

Official Returns Of General Election

The Commissioners' Court canvassed the returns of the General Election Tuesday. There were 1561 votes cast for the presidential electors, the Democrats receiving 1445 votes, the Republicans 115 and the Socialists 1.

On the state ticket Gov. James V. Allred received 1559 votes to 61 for his Republican opponent, Carlos G. Watson.

George H. Sheppard, L. A. Woods and William H. McDonald led the state ticket in the county with 1571 votes.

The county and precinct candidates received almost a full vote. Fred Hisey received 5 votes for Public Weigher in Precinct 3, there was no announced candidate.

In voting for the amendments the vote varied from the state as a whole. Amendment No. 1 received 465 votes for and 665 against. Amendment No. 2 received 497 votes for with 638 against, this one carried over the whole state. Amendment No. 3 received 584 votes for with 511 against.

Amendment No. 4 received 734 votes for and 355 against. Amendment No. 5 received 483 votes for and 631 against, another amendment that was carried over the state. Amendment No. 6 received 702 votes for with only 350 against.

Amendment No. 1 was the only amendment that failed of adoption by the state as a whole.

Perfect Technicolor Enhances Greatness of Picture, "Ramona"

The current outstanding event in the film world is the presentation of Helen Hunt Jackson's immortal love idyll, "Ramona," produced by 20th Century Fox in the new perfected Technicolor, coming Sunday and Monday to the Palace Theatre. The cast of thousands featuring Loretta Young and Don Ameche, includes such brilliant players as Kent Taylor, Pauline Frederick, Jane Darwell, Katherine De Mille, Victor Kilian and John Carradine.

As long as two years ago, preparations were begun for the picturization of this beautiful love story. Darryl F. Zanuck, Twentieth Century-Fox studio production chief, spent nearly an entire year in search of the perfect Ramona. After covering carefully his own contract list and combing the entire field of free-lance players and "unknowns," he felt assured that he had found the right Ramona when he selected Loretta Young.

Scores of eligible players were tested for the role of Alessandro, Ramona's great love, and it finally went to Don Ameche. This rising young actor appeared to have all the qualifications necessary to play the part. He has a splendid voice, as has been attested by his previous success on the radio. He is six feet tall and decidedly the athletic type. His work on the screen in "Ramona" completely justifies his selection for the part.

Zanuck and Sol M. Wurtzel, executive producer, conferred with Technicolor photographer William Skaall and other members of the organization's color staff and decided to "shoot" "Ramona" during the Summer season of the year, thus utilizing the natural rainbow beauty of California as a setting.

"Ramona" was filmed in the beautiful San Jacinto mountain meadow land of Southern California. The actual spots where Ramona and Alessandro lived and loved many years ago, as described in the story. The main location was a 55,000-acre ranch in the Mesa Grande area, about 140 miles southeast of Los Angeles. The site is an almost endless succession of green expanse rolling toward the dusty purple of the far off mountains, every shade and tint defined in the clear, dry air, lending itself perfectly to the new Technicolor photography.

The largest of several groups of settings built in various locations was the huge Moreno hacienda where Ramona first met Alessandro. This vast outdoor "set" included

Applied Curriculum Course for Dickens County Teachers

On last Tuesday, November 3, there was organized an applied Curriculum Course at the Dickens school building. The class will meet in Dickens every Tuesday at 6:30. All teachers of the county are modern and have had curriculum courses. This extension course out of Texas Technological College represents the third year course and is designed to make the teacher a better and a more efficient teacher.

These exceptionally fine college professors come here to our county, see and understand our problems, and help us to solve them. Each week they are to give us information aids, and helps that we can take into the class room and use all that week.

The course is taught by a high school specialist, Dr. Jackson, one Tuesday and an intermediate specialist, Miss Bonnie K. Dycert, the next Tuesday. When the primary group meets, the high school section goes with them for one hour, at the end of which time they retire to discuss their needs which they send to the high school instructor by their intermediate teacher. The next week the same procedure is repeated but for the elementary class. This is one of the most progressive steps that this county has ever done in an educational way.

The trustees and other school people should be thankful to the teachers for spending their money and time in this excellent method of preparing for the carrying out of a better school program in Dickens County.

WHITE RIVER CITIZEN BURIED FRIDAY

Walter E. Feaster, 48, citizen of the White River community, died Thursday following a heart attack. Funeral services were held at Red Mud church Friday afternoon with Rev. R. C. Brown of Spur, officiating. Interment followed in Red Mud cemetery in charge of Bill Kinney.

Mr. Feaster was born at Aurora, Missouri, August 2, 1889. He was married to Fannie Lambert at Amity, Ark., July 25, 1908. To this union two children were born: Everett Feaster and Mrs. Lottie Smith, both residing at Spur at this time. Other survivors are besides his wife: Mr. and Mrs. J. A. Feaster, father and mother, of Gentry, Ark.; two brothers: Elbert and Leonard of Gentry, Ark.; five sisters: Mrs. Florence Leech, Mrs. Della Martin, Mrs. Gertrude Story, Mrs. Ruby January of Kansas and Mrs. Pearl Rutherford of Gentry, Ark.

Mr. Feaster moved to this country about ten years ago from Arkansas and farmed in the southwest part of the county.

DICKENS P. T. A.

The Dickens Parent-Teacher Association met last Thursday evening at the school building. The following program was rendered:

1. Contributions of a Parent-Teacher Association to a small school.
2. Reading—Mrs. Parks.
3. History of the P. T. A. — Mr. Wofford.
4. Reading, "Little Pitchers"—A pupil from Miss Rose's room.
5. Musical selection (Piano Solo)—Mrs. Johnny Koonsman.

Refreshments were served to about 40 people.

Larry Bootre, who underwent an operation for appendicitis last week at a Lubbock hospital, is reported much improved and it is thought will be able to come home this week.

Mr. and Mrs. Sam Clemmons and Mr. and Mrs. Ty Allen spent the week end in Fort Worth and Dallas.

ed barns, sheep corrals and other typical ranch structures covering six entire acres. Altogether, twelve weeks were spent on location in filming, "Ramona."

Court House Contract To W. P. Nugent & Son

Contract for rebuilding of the Dickens County court house was let by the Commissioners' Court Monday. W. P. Nugent & Son of Spur were awarded the contract, the amount to be not over \$15,000.00.

The entire court house will be remodeled. The old roof will be taken off and the ceiling lowered for the upstairs rooms and a new roof built. The first floor rooms will all be gone over and reconditioned. An addition will be built on the east side of the building joining the present office of the county judge. A jury room will be in the new addition as well as an office. The front end of the court house in the second story will be remodeled to give larger quarters for the county superintendent's office.

The county officials will have temporary offices in various parts of the city of Dickens during the period the repairs are being made. The work is to start within a week.

COUNTY HIRES TRAPPER

The Commissioners' Court in cooperation with the Federal Government has hired a biological survey trapper to destroy rodents in this county. The trapper has been employed for a 90 day period with part of his salary being paid by the county and part by the government.

A REPORT ON THE SCHOOLS OF DICKENS COUNTY

By J. D. WILSON
Deputy State Superintendent

I have visited fifteen schools in Dickens County this week. It has been a pleasure for me to meet the teachers and trustees of Dickens County. I have found a fine spirit of cooperation existing in the schools. The teachers are well trained and modern. Most of them attend school every summer. Apparently there is not a mediocre nor a disinterested teacher in the group. The trustees are enthusiastic. They all have regular board meetings and keep minutes in bound books. I wish to commend the trustees, local superintendents, teachers and the county school superintendent for running the schools on a business-like basis. The Dickens County School Superintendent is very efficient, capable, thorough, interested, industrious and a financier of no mean ability. We found her records in a most excellent condition. The intelligent interest and the enthusiasm that she put into the schools of this county should be and are approved and appreciated.

In visiting the schools I have found in some instances poor attendance. However, I realize that is partially due to cotton picking. I would suggest to the teachers and trustees that they encourage increased and more regular attendance.

Since the State Department of Education is asking the school people of Texas to give much thought and attention to the study of the revision of the school curriculum, I wish to state that we want in every school, where possible, some vocational, industrial, and business training. We believe that every high school student should have some practical business knowledge to enable him to reach sound judgment. We want the boys and girls to be taught in school something that they can use in life. We need to offer this type of education in order to hold the boys and girls in school. The youth of today requires greater training in vocational and trade subjects, in industrial and business technique.

We want every school in Texas to teach music, especially we want every child to be taught how to sing and to enjoy singing. By including music within the curriculum we hope to build up a happier citizenship. We congratulate you on last

More Campaign Funds Received

Contributions continue to come in towards Dickens County's quota for the Democratic Party campaign fund. Reports the first of the week were that the fund had reached the \$385 mark which is less than a hundred dollars short of the quota.

The committee is still working and will be glad to accept whatever any one desires to give. The state has reached its quota but chairman Roy Miller, stated that headquarters had hopes of exceeding the state allotment by a hundred thousand dollars.

Contributors in this county are asked to leave their money with E. S. Crider at the Spur Cafe, Dr. M. H. Brannen, or Jephtha Craig at The Texas Spur. Your precinct committeeman will be glad to take your money and turn it over to the committee.

Spur Gin Report Nears 4,000 Mark

Reports from the six Spur gins at four o'clock Tuesday afternoon showed 3711 bales had been ginned this season. The ginners think that if they receive 5,000 bales by the first of the year, the harvest will be completed.

The two McAdoo gins have ginned about 330 bales up to Tuesday noon and the Dickens gin approximately 300. Estimates on this year's crop are being held to 8,000 bales for the county.

P. H. Gates, New Methodist Pastor

Rev. P. H. Gates was assigned to the Spur Station at the annual conference of the Northwest Texas Conference of the Southern Methodist Church which closed at Houston Sunday night. Rev. Gates, a member of the conference for several years, is accorded one of the church's leading ministers and has been very successful at other appointments. He is a stranger to most of the people of this territory having served in other parts of the conference heretofore.

Rev. E. L. Yeats, pastor the past three years, was moved to Crowell. He is loved by many citizens of Spur, who will regret to see him leave here. One of his accomplishments has been the beautifying of the church grounds to where today the Spur church is one of the most beautiful in this section of the state. He will also be missed in many civic affairs. He is a member of the Spur Rotary Club.

Rev. Frank Beaucamp was returned for a second year as pastor of the McAdoo church. E. A. Reed was named pastor of Spur Circuit. Rev. Joe E. Boyd, former pastor here, was sent to Paducah station. C. A. Holcomb, Jr. was sent to Vigo Park. Rev. W. B. Vaughn returned for another year at Perryton.

Council Adopts 1937 Budget

Four home demonstration club women will receive trips to the Farmers' Short Course next year if the budget as presented by the Finance Committee of the county home demonstration council and approved by the Council is raised.

The budget as accepted by the Council in the October meeting includes scholarships for the Council chairman to the annual meeting of the Texas Home Demonstration Association; the yard improvement and home food supply demonstrators who make the best records in the county and the winner of the June clothing fair.

Those entering the clothing fair contest for the scholarship must enter a cotton wash dress, piece or applied quilt, tufted bedspread and a pair of plain pillow cases. The award will be on the basis of all four entries. Any woman may enter one or more of the four classes but is not eligible for the scholarship unless she enters all four. This is the only scholarship within the reach of all home demonstration club women.

Other items in the budget are \$10.00 for setting up exhibits; printing 200 copies of the 1937 year book; \$8.00 for the Home Demonstration Association scholarship fund; and \$5.00 for miscellaneous.

In accepting the budget the council fund at the rate of fifty cents per member and the fund to be brought in the November Council meeting.

Dickens To Present Play Friday Night

Everyone is invited to see the three act comedy, "The Heart Cry", to be presented in the Dickens high school auditorium, Friday, November 13.

Characters are as follows: Rodolph Kingston—Tom Stephens, Jr.

Ding Smith—Wayne Ogle. Dodd Marshall—Durward Lee. Shadrach Doolittle — Robert Green.

Ruth Armstrong — Mary Lee Harkey. Louise Lynd—Doris Harkey. Lettie Shanks—Syble Gilstrap. Admission 10c and 25c.

BOX SUPPER AT HIGHWAY SCHOOL

There will be a box supper at the Highway school at 7:00 o'clock Friday evening, November 13. Proceeds will be used to buy school equipment. Girls are asked to bring a box and the boys the money. Prizes will be given for ugliest man and prettiest girl.

To Plan Series of Farm Meetings

County Agricultural and Home Demonstration Councils are being called for a joint meeting on Thursday the 12th at 9:00 o'clock in the basement of Bryant-Link's, according to announcements made here by Miss Clara Pratt, home demonstration agent, and G. J. Lane, county agricultural agent.

The purpose of this meeting will be to plan for a county wide series of community meetings where farmers and farm home makers will be asked to make estimates on the land use on their own farms. These estimates from individual farms in Dickens County will be compiled here and forwarded to College Station where they will be assembled together with the estimates from all other Texas counties and sent on to Washington, D. C.

A joint committee from the two councils will be selected at the coming meeting to have charge of the work in Dickens County.

The county planning committee acting on information developed in the meeting and from the farm plan sheets will cooperate with the county agricultural conservation committee in making recommendations for the 1937 agricultural conservation program in the county; formulate production goals for a sound, long-time land use program; and later make recommendations for the 1938 agricultural program in the light of the goals developed.

Agricultural practices suitable to the county and in a general way to the State and administrative machinery will also be the subject of consideration and recommendation for county planning committees.

The end toward which this activity is working is to secure from farmers themselves estimates of what land use would be in Texas if all farms were operated so as to maintain soil fertility and prevent soil erosion.

With morning... came the repair crews

An early snow, drifting down from leaden December skies, froze to telephone poles and lines. Hard on its heels came the wind. Ice-laden wires snapped and poles splintered before the blast.

Night found scores of towns throughout the storm region handicapped by crippled telephone service.

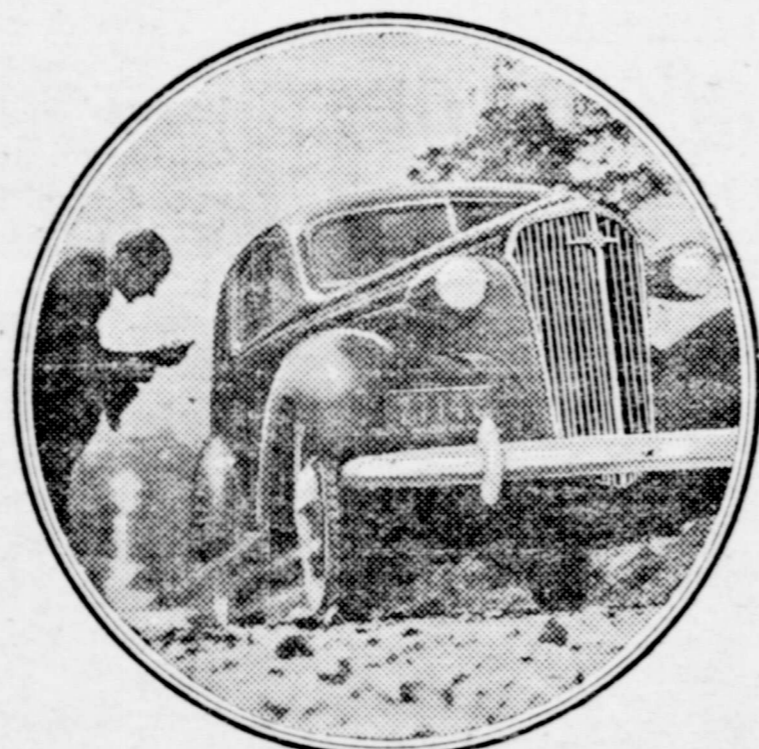

But with the morning came the repair crews. Hastily

gathered from regions untouched by the storm, they poured into the stricken area with trucks, tools and materials. Day and night they rushed the work of reconstruction.

One advantage of the Bell System's far-flung organization is this: When disaster flattens the telephone system, men and money and materials are instantly available for the prompt repair of the damage.

BACTERIA ARE AS DANGEROUS

IN WINTER AS IN SUMMER ...KEEP YOUR FOOD BELOW 50°!

• If you could see food under a microscope you would know why any refrigerator that cannot maintain temperatures below 50° is dangerous. For above 50° bacteria multiply by the millions—on meat, on leftovers, in milk. They endanger health, lower resistance to disease and waste your food money.

And don't be fooled by winter weather. Outside temperatures are varying and uncertain—but it's always summer in your kitchen. If the temperature where your food is kept is not in the Safety Zone—below 50°—all the time, there's danger.
