## Five teens hurt in wreck

**CO-CAPTAINS** — Dimmitt's Bobcats traditionally are led by tri-captains — but this year they've come up with four, instead. Center Gary Langford (50) and quarterback Bill Sanders (11) were elected by their teammates last spring to lead the Bobcats into the first three games, with the third tri-captain to be elected before the first conference game. The boys held their election in the locker room Friday night after their 43-14 victory over Springlake — and instead of electing one more tri-captain, they picked two more, half-backs Roy Thomas (27) and Danny Newton (22).

Five teenagers were injured — two seriously — when a pickup followed a car into a deep ditch at a curve on a dirt road two miles east of Dimmitt at 1 a.m. Sunday.

**THE ACCIDENT** — which reportedly followed an unchaperoned "beer bust" in a nearby barn — was the worst of five wrecks that damaged or demolished seven vehicles over the weekend.

Injured in the bizarre double-accident were Vicki Axe, 19, of Route 3, Hereford; Mrs. Kathy Spearman, 16; her husband, Don Spearman, 19; Larry Ralph Dearing, 19; and David Clark Bogle, 17, all of Hereford.

Highway Patrolman James Gilbreath and Deputy Sheriff Rex Cowart investigated the accident. **THE OFFICERS** said Bogle, who was alone in a 1964 Ford sedan, was driving west toward Dimmitt on a county-road extension of Halsell Street when he failed to negotiate a curve two miles east of the city. His car jumped a deep ditch at the opposite side of the road.

Following Bogle's car was a 1965 Chevrolet pickup driven by Dearing, with Mr. and Mrs. Spearman and Miss Axe as passengers. Officers said Dearing — apparently driving in Bogle's dust — followed the car's taillights and plunged into the ditch behind it. The pickup's hood struck under the bottom rear of Bogle's car and the rear bumper of the car crashed through the pickup windshield, officers said.

**WORST HURT** was the 16-year-old Mrs. Spearman, who received multiple facial fractures — mainly her upper jaw — and severe facial lacerations when her head

hit the pickup windshield and the car bumper.

Miss Axe received a broken arm, broken nose, facial lacerations, pelvic injury and foot injury.

Spearman received less severe facial lacerations and a broken arm.

**DEARING** received facial lacerations and a severe bruise where his chest hit the steering wheel of the pickup.

Bogle escaped with a mild arm injury, officers said.

Gilbreath said that another youth, Larry Young, attempted to take the injured girls to Plains Memorial Hospital but that his car ran off the road on Halsell Street as he entered Dimmitt from the east, and became stuck in a ditch. Gilbreath, while en route to the hospital later with Bogle, spotted Young's car and picked up the injured teenagers.

All four occupants of the pickup were given emergency treatment at Plains Memorial Hospital, then were transferred to St. Anthony's Hospital in Amarillo, where they received surgery. Mrs. Spearman also required blood transfusions, a hospital spokesman said.

Bogle was treated and released at Plains Memorial.

Dearing was released from St. Anthony's Hospital Monday, and Mr. and Mrs. Spearman and Miss Axe were listed in satisfactory condition Wednesday morning.

Dearing and Bogle were both cited for driving at an unsafe speed.

**BOTH OFFICERS** who investigated the accident said alcohol was a contributing factor.

"This wreck was the aftermath of an unsponsored and unchaperoned teenage beer party," one officer stated flatly.

The "beer bust" apparently was a going-away party for a local youth who is entering the Navy, officers said.

Cowart said that shortly after the accident, he investigated the barn where the party had taken place, and that "it was strewn with the equivalent of five cases of malt liquor cans, beer cans and bottles."

The officers said that although all the youths injured in the accident were from Hereford, most of those at the "beer bust" were Dimmitt teenagers.

**THE CAR-PICKUP** wreck occurred just hours after a speed chase in Dimmitt ended in an accident and the arrest of a 19-year-old Dimmitt youth.

Deputy Rex Cowart reported that he attempted to stop a 1958 Chevrolet driven by Pedro Almadarez, 19-year-old farm worker, when the youth turned off his lights and started speeding away.

**THE CHASE** ended when Almadarez car failed to negotiate a turn at Northeast Eighth Street and ran across a ditch into the Panhandle Compress yard.

The car was totally demolished but its occupants, Almadarez and a 17-year-old boy, were unhurt.

Almadarez was cited for driving without a license and for driving without lights. Justice of the Peace T. E. Harrison fined him \$100 Monday morning, and (See **WRECKS**, Page 15)

**LETTUCE HARVEST** started Tuesday when fast-working crews moved into this field on the Dan Bruton farm, five miles northeast of Dimmitt. Crew chiefs Joaquin Zapico (left) of Laredo and D. A. Clinch of Douglas, Ariz., show the county's first box of lettuce. Both described the lettuce as "the best we've seen in Texas, Colorado or Arizona." Bruton is raising the lettuce for La Manfia, Cullum, Collier & Co. The packer is O. B. Southern of Hereford. Zapico and Clinch said the county has 270 acres of lettuce, and that the harvest will continue for approximately four weeks.

## Saturday is deadline on grain referendum

Grain sorghum growers in Castro and 28 other High Plains and Panhandle counties will decide by Saturday whether they want to assess themselves a "check-off" fee to expand research and market promotion for their product.

**SATURDAY** is the deadline for producers to return ballots that were mailed to them Sept. 19. Ballots postmarked later than Oct. 6 will not count in the referendum.

At issue is a proposed assessment of not more than 5 cents per ton at the first point of grain delivery, to be used for research and promotion of new uses and new markets for US grain sorghum.

The referendum requires a two-thirds majority vote in favor of the program for the check-off fee to go into effect.

**IF THE PROPOSITION** carries, grain sorghum producers will be automatically assessed not more than a nickel a ton for the research and promotion program. However, any producer not wanting to go along with the program may get his money back by requesting it. The referendum calls for a voluntary, not mandatory, assessment program.

On the same ballot, grain sorghum producers will elect a 12-man board of directors to administer the check-off funds and serve without pay as the governing board for the research and promotion activities.

Three Castro County grain sorghum producers have been nominated for the board. They are Melvin Barton of Dimmitt, John Gilbreath of Hart and Charles Heck Jr. of Nazareth.

**OTHER NOMINEES** are A. W. Anthony Jr. of Friona, Don Marble of South Plains, K. B. Parish of Springlake, Jack F. Jackson of Abilene, Pat L. Northcutt of Silverton, H. L. "Hub" King of Brownfield, Coy Grant of Leveland, Trey Scan of Spearman, E. C. Witter of Kress, A. R. Dillard of Hereford, Lee Hill of Dalhart, Vernon Tiley of Texline, Gene Smith of Lazhuddie, Delbert Watson of Muleshoe, Glendon H. Ething of Gruver, D. N. Gambill of Sunray, Ralph B. Mabry of Petersburg, C. C. "Pap" Reed of Kress, C. P. Smith of Hale Center, Gaston Wells of Dumas and Larry Witten of Olton.

All nominees were contacted prior to their nomination by their fellow grain sorghum producers, and agreed to serve on the 12-man governing board if elected.

**PURPOSE OF THE REFERENDUM** is to establish a continuing fund to pay for research into new uses such as promotion activities as advertising grain sorghum's advantages and bringing potential export customers here to see the uses of grain sorghum, and to find ways of controlling insects and diseases.

If grain sorghum producers approve the proposition by the required two-thirds majority, the 12-man governing board of independent grain sorghum producers

will automatically become empowered to administer the funds and approve research and promotion activities.

Grain sorghum industry leaders see the best prospects for better prices in the worldwide expansion of markets, the concentration of commercial cattle feeding in the grain sorghum belt, and the development of new uses for the red grain and its byproducts.

**ELBERT HARP** of Abilene, executive director of the Grain Sorghum Producers Association, said the research and promotion program would "be aimed at improving the net profit in grain sorghum production."

The GSPA and the US Feed Grains Council already have been successful in developing the Japanese market into the largest export consumer of US grain sorghum, with a 12 percent annual growth rate, and they hope to eventually put American grain sorghum into feed bins throughout the world.

**MELVIN BARTON** of Dimmitt, vice-president of the GSPA — who was on a US team himself last year to help "sell" more grain sorghum in the Asian countries — urged all Castro County producers to mail in their ballots by Saturday if they have not done so already, "so we can have a representative vote, regardless of the outcome."

Any farmer who didn't receive a ballot in the mail may pick one up at the county agent's office before 5 p.m. Friday.

The milo and corn harvest is bursting wide open. If the pretty weather holds, and the weatherman seems to think it will, this year's fine grain crop will soon be in the crib. Continued favorable weather, and a late freeze, will give the cotton gins a good run too.

For the first time, to my knowledge, a few farmers are trying their luck with field operated grain dryers. I haven't seen one of these devices in operation but I have seen one on an implement yard.

For the life of me I couldn't imagine what the thing could be used for, and to keep my imagination from running riot I cornered Goldman Dyer, determined to get some information without appearing ignorant, much. I approached the subject something like this, "Say buddy, that van of a thing over there on your implement lot looks a little different to others I have seen. I know the old types were giving good service, but this one looks like it might have some new wrinkles that will make it do whatever it does better. Am I right?"

Dyer: "Well," he says "well" real slow and I waited, and finally, "That one and the one some farmer is using out in his field now are the only ones I have ever seen. I don't know how they compare with the older models. Be seeing you, I have got to go." If he had been an older and smaller man we would have tangled right there, anybody that is that tight with their dadgummed information.

I swallowed my pride in the interest of knowledge and enlightenment, like he knew I would, and inquired, "Tell me buddy, will you tell me please, what's it? In other words what's it used for, what's it do, what's it, huh?"

"It's a grain dryer," he said, "to be used on the farm during harvest time. It burns butane, and will reduce the moisture content of grain from twenty to fifteen percent as it is being harvested. I understand they are used extensively in the northern and eastern states," he concluded.

I don't ask about every strange looking farm implement I see, but this one I had to know about. I'm not a light sleeper but I know I would lay awake not knowing. Now you take a wiggletail cultivator. ....

We are publishing the new sales tax chart on page 15 of this issue of the News. The 3.25 percent state sales tax went into effect Oct. 1. If you are operating a business that is required to collect the sales tax you may want to clip the chart and keep it handy for reference.

Sudden thought: I would like to see that grain dryer perform in a popcorn patch.

### Who'll be this week's winner in the 'Gifts Galore' drawing?

Rosa Agüero of Dimmitt was Saturday's winner in the sixth week of the current "Gifts Galore" promotion.

**SHE WASN'T** inside one of the 28 participating stores when her name was called as the winner at 3 p.m. Saturday, but she won a \$25 cash prize for having her name drawn.

So far, the "Gifts Galore" feature has had three big winners. Each was inside a participating store when his or her name was announced, and as a result each one received a \$3-value gift from each of the 28 participating stores — \$84 worth of free prizes.

The big winners have been Jimmy Slough of 407 NW Second on Aug. 30, Christine Moke of 904 W. Bedford on Sept. 6, and Mrs. Edna Rickert of 703 SW Fourth on Sept. 20.

**OTHERS** winning \$25 for having their names drawn — although they weren't inside a participating store when their names were announced — were Mrs. W. H. Jones of Route 4 on Aug. 23, and Lee Mcek of Nazareth on Sept. 13.

Selection of the week's "Gifts Galore" winner begins at 10 o'clock each Saturday morning, when the Castro County News staff draws from a box containing the names of all 28 participating businesses. The winning store is then notified, and that store draws the winning customer's name from its own "Gifts Galore" box, which contains the names of all customers who have registered for the drawing at that store. Then all the participating stores that stay open on Saturday afternoons are notified of the winner's name. They all announce the winner at the same time — 3 o'clock sharp — and if the winner is in any of the partici-

### Youth, 18, faces bigamy charge

Trouble, when you're an 18-year-old youth, is spelled bigamy.

**THAT'S THE** charge facing young Hector Rodriguez of Dimmitt.

The bigamy complaint against him was filed by his wife, Maria, who claims he married her illegally on Nov. 16, 1968. She charged that he was first married to Luisa Rodriguez in Dimmitt County on Aug. 29, 1967 — when he was only 16 — and that his first marriage was not legally terminated.

Rodriguez is in county jail in lieu of \$1,000 bond, pending a Grand Jury investigation of the charge against him.

### News rates Cats ninth in state

Dimmitt's Bobcats broke into the state's "Top 10 Teams" Tuesday in the Dallas Morning News high school football ratings.

**THE BOBCATS** are currently ranked No. 9 of all Class AA football teams in Texas in the Dallas News Poll — considered the most reliable rating system in the state.

Texas has more than 200 Class AA teams, divided into 32 districts. Coach Brown L. Smith's Bobcats have won their first three games at the rate of almost a point a minute, rolling up 134 points to their opponents' 34 for an average score of 45-12.

Mrs. LeNora Smith

### Last rites held for LeNora Smith

Funeral services were held at 10 a.m. Wednesday for Mrs. LeNora Smith, 80, a resident of Hart for 39 years, who died Sunday morning in a Plainview hospital.

**LAST RITES** were in the First Baptist Church of Hart, with Rev. C. T. Cumingham, pastor, and Rev. Denzil Leonard of the Lincoln Street Baptist Church of Dalhart officiating.

Burial was in Hart Cemetery, under the direction of Lemons Funeral Home of Plainview.

Born in Sabine, the former LeNora Wooley married Thomas E. Smith in 1913 in Oklahoma. He died in June, 1957. The Smiths moved to Hart from Plainview in 1930, and she was a member of the Hart First Baptist Church and the Elton Order of the Eastern Star.

**MRS. SMITH** is survived by a daughter, Mrs. W. T. Sanders of Hart; a son, Rodney, of Happy; and four grandchildren.

Active pallbearers were her nephews, Harold Smith of Hart, Don Smith of Erick, Okla., Bob Smith of Brownfield, Herbert G. Wooley of Clovis, Bill Wooley of Friona, and Mike Wooley of Lubbock.

Honorary pallbearers were T. R. Davis, John McLain, Tump McLain, Bud Steiert, Ed Bennett, David Nelson, Warren Lemons, J. V. Wescott, Claude Cox, Percy Hart and Buster Aven.

### Lanky stranger puzzles family

Mr. and Mrs. Richard Moore, 107 Front St., are hosting a stranger who dropped in on them last week.

**THE STRANGER** is a young yellow-crowned night heron which showed up, unannounced, in their yard one foggy morning.

Apparently the young bird became lost from its flock in the fog or didn't have the energy to fly any farther on its migration south.

The young, gray-speckled wading bird was a mystery to all who saw it until Chet Braaflydt identified it through the Field Guide to the Birds of Texas.

**ACCORDING** to the book, yellow-crowned night herons usually winter in the northeastern U.S. south to Brazil and Peru, in coastal areas. But from March to October, they can be found in the eastern two-thirds of Texas, including the Panhandle. They feed on non-game fish, frogs and mice.

Apparently, the Moores' visitor was part of this year's hatch and was on its first migratory flight. When mature, it will develop a black and white crown with a patch of yellow at the top.

But for now, the 2½-ft. tall bird is still on the Moores' lawn, and hasn't made any attempt to fly.

**THE COUNTY'S FIRST** bale of cotton was picked and ginned Wednesday of last week. The first bale came from a 26-acre block grown by Travis Hampton (left) a mile north of Five Point, on the Curt Glenn farm, and was ginned by Ellis Gin Co. the same day. Here, Gene Ellis, owner-manager of the gin company, presents Hampton with a check for his cotton and seed at the customary "first bale" site, Broadway and Bedford. The gin also paid a bonus of 50 cents per pound, and ginned the cotton free. The bale weighed 490 pounds, was ginned from a gross weight of 2,040 pounds of Stripper 31 variety, and produced 780 pounds of cottonseed. The bale actually represented three "firsts" — for the county, for Hampton, and for the new Ellis Gin Co.

Mr. and Mrs. R. D. Rogers are home from their annual trip to the Lake Country. They went to Lake Proctor, Travis Lake and Inks Lake, near Lake LBJ. They did a lot of boating, a little fishing, and Mrs. Rogers did some sketching of scenes. She paints for her own pleasure. They visited daughter Hazel and Curt Green in Austin and attended a Methodist Church at a small place in Decker. The Rogers lived in Johnson City when President Johnson was elected re-presentative the first time.

Mrs. Rogers' mother, Mrs. D. C. Baker of Lubbock, fell and broke her arm and leg. She is improving slowly.

RUSSELL and Myrtle Lois Moran went to Virginia to take a car to their daughter Pat, who is teaching school there. The Morans plan to return home with Charlie and Nancy Hays.

E. B. and Evelyn Noble took son Rick to Denver to a clinic for a checkup. Evelyn is secretary for the law firm Moran and Miller. It seems Myrna Miller is the girl Friday there until all the folks get home.

Ronnie Huckabay, a student at Texas Tech in Lubbock, was home this weekend visiting his parents Betty and Bob and sister Lissa. The Jim Blankenships of near Oklahoma City were recent guests of their friends Clyde and Betty Renfro. On another day the Renfros visited their relatives, the Todds, in Tullia.

MR. AND MRS. J. C. Gardner are home from a trip to Kerrville and area. They visited her brother O. M. Smith and family. They had a boat trip on the Guadalupe River or the lake there. She reports the Hill Country is in fine shape. Many goats and fine horses are raised there.

Nazareth news New religious teaching center almost finished

By Mrs. Florence Albracht The beautiful, new center for teaching religion is almost finished, and should be in use in the next week or two. It has ten large classrooms, teacher's lounge, kitchen and rest rooms. Philip Acker had major surgery in St. Anthony's Hospital in Amarillo the past week and is doing okay. After enjoying a two-week visit in Kansas and Nebraska, the Frank Hoeltings and Agnes Brockman returned home Saturday. They reported wonderful crops all the way and a most enjoyable trip.

ANNA BETH HOELTING was home from college over the weekend. She visited her doctor in Amarillo Saturday and now is able to walk without crutches.

The weather has returned to sunshine the past few days and milo and corn harvesting is getting into full swing. Mr. and Mrs. Bob Steffens and Mr. and Mrs. Tony Gerber went to Oklahoma to visit their children, the Greg Venhauses at Enid, and Norbert Gerber, and others at Okarche.

GOING from here to the bridal shower for Mrs. Greg Pohlmeier at Adrian on Sunday, Sept. 28, in the home of Mrs. Jobe were Mrs. Philip Pohlmeier and daughters, Germaine and Rita, Mrs. Lester Schulte and Mrs. Thomas Birkenfeld.

Mr. and Mrs. Wibur Thorb of Dumas visited with Mrs. Lizzie Birkenfeld the past week. Their son is the new dentist in Dimmitt. They came to Dumas from Olpe, Kan., and were friends of the Nub Hoeltings.

Mrs. Robert Huseman's mother, Mrs. Faye Hicks of Amarillo, spent several days with her and her family the past week.

MR. AND MRS. John Stork, Mr. and Mrs. Albert Gerber, Mrs. Leroy Pohlmeier, Mrs. Florence Leinen of Dimmitt and Mrs. Virgil Pohlmeier of Tullia, attended the funeral Monday morning, Sept. 29 for Mrs. Virginia Pruitt at Sacred Heart Cathedral in Amarillo. Mrs. Pruitt, the former Virginia Stork was born at Nazareth and spent her school days here. She lived in Hereford with her family, passed away in St. Anthony's Hospital, and was buried in Memorial Park Cemetery. Rev. Joseph Tash officiated at the ceremony.

da Stricklin of Huntsville, Alabama were weekend guests of Cindy's parents the V. C. Hopsons. Both girls are students at Hardin-Simmons University in Abilene.

Carla Kay says most all the Tech kids from Dimmitt came home for the ballgame.

Allan Webb, Jack Bradford, Roanie Prather and his friend Jane were home from SMU and TCU at Dallas and Fort Worth.

I tell you the game was a good one Friday night when Springlake-Earth came over. Of course our boys won.

And I hope you saw the cute twirlers in the new Scout-type uniforms - Classy and different. Springlake-Earth has a good band and pretty girl twirlers too.

After the game the N. F. Cleavingers family went there for coffee. From Earth there was the Dawsons, the Orville Cleavingers and from here the Goldman Dyers, the Jim Cleavingers, the Charles Waleless and maybe others.

Mr. and Mrs. J. H. Christian of Winters have been here for a visit with his sister Mrs. Martha Pearl Sadler.

MRS. HELEN KILLGORE OF Roscoe, visited her brother Jack Cowsett and family for a few days. Other Roscoe visitors are Mr. and Mrs. Grady Norris who are visiting daughter Kathryn and Bill and grandson Jim Birdwell. I hear Mr. Norris played golf with some local citizens and he beat the rat out of them. They will not appreciate me saying they are Editor Nelson, Bill Birdwell, Harold Stephens, Bob Myers and who else?

Mrs. Louise Kemp and A. J. Kemp of Fort Worth attended the funeral service for brother-in-law Walter B. Hester at Clovis on Monday. Mrs. Hester is the sister to A. J. and the late Carl Kemp. Mrs. Frank Reifsnnyder of South-

America is here for a visit with sister-in-law Myrtle Williams. She has been a missionary teacher and leader for 40 years, as was her husband. Another sister-in-law of Mrs. Williams served many years in Japan as a missionary.

Dessie Mae Beene, a teacher at Friona, was a Sunday dinner guest of her parents Edwin and Lena Ramey.

Polly Belle spent the weekend with daughter Karen and Don Sheffy and attended the big game night.

Cindy Williams, who has been in school at Fort Worth, is home this weekend to visit her parents Bill and Dee Williams. Cindy plans to attend a girls school in Nebraska this month to study music. She will be near her sister Connie and husband Mr. Stewart. This will be Marion High School in Omaha.

The Goodwin Millers and Pearl Sheffy visited their brother P. D. Miller at Hobbs, N.M. one day recently.

RECENT guests of Sara and Blackie Blackwell were Willie Bruce of Vega (his sister) and her daughter Lucille Talbert, also of Vega.

Mr. and Mrs. E. S. McMellon of Berger have been in Dimmitt for two months cutting cur. They are visiting cousins, the E. B. Hargreaves.

Rarcal, Gene and Mark Perry spent Thursday night with the Gene Iveys. They were on their way to Anaheim, Calif., where they will attend the Billy Graham Evangelist's Association Conference all next week. On their way to California they will go by Culterwood, Ariz. and spend a day or two with Laurel and Wayne Fanning. Little Mark Perry will stay with Brody Fanning for the week.

Singer, Mrs. R. B. Borch, and Mrs. H. H. Carlie, who also won high score at this party. As I was saying, bridge was the game.

Bible Thoughts The Greatest Work in the World "He brought him unto Jesus" John 1:42 By Max Zamorano Every sixty seconds according to the statistics that have been compiled, 106 people die in the United States. Of this vast number only about 20 had ever made any preparation to meet their Creator. For this reason during the past week of September 22-26, we the members of the Iglesia de Cristo, saw a great need for taking the Gospel to the lost here in this city. Our Gospel Meeting is already history. We had some very excellent sermons over "The Great Commission." We can continue to grow both spiritually and mentally from the message received from these lessons. The man who brought us the spiritual food night by night was Brother Steve Carrizal, evangelist from the city of Houston. The most valuable thing that the Almighty God ever made is a human soul. He who made all things declared that one soul, any soul, is worth for more than the combined wealth of all the world. For this reason we prepare ourselves to take the gospel into all the world, but beginning here in Dimmitt. During the month of October, dates 27-31, we will have another Gospel Meeting. Bro. Sabino Lopez from Abernathy will do the preaching. We welcome all of you to come. 4th and Bedford Church of Christ

A move to worship GOD in His HOUSE is a MOVE in the RIGHT DIRECTION To attend Church is the first step in finding God. To attend regularly is to continue in the right direction, and gives one an opportunity to understand God's will in his life. Now is the time to make your move. Choose the way that will lead you to God. Attend Church The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God. COUNTY LIBRARIANS AT TRI-STATE FAIR EXHIBIT  
Mrs. Virginia Newsom (left) and Sylvia Calazado

### Local librarians assist with Tri-State Fair library booth

Sylvia Calazado and Virginia Newsom represented the Castro County Library in assisting with the area library booth at the Tri-State Fair in Amarillo last week.

**THE BOOTH**, located in the Better Living Center, had approximately 1,300 visitors, according to Mrs. Elizabeth Crabb, extension services coordinator for the Amarillo Public Library. Jointly sponsored by the Texas State Library and Panhandle area libraries, a display emphasized the value of cooperative systems of libraries, for better service to all

citizens, and the opportunities in library careers.

A frequently asked question, according to Mrs. Newsom and Miss Calazado, was "How do I become a librarian?" Interest in library careers is reflected also in the enrollment of 70-plus at last count for the new library technician course this fall at Amarillo College. Fifteen towns are represented in the class memberships.

Other volunteer workers in the library booth at the fair were from Dumas, Panhandle, Pampa, Borger, Groom, Childress and Amarillo.

### Rev. Pickens serving as dean of two-state pastors' school

Rev. Jim T. Pickens, pastor of the First United Methodist Church of Dimmitt, will serve as dean of the Northwest Texas-New Mexico Pastors' School next week.

Wilsten of the Dallas-Fort Worth Methodist Counseling Ministry; Rev. G. William Jones of SMU; Dr. Eugene L. Lowry of the St. Paul School of Theology, Methodist.

The Lamar Foundation Committee of Dimmitt's First United Methodist Church is helping support the pastors' school financially.

### The view from your library

By VIRGINIA NEWSOM  
Several people mentioned this library column to me this week and I am very grateful to them for their interest.

**LAST YEAR I** mentioned some of the interesting books that had been requested, through our Interlibrary Loan Systems. We are picking up steam again in that direction and recent requests have been varied and most interesting.

I've ordered many books of plays, a book on bats, radar, how the eye works, superstitions and their origins, a book on ethics, and Pat Brown had a chance to read a book on Indians, written by one of her grandfathers, thanks to the Amarillo Library.

The Amarillo Library has been able to fill most of the requests but we have also received books from Dallas, El Paso, Fort Worth and Austin. I can't say enough by way of praise, for this system of ordering books from other libraries in our state. It is a real help to the smaller libraries.

**EVERY** good and interesting job has a few things that present an occasional problem. Mine — overdue books. Please help us to keep our books in circulation by returning them on time. If you would like to renew a book and can't get downtown, just call 647-3532. Please resolve, this week, to go through those book shelves and the children's rooms and if you find a Castro County Library book please make an effort to return it.

**REMEMBER** Story Hour tomorrow (Friday, Oct. 3), at 1 p.m. in the library. We want to see your child there.

A passing thought for the week: There is so much good in the worst of us, that it ill becomes any of us to find fault with the rest of us. —Anonymous.

# GSPA hopes to use check-off for promoting market in Korea

Grain sorghum promotion in Korea is one of the goals of the West Texas Grain Farmers and the Grain Sorghum Producers Association if the grain sorghum referendum passes next week.

ELBERT HARP, executive director of GSPA, reported, "We are promoting the use of our grain in our own area through an expanding cattle and pork industry. We feel our local markets are the best markets, and this is where we must devote most of our attention. However, we must continue to push sales in areas of the world where there are markets developing for our grain. Korea seems to be one of the bright prospects in the near future for expanding our overseas sales."

"Animal agriculture and the feed industry of Korea are growing rapidly and should provide a new market for US grain sorghum," Richard L. Kathe, president of the US Feed Grains Council, predicted in a statement addressed to Texas farmers this week.

KATHE continued, "The principal buyer of US feed grains shipped overseas is the feed manufacturer. In Korea, the feed industry has grown from 100,000 tons in 1967 to 250,000 tons last year, and they expect to make and sell 400,000 tons this year. Many in the Orient compare Korea's feed and livestock industry of today with Japan's of 15 years ago. While Japan grew from a few hundred thousand tons 15 years ago to the world's second largest feed industry today of 11 million tons, we don't expect that much from Korea. After all, there are 100

million people to feed in Japan and only 30 million in Korea. Nevertheless, there will be some fast growth in Korea and much of this will depend on imported grains."

The US Feed Grains Council is an international trade promotion organization financed by the government. The Grain Sorghum Producers Association, headquartered in Lubbock, is a member. This promotion program for US feed grain is carried out in 18 countries through eight foreign offices in Europe and the Far East.

Kathe noted that Korean President Park has given a very high national priority to expanding animal agriculture.

KATHE SAID, "There are over one million head of cattle in Korea and President Park would like to see this number multiplied several times, all within the next few years. It has been a fact that what President Park wants, is usually done one way or another. We expect to see substantial increases in cattle, swine, broilers and layers in the next few years. To help in this effort, and to assist in consumer promotion of the end product, the US Feed Grains Council will open a new office in Seoul, Korea, this month. It will be a part of our effort to expand existing markets for US feed grains, and to develop new markets. We believe this is important to Texas producers of grain sorghum since approximately one-fourth of their production is exported to foreign countries, and additional foreign demand would help the Texas Farmers from the increased sales."

## Overgrazing range this year could hurt next year's crop

By LARRY G. STARNES  
A short crop of grass this year could mean a below average crop next year, even with normal rainfall.

THIS YEAR has certainly been dry with most parts of the county receiving little or practically no rainfall from about June 1 to Sept. 1. A year such as this one is certain to tax the skills and management abilities of the cattlemen.

The cattle must either be provided with adequate forage, feed purchased from outside sources, or they must be disposed of to avoid weight loss or starvation.

Cattlemen know that herds must be kept flexible and they must have sound drought plan if they are to remain in business.

ABOUT 95 percent of the plant's food is manufactured in the leaves, with the other 5 percent being taken from the soil. Therefore, if we remove a portion of the factory, the ability to obtain sufficient food for growth is impaired.

Compare plant growth with a savings account. As long as you withdraw only the interest earned, the income from your savings will continue. But, if you are forced to withdraw a portion of your savings, next year's earnings will be lessened to a corresponding degree.

Those who are forced to graze their range short this year may expect a less than normal amount of grazing next year, although the year may be back to normal again.

IF YOU find yourself in this situation, consider adjusting livestock numbers now so that no more than 50 percent of this

year's range growth will be removed; or if conditions force you to graze more than 50 percent this year, arrangements might be made to lease or otherwise obtain additional forage — even annual forage crops — another year in order to defer grazing for a two or three month period during the growth season of the year.

Remember, however, that "an ounce of prevention is worth a pound of cure." The surest method of prevention is to keep livestock numbers flexible and plan your grazing wisely.

## Farm census to be by mail

The 1969 census of agriculture will be conducted entirely by mail with no census takers involved, Castro County Agricultural Stabilization and Conservation Committee, said this week.

ACCORDING to Elder, the Bureau of the Census has announced that in November, every operator of a farm or ranch will receive a census form by mail and will be asked to fill it out and mail it back.

Elder said the decision to use the mail method is the latest in a series of plans to gain efficiency and economy by using the mails to the greatest possible extent in conducting all censuses.

He emphasized that the completed questionnaire for each farm, ranch or other agricultural operation will be completely confidential. He urged all farmers to cooperate in the census.

THE INFORMATION obtained, without names or clues to identity, will be grouped in statistical totals and published by counties and states as well as for the entire nation.

In addition to the number and acreage of farms, the agricultural census will ask farmers for an estimate of values of land and buildings, amount of time farm operators worked at off-farm jobs, and number of autos, trucks, tractors, combines and corn pickers.

## Soybean Growers postpone voting

Texas Soybean Association officials have postponed plans for a referendum among growers under a commodity check-off plan, Agriculture Commissioner John C. White announced Friday.

W. B. Tilson of Plainview, president of the association, requested a temporary delay of proceedings, after a public hearing in Austin Sept. 15. Although the group fulfilled legal requirements for certification by Commissioner White, additional time was requested to explain the proposed program to soybean growers in the 23-county area which will be involved.

"We definitely plan to petition for certification at a later date," Tilson said. "However, we feel more time is needed to get information on the necessary election to potential voters."

Under the program, soybean growers would consider a proposition to assess themselves for crop promotion, research, education, and disease and insect control. A nine-member commodity producers board would be proposed to administer the program if established.

## Destroy cotton stalks early

The early destruction of cotton stalks as soon as possible after harvesting has been completed is strongly recommended by John Thomas, Extension entomologist.

AFTER THE stalks have been shredded by a flailtype shredder, they should immediately be plowed under at a depth of at least six inches.

Thomas says the practice will aid materially in controlling boll weevils and pink bollworms next year by depriving them of a major source of food. Area wide programs are most effective, he says.

# Rain isn't fun anymore as crop prospects drop

Continued wet weather is haunting farmers as some crops are beginning to show adverse effects in these last days of the approaching harvest.

OF SPECIAL concern is cotton crops, which have had only a few days of fiber development since the cool weather began Aug. 24.

According to Jim Valliant, soil scientist at the High Plains Research Foundation, cotton development has been hindered by days in which the temperature did not top the 70-degree mark.

Using "degree hours" — the reached 70 degrees, multiplied by the number of degrees above 70 — to show the lack of fiber development, Valliant said that in the past four weeks, cotton had only 614 hours. In comparison, the week of Aug. 11-17 showed 1,279 degree hours. The highest cotton development weather was on Aug. 23, when 198 degree hours were recorded. Since the unfavorable weather started, the highest degree hours has been on Sept. 7, when 105 degree hours were recorded.

HE SAID that the wet weather, combined with losses through disease and insects, have reduced the average cotton lint yield approximately 150 pounds.

Other foundation researchers agree with him. Ben Quebe stated that the tests he has with verticillium wilt resistant varieties held up well before the prolonged wet weather.

"But now, all varieties are showing varying degrees of wilt damage," he said.

Dr. Douglas Owen said the rains did save an irrigation on soybeans and for the most part soybeans were holding up pretty well through this wet period.

"Some Patterson and Clark beans show signs of maturing and if not harvested soon, farmers could have some loss due to pod dropping," he said.

SOME ARMY worms and bollworms are showing up in area soybeans, but not in sufficient numbers to severely affect yields. Also he noted, there was some presence of salt marsh caterpillars.

"But, these are leaf eaters and even if they were in large numbers which they are not, they would only eat leaves and not damage the pods," he stated.

Some of the later maturing soybeans are getting pretty rank and tall due to lush growth, and there is some concern that these beans might fall and lodge before harvest.

## Hart FHA girls hold Twirp Week

By VICKI SIX  
This week was "Twirp Week" for all Hart High School FHA members, and even the students outside FHA suffered along with us.

MONDAY was freshman initiation, and it probably turned out to be initiation for the rest of the student body, as well. No person, even with the mind of a genius or the imagination of a child, could begin to comprehend the awful odor that was floating around HHS. It smelled as if you were in an onion and pickle factory with no windows or doors.

The fashions and styles were no better than the confusing and shocking odor. Even the hippies, yuppies, and yahoos would have considered our freshmen to be outcasts. The boys walked into the building, looked, turned around and walked out again, thinking they had accidentally walked straight into the city dump.

On that day there were many kinds of people represented in our halls: mamies, beauty operators, babies, bums, boys, girls, and a few unidentified objects. Some of the girls wore onion and pickle necklaces, egg earrings, garlic and powder in their hair, vinegar perfume, and nearly all had bottles in their mouths.

All were affected by this nerve-racking, nose-stopping, eye-opening day. The teachers hid under their desks and wore clothes pins on their noses (issued by the principal the previous afternoon).

Principal Elmer Six and Supt. Ted Averitt were found unconscious that morning, and I guess remained that way for the rest of the day. The freshmen girls smelled, the boys cried, coughed and choked, and the "big sisters" laughed and enjoyed every odorous minute of it. Yes, it was a most unforgettable day for all.

TUESDAY, we rested. Wednesday was declared "Hippie Day," and hippies don't need much explanation. All of us had

assorted ideas as to what a hippie should look like. Some thought they were pretty, some thought they were ugly, and some were undecided. It was the undecided ones who turned out to be the best hippies and provided the most hilarious entertainment. We all agreed that we were glad "Hippie Day" wasn't every day, but it was fun.

The FHA members thought that after completely demolishing our lovely school it would be helpful to our reputations to show loyalty and spirit by declaring Thursday and "Color Day." Every member was to wear maroon and white and lose their voices proving that they were really behind our Longhorns. Maybe by this spirited and patriotic day, we FHA members will win our friends back.

THIS HAS been a most unforgettable week for all our students. No one with a giant imagination could dream up something that hadn't already happened or been seen this week. It was a thrilling, exciting, fun day for all — but we are thankful that FHA "Twirp Week" comes just once a year.

### Two men attend Christian camp's annual meeting

Minister Bedford W. Smith and O. C. Fry of the First Christian Church of Dimmitt attended the recent annual meeting of El Porvenir Christian Camp Corporation and Men's Clinic at El Porvenir, N.M.

IN AUGUST of this year, the final payment was made on the El Porvenir property, which was purchased by more than 20 Christian churches in the Texas Panhandle, Oklahoma and New Mexico.

The local delegates report that six camp weeks have been planned for youth campers during June and July at the 400-acre camp, which formerly was a dude ranch.

Young people from Dimmitt have attended the camp for the last nine summers, since the beginning of the First Christian Church here in 1960.

MRS. HOWARD RONALD LERMAN  
... The former Vickie Kay Lawson of Dimmitt

## Student newlyweds at home in Denton

Mr. and Mrs. Howard Ronald Lerman are now at home in Denton, following their recent wedding and a honeymoon to Great Smoky National Park, Shenandoah Valley and Philadelphia, Pa.

Both are students at North Texas State University.

MRS. LERMAN is the former Vickie Kay Lawson, daughter of Mr. and Mrs. Bennett Lawson of Dimmitt. The groom is the son of Mr. and Mrs. Mike Lerman of Dallas.

They exchanged marriage vows Aug. 30 in Dennis Chapel in Dimmitt. Rev. Frank Pollard, pastor of the First Baptist Church of Tullia, performed the double-ring ceremony.

Maid of honor was Margaret Howell of Bushland, aunt of the bride. Chuck Lerman of Dallas, the groom's brother, served as best man.

THE BRIDE'S brothers, Ronnie and Garry Lawson of Dimmitt, served as candle lighter and usher, respectively.

Janice Mooney, organist, provided traditional wedding music. Given in marriage by her father and mother, the bride wore a gown of white organza with pearl trim on the neckline and sleeves. Her inset sleeves were of sheer net and pointed. Her waistlength veil was attached to a pearl-lined headband, and her train was secured to the waist.

The wedding reception was held in the community room of the First State Bank, with Cindy Scoggins and Paula Birdwell serving cake and punch, and Diane Webb registering guests.

THE BRIDE is a 1969 graduate of Dimmitt High School, and is now a freshman at North Texas State University at Denton.

Lerman graduated in 1963 from Houston Memorial High School,

## Hart couple weds in home ceremony

Miss Linda Bailey became the bride of Kenneth Sharp in a double-ring ceremony Friday afternoon in the home of her parents, Mr. and Mrs. Joe Bailey of Hart.

PERFORMING the ceremony was Rev. C. T. Cunningham, pastor of the First Baptist Church of Hart.

Attendants were Mr. and Mrs. Johnny Stallings of Hereford, the bride's sister and brother-in-law.

A RECEPTION followed in the

Bailey home, with Debbie and De Ann Bailey and Carol Ann Sharp serving. The table was covered with a white lace cloth over avocado green, and was centered with an arrangement of fresh garden roses.

After a short wedding trip to Cloudercroft, N.M., the newlyweds will be at home in Lubbock, where the groom has accepted a position with the College Co-op Gin.

The groom, son of Mr. and Mrs. Orval Sharp of Hart, is a 1966 graduate of Hart High School and has attended West Texas State University.

The bride graduated in May from Hart High School.

## Shower honors Paulette Kenmore

Paulette Kenmore, bride-elect of Lonnie Wagner, was honored with a bridal shower Saturday evening in the home of Mrs. V. C. Hopson.

IN THE receiving line were Miss Kenmore and her mother, Mrs. Darrell Kenmore, and Wagner's mother Mrs. Lawrence Wagner of Nazareth.

Pam Barker registered the guests, while Keri Kirby and Janet Wylie served punch and cookies from a table covered with a white organza cloth. The centerpiece was an arrangement of blue carnations.

Sharing hostess duties with Mrs. Hopson were Mmes. Billye Gwynn Davis, Colleen Newman, Virginia Cowart and Terry Dowdy, Mary Jo Birdwell, Phyllis Mooney, Joy Barker, Edna Faye Reinhardt, Emma Lou Hastings, Sue and Oma Stokes, Frances Goodwin, Sarah Blackwell, Mrs. Rudd, Ronda Killough, Mauze Youts, Frances Lytle, Mamie Birdwell, Melba Aldridge, Billie Kirby, Betty Parsons, Janet Wylie, and Bebbie Dodd and Billie Sue.

## Book Club review slated Wednesday

Mrs. Virginia Newsom, county librarian, will review Chaim Potok's novel, "The Chosen," when the Dimmitt Book Club meets Wednesday in the community room of the First State Bank.

THE CLUB'S business meeting will be at 3:30 p.m., and Mrs. Newsom's review will begin at 4. The review is open to all visitors. Mrs. Earl Lust is program chairman for the October meeting.

## Seven attend VFW district meeting

Seven members of the Castro Memorial VFW Post and Auxiliary attended the recent District 13 convention, the first of the new fiscal year, in Plainview.

MRS. EUPHA MAE GRIFFIN, district auxiliary president, conducted the ladies' business sessions, while District Commander "Storby" Flowers of Canyon presided over the men's meetings.

Attending from Dimmitt were Mrs. Griffin, Mr. and Mrs. Herman Acker, Mrs. Florene Leinen, Ilene McElroy, Archie Bussey and Reece Kessler.

State VFW officials present were Department Auxiliary President Thelma Pugh, Department Commander Elmer Chappell, as well as Yvonia Williams of Lubbock, department auxiliary junior vice-president; and the present and past department hospital chairmen.

## Nazareth FHA initiates 15

Fifteen Nazareth High School girls became members of the Future Homemakers of America recently when the NHS chapter held its annual initiation and salad supper.

GERALDINE Brockman, chapter president, conducted the ceremony. Each initiate received a red and white ribbon signifying her membership in FHA.

The initiation was followed by a salad supper for FHA girls, their parents and teachers. Approximately 130 persons were served.

New members of the Nazareth FHA chapter are Katherine Acker, Monica Anderle, Peggy Book, Kathleen Brockman, Wanda Ehly, Jackie Guggemos, Rebecca Huseman, Ramona Klemant, Elaine Kern, Karen Pohlmeier, Vera Lou Schulte, Teresa Steffens, Bernice Wagner, Michele Wilhelm and Vickie Wilhelm.

Chapter sponsor is Mrs. Lucille King.

## Use three colors for mixed-up look

For the carefully planned "mixed-up" look for fall, be inventive in combining plaids with prints, herringbones and tweeds with prints or stripes, suggests Fannie Brown Eaton, Extension clothing specialist.

She gives guidelines which may help with this difficult aspect of fashion:

—Work with three basic colors.

—Use one dominant patterned fabric; others in subdued designs.

Boys learn shop skills through new HHS course

Hart Junior High School boys are learning to work with all kinds of shop and power equipment in a new course added to the school's curriculum this year.

THE COURSE is entitled "General Farm and Ranch Repairs," and is conducted under the Coordinated Vocational Academic Education (CVAE) program.

J. V. Wescott is the course instructor.

THE EQUIPMENT the boys are learning to operate includes four Lincoln arc welders, a large AC-DC Miller electric welder, a concrete mixer, drill press, six acetylene torch units, portable paint sprayer, a cutting table (made in the shop), a tilting arbor saw, a planer-joiner, two drills, an impact wrench, a farm level, power rotary saw, saber saw and two sanders, plus a wheel barrow and a large assortment of yard and garden tools.

the shop and build welding booths and other work stations to complete its transformation from a storage building to a vocational laboratory.

"As soon as these jobs have been completed, parents and all other interested people will be invited to stop by for a visit and a first-hand look at the new program in operation," Wescott said.

The course, Wescott explained, is designed to attract students who do not plan to go on to college or specialized schools. Students are taught different vocational skills that can provide them with a good livelihood and keep them from becoming "trapped" in the labor market.

# Bobcats pierce Wolverines' unscored-on defense, 43-14

By JIMMIE CHAPMAN  
Led by the running of Fullback Nelson Chavers and Halfback Roy Thomas, the Dimmitt Bobcats rang up their third victory Friday night by beating the hard-ploping Springlake Wolverines, 43-14.

THE LOSS was the first for the Lamb County eleven, and the first time that they had been scored upon this season.

Mark Wohlgenuth started at quarterback for the Bobcats in place of Co-Captain Bill Sanders, who was nursing a shoulder injury. Wohlgenuth got Dimmitt a 13-0 lead by scoring the first touchdown himself and setting up the other with a brilliant 53-yard run. But that run ended disastrously as Wohlgenuth received a broken thumb, knocking him out of action for at least six weeks.

The Wolverines received the opening kickoff and, with Terry Bridge and Tony Barton smashing into the Bobcat line, made three first downs before being forced to punt. Dimmitt failed to make a first down and Mark Cleavinger got off a 65-yard punt that Hoyt Glasscock touched, then bobbled. Henry Rivera recovered for the Cats on the Wolverine 3-yard line to set up Dimmitt's first TD.

TWO SMASHES by Wohlgenuth on the quarterback sneak got the Bobcats their first score. Cleavinger kicked the extra point, and the Bobcats had a 7-0 lead in the game — although no first downs yet.

With the strongest running attack, that the Cat line had faced all year, the Wolverines again started moving after receiving the kickoff on their 20. With Glasscock, Bridge and Barton ramming

MARK WOHLGEMUTH (ARROW) SCORES DIMMITT'S FIRST TOUCHDOWN... Set up by Henry Rivera's fumble recovery early in first quarter

at the line, the Wolverines moved the ball to the Dimmitt 26 before Cleavinger batted down a pass by Glasscock on fourth down and the Bobcats took over.

Wohlgenuth kept on a "veer" play as the right side of the Bobcat line broke open the dike and made the longest run of the night by cutting back to his left and going 52 yards to the Springlake 22. Wohlgenuth went to the sidelines with a broken thumb and Sanders took over. Chavers picked up one yard, then Thomas swept right end for 21 yards for the touchdown. Cleavinger's kick was

wide, but the Cats had a 13-0 lead with eight seconds left in the first quarter, after having the ball for only five plays.

THE FACT that Springlake kept the ball except for five plays in the first period but failed to score reflects well upon the Bobcat defense. Time after time three to four Cats would be at the right spot for the tackle. Henry Rivera recovered two fumbles by Dimmitt, and Randy Schumacher, Jerry Cartwright and Hoyt Hestand were in on practically every tackle in the first period. Schumacher played the best defensive game of the season in the line, and Loy Wylie pitched in his best defense this season.

Early in the second period, Cartwright and Schumacher threw Glasscock for a 10-yard loss, then Loy Wylie broke through to tackle Bridge in the end zone to give the Cats a safety and a 15-0 lead.

Barton punted the ball to Thomas on the Dimmitt 25 after the safety, and Thomas ran it back to the 44.

WITH THOMAS, Newton and Chavers plunging away at the line, the Cats finally scored when Chavers broke over the left side of the line and roamed 29 yards for the score.

Then came the most heads-up play of the game. The pass went center for the extra point and Sanders and Sanders as they were lined up to kick, but Cleavinger went back to the 28-yard line, picked up the ball, and passed to the waving Wylie in the end zone for a two-point conversion and a 23-0 lead.

The Wolverines would not give up, and seemed to run harder than ever as they moved the ball to the Dimmitt 14 before Schumacher and Gary Langford stopped Steve Busby two yards short of a first down. The Cats took over and started racing downfield again.

NEWTON set up Dimmitt's

next score at the end of this drive by going 26 yards to the Springlake 4. Sanders tried a screen pass to Newton, but it was incomplete, then Thomas went over the right side for the final four yards and the score. Cleavinger kicked the extra point, and with only two seconds left in the first half, the Bobcats held a 30-0 lead on the Wolverines — a team that had not been scored upon up to this game.

Springlake held the Cats in the third quarter, and after Cleavinger got off a nice 43-yard punt, the Wolverines launched a drive that ended in their first score. After Terry Bridge made three good gains in the line, Glasscock hit end Steve Sanderson on the Dimmitt 35 with a good pass, and Sanderson went the distance for the score. The pass and run play covered 54 yards, the biggest gainer of the night for either team. Bridge kicked the extra point and the Wolverines were on the scoreboard, 30-7. The drive by Springlake ate up six minutes of the third quarter.

It took the Bobcats only three minutes to get another score after the ensuing kickoff. They took over on their own 31, and with running plays by Thomas and Chavers, moved the ball to the Springlake 6, from where Thomas went over the left side on a delayed pitchout by Sanders for the touchdown. Cleavinger's kick was good and Dimmitt again held a 30-point lead, 37-7.

TWO OF the best runs of the night were made in this drive by Nelson Chavers — one a 36-yarder that saw the hard-hitting fullback get hit four times before being brought down, and the other a 16-yard run that put the ball on the 10-yard line.

There was no more scoring in the third period, although Rivera did recover another Springlake fumble on the Bobcat 19-yard line to stop the Wolverine attack. This was Rivera's third fumble recovery in the past two games.

Dimmitt drove to the Springlake 5 late in the final period, but Mike Cleavinger of the Wolverines knocked down Sanders' pass to stop the Bobcat drive.

BUT THEN, Mark Cleavinger intercepted Mike Cleavinger's pass on the 25-yard line and went in for the Bobcats' sixth touchdown with two minutes left in the game. The two Cleavingers are second cousins, and they got their thrills by stopping each other on this exchange. Mark Cleavinger's kick for the point was wide, and the score was now 43-7 with two minutes left to play.

Tony Barton took the Bobcat kickoff on his own 10, broke through Dimmitt's first wave quickly and was in the open and seemed gone before Roy Thomas dragged him down by the shirt on the Dimmitt 37. Five plays later, Steve Busby went over from nine yards out for the score. Bridge kicked the extra point, and the game ended 50 seconds later with the final tally, 43-14.

Chavers was again the leading gainer for the Bobcats, garnering 127 yards on 12 carries for a 10½-yard average. Thomas got 99 yards and three TD's on 17 carries. Newton lugged 11 times for 57 yards, Wohlgenuth gained 55 yards in only three tries, and Kenny Doss picked up 11 yards on the last carry of the game, his only try for the night.

MOST OF Chavers' yardage was picked up through the middle, with Gary Langford and the two guards.

Bridge and Barton were the offensive steamrollers for the Wolverines, who stayed mainly to the

### Hart holds on for 19-18 win

Hart's unbeaten Longhorns got their biggest scare of the young season last Thursday night, narrowly defeating a spunky Hereford Junior Varsity, 19-18.

THE LONGHORNS foiled Hereford's attempt at a game-winning two-point conversion in the fourth quarter, then withstood a desperate Hereford drive as the clock ran out.

It was the third victory of the year for Coach Doug Higgins' Longhorns.

After a scoreless but exciting first quarter, Hart gained a 7-0 lead just before halftime, but Hereford pushed all the way in the second half, coming within a point of the Longhorns at 7-6, 13-12 and finally, 19-18.

BUT THE Longhorns turned back all the Calves' efforts to knot the score or go ahead.

Landra Brington sprinted 28 yards for Hart's first TD late in the second period. The Longhorns had taken over on the Hereford 49, and with the aid of a 15-yard penalty, used only three plays to reach paydirt. The extra point kick was good — and turned out to be the game-winning point.

Hereford took advantage of a Hart fumble in the third period to set up its first touchdown. The Longhorns lost the ball on their own 17, and two plays later Danny Charest plunged the final yard for the Hereford marker. The Calves tried a running play for a two-point conversion, but it failed.

THEN IT was Hart's turn to capitalize on a break. After taking the Hereford kickoff, the Longhorns couldn't get a drive started, and punted to the Hereford 10.

Ralph Bell steaked in to pick off a Hereford fumble in mid-air at the 15, and kept running into the promised land to give the Longhorns a quick 13-6 lead. The point-after kick was no good.

Hereford tried three plays after Hart's kickoff, then punted to the Hart 38. The Longhorns started driving again — aided by another Hereford penalty — but the Calves' Jeff Loerwald intercepted a third-down pass by Hart quarterback Harold Bennett and scampered 50 yards to put Hereford back into the game, 13-12. The conversion attempt failed.

THE LONGHORNS took advantage of another Hereford fumble to set up their third touchdown. After being stymied following Hereford's

kickoff, the Longhorns punted — then pounced on a Hereford fumble at the 20. Jimmy Robinson broke loose for a 23-yard touchdown run to give Hart a 19-12 lead late in the third period.

The fourth quarter was marred by penalties against both teams as the ball changed hands often. Finally, Hereford mounted a scoring drive with Eugene Suttle going the final three yards.

Fans and coaches held their breath as Hereford went for the two-point conversion. But the Longhorn line held and saved their 19-18 lead.

THE GAME wasn't over yet, though. Hereford started a desperation drive late in the fourth quarter, and the Deaf Smith County visitors were deep in Hart territory when the final buzzer sounded.

The game's statistics were almost as close as the score, with Hart gaining 162 yards on the ground to Hereford's 168 and 41 yards in the air to Hereford's 42. The Calves netted more first downs, 18 to 12, but Hart's punting game made up the difference as the Longhorns netted 194 yards on six punts while Hereford could garner only 93 yards on five booms.

Landra Brington and Jimmy Robinson spearheaded Hart's offensive attack, while Danny Smith and Quincy Hawkins were the defensive standouts.

### Big Chiefs are still resentful

By BILL ELLIS  
Editor, The Friona Star

Friona's Chieftains were faced with a rebuilding year in 1969, with only one starter on the line and one starting back returning from the 1968 team.

THE CHIEFS had a good nucleus of returning linemen, including good size, so it appeared their defense would be ahead of their offense.

This was a toss-up in the season opener, in which county rival Farwell upended Friona, 34-0. However, the Chiefs were able to get both halves of their game going against Morton, winning 10-0, and turned in their best overall performance in a 21-14 win at Tucumcari Friday.

Biggest problem for Friona backfield coaches has been in plugging the gap left by the graduation of Tony Perea, all-district and All-South Plains halfback who set all sorts of school records in 1969 — totalling up 1,761 yards rushing, one yard more than a mile.

PEREA, who received a scholarship to the University of Texas at El Paso, had been the workhorse for Friona so long it was almost like losing a whole backfield.

However, his "understudy" of the past two years, "Izzy" Cordova, has looked good in the last two starts, and sparked Friona's two wins to date.

But Cordova lacks the speed which helped Perea score 118 points in 1968.

FRIONA'S line has begun to jell, anchored by center-linebacker Donny Carthel, the lone returning starter from last year. A 200-pounder, Carthel also is the team's kicker and a co-captain.

The Chieftain line averages 180

pounds, and the team usually fields an interior line of over 190 pounds average.

Injuries have plagued the team in its early going. Thinner than usual in numbers, the team has been without two or more players in each game so far.

ON PAPER, this year's team doesn't stack up with the 1968 team at this point, and that team was shellacked, 46-7, by the Bobcats, who seemed to use the game as a springboard for its present string of successes.

But tradition says the "show must go on," and Friona will hope for a miracle of some kind Friday night.

And, speaking of tradition, the Bobcats have plenty of it on their side in Friday's game. According to the record book, the two old rivals have met 33 times in football since 1930, with Dimmitt holding a commanding 24-8-1 edge.

IN FACT, the Bobcats had a 14-game winning streak from 1944 through 1962 (the teams failed to meet 1951-52-53), snapped finally by Coach Don Light's "miracle team" of 1963, 20-0. The Chiefs won three straight from Dimmitt under Coach Light, only time during the long rivalry for Friona to post a winning streak.

Of the teams on Friona's schedule, none have been played as regularly as have Dimmitt, although Farwell is just a game behind. The Bobcats and Chiefs have mixed it up 27 times on the gridiron in the past 29 years.

And there have been a few surprises during those years. Friona, it would appear, has to hope there is at least one surprise left when the 1969 chapter of the Friona-Dimmitt record is written on Friday.

**60 MILLION OWN CO-OPS**

More than 60 million Americans share ownership in cooperatives. City, town, and rural people use these co-ops to get housing, food, health care, credit, insurance, drugs, furniture, and petroleum products. Rural people use cooperatives to get ginning, elevator, fuel, electricity and telephone service, chemicals, and steel products. All of this cooperative business totals \$20 billion dollars a year.

Business men also use cooperatives to serve their special needs — druggists, grocers, hardwaremen, clothiers, and other independent merchants. Associated Press, the world-wide news gathering agency, is a publishers' cooperative.

The distinctive mark of a co-op is that it serves the people who own it: its customers. It's locally-owned, not-for-profit, serving its member-owners at approximate cost. They have a voice in determining the quality of goods and services they get and the prices they pay through their co-ops.

In cooperatives, 60 million persons participate more fully in this country's free enterprise system. They find it a good way to get things done.
