VOLUME XXIII. SPUR, DICKENS COUNTY, TEXAS. THURSDAY, JULY 27, 1933. NUMBER 41

CLIFFORD B. JONES APPOINTED ADMINISTRATOR OVER THREE STATES BY F D R.

Mrs. E. Hairgrove Dead Following Two Year Illness

Mrs. Emmett E. Hairgrove passed away at the home of her parents, and Mrs. G. W. King a few days east of the city Thursday afternoon about three o'clock. She had been in ill health since June 3, when she suffered a severe case of influenza and from which she never recovered. Recently Mrs. Hairgrove was taken to Sanatorium, for treatment but was later removed to the Nichols Sanitarium where she underwent two operations for the lung trouble, and nothing more could be done. She was taken to her parents' home where she remained until she was relieved of her suffering. She was born in Madison County, Missouri, November 15, 1902 and moved to Dickens County with her parents in 1910. She has lived here since. On August 18, 1918 she was married to Emmett E. Hairgrove by Rev. S. A. Sifford, pastor of the Methodist church of which she was a member. This union three children were born: Alleta who is 13, Billie Jo Ann who died in infancy. Mrs. Hairgrove was a devoted mother and her many children who have suffered with her long illness extend their sympathies to the bereaved. Funeral services were held at the First Baptist Church at 10 o'clock Friday morning. Rev. Cecil Ellis, of Dickens, and Rev. S. A. Sifford officiating at the services. Interment was made in Spur Cemetery by Webber Williams.

Second Putman Sunday Morning

With a sad heart that we had lost the death of Raymond Jewel Dickens, who departed Sunday morning at 4 o'clock at the State Hospital at Wichita, Kansas, took sick last Sunday morning with a deranged mind. He was working in his father's shop and became overworked. He was sick only a week but seemed to be conscious.

He was twenty-four years old when he died. He has lived in Dickens for most of his life. He was a member of the First Baptist and a faithful one. He was a post of duty.

He was to rest in the Dickens cemetery. He was buried Tuesday morning at 10 o'clock by Rev. Wright Randolph. Funeral services at the church were held before a large attendance. Friends were numerous. He was a beautiful man. He was a member of the First Baptist and a faithful one. He was a post of duty.

Has Good Milo Crop Ready To Harvest

Watson, a prominent farmer of the Red River valley, was a visitor at the office Monday. He reported that he has a good crop of milo ready for harvest. He had a fine crop of corn and wheat. He was very pleased with the results of his farming. He has a large family and is very successful in his business.

Presbyterians Close Successful Meeting

Rev. Girard Lowe, of Memphis, Tenn., and Rev. F. I. Cairns, of this city, closed a very successful revival meeting Sunday night of this week. The meeting was held out in the open where it was cool and the crowds continued to increase each succeeding night of the meeting until it is as necessary to enlarge the plot and provide more seats. Much interest was manifested also as was evidenced by the fact that numbers of the congregation remained after the closing of the sermons on several nights for a "round table" discussion of doctrinal topics.

Spur Coffee Shop Joins NRA Codes

The Spur Coffee Shop is this week announcing to the world that it has already joined up with President Roosevelt's Recovery Administration by adding another man to the force and cutting down the hours of the employees. Wilkie Bumpus well-known manager of this popular establishment states that it was not necessary for him to raise wages to be "in line" since he has never paid less than the wage scales advocated in the various codes proposed for cafes.

It will be found in a survey of the businesses and industries of the small towns in West Texas that they will have to make very few changes in order to comply with the program of the administration. West Texas, although it is not a section wherein unusually high wages are paid, it is a section in which "sweat shop" operations and other such deplorable conditions are unknown.

The purpose of the NRA, as we understand it, is to better the lot of the wage earners and the small business man and the people of this section are wholeheartedly behind the President in this program. We believe that practically 100 per cent of the operators of small businesses and industries truly want to pay good wages and better the conditions of their employees with whom they work side by side and they only hope that the President will be able to increase business to such an extent that they will be able to comply with his wishes.

Meeting at Kalgary Closed Sunday Nite

Our meeting at Kalgary closed out Sunday night. We had a fine meeting. Bro. Ellis did some wonderful preaching which was enjoyed by large crowds. The church was revived and we feel a lasting good was accomplished. We had in our "booster band" from 20 to 30 youngsters each night and had a wonderful time. God help us to say with our Lord to suffer the little children to come unto me and forbid them not for of such is the Kingdom of Heaven. There were 23,039 Bible verses read during our meeting. 10,626 by our young people and 12,413 by the adults. We feel that everybody was brought close to the Lord by our meeting at Kalgary. We go to Red Mud the first Sunday in August for a two weeks meeting there. Pray for us. S. A. Sifford, Pastor.

T. A. Johnson, 48, Died Tuesday, 25

T. A. Johnson, a prominent and esteemed citizen of this community died at his home in the eastern part of the city Tuesday, July 25, following a critical illness of several weeks and poor health over a period of several years.

Mr. Johnson moved here with his family in 1914 and was for a time engaged in the ginning business being manager of the J. E. Johnson Gin. Later the family moved to the former home in Stephens county and also for a time lived in the Rio Grande Valley, returning here in 1922 and purchasing ranch and farm properties in this section, and establishing a residence in the city.

He was born in Denton, Texas, December 26, 1885, and moved with his parents, Mr. and Mrs. A. J. Johnson to Stephens county at the age of 6 years. When he was 19 years of age Mr. Johnson was converted and joined the Baptist church of Elliasville, January 2, 1913 he was married to Miss Fannie Wells and the following year they moved to Spur to make their home. During his residence here Mr. Johnson has gained the friendship and respect of all who knew him and is known as an honorable and upright Christian gentleman. He was a member of the Masonic Lodge and was active in church work of his chosen faith.

Funeral services were held at the First Baptist Church at 6:00 p. m. Tuesday afternoon, Rev. F. G. Rodgers, Pastor of the church being in charge of the services. Interment followed in Spur cemetery, directed by Webber Williams. Pall bearers were Messrs. J. P. Carson, Lewis Lee, L. W. Langston, Jas. B. Read, H. P. Gipson and T. J. Seales.

Surviving are his wife and five children, four daughters, Georgia Lynn, Nina Mae, Elizabeth and Robbie Ruth, and one son, T. A. Jr. Also a brother, Eland Johnson, of Spur, and six sisters, Mrs. Maggie Standridge, Mrs. Violet Turner, Mrs. Elizabeth Jones, and Mrs. Eunice Gamel, all of Oklahoma City; Mrs. Addie Baldwin of Weatherford; and Mrs. Oma Repass, of Graham, Tex. Mrs. Gamel has been at her brother's bedside for the past three weeks.

The Texas Spur joins the many friends in extending sympathy to the bereaved family.

Big Program To Be Held at Silver Falls Tonight; Thursday

Plans are complete for a real entertainment at Silver Falls tonight (Thursday) according to announcement by Bob Webb and Joe D. Dickey. The excellent 6-piece band which has been entertaining radio audiences over KFYO at Lubbock will play for the dance which will include not only the modern dances but, shottisch, new shoes, square dances and what have you.

Special entertainment features including the O-O yodeling Cowboys also of the Lubbock station, and "Cyclone" the Missouri State champion hoe down fiddler, will be presented for the amusement of those present.

Garland Chapman returned Tuesday of this week from Abilene where he and Max McClure had gone to join Eric Ousley on a fishing trip. Max proceeded to Cross Plains where he will visit relatives and friends.

30 Growling Lions Keep Film Workers From Studio Stage

ELABORATE SET CONSTRUCTED FOR LEONINE ACT FOR "SIGN OF THE CROSS"

Stage No. 7 at the Paramount Hollywood studios was the least popular on the lot for several days during the filming of Cecil B. DeMille's spectacle of pagan Rome, "The Sign of the Cross," which comes to the Palace Theatre Saturday night.

Only 32 of the 2,000 persons regularly employed at the film plant entered the doors of the stage and they did it only because they had to.

For 30 growling lions promenaded back and forth across Stage 7, ready to do a bit of cinematic martyrdom to whatever cinematic Christians were offered them.

Twelve lions and eighteen lionesses comprised the group. Approximately half were furnished by the Al G. Barnes Circus and half by the Selig Zoo.

The dungeon set in which the lions worked was one of the most elaborate settings ever devised for the filming of wild animal scenes. More than 200 feet of heavy timbered runways were constructed for returning the animals to their cages after they had passed up the stairs of the set.

Eight cameras, mounted at strategic points, photographed every movement of the animals as they bounded up the stairway. One camera, its tripod bolted to the floor, worked without a human operator in an unprotected section of the setting. This was possible because all cameras, since talking pictures came into existence, are electrically operated.

Cotton Reduction Program in Full Swing Over Co.

Farmers have been busy over the entire section since Monday noon, plowing up cotton acreages under special permits issued on that day. These emergency permits were granted so that feed crops could be planted immediately and stand a better chance of maturing before frost.

The "performance certificates" however, are expected to arrive within the next few days and those who have already destroyed their acreages will be able to sign them for immediate return of Washington. And it is expected that only a slight delay will be experienced in receiving the recompense.

County Agent G. J. Lane is to be complimented on the expedient and satisfactory manner in which he has handled the program in Dickens County, showing that he has real executive ability in time of need as well as a pair of overalls for demonstrating farm and livestock work.

C. J. Crouch Attends 50th Wedding Anniversary of Parents

Mr. and Mrs. C. J. Crouch and children returned recently from San Antonio where they attended a family reunion and celebration of the Golden Wedding Anniversary of Mr. Crouchs parents, Mr. and Mrs. J. W. Crouch, July 1st.

The six children and their families were in attendance. They included Mrs. Winnifred Martin, of Sargent; Henry Crouch of Houston; C. J. Crouch of Spur; Frank Crouch, formerly of Spur but now of Alvin; Mrs. Lillie Bea McGinty of San Antonio; and Miss Orrie Crouch, also of San Antonio.

Mr. Crouch states that more than sixty persons were gathered to offer congratulations and best wishes to the happy couple and that the occasion was a most enjoyable one.

Bob Waters made a trip to Abilene and Cross Plains, last week.

C. A. Jones Will Return to Spur and Take Up Duties of Early Day Post

Clifford B. Jones of this city, received a telegram from President Roosevelt Tuesday afternoon informing him of his appointment as Federal Administrator for the States of Texas, New Mexico, and Louisiana under the National Industrial Recovery Act. This position is one of ten appointments made in the United States for the distribution of three billion three hundred million dollar appropriation made by Congress for the public works program under the N. I. R. A.

In an interview Wednesday Mr. Jones stated that he had accepted the appointment and briefly outlined the duties and purposes for which the office had been created would be connected. In each of the three states of which Mr. Jones and the organization with which he will be administrator, three appointments will be made by the President which will form an advisory committee to receive applications for federal loans under the N. I. R. A. and submit the recommendations to the administrator. These appointments will be made at a later date.

GOOD BOOKS, 10c

The City Library is selling at 10c a book all books with loose pages or bindings. One pays ten cents for a magazine to read and discard. The same may be done with these books. However, with a little paste and adhesive tape they could be made a valuable addition to anyones library.

There are ten books by the popular Zane Grey; seven by James Oliver Curwood; six by Gene Station Porter; and several titles by such authors as Kathleen Norris, Temple Bailey, Mary Roberts Rinehart, Booth Tarkington, Jack London, Harold Bell Wright, Emerson, Howgh, Perly Marks, Louisa M. Alcott, Grace S. Richmond, Elmore Meherin, Burt L. Standish, Mrs. L. I. Meade, Rex Beach, Edith Wharton, Vicki Baum, and many others too numerous to mention.

Call at the City Library in the City Hall and select the books you want.

Rev. H. T. Harris to Hold Series of Revival Meetings in Co.

Rev. H. T. Harris announces the following revivals at the churches where he is pastor:

Duncan Flat, will begin Friday night, July 28. Rev. H. L. Burnam will do the preaching.

Friendship Church, will begin Friday night, August 4. Rev. W. T. North of Jayton will do the preaching for the pastor.

Afton Church, will begin Friday night, August 11. I cannot announce at this time who will assist in the preaching.

Espuela Church, will begin August 18. Rev. Will Draper will do the preaching for the pastor.

A special invitation is given to every one to attend any or all the services and may God work in a mighty way in the hearts of men. As pastor may not get to see you personally to invite you, but you are wanted to be present each service.—Rev. H. T. Harsis.

Highway Dramatic Club Presents Play, "Zippy" Friday Nite

"Zippy" an interesting and highly amusing three-act comedy drama play will be presented by the Highway Dramatic Club at the community school house Friday night, July 28th.

No admission will be charged and the public is most cordially invited to attend and enjoy a local talent play that is really entertaining.

Atta. W. D. Wilson and H. A. C. Brummett were down from Lubbock Tuesday of this week transacting business matters here.

Federal loans to be made under this act will be primarily in the interest of national recovery and the program will be extended over a period of two years or until such time as normal conditions are restored. All applications submitted will not however be eligible for loans under this program, according to Mr. Jones, and care will be taken by his organization to expend the funds on projects of a permanent nature that will bring real returns either directly or indirectly to the districts sponsoring them and to the country as a whole. And although it is too early to have formed any definite plans, Mr. Jones intimated that he had devoted considerable thought to the possibilities of water conservation projects which would solve many problems of soil erosion and flood dangers as well as greatly increase acreages subject to irrigation.

Among the stacks of telegrams received yesterday and today congratulating Mr. Jones and expressing approval of the choice made by the administration, were messages from the West Texas Chamber of Commerce stating that 500 applications for loans on projects were already in file for consideration and from the South Texas Chamber of Commerce at San Antonio that over 600 such applications were on file there.

Included in the applications are proposals for irrigation projects, municipal buildings, paving projects, sewer systems, municipal light power, water and gas plants, soil erosion protection projects, levees, drainage, etc. and many others of like nature.

These, of course, will come up for consideration by the administrator and the advisory committees and it is indeed gratifying to know that a man is at the helm of affairs who has no political obligations to fulfill. Mr. Jones is a man of sterling character and is endowed with a broad perspective which will insure impartiality in the approval of appropriations from a sectional standpoint as well as an inherent honesty and conservatism that will safeguard the public's interests in the disposal of the funds. This newspaper joins the tri-state district in unlimited approval of the President's appointment and in extending congratulations to our esteemed fellow townsman, Clifford B. Jones.

The following telegram was sent to the President by the local Chamber of Commerce:

Spur, Texas
July 26, 1933

Frannlin D. Roosevelt
President of United States
Washington D. C.
Allow us to express our deep appreciation for having appointed our highly esteemed and distinguished citizen, Clifford B. Jones, Regional Administrator and Advisor to the Public Works Administration stop. We consider your choice a wise one. SPUR CHAMBER OF COMMERCE
By: Dewey L. Granberry, Sec.

C. A. JONES TO RETURN TO SPUR
Also of a most welcome nature is the news that when the new administrator is called to Washington, which will likely be in the next few days, C. A. Jones, father of Clifford B. Jones, will return to Spur and take up the duties of his early day post here.

He was in charge of the Swenson interests here in the early days and pioneered the opening of the town of Spur and was for a number of years thereafter in charge of the townsite and Spur Farm Lands offices. And it was due in a large measure to C. A. Jones' foresight and liberality in handling these affairs that Spur and surrounding territory enjoyed such rapid and permanent development. His innumerable friends will learn with pleasure that Mr. Jones will be a citizen of Spur.

CITATION BY PUBLICATION

The State of Texas. To the Sheriff or any Constable of Dickens County Greeting.

You are hereby commanded to summon M. C. Matlock by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Dickens County, Texas, to be holden at the court house thereof in Dickens, on the third Monday in August, 1933, the same being the 21st day of August, A. D. 1933, then and there to answer a petition filed in said court on the 18th day of May, A. D. 1932, in a suit numbered on the docket of said court No. 1263, wherein Beverly Matlock is plaintiff, and M. C. Matlock is defendant, said petition alleging that plaintiff is now and has been for a period of twelve months an actual bona fide inhabitant of the State of Texas, and has resided in the said county of Dickens for the six months next preceding the filing of said suit. That on or about the 2nd day of May A. D. 1931, plaintiff was lawfully married to defendant in Moore County, Texas, and continued to live with him as his wife until on or about the 1st day of May A. D. 1933, when because of the cruel treatment of defendant toward plaintiff she was compelled to permanently separate from him, and since which time she has not lived with him as his wife. That during the time she lived and cohabited with defendant as his wife, plaintiff conducted herself with propriety, and managed the household affairs of her said husband with prudence and economy, and at all times treated her said husband with kindness and forbearance, but that defendant, without provocation on the part of plaintiff, was guilty of excesses, cruel treatment and outrages toward plaintiff, and of such nature as to make their further living together insupportable. That on or about and during the month of December, A. D. 1931, while plaintiff and defendant were living together at Du-

mas, in Moore County, Texas, defendant became enraged at plaintiff, without provocation, cursed and abused plaintiff, and called her names too vile to mention here. That on or about the 2nd day of May, A. D. 1932, while plaintiff and defendant were living together in Dickens County, Texas, defendant again became infuriated toward plaintiff, cursed and abused her, and struck her with his closed hand with great force and violence, completely knocking her to the ground, and told plaintiff he was through with her, and that he was leaving her for good, and did in fact go away on said occasion, and since which time plaintiff has not seen nor heard from defendant directly or indirectly, nor has she lived with him as his wife since said 1st day of May, A. D. 1932. Plaintiff prays the court that defendant be cited to appear and answer this petition, and that on final hearing hereon she have judgement dissolving the marriage relation existing between plaintiff and defendant, and that she be restored to her maiden name, Miss Beverly Moore, for costs of suit, etc.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon showing how you have executed the same.

Witness: Nettie Littlefield, Clerk of the District Court of Dickens County, Texas.

Given under my hand and seal of said court, in the town of Dickens, this the 19th day of July, A. D. 1933.

NETTIE LITTLEFIELD
Clerk of the District Court of Dickens County, Texas

Issued this the 19th day of July, A. D. 1933.

NETTIE LITTLEFIELD

in smiles for these crazy ads as well as in laundry service; a friend of ours in a nearby town was arrested for driving 60 miles an hour and when the Speed Cop asked him why the hurry, replied: "My mother-in-law wants to go home, and I am trying to get her there before she changes her mind."

There's no use driving 60 miles an hour unless you are after information about our DeLuxe service and your telephone can bring that to you. Our representative will gladly call with all details upon request. We invite you to let us prove the benefits of our service. IN ANSWER TO A LADY'S LETTER

A lady writes to say that she does not understand why an 8-cylinder car does not cost more to run than a car with fewer cylinders. She refers to my statement that our Ford V-8 develops more power on a gallon of gas than any car we have made.

The use of 8-cylinders does not mean the addition of two or four extra fuel consumers. It is not, for example, a 4-cylinder engine multiplied by two. Our 8-cylinder engine takes the fuel supply of an ordinary 4-cylinder engine and divides it eight ways. And why?

By reducing four larger explosions into eight smaller ones, we get engine smoothness and quietness. Eight-cylinders indicate the way the gas is used, not the amount. It is just the difference between going upstairs in four long jumps or in eight ordinary steps.

Two things use up gas—bad engine design and useless car weight. Besides having an engine that gets a high percentage of power out of the fuel, the Ford V-8 has a light, strong body and chassis so that no power is wasted in moving excess weight.

The only extravagance about the new Ford V-8 engine is in the building of it. The extravagance is ours—the economy is yours.

The whole question of car economy needs clearing up. An economical car gives economy all round. Price, operation, upkeep, all play their part. If what you save on gas you lose elsewhere, that is not economy.

As to upkeep, our dealers say that in recent years the improved quality of Ford cars has cut down their repair business 50 per cent.

As to price with quality,—judge for yourself. As to economy, here is the record of a stock car three weeks out of shop in Oklahoma:

On a run of 10,054 miles at the rate of 1,000 miles a day—the Ford V-8 gave 18.8 miles per gallon of gas. Not a drop of water was added to the radiator. The oil was changed once in 1,000 miles. That should answer a lot of questions.

Home Demonstration Club News

CLUB WOMEN TO HOLD ENCAMPMENT
 The home demonstration club's encampment is to be held at Bird's ranch west of Spur, Saturday afternoon and Friday, July 28 and 29, was the plan of the Council at its last meeting. The club is expected to give a show for the entertainment group. Reports of the women to the Short Course group and songs, and the stunts provide the program. However, not all play and no work for makes 'Jill a dull girl,' so the agent will give a demonstration making hooked mts. Each may bring along a salt sack, silk stockings, a crochet and scissors.
 A woman or group of women will give a picnic supper already planned for dinner Friday. The women plan to open camp about the middle of the afternoon and break camp Saturday afternoon.

II DEMONSTRATION WORK BY BUDGET
 Keeping the family clothing and keeping records of the family's clothes is part of the work of the demonstrators class II. Our class II demonstrators reported their work this year. The figures show that \$533.08 was the year's clothes of the families in the four families. The average of \$24.24 for the expenditure for a five-member family. The figures learned in budgeting out one-seventh is to be the expenses accordingly. The money was not spent quite all but I think we are proud of our record," says Mrs. L. E. Ponder, Red Top, in the work.

"The demonstration has been much help to me giving me new ideas as to how to plan my clothes and for the family so that each one can be neatly dressed yet with very little expense. Having a family of ten to work for is no small task but I feel that each has had an average amount of good looking clothes to wear and we have spent only \$106.95 on the entire wardrobe since August 1932, reports Mrs. C. O. Middlebrooks, Midway.
 "A good fitting foundation pattern is perhaps the most outstanding thing I have received from the demonstration this year," says Mrs. H. L. Underwood, Steel Hill demonstrator.
 "The budget is the first point to consider in planning ones wardrobe. This makes shopping much easier also less expensive, as one will buy only the things that are listed in the budget, that is, if it is carefully planned. I did not realize that one could accomplish so much until I tried it for a family of five.
 The foundation pattern is the second point to consider. One's most dependable assistant in dress making is a good fitting pattern, but the amount of service one gets from it depends largely upon one's self; whether one is an amateur or professional in the making of garments the best thing for one to do is to let the pattern work for itself. The Extension Service advised that in order to save time, worry, and money, a foundation pattern should be used. Experimenting on material without a true pattern always takes time, even if one is trained in the art of dress making; and the inexperienced person who depends upon her own ability is risking a garment, is risking not only inevitable waste but the destruction of material and possibly the ruining of the garment," says Mrs. L. E. McMeans, demonstrator from Twin Wells, and winner in the Class II division of the county clothing contest.

A. W. Watson was in the city Tuesday from his fine Duck Creek valley farm a mile east and was actually lamenting the fact that he had a good crop, stating that it pained him to be pointed out by his less fortunate neighbors as the man who had all the luck. Most of us to be sure would find real pleasure in experiencing such excruciating pains.
 Lee Jernigan, of Dallas, an old friend of Mr. and Mrs. Jack Haire, is here for a short visit with them. Miss Phronie Podner, who has been teaching school at Henderson, Texas, is visiting her parents, Mr. and Mrs. L. C. Ponder.

Education Committee Makes Quarterly Report

The Education Committee of the Dickens County home demonstration Council composed of two women from each Commissioner's precinct submit the following report based on the monthly reports to the home demonstration agent for the second quarter.

The Committee found that Extension work is being conducted in 19 of the 21 communities in the county with women or girls' clubs or both with a present enrollment of 324 women and 137 girls.
 During the three months, April, May and June, the agent spent 46 days in the field; 24 days in office; received 187 office calls; 50 telephone calls; made 146 home visits; made 88 visits with demonstrators; attended 85 meetings with 963 in attendance; wrote 27 newspaper articles and traveled 3,910 miles in the service.

In April a demonstration was given to the wardrobe demonstrators on seam finishes. A demonstration on the reading unit was given in nine girls' clubs with 110 present. A demonstration on furniture was given in the women's clubs.

In May nine foundation pattern demonstrations were given when 52 patterns were cut and fitted. Held bedroom achievement programs in 7 girls' clubs when 98 girls, mothers, and teachers were present. Attended the one-day program at Canyon with four women from the county. Gave pickle making demonstration to the farm food supply demonstrators from 10 clubs.

In June the bedroom achievement program was given in 13 women's clubs with 133 present. Made 41 foundation patterns this month making a total of 93. Gave foundation pattern school in Stonewall county. Judged Crosby County Clothing Contest. Conducted tour of girls' bedrooms.

The above report combined with the first quarter's report was given in a six-month's report by Mrs. W. M. Hunter, member of the Education committee to the Commissioners' Court last week when the Council gave a six-month's progress report of the work in the county.—Reporter.

Mrs. L. E. Ponder and children of Kilgore, are here on a visit to Mr. and Mrs. L. C. Ponder and family.

Mr. and Mrs. C. C. Reynolds and children, of Anton, are here on a visit to his brother, Seman Reynolds and family, and to their many friends here.

Mr. and Mrs. Ince and family and Mrs. Leland Wilson are in Mineral Wells this week on a visit to their parents and grand parents. They plan to make a fishing trip while on the vacation.

Radio Operator Gets Liberal Education in Travels Over World

Sidney Crowder, who enrolled in our School of Radio from Haskell, Texas, writes us under date of June fifteenth from the Steamship Joseph M. Cudahy, on which he is Chief Operator, as follows:
 "This vocation has many advantages. During my past four years of service as Operator, I have gained a liberal education traveling from one part of the world to another, seeing strange people and countries. This would have been financially impossible for me except as a Radio Operator. Tiring of foreign travel, I have settled down on this ship which has a coast-wise run from Houston to Philadelphia, Pennsylvania. All the time we are in port is spare-time and I very often run

over to New York and Washington on sight-seeing trips."

Any young man may have the same experience as Mr. Crowder. To travel to the four corners of the world is surely an education within itself.
 Most people pay dearly to travel. Not so with the Radio Operator. He travels and gets paid for traveling, with his uniform, state room, and board furnished in addition to his salary.
 Why not investigate your Radio School by writing and asking for our Radio booklet R-6? It is free.
