

Plans Being Made For Biggest Event In History Of City Armistice Day

The biggest crowd to ever come to Spur in one day is expected Wednesday, November 11th, when the Paducah, Matador and Spur Posts of American Legion combine in celebrating Armistice Day. Opening with a parade at ten o'clock, a program at the Charles A. Jones Memorial Stadium, free barbecue at noon at the Swenson Park, football game at two o'clock, the day will end with Pigskin Parade" feature picture sponsored by the Boyd M. Williams Post at the Palace Theatre.

In the parade which will start at the Wichita Valley depot Paducah will lead with Matador and Spur groups following in order. Each division will be led by the ex-soldiers, then the school children, special guests, chuck wagons, old time rigs and floats will follow. V. V. Parr will have charge of the entire parade. Webber Williams will be in charge of the Spur division.

The tentative plans call for the parade to disband at the stadium gates. Taps will be blown at eleven o'clock with everyone facing the west one half minute in silent prayer. The invocation will be pronounced by Rev. R. C. Brown, Chaplain of Spur Post, after the singing of "America" by the assembly. Carl Arthur will deliver a declamation on "Armistice Day." "Hinky Dinky Parlez Vous" will be sung by the school children. Then a pantomim will be put on by the school, "Mother's Dream." "Over There" will be sung by the school children. E. S. Crider will introduce the speaker for the occasion, Hon. George Mahon, Congressman from the 19th District of Texas. Announcements will be made following Mr. Mahon's address before adjournment to the barbecue grounds for lunch. Post Commander Ernest M. Hale will preside during the program.

After lunch beginning at two o'clock the Spur Bull Dogs will face the Paducah Dragons in a District 4B football game. After the game and that night Spur Legion Post is sponsoring the feature picture at the Palace Theatre.

Whole hearted response is being received by the local Legion Post and school officials in working out the details of the program. A delegation went to Paducah Monday night and Paducah said they would be here 1,000 strong. Matador is also cooperating and will bring large number of people. Every ex-service man in Cottle, Motley, King, Kent and Dickens Counties is asked to be present and take part with his post.

Chuck wagons from all the big ranches are being invited they in turn will invite others to be their guest for a reunion. Old time rigs will be in the parade. Floats are being planned by Spur merchants. The Boy Scouts will take part as well as certain school units. Enough beef has been secured to feed the crowd and the Spur Legion Post, experienced in feeding large numbers, will look after this detail.

Spur has the facilities with its stadium and park to put on an event of this kind and if the one being planned is successful there is little doubt but what it will be made an annual affair. As I. R. Lines of the Fort Worth Chamber of Commerce stated Tuesday while here on a visit: "I have been in nearly every city and town in the state and I have found nothing to compare with your stadium and park. I know you have some fine people here."

To Attempt To Prove Jesse James False

The Texas Spur is reliably informed that a group of Spur men are planning to prove Jesse James false when he appears here Friday at the Spur Theatre. These men state they knew Jesse and Frank James many years ago in East Texas and do not believe the man coming here is the original as claimed in the advance advertising.

Miss Clara Pratt has as her guests this week her parents, Mr. and Mrs. H. L. Pratt, and brother, Henry, and sister, Mrs. O. W. Ellis and children, all of Willis.

General Election Next Tuesday

The biennial general election will be next Tuesday. At the top of the big ballot Texas voters will select their presidential electors for the party which they desire to vote. Next in order is the United States Senator, then the state officers beginning with the governor.

The district candidates follow the state nominees on through the county and precinct offices. The proposed amendment to the Constitution of the State of Texas are on the bottom of the ballot and are numbered this year from one to six.

Election officials for this county were announced several weeks ago and most of them will serve with the election judge in each precinct filling the vacancies. The West Spur voting booth will be at the Spur Security Bank with the East Spur box in the Masonic building in all probability.

The polls will open at eight o'clock in the morning and close at seven in the evening. The heaviest general election vote since 1928 is forecast for Texas because of the work of all parties in urging their adherents to cast their ballot this year. A fairly complete report will be available Wednesday morning to show the way the nation voted.

Cotton Ginning Slows Up In County

Cloudy and rainy weather has continued to hamper cotton picking in Dickens County. Spur gins were running again the first of the week after a virtual shut down for several days last week. The six gins report 2878 bales to Wednesday noon, short of 3,000 bales by over a 100 bales. For some reason a report was released last week stating that over 3,000 bales had been ginned at Spur. The Texas Spur compiled no report last week.

Reliable reports from gins over the county indicate that less than 1500 bales have been ginned of the 1936 crop by other gins in the county, leaving the total still short of 5,000 bales for the year. Cotton men who make a study of crops still think this year's crop will be far short of 10,000 bales. Others maintain that when the final March report is in that the total will run above 12,000 bales.

BOY SCOUTS PLAN TO ATTEND CIRCUS AT LUBBOCK

Scout Masters O. L. Kelley and G. B. Wadzeck met with the Scouts for their regular meeting Monday evening at the scout house at six o'clock.

After discussing plans for attending the Scout circus in Lubbock the Scouts accompanied by Mr. Kelley enjoyed a treasure hunt which directed them to the C. A. Jones Memorial stadium. The treasure chest contained candy and marshmallows which were toasted over a bon fire.

Sam T. Clemmons joined the party at the stadium where plans were discussed for a Senior Patrol Leader. Contests and out door games were enjoyed.

Those present were Raymond Ince, Frank Vernon, John Joe Costellow, Stephen Barkley, Bill Laine, G. J. Lane, Martin Cargile, James Franklin Laverty, V. C. and Jeff Smart, Ray Taylor, Eugene Taylor, Charles Christiansen, Orville Finley, Lloyd Barber, O. L. Kelley, G. B. Wadzeck and Sam T. Clemmons.

TO CONDUCT VOTE SALE

Speer's Variety Store has announced they will conduct a sale this week ending a week from Saturday, "The People's Choice" and they ask that you cast your vote with them. Full particulars can be obtained from their big four page circular.

District Football Committees Plans For Final Games

At a called meeting of District 4 Thursday night at Matador the Football Interscholastic League Executive Committee acted on some matters of vital importance to those who are in the closely contested race for championship in southern half of this district. The championship in this half must be decided by Nov. 20 which means there will be time for only one game to be played in case there occurs a two-way, or three-way tie in this half of the district. The committee felt that it is wiser to adopt some plan whereby championship might be decided in case of tie before personal feelings became active.

The minutes of this meeting are quoted so that all interested may know the disposition made of these matters:

"Motion made and seconded that in case of a tie in percentage in the South Half the two tied schools shall play the tie off November 20, 1936. Motion carried.

"Motion made and seconded that in case of a three-way tie in the South Half the three teams shall be disposed of as follows: Each team total touchdown points plus its penetration points be added and that the two leading teams having the highest total for its three conference games be selected to play off. If a tie still exists first downs shall be counted. The third team shall participate equally in the net receipts of the play-off game. The two schools represented in each game played in the conference, race shall approve by the signatures of both the superintendents and principals of said schools the referee's record of first downs, penetrations, and scores made. This signed report shall be filed with the District Chairman."

Superintendent Thomas and Coaches Wadzeck and Martin represented Spur Schools in this meeting.

Spur Motor Co. To Show Newest Chevrolet Nov. 7

The finest Chevrolets in the company's quarter-century of automobile manufacture will make their bow here and throughout the country on Nov. 7. E. L. Caraway, of the Spur Motor Co., Chevrolet dealers, announced this week, upon his return from Dallas, where 1,000 dealers and salesmen from this section obtained official news of the new product from H. C. Howard, manager of the Dallas zone, and members of his staff.

Mr. Howard has just returned from Detroit, where 1,000 members Chevrolet's wholesale organization from coast to coast spent four days inspecting and driving the new car and reviewing with factory executives the program to be followed in presenting it. The new models adhere closely the time tried Chevrolet engineering principles, he reported, but combine greater power, economy, safety, and durability with striking new beauty and grace.

M. E. Coyle, president and general manager of Chevrolet, announced during the convention that the company had shattered all previous records during 1936, selling more cars and more trucks than in any previous year in its history, and leading the world in sales for the seventh time in the last ten years. The total for the year will exceed 1,125,000 units, he said, and the objective for 1937 is 1,200,000.

Berry Motor Company Moved

The J. E. Berry Motor Company moved this week to the Ritter building next door east of the post office. They have been in the Nugent Building on Burlington Avenue for the past year. Mr. Berry stated they would be dealers for GMC trucks, J. I. Case tractors and Chrysler and Plymouth automobiles in the future.

Why Teachers Should Have A Retirement Fund

Many people are asking the meaning of the proposed teacher retirement amendment to the Texas Constitution which is to be voted upon November 3. It, in effect, is a provision for a vehicle to provide for superannuated public school teachers. In practice, a teacher retirement system for public education is a business like plan whereby the employer may retire employees on a life income when they are unable to render their best service. The teachers may subscribe to the fund not more than 5 per cent of their annual salaries provided the amount is not in excess of \$180 a year for any one teacher. Some teachers may not set aside anything from their salaries while others may put in the maximum \$180 per year; whatever the amount, the state will match it. A large part of the retirement fund will be secured by compounded interest which accumulates on money set aside in this fund.

Many people are asking why the school teacher should have a retirement fund. Some of the most important reasons why each voter should support this amendment are given here. FIRST OF ALL it will give Texas a more progressive school system. It will do this by removing old teachers from service who because of sympathy on the School Board's part are allowed to continue teaching. The states in the Union which have had retirement of teachers in force for ten years are the leading educational states in our Union.

SECOND, a sound teacher retirement law tends to attract more capable people into the profession because it gives a better guarantee of promotion, tenure in service, and security of retirement. It increases the dignity of the teaching profession.

THIRD, a sound teacher retirement system tends to keep many capable teachers in the classroom, because it is unnecessary for them to seek other employment financially more attractive. Many of our best teachers leave the profession early for better salaries in other lines, thereby leaving the children in the hands of the less efficient teacher.

FOURTH, everyone admits that teachers are underpaid for the preparation required to teach. Since the State of Texas is the employing agency naturally it behooves the State's voters make this joint arrangement whereby teachers may be paid more.

FIFTH, a sound teacher retirement system does not mean class legislation for all public servants and many private enterprises use such a system of retirement. More than 400,000 federal employees have retirement security and protection. Latest reports of 1936 reveal that nearly 5,000,000 employees of over 2,000 large business concerns have retirement privileges and benefits. Many cities and states have retirement plans for firemen, policemen, and other, regular municipal and state employees. More than half of the 48 states have teacher retirement systems and many cities have independent plans. Over 60 per cent of the public school teachers of the nation are under retirement security. It is but natural to raise the question: Why is the State of Texas and its 45,000 teachers excluded from the mutual benefits of a sound retirement system? The obvious answer is that the Constitution of 1876 prohibits the legislature from enacting a retirement statute.

SIXTH, it means a substantial saving to the taxpayers because it makes possible the replacement of superannuated teachers who receive the maximum salaries, by young teachers who begin at a smaller salary; it protects the public from the waste of an expensive school plant manned by a worn out teaching staff.

A vote for the amendment is a vote for better schools for the money expended.—O. C. Thomas.

Spur High Foot Ball Team Faces Hardest Game Of Season Friday Night

Rotary Governor To Be Here Today

FRED WIMPLE

Fred Wimple, District Governor of Rotary International, on a tour of Rotary Clubs in his district will be a guest of the Spur Rotary Club at the regular noon luncheon today. Mr. Wimple will address the club and will take up the entire program time.

Mr. Wimple is a resident of Midland and is in the auto supply business. He was elected District Governor at the May meeting in Fort Worth, taking office July 1.

The club is conducting a three months contest on attendance with Charlie Fox and Jephtha Craig as group captains. Mr. Fox' group is leading by two per cent through the last meeting.

Mahon Working For Return of Roosevelt

Colorado, Texas, October 27—Speaking engagements assigned to Congressman George Mahon by the Democratic National Committee last week included Democratic meetings in New Haven, Conn., New Brunswick, New Jersey; Pittsburgh, Pennsylvania, and a ward rally in New York City. He also spent two days in Democratic Campaign Committee headquarters where he conferred with Congressman Sam Rayburn, Chairman of the Speakers Bureau, Senator Pat Harrison, and other Party leaders.

Mr. Mahon had gone to New York at the request of the Democratic National Committee after filling a week of speaking engagements in New Mexico. En route to the East, he stopped over in Chicago for a conference with Congressman Marvin Jones, Chairman of the House Committee on Agriculture, who has managed President Roosevelt's campaign in the farm states of the Middle West.

Lloyd Croslin, his Secretary, who has kept the office open in Colorado during his absence, states that he expects the Congressman to return about November 3rd, the date of the election.

Trustee-Teacher Meeting At Dickens

The trustees and teachers of all schools in Dickens County will meet at Dickens school building Thursday at 7:30 p. m. for the purpose of discussing common school problems. Deputy State Superintendent J. D. Wilson will be present and will explain a number of problems the schools have facing them now. The rest of the program will be as follows:

- Standardization — Mrs. Madge D. Twaddell.
- Parent-Teacher Goals — Mrs. W. R. Weaver.
- Teacher Retirement Amendment — O. C. Thomas.
- School Board Problems — J. C. McCombs.

Miss Floyd is back at her desk in RSA office after three months illness.

The Spur High Bull Dogs will meet the Whirlwind at Floydada Friday night in another crucial District 4B game. Following a week's herelay off both teams will be ready with their full strength at the opening whistle (Spur will be handicapped with Roger Bingham, stellar lineman on the bench with a broken hand). Floydada will be fighting to remain in the title race while Spur will be after the top position as a result of their downing Matador here ten days ago.

The original schedule called for Spur to play Floydada and Matador to play Paducah Friday night. The latter two teams will play Friday afternoon at Paducah leaving the night time open for Spur at Floydada. Matador will be trying to come back and Paducah will make the supreme effort to stay on top with Spur as a result of their one point defeat of Floydada.

In the north end of the district Silverton has replaced Turkey as the leader due to their smashing defeat of the Turks last week.

Coach Blackie Wadzeck's squad has been slowed up with the bad weather but had long practice sessions Monday and Tuesday. Every member of the team has rounded into shape again after the hard Matador game except Bingham. The team spirit is up which was the outstanding thing that helped them defeat Matador.

Floydada will have a decided advantage in weight with their team outweighing the locals about 14 pounds to the man, a big handicap that will be hard for Spur to overcome. The Whirlwinds lost to Plainview, class A; tied Crosbyton, lost to Paducah by one point, defeated the Lubbock Cowhands and Crowell in games this season. Their back field threats are Wilson and Lightfoot, both weighing over 150 pounds. Lyles, Cox and Kirk are the outstanding linemen.

A large number of Spur fans plan to make the trip as well as the entire pep squad.

Associational Sunday School Meeting

If one of the outstanding values of our Six Point Record System is that it is a Sunday School builder then every Sunday School in the Association should be using that record system. Those who attend the Baptist Associational Sunday School meeting Sunday afternoon, November 1st, in the First Baptist Church, Spur, will have an opportunity to learn about the Six Point record system and how such a system may be installed and operated.

Every one interested in Sunday School work should attend. Every Sunday school superintendent and teacher is urged to attend. The program follows:

- 3:00 p. m. Song service.
- 3:10 p. m. Devotional — George Hicks.
- 3:20 p. m. Why Should a Sunday School Keep Records — Rev. M. F. Ewton.
- 3:40 p. m. The Six Point Record System a Sunday School Builder — Mrs. A. M. Walker.
- 3:50 p. m. How and Where to Use Sunday School Records — M. D. Ivey.
- 4:00 p. m. Department conferences—How to Install and Operate the Six Point Record System—Department superintendents.
- 4:30 p. m. Adjourn.

SALE CLOSES SATURDAY

The Drastic Price Reduction Sale which opened at the Fair Store last Friday is scheduled to close Saturday night. The sale drew record crowds the first two days and has continued to receive good patronage all week.

Misses Virginia and Margaret Elliot spent the week end in Vernon to attend a college fraternity banquet to which Miss Elliot belongs; while there they visited old Spur friends.

HIGHWAY

By Lavada Hahn

Mr. and Mrs. Will Smith and family and Mrs. Orville George visited relatives at Brownfield over the week end.

Mr. and Mrs. R. G. Fincher of De Leon, spent the week end here visiting Mr. and Mrs. Lem Rucker.

Mrs. Austin Frazier has been ill the past week.

Quite a number enjoyed the singing at Mrs. H. C. Draper's Sunday night.

Mr. and Mrs. Barn Jenkins of California have purchased a small tract of land from Bob Hahn the past week and are building a dwelling. Also will put in a filling station and make their home here.

Mrs. Ola Estep and sons and other relatives from here attended the funeral of Mrs. Estep's father, Mr. Craigston at Floydada on Friday.

Orville George has been ill the past few days.

Bill Elliot of Spur, visited in the Lem Rucker home Sunday.

The school children attending the Centennial from here were: Weldon, Sarah B. and Regina Draper, Arlie Boyd and Mona Carol Smith, Bill, Jerry, Glen and Robert Hahn. Sponsors were Mr. Cravey and Miss Gibbs. Others attending were: Mr. and Mrs. J. M. Hahn, Harvey Ellis erson, Henry Cozby, Raymond and Cleo Thomason. Several of the parents were Spur to see the children off.

GODLINESS WITH CONTENTMENT IS GREAT
(First Tim. 6-6.)

If one can not own a pot of gold.
Or land and stock of worth untold
Don't sit around and scoff and scold
For that to some will soon grow old.
Try to be content.

If one starts out in married life
And does not get a perfect wife
Don't get out in sin and strife,
Some poor heart you'll cut just like a knife.
Try to be content.

Or if your hubby is just a bit coarse,
Don't get out and sue for divorce
The next one might be a great deal worse
And then you'd cry until you were hoarse.
Try to be content.

If your dear children can't wear fine dress
Of silk or satin (which is excess)
Let them wear cheaper, well cleaned and pressed
And they'll be happy just like the rest.
Try to be content.

If one can't drive a big fine car
He might be better off by far
You might could know where your youngsters are
And save a great many wrecks and pains that mar.
Try to be content.

Now this don't mean to lay around
Like some old lazy flopped hound
But use your judgement good and sound
And do the best that can be found.
Try to be content.

No matter if you live in house or tent
When your best efforts you have spent
You soon can quit that paying rent
And to your pleasure then give vent.
Try to be content.
—Farmer Doolittle

DREAM--A PENSION

I thought we voted a pension
For old folks age sixty five.
But was only assistance for
Those who can not survive.

Guess I didn't understand
Just what I had to be.
For I am told by those
Who know that it never included me.

Although I'm past the age
And my path is very hard,
I must keep on asking folks
To let me clean their yard.

I have paid a lot of taxes
To Texas, first and last.
Now all I have left is
Memories of the past.

This thing they call amendment
Gave me confidence galore
That this good State of Texas
Had provided for the poor.

In this I saw a star
A beckoning to the old.
But I was only chasing a rainbow
For another pot of gold.

Now I am weak and weary
My body is full of pain.
I know I am through with rainbows
And politicians the same.

I have had a lot of knocks
And disappointments in life.
Now it seems most impossible
To care for an invalid wife.

They say I am earning the limit
No matter how I feel.
I must keep on working
To provide another meal.

When I have gone the limit
My body is cold and still.
Guess I'll get a pension
If it is my Master's will.

CROTON

Everyone is too busy planting wheat and pulling bolls to let any news happen. We haven't heard of a field that isn't being prepared for a patch.

Betsy Terry spent the week end with her grandmother Terry in Dickens. Leaving there Monday she went to Spur to visit her grandparents, Mr. and Mrs. W. J. Elliot of the Spring Creek farm and ranch.

Mr. and Mrs. Arendale spent Sunday with his daughter, Mrs. Wade Shaw and family. Mr. Arendale is farm boss of the Pitchfork ranch.

Joe Thannisch of Wichita, has been preparing land on Croton for wheat the past week.

"Slim" is back at his old job with the Dempsey gin.

J. P. Legg and family were on Croton visiting his old customers. Mrs. Legg spent the evening with Mrs. Dempsey.

Mr. and Mrs. Rogers spent Sunday with his mother, Mrs. Jimmie Rogers.

Mr. and Mrs. Clarence Allison entertained the young folks in their home Saturday night.

Mrs. Porter had a letter from Mary last week. We are glad to hear that Barney Nichols little son is now recovered from the siege of scarlet fever and that he will soon be out from quarantine.

Mr. and Mrs. E. J. Nichols are now located in Albuquerque. E. J. is working in a garage there.

Mr. and Mrs. Alton Lawson from Levelland visited the Porter family Sunday. Alton says that oil has been found near Levelland (12 miles).

The program at Croton last Wednesday was a huge success, the play being extremely funny and entertaining.

Mr. Legg was called to Floydada Tuesday of last week to attend the funeral of her brother-in-law, Mr. Rushing. The Croton community extend our deepest sympathy to the family in this bereavement.

Mr. and Mrs. Thurman Lewis visited in Dickens this week bringing back a load of potatoes and peaches

R. C. Littlefield of Dickens has been spending his vacation on Croton. He visited his uncle Bob Littlefield and family and S. L. Portre and families.

Mr. and Mrs. J. A. Legg and Miss Jennie Legg visited their sister, Mrs. Anna Lewis of Floydada Sunday.

are on Croton during the intermission of school.

Mrs. Dunn and Mrs. Jo Koonsman Miss Lee of Plainview visited in the Allison home this week end.

Mr. and Mrs. Link Lovern visited the Mayos Sunday.

Mr. and Mrs. Porter are on a visit to her brother near Knox City.

Ruby and Leon Lawson visited in the Porter home Sunday.

CLUB NEWS

FOOD FAIR A SUCCESS

Two hundred forty nine entries of canned food were on display in the Food Fair held by the home demonstration club women Saturday. Despite the dry growing season the quality of the products exhibited was fair. Some entries were very good.

Miss Ruth Grimes, home demonstration agent of Kent County judged the exhibit and the team demonstrations.

A list of the winners follows:

Pint greens: Mrs. Leonard Joplin, Soldier Mound, first; Mrs. I. E. Abernathy, Soldier Mound, second; Mrs. John Bachman, Soldier Mound, third.

TEAMS PLACE IN FOOD FAIR DEMONSTRATIONS SATURDAY

Misses Gladys McMeans and Elizabeth Williams of the Twin Wells home demonstration club won first place with their team demonstration Saturday afternoon at the Food Fair. Their demonstration was showing the use for canned chicken in preparing chicken salad and chicken sandwiches for the afternoon party and for the school lunch.

Mrs. F. B. Crockett and Mrs. Merl Foreman of Espuela placed second. They prepared a meat loaf from canned ground meat and served with it glazed carrots and canned pears rolled in cereal crumbs and baked.

Mrs. Earl Murchison and Mrs. Roy Dunavant of Wichita prepared molded spinach topped with hard boiled egg slices. They placed third.

The winning team will represent the county in the team demonstrations at the Meat Show next spring.

DEMONSTRATORS ARE PROUD OF THEIR YARDS

"After working two years as a cooperator in yard work I was anxious to be a demonstrator in my club this year to learn more about foundation plants, the kind of shrubs to use and when to plant them. We do not have water to irrigate so we left the shrub beds about two inches lower than the yard and threw up terraces for the trees in order to hold all the rainfall," says Mrs. J. R. McArthur of the Red Top home demonstration club.

"When I got my work plan in the fall the first work we did was to remove a large mulberry tree from the south side of the yard to make room for a rose bed. We then dug the shrub beds using top soil and sand containing leaf mold to

refill them. The foundation shrubs were set the latter part of November. We used native shrubs such as wild currants, purple leaf plum, sage and yucca. The nursery shrubs used are Pfizer Juniper, Nandina, lantana, spirea, crepe myrtle, lilac, and Armour River privet."

"We had laid flagstone walks and set about twenty Chinese elms several years ago. The lawn was sowed to Bermuda grass. We have set grass roots in the places not covered with turf."

"In my tree setting demonstration this spring we set a group of five Chinese elms for which the holes were dug deep and large and refilled with top soil and leaf mold. The little seedlings we set are eight and ten feet high now. This group of trees screen the house from the barn and lots. An unsightly building was torn down and re-

built for a smoke house locating it to the back of the house for convenience.

"The large gate and fence to the north were moved and the driveway to the garage left open. We located the woodpile in a less noticeable place. Plow tools were stored. We feel that we have been repaid for all the work when the neighbors stop in passing to tell us how much better the place looks. So often they have said, 'You surely have improved the appearance of your place.' My husband has helped with all the work and really I believe he is enjoying it more than I am. I hope everyone who sets trees from now on will learn as we have the advantage of group planting rather than straight rows. The total cost of my plants has been \$5.69."

YARD DEMONSTRATOR USES NATIVE SHRUBS

"This year, the second in my work as yard demonstrator, we set 32 native shrubs. Six died but we have already replaced them this fall. I am proud of the two native cedars we set and both are growing nicely. Two of the Chinese elms died and we are replacing them soon," reports Mrs. Tom Gilmore, yard demonstrator for the Twin Wells home demonstration club.

"Since all of the things we have used are native plants except the trees our only expense has been \$1.50. My husband and daughters have helped with the work and we mean to continue until our house has foundation shrubs all around it and we have more trees out. We have native grass in the yard but think we shall replace it with Bermuda grass."

...The Reason Why You Get This Combination Of Features Only In—

JOHN DEERE Tractors

Simplicity—

Hundreds fewer parts to wear, require readjustment and eventual replacement.

Dependability—

Because of this simplicity John Deere Tractors last longer—require little attention—are more dependable.

Economy—

John Deere Tractors successfully burn the lower cost, more powerful fuels. You save money every day.

Adaptability—

Better distribution of weight insures maximum traction, easier handling, wider usage.

Reliability—

Rugged parts are accurately made of finest materials with greater strength to stand up under hard service.

Smoothness—

Sensitive governor and heavy, statistically and dynamically balanced parts assure smooth power.

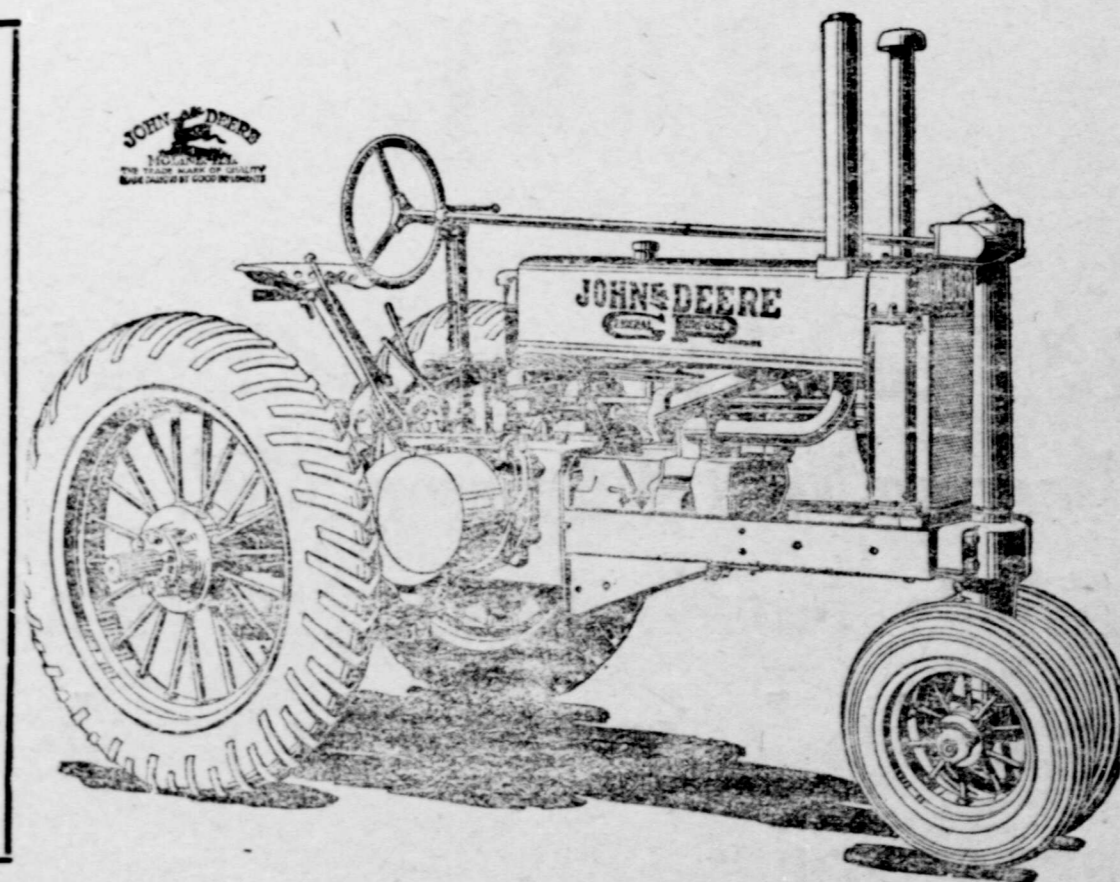

Accessibility—

On a John Deere every thing is easy to get at, to understand, to adjust, and from a standing position.

Light Weight—

In spite of heavier parts, so many parts have been made unnecessary that the total weight is less.

New "Seeing Habits" Begin With Playtime

Children should be trained to play only in generous, well-diffused light, and disciplined to avoid both gloom and glare.

By Jean Prentice

A NEW set of habits must now be taught to children of this modern age.

These are called "good seeing habits" for our eyes, and they emphasize good lighting. The need for them originated when man built a roof over his head and turned from the outdoor life to long hours spent indoors with tasks held in his hand.

Let me tell you of ways to instill these valuable new habits in your children. Start early with the young child, is my first suggestion. Even the familiar words, "Let's crayon!" call for guidance along the road to these good habits.

Playtime though it may be for the child with his drawings or games, those young eyes have a definite task of seeing to do. And since the eyes cannot see without light, good illumination is one of the first essentials.

This Training Invaluable
Children should be trained to play only in generous, well-diffused and non-glaring light. They should be disciplined to avoid both gloom and glare.

No lying on the floor . . . when a scientifically approved lamp at a table close by will provide sight-saving light. No curling up in a corner to look at pictures, and forgetting to turn on the light. Mother has seen to it that good lighting is available and it must be used. (At least I hope she has!)

Teachings like these may mean the difference between good and poor eyesight as the child takes on the added responsibilities of school life. The finest pair of young eyes in the country needs this care. Lighting that is sufficient in quantity and good in quality is one of the best preventives of defective vision.

Children Respond Quickly
Children can be made responsive to these seeing habits. This was illustrated recently at a sight saving class in a public school.

A visitor who called to meet several of the pupils in the office of the school wondered why they turned their backs to him. He soon realized that his own location was wrong.

In order to face him the children would have had to look squarely into the sunlight streaming from a window. They remembered the admonitions of their teacher regarding glare.

In their own classroom they never experienced glare, either from the daylight or from the abundant artificial lighting.

Visits to the eyesight specialist, correct posture, and avoidance of eyestrain through prolonged application to a single task are other principles of eyesight conservation which should be observed. Good lighting is a tool for seeing as are eyes and glasses, but of course it is never a substitute for the services of the eyesight specialist when he is needed.

Texas Day Observed Here Sunday

A very pleasant and highly interesting historical event, sponsored by Messrs Crouch, Dortch, Dr. Hodges, and Dr. Blackwell, took place at high noon Sunday at the Spur Cafe, through the kind hospitality so agreeably offered by Mr. and Mrs. Crider, proprietors, in commemoration of the one hundredth anniversary of the State of Texas.

Those present who were in attendance to participate in the event were Messrs Crider, Garner, Ramsey, Huffstetler, Terry, Dortch, Ivey, Arthur, Lea, Crouch, Dr. Hodges and Dr. Blackwell, and reporter of the "Times."

Dr. Blackwell was placed in chair as Toast Master.

Through the efforts and management of Mr. and Mrs. Crider, assisted by their most efficient and charming helpers Miss Asking and Miss Young, a very beautiful decorated table awaited the guests.

A bouquet of roses of superior beauty and fragrantcy was donated by Mr. and Mrs. M. A. Lea.

One of mixed kind and colors by Mr. and Mrs. Crider. Also one by Mr. Dortch of native wild yellow flowers known as the Texas Stars. These flowers grow in no other state but Texas. They bloom in the fall of the year and grow only in rich sandy soil and are found in West Texas only.

The guests when seated were called to order by the toast master, Dr. Blackwell, and each one was requested to relate some historical event which occurred in their lives while living in the state.

While each one, alternatively, spoke, a most delicious punch prepared by Mr. Chas. Crouch was served, and may we add a little more by saying that when it comes to making something real peppy in punches, that Charley knows his onions, and that the only thing that was missing in the punch was just a "little more."

Each one's talk of Texas was very eventful and interesting. Some full of joy, some mingling with sorrow and hardships, but all battled onward to help pave the way to help make Texas what it is today.

After the final talk was made, Mr. Olen Arthur rose to offer a few words of praise and cheer in honor of Dr. Blackwell's father who is still living here in Dickens county, going on one hundred on three years old, and each one present tendered their well wishes to Grand Pa Blackwell to the extent that in his declining years his life will be blessed with peace and joy.

Next in order was a talk of events of boyhood days.

Mr. Lea stated that he well remembered the first kiss he gave his wife and that she was so beautiful and grand, that he has been kissing her ever since. He also stated that when he was a boy he never wore any pants until he was twelve years of age. Some one asked him what he did wear and in reply he said—just a shirt.

Some spoke of barefoot days and of the old swimming hole, also of marbles, bumble bees and yellow jackets.

After the final talk was made by Mr. Dortch followed by Dr. Blackwell, the best yet, plate lunch was served to each guest followed by a more generous serving of delicious cake and punch, and may we add to the credit of the cook, Mr. Parks, that he is some cook, and extend to him our congratulations. After a few more servings of the good cake and punch the guests returned to the Palace Theatre where seats for them and free tickets furnished by W. N. Kinny for which we ask them to accept our sincere thanks.

SPUR SCOUTS TO REHEARSE CIRCUS ACTS AT CROSBYTON

Crosbyton high school gymnasium will be alive with activity Tuesday, November 10 when scouts from the Eastern District assemble to rehearse their part in the First Annual Boy Scout Circus to be held in the South Plains Council.

Seven troops, representing Falls, Crosbyton, Lorenzo, Spur, Matador, McAdoo, and Troop 57 from Floydada, will be present with their equipment ready for rehearsal.

The announcement was made to Hugh Nation, District Commissioner by C. I. Wall, Chairman of the Circus program committee in a meeting held recently.

The Eastern District troops are in the Pioneering, Games and Contests, Totem pole and Grand March.

RA Aids In Farm Debt Adjustment

The treasury of Dickens county has received \$1,908 during the past year as a result of voluntary debt adjustments reached through aid of the Resettlement Administration.

Adjustments have been made for 27 farmers of this county to prevent foreclosures or forced sales. A total of 15,837 acres of land, as well as other property, was involved. Debts amounting to \$145,044 before adjustment were reduced by \$4,528.

"One long time purpose of the Resettlement Administration is to help farmers toward ownership of the land which they operate," said

H. A. C. Brummett, chairman of the county debt adjustment committee. "It is just as important to keep them from losing land which they already own as to help them buy new land." He said that the debt adjustment work is largely with small farmers whose financial needs are so small that other agencies find no profit in handling them, or where the debt is so large, in proportion to the value of the property, that other financing agencies consider it unsafe. The Resettlement Administration makes no loans for paying delinquent taxes, interest or principal, but through committees of local volunteer workers brings about agreements between the debtor and creditors for reducing or extending

the indebtedness to such an extent that he debtor has a reasonable opportunity of paying it off. Assistance is rendered in refinancing the debt, through the Farm Credit Administration or other public or private lending agencies.

Although it can make no loans for payments on land or taxes, the Resettlement Administration is authorized to make loans for purchases of teams, tools and supplies. Such loans were made in many of the cases adjusted during the year. Unsettled cases pending September 1 totalled 15.

Members of the debt adjustment committee for Dickens County are: H. A. C. Brummett, Dickens and W. Collier, Afton.

Frontier Centennial To Close This Week

Texas still have a few days in which to witness both the Fort Worth Frontier Centennial and Arlington Downs Races at the same time. The Frontier Centennial closes October 31, while the Arlington Downs Races continue from now until November 28.

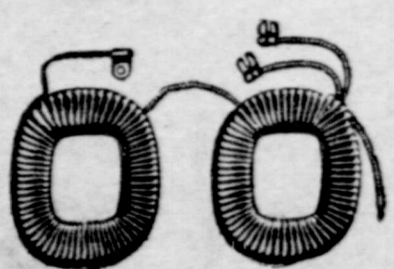

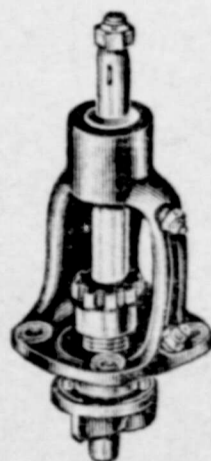

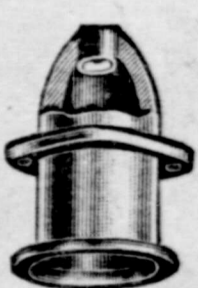

New acts have been inserted in the fall edition of the Casa Manana Revue at the Fort Worth Frontier Show and those who have seen the revised edition say this sensational show is even better now than the summer edition. With the recent closing of Jumbo and the Last Frontier wild west show, Casa Man-

ana and the West Texas Building remain as the feature attractions of the Fort Worth Centennial. Over 600,000 people have visited the free Will Rogers Memorial Exhibit which is located in the West Texas building at Fort Worth.

More than \$200,000.00 in purses will be distributed at Arlington Downs to owners of the Nation's best thoroughbreds. Eight races will be run each day except Sunday, with the \$15,000.00 Waggoner Memorial Handicap scheduled for November 14. Located midway between Fort Worth and Dallas, Arlington Downs makes it possible for visitors to attend the races and see both the Fort Worth and Dallas Centennial Expositions in one trip.

GENERAL ELECTION NEXT TUESDAY

The biennial general election will be held next Tuesday. Texas voters will mark the largest ballot in history as there are eight columns besides the six constitutional amendments. The Democratic Party will occupy the No. 1 position with the Republican party in the next position. The constitutional amendments are at the bottom of the ballot.

Because of a change in the selection of delegates to the National Convention of the Democratic Party every Democrat is urged to vote since the more votes cast in the general election the more representatives Texas will have at the convention. Too, party members are urged to roll up a big majority for the Roosevelt-Garner ticket to show their endorsement of the New Deal. We quote one editorial writer: "Remember two-bit oil, two-bit wheat, five cent cotton, almost worthless cattle and other livestock, closed banks and foreclosed homes and farms, workers without work, soup kitchens and food riots?"

In almost every general election there are party bolters. A prominent West Texas lawyer was asked to join the ranks of the Jeffersonian Democrats. He replied that he was a Jeffersonian Democrat and would continue to be by voting for the Democratic Administration for re-election in 1936. He further stated that in his opinion the New Deal Democrats had not varied from the time honored principles of Jefferson and that he would be voting against Jefferson and all the other past party leaders if he voted the Republican ticket and would no longer be a Democrat.

Think of these things when you go to the polls next Tuesday and if you believe the record of the Democratic administration since 1933 deserves endorsement and believe the continuation of this Democratic administration is necessary if the nation is to continue toward recovery, stay with the party. We are.

FOR 'EM ALL EXCEPT ONE

(By Jim Ferguson)

In view of my discussion of the amendments voted on by the people in the past elections, I have been asked for my views on the six constitutional amendments to be voted on at the general election in November. After reading these amendments, I have come to the conclusion that I will vote for all of them except one.

The amendments on the ticket will be numbered from 1 to 6, inclusive, and the first amendment provides for the establishment of a state dispensary system having the exclusive sale of distilled liquors and providing for local option. In my opinion, this amendment should be defeated. The law now provides for local option in any county and we do not need additional amendments to give the people the right of local option.

I do not think the state ought to go into the liquor business exclusive or otherwise, and I think such a law would bring general corruption in official circles and would result in increased violation of the law.

Amendment No. 2 is in effect a pension for aged teachers after they have reached a certain age. Teachers have been the poorest paid in the public service and the meagre salaries which they receive will not permit of them laying up anything for a rainy day, and for this reason I am going to vote for this amendment.

Amendment No. 3 has some objections, but it provides for the payment of workmen's compensation insurance for employees of the state after certain length of service. I am going to resolve the doubt in favor of the amendment.

Amendment No. 4 provides for the establishment of a Board of Pardons and Paroles. The ticket which will be presented to the voter is misleading in that it says that

"The Governor's pardoning power shall be subject to recommendations of said board." I think a careful reading of the act of the Legislature will show that this amendment only provides for a reorganization of the Board of Pardons. Probably it will be a good idea to have some supervision of the pardoning power to take care of somebody that might be afraid to trust themselves with the full power of pardon.

Amendment No. 5 is what is known as the salary amendment, raising the Governor's salary from \$4,000.00 to \$12,000.00, and the Attorney General from \$4,000.00 to \$10,000.00, and the salaries of the Comptroller, Treasurer and Commissioner of the General Land Office from \$2,500.00 to \$6,000.00, and the Secretary of State from \$2,000.00 to \$6,000.00. While I have generally been opposed to raising salaries, yet if a raise in salary will or might bring us an increase in ability and efficiency, probably our state affairs have become so important now that we ought to give ourselves the benefit of any reform along that line that we can.

Really the salaries paid to this important branch of the public service have become inadequate, and, therefore, I am going to vote for this amendment.

Amendment No. 6 provides a limitation on the number of legislators that can be elected from any one county. The amendment proposes to restrict the number of representatives from any one county to 7, unless a county has more than 700,000 people, and then one additional member to each 100,000 population.

The object of this amendment is to prevent concentration of legislative power in large cities. If the six large cities of the state should reach an average of one half million each, they could elect enough members of the Legislature in the House and Senate to absolutely control all legislation, and we would see six counties controlling the remaining 248 counties. I think this is an important amendment and should be adopted.

Let me suggest to all voters to be careful in making out their ballots. Scratch out the words "For etc" in Amendment No. 1. Scratch out "Against, etc" in each of the other separate amendments. If the voter scratches the entire ballot his vote won't count and it is necessary to scratch each number. I am for 'em all except one, and that is Number 1. I am for all the rest.

Over the air you hear them squeal
All about this New Deal.
On NRA they've danced a jig,
But failed to mention three-cent pig.

They've pulled their hair, they've wept aloud
About this "boondoggling crowd".
They've bagged your votes with bitter tears,
But they don't mention twelve long years.

On the streets you hear them rave
"The constitution must be saved"
This State Rights problem, its the dickens,
But they don't mention three cent chickens.

Why shield them from every danger except EYESTRAIN?

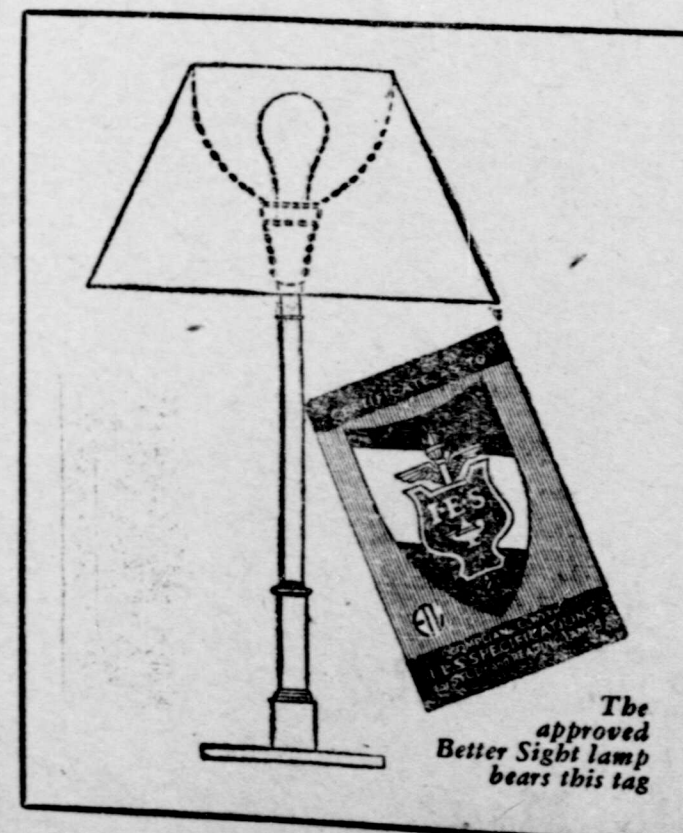

Isn't their sight worth enough to make you find out what your lighting may be doing to it?

● You bundle up your children against cold and rain. You see that they are tucked snugly in bed at night. You are constantly on guard lest they be harmed in some way. You try to shield them from every danger . . . but are you sure about eyestrain?

Sight is their most precious possession. Yet do you let them read and play on the floor where the light is never adequate for even simple visual work? Can you say for sure whether the lighting in your home is letting your children's eyes develop normally? Do you know that your child has enough light for his studying tasks?

Don't guess—be sure. There has been too much guessing about proper lighting. And mainly because of improper lighting, one child in every five has defective vision by the time he finishes grade school. The ratio increases to two out of five by the time they reach college age.

The I.E.S. Indirect Floor and Student Lamp is a simple, economical way to be sure that your child is studying under proper lighting conditions. What is more, the entire family can enjoy and will appreciate this modern, better light. See these lamps on display . . . today!

Wide opening at top throws light to ceiling, eliminates shadows.

Glass bowl softens light, prevents glare.

Wide shade spreads light over wide area.

MRS. GEO. TILLINGHAST ENTERTAINS TRIPLE TREY

Mrs. George Tillinghast was a delightful hostess when she entertained members of the Triple Trey Bridge Club and other guests in her home on North Trumbull Avenue on Saturday afternoon at three o'clock.

Lovely roses and zinnias were used along with the Hallowe'en motif to make the entertaining rooms attractive, where three tables of contract were in play.

At the conclusion of the games the high club award, a tea set, went to Mrs. E. D. Engleman. Miss Lenora Lisenby received high guest prize which was a lovely wall vase.

Mrs. L. H. Perry made high cut and won the range set.

The Hallowe'en motif was repeated in the table appointments and refreshment plates which consisted of cream sandwiches, potato chips, pumpkin pie topped with whipped cream, coffee and novelty candy.

The following guests were present: Mesdames Burgess Brown, L. D. Ratliff, W. T. Andrews, Harvey S. Holly, M. L. Jones, Ray Taylor, Anna McClure, Henry Bilberry, C. L. Love, E. D. Engleman, L. H. Perry, Alton B. Chapman, J. O. Smith, Weldon Grimes, Jack Rector, Miss Lenora Lisenby and Miss Jerene were tea guests.

CLYDENE JONES BECOMES BRIDE OF CLEO HAZEL

The marriage of Miss Clydene Jones, daughter of Mr. and Mrs. Clyde C. Jones, 1814 Avenue J, to H. C. Hazel, son of Mr. and Mrs. W. M. Hazel of Spur, took place at 3 o'clock Saturday afternoon at the home of the bride. The Rev. M. F. Ewton of the Spur First Baptist Church read a ring ceremony before an altar, improvised of candelabra and Jersey beauty dahlias.

The bride wore a black and white velvet ensemble with corresponding accessories and a shoulder corsage of gardenias. Only members of the immediate families were wedding guests.

The couple left immediately for a short trip to Amarillo. They will be at home after Sunday at 2704 Twenty-first street.

Attended Tech

Mrs. Hazel is a graduate of Lubbock High school and former student of Texas Technological College. She has been employed by Hurlbut and Jones insurance agency.

The bridegroom is a graduate of Spur High school and Tech. He also

attended Hardin-Simmons University at Abilene. He is interested in the Tech theatre and owner of a service station here.

Before marriage, the bride-elect was honored at a miscellaneous shower given recently in the home of Mrs. J. C. Leech, 2704 Twenty-first street, by Mesdames Leech, T. V. George and Henry Banks. Lubbock Avalanche-Journal.

MRS. WOOTEN AND MRS. CARAWAY ENTERTAIN

Mrs. Riley Wooten of McAdoo and Mrs. E. L. Caraway were delightful hostesses on Wednesday afternoon of last week when they entertained members of the 1925 Bridge Club and a large number of other guests in the lovely appointed home of Mrs. Caraway on Hill Street.

The Hallowe'en motif was used effectively in the entertaining rooms where seven tables of contract were in play. Vivid orange colored flowers made the rooms more attractive.

The old witch and her son were busy during the afternoon brewing her brew.

Prize winners for the afternoon's games were Mrs. Arthur Lay of McAdoo, who won the club prize and Mrs. G. B. Wadzeck the guest. A piece of lovely Frosteria glassware was presented to each lady.

The Hallowe'en motif was repeated in the refreshments consisting of chicken salad sandwiches, a rolled sweet sandwich made of yellow bread tied with black ribbon, novelty candy, peach salad and witches brew.

Included on the guest list were Mesdames Buste Parrish, Arthur Lay, of McAdoo, Harvey S. Holly, Della Eaton, Cash Wilemon, W. R. Lewis, M. C. Golding, F. W. Jennings, C. L. Love, Jimmie O. Smith, M. L. Jones, Ray A. Taylor, M. H. Brannen, Guy Karr, Roy Harkey, L. H. Perry, W. T. Andrews, Sam T. Clemmons, O. C. Thomas, T. M. Wetzel, G. B. Wadzeck, Weldon Grimes, J. T. Wylie, L. D.
