

## Noted Minister To Hold Revival Here Beginning Sunday

The Presbyterian Church will sponsor a series of services beginning Sunday morning, June 23, and continuing through the evening service of Sunday, June 30. Plans are being enthusiastically followed to make this week of worship one of great benefit to the community and the church.

Dr. S. L. Joekel, the professor of Bible in the Austin Presbyterian Theological Seminary, will deliver the sermons. Dr. Joekel is a speaker of wide reputation and will afford messages that will be stimulating, interesting, and beneficial to those who hear him.

The church realizes that it is impossible to produce any worthwhile results in a meeting unless it is supported by the cooperation of the entire community and for this reason we ask that everyone plan to attend each one of these services and get the fullest possible benefit from them. We know that your attendance will help us, and we feel sure that it will help you even more than you anticipate.

Service will be held each week day during the mornings at 10 o'clock and in the evenings at 8:00 o'clock. You are most cordially invited.

One hundred towns and cities of West Texas are expected to send girl riders to represent them at the Reunion this year according to a letter received here from H. G. Andrews, chairman of the committee in charge of that feature of the reunion.

Miss Zell Ellis represented this city at the reunion last year. A handsome, special made saddle will be awarded for first prize.

Prizes totaling \$2,500 will be awarded in the rodeo events and various other contests to be held in connection with the gathering of cowboys.

Besides the \$1,600 in cash, the prize list includes six handsome hand-made saddles and various other trappings, such as bits, spurs, boots and hats coveted by cowboys and cowgirls.

Two saddles will be awarded as grand prizes. One will go to the champion calf-roper, one to the champion wild-cow milker, another to the champion bronc-rider and a fourth to the winner of the cutting-horse contest, a unique feature of the Stamford rodeo.

The winner in the old-time calf-ropers' contest, open only to cowboys over 55 years of age, will also receive a saddle. Prettiest of all is the saddle to be awarded to the winner of the cowgirl sponsors' contest. A pair of shop made boots are being offered to the champion roper in the rodeo.

Prizes will also be given the most typical cowboys attending the Reunion, one for a cowboy over 55 years of age and one under 55. The younger cowboy will receive a gold watch and the older cowboy a Stetson hat. The most typical junior cowboy will be given a cowboy suit.

## Securities Defined Under State Law

Under the new Texas law regulating the sale of securities, the term includes any form of stocks, bonds, mortgage certificates, any form of commercial paper, any certificate in or under a profit sharing or participation agreement, lease or royalty interest in an oil, gas or mining property. In addition there are many lesser known forms of securities.

The Texas Security law which replaced the old Blue Sky Law, on May 23, 1935, is broad in its definitions of what constitutes a security, according to Secretary of State Gerald C. Mann.

Before purchasing any form of security, such as those named above, the buyer should determine if the person doing the selling has registered with the Secretary of State. Emphasis is placed on the fact that in no case does the State guarantee or endorse any security.

But registration is not the extent of responsibility on the part of the seller. Under the law he may be held accountable for representations as to fact made in the sale of a security.

An effort on your part to take care of these taxes at this saving will be appreciated by Dickens County as a whole. Thank you.

## Crop Loans Starting!

Raymond News Service

THE signing of the Deficiency Bill, making the \$60,000,000 for Crop and Seed Production Loans available, was good news for farmers who are now buying seed, fertilizers, and other supplies. The bill will be a boost for American industry, since the Farm Credit Administration suggests that borrowers buy American-made supplies. Agricultural leaders have long felt that farmers should support American industry by using fertilizers made in the United States, such as American nitrate of soda, sulphate of ammonia and potash.

## ELECTRIC POWER

An Item that has not Increased

Through the American principle of private initiative in business, elec-  
tric rate reductions have been continued along with improvement in service.  
According to the United States Bureau of Labor Statistics, electric service  
costs for the United States as a whole are now 39% lower while the cost  
of living now is 38% higher than in 1913.

According to the National Industrial Conference Board, food is now 25%  
higher than 1933, clothing 22% higher, and rent 8% higher. Total taxes,  
including the numerous Federal taxes the consumers pay indirectly, have  
increased at an alarming rate and for the average family now amount to  
more than ten times the cost of electric service.

Net average rate for all the 160 communities served by the West Texas  
Utilities Company is today more than 60% below that of 1923.  
Electric service is cheap. You should use more of it.

## Demonstration Club Reports—

### DEMONSTRATOR GIVES THE REASONS FOR HER WORK

"I became a clothing demonstrator for several reasons: first I wanted to learn how to improve my clothes and also learn how to make new clothes, second I wanted a clothes closet and felt that being a demonstrator I would get one; third, I wanted to keep a record of the clothes I made and bought including the price, wearing life, and self-satisfaction while wearing them. In this way I may see whether it is cheaper to make or buy clothes ready made," says Juanita Rose, clothing demonstrator for the McAdoo 4-H club and winner of first place in the county in the demonstrators' contest Saturday.

Since I have been demonstrator I have made a collar and cuff set, a slip, a smock, and four dresses. I have learned quite a bit about sewing. Daddy helped me build a big new clothes closet of which I am very proud, for I have wanted one so long. I have enjoyed keeping a record of my clothing and do not mean to stop keeping the record but shall continue it for I find it helps me in the selection of my clothes."

### DUMONT CLUB 100% ON GOALS REACHED

The 12 members of the Dumont high school girls' home demonstration club are 100% in reaching the three goals in clothing work for the year. They are to make a collar, a slip and a school dress. Ten of the girls exhibited their dresses in the county clothing contest Saturday. Each member has turned in a history of her community or county; that is another goal in this year's work.

The first and fourth places in the cooperators' contest Saturday went to members of this club, Lillian Pense, and Dorothy Scott. Alma Schooler, clothing demonstrator placed third in that division of the county contest.

Much credit for the good standing of this club goes to their sponsor, Mrs. Chan Smith. This is the first club in the county to reach all the goals in any one demonstration 100%.

### DEMONSTRATOR APPRECIATES HER WORK

"When I was asked to be wardrobe demonstrator class I for our club I hesitated because I did not think I would be financially able to

carry on the work but after learning more about the work I decided that was the real reason I should be a demonstrator," Mrs. Don Meriman told the Twin Wells home demonstration club members in their achievement program Friday. "I have learned how to buy my clothes so each article will harmonize with the others thereby making my clothes more attractive and making my wardrobe money go farther."

"Since I did not have a clothes closet I had to build one. We had enough scrap lumber to make a frame and covered this with cardboard boxes then papered it to match the room. I put only one shelf in the closet for hats for the remainder of the space was needed for hanging garments. I put a rod under the hat shelf for the children's clothes; it is low enough for them to use it nicely. We have a shoe rack the entire length of the closet and a rod on the door for ties and belts. For hat racks I covered cereal boxes with the ceiling paper and they make good hat racks. We now have a place for our clothes and can keep them with much less care."

### CLUB HOLDS ACHIEVEMENT PROGRAM

"I've learned to cut sleeves that fit," said Miss Lona May Barrington; "I've learned to make Bound Button holes and how to sew on buttons," said Mrs. Vaughn White club members of the Prairie Chapel Home demonstration club in answering the roll call with something learned in wardrobe work this year in the way of sewing in the achievement program Wednesday afternoon.

The Wardrobe demonstrator give the report of her work. The Cooperators made reports which were compiled in a club report. "I have cut and fitted 27 foundation patterns," said Mrs. C. W. Vancleeve in giving her wardrobe report.

There were 8 Contest dresses and slips modeled. Some were sport suits some plain street dresses and there was one party dress.

Five sleeve ironing boards were exhibited. Others have made boards but didn't bring them.

The club is planning to be 100% in exhibiting dresses and slips in the County Contest.

Those present: Mrs. Johnnie Hale,

Mrs. Leslie Peak, Mrs. Paul Braddock, Mrs. R. C. Alexander, Mrs. Vaughn White, Mrs. C. W. Vancleeve, Mrs. F. Alexander, Miss Lona May Barrington and Miss Pratt. Visitors were Mrs. D. O. Blassengame, Mrs. Ross Murphy and Mrs. Joe Hale.

### CLUB HAS ACHIEVEMENT PROGRAM

"I am so proud of my new clothes closet," Juanita Rose, clothing demonstrator of the McAdoo 4-H club told her cooperators when they met in her home Tuesday morning for the achievement program. Juanita has just completed her closet which has five shelves, a long hanging rod, hat racks and laundry bag. She plans to make a shoe rack soon.

A check of the work of the cooperators of the club show that 11 have completed their collars, seven made slips and three have finished their school dresses.

Wild grape juice and cookies were served to Ruth Ward, LaRue Holmes, Wanda McLaughlin, Miss Pratt, and Juanita Rose.—LaRue Holmes, reporter.

**CLUB REPORTS—**

**CHANDLER CLUB MEETS**

"I have learned never to use a button on a dress without a button hole" said Mrs. Clark Forbis at the achievement program of the Chandler club in answer to Roll Call.

The Club met at the home of Mrs. Floyd Lefevre, wardrobe demonstrator, Class I. There were three dresses and two sleeve ironing boards and one slip exhibited. Others are planning to have theirs completed by June 15.

Those present were: Mrs. Clark Forbis, Mrs. Frank Forbis, Mrs. J. L. Turpen, Mrs. Floyd Lefevre, Mrs. Kate Lefevre, Mrs. Ida Lefevre, Mrs. B. A. Goss, Mrs. W. J. Ham and Miss Bertha Cooper. Mrs. John Farley was a visitor.—Bertha Cooper, reporter.

**DEMONSTRATOR FOLLOWS WARDROBE PLANS**

"I have learned to avoid fads as they are of short duration and would possibly not harmonize with the wardrobe in any way. It is best to select a style that will last the season when making a purchase and care should be taken to select a style or fabric suited to the person who is to wear it, rather than just because it is pretty," Mrs. O. S. Harvey, wardrobe demonstrator class I, for the McAdoo home demonstration club says in her story of her wardrobe work.

"I have learned that it does not take a great expenditure of money to be well dressed. If one will plan their wardrobe, then follow their plans and use discretion in making purchases, and then give the proper care to the garment after it is made they can feel assured at all times that they are well dressed. My work has been more interesting because of the interest and help of my husband. He helped me build my closet and in the selection of my clothes," she added.

**Haste Makes Waste**

"Haste makes waste" said Mrs. I. E. Abernathy in her wardrobe story to the Soldier Mound club women at her home, Thursday. "Allowing yourself plenty time in sewing is the secret of successful wardrobe work," continued Mrs. Abernathy.

Members present were Mesdames Ollie Hindman, Hade Condron, I. E. Abernathy, Jno. Bachman, Elmer Bilberry, Misses Pratt and Sylvia Denson.

**HOW TO SERVE A FAMILY STYLE MEAL DEMONSTRATED**

When the Twin Wells demonstration club met with Mrs. McMeans, Sr., Monday, May 27, Miss Pratt gave a demonstration on how to serve a family style meal. She suggested serving several foods on a few platters as there are so many possibilities of preparing colorful and attractive dishes in that way. Another advantage of serving a "platter" meal is that it saves dish washing.

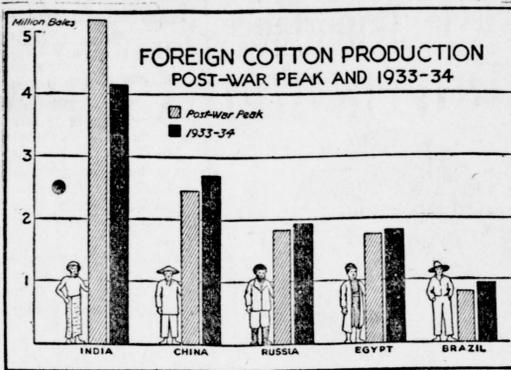

Miss Pratt also gave many points on table etiquette which she urged us to practice each day and probably avoid embarrassment in the future when acting as hostess or as a guest.

Those present at this meeting were Mesdames Tom Gilmore, Tol Merriman, Don Merriman, Jimmy McDaniel, O. Pentecost, Bud Morrison, Misses Minnie Fae McMeans, Gladys McMeans, Clara Pratt, Elizabeth Williams and the hostess, Mrs. L. B. McMeans, Sr.—Reporter.
