1936 Emergency Crop Loans Now Available

Application for emergency crop loans for 1936 are now being received at Spur by D. H. Sandridge, field supervisor of the Emergency Crop and Feed Loan Section of the Farm Credit Administration.

The emergency crop loans will be made only to farmers who cannot obtain credit from any other source, as provided by regulations issued by the Governor of the Farm Credit Administration. The money loaned will be limited to the farmers immediate and actual cash needs for growing his 1936 crops and in no instance may exceed \$200 to one farmer.

Farmers are not eligible for emergency crop loans if they can borrow from an individual, production credit association, bank, or other concern. Farmers will also be considered ineligible if they have an application pending with Resettlement Administration, have received assistance from that organization this year or are indebted to the Resettlement Administration for an unpaid loan.

As in the past, the security for an emergency crop loan will consist of a first lien on the crop financed. Landlord or others having an interest in the crop to be financed will be required to waive their claims in favor of a lien to the Governor of the Farm Credit Administration until the emergency crop loan is repaid.

Checks in payment of approved loans will be issued by the Regional Emergency Crop and Feed Loan Office at Dallas, Texas.

Highway 18 to Dickens Improved

Through cooperation of property owners and the State Highway Department the bar ditches on Highway 18 between Dickens and Spur are being rounded out and the right of way widened. Jack Taylor, maintenance foreman with headquarters at Dickens secured the cooperation of the land owners and started the work some time ago.

The old fences are being removed on each side of the road and the bar ditches rounded out to the edge of the fields from the pavement. The fences are then replaced by the Department. The farm owner donates the land and is given a job helping to make the improvements. The road is much smarter looking and is much safer in case a car leaves the main road, as it is less apt to turn over.

Particular care is being taken with the trees along the road and cooperation of the public is asked in caring for these trees and shrubs which in a few years will add a great deal to the beauty of the highways.

S. T. Johnson Candidate For Justice Precinct 1

The Texas Spur is authorized to announce S. T. (Thomp) Johnson as a candidate for Justice of the Peace of Precinct No. 1, subject to action of the Democratic Primary in July. Mr. Johnson stated that he would faithfully carry out the duties of the office if elected. He has been a resident of Dickens county since 1896, being engaged in various lines of business and for some time has operated a market at Dickens.

He solicits your vote and influence.

DOLLAR DAY AT SPUR APRIL 2ND

Hot prices will feature the Dollar Day sponsored by Spur merchants and the Palace Theatre Thursday April 2. Special items in every store in Spur will be marked down for that day as an inducement to the public to trade in Spur. Advance reports indicate that customers of Spur merchants on that day will be able to buy merchandise at the most reasonable price offered in years.

The Palace is offering a late release picture and who will get the new 1936 Chevrolet?

Senator Nelson To Deliver Commencement Address

Senator G. H. Nelson, of Tahoka, has been secured by Supt. O. C. Thomas and the Spur School Board to deliver the commencement address to the 1936 Senior Class, May 15. The exercises will be held at the Charles A. Jones Memorial Stadium if not "providentially" hindered.

Senator Nelson was elected to represent the 30th District in the State Senate last year following the death of Arthur P. Duggan of Littlefield. He is a former school teacher, chamber of commerce secretary and is a lawyer. He is rated as one of the best speakers in West Texas.

Spur Rotary Brings Home Cup Friday

The Spur Rotary Club went to Ralls Friday and brought back the prize cup that has been circulating between the Crosbyton, Ralls and Spur clubs the past several years. The cup was lost to Ralls on a challenge several months ago. Last week the Spur Club challenged the Ralls club and went up Friday to make good. M. C. Golding, Spur Rotarian, captured the cup and brought it "home" with a magician's trick, making a lighted cigarette disappear.

The Spur Club also presented a program which was in charge of Mr. Golding. D. L. Granberry spoke on "Crime, Its Source and Prevention." A tap dance number was given by Misses Ida Lee Golding and Jean Engleman. It was Friday the 13th and 13 members of the Spur Club went to Ralls for the meeting.

The Torcaya pigeon, now almost extinct, will be displayed at the Texas Centennial Exposition opening in Dallas June 6. Ornithologists claim this red billed bird is one of the rarest in America. Flocks of thousands were common in the Southwest a hundred years ago.

R. L. Elms of Crosbyton, was a business visitor here Friday.

Tech Professor Lectures On Yaqui Indians

One of the most interesting lectures ever delivered here was given Friday afternoon at the Stadium by three Texas Technological College professors about the Yaqui Indians of Old Mexico. Dr. W. C. Holden, professor of history at Tech, was in charge of two expeditions to Old Mexico last year to study the habits and customs of the Yaqui.

Dr. C. J. Wagner and Prof. Studenhaus came to Spur with Dr. Holden. The large number of students and townspeople in attendance viewed a large exhibit of Indian utensils, rugs, and relics brought here by the Tech men. An interesting account of how these Indians live, customs of the race and their religious ceremonies was given. Those in attendance reported rapt attention for the two and one half hours taken up by the lectures.

Mack Wilson Has Narrow Escape

Mack Wilson was down here Monday from Spur, where he is in the service of the West Texas Utilities Co., as is well known. He started back home Monday night and reached without accident the intersection of the Rule road out about eight miles northwest of Stamford on the Spur road. There a cow thought to take up the space Mack was using. Result, collision, with the radiator torn up, grill ruined, both headlights demolished and Mack a little shaken up, though he was not running over fifteen miles an hour when the accident happened. Mack said he thought the cow was not hurt very badly, as she ambled off into the barrow ditch, where she stood a few minutes and then lay down. In a few minutes she was very dead.

Somebody said the law was passed last fall to the effect that it would be \$200 fine to pasture stock along highways. We learn 86 head of cattle were counted on the road to Spur, 95 miles—nearly a cow for every mile—recently. Cattle lose their lives this way. Owners lose their cattle, but, worst of all, folks frequently lose their lives, it is pointed out. At any rate, it is a great hazard, anyway you may take it.—Stamford Leader.

JUNIOR PLAY IS GIVEN MONDAY NIGHT

One of the best plays rendered in Spur in several years was the audience verdict Monday night following rendition of the Junior play at the Palace Theatre. "Here Comes Charley" was the name of the play and it was directed by Miss Nina Beth Landers.

Fred Kinney had the male lead and the surprise came when "Charley" was found to be a girl—part played by Miss Isabelle Campbell. All the characters showed good training and gave a fine rendition of their parts.

W. M. Bumpus was on the sick list the last of the week.

FFA Boys Win Prizes at Amarillo

Three FFA boys, Colin Denson, Durward Pickens and Roger Garrison and their teacher, C. B. Middleton were in Amarillo from March 9th through the 13th attending the Amarillo Fat Stock Show. Denson entered fat lambs and won 5th, 6th and 7th places in his division. Durward Pickens entered a calf, winning seventh place. Roger Garrison entered a calf which was sold at the close of the show.

Mr. Middleton plans to enter a number of calves at the South Plains Meat Show the last of this month. The boys feeding the calves are grooming them for this final showing of the year and sale following the show.

Durward Pickens' calf, fed under the direct supervision of Mr. Middleton, won the grand championship at Lubbock last year. It has not been decided whether Durward will enter this year or not, but there will be other calves of fine breeding fed under Mr. Middleton's supervision in the Lubbock show.

FFA boys from McAdoo and Patton Springs also plan entries in the Lubbock show. Earl Van Meter, Jr., of McAdoo, winner at Spur is expected to enter his calf. This calf was selected by Mr. Middleton and has received quite a bit of his attention.

Farm Program Plan Under Way

By G. J. Lane, County Agent

Farmers who want to participate in the benefits of the new Soil Conservation and Domestic Allotment Act but who also want to go ahead with their planting while the season is favorable without waiting for full details might do well to be guided by their last year's planting, putting acres which were "retired" under the old program into soil building crops for 1936, according to Jack Shelton, vice director and state agent of the Extension Service, who has just returned from the regional meeting at Memphis called by the Secretary of Agriculture to help work out ways to put the act into effect.

It is a soil utilization and soil conservation program and crops will be classified as soil depleting crops, soil conserving crops and soil building crops, Shelton states. Cotton, corn, wheat and grain sorghums are our principal soil depleting crops in Texas and farmers making planting plans will have to remember this fact. There will be no crop control program, the Secretary of Agriculture has stated, but for working out the details of administering the Act, a job which has been assigned to the Agricultural Adjustment Administration, recommendations made at the four regional meetings will be assembled in Washington and from these will be developed the program which will finally be sent to the country.

It now seems that payments will be made directly to farmers based on the productivity of the land devoted to soil conservation; and that they will be made on proof of compliance, Shelton explains. "Farmers and agricultural workers at the Memphis meeting seemed in good spirits and determined to iron out all difficulties in the way of getting the program under way. There seemed to be a feeling that we are fifty years late on a soil conservation program right now, but there is hope in all the experimental studies that have been made. There are 17 experiment stations placed in strategic positions over Texas, many of which have worked for a long period of years. They have accumulated much tested information which is going to be of great value in establishing what is proper land utilization and conservation. At least we know pretty well what good practices are and what crops are responsible for the great erosion menace which is at tacking our country at this time," he concluded.

Spur Cattle in Snow

Cattle shown above were found in the feed lot at the Texas Agricultural Experiment Station, Spur, Jan. 29, enjoying their feed in the snow. At the same time cattle in the coast country were being milled to keep from freezing and the temperature was not so low. The

cattle being fed this year at the Spur station came from the well known S M S Ranch. One of the unexplained puzzles is the ability of Texas bred cattle to go into the Corn Belt States where the temperature frequently plunges below zero and do as well or better than the native cattle.

Are YOU HAPPY After Meals

Or Do Gas on Stomach and Sour Stomach make you Miserable?

Too much food, or the wrong kind of food, too much smoking, too much beer, make your body over-acid. Then you have distress after eating, gas on stomach, heartburn, sour stomach. ALKA - SELTZER relieves these troubles promptly, effectively. Use Alka-Seltzer for Headache, Colds, Fatigue, "Morning After Feeling," Muscular, Sciatic and Rheumatic Pains. Alka-Seltzer makes a sparkling alkaline drink. As it contains an analgesic (Acetyl-Salicylate) it first relieves the pain of everyday ailments and then by restoring the alkaline balance corrects the cause when due to excess acid. Alka-Seltzer tastes like carbonated mineral spring water—works like magic. Contains no dangerous drugs... does not depress the heart... is not laxative. Get a drink at your Drug Store Soda Fountain. Keep a package in your home medicine cabinet.

The Patton Springs school celebrated its first anniversary March 9. The last issue of the Ranger, the school paper, gives a short account of the past year's activities and states that if present "careful management is continued" the school will operate this year on a cash basis. The school is doing quite a bit of work preparing for the County Meet including several practice games in playground ball and volley ball with other schools.

During February the Red Mud, Dry Lake and Wichita Schools served hot lunches to 100% of their children. They were awarded \$1.00 each as prizes. This warm food helps very greatly in increasing efficiency in school work.

During the last two months, the Twin Wells and the Red Mud school won in the Adult Visitation contest with 73 and 67 visitors respectively. The schools were awarded \$1.00 each for the purchase of a book.

Wichita School and Patton Springs won the award last month for the best news sent into the office.

Says Dangerous Varicose Veins Can Be Reduced At Home

Rub Gently Upward Toward the Heart as Blood in Veins Flows That Way

If you or any relative or friend is worried because of varicose veins, or hunches, the best advice for home treatment that anyone in this world can give, is to get a prescription known as Moore's Emerald Oil.

Simply ask your druggist for an original two-ounce bottle of Moore's Em-

erald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you should notice that they are growing smaller and the treatment should be continued until the veins are no longer troublesome. So penetrating and powerful is Emerald Oil that old chronic sores and ulcers are often entirely healed.

MENNEN Antiseptic OIL

NEW SAFETY FOR BABIES

Mother, most hospitals now protect their babies against germs and skin-infection by rubbing Mennen Antiseptic Oil all over the baby's body—every day. This keeps the baby's skin smoother, softer, lovelier and SAFER. So, mother, do as hospitals do, as doctors recommend. Give your baby a safety-rub with Mennen Antiseptic Oil daily thruout his diaper-days. See your druggist.

TEXAS CENTENNIAL

A hundred years of freedom, Never beaten in the fray; A hundred years of independence,

And look what it is today.

The flags of foreign nations Have waved above its sod, And across its wide prairies Many Indian feet have trod.

To brave pioneers of early days We give three lusty cheers, For they helped make Texas, In the first half hundred years.

Sam Houston the father of Texas, The man who was "six feet six", Hew we wish you were with us To celebrate nineteen thirty six.

A whole century of progress, Building greater things each day, And we'll never forget the ones, Who helped make Texas what it is today.

Chevrolet's high-compression valve-in-head engine gives economy without equal!

FOR ECONOMICAL TRANSPORTATION

Every test proves it's more economical . . . Every Chevrolet owner knows it's more economical . . . And every person will readily understand these simple A-B-C reasons why it is more economical

The Chevrolet engine is the most economical automobile engine produced today, because (1) it is a six-cylinder engine, and (2) it is a valve-in-head six-cylinder engine. . . Its six cylinders use less gas and oil—in fact, use the least gas and oil—because six cylinders are the most economical combination used in modern automobiles. . . Its valve-in-head design cuts gasoline consumption still lower because there is less loss of heat through the walls of the combustion chamber in valve-in-head engines, and the advanced construction of the Chevrolet engine gives maximum heat (or power) saving. . . Most important of all, Chevrolet's more efficient cooling system, pressure stream oiling and the greater accessibility of all working parts result in more dependable operation, over a longer period of time, with the lowest maintenance costs.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the character, standing or reputation of any individual, firm, concern, or corporation that may appear in the columns of the Texas Spur will be gladly corrected when called to the attention of the editor. It is not the intention of this newspaper to wrongly use or injure any individual, firm, concern or corporation and corrections will be made when warranted as prominently as was the wrong published, reference or article.

A WELCOME HAND

On Friday and Saturday of this week the first contingent of school children from the schools of Dickens county will be in Spur for the annual County Meet. Then next week the big end of the program will be given.

Spur with its teachers and pupils welcome these visitors again. Their visit in a group is always a happy occasion and is one of the happiest moments of school days. For the first time the Charles A. Jones Memorial Stadium will be used in a county wide affair, the first of annual programs that will grow with the years. And, may all present have a wonderful time even though everyone present does not win a prize.

CREDIT TO HIGHWAY DEPARTMENT

Praise to the Dickens County Unit of the State Highway Department is due from the traveling public for the fine piece of work being done on the right of way of Highway 18 between Spur and Dickens. Some of the hazards of fast traveling are being removed through cooperation of the Department and the land owners. More of this cooperative spirit and Texas will have more and better improved highways.

A RETIREMENT FUND FOR TEACHERS

Teachers of the state are calling attention to the constitutional amendment to be voted on in November authorizing the legislature to set up a teacher retirement fund for Texas. They are emphasizing particularly that this is no proposal for a pension for aged teachers. Rather it envisions a system of insurance, which, in future years, will pay funds to retired teachers in proportion as they have contributed to the system during their years of service in the schools. The state will be called on to match payments made by individual teachers, appropriating revenue from the general school fund for that purpose.

The project thus involves a taxpayer expenditure. Whether this expenditure will be offset by other items is a matter which perhaps can now be determined.

Quite possibly, as the years pass, the greater security given teachers will tend to hold individual pay checks lower than they otherwise would have to be. Most assuredly the state could expect a better type of service from its teachers, and a smaller degree of teacher turnover. Fewer persons would leave the profession for other occupations, and more persons would look to teaching as a satisfying and permanent vocation.

The decision of the state electorate on the proposal is quite a distance off, but there should be from the first a thorough understanding of the proposition presented by the teachers.—Houston Chronicle, February 6.

JEST SMILIN' AROUND

By A. Farmer

The folks in charge of arrangements for the Democratic convention to be held in Philadelphia are taking a special interest in beautifying the walks and bridal paths near the convention hall, especially those leading away from the hall. They seem to have at heart the comfort and convenience of any person who wants to take a walk. It is noticeable that none of the paths lead even in the general direction of Washington. They are paying special attention to the one that leads down to a deep lake and continues right on into the water and have placed signs along the way reading "This way, Al;" "Left, right—Left the right" and then one right at the edge of the water saying, "Take a running jump".

MONOTONY

O sad old clock upon the wall,
What humdrum task you do;
To count the hours up to twelve,
And then start in anew.

In dozen lots you box them up
Two boxes every day;
And on the shelf of of yesterday
You lay them safe away.

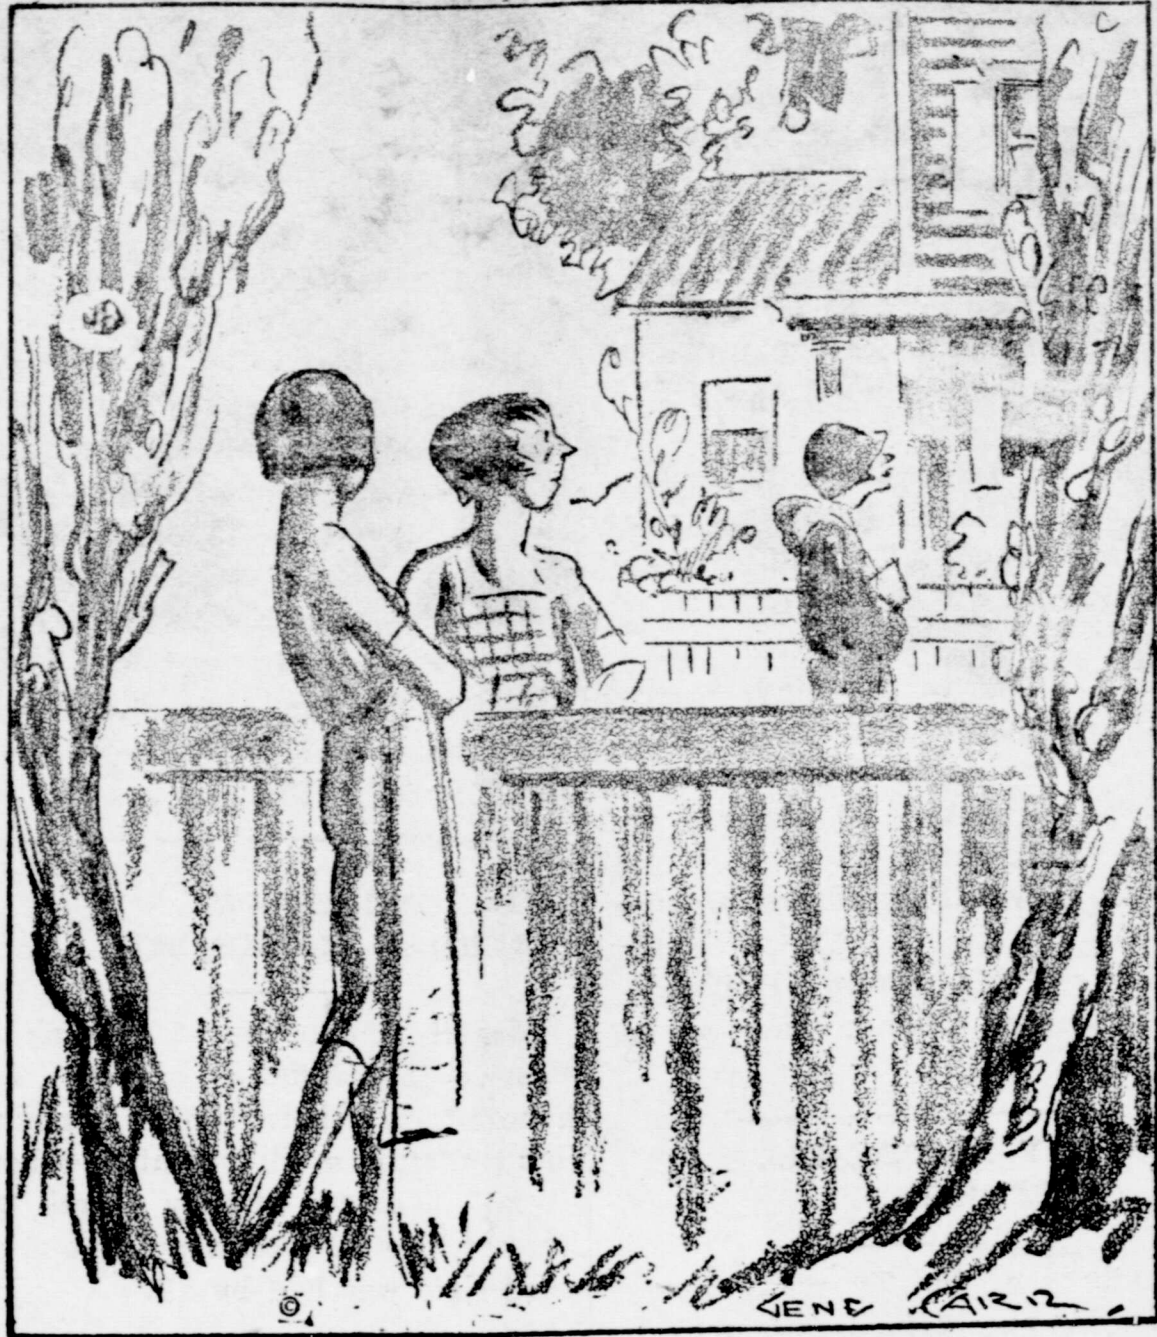

Perhaps you are like Sisyphus
Of Homer's ancient song,
Condemned to do an endless task
To expiate a wrong.

If this is so, it does no good
To murmur or to whine;
I know, because the work you do
Is very much like mine.

DEMONSTRATOR MAKES YARD IMPROVEMENTS

The yard fence has been moved to enlarge the yard of the F. B. Crockett home in the Espuela community. Mrs. Crockett is yard improvement demonstrator for her club. Miss Onah Jacks, Extension Specialist in Landscape Gardening, drew a planting plan for the Crockett home last summer and they are following the plan in making their improvements.

Besides moving the fence the yard is being filled in and grass roots will be set using native grass. Twelve or fifteen chinese elms have been set to the sides and back of the house and shrubs have been set along the north side of the house.

PLANTS SET IN JANUARY ARE GROWING

"The lilacs we put out in January are just ready to burst into bloom. They are just a little behind the ones not transplanted," reports Mrs. W. O. Garrison, cooperator in yard improvement work in the Red Top home demonstration club, where 28 foundation shrubs were set in January.

"I believe every shrub put out in the demonstration is going to live. Several have already leafed out. We have our grass planted so it won't be long until we have a different looking place," she added.

YARD DEMONSTRATOR MAKES IMPROVEMENTS

"Many who have passed the place since we moved the fence between the house and the road have stopped to tell us how much it has improved the appearance of the place," said Mrs. Jim McArthur, yard improvement demonstrator for the Red Top home demonstration club.

Besides moving the fence Mrs. McArthur has made other improvements. She has set all the foundation shrubs her plans call for, she has set out six rooted rose bushes and has rooted six or eight cuttings; she has set a group of five chinese elms to screen the barn and lot.

An old smoke house is to be moved to the back of the house and near the kitchen for convenience; the wood pile will be moved back beside the chicken yard and the farm implements will be grouped against the barn.

Several years ago the McArthurs set Chinese elms about the house, and across the front beyond the drive. Last year a flagstone walk was laid and part of the yard was set in bermuda grass. The rest of the yard is to be set in grass this spring.

DUMONT GIRLS SCORE JELLY

The Dumont club girls learned to score jelly by the five points used in judging jelly in their meeting Thursday morning. Those five points are: container, color, clearness, texture, and flavor.

The girls are to make jelly and score it by the above outline. Orchard plans were made for a fourth acre orchard to be set during the next three years.

Members present were Capitola Bohner, Dolly and Dorothy Carpen-

ter, Leoma Hodgins, Elouise Jones, Agnes Pense, Theatus Rogers, Bama Nell Smith, Edna Erle Thomas, Mildred Galyean, Ima Jo Smith, Vohndell Lesly, and Miss Dale Brewster, the sponsor.—Dolly Carpenter, Reporter.

CLUB STUDIES VEGETABLE COOKERY

The cheese sauce made by adding grated American cheese to hot white sauce was very good on the boiled cabbage in the platter meal Miss Pratt prepared in the vegetable cookery demonstration for the Wichita home demonstration club Friday afternoon at the home of Mrs. M. S. Lambert.

The white sauce is made by mixing two tablespoons flour with two melted butter and adding one cup milk and cook until thick, stirring constantly. The cheese sauce may be made without the flour and using half as much milk.

The next meeting of the club will be March 27 with Mrs. Mollie Hamilton for the fashion program.

Members present were Mmes. C. G. Hollingsworth, Earl Murchison, Imogene Hash, W. T. Lovell, I. J. Hurley, G. S. Hamilton, J. E. Copass, G. C. Pierce, M. S. Lamber and Miss Maurice Riddle. Visitors were Mmes. D. H. Giddens, V. F. Leonard, J. P. Legg.—Reporter.

HIGHWAY COMMUNITY CLUB RE-ORGANIZES

The Highway Community Club met for reorganization March 4th. Our county agent, G. J. Lane, was present and explained the purpose of the organization. He also took a farm inventory of the community.

The following officers were elected: Bob Hahn, chairman; J. J. Allen vice chairman; Mrs. Ovie Draper, secretary; Mrs. T. L. Denson, reporter. Program committee: J. Vernon Powell, M. E. Tree, and Mrs. L. A. Wellborn.

There were eighteen families present, and good interest was shown. The next meeting will be March 19th. Everyone is urged to be present. Reporter.

INTERESTING MEETING HELD AT DICKENS

The Dickens Community Farm Association held an interesting meeting last Wednesday evening with about fifty present. Much interest was shown in discussion of a farm program for the future. The majority expressed themselves as in favor of an all around program.

ELMER FLUD DIED FOLLOWING OPERATION

Elmer Flud, 12, son of Mr and Mrs. Henry Flud, former residents of Lower Red Mud community, died in a Lamesa hospital the last of the week following an operation for appendicitis. Funeral services were held Sunday at Lamesa by Rev. Brannen, Baptist pastor. Interment followed at Pride cemetery.

Attending the funeral services from Spur were Mr. and Mrs. W. N. Cummins and family and Mr. and Mrs. J. C. Flud and family.

NUMBER OF NEW BOOKS LISTED BY CITY LIBRARY THIS WEEK

The following new books have been added to the City Library this week:

"It Must Be Your Tonsils" by Kenneth Roberts, a hilarious story of America's favorite operation

"American Chamber of Horrors", by Ruth de Forest Lamb—This sensational and shocking book has been two years in preparation. It is the story of the Governments war to protect you from impure, adulterated foods, fraudulent and dangerous medicines, poisonous cosmetics.

"I'll Mourn You Later," by Catherine Whitecomb, a first novel of freshness, and delight—a story of age contrasted with youth, death with life, of love frustrated with love triumphant.

"Old Jules" by Marie Sandoz. The Atlantic \$5,000 non fiction prize book of 1935. The life story of Jules Sandoz, a Swiss by birth educated in the medical school at Zurich, after a break with his father he came to America seeking his fortune. Pushing westward he finally settled in the sandhills region of Nebraska where it took him forty years of labor and strife to convert those sand hills into land for homes.

"Look Away! A Dixie Notebook" by James H. Street. This author as a cub reporter witnessed his first lynching at the age of 14. He has seen floods, tornadoes, murder trials voodoo ceremonies. He has traveled back and forth across the south until he knows it like most people know their back yards. An intensely interesting book on the South, by one who was born there and has made his home there.

"The Exile" by Pearl S. Buck. This is the biography of an American woman in China. The life story of Pearl Buck's mother. A true story with all the color and drama of fiction.

"Seven League Boots" by Richard Halliburton. In the tracks of Hannibal he rode his elephant over the Alps, through 8000 ft. Great St. Bernard Pass, because he thought it would be amusing. This and scores of other things this splendid author does for the same reason. Bringing to you the sights and great experiences of the world. Entertaining and amusing you as no other author of travel books can.

"Tell Me About Texas" by Mrs. Grover C. Johnson. Old Texas history stories told in a new way and by a new author.

CLOTHING MARKET TO OPEN AT LUBBOCK MARCH 26TH

Lubbock, March 17.A big floor show followed by a dance, at which the retail clothing merchants of West Texas and New Mexico will be special guests will be staged here Thursday evening, March 26, opening day of the 12th semi annual Wes-Tex New-Mex Wholesale Clothing Market, O. J. Sexton, president of the market association has announced.

Approximately 300 merchants with members of their families, department heads and other employees are expected as guests of the association at this show, Sexton, said.

Reservations from 125 wholesale lines from the Dallas, Kansas City, Los Angeles, St. Louis and San Antonio and other markets have been made for the market, assuring the biggest assortment of ready to wear millinery, shoes, mens wear, and other clothing that has ever been assembled in West Texas.

Sample rooms will be opened at both the Hilton Hotel and the Lubbock Hotel with ballrooms, private dining rooms and all available sample rooms at both hotels filled to capacity

"This is the twelfth semi annual vent of this kind we have staged in Lubbock," Sexton said. "And indications are that this will be the biggest from the standpoint of merchandise stocks that we have ever had."

"For the past several markets, we have had retail merchants from Texas, New Mexico, Oklahoma and Arizona in as buyers in the market because of the big stock of merchan-

dise available and the entertainment program offered to the visitors.

A RECORD OF HONESTY AND FAIR DEALING

THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF DICKENS COUNTY—GREETINGS:

You are hereby commanded to summon L. A. Burney, whose residence is unknown, to appear at the next regular term of the District Court of Dickens County, Texas, to be held at the courthouse thereof, in the town of Dickens, on the fifth Monday in March, 1936, and there to answer a petition filed in said court on the 30th day of January, 1936, the file number of which is No. 1422, in which suit, Walter T. Galloway is plaintiff and L. A. Burney is defendant; the cause of action being alleged as follows: Suit upon three promissory notes aggregating the principal sum of \$600.00 with interest at the rate of 10% per annum from April 4th, 1933, and attorney's fees of 10%, said notes executed by defendant and payable to G. W. Moore, and secured by a vendor's lien upon all of Lot No. 12, in Block No. 15, Town of Spur, Dickens County, Texas. Plaintiff alleges that he is now the holder and owner of said notes and entitled to the collection thereof; that said notes were due in one, two and three years from date, and are now past due and unpaid or any part thereof. Plaintiff prays for judgment establishing his debt, and for foreclosure of his vendors lien upon the above described property.

You are hereby commanded to so summon such defendant, and to serve this citation, by making publication of this citation one in each week for four consecutive weeks previous to the return day hereof in some newspaper published in your county; but if there be no newspaper published in said county, then in any newspaper published in the nearest county where a newspaper is published.

HEREIN FAIL NOT, but have before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and seal of office this 30th day of January 1936. (Seal) Mrs. Nettie Littlefield, Clerk of the District Court, Dickens County, Texas.

Issued this the 30th day of January, 1936. Mrs. Nettie Littlefield, Clerk of the District Court, Dickens County, Texas. Feb. 27 Mar. 5, 12, 19.

THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF DICKENS COUNTY—GREETINGS:

You are hereby commanded to summon Robert Horn by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published therein, but if not then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Dickens County, Texas, on the fifth Monday in March, 1936, the same being the 30th day of March, A. D. 1936, then and there to answer a suit, numbered on the docket of the 25th day of February, 1936, in said court, No. 1425, wherein Mrs. Bertha Horn is plaintiff and Robert Horn is defendant, said petition alleging that plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of 12 months prior to exhibiting said petition and that plaintiff has resided in the County of Dickens for a period of six months next preceding the filing thereof; that on or about the 25th day of December 1901, plaintiff and defendant were legally and lawfully married together; that they continued to live together as husband and wife until on or about the 11th day of September, 1929 when, defendant, with the intention of permanently abandoning plaintiff left their home in Dickens County, Texas, since which time they have not lived together as husband and wife; that such abandonment has existed for more than six years; that there are no children of said marriage under the age of sixteen years and plaintiff prays for divorce on the grounds of abandonment.

Alleging that on the 10th day of August A. D. 1929, plaintiff was legally married to defendant, at Clovis, New Mexico, and lived with him as his wife until the 5th day of November, 1934 when by reason of cruel and inhuman treatment she was forced to leave him, and has not lived with him as his wife since. Wherefore plaintiff prays the court that the defendant be cited to appear and answer this petition and that she have judgment for divorce and custody of their minor child, Bettie Joe Runton.

HEREIN FAIL NOT, but have before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal of office this 25th day of February, 1936, at Dickens, Texas. (Seal) Nettie Littlefield, Clerk of the District Court of Dickens County, Texas. Feb. 27 Mar. 5, 12, 19.

CITATION BY PUBLICATION

THE STATE OF TEXAS TO THE SHERIFF OR ANY CONSTABLE OF DICKENS COUNTY—GREETINGS:

You are commanded that you summon Haskel H. Runton, by making publication of this citation for once a week for four consecutive weeks to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where there is a newspaper published, to appear at the next regular term of the District Court of Dickens County, to be held at the court house thereof on the fourth Monday of March, A. D. 1936, the same being the 30th day of March, A. D. 1936, then and there to answer a suit, numbered on the docket of the 25th day of February, 1936, in said court, No. 1425, wherein Mrs. Bertha Horn is plaintiff and Robert Horn is defendant, said petition alleging that plaintiff has been an actual bona fide inhabitant of the State of Texas for a period of 12 months prior to exhibiting said petition and that plaintiff has resided in the County of Dickens for a period of six months next preceding the filing thereof; that on or about the 25th day of December 1901, plaintiff and defendant were legally and lawfully married together; that they continued to live together as husband and wife until on or about the 11th day of September, 1929 when, defendant, with the intention of permanently abandoning plaintiff left their home in Dickens County, Texas, since which time they have not lived together as husband and wife; that such abandonment has existed for more than six years; that there are no children of said marriage under the age of sixteen years and plaintiff prays for divorce on the grounds of abandonment.

1936, the same being the 30th day of March A. D. 1936, then and there to answer this petition, filed on the 26th day of February A. D. 1936, in said court, in said suit No. 1426 on said docket, of said court, said petition, wherein Edna Runton is Plaintiff and Haskel H. Runton is defendant.

Alleging that on the 10th day of August A. D. 1929, plaintiff was legally married to defendant, at Clovis, New Mexico, and lived with him as his wife until the 5th day of November, 1934 when by reason of cruel and inhuman treatment she was forced to leave him, and has not lived with him as his wife since. Wherefore plaintiff prays the court that the defendant be cited to appear and answer this petition and that she have judgment for divorce and custody of their minor child, Bettie Joe Runton.

HEREIN FAIL NOT, but have before said court on the said first day of the next regular term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of the said court this 25th day of February, 1936.

Nettie Littlefield, Clerk of the District Court, Dickens County, Texas. Feb. 27, March 5, 12, 19.

"ROSE MARIE" FROM THE MOTION PICTURE COMING SOON

PALACE THEATRE

Marie de Flor, famous opera singer, while searching for her brother (an escaped convict) in the Canadian woods, has fallen in love with Sergeant Bruce, one of the Mounted Police. They are soon to separate and they tenderly sing the "Indian Love Call" to each other.

Marie finally reaches her brother John's hide-out in the woods after managing to elude Bruce. Bruce, too, is looking for him, but though Marie does not know it he is aware that she is John Flower's sister. After joyful greetings John takes some money from Marie and makes preparations to leave the country that night. He has a canoe ready with supplies.

"All right, Flower!" someone says from the doorway Marie and her brother whirl around. It is Bruce! John reaches for his gun but Bruce has him covered. Marie is horrified. The man she loves is arresting her brother! When she tells Bruce, he admits that he knows about John—has known it all along. Then Marie believes she understands. He has been making pretended love to her hoping to find out John's whereabouts. She is heartbroken.

Bruce starts to ride off over the hills with John. Marie rushes to the door to make a last desperate plea. As she raises her voice in the "Indian Love Call" the two horsemen stop. John waves his hat to her. Bruce is still and silent. Will love triumph over duty? Will he turn back? See the next issue for the concluding episode of "Rose Marie."

Deputy Sheriff Wayland Lee is looking after auto license collections this week at Spur, having a desk at the Spur Motor Company. Bill Gipson is looking after the office at Dickens.

Justice W. H. Parks placed John Peacock of Spur and Bud Peacock of Paducah under \$1,000 bond each Tuesday morning on complaints alleging theft and burglary. The accused are alleged to have taken hams and sausage and three sets of harness from the H. V. Nettles home at McAadoo Monday night. Tuesday morning Deputy Sheriffs Finley and Dillon found the stolen articles buried under the tent of John Peacock at Spur and arrested the two men.

Farm & Range

News

By F. G. C.

According to the daily papers the new farm program boils down to a lease of so much per acre on land planted in soil conservation crops, and so much per pound for cotton that could have been raised, based on average yield. The soil conserving crops will probably mean just that and it will not be as easy to ignore as under the AAA leasing where crops could be grazed or harvested and fed. The per pound payment will not, we hope, be open to argument, but will be adjusted in a satisfactory manner for everyone.

W. S. Smiley of Afton has been hauling cotton burrs and scattering them on his farm since 1924. He has been planting peas in every third row on feed land for several years. Now he is terracing his farm, using the county equipment for the job. Programs like this on the majority of the farms would certainly eliminate any need of a farm program.

A number of Texas counties have equipment and crews for terracing farms. Think what it is worth to have such an arrangement. Our road crews are trained in their work and we get the benefit of that training. A terracing crew could be trained and take that training to every farm.

Robert McAtter attended the Amarillo Show and said he enjoyed it very much. Plenty of fine cattle and all selling at good prices. Bob said if he had had his trailer he would have been sorely tempted to bring some young bulls home with him.

Had a fine visit with the Patton Springs FFA Club last week at their father and son banquet. They are a live bunch and are doing things, and are getting some good support from a fine bunch of fathers, besides a wide awake school faculty.

J. C. McNeill made two bull sales the past week. One lot going to Sweetwater the other to Truscott.

The McNeill cattle have always been popular for herd-heading sires of real quality. Although they have not stormed all the show rings of the country they are recognized by good breeders over the state.

Farmers will be interested to know that G. L. Barber has bought a Percheron stallion and a good jack from T. B. Hicks. Mr. Barber will keep both in Spur.

Contrary to what you read in the papers, a Holstein cow does not hold the world's record for milk and butterfat. It is held by a milking Shorthorn by the margin of 212 lbs. This Shorthorn cow is in Australia a long way off but a part of our world nevertheless.

Consider this — if all the people who drank coffee drank milk instead it would require 3,981,250 more milk cows to supply the demand. But of course we must help out our friends down in Brazil who ship us so much nice coffee, and the steamship companies who bring it in.

It is said that straw stacks do not indicate the amount of rainfall that a community receives but the type of farming done there. It seems as though that is becoming true of feed stacks in our country. The successful farmer somehow always has feed stacks regardless of season. Perhaps that ability to manage is why he is successful.

The Farmer's Prayer

O, Lord, give us rain,
This wind and dust gives me a pain,
It blows from the north, it blows from the south,
And the continual blowin' is makin' some drouth.
The winds are hot and the sky is like brass,
And it sure is withern' the nice green grass.
The government can have my wheat corn and pig,
But, Lord, send some rain so the grass will grow green.
Give me grass for the old Jersey cow,
A few hens for eggs and I'll make it somehow.
My shelves are stacked high with government letters,

WEATHER

Following is the weather reports as listed by the Spur Experiment Station for the week of March 11 through the 17th.

Wednesday, March 11: high 68, low 40; clear.

Thursday, March 12: high 69, low 40; clear.

But I'm still not free from my binding fetters.

My debts are big and the interest is high,

And the day of reckoning is fast drawing nigh.

Lord, give us grass up to old Jerseys knees,

And I can sit back and take my ease.

With a couple of cows, some hens and a bee

From all care and worry I'll soon be free.

I'll live in the land of milk and honey,

So why should I fret if I don't have any money?

So give us rain to make the earth anew,

And after that let us have skies all blue.

Men have plotted and men have planned,

But none yet equalled your Master-hand.

At times man may seem proud and vain,

But Lord, he is humble when you don't send rain.

32; clear.
Friday, March 13: high 84; low 30, clear.
Saturday, March 14: high 86; low 40; partly cloudy, sand storm.
Sunday, March 15: high 83, low 45; clear.
Monday, March 16: high 79; low 45; clear, sand storm.
