Local Peace Officer Shot Here Saturday Night

Harve Blevins, local peace officer, is in the Nichols Sanitarium suffering a gun shot wound received late Saturday night in a clash between himself, fellow officers Bell and Warren, and S. L. Davis, an insurance man of this city. The bullet entered the extreme lower part of the body ranging upward and lodging in the hip bone and although Blevins condition is reported quite serious doctors do not think that it will prove fatal.

According to statements made at an examination conducted here Sunday afternoon by Justice Malone and Attorney Chapman, the officers had stopped Davis with the intention of arresting him when an argument and scuffle ensued during which Blevins was wounded. Warren, with whose gun it is alleged Blevins was shot, testified that he had lost possession of the gun sometime during the affray and did not know when he had lost it. He testified further that he did not see Davis shoot and that he did not see a gun in his hands. Bell did not make a statement. Davis who is charged with assault and attempt to murder, waived examining trial and was released on bond.

A Word To The Housewives of Spur

Turn all house to house beggars down flat. A determined effort is being made in immediate community to put a stop to the lucrative profession of professional beggars.

The business men of Spur have agreed to turn down all of them until their case has been looked into by the Chairman of our local Red Cross Chapter. If they are worthy they will either be helped from that office or given a statement to the effect that their case has been looked into and found entirely worthy.

The housewives are requested to turn them all down flat and refer them to the Red Cross Chairman at the Chamber of Commerce office. This of course does not have reference to people you are acquainted with or that live here in town or the country round about. In the last few months we have had a deluge of house to house beggars who come to homes and put up a pitiful story about little children being hungry and needing clothes. In a great many cases the sorry men will send out their little children themselves to make these pleas to you ladies in the home. Nine cases out of ten these cases would not stand investigation and is the reason they resort to this means of getting help.

You will be doing a worthy case a favor to refer them to the Red Cross office so they can get real and substantial help. You will be doing yourself and the community a favor to send the other kind down, so why not do it and thus help yourself and everyone concerned.

D. L. GRANBERRY, Chmn., Dickens Co. Chapter Red Cross.

Tom Christopher Dropped Dead Of Heart Failure

Tom W. Christopher dropped dead Tuesday of this week at the home of his brother, J. C. Christopher of a few miles north of the city. Mr. Christopher had gone to draw a bucket of water from the well when he suffered a heart attack and dropped to the ground. He was removed to the house where death occurred before medical aid could be summoned.

Mr. Christopher was born in Alabama, March 28, 1882 and made his home in that state until two years ago when his only sister died there and he moved to Texas to make his home with his brother.

Funeral services were conducted at Afton Wednesday afternoon by Wright Randolph, minister of the Church of Christ of this city and interment made in the Afton cemetery. The only surviving member of the family is his brother, J. C. Christopher.

3 Dickens County Club Boys Attend Dallas State Fair

Leroy Garrison of Highway, Bob Ed McAlister of Afton, and Jack Woods of Duncan Flat accompanied by County Agent G. J. Lane attended the State Fair where they enjoyed a three day encampment as well as the sights of the Fair and the city.

These boys were winners in club contest work and were given the trip to the fair as prizes. Leroy has written an account of the trip which will be found in this issue. It is very interesting, read it.

4-H Club Winner Writes of Trip to The State Fair

By LEROY GARRISON

I won my trip to the State Fair on crop demonstrations of maize, peas, beans, and on poultry. I hardly know how to begin to tell you all the pleasant and instructive things that I saw on my trip to the fair. We left Spur Monday, September 10 at 8 o'clock a. m. and arrived in Dallas about 5 o'clock p. m. We registered, got our badges and ate supper.

After supper we sang songs and heard the rules and regulations of the camp explained. We were welcomed by an address by the Boy's State Club Agent, Mr. Payne.

Then we were off to see the entertaining features of a State Fair, and if you've never been to a State Fair, well, you just ought to go. Tuesday morning we went to the exhibit hall and saw various farm products. The most interesting exhibit that I saw here was the bees and honey.

Tuesday evening we enjoyed a picture show at the beautiful Majestic Theatre; then we ate supper and listened to a splendid lecture by J. A. Moore, Superintendent of Agricultural Exhibits on 4-H Club work. That night we saw a football game. This was the first night game I had ever seen. It was great.

Wednesday morning we march ed down to see the livestock exhibits. There were champion cows and horses and other animals the most beautiful animals I ever saw. We heard a great deal about the care of animals, especially for show purposes.

At two o'clock we attended Hoot Gibson's big rodeo. They had some sure 'nough out-law horses and bulls and some real riders. We spent the rest of the day as usual, milling around the fair any way we wanted to. Wednesday night we went to a play in the auditorium on the fair ground.

Thursday morning we attended the poultry show and then spent the rest of the day and until 11 o'clock in the night as we liked. I visited a fish hatchery, inspected a mountain type 900' locomotive, visited the house where the airplanes were parked (I don't know what it is called) and made a picture of Hoot Gibson and his plane. Mr. Lane, our 4H Club Agent took us to the zoo, and then on a shopping trip to Dallas. Three of my cousins who live in Oak Cliff, visited me. I gathered free farm pamphlets, and made drawings of some of the new hitches to bring home to my dad. There was something new and interesting every minute we were there.

There were 375 of us boys and we must have been very important for they dolled us up and made our pictures three times and printed them in various papers. We boys were benefitted by association. We enjoyed the friendly exchange of ideas, stories and plans, and had lots of fun after we turned into camp at night. Some of the larger ones made us "little fellows" feel like I imagine a college freshman does when the upper classmen have him howling at the moon to the tune of a belt.

We had a great time and I shall never forget this trip. I wish to thank Mr. Lane and anyone else who helped to make the trip possible for me. Every Club boy in Dickens Co. should work for a trip next year. Farm life means much more to me now than it did before I became a club member.

Bulldogs Meet Haskell Indians Spur Field Today

Coach Thad Murley's Bulldogs will meet the toughest opposition they have experienced this season today when they meet the Haskell team at the Spur Fair Park Stadium at 3:30.

So far Spur has a 1000 per cent record having been victorious over the Crosbyton and Dickens teams and has been scored on but once during the two games. Spur fans who were a little dubious at the beginning of the season, the bulldogs first in three years, but are now enthusiastic about our chances of placing high in the district and will watch today's game with interest.

Come out and see a real football game this afternoon. It is worth the admission price just to see the pep squad in action and the antics of the yell leaders.

Spur Library Gets The Latest Books

The Spur Library is to be commended on its effort to keep a supply of the latest books published each month and solicits patronage from the reading public. A reasonable charge of \$1.00 per year is made or 25c for two months.

New books added last week were "Obscene Destiny" by Willa Cather; "Guys and Dolls," by Damon Runyon. This book portrays the great white way and is very true to life in the big city.

The library is located in the City Light and Water Office in the Palace Theatre building.

Helen Grace Williams, librarian will be pleased to serve you.

State S. S. Worker Be Here Oct. 23-30

Rev. F. G. Rogers, Pastor of the First Baptist Church of Spur, Thursday received a telegram from G. S. Hopkins, State Sunday School man stating that Andrew Allen, associated with the State Sunday School Work, will be with The Dickens County Association beginning Sunday, October 23 and staying for eight days. Mr. Allen will give some very valuable Sunday School teachings at the Spur Baptist Church at seven o'clock each evening during the week.

All Churches in the Association are invited and expected to be here to reap the benefits from this great opportunity offered.

Ted Goodman Lost Fingers in Gin Saw

With the beginning of the ginning season the regular series of gin accidents seem to have begun. Ted Goodman lost two fingers in the gin saws of the East Afton Gin the past week-end was brought to the Nichols Sanitarium here for the surgical aid. At present he is reported getting along alright with the exception of the missing fingers.

Morris Holly Died At Afton Thursday Last Week

Morris W. Holly, 19 year-old son of Mr. and Mrs. L. W. Holly of Dickens, died at Afton, Thursday, October 13. Death, although it ended years of suffering and ill health and was not unexpected, was a severe shock to the family and friends.

Funeral services were conducted Friday at Dickens by Wright Randolph, minister of the Church of Christ of Spur, interment following in Dickens cemetery.

Dickens Baptists Organize B. T. S.

Dickens Baptist Church met Sunday night, October 16 and organized a B. T. S.

Following are officers elected for the Senior Class: President, Mrs. G. M. Parker; Vice-President, Moore Lillard; Sponsor, Virginia Worswick; Reporter, Emma Lee Lillard; Group Captains, Ann Ruth Parker and Wilburn Deaton.

All are cordially invited to attend B. T. S.—Reporter.

Roosevelt-Garner Medallions Are Here—Get Yours To-day

Roosevelt-Garner Medallion, this emblem is being distributed to contributors to National Democratic campaign.

This is a picture of the Medallion, a badge which signifies membership in "Shareholders of America"—organized to reclaim the equity of the Forgotten Man in America—and is pledged to work and vote for Franklin D. Roosevelt and John N. Garner as a means of restoring the fundamental principles of true democracy upon which this country in the past has prospered.

The Medallion, upon which is a likeness of Roosevelt and Garner, is a beautiful piece of work cast in bronze. The medal was designed by Gutzon Borglum, famous sculptor of Stone Mountain and other noted works of art, and is well worth while.

These badges sell for \$1 or as much as you wish to pay for them and the money will go to defray Democratic campaign expenses.

Franklin D. Roosevelt, Democratic Nominee for President.

It is an excellent idea and offers the man of small means an opportunity to contribute to the campaign fund of his party.

Local men in charge of the sale of the medallions are J. R. (Red) Laine of Spur, H. A. C. Brummett of Dickens and Robt. Nickels of McAdoo. They may also be procured at the Red Front Drug Store and The Texas Spur office at Spur and from

John Nance Garner, of Uvalde, the Democratic Party's choice for Vice President.

Fred Arrington at Dickens, Messrs. Laine and Brummett report that the medals are selling fast and they are encouraged to believe that two hundred or more may be placed in the county before the campaign is over. A receipt is given with each medallion together with a certificate of membership in the organization and you may be assured that

O. L. Turpin Died Wednesday of An Acute Attack of Appendicitis

O. L. Turpin, 38, prominent farmer of the Afton community died at the Nichols Sanitarium at noon here Wednesday. Death was so sudden and unexpected that it was a severe shock to his family and many friends. He was apparently in the best of health and condition when Monday of this week he fell ill with an acute attack of appendicitis and after several hours of terrible suffering was brought here to the sanitarium. An operation performed Tuesday revealed that his appendix had burst and that blood poisoning had set in. Death followed around noon Wednesday.

Mr. Turpin was born near Paris, June 6, 1894, where he lived until the age of seven. He lost his mother at the age of three years and when his father moved to Red River county he was taken by Mr. and Mrs. L. G. Carroll who became his foster parents and with whom he lived until he was married.

January 7, 1917 Mr. Turpin was married to Miss Vela Slaton a daughter of Mr. and Mrs. A. J. Slaton of this community. After their marriage at Clarksville, Mr. and Mrs. Turpin moved to Denison where they lived for a time, moving in 1921 to Afton, and have made their home there since.

Funeral services were held at Afton at 3:30 o'clock Thursday afternoon, conducted by Rev. H. T. Harris, missionary minister of the Baptist Church of which Mr. Turpin was a member. Rev. Victor Crabtree assisted Rev. Harris in the services. Interment followed in Afton cemetery directed by Webber Williams, funeral director of this city.

Surviving members of the family are Mrs. Turpin and five daughters, Hazel, Ruth, Bonnie Doyle and Pansy. Surviving also are F. M. Turpin of Ft. Worth father of deceased; four brothers R. D. Turpin of Rochester, S. F. Turpin of Ft. Worth, G. M. and S. A. Turpin of Lubbock; three sisters, Mrs. Anna Hancock of Clarksville, Mrs. Mattie Brandon of Courtney, Okla., and Mrs. L. P. Jobe of Lubbock, practically all of whom were present at the funeral.

Ballots Ready For Absentee Voting

The ballots for the General Election, November 8, were placed in the hands of County Clerk Robt. Reynolds this week and are ready for absentee voters. Anyone voter who will be absent from his voting box at the time of the election may vote in advance at the Clerk's office or may secure a ballot there and mail it in.

This year's ballot is an unusually large one being 8 columns wide and 24 inches long, listing candidates for the Democratic, Republican, Socialist, Communist, Jacksonian, Liberty, Independent, and (blank) Parties as well as the nine constitutional amendments to be voted on.

Such a ballot regardless of its size and complexity will not, however, be confusing to voters, this section. It is the old Dickens County custom (with the exception of 1928) to simply take the pencil and draw a line down all the party columns except the Democratic column and then to pick out the amendments, for and against. Mrs. Ferguson's name is, of course, in its proper place in the Democratic column.

Roaring Springs News Taken Over By Editor Meadors

Mr. Meadors of Matador, who formerly was editor of a newspaper there, this week acquired the Roaring Springs news and will hereafter be manager and editor of that publication.

Every loyal democrat should wear one of these badges, and if all who are interested in seeing Roosevelt elected President will make this small contribution, victory for the party is assured. Next week we will publish a list of all Dickens County members of "Shareholders in America."

Faulkner Sentenced To One Year in Jail

Geo. Faulkner, tried at Floydada the first part of this week on charges of rape originating in this county, was found guilty by a jury Wednesday and sentenced to a year in the county jail. No notice of appeal has as yet been given but it is thought that his attorneys will ask for an insanity hearing.

Quite a number of witnesses attended the trial from this community.

Jeff Bingham Killed in Auto Wreck at Wink

Jeff Bingham, 26, a former Spur boy, was killed Saturday night in an automobile accident on the highway between Wink and Monahans. He and several companions had started from Wink to Monahans to attend a dance when the driver of the car was blinded by the lights of an approaching car, lost control, and overturned in the bar pit. Death occurred almost instantly from a fracture of the skull. Three others of the party were painfully injured but none fatally, and two escaped unhurt.

Following a consultation with members of the family it was decided to bring the body to Spur his boyhood home, for burial. C. Bain, a close friend of the dead youth, rode through with the corpse, arriving by train here Wednesday. Funeral services were held at four-thirty in the afternoon, conducted by the pastor Rev. W. B. Vaughn, and interment was made in Spur cemetery directed by Webber Williams.

Jeff was born at Jayton August 2, 1908 but moved with his parents, Mr. and Mrs. Matt Bingham, to this community at an early age, spending his boyhood and young manhood in this community and attending the local schools. He has many friends here who are grieved over his untimely death and we join them in extending sympathy to the bereaved family.

In 1928 Jeff left Spur for Borger where he worked in the oil fields later moving to Longview and entered the tailoring business and made his home until just recently. Some two years ago he was married at Longview but following a recent estrangement from his wife he moved to Wink where he made his home with his sister, Mr. and Mrs. Johnnie Miller, until the time of the unhappy accident which caused his death.

Surviving are his wife, father and mother, Mr. and Mrs. Matt Bingham, a brother, Chalk Bingham, all of Longview and a sister, Mrs. Miller of Wink. All were present at the funeral.

Six Gins of Spur Employ Govern't Cotton Classifier

The six gins of this city have employed a Government Cotton Classifier who will give the grade and staple on all cotton turned out by the local gins and the cotton will be bought on its actual market value. George Sloan, manager of one of the local gins states that in this manner the farmer will be able to know exactly what the grade and staple of his cotton is and that he will receive a premium on an extra good bale as well as a penalty on a poor bale.

Services of the Government Classifier, James O. Smith will be rendered free on bales ginned at any of the Spur gins, but will also be extended to the general public at the price of ten cents per bale.

Jim Smith Has Hand Badly Cut In Accident At Gin

Jim Smith, ginner at the Terry Gin was painfully injured the past week when he caught his hand in the gin saws. His hand although badly cut is not seriously injured and he expects to be back on the job after a few weeks. Emery Shugart will take Mr. Smith's place during his absence.

Jack Burton Is Hurt in Accident At Goodwin Gin; May Be Fatal

Jack Burton was perhaps fatally injured late Wednesday night when he fell into a shaft at the Goodwin Gin at Afton, crushing his skull and injuring other parts of the body. The head injury was so severe that the brain was exposed on the right side with parts of the skull pressing into the brain matter. Details of the accident have not as yet been learned.

Burton was brought to the Nichols Sanitarium at 3:00 a. m. Thursday and remained on the operating table until after noon. At the time of going to press he was still unconscious and doctors think there is little hope for his recovery.

Has Too Much Money, Is Arrested

It is not exactly a crime here to possess a \$50 bill but it surely attracts a lot of attention to try to spend it.

A gentleman was here Saturday afternoon with quite a sizeable roll and was making an attempt to pay for purchases with fifty dollar notes. In the rounds of the stores he succeeded in spending only one of them when he was 'picked up' by officers for investigation.

W. B. Lee, president of the Spur National Bank was called down town to pass judgement on the currency which was found to be the real article. The man explained that he was foreman of a crew of painters working for the Gulf Oil company and that finding the bank closed early on Saturday afternoon he had attempted to get the bills cashed at stores in order to meet the payroll. It was explained to him that counterfeit bills of large denominations had recently been circulated in this section and naturally anyone having large bills would be under suspicion. Mr. Lee changed the bills, good feeling was restored and each went on his way.

City Mgr. Burrow Attends Water Works Convention

City Manager Burrow returned last weekend from Dallas where he attended the Southwestern Water Works Convention held there from the 13 to the 21st.

The purpose of this convention which is held every year is for water works men over the southwest to get together and exchange ideas and discuss their joint problems.

Mr. Burrow states that he saw and learned many interesting things at the convention, among the novelties being a machine that could be placed in a water pipe and that it would under its own power crawl down it cleaning it thoroughly on the inside. Another thing new in the science of water handling is a purifier that kills bacteria in water by high frequency energy. He says that if this invention becomes commercial success it may also be used in purifying milk in the place of pasteurizing.

Cold Wave Strikes Here Wednesday

A northern accompanied by rain and mist struck here Wednesday giving this section its first real breath of winter. The cotton season which had just started would be delayed a few days.

Rutledge - Morrow

Mr. Clyde Morrow and Miss Beulah Belle Rutledge, both of this community, drove out to the Espuela home of Rev. H. T. Harris, Monday and were quietly married. Only a few friends were present.

The many friends of this young couple join in extending them their warmest congratulations and wishing for them much success in life.

V. C. Smart of the Ford Motor Company was a business visitor in Rule Monday.

Spur Defeats Dickens in Aerial Game, 31 to 6

By ARCHIE POWELL

The Spur Bulldogs whipped out a 31 to 6 win over the Dickens Owls in the first gridiron clash between the two schools.

The Martin trained men presented a passing attack that was almost baffling to the Spur squad.

The Bulldogs scored in every quarter of the game. Raymond Powell scored early in the game when he completed a pass from Johnnie Powell.

Stinnett crashed through the Dickens line for the second touchdown after Spur had gotten in scoring distance thru straight football.

Martin went over for a counter in the third period when he took a pass from R. Powell.

Rosamond intercepted Combs pass and skirted rt end for a touchdown in the last quarter. Chapman picked up a blocked punt and raced 30 yds. for the last counter of the game.

Dickens lone touchdown came in the third period when Miller pushed over Spurs line after Spur was penalized to 1 ft. of their goal line.

Dickens had little trouble in gaining yardage on passes when on midfield but they lacked the scoring punch after the 20 yd. line was passed.

Combs, Hawk, Miller and Holly composed the Dickens passing combination.

PLAY BY PLAY

Chapman kicks to Stacy on Dickens 10 yd. line return 8 yds. Combs hit line for 2 yds. Miller gets 2 yds. in line drive. Holly tries le for 2yds. Dickens punter is smothered and Spur covers ball on the Dickens 20 yd stripe.

Trade In Your Worn Tires for Safe Gripping Non-Skid Firestone Tires

LIBERAL trade-in allowance—not on all Firestone High Speed and Heavy Duty Tires! Why take a chance on worn, smooth, uncertain tires when you can buy Firestone non-skid safe, proven tires at lowest prices. Firestone Tires are designed to grip the road. The non-skid tread is thick, tough and gives 25% longer non-skid safety. Glen Schultz only last month set a new world's record in climbing Pike's Peak, in 16 min. 47 sec. His top speed was 78 miles per hour—negotiating many hair-raising turns where a skid or a tire failure meant death. It's that kind of stamina that makes Firestone Tires safe and economical for you. That's why race drivers use Firestone Tires. They won't risk their lives on any other make. No tire in the world has the Firestone endurance. That is because Gum-Dipping, the patented Firestone process, transforms the cotton cords into tough, sinewy units. It means that the liquid rubber penetrates every cord and coats every fiber, assuring protection against internal heat. Two Extra Gum-Dipped Cord Plies under the Tread, give 56% stronger bond between tread and cord body. Don't buy cheap tires that are only made to sell. Don't risk your life on wet, slippery pavements these October days—Use the same precaution race drivers use. Trade in your old tires—We will give you a liberal allowance on Firestone Tires—the safest tires in the world.

MELLOWED 80 MILLION YEARS While the Brontosaurus browsed in OKLAHOMA Millions of years ago—even before the ancient Brontosaurus lived—Nature formed the Cambro-Ordovician oil pool in Oklahoma. Today this oldest of Mid-continent crudes is piped to the great Sinclair refineries where it is refined, blended, de-waxed, freed from petroleum jelly and made into Sinclair Opaline—a product resulting from 80 million years of filtering and mellowing. Try a crankcaseful of Sinclair Opaline—note how it stands up in the heat of fast driving. Note especially at draining time how little oil has been used up—positive, visible proof of protection for the last mile as well as the first!

Trouble Overcome CRAZY CRYSTALS About three years ago I suffered an attack of intestinal influenza which left me with a bad case of toxemia and indications of colitis. I tried various treatments to overcome this trouble but was unable to obtain any relief until starting the use of CRAZY CRYSTALS. I have been using CRAZY CRYSTALS for some time and am feeling fine and have apparently overcome the trouble. Others in my family have also obtained good results from the use of CRAZY CRYSTALS and I am recommending them to all my friends. Signed: Mrs. Frances Prescott, 664 Lillian Way, Los Angeles, Calif.

3,000,000 FAMILIES AIDED BY RED CROSS

Distress in All Areas Met by Giving Food, Clothing and Other Help.

More than 3,000,000 families throughout the nation were given relief of various types by the American Red Cross in the past winter, to aid them in their distress caused by unemployment, disaster or other misfortune.

A major relief task, due to unemployment and other unusual conditions in the bituminous mining counties in twenty states, was met by the Red Cross chapters alone, or participating with other agencies. In these 143 counties, the Red Cross aided 90,000 families through giving groceries, school lunches, clothing, flour and other necessities to combat privation.

Flour, milled from government wheat turned over to the Red Cross by Congress, was given to 15,000,000 persons in the period from March 8 to June 30, the close of the fiscal year. Flour will continue to be given through the winter of 1932-33, and Red Cross chapters also will give cotton clothing, made from government cotton turned over to the Red Cross for distribution.

"The Red Cross faces the busiest winter since the days of the World War," Chairman John Barton Payne said. "It is organized in virtually every one of the 3,072 counties in the United States, and will cooperate with all agencies to meet distress wherever found. The flour has proved of great benefit, and the cotton clothing will be given wide distribution."

While carrying on nation-wide these unemployment and other relief measures, the Red Cross also was engaged in its regular peacetime activities in public health nursing, service to ex-service men and their families, teaching home hygiene, life saving and first aid. The Junior Red Cross, composed of almost 7,000,000 school children, also rallied to the support of the society's relief efforts, and the children aided others of their age in practical ways, formed sewing and food canning classes, and were of great assistance in chapter relief work.

While the wheat and cotton were given by the U. S. Government, no money was provided to pay for the necessary work entailed. The Red Cross will meet this expense of almost \$500,000 from its treasury. Citizens can aid by joining as members of the local Red Cross chapter

The Spread of Power Is the Spread of Industry

What does it mean when electric power is distributed widely over the countryside to small towns and farms? Such is the task that has been accomplished by the building of far-flung power lines in the past twenty years. What is its effect?

It means that industry can operate as efficiently in small communities as in the large cities. It means a better distribution of industrial activity, with an improvement of working conditions and a reduction in manufacturing costs.

Industry is following the power line to the small community... and here in West Texas, the "Land of Opportunity," the West Texas Utilities Company is leading industries to the 125 progressive cities and towns dependably served from its 2,500-mile transmission line network.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

Capone Attempts To Gain Freedom

Al Capone went to court in Chicago, Thursday in an attempt to obtain a writ of habeas corpus for his release from federal prison at Atlanta.

His plea will be that the sentence given him for income tax violations in 1926-27 and 28 was illegal by reason of the statute of limitation.

As a precedent other cases for the same violations have been dismissed because of the length of time lapsing between violation and the time of trial, and it may be that this super gangster will gain freedom.

EDITOR INVITED TO ENJOY SOUTHERN FEAST

Editor Jack Stricklin of the Brownfield Herald, states that he was presented a peck of sweet potatoes last week and noting the capture of a possum by Oran McClure, extends the McClure brothers an invitation to bring our possum out some time this winter and enjoy an old Southern feast of 'possum and 'taters'.

That sure sounds appetizing. Bro. Stricklin and if we have a good enough fall to buy juiciness for our buzzwagon we may take you up on that, Suh!
