NUMBER 34

23 YEARS AGO

Taken from the files of The Texas Spur, published 23 years ago this week. Oran McClure, editor and publisher.

T. J. Harrison and little son, of the Liberty community, were in Spur trading Wednesday. He reported that the recent rain accompanied by hail did some damage as well as much good on his place. The hail beat down his cotton but it is now straightening up and coming out all right and gives promise of a bumper yield.

—23 Years Ago—

As predicted the Republicans held two national conventions, one of which nominated Taft for the presidency, the other nominating Roosevelt. With the G. O. P. split as it is, if the democrats fail to get in power at the November election and make good thereafter they had just as well disband and join the Socialists or "Cross the Rubican" with Teddy.

—23 Years Ago—

A state geologist has been in Spur throughout the week for the purpose of making an olepis of the contents of the deep well. Potash has been found in the well and since it is very costly and rare, being mined only in Germany to any great extent, the geologist is here to determine if potash is here in paying quantities.

However drilling operations will be resumed for Artesian water.

—23 Years Ago—

Mr. and Mrs. Hawley Bryant of the Pitchfork Ranch have been spending the week in Spur and attending the meeting of the Masonic Lodge.

—23 Years Ago—

Mrs. May Stewart, of Sherman, is in the city visiting her parents Mr. and Mrs. R. C. Morrison and her brother R. C. Morrison and family. Little Ruthyn Morrison who has been visiting in Sherman returned to her home in Spur.

—23 Years Ago—

—23 Years Ago—

Mrs. G. T. Brandon left the latter part of last week for Palestine in response to a message stating that her grandmother was seriously ill and not expected to recover.

—23 Years Ago—

Miss Loller, who has been visiting Dr. and Mrs. Morris in the city returned the latter part of last week to her home in Haskell.

—23 Years Ago—

J. J. Hickman was in Spur Tuesday from Wake. He reports a big rain on the Plains and considerable damage from wind and hail, and that few windmills are left standing and few window panes left in the houses.

Son of Mr. And Mrs. Ralph Dickson Died Here Sunday, 23rd.

Tommie Ike Dickson, infant son born to Mr. and Mrs. Ralph Dickson at Hotel Wilson Sunday morning at an early hour, died Sunday noon a few hours following birth.

H. P. Edwards Died At Home At McAdoo, Sun.

Henry P. Edwards a pioneer citizen of McAdoo died Monday, June 24 at 10 o'clock in the morning at his home in McAdoo.

Death was due to a heart attack, following several years of declining health.

Mr. Edwards was born November 6, 1862 at Milican, Texas.

Some twelve or fifteen years ago he moved with his family from Stamford to the Plains country at McAdoo, acquiring land and engaging in farming. He also established a mercantile business which he personally superintended until his health became impaired and which he disposed of to Brantley and A. M. Lay.

He is survived by his widow and numerous other near relatives.

Funeral arrangements are pending the arrival of a grandson from Phoenix, Arizona.

A large delegation of Legionaires and Auxiliaries from this community are expected to attend the 5th Division convention of the American Legion and Auxiliary of the Department of Texas to be held in Amarillo on Saturday and Sunday, June 29-30.

The outstanding feature of the two day convention will be the address on Saturday evening by Frank N. Balgrano Jr., National Commander of the Legion. The National Commander will be accompanied by Miles Ainsworth, Texas Department Commander and Fred E. Young, Department Adjutant. Mrs. W. J. Danforth, Texas Auxiliary President and many other prominent state, division and district Legion and Auxiliary officials will appear on the program.

The program starts at two o'clock on Saturday afternoon with a parade by the Forty and Eight, who will stage a "Wreck" at the Roseland dance hall immediately following the parade. Entertainment will be provided for all visitors during the afternoon. Auxiliaries will be honored with a tea at the Legion home from four to five o'clock on Saturday afternoon.

All registered delegates will be guests on Saturday evening at the National Commanders ball in the Roseland dance hall.

ULDEEN'S BEAUTY PARLOR RE-DECORATED RECENTLY

Uldeen's Beauty Shop has very recently been redecorated. A new pattern of Linoleum has been placed on the floor and furniture upholstered giving the shop an entirely new and attractive appearance.

Mrs. W. S. Campbell and daughters, Misses Isabelle and Bonnie, returned the latter part of last week from a two weeks visit spent with relatives at Angleton, in South Texas. Her niece, Dora Burkhart accompanied them to Spur for a visit in the Campbell home and with her uncle, Mr. and Mrs. W. B. Williams.

Red Hill Agricultural Club Will Meet In Regular Sessions

The Red Hill Agricultural Club met at the Red Hill School House with Roy Arrington, Chairman in charge.

After the meeting was called to order, G. J. Lane, County Agent, gave a discussion of the ways and means of developing and holding the interests of farm folks in their community club.

The main points as brought out by Mr. Lane were to have a well announced meeting, a definite starting time; well prepared program of common interest, followed by a roundtable discussion by all present, and then the meeting well written up by a trained reporter.

Chairman Arrington, in addressing the group, stressed the importance of an organization for the purpose of representation in meetings where farm interests are being discussed.

The first Tuesday night in each month was definitely fixed as the monthly meeting date, to begin promptly at 8:30. J. R. Cozby was elected Club Reporter. Those attending the meeting were County Agent, G. J. Lane and son, G. J. Jr.; Mr. and Mrs. Roy Arrington and daughter, Patsy Ruth; Floy Watson; J. R. Cozby; Clyde Horn; L. A. Grantham; Don Brewster and Harvie Blevins.

Everyone in the Red Hill community will please keep in mind the next meeting date, which is July 2nd, and everyone that possibly can attend this next meeting.

Bells Cafe Looted Last Sunday Night

Someone stole the cash box out of Bells Cafe Sunday night and it contained something like \$130 in cash as well as some checks and other papers valuable only to him. The missing cash was not discovered until the next morning and Sheriff Johnnie Koonsman is limited to finger prints in his search for the culprit and perhaps his aides. That is, of course, a bad bet but the sheriff so far has had a good bit of success along these lines and it is likely that he will have another case completed before long.

Another thing, W. A. Bell, who lost the money, offers \$25 cold cash for definite information leading to the arrest and conviction of the guilty parties and agrees to keep the matter confidential.

This sort of thievery and vandalism should not be condoned in any plebiste and it not only rests with the officers who have a sworn duty in this respect but with any individual who has information of a beneficial nature. In this manner the arm of the law reaches far.

DEMONSTRATOR PLANS AND CARES FOR CLOTHES

"After taking an inventory of my clothing on hand the first of August, I decided to plan for a \$25.00 clothing budget for myself," says Mrs. C. W. Van Cleve, class I demonstrator for the Prairie Chapel home demonstration club in the story of her club work. "I have been very careful in buying clothes so that I would not go over my budget limit. I have learned to select materials I needed most and the colors I could wear that would harmonize with my accessories."

"I helped to plan and build nine clothes closets besides my own. My own is built of cardboard over a lumber frame. Having a good closet and a sleeve ironing board helps me keep my clothes neat and well cared for."

Mrs. Serman Lee is confined in the hospital at Knox City following an operation preformed last week. Mr. Lee accompanied her returning to Spur Wednesday.

Mrs. R. C. Alexander was shopping and visiting in Spur Wednesday of last week from her home in the Prairie Chapel community.

O. C. Arthur Is Appointed New Postmaster Here

Reports from the Civil Service Commission this week in regard to the twenty or more applicants for the local postmastership showed that D. L. Granberry stood top on the list, O. C. Arthur, postmaster-elect, second and J. P. Carson third.

Congressman Mahon in certifying the appointment of Mr. Arthur has not as yet issued a statement for publication.

Securities Agents In Texas Should Be Registered

Who is he?
Can I depend upon his word?
Is he registered and licensed?

These are the questions that you should have answered to your complete satisfaction before buying stocks, bonds, oil leases, royalty or any other form of investment securities from a salesman—particularly when the salesman is a stranger. That's the advice of Secretary of State Gerald C. Mann, administrator and chief enforcement officer of Texas' new Securities Act.

Designed to curb the fraudulent and crooked seller of securities, the new law required every security dealer, agent and salesman to be registered with the State. Any citizen may determine for himself if the salesman is registered by writing to the Secretary of State. The records are open to the public.

The State does not propose to guarantee or endorse any stock, bond or other security. However, salesmen may be held strictly accountable for representations made in the sale of securities.

The important thing, according to Secretary Mann, is to be sure the salesman is registered!

GIRLS KEEP CLOTHING RECORDS

Five clothing demonstrators and 12 cooperators in the five girls' home demonstration clubs kept a record of their clothing expenses from the first of September through June as part of the work in the clothing demonstration. The five demonstrators spent \$151.86 or an average of \$30.37 per girl though the actual expenditures ranged from \$17.36 to \$48.300. The twelve cooperators spent \$257.51 or 21.46 on an average.

The seventeen girls who kept a record of their clothing bought a total of 140 garments ready made and made 136 garments. The footwear bill for the 17 girls amounted to \$126.72 for the ten month period.

"I find by keeping account of selecting each garment. I want the each purchase I am more careful in material to be suitable for its purpose; the style correct to me; and the color becoming," says Eula B. McMahan, clothing demonstrator for the Espuela club.

"Before selecting my clothes I studied fashion books and the line of new styles in the stores so that the things purchased were suitable for my needs and were in style. By careful shopping and planning before hand my clothing expenses were kept lower," contributes Lizzie Lou Baxter, demonstrator for the Patton Springs club.

"I have enjoyed keeping a record of my clothing this year, or since we were organized in November and shall continue to keep it," reports Alma Schooler of the Dumont club.

The three goals in clothing for the cooperators were to make a collar, a slip, and a school dress. The 67 club girls have made thus far 56 collars, 58 slips, and 45 dresses. Others probably have been made but have not been checked by the agent yet.

Rosendahl Defends Use of Dirigibles; Drive Launched for Construction

America's Foremost Air-ship Expert Cites Record of Graf
Zeppelin in Commercial Service in Defense of
Lighter-Than-Air Craft

"SINCE the War, submarine accidents have caused two and
a half times as great a loss of life as air-ships; marine
disasters forty times, railroads 300 times, automobiles, 1,000
times; yet we hear no talk of discontinuing construction of
submarines, steamships, railroads,
or automobiles," cried Lt. Comdr.
Charles E. Rosendahl, U.S.N., be-
fore the Society of Automotive En-
gineers, meeting in New York.

Slender, youthful, assured, a
striking figure in naval uniform,
the man who is considered one of
America's foremost experts on the
construction and navigation of air-
ships made a brilliant defense of
dirigibles both for peace and war,
reports *The Literary Digest*. His

Even Prof. Alexander Klemm,
head of the Guggenheim School of
Aeronautics at New York Univer-
sity, known as a vigorous
"heavier-than-air" adherent, said he
agreed, for the most part, with
Commander Rosendahl, and urged
only relatively minor technical
objections.

Advantages of Dirigibles
Briefly, advantages of dirigibles
over air-planes are:

International
The Graf Zeppelin soars over New York City on her first crossing of the
North Atlantic in 1928.

address is expected to launch a new
campaign in this country for con-
tinued construction of large rigid
air-ships for naval defense and com-
mercial development.

It was the first public offering
of "lighter-than-air" advocates since
the loss of the *Macon* at sea off the
California Coast, on February 14.
Roused a storm of opposition to fur-
ther air-ship construction.

No Real Opposition
In the audience were engineers
and scientists of international repu-
tation, several of whom, it was re-
ported, had come for the purpose of
"blowing up" the air-ship idea. If
this was the case, they must have
become converted before the hour
of questioning arrived, for no very
real opposition appeared.

1. Large load-capacity.
2. Long cruising-range.
3. Ability to go slowly, or even
stop in midair, without falling.

As commercial carriers of pas-
sengers, dirigibles since the War
have hung up a record untouched
by any other type of transport.
More than half a million paying
passengers have been carried, with-
out the loss or injury of a single
passenger.

The *Graf Zeppelin*, for example,
since September, 1928, and up to
December, 1934, had made 423 in-
dividual trips, flying a distance of
630,000 miles. She had carried
10,500 passengers, at a speed aver-
aging sixty miles an hour; mail to
the extent of 57,500 pounds; freight,
96,000 pounds. Her total time in
the air was 10,005 hours.

The "New Orleans Grays," organ-
ized in 1835, was the first military
unit organized on American soil to
go to the aid of the settlers who had
decided to throw off the yoke of
Mexican tyranny. Adolphe Stern,
former alcalde of Nacogdoches, out-
fitted the company of fifty men.

The original of the Constitution
of Texas was lost in Tennessee.
Only the newspaper reports were
ever ratified, and in the archives of
the State today, a copy of the docu-
ment, as printed in the Texas Pa-
graph, reposes.

Mr. and Mrs. Jimmie Young
of Plainview passed through Spur
Friday enroute to Aspermont to at-
tend the funeral of Mrs. Young's
grandmother, Mrs. Baugh.

Mrs. W. J. Elliot and daughter,
Miss Peggie were business visitors
in Spur Tuesday.

Sam Houston, Marc Anthony, and
Napoleon Bonaparte stand out as the
three generals in history who have
captured the combined head of an
army and a government in the same
battle.

Pari-Mutuels Lose Fight in New York

LEGISLATORS in twenty-five
States that have adopted the
legalized form of betting known as
pari-mutuels still are wondering
how and why New York State
passed up a million or more in
revenue when the Senate turned
down mutuels and left the field to
the book-makers.

The Literary Digest reports that
the better element on the turf in
New York and elsewhere is happy
at the outcome.

Last Year's "Take" From
Pari-Mutuels

California	\$339,213
Washington	149,060
Florida	625,291
Ohio	135,796
Maryland	863,269
New Hampshire	656,629
Rhode Island	812,414
Kentucky	223,903
Michigan	580,000
Texas	553,265
Illinois	545,670

Mutuels a Menace
Mutuels in New York, these
people point out, would soon end
thoroughbred racing all over the
United States. They admit that
betting in the pari-mutuel machines
has not ended racing in other
States, but they say that they see
the end coming; New York, minus
mutuels and the all-consuming
"take," will soon become the back-
log of the sport, they say.

The system in New York is dif-
ferent. There the book-makers bet
that the public is wrong, which it
probably is, but in theory at least
the public is not betting against its
own money. The \$100,000 which
was sent into the machines at
Miami, and of which only \$30,000
came back, may bring the public a
million in New York.

Public Loses
In other words, the public at
least has a chance to beat the book-
maker, and often does; it never can
win at a mutuel track. At mutuel
tracks a few of the lucky ones win,
of course, just as in New York, but
the drain of the "take" is on the
community and, in the end, even
the lucky ones, or their bank-rolls,
must be eaten up by the machine.

Miss Bettie Compere of Weslaco,
who has been visiting her aunt, Mrs.
P. C. Nichols and Dr. Nichols and
family at their home in Spur left
Tuesday for Abilene where she
will visit relatives before returning
to her home.

Bill Holts, agent for the Okla-
homa Stockman, is in Spur this
week getting renewals and new sub-
scribers for his magazine.

Pike Nichols, of Austin, spent
the week end in Spur visiting his
parents, Dr. and Mrs. P. C. Nichols
and family and also transacting
business affairs. Mrs. Nichols stop-
ped in Abilene to spend the time
with her parents.

Mr. and Mrs. Elmer Shugart of
Red Hill were business visitors in
Spur Monday.

Mrs. Mamie Ward was here Wed-
nesday from the Lone Oak Farm
in the West End community.

Mr. and Mrs. Orvill Pentecost
and children are spending this week

and old time friends.

IN MEMORY OF DAD

(By Hattie Belle Turvan)

I'm dreaming to day dear daddy of you,
Some how I've been thinking the whole day thru;
How you called us children in from play
Read the dear old book then kneeling to pray.

Dear daddy your prayers linger with me still.
How you asked God if it be His will
To keep us children ever near His side;
And let God's blood be on us applied.

Then as we sang the sweet song o'er;
Let me love, Thee Lord, more, and more,
Savior, blessed Savior, more than life to me;
I am clinging Lord, clinging close to Thee.

Me thinks I can hear you daddy o' mine;
I can see your sweet face in each precious line,
As the choir stands and sings it to-day,
Your voice whispers, trust Him you can not stray.

Daddy I can even feel you pull my curl,
And whisper, you are daddy's Tom-boy girl;
It made me proud when it came from you dad,
But when others said Tom-boy, I got mad.

Dad how good God has been you see,
To let your memory remain so vivid with me.
It seems only yesterday, I was asleep;
They hastily awoke me; come take a last peep.

Dad you were leaving this world of sin,
Thru the golden gate you were entering in;
Then you smiled and looked straight at me,
And sang: Lord I'm clinging close to Thee.

Demonstration Club Reports-

WARDROBE ACHIEVEMENT DAY

"I have learned to dress more correctly with less cost," answered Mrs. J. L. Hagins, in roll call of the Duck Creek home demonstration club last Monday when the club met with Mrs. D. G. Simmons and Mrs. Hagins, demonstrators class II. The program was given at the home of Mrs. Simmons where she told the story of her work and showed the clothes closets she had built and improved. Then the members went to Mrs. Hagins to see her closet and where refreshments were served.

In the achievement program seven dresses, six slips and three ironing boards were exhibited. Nine dresses and slips have been made for the county contest; five new clothes closets have been built and two others improved; twelve foundation patterns have been made; and five sleeve ironing boards and seven shoe racks have been made by the club members this year.

Members attending the achievement program were: Mrs. C. R. Bennett, Mrs. O. L. Driggers, Mrs. D. A. Bennett, Mrs. E. E. Hagins, Mrs. D. G. Simmons, Mrs. J. L. Hagins, Misses Cora and Nellie Sue Durham, and Miss Pratt.—Mrs. E. E. Hagins, reporter.

DEMONSTRATOR IS PLEASED WITH HER WORK

"Once a demonstrator always a demonstrator," is certainly true. After having learned the joy there is in making my own clothes to fit, and helping others to make nice fitting clothes I shall never be willing to stop the work. Now that we have learned to care for our hands, hair and complexion and to wear nice fitting and becoming dresses every day there is nothing to keep us from being happy in our work." says Mrs. J. L. Hagins, of the Duck Creek home demonstration club and winner of first place in the county contest for wardrobe demonstrators class II.

"In my first year of work I

learned to avoid fads, to make dresses by patterns suitable for the material and to select colors becoming to me. When I took an inventory for my second year's work I found there was very little renovating to be done. All of my dresses and slips had been made by my foundation pattern for three years and have not bought a commercial pattern since I have had it."

"After taking inventory of my clothes and my husband's we planned our wardrobes for the year. He enjoys helping keep the record and planning the wardrobes for he says we save money and have nicer clothes."

"I can't find words to express my appreciation of the club work and what being a wardrobe demonstrator has meant to me."

Members present were Mrs. Roy Johnson, Mrs. Willie Kimmel, Mrs. S. P. Mosley, Mrs. John Sharp. Visitors were Mrs. Sharp, and Misses Marcille Greer and Eloise Sharp.—Reporter.

TEXAS

O, Texas the star of an empire That has shone the ages through May you never cease shining Upon the field of blue!

We'll always remember our forefathers Who fought in the Alamo So bravely and courageously for it The land where the bluebonnets grow.

Your wide spaces sweeping Beneath the blue arch of the sky Will be loved by future generations And were loved by the race gone by.

The love of the early pioneers Was loyal, brave and true And my love dear lone star Is always the same for you!
