To The Voters Of Dickens County

I have tried to see each voter personally in your homes. However, I have missed many and wish to take this means to solicit your support in the second Primary.

If elected, I promise a business-like ADMINISTRATION — fairness alike to both the large and small schools, to devote my entire time to the duties of the office, and believe in more business and less politics in our schools.

Sincerely yours,

FRANK SPEER

As usual, Mr. Mahon had a good audience. He brought before the Dickens County voters and citizens an explicit and definite platform on which he based his entire campaign. Bringing out chiefly his interest in the problems that are now being faced by farmers over the entire nation, he made a big for consideration on the merit of his developed study of the situation.

Continually denouncing the high tariffs, so injurious to the export trade of the American farmer—tariffs well placed in the early period of American development—and explained the system of carving away part of the damaging wall to the benefit of productive territories, particularly the cotton producing South.

On these as well as other points, Mahon was applauded, and indications were that his talk added many new supporters to his already powerful following.

My Short Course Trip

(By Lizzie Lou Baxter, Afton)
We left Spur about 5:00 p. m. July 28, with Miss Pratt. There were seven of us including Mrs. Crockett's two children. We had supper on the road and left Mrs. Crockett in Waco with her sister. Saturday morning we had breakfast in Fairfield and arrived at Miss Pratt's home near Willis about 8:00 Saturday morning.
I enjoyed my visit there equally as much as I enjoyed Short Course because I had never been in East Texas before and the woods were beautiful. We enjoyed horseback riding and leaf collecting. Sunday afternoon we left for College Station and arrived there about 4:30. Here Ceo Smith, who went on the bus, joined us and Miss Pratt took us to our dormitory and left us with Miss Odessa Cook, our councilor. We, Clara Rich, Cleo Smith, and I were fortunate in getting to room

together and in having Miss Cook share our room.
The girls and boys marched in double file to the mess hall at each meal. Monday we elected president and secretary for the year. There were so many girls there that we were divided into groups of 40 or 50 to attend the various programs except for the general assembly in Guion Hall each morning when the boys and girls had a joint meeting. Monday night everyone went on a tour of the campus. Of all the buildings we went through, the museum interested me most.
Among the interesting talks I attended were a talk on nature by Mrs. L. D. Robertson; "Building a Personality," by Miss Peggy Morris; "Pictures in Your Home," was an illustrated lecture by C. C. Clack; and "Great Personalities," by H. H. Williamson. Many of the programs were of a recreational nature as Pepping up Your Club, conducted by Mrs. Chester Heinen; Easily Made Play Equipment; and sing songs led by Miss Mary Wilson.
Tuesday night I attended the banquet given in honor of the bedroom demonstrators. We had been looking forward to the banquet and felt that the best was over but learned that it was just beginning. At the banquet the district winners were awarded and the state winners announced. Several talks were made by the winners and volunteers. The toastmistress was a club girl from Galveston county.
Wednesday night the boys and girls were given a party at the gym. Everyone had such a good

time. Thursday night the gold star boys and girls were presented and Friday night besides the band concert was the exhibit of all the things that had been made during the week.
Thursday afternoon all the girls met in Guion Hall for the bedroom exhibit and to hear the stories of the bedroom demonstrators. Friday morning the Washington trip winners told of their work. We learned so many new songs for each morning in general assembly that part of the hour was given over to singing. Miss Wilson knows how to get people to sing, too.
We arrived back in Spur at 1:00 o'clock Saturday afternoon, having left College Station at 10:00 the night before.
I wish that each 4-H club member might have the privilege of attending the Short Course, for it meant more to me than I can express. I am more than grateful to those who made it possible for me to go. It is my plan now to help send one or more members from my club next year. I hope I can go again, too.
Mr. and Mrs. Austin R. Bell, and nephew, James Fox, left Tuesday for Austin to spend several days visiting with relatives.
Mr. and Mrs. J. B. Haralson and children left Sunday for Ft. Sumner, New Mexico, to visit a week with relatives.

My Work At The Recent Short Course

(By Clara Rich, McAdoo 4-H Club)
I want to express my appreciation of my trip to the Short Course by telling some of the interesting things I did and saw while there.
We arrived at the Main Building to register Sunday afternoon after our visit with Miss Pratt's parents at Willis. We were assigned to rooms in Law dormitory and we were certainly glad to reach our rooms and unpack. Our meals were served in Mess Hall. The girls were divided into groups and each group had a sponsor or councilor, who went with her group.
Each morning the boys and girls were divided into groups each having a sponsor or councilor, who went with her group.
Each morning the boys and girls went to general assembly in Guion Hall. Here the president and secretary presided and there were new speakers each day. Miss Mary Wilson led the singing.
After this assembly the editors and reporters reported to Mr. Neal Douglass at the Main Building. Here we worked from 9:00 until 11:00. The staff of the "Daily Star", a paper put out by the boys and girls each day, consisted of eight editors of the different divisions. Each editor had about four reporters who collect materials and wrote reports. I was editor of the Home Making Department. My four reporters were sent out to attend the meetings and see the exhibits. When their

reports were in I checked them and turned them to the managing editor. We usually completed our work on the paper in the morning and attending the regular programs with our groups in the afternoon.
The eight editors that were appointed this year were elected for next year and will receive a trip to the Short Course next year. Next year we plan to have a real newspaper that will be put out in the regular press as other newspapers rather than with mimeograph as it was this year for it was an experiment this year.
While the editors and reporters were working on the paper the other boys and girls were enjoying the talks and exhibits that were being given at various places. I enjoyed especially the talks and stories of the demonstrators and cooperators and the Gold Star winners.
Tuesday night I attended the banquet given in honor of the county winners in the girls' bedroom work. The banquet room was beautifully decorated and everything was so nicely arranged. Each of the district winners were asked to tell the story of her bedroom then the toastmistress asked for a few volunteers to tell about the most interesting thing in their bedroom. I told of my study table.
I wish that each club member in the county could attend the short course and really see the work being done for the good of the home. You are surely filled with enthusiasm to come home and make your club bigger and better.

Mrs. Turvan and Miss Shields Entertained

Mrs. Hattie Turvan and Miss Jennie Shields entertained with a picnic party honoring Arvella Rich, of De Leon, and Helen Vermillion, of Westminster.
Those in attendance were Anita Harkey, Mirn Reed, Mae Barnett Johnson, LaNelle Fallis, Elizabeth Wolfe, Ruby Cowan, Emily Cowan, Mary Louise McCombs, Evelyn South and the hostesses and guests of honor.
Mr. and Mrs. George S. Link spending a vacation in Ruidosa, New Mexico, and other points in the west.
Mr. and Mrs. R. C. Forbis and son, Stafford, were visitors in Spur Wednesday of this week from their farm and ranch home north of Afton a few miles.

WHERE WOULD BUSINESS BE TODAY WERE IT NOT FOR

Newspaper Advertising?

Some business men still hold to the theory that "when folks want anything they know just where to buy it. They pay little or no attention to advertising." Thank goodness that isn't so. The fact is . . . and especially nowadays when every penny saved is a penny earned . . . Newspaper Advertising is the guide to thrifty buying for more folks than ever before!

Suppose every store in Spur decided to "shut up like a clam" and do no more Advertising? Good reputation might keep some of the store going for awhile BUT, in the end, it would be "curtains." The point is, the public is always on the alert for a message from you, for news of your merchandise and prices — and they expect you to tell them about your wares. Imagine what kind of a trading center Spur would be had it never had any newspaper advertising.

Health Program in County Praised By The Advisory Nurse

Miss Olga Buresh, Advisory nurse from the State Department Health at Austin, who is compiling a report of health programs in various counties, was highly pleased regarding health activities in Dickens County as directed by the County Superintendent of Schools, Mrs. Madge D. Twaddell.

The county is to be congratulated according to Miss Buresh, for its immunization program conducted intermittently for the past three years in the rural schools—thus affording the children a protection against diphtheria. As a result, very few cases were reported to the state department the past year, while other surrounding counties were besieged with an epidemic wave of the disease last winter, because of their failure in the past to provide this protection for their children.

A motion picture sponsored by the State Department of Health will depict some of the outstanding health activities carried on in the rural schools is being planned this fall. This will be of no expense to the county.

This film will be used by the State Department of Health to demonstrate to other counties the facilities or methods involving the health of the child and that can be established in the schools at no expense.

The County superintendent with the assistance of the state health nurse is arranging for an extensive health program in the schools this fall.

Demonstrator Now Filling Fruit Budget

"If nothing prevents, I shall have my fruit budget filled without any trouble," says Mrs. Joe Hale farm food supply demonstrator for the Prairie Chapel home demonstration club. "I have canned 75 quarts of blackberries and 70 quarts of tamed plums and our peaches and grapes are just beginning to ripen. We had more than 100 gallons of blackberries but there was such a demand for them that I canned only 75 quarts."

When asked about the tile, Mr. Hale exclaimed, "I never ate better turnips, lettuce, and radishes than we had grown over the tile. We were able to have fresh vegetable salad from the garden long after everything else was dead. Because of the water supply I have not watered the tomatoes over the tile as much as they should have but they are doing well and I'll give them more water in a week or two."

"I don't know why there aren't more berries and grapes planted in this county," continued Mr. Hale. "They are almost a sure crop every year." When he was told that that is to be one of the goals in farm food supply work in this county next year, he added, "I have found that the McDonald is the best blackberry for this section and the Carmen and Concord grapes are the best grapes. Then we have a blue plum that never fails to make a crop. It is the Juanita and is a fine flavored plum. I'll be glad to give away berry and grape cuttings when I prune them," he said. "That may not be the best way to get a start of fruit but it is one way."

"No other electric refrigerator has the Super Freezer... that's why Ours is a Frigidaire '34"

● Frigidaire's Super Freezer is superior to the freezing unit of other refrigerators because of a combination of three major features.

- It has automatic ice tray release... the trays slide out of the freezer at a finger touch!
- It turns itself on—automatically—when defrosting is completed!
- And, the freezer is centrally located... a feature which not only provides room on both sides of the freezing unit for tall bottles, but which helps account for the fact that the entire food compartment of the Frigidaire '34

HERE IS A FRIGIDAIRE THAT USES LESS CURRENT THAN ONE ORDINARY LAMP BULB—LESS THAN ANY OTHER MAKE OF REFRIGERATOR

has a uniformly cold temperature! The Frigidaire '34 has many additional, fine features too. There are models with adjustable shelves; Lifetime Porcelain inside and out; the Frigidaire Servaself and—come in and see for yourself! There's a model for every size of family and purse.

Things you may not know ~ about your telephone

In 1876 Alexander Graham Bell finally perfected his telephone. The first voice heard over wires was Bell's when he called through his instrument to his assistant, Thomas Watson, "Mr. Watson, come here, I want you."

Almost unnoticed at the great Centennial Exposition in Philadelphia, Bell realized his problem was but half solved. He had his telephone, but how was he to convince people they could send their voice over thin metal wires?

Bell wisely left that problem to his father-in-law, Gardiner G. Hubbard. Hubbard and a group of friends hit upon the idea of licensing other companies to use Bell's patents. In exchange, they accepted stock in these companies.

FOR YOU... Good Service at Fair Cost

THUS was laid the groundwork for the American Telephone and Telegraph Company of today... the parent organization of the 24 regional operating companies, of which the Southwestern Company is one.

Over more than 50 years of operation, the fundamental policy of the Bell group, as guided by this parent organization, has been to give good telephone service at a fair cost.

This policy has been adopted because we feel that, from your standpoint as much as from our own, it is sound and workable. It is based upon the belief that in an undertaking planned like the telephone service for the long pull, what is best for the telephone user becomes in the end the policy that will bring us the sounder, more enduring success.

Southwestern Bell Telephone Company

We like to have people know how the telephone works. If you would be interested in a peek behind the scenes, so to speak—in finding out how your telephone calls are handled—just drop by the telephone office. We shall be glad to show you through.

Woodul, Friend To West Texas

When the Small river-bed bill—a measure vital to the interests of West Texas landowners and homeowners—was up for consideration in the senate one of its staunchest supporters and most eloquent advocates was Walter Woodul of Houston, while one of its bitterest opponents was Joe Moore of Greenville.

Today Senator Woodul and Senator Moore find themselves in the runoff for lieutenant governor of Texas, with Woodul 112,000 votes ahead of his nearest rival. Nothing but a miracle would enable Senator Moore to overcome a lead like that and the sensible thing for him to do would be to refuse to enter the runoff.

Senator Woodul is not a sectional candidate; he carried probably 60 percent of the counties of the state, receiving a magnificent vote in West Texas as well as in other sections. But West Texas should remember that Walter Woodul has long been their friend, not only in the matter of the river-bed bill, but in many another instance. In a time of crisis West Texas found Woodul on its side, Moore against it.

Walter Woodul is a solid, substantial, able and dependable Texan. He should be given an overwhelming majority on August 25. His home people of Harris county gave him a two-to-one majority over all his opponents in the first primary.—Able Reporter-News.

Says Chevrolet Sure Of Good Fall Sales

At a recent Chevrolet Dealer and Salesmen Meeting held in Dallas, by Mr. H. C. Howard, Zone Manager, Chevrolet Motor Company, new selling plans for the balance of this year were announced.

In expressing his appreciation for the July Chevrolet Passenger Car and Truck Sales record, made by the Salesmen in the Dallas territory, Mr. Howard said: "Proof that Chevrolet is assured of a good Fall business is the way the car buying public has accepted the new 1934 Chevrolet Passenger Car and Truck. Production figures from January 1 through July 31, this year, nearly exceeded the production figures for the entire year of 1933."

The Dealers and Salesmen attending this meeting expressed confidence and optimism in their local community market and are anticipating an increase in Chevrolet Car and Truck Sales during the Fall months.

STATE WINNER TELLS ABOUT SHORT COURSE

(By Mrs. R. C. Alexander, of Prairie Chapel Club)

The 25th Short Course was the best of the three I have attended. It seemed like everyone tried to make it the best of all. I don't believe I ever saw a happier crowd assembled than the 5,000 at College Station last week. Perhaps I was just enjoying every minute and getting so much good from it that everyone else seemed to be too. When I attended the inspirational meetings each morning and heard so many important speakers from over the state, and from Washington it made me feel that the farm is a happy and profitable place in which to live.

The daily schedule was actual practice in nearly every phase of home making, crop and livestock production and manufacture and grading of farm products. The special feature of the short course was the laboratory periods each afternoon where the folks really did what they were being taught. I was sorry I could not make a quartette of myself and attend that many programs each afternoon. But instead, I helped Mrs. Bernice Claytor, Home Improvement Specialist, with the tufted bedspread demonstration by helping her instruct the classes each afternoon. I enjoyed the work as I learned so much more about the work by helping others. There were 71 tufted spreads, a lounging robe, some window draperies, and several pillow tops in the exhibit. There was one spread over 200 years old. The tufting was somewhat different

from the way we do it but it was a very beautiful spread.

Another interesting feature of the Short Course was the Rural Pastors and Laymen's Conference which met at the college at the same time. This was the first such meeting but they plan to meet each year during short course. They had their programs and conferences each day when we were busy but they conducted a vesper service each evening on the lawn at President Walton's home that we could attend.

The Rural Work Center was a real attraction. This center was a model to be used in the rural rehabilitation program of the Texas Relief Commission. It consisted of three units, a main building containing a canning kitchen, a work room and an office library; a syrup mill, and a mill center containing feed and grist mills. It was quite interesting to watch the people working there; some sewing, others making mattresses, ropes, or baskets, others making rugs and mats, some making hickory chairs, others re-seating worn chairs. In the canning unit they made grape juice, canned meat, made peanut butter.

The tours of the buildings on the campus with the various departments furnishing entertainment were very interesting as were also the horse show, band concert and community singing at the stadium three evenings during the week. When the club boys and girls would go marching by on their way to attend their programs I could not keep from being thrilled, thinking of the wonderful things they were learning

Radio Stars in Film

Russ Columbo and the Boswell Sisters, idols of countless radio listeners, are seen and heard in "Moulin Rouge," the new 20th Century screen musical starring Constance Bennett. Miss Bennett also emerges as a singing star in this her first musical production, released by United Artists and showing at the Palace Theatre three days starting Sunday.

and how much it was meaning to them. The trip is worth everything to a boy or girl.

But the greatest thrill of all was when I heard my name called as first place winner in the state wardrobe contest for demonstrators class II. My heart missed a beat or two and I don't know just how I made my way to the platform or how I made my speech of thanks. I am very happy over my Singer Sewing Machine but I am still happier over the way I won it for I enjoyed working with the people cutting and fitting patterns and doing other work in my wardrobe demonstration. If I had not won in the county or the state I should still have felt many times repaid for my work.

I hope we can send even a larger group to short course from our county next year. There is so much to see and hear and the association with farm people from all over the state is a joy. It is an ideal place to spend a vacation and forget there ever was such a word as the blues

Advertising Is the Life of a Firm In Field of Business

IF NOT WORTH ADVERTISING, SELL IT, ADVICE GIVEN BY MR. KULL

If a business isn't worth advertising then the owner had better advertise it for sale, was A. E. Kull's admonitions to members of his 4-day Loyalty Merchandising Institute at the final session held recently in Sayre, Oklahoma.

Determine who you are trying to reach before choosing the type of advertising, he told his listeners. Kull warned the large crowd of business men and women of the city who heard his final lecture, against grafters and schemers who make every city and town promoting and selling certain kinds of advertising such as directories and cook books.

Hammering home the value of advertising, he said, "Truth is the most important ingredient in an advertisement."

Mr. Kull listed the three principal requirements for any good advertisement. They were:

1. Good description of the article offered for sale.
2. an illustration of the article offered for sale.
3. Price.

Good advertising does not consist of spasmodic outbursts, but of constant pounding, he declared.

Mr. Kull discussed all forms of advertising and told when and where they were to be used to obtain the best results. "To reach the general public," he said "the newspapers are the best medium of advertising. If you are selling to an exclusive field, use direct by mail advertising."

However, he contended, there is no way to reach the general public as successfully and as cheaply as through the home town newspaper.

Mr. and Mrs. Basil Cairnes, of near Claremont, in Kent county, spent the weekend, guests of Mr. and Mrs. R. E. Dickson.

Avalanche Publisher Thanks Spur People

Dear Editor: If it is your policy to print open letters, please permit me space to sing the praises of Spur and Spur people for the way the recent West Texas Press Association was carried on in your city.

I have attended many conventions of newspaper bodies, as well as meetings of other types, and I have never been more royally treated than at Spur.

Also, I have never enjoyed a meeting any more than the one I enjoyed in Spur.

These brief remarks, I believe, are typical of the feeling of other members of the Association carried home with them and I am taking this opportunity of telling you about it.

Very truly yours,
CHAS. A. GUY,

NOTE to Mrs. McClure: Dear Mrs. McClure—I mean every word I say here and want to thank you personally for your numerous courtesies. If at any time the Avalanche-Journal can be of service to you I shall appreciate your command.—C. A. G.
