiff and defendant, and that she further have judgment giving her the care, custody and education of their three children. Plaintiff states that defendant, within a short time after their marriage, commenced, and was guilty of such cruelty and outrages toward plaintiff, and which continued till on or about the 1st day of January, A. D. 1931 when by reason of such cruelty of defendant towards plaintiff, she was forced and compelled to separate from him, and they have not lived together as husband and wife since that time. Plaintiff states that defendant refused to provide the necessities of life for plaintiff and their children, that he often remained away from home for months, during which time plaintiff would not hear from him, nor would he during such times send home to his family money to live on, forcing the plaintiff to leave her children and seek employment that she might earn money to support herself and children.
 Wherefore plaintiff prays the court for such other and further relief, both in law and in equity, as she may show herself entitled to, and in duty bound will ever pray.
 Herein Fail Not, and have you before said Court, on the said first day of the next term thereof of this writ with our endorsement thereon, showing how you have executed the same.
 Given under my hand and seal of said Court, at office in Dickens Texas, this, the 15th day of February A. D. 1932.

AN OLD FASHIONED PARTY

At the P. C. Nichols home Friday evening of last week, Dr. Pike and Mrs. Della Nichols were host and hostess to a number of friends at an all day singing and old fashioned party.
 The house was artistically decorated and the coal oil lamps cast a mellow glow over the scenes of long ago.
 As the guests arrived they were presented a candy heart on which to register and which had parts of old ballads printed on the other side; and partners were found by matching hearts.
 Each guest came attired in gowns and dress of the height of fashion of years gone by.
 The leading feature of the evening's entertainment was singing and looking at daguerreotypes and the picture album.
 Throughout the evening guests were refreshed with pop corn and water served from a tin dipper from a cedar bucket.
 At the close of the all-day singing a very delicious refreshment of ginger bread and coffee was served with miniature song books as plate favors.
 Those enjoying the all-day singing were Messrs. and Mesdames L. W. Langston, T. J. Seale, M. D. Ivey, W. F. Godfrey, W. D. Starcher, Joe Kellam, W. T. Andrews, Rob Davis, J. W. Henry, Clifford B. Jones, W. B. Lee, E. S. Lee, J. P. Carson, James B. Reed, Joe Long, Faust Collier, E. C. Edmonds, R. E. Dickson, D. L. Granberry, Roy Stovall, Sam J. Hall, F. W. Jennings, and Misses Bailey, and Jennie Shields.

TWENTIETH CENTURY CLUB
 The Twentieth Century Study Club met last week with Mrs. F. G. Rogers in the study of George Washington. There was quite an interesting program, after which Mrs. Bennett, Spur's own author, gave us a very splendid talk on her book, "The Story of Washington Told in Rhyme."
 Members enjoying this occasion were Mesdames Koon, Davis, Lane, W. B. Lee, Crockett, E. S. Lee, Smart, Barrett, Cowan, Nichols, McCrary, Foster, Walker, Roberts, Caraway, Hale and Rogers.

Owing to the number of programs for this year there will be another meeting of the club this week, March 2nd, with Mrs. J. M. Foster.
 The study will be Texas, the land of the best. There's no place like home.

MRS. STACK HOSTESS
 Mrs. Harvey Stack was a most charming hostess Wednesday afternoon to members of the P. M. W. Club and other guests. '42 was the entertaining feature of the afternoon.
 Following the games a lovely refreshment plate was served to the following: Mesdames Addy, Briley, Burrow, Dyess, Hart, Johnston, McGlathery, Mims, Patterson, Sloan, Teague, Vernon, Wilson, R. L. Benson, H. H. Seymore, Glasgow, Moore, and Nelson, of Lubbock.

EDITORIAL

There is one organization in Spur High School which deserves much credit, and that is our Ukelele Club. This organization began about four years ago, graduating members are always replaced by members of the Junior Class and in this manner the club is kept intact, from year to year. It has been the school's leading organization since it began back in 1928. There have been some great Ukelele Clubs since that time, but we are safe in saying that our 1932 Ukelele Club is the best one ever produced in Spur High. Next year there will be vacancies left by graduation, some one will have to fill these, come on! Sophs and Fish lets keep up the tradition, "A good Ukelele Club every year."

Our foremost Ukelele Club advocate is Mr. Neilson, he has given the club much encouragement. It has also been said that he is responsible for the great musical improvement of the club.

The newly organized choral club also deserves much praise, it shows promise of becoming as prominent as the "Uke Club." The choral club shows marked improvement in each appearance they make and it is to be hoped that this club becomes as much a part of the school as the Ukelele Club.

No Exemptions This Term

Superintendent Hall made the announcement in chapel, that there would be no exemptions this term. Everyone must take the mid-term examinations regardless of their average grade. All examinations will be made out and issued from the superintendent's office. The purpose of this new plan is to determine how well the different courses have been covered. Exams will be given next week.

Mr. Hall also announced that Seniors would be exempted on an average of 80 next term. From the looks of things it might be well if everyone started cramming a little. Mid-term exams have blasted the hopes of many promising young Seniors.

Rope Demonstration in Chapel

Mr. Hawkins, a member of the I. H. C. Short Course, gave the student body a very interesting talk and demonstration with ropes last Thursday morning. He made a 1-2 inch rope with binder twin, which was very interesting. Mr. Hawkins showed us a few tricks on how to break strong cords and twines. We are sure everyone enjoyed this talk.

Student Body Attended Short Course Lecture

Last Thursday the students of the Junior and Senior High Schools marched in a body to the Palace Theatre to hear a lecture given by Mr. Mobley, one of the speakers of the I. H. C. short course, which was held at the theatre last week.

Mr. Mobley's main thought was, that an "Education" is worthless unless it can be applied to everyday problems. Most of us do not realize this fact, we study just to make good grades and to pass, we never stop to think how we can use the knowledge in everyday life. After all a grade does not signify very much, the practical knowledge that we get is the important thing.

This lecture was appreciated very much by the student body. It was very educational and enlightening.

Students Commemorate Washington

In accordance with the various Bicentennial Celebrations in the schools, pupils of the high school every day last week portrayed a program of some kind honoring the greatest of great, Washington.

Every day on hour was spent in song, talk, speech, or character sketch. The different teachers had charge of a program and with varied and original plans made the celebration an interesting one.

Mondays program was supervised by Mr. Neilson and con-

sisted of talks, songs, speech and quartet.

Miss McNeill's day was Tuesday and with the readings and short play a minuet was danced. Wednesday Fred C. Haile, of the American Legion, was a speaker and brought greetings from the Legionnaires. Pageant and the Virginia Reel completed this days hour, sponsored by Mr. Sisto and Washam.

Dialogues, minuet, readings, songs, and short talks were Misses Barganiers and Lassetters form of program, on Thursday. The weeks splendid programs were closed on Friday with Miss Busters program.

All in all this series of programs seemed to make the students and faculty cherish more the memory of that great citizen military genius, president and statesman, George Washington.

Ward School Pupils Present Program

Monday, the first and second grades, presented a program in chapel consisting of a Virginia Reel, a minuet, and the origin of our flag. These small children show a surprising degree of talent, and it would be difficult to say that the high school programs were any better than the programs presented by the ward school. It seems that these little children are not afflicted with the self consciousness which annoys older students when they appear in chapel. The little fellows just act natural and carry out their parts to perfection.

After the Ward School program was concluded, Mr. Fred Haile entertained us with several numbers on the Hawaiian Guitar. Mr. Haile is really an artist and any time he wishes to play again he will be doubly welcome.

Mr. Fred Haile Speaks in Chapel

Mr. Fred Haile, one of Spur's Legionnaires spoke in chapel last Wednesday. Mr. Haile told of some of the incidents happening during the World's War. He is gifted with a brilliant place of words which make his descriptions very vivid. During the course of his talk, Mr. Haile paid tribute to Boyd M. Williams, one of Spur's young men who died in the service of his country. Tribute was also paid to those other legionnaires who came through the conflict safely and who are living in our little city now.

The talk was of a very patriotic nature, and was very appropriate for the occasion. Speakers of Mr. Haile's type are appreciated by the student body and we hope he will favor us with other such talks in the future.

Juniors Sponsored Show

Last week the Juniors sponsored a show at the Palace Theatre entitled, "The Yellow Ticket" The Juniors also had a style show and a few other numbers that were very interesting. The attendance was better than expected both nights. The Juniors cleared approximately \$34.00. The money goes to help pay for the Junior-Senior Banquet, which is to be given sometime in the near future. They now have something like \$65.00 in the bank. Keep on Juniors, everybody is pulling for you.

Home Eco. Girls and Agriculture Boys had Barbecue

The Agriculture Boys and Home Economic Girls Barbecue that has been causing so much excitement lately finally took place Thursday, February 26, over the hill. Most of the H. E. girls brought their mothers, and the Ag. boys their fathers, also among those present were members of the school board, the Ukelele Club, the faculty, Mr. Link, Alton Chapman, and Crate Snider. Delicious "eats" of beef buns, pickles, onions, and coffee were served.

After the eats the Ukelele girls entertained with some musical numbers, and then Mr. Middleton's famous boxers lived up to their reputation, a ain as being real amateurs. After the entertainments had been enjoyed to the fullest, everyone departed.

Colored School Choral Club Entertained in Chapel

The Choral Club of Spur's Colored School entertained the students of Spur High in chapel Thursday of last week. The program consisted of "Negro" spirituals and popular songs. Their songs were loudly applauded by the students. Music made by colored people is characterized by a rhythm which is not found in any other type of music and it is really a treat to hear these people sing. This program was appreciated by the students and we hope we will be favored with other programs in the future.

Mid-Term Schedule

The mid-term exams start next Wednesday afternoon at 1 p. m.

Wednesday p. m.—All English. Thur. a. m.—History and Civics. Thur. p. m.—Spanish and Ag. Friday a. m.—All Math. Friday p. m.—Physics and H. E. The above schedule is not permanent. There will be a few changes made in the time before the exams start.

The teachers advice to the students is to get down and do some hard studying.

Grammar School Enters Contest

Great interest was manifested by Grammar School last week, and especially by the Seventh and Sixth Grades, in a Magazine Contest.

The grades were divided into two divisions; the Red and Green. Each side had its leader and its sponsor. The object of the contest is to see which side can sell the most magazines, the funds are to go to the Junior High Library.

There are also prizes for persons sellin the most magazines and probably the most interesting feature of the whole is the fact that the losing side has to entertain the winning group. The fate of the Reds and Greens will be determined Thursday of this week.

Choral Club Picnic

The Choral Club, Spur High School recently organized musical organization, met Saturday afternoon and went to Duck Creek on a picnic.

The usual games were played and enjoyed by everyone until the sun sank below the horizon. Then a fire was kindled and hot dogs were roasted. The hot dogs were consumed by twenty hungry Prima Donnas (this means singers). Then, so they tell us, everyone went home after having a grand time.

Ward School News

The Ward School had Washington programs in the auditorium the first three days of last week. Many interesting things were learned about the "Father of Our Country." Aside from the programs the children learned a number of patriotic songs. Among them were the "Star Spangled Banner," "America," "Columbia the Gem of the Ocean" and "America the Beautiful." Mr. Hall gave an interesting and instructive lecture on the "Flag," our duty to the flag and how to display the flag.

The Physic Class Takes a Trip

Wednesday of last week Miss Lassetter's physics class went down to the W. T. U. Co. Ice Plant and Mr. Everts was kind enough to show us how the ice that we use was made. We also watched the big engine that is used to generate the electricity that is used all over this country. We all enjoyed the trip and here's hoping that we make another soon.

Low Fourth Grade Organize Club

The low fourth grade has organized their room into a club. The club meets each Friday afternoon. The program is planned by the program committee selected by the members of the club. Grace Foster is secretary, and Billie Dee Bell is president of the club. Roberts Rules of Order are used in this club. The members therefore are gaining training in parliamentary law. It is a wide awake club and it is being conducted very good by its two leaders.

The "Grand Upstairs Quartet" surprised the student body with a splendid chapel program a few days past. The quartet is composed of Miss Lohm, Miss Hogan, Mrs. Zachry, and Mrs. Collier. They rendered several popular numbers and closed the program with a number accompanied by tin pans and other utensils. Their next appearance at Croton Thursday night. They will sing for the Education Association.

posed of Miss Lohm, Miss Hogan, Mrs. Zachry, and Mrs. Collier. They rendered several popular numbers and closed the program with a number accompanied by tin pans and other utensils. Their next appearance at Croton Thursday night. They will sing for the Education Association.

Chapel Program

Brother Lynch, the Christian preacher, made a very helpful and interesting talk in chapel recently. We are sure everyone enjoyed it, and the students cordially invite him to come and talk to us again.

Have You Noticed

That there are only 30 steps going up to the auditorium, sounds like there is a million sometimes.

That you will always find Mr. Neilson in a good humor when he's playing golf with Miss Buster.

That Miss Lassetter is one of our best liked teachers.

That something seems to be

wrong with the Payne-Johnson romance.

That Mr. Sisto is little but loud.

That Bill and Nell just can't keep from setting together in Physics.

Due to rain we only ran half time last Saturday, let it pour. That these study halls are getting too quiet, no one can study now.

That some of our senior boys think of taking Home Eco. next term.

We have an up-and-coming Junior Class this year and they ought to make real Seniors next year.

WISE CRACKS

(By NUB FORBIS)

Alfred—I started out the theory that the world had an opening for me.

Ray—And you found it?

Alfred—Well, rather, I'm in a hole now.

Miss Buster—if a number of cattle is called a herd, and a

number of sheep is called a flock what would a number of camels be called?

Tramp—A carton.

"These," remarked the job hunter, "are times that thy men's soles."

Ferrel—What's a tail spin?

Marion—It's the last word in aviation.

Mr. Hall—It's snowing and sleeting and I'd like to buy some chains for my tires.

Manager—I'm sorry, we keep only groceries.

Mr. Hall—How annoying, I understood this was a chain store.

Mr. Neilson—Someone has stolen my car!

Mr. Hall—Those antique dealers will stop at nothing.

Dial—Busy?

Johnnie—No, you busy?

Dial—No.

Johnnie—Then let's go to class.

John Jackson—Darling, your teeth are like pearls.

Nina Mae—Pearl who?

Pattie Ann was much disturbed the first time she saw a cat carrying a kitten by the nape of the neck. "You naughty kitten she upbraided. You're not fit to be a mother. You're hardly even fit to be a father.

Ferrel—Ouch! I just bumped my crazy bone.

Uda Mae—Well, comb your hair right good and the bump won't show.

Miss Lassetter—(In Physics class) Ray give me a good definition for vacuum.

Ray—(after pondering over the question awhile he replied) I have it in my head but I can't express it.

William—I'm a live wire.

Nadine—I'm shocked.

The "Cradle Rockin'" has become a great thing. Johnnie Powell says, one consolation I don't have to pay but 10c for her way to the show.

"What is a Freshman?"

"It's a little fellow waiting to grow."

OLD BLUFFTON

Old Bluffton, Old Bluffton, for thee I sigh.
 Now friends, if you will listen I'll just tell you why.
 It was the home of my childhood, There I was raised,
 By good Christian parents Whose God they did praise.
 And there with neighbor boys I oft times would meet,
 And, oh have such fun playing marbles in the street
 And when Sunday would come to church we would go
 And hear the good sermon by the pioneer preachers of old.
 And on picnic days we would all be there,
 Young folks, old folks, their joys to share.
 And the young ladies would be there with their smiling faces,
 To watch their lovers run the tournament race.
 And the children would ride the merry-go-round till the full light of their joy would reach.
 While the grown folks would listen to a political speech.
 And there I grew to manhood and met my dear wife
 And for thirty-four years have fought the battles of life.
 And the strolls that we taken are so many that my mind has let some slip,
 But it was through the woods around old Bluffton that we taken our honeymoon trip.
 And it was there we lost our first little boy
 Who we hoped to be the pride of our joy;
 But God in His wisdom took him away from our breast
 And in the old Bluffton cemetery we laid him to rest.
 But the thing that is happening there now, though it be great
 Is causing some people to weep over Bluffton's sad fate;
 For the beautiful farms where the crops used to grow,
 Shall the waters of the Colorado river will soon over flow,
 And the flowers on the hillside, sweet williams, butter cups, and hollyhock too,
 While down in the valleys the violets grew.
 And the little animals and insects such as rabbits, squirrels and honeybee
 Shall soon give up their haunts to the fishes of the sea.
 And when the old larks is completed I know it will be a sight to see
 But I cannot say whether that privilege will ever come to me.
 Now friends in conclusion I say it will be grand
 With power boats on the water and factories on the land.
 And the big huge dam with its great high wall
 But the memories of old Bluffton shall rise above them all.
