## Palace And Ritz Have Excellent Week's Program

From the sublime to the ridiculous is the classification placed on the pictures to be shown at the Palace and Ritz Theatres, starting with Janet Gaynor and Charlie Farrell in "Change of Heart," at the Palace Sunday and Monday, and Wheeler and Woolsey in "Hops, Hops Hooray," at the Ritz on Monday and Tuesday.

"Change of Hearts" reunites Gaynor and Farrell after some eighteen months of separation on the screen and is taken from Kathleen Norris' "Manhattan Love Song," a stirring romance of youth eager to live, and striving for love in a skyscraper world.

"Hips, Hips, Hooray," is chock full of girls of all types and gentlemen who don't prefer blondes get an even break with those who do for this sparkling and zesty girl and melody themed picture has plenty of blondes and brunettes, with even a few titian-tressed beauties for those who prefer the more fiery type.

Chief among the blondes is the statuesquely beautiful comedienne, Thelma Todd, who acts as the feminine foil for Woolsey's energetic buffonings. Thelma is aided by a score of Hollywood's most charming dancing blondes in her efforts to keep the comedy star's attention directed toward the flaxen-tressed clan.

Ruth Etting and Dorothy Lee also add their talents and lures to the picture, managing between them to keep Bert Wheeler's romantic inclinations from straying too far from the fold.

Miss Etting is declared to score an outstanding hit in her presentation of the popular song numbers, "Tired of It All" and "Keep Romance Alive," by Bert Kalmar and Harry Ruby. Direction of "Hips, Hips, Hooray" is by Mark Sandrich, and the spectacular dance sequences were staged by Dave Gould.

## TRIBUNE COLUMN, MATADOR, WINS FIRST PLACE AT FAIR

Bringing a distinction for itself as well as West Texas, The Matador Tribune's Column, "Trail Dust," won first place Saturday, October 6th, in the press contest on the opening day of the State Fair of Texas at Dallas. The column is written by Douglas Meadow, editor of the Matador paper, and has the "Ripleyistic" habit of bringing each week to its readers unusual slants on news of the day as well as the unique from the by-path of newsdom.

The second place in the column contest went to "Town Topics," of the Gainesville Register, and third place to "Cactus, Sage and Loco," in the Dalhart Texan.

Twenty-three awards came to West Texas newspapers in the annual newspaper contest which is held in connection with the Texas Press Association meeting. Four first places awards went to West Texas papers—The Wellington Leader, Floyd County Hesperian, The Dalhart Texan, and The Matador Tribune.

## City Federation Has Meet, Dinner

By Club Reporter

The City Federation of Women's Clubs, comprised of the four Federated Study Clubs of Spur, entertained with a three course dinner Monday, October 15th, at the Spur Inn, honoring the President of the District, Mrs. W. P. Avriett, of Lamesa, Texas.

The guests at the dinner consisted of fifty-three Federated Club women, twelve non-club women, and the guest of honor, Mrs. Avriett.

The doors to the dining room were opened at 7:30 and the joyful crowd of ladies surged in to surround the beautifully appointed table, decked with bowls of roses and gleaming with candlelight. The table was arranged in the form of the letter 'U'. The officers of the City Federation, executive board and past Presidents of same, Presidents of the four Federated Clubs and the guest of honor occupying that part of the table forming the base of the letter.

A short program was given during the course of the dinner. Beginning this program Mrs. George M. Williams gave the Invocation preceding the seating of guests. Between the first and second course Miss Kathrine Kirby, piano teacher in the Spur Schools, played two lovely numbers—Chaminade's Scarf Dance and Liszt's Liebestraum.

Following the second course Mrs. Blackie Wadzech sang "Danny Boy" and responded to an encore with another beautiful song. At the end of the dinner Mrs. J. M. Foster gave a resume of the organization and Federation of the four Study Clubs and the City Federation. Following this, Mrs. Jack Reector, the President of the City Federation, introduced City Federation officers, ending by introducing the honored guest and speaker of the evening, Mrs. Avriett.

Mrs. Avriett is an able and entertaining speaker, and brought the women present an interesting message, sparkling with her ready wit and humor. Her talk gave inspiration and encouragement to aid in the important works carried on by the Woman's Club throughout the State and Nation. An interesting feature of her talk was the description and information she gave on the State Club House at Austin, known to all club women as "Permanent Headquarters."

Three of the four Federated Clubs in Spur are "Patrons" of Permanent Headquarters, this distinction being gained by contributing \$101.00 to the building fund. The names of all clubs who are "Patrons" appear on a bronze plaque in the entrance hall. A similar plaque on the opposite wall bears the names of "Founders" of "Permanent Headquarters." The Founders, like the Patrons, are contributors to the building fund. Through the enthusiasm aroused by Mrs. Avriett's inspiring talk, Spirites visiting "Permanent Headquarters," in the future, will find the names of two of our most outstanding club women in the "Founders" plaque, namely: Mrs. Fred C. Halle of the 1917 Study Club, and Mrs. E. L. Caraway of the 20th Century Club.

## Marvin Jones Pays Visit A To Matador

Congressman Marvin Jones, the Panhandle's Washington ambassador, visited Matador yesterday afternoon on his way to Amarillo from the east, with a stop-over at Quitaque scheduled on his itinerary. Visiting the Tribune offices shortly after his arrival here, the diplomatic statesman declared that his confidence in President Roosevelt and the administration was positive and that the results of the sincere and persistent efforts that have been placed in force since the President took office have achieved great benefit for the nation. "Never," declared Congressman Jones, "has there been a man in the White House since I have been associated with Washington affairs, who placed himself so wholeheartedly in the job of relieving the needs of the great mass of common people. His efforts seem to be unending and his sympathy and understanding is unequalled. Although, he has been in error in some conclusions, he has admitted his mistakes and immediately started another course with but one desire and that to benefit the greatest number of people."

Congressman Jones is not a stranger in Matador. He has visited here often both before and since the beginning of his meteoric political career and has many close friends in the county.—Matador Tribune.

Mr. and Mrs. J. P. Caudle returned a few days ago from a visit of several days spent looking after business interests in Fort Worth and incidentally attending the State Fair at Dallas. They report a pleasant visit and a big time at the fair.

## FOUR ARE INJURED IN CHILDRESS CRASH

One man was probably fatally injured and three others received lesser injuries in a head-on collision of two automobiles on highway 4, in the southwest edge of Childress at 2:30 o'clock Sunday morning.

Dr. E. Alton Boone, 30, Childress chiropractic, was given little chance to recover Sunday night by physicians of the Townsend hospital where he was being treated.

A girl who gave her name first as Sue Box and then later as Una Mae Finch, who was riding in the automobile of Bob Pendleton, received a broken leg in the crash.

Two other men of Kirklind who were riding with Dr. Boone received minor cuts and bruises.—Turkey Enterprise.

## Scrappy Bulldogs Tie Plainview In A Grueling Game

(H. F. Dodge)

Harry Martin's 64 yard run in the last quarter with only 4 minutes to go gave the Spur High Bulldogs a 7-all tie with Plainview High in a game featuring long, spectacular runs and breath-taking goal line stands that gave the fans few opportunities to use the seats the grandstand offered.

The Plainview eleven gave the Bulldogs a chance to strut their stuff with a strong team opposing them and they didn't miss that chance! They went in the game to win and the Plainview squad consider themselves lucky to come out with a tie.

Too Much Martin

From the time Harry Martin came into the game in the first quarter until the final whistle blew, he was a menace to the gridmen of Plainview. Several times he raced for substantial gains and passed the ball with unerring accuracy, beside guiding the team through a well-called game. His running mates, McArthur, Chapman and Scoggins played a sterling game where blocking, relieving passes and defensive work were concerned, but it was Martin who carried the mail for the long runs.

Both Scores Late In Game

Plainview scored first on a pass from Ray to Covington from the 21 yard line over the goal. Ray was almost tackled behind the line of scrimmage by a group of the Spur boys but shook himself loose, ran toward the line of scrimmage and tossed the ball to Covington, who waited behind the goal line. It was a moment of breathless suspense as Covington juggled the pig-skin, but he sacked it before the Spur secondary could jar him loose from it. It looked dark to the Spur fans but they reckoned without the spirit of the boys on the field or the shake-hips of Martin.

Almost exactly one minute later, with Spur in possession of the leather on their own 36 yard line, the Plainview secondary saw only the flash of heels and weaving hips of Harry (Continued on Page Four)

## Airmen Will Pull Thrill Stunts Over Spur Next Sunday

Climaxing several days of riding Shr passengers up in the clouds under a unique charge system of one-half cent per pound of the person's weight, A. D. Hatch announces that next Sunday, October 21st, his ships will pull off a free air-show for Dickens County.

Mr. Hatch says that some real thrillers will take place during the show for people of this section. Raymond Fitzgerald, ace flier and stunt man with the air travelers, will do some trapeze stuff over the field, also make a breath-taking parachute jump. Some of the plane stunts will include Ribbon Cutting, Balloon Busting and Daredevil rides.

The boys are asking everyone to come on out, and when you fork over the very reasonable sum for the ride, they'll probably keep it a secret—if you don't want anyone multiplying by 'two' and finding an answer to the weight.

## Guy Teague, Grid Star, Dies Here of Blood Poisoning

Guy Teague, star player on the Spur Bulldog Football Squad was laid to rest Sunday amid a profusion of flowers, his bier surrounded by schoolmates and comrades and his pall bearers members of his squad.

Guy's death, one of those inevitable tragedies that inflict the human race, was caused by a mere scratch which he himself did not know the origin, but which developed blood poisoning and rapidly became more severe until his attendants carried him to the local sanitarium where Dr. Nichols and the special nurse, Mrs. Bumpus did everything known to medical science but all to no avail, also Coach and Mrs. Wadzech, and the entire football squad were ever ready to render assistance.

Guy Oneal Teague, second and youngest son of Mr. and Mrs. L. L. Teague, of the Highway community was born February 2nd, 1916 being 18 years, eight months and 12 days old at the time of his death, which occurred Sunday morning at about 5:00 o'clock.

Funeral services were held at the Spur cemetery Sunday afternoon at two o'clock, Rev. F. M. Ewton, pastor of the Spur Baptist church officiating.

Webber Williams with Campbell Mortuary was director of funeral.

Flower girls were: Winifred Bell, Zelma Aston and Wilma Morgan. Pall bearers: Herman Bostick, Lanier Gilbert, Harry Martin, Henry Scoggins, Buck Wilhoit and Frances Bingham.

His parents Mr. and Mrs. L. L. Teague, one brother and five sisters survive.

## Ministers Of City Meet To Organize; Officers Installed

The ministers of the city met together in the Presbyterian Church and organized, for the promotion of cooperation and the furtherance of common ideals, a Ministerial Association. Meetings are to be held on the first Monday of each month in the different churches.

Rev. Brown of the Christian Church, was elected president of the organization. Rev. Cairns, of the Presbyterian Church, was chosen to serve as secretary.

It is the desire of the ministers to keep in close touch with the problems of the churches and of the community in general, though the proper function of the new association. Those present were Revs. Ewton, Brown, Cairns, and Yeats.—Rep

## Bulldogs Resting Over Week End

(H. F. Dodge.)

Coach Wadzech, rather than take an unnecessary chance of his boys getting last minute injury, decided against getting a game for Friday. The Bulldogs start the conference battle next Friday week against the strong competition of the Matador gridmen, who have proved themselves worthy of serious thought by the district contenders.

The boys came through the Plainview game in excellent condition, despite a hard-fought battle, and with the hard workouts this week and next, they should be rough and ready for the Matador eleven.

The Bulldogs have issued warnings to the other teams of the district through top-heavy scores over Roaring Springs, in a conference game and Slaton, also a tie with Plainview, losing only one game to McMurray Freshmen and a scoreless tie with Levelland, and should go far in the conference race.

The Rev. Mr. Martin, of Stamford very recently accepted charge of the Episcopal church of Spur and will fill regular appointments here in the future.

Mrs. Harold W. Lawler is spending a few days in Fort Worth visiting her parents.

**REMEMBER THESE FACTS AT FALL GARDEN PLANTING TIME**

Cabbage and lettuce seed should be started in a small plant bed in a protected spot. In three or four weeks the plants will be large enough for transplanting to the permanent location in the garden.

Lice are often troublesome in fall gardens but they can be practically avoided by planting Swiss chard and the Shogoin or lice-proof type of turnip which is practically immune to bug damage.

Tiny worms which attack young cabbage plants can be killed by the following spray mixture thoroughly tested by the U. S. Department of Agriculture: 1/2 pound Paris green and 1 pound potash fish oil soap to 16 gallons of water. This spray can be applied to almost all leafy vegetables that insects are feeding upon and will effect a safe control. There is not enough poison in the mixture to cause any damage to the human body, but it will kill the bugs.

Sprouting of Irish potatoes is hastened and insured by treating them with a chemical known as ethylene chlorhydrin. The seed are cut in the ordinary way about eight hours before they are to be planted and then are dipped in a solution made by mixing one pint of the ethylene chlorhydrin in four gallons of water. The potatoes should remain in the water just long enough to become thoroughly wet. One quart of ethylene chlorhydrin in eight gallons of water is sufficient to treat ten bushels of Irish potatoes. As soon as the potatoes are treated, they should be planted immediately.

An average family of five needs at least a half-acre garden.

Mr. and Mrs. J. B. Morrison and sons, Jessie and J. B. Jr., of the Lower Red Mud School District spent several hours in Spur Monday going on to Clairmont where Mr. Morrison transacted business affairs such as buying school supplies and school books for the Lower Red Mud School which began the 1934-'35 term Monday and which school J. B. Morrison is the Trustee.

(Continued from page 1)  
Martin as he raced 64 yards for the touchdown. Behind the interference of Wilhoit, Scoggins and McArthur that cleared the way through the line, he stepped out into the secondary alone and gave an exhibition of broken-field running that was sweet to look upon. The line was crashed for the extra point.

Line Proves Good at the Goal Line  
Mason, Covington and Chambers dashed through the Spur line in the first half almost at will and for gains that looked bad for the locals but when on 1, 2, or 3 yards from pay dirt the Bulldogs tightened up and gave not another inch. Twice, in the first half, Plainview carried the ball to Spur's one-yard line with 4 downs to make the touchdown and failed. One lineman can't mentioned as outstanding they were all good. They smashed through the Plainview line that had carried them to the goal-line and threw for losses the backs that had previously ran through them for gains. Wilhoit and Gilbert came through the line as if no one opposed them, with Hefner and Perkins playing an air-tight game, Captain "Frosty" Bostic played his usual stellar game, his wide-awake style netting him practically all the fumbles, while McCombs held his side down with his same consistent, dependable game.

**Reserves Prove Good**  
Coach Wadzech recognized some good material some of which he will have next year, in his reserves. Bell, scrappy little guard, fought his opponents off their feet with his 124 pounds, and showed them that size wasn't all that counted. Lewis, subbing for Martin at quarter, called a nice game while Suits and Everett Martin played heads-up football on offense and defense.

The Bulldogs have met and tamed a class A team and in doing so ran up against some of the same formations that will be used by a few teams of this district which has been more than valuable to them in that they had the chance to use and try out several defenses as well as offenses that will be used later against district contenders. The fans, as well as Coach Wadzech, are confident the Bulldogs can hold their own against any team in this district, so let's back the team for a district championship!

Jack Hindman returned Friday to Borger, after spending a few days in Spur visiting his parents, Mr. and Mrs. L. A. Hindman and family, and his many friends here.

**Pioneer Dickens  
Woman, 79, Dies  
Tuesday, Oct. 16**

Mrs. C. C. Gay, 79, one of the oldest settlers of Dickens County, died suddenly at the home of her grandson, John Gay, in Dickens Tuesday, October 16th. A heart attack was thought to be the cause of her death.

Mrs. Gay was a native of Missouri, having been born on January the 22nd, 1855. Her father died when she was young, and after spending her girlhood days in the home of her widowed mother, was married in her late 'teens', Miss Catherine Dent becoming the bride of John Gay. Seven children were born to this union, and soon after the birth of the youngest child Mr. Gay was called away in death, leaving the widow to man the affairs of the household. Death likewise claimed all of the other children except one son, Marvin, who made his home at Dickens for a number of years before his death a few years ago.

About forty-four years ago, or in 1893, Mrs. Gay came to Dickens county to live, settling near the home that she later bought. Mrs. Gay was alternately farmer, rancher, and for some time was proprietor of a hotel in Dickens, where she developed many friendships and built for herself the highest esteem of all who became acquainted with her. She was a member of the Baptist Church, and took an active part in the affairs of that organization until her death.

Funeral services for the pioneer woman were held at the Baptist Church at Dickens Wednesday afternoon at 2:00 o'clock, the Rev. A. P. Stokes speaking the solemnities. He was assisted by the Revs. V. F. Crabtree, H. T. Harris and J. V. Bilberry. Interment was made in the Dickens cemetery.

**WATCH OUT FOR  
PEDESTRIANS**

Here is something that every automobile driver should keep constantly in mind: The pedestrian must always be given the right of way. He is, by comparison with the motorist, in a precarious position—when a crisis occurs, his only chance to escape unharmed often depends upon the driver of the car which is in danger of running him down.

The pedestrian accident toll constitutes one of the worst phases of our disgraceful automobile accident record. In 1933, 37.14 per cent of all motor accidents involved pedestrians. These accounted for 30.83 per cent of all injuries, and 44.95 percent of all deaths—showing that when a pedestrian is in an accident, the chance of his being killed is greater than in any other type of automobile mishap.

This year the automobile fatality record is rising over the 1933 level, and if the present trend continues the death toll will reach a new high. And, as usual, the pedestrian continues to get the worst of it. There is a legion of motorists who believe that as soon as the "go" light flares they are entitled to dash across an intersection, whether or not people on foot are still in it. It is an interesting commentary on this that the courts have held that once a pedestrian has stepped into a street under traffic light protection, he is entitled to a safe passage across, whether or not the light changes.

Every automobile driver should regard pedestrians as being his personal responsibility. You may save a fraction of a second by dashing across intersections thronged with pedestrians—but is it worth it in view of the fact that "saving" may cost a life?

**TRUE  
ECONOMY**

There have been many times when you were away from home, in high-priced towns, that it was not left up to you to be economical about your eating . . . you had to eat, and you had to pay the price.

This is not true in Spur. You can have your choice of good food, and still be economical. If it's smart to be economical, and you know everybody says it is, then we can boast of a really smart group of customers.

THEY EAT - THEY SAVE;

Miss Launa Cozby believes that she has the very best school in the county. She challenges anyone to prove that her statement is not true. She gives the following report concerning the school:

Enrollment has increased from ten to seventeen. Interest among both pupils and patrons is very high. Cooperation might be graded at one hundred percent.

Some of the children show a marked talent for one thing or another. Two children sing beautifully. Some of the children show interest in and talent for art. There are others who read quite well. She believes in teaching to the children the feeling and appreciation for poetry.

Randolph and Rogers will accept the appointments, but it is the hope of the community that they decide to do so.

**BAPTIST LADIES SERVE LUNCH AT PATTON SPRINGS**

The ladies of the Patton Springs Baptist Church will serve lunch at the church in Afton, Friday, October 19th. The occasion is the letting of the contract for the new Patton Springs school building. Many

people will be in Afton at that time and the church ladies decided to use the opportunity to be of service to the community and at the same time to earn some money for their church fund. They also plan to serve supper on the same date, as it is entirely likely that much of the business of letting the contract will not be completed until late in the evening of the 19th, so that many people will be detained past the hour of the evening meal.

"TRUE to ITS NAME"

### Demo. Convention Opposes Amendment

Following is a resolution adopted by the state convention of the Democratic party in Galveston on September 11, 1934. It relates to a matter of more than ordinary importance to the schools and highways in this vicinity and to every other function of government both state and local.

WHEREAS, since the submission of the proposed constitutional amendment to limit state tax income in Texas on a population basis, there have developed unforeseen contingencies in the finance of the state, particularly in carrying and retiring the bonds for poor relief and in meeting the requirements of Federal Highway Act No. 9, 77th Congress; and

WHEREAS, under these circumstances the amendment threatens the continuation on existing bases of state aid to local units for schools and roads; and

WHEREAS, the amendment if adopted would further shift tax burdens from the state to local communities, and from large to small taxpayers; and

WHEREAS, the adoption of these restrictions on the state's income would decrease the ability of Texas to carry on those activities of state government hitherto regarded as fundamental in the traditions and time-honored principles of the Democratic Party; be it

RESOLVED, that this Convention now recommends to the people of Texas that this amendment be defeated at the coming November election.

I hereby certify that the above is a true and correct copy of the resolution adopted by the State Convention of the Democratic Party held in Galveston, Texas, on the 11th day of September, 1934.

Vann M. Kennedy, Secretary, State Democratic Executive Committee.

Mrs. Bethel and small daughter returned Saturday to their home in Junction following a two weeks visit to her parents, Mr. and Mrs. J. A. Slaton, of seven miles north of spur.

### Pantries Are Short On Vegetables

"I have canned squash, butterbeans from my garden this year," reports Mrs. R. F. Harrell, farm food supply demonstrator in the Red Top home demonstration club. We will have sweet potatoes to can and to store. My fruit budget is just about full and we will have plenty of meat, but the vegetables I have are those left from last year except the squash and butterbeans."

Reports on the amount of canning that has been done in the county this year are not due in until November, but advance reports indicate that more fruit has been canned this year than in the last five or six years. If reports on the meat canning are anything like complete, that will show a big increase over any previous year due to the great amount canned this past summer. The vegetable canning has been short. Those fortunate enough to have fall gardens are busy canning greens, beans, and pears.

### Whooping Cough Is Very Dangerous To Younger Children

Austin, Texas, Oct. 17. "There is no other communicable disease as dangerous as whooping cough to the very young, and there is no other disease causing an equal amount of suffering of which parents show such an unaccountable disregard, not only for the safety of their own little ones, but also for the lives of the neighbor's children," said Dr. John W. Brown, State Health Officer. "There is no natural immunity against this disease during the first six months of life as there is against measles. It is at this age that whooping cough strikes its hardest blow and over 50 per cent if the deaths occurring in children are under one year of age. The disease is usually transmitted by direct contact with the secretions of the mouth or nose, and only a very short exposure is required to contract the infection. Handkerchiefs, drinking cups and toys also may transmit the infection.

"The infection is communicable from the appearance of the first symptoms and is most contagious at this early period when the nature of the affection can only be suspected. The incubation period is commonly seven days. A slight fever, running of the nose and a cough make their appearance so gradually and insidiously that a diagnosis is practically impossible unless a history of exposure is obtained. When the 'whoop' appears there is no mistaking the disease. If there is whooping cough in your community keep other children away from your little children and keep your children at home. Call your physician early. Isolation of all cases for at least two weeks from the development of the characteristic cough should be rigidly enforced."

Mrs. Cliff Bird left this week for Turkey, where she will remain three or four weeks under the care of Dr. Liburn Standifer. Mrs. Bird has been indisposed for some time and it is hoped that she will return very much improved if not entirely recovered.

Mr. and Mrs. W. R. Stafford spent several days in Spur last week with their daughters, Miss Mavis and Mrs. Elzie Watson.
