Died—C. B. New died Friday at the Standifer Hospital after an illness of nearly a week. Delegates To Lubbock For Old Age Plan

Messrs. Conaway, J. Vernon Powell, John D. Huffstедler, Mrs. Grabner and Ruth Maples attended a speaking in Lubbock Saturday.

H. H. Halsell, who recently was sent to Washington, D. C., to represent persons in this section interested in payment of a pension to elderly persons, Saturday afternoon branded the Townsend old age pension plan as "Impractical."

Mr. Halsell addressed a group of men and women who packed the second floor courtroom of the court house.

He said it was impossible to pay pensions of more than \$50 per month per individual. The Townsend calls for \$200 per month. Halsell appeared before the committee of ways and means of congress. A record of that hearing showed that Halsell suggested old-age pensions of from \$30 to \$50 per month.

Mr. Murphy of Spur, and W. P. Fullingim of Lubbock gave interesting talks.

Sunday School Building To Be Dedicated Mar. 10

The Rocking Chair Brigade Sunday School Class of the Spur Methodist Church invites everyone to attend the dedication services of their Sunday School building Sunday March 10th at 11:00 o'clock hour. Dr. O. P. Clark pastor of St. Paul's Methodist Church and builder of the building at Abilene will preach the dedication sermon. Rev. E. L. Yeats, pastor will direct the choir and have charge of the special music.

The building erected by the class is southeast of the church building and is constructed out of natural stone, moss covered, set in concrete. The fixtures are rough and beautiful with a wagon wheel chandelier, old fashioned lamps on each side of the fire place. Rev. Yeats has done most of the work of the building, devoting a lot of time to carrying out the plans of the class. Already a large number have inspected the building and remarked on its excellent construction and beauty.

Dr. Clark was pastor at Dickens for several years beginning in 1905 and erected the first Methodist Church in Dickens County while he was pastor there. Many old timers will recall him and be glad to hear him preach again. The churches that he pastored, and this was the beginning of this ministry, were Dickens, Duck Creek, Croton and Northeast Corner (now Dumont). Since that time Dr. Clark has been pastor of several of the larger churches in West Texas, being one of the leaders in the Northwest Texas Conference today.

Dr. Clark preached his first sermon on the Dickens charge at the home of Uncle Jonas Carlisle at Duck Creek. The church erected under his ministry was contracted by a brother to Chas. Applegate, who assisted in the construction and is at present a member of the Spur church. Rupert Harvey, of Afton, was another who helped build the church.

The following is a list of members of the Dickens Church at that time: O. S. Ferguson, now with the T-P Coal & Oil Company of Fort Worth; Johnnie Parker, of McAdoo; P. E. Hagins, of Duck Creek; Geo. B. Davis, deceased; R. L. Collier of Spur; W. A. Johnson; Mrs. Pearl McWhorter of Lubbock, nee Pearl Gunn; Mrs. Elmore, Dickens; Mrs. N. C. Kennedy, Dickens; Mr. and Mrs. E. L. Darby, Snyder; Mrs. Swearingen; Mr. and Mrs. L. W. Stark, Afton; R. P. Harvey, Afton; Joe Jackson, Afton; M. L. Blakely, Afton; Mrs. Clark Mulligan, (nee Myrtle Hutson) Lubbock; Mrs. Parks, Crosbyton, nee Leota Johnson and others.

At that time there were several members of the church who worked on the old Spur Ranch. Among these were: Mr. Merriman, Mr. Dawson, W. J. Elliot, Mr. Horsborough, manager; Mr. Gilmore, Mr. McAteer, Luther Jones and Ella Garner.

A special invitation is extended by the class to all old timers to come and hear Dr. Clark.

Historical Letters From S. F. Austin

SERIES II, No. 4

Another letter written two years
later, to his brother-in-law, James
F. Perry, also refers to the per-
plexities and difficulties confronting
the empresario:

"San Felipe de Austin 14 Oct. 1830

"Dr Brother,
"I have the satisfaction of ac-
knowledging the receipt of yours
of 2nd October from New York,
and of informing you of the safe
arrival of the Nelson. I rec. a let-
ter yesterday from John Austin
stating that the Nelson was at
Brazoria and he was then unload-
ing your goods—She lost her false
keel coming over the bar and thump-
ed severely—the bar is much worse
than when you came over—Henry
Austin came near losing his steam
boat going out, he put to sea very
much damaged and I have not
heard of him since.

"I wrote to John to follow your
instructions strictly as to the goods
and not open them until Mr. Hun-
ter arrives. I have not yet finished
the store house, it is raised, the
shingles are hawled, the plank is
all sawed and wagons have gone
after it. So that I hope it will be
ready by the time Hunter arrives.
I have no house under way for the
family—you will get out in the
spring and the weather will be
pleasant, and you can get along
very well until some buildings are
put up. Emily has seen a new coun-
try in times long past and can
manage very well for a month or
two. The fact is I have no one to
attend to business, and if I under-
take to build while I am absent it
will cost ten prices. My advice is
that you build on the out lots above
Williams; in this place on the creek
—I think the situation a healthy
one.

"Edwards gets the league at the
point—there was no other way of
arranging the thing. The tract be-
tween the two creeks I think is the
best stock farm in the lower coun-
try, and I am clearly of opinion
that stock is the best business that
can be followed, and if you intend
to go into that business, the Clear
Creek and Dickensons Creek is the
best tract you can get. I am very
anxious for you to be here. We can
soon fix ourselves comfortably—
the family will have to undergo
some privations the first year. I
leave here the day after tomorrow
for Saltillo and shall not be back
until June, and then I hope to see
you all here in health. I have left

my will with S. M. Williams and he
has a power of attorney to attend
to all my business, there is consid-
erable due me and you can get
work and plank etc. without paying
money. Also I wish you to begin
collecting cattle due me. I think it
will be a good plan to bring a
Mexican family with me from Sal-
tillo.

"I have heard nothing from Hun-
ter and am very uneasy about him.
The Brazos bar is very dangerous—
Galveston must be the principal
port.

"Call on Williams for any notes
due me or all of them and use any
thing of mine as if it was yours
without any kind of reserve. If I
live through these two years, I am
done for the balance of my life
with all kind of public matters.

"The person who takes this is
waiting so I will close by wishing
you all a safe journey and good
health

"farewell
"S. F. Austin"

Yet another letter to Mr. Perry,
after he and Mrs. Perry had come
to Texas, is interesting from several
points of view. Mr. and Mrs. Perry
had settled at Chocolate Bayou,
and in one not Austin had urged
them to remove to Peach Point. In
this letter, written from Brazoria,
he becomes insistent upon this
score.

"Brazoria 27, 1831

"Dr Brother:
"I rec. yours from Bello and have
sent all the letters by McKinney
that I can find there is but one—
John open'd one which is the in-
voice of the goods on board the
Dart, he will want it to regulate the
manifest. The Dart will be here to-
morrow, also the Elizabeth and
Wildcat. They all left the mouth
this morning—all well and harmon-
y. Hunter had best come down I
think to attend to the goods, tho
I do not know what arrangements
he made.

"As to settling—I left the whole
matter to you from the first and
did not urge you to any one place
in particular. I wished you to please
yourself—I will now give a posi-
tive opinion, which is that you go
direct and immediately to Peach
Point, or come to this place. The
idea of a good house for this year
must be abandoned, log cabbins
must do—remove all your stock to
Peach Point, Make corn threr in the
cane brake—let the work at Choco-
late go and begin down here at
once, and from this time forward
make up your mind finally and
definitely on the subject—and also
keep up your spirits—no low
spirits will do in any one as nearly
connected to me as you are—it is

noticed by others and attributed to
the wrong cause.

"Mrs. Holly has gone. She and
Henry's wife send their love to
Emily. Mrs. H. is a divine woman.
She will be a neighbor at Peach
Point, also Henry and Archibald. I
mean to make a little world there
of my own.

"Keep up, my Dr Brother—keep
up your spirits we will be happy
when we are all collected at Peach
Point.

"Shall be up soon
"Stephen

"I have now taken it on myself
to direct where you ought to settle
—think no more about it but go
to Peach Point and fix some cab-
bins or a camp, and let building
alone for this year. Three years
ago Westfall began where he is—
he had one negro and one boy three
women—this year he only makes
80 bales of cotton."

Americans Cotton Crisis Deepening

Austin, Feb. 28.—The American cotton crisis is deepening, according to Dr. A. B. Cox, director of the Bureau of Business Research of the University of Texas and internationally recognized cotton authority. He said that Secretary Wallace, in announcing the Government restriction program, in reality has notified foreign competitors to proceed full steam ahead for at least one year with their increased cotton production program.

"Senator Bankhead says he is already preparing a bill to project restriction through 1936-37 or to cut carry-over American cotton to 4,000,000 bales," Dr. Cox pointed out. "Is not this the equivalent of telling foreign producers our Government proposes to tie the American cotton producers down by the means of production restriction programs even to the extent of a licensing law, if necessary, to give them a free hand, an unmolested opportunity to take American cotton growers' foreign markets? High motives and objectives of our Government and its officials are in no sense called in question. It is rather a question of the wisdom of the policy."

"Cotton growing is not an isolated enterprise in the South. It has been pointed out many times it is bound up in the South's whole economic life. Recent experiences have demonstrated most clearly that the cotton program affects profoundly our livestock enterprises.

Brought years such as we have just experienced demonstrate that cotton seed and their products are the South's most dependable, as well as its best feed crop. Farmers, dairymen, and even ranchmen are having to sell their cattle and sheep to the Government to be killed to prevent their starving to death because the Government plowed up cotton in 1933 and kept land out of cotton in 1934. Ranchmen and dairymen thus find themselves victims of the Government's cotton policy, another demonstration that the cotton problem concerns a wide circle of interests and not merely cotton growers."

Dick the infant son, born to Mr. and Mrs. H. E. Blendon at their home in the west part of Spur Sunday, February 17th, is reported as growing and doing fine.

YARD IMPROVEMENTS MADE ARE VERY PLEASING SO FAR

"The little we have done has improved the appearance of our place so much," Mrs. E. A. Bailey, yard demonstrator for the Friendship home demonstration club told her cooperators in their club meeting Friday. "We moved the fence on the north and doubled the width of the yard on the north and made a back yard. The fence did come to the corner of the house but now we have room for two groups of trees and we are going to get Chinese Elm. We moved the milk house and that gives a better looking back yard too. We have set foundation plantings using bear grass, cane cactus, agave, wild plum, lilac, crepe myrtle, red bud, and spirea. We have leveled the yard and will get grass roots soon. The front walk of rocks will be slightly curved."

PREVENTING WINTER COLDS

To eat a leafy vegetable every day will help to prevent winter

colds were one of the many things emphasized in the meeting of the Duck Creek Home Demonstration club that met with Miss Cora Durham, farm food supply demonstrator, Wednesday afternoon.

Miss Pratt helped the club members make out their food budgets and garden plans. She said to grow 145 feet of leafy vegetables per person in the family. That means string beans, lettuce and greens of all kinds.

Club members present were Mrs. R. J. Griffin, Mrs. J. L. Hagins, Mrs. E. E. Hagins, Mrs. J. L. Latham, Mrs. T. S. Gilmore, Mrs. E. Durham, Mrs. D. G. Simmons, Mrs. H. A. McLaurin, Miss Cora Durham and Miss Pratt.—Reporter.

PRAIRIE CHAPEL CLUB HAS MEETING

"We should carefully study the meaning of the AAA as it is a very important subject and means so much to us now, and will still mean more in the future," said Mrs. R. C. Alexander at the Prairie Chapel Home Demonstration club meeting Wednesday February 20 at the home of Mrs. Johnie Hale. The Council member reported

and quiltpatterns and colors were studied. Some of the club members have their quilts started for the club exhibition this fall.

Mrs. C. W. Vanceleve was appointed Wardrobe Demonstrator of Class I to take the place of Mrs. Annie Bell Hale who has recently moved away.

The club will meet with Mrs. C. W. Vanceleve, March 6. Lesson—Style Trends.

Those present: Mrs. T. D. Hale, Mrs. F. Alexander, Mrs. Dora White, Mrs. Johnie Hale, Mrs. C. W. Vanceleve, Mrs. Paul Braddock, Mrs. Leslie Peak, and Mrs. R. C. Alexander.—Mrs. Leslie Peak, reporter.

CLUB WOMEN ASSIST IN THE COMMUNITY ASSOCIATIONS

Encouraging reports of the Community Agricultural Associations were given by the council members of the clubs in the regular meeting of the county home demonstration council Saturday. These reports show that in at least four communities in the county interesting meetings have been held in which the whole community took part. The meaning of the AAA was the central program in several communities but two planned their first meeting as a recreational program with music, readings, one-act plays and games.

The club women are assisting in the programs and the meetings. In several associations, home demonstration club women are chairmen of the program committee. The council members are to report each month to the county council of the associational meetings.

YARD DEMONSTRATORS ARE GIVEN TRAINING IN WORK

To make a flagstone walk smooth flat rocks should be used, the home demonstration agent told the yard improvement demonstrators at a meeting of that group Saturday. The rocks should be laid so that they are flush with the ground and two or three inches apart so that the grass can grow in between.

Walks should be direct and easy to walk on. The front walk should be wide enough and so constructed that two people can walk along

without having to watch their steps. Walks are necessary to keep paths from being formed on the lawn. In the side and back yard service walks are needed to keep dirt out of the house. Service walks may be of stepping stones or gravel.

The yard demonstrators will demonstrate for their clubs the making of flagstone walks in their March meeting.

GIRLS LEARN TO MAKE SLIPS

"The princess slip each club girl is to make will be made of cotton material with seams three-eighths inch wide and hem two and one-half inches," Miss Pratt told the McAdoo 4H club girls Tuesday afternoon. Different styles for slips were studied and a slip cut to show method of placing pattern on material.

La Rue Holmes was appointed reporter and Juanita Rose clothing demonstrator to fill vacancies in those two offices.

Members present were: Reba Dozier, Vanal Medford, Marcelle Miller, Modine Nettles, Erom Mae Brown, Wanda McLaughlin, Clara Rich, Juanita Rose, LaRue Holmes.—Reporter.

WHY AN EDUCATIONAL FUND?

"Five cents a year from each club member in the states means a college scholarship for some 4-H club girl, perhaps one of our own. Since 1926 the home demonstration club women of the state have given a college scholarship to the third or fourth year club girl making the highest record in the state. Four of the girls have been from our district. We have the girls competing this year," said Mrs. F. B. Crockett, chairman of the education scholarship fund in the regular meeting of the council in Spur Saturday. Each member is to bring her five cents to the March meeting.

Roll call of clubs was answered with reports of the community agricultural associations.

Those attending Council were: Mesdames F. B. Crockett, J. L. Hagins, R. C. Alexander, Clark Forbis, Council officers. Mesdames John Bachman and I. E. Abernathy, Soldier Mound; Paul Braddock, Prairie Chapel; Matt Howell, J. C. Childress, Red Top; Tom Gilmore, Tol Merriman, Twin Wells; Jim Eldredge, O. S. At the meeting of the Twin Wells H. D. Club in the home of Mrs. C. C. McCombs, Feb. 15, Miss Pratt assisted members in making food budgets and garden plans. The budget should be based on the food requirements to keep a person nourished and healthy. The least amounts needed daily by an individual to furnish vitamins and minerals are:

Farmers Ask To See Enumerator

It was rather difficult for the Enumerators in the respective counties to make a check of every farm in the County, due to the fact that so many farmers were either away from home, or were moving from one community to another.

Any farmer who has not been enumerated by the Enumerators get in touch with their Enumerator or write the District Office at Department of Commerce, Bureau of the Census at Washington.

PETE BRADSHAW, CCC CHIEF CHEF COOKS FOR DOGS TOO

A report was received by the Texas Spur this week from Clarksdale, Arizona, of a rather unusual order that Pete Bradshaw, Chief Chef of that Camp received. The report is as follows:

"The Captain got Pete Bradshaw, the Head Cook, at twelve thirty the other night to cook his dog a stake. Bradshaw got up and fixed the steak for the dog and told the Captain that he had got up at night for lots of things but that was the first time he ever got up to cook for a dog.

The dog left camp the next morning with a tin can tied to his tail. Bradshaw said that he didn't tin can the dog, for he was the dog's cook."

The report also stated: "It has rained out here for the last five days and nights, sure is wet and muddy here."
