NUMBER 5

District Court Meets Dec. 14th

District Court will convene at Dickens, Monday, December 14. Hon. A. J. Folley of Floydada will be on the bench as presiding judge and District Attorney Alton B. Chapman and County Attorney L. D. Ratliff, Jr. will represent the state.

The heaviest docket in several years with one murder case faces the court this term.

Action on marble machine operation in this county was postponed until January 1, 1937. Since that time the State Legislature has practically legalized the machines by placing a heavy tax on them to help pay the old age pensions. Laws pertaining to the operation of marble machines are conflicting and decisions rendered by the higher courts are also conflicting. As to whether the matter will be taken up at this term or dropped is not known.

The following have been summoned for grand jury duty:

V. C. Finney, Jack Gipson, Joe Long, Joe Tom Jackson, Webber Williams, G. W. Bennett, Floy Watson, Joe Kidd, R. R. Wooten, Guy Goen, J. P. Legg, C. J. Offield, W. C. McArthur, D. F. Christopher, Floyd Forrest and S. L. Porter.

285 Miles Road Work In Program of WPA District

Lubbock, Dec. 2.—More than two hundred and eighty-five miles of roadwork are included in the Lubbock District WPA program, according to District director J. O. Jones.

Based upon statistics of September 15 WPA records show that workers in the Lubbock District have completed repairs and improvements on 213 miles of lateral roads and that work is progressing upon an additional 71 miles.

"In addition to providing work for needy unemployed persons in this area, the road program has been one of the most beneficial types of public improvement undertaken by this organization," Jones declared. "In many instances these all-weather roads established by WPA workers replaced roads formerly impassable in rainy weather. Farm people living along these routes are no longer dependent upon the weather in getting to market. School buses and mail carriers are able to maintain schedules with less difficulty. City and rural dwellers alike will realize gratifying returns for years to come from the investment which WPA and the counties have made on these roads."

Counties which have shared in the district road program include Bailey, Crosby, Dickens, Floyd, Hale, Hall, Hockley, Lamb, Lubbock, Motley, Farmer, and Swisher. State Works Progress Administrator H. P. Drought has recently announced that 6,333 miles of roads have been built in Texas during the past twelve months and that projects still in operation encompass the improvement of an additional 3,724 miles. Reaching into 214 counties, the program has been financed by WPA grants of \$9,182,946 and sponsors' expenditure of \$3,957,224. Of the 9,957 miles of roads included in the Texas WPA program, 9,507 are classified as farm-to-market roads. Such projects have provided jobs for an average of 26,300 needy Texans during the past year.

Palace Issued

Monthly Calendars

The Palace Theatre has just issued their monthly calendar, showing the coming attractions for the month of December, and many of the years most popular screen attractions are scheduled for showing in the near future.

These calendars are mailed to the entire Spur trading territory, and sometime during the month, the residents of the neighboring communities are invited to be the guest of the Palace Theatre, so watch for your December calendar.

"Anthony Adverse" is the first big picture scheduled in December and will be shown December 6th and 7th, Sunday and Monday and a special Preview Saturday night. This great attraction is being sponsored by the East Ward School, and everyone should buy their tickets in advance from the East Ward pupils.

Another attraction that Spur folks will be fortunate in seeing during December is "The Great Zeigfeld" starring William Powell, Myrna Loy, Louis Rainer and a cast of more than 50 stars and 300 beautiful 'glorified' girls. This picture has been showing in the larger cities at prices ranging from \$2.00 to \$6.60, and Spur will see it at slightly increased prices, adults 30 cents and children 10 cents.

And a treat for the kiddies this month, will be a Free Christmas show Saturday morning, December 26th, the day after Christmas, and all children under 14 years of age are invited to be the guest of the management for this special Christmas show. This will be at the Palace Theatre at 9:30, and if the Palace Theatre is not large enough to accommodate all the children, Manager Hardwick states that additional shows will be held and the Spur Theatre opened to take care of the kiddies. Out-of-town children are especially invited, and all the children in the Spur trading territory are urged to come in for this show.

Merchants Offer Large Assortment Of Christmas Items For Early Shoppers

Speer's announce that their box for the mailing letters to Santa Claus is ready. Each child may drop its own letter in the box. Write old Santa today.

Come to Spur! Probably never before have Spur merchants stocked up with as complete a line of Christmas merchandise as they have this year. Not only are they offering large assortments, but at a price equal if not lower than the same merchandise can be bought in the larger towns.

The stores selling toys bought heavy for the 1936 Christmas season. The toys are new in design,

with a price in proportion to the size and construction. For the girls, the new dolls are modeled after Shirley Temple, the Dionne Quints and other noted babies that break into print almost every day. For the boys there is a vast variety of mechanical trains, cars, trucks and don't forget the velocipedes, kiddie cars and tricycles. All these things and many, many more to make a Merry Christmas for the children.

Then for the grown ups there is the usual useful gift from a handkerchief to the finest watch, man or woman. The price is right and Spur merchants extend a cordial welcome to everyone in the trade territory to visit here before you make your Christmas purchases.

Hospital Goes Back To Dr. P. C. Nichols

The Spur Hospital has been returned to the management of Dr. P. C. Nichols by Dr. Jno. T. Wylie according to a statement issued Tuesday morning effective at that time. Dr. Nichols has changed the name back to Nichols Sanitarium, the same name operated under previous to leasing over a year ago.

Dr. Nichols stated that at the request of Dr. Wylie he reassumed the management of the hospital but that Dr. Wylie would continue to operate there and do clinical work in connection with the hospital as in the past. Dr. Nichols since his return to Spur several months ago has been performing surgery at the hospital.

Dr. Wylie has moved his office to the Red Front Drug store and will maintain the usual office hours there. Dr. Nichols will continue his office in the Wendell Building keeping office hours from 9 to 12 in the morning and 2 to 5 in the afternoon, other hours he may be found at the sanitarium.

Mrs. Floyd Barnett Re-elected Chairman Home Dem. Council

Mrs. Floyd Barnett was re-elected chairman of the Dickens County Home Demonstration Council in the annual business meeting Saturday. Mrs. Bill Middleton, Prairie Chapel, was elected vice president and Mrs. John Gay, Dickens, secretary-Treasurer.

Written reports of their work for the year were read by each council officer and chairman of the standing committees. The council will not meet in December.

Meat Cutting and Curing Demonstration Conducted On the J. C. Dopson Farm

A group of nine farmers met at J. C. Dopson's farm on Monday the 30th to learn the improved methods in butchering and curing meat as demonstrated by County Agent, G. J. Lane.

Three choice hogs were used in the demonstration. The hogs having been fed out by the self-feeder method of feeding. They weighed approximately 275 pounds each at the age of 7 months, which is the ideal for production of choice meat.

The hogs were butchered by the use of the bleeding method, which assures a carcass free from blood-shot shoulders and other objectionable features resulting from improper bleeding. Those attending the demonstration expressed satisfaction and appreciation of this method of killing, and as to how clear the meat appeared when cut up the next day.

After the hogs were killed and dressed they were sawed down the middle of the back bone and left to cool over night. The next day the meat trimmed and placed in a cure consisting of 8 lbs. salt, 3 lbs. brown sugar, 3 oz. saltpetre to the hundred pounds of curable meat, which is the A. & M. way of curing meat. The meat is left in this preparation a day and one-half per lb. for hams and 3 days per lb. for hams and shoulders; and then taken out of the cure, the surplus salt washed off, smoked and put into refined cottonseed oil where it remains until ready for use.

APPRECIATION

We want to try to express, in a small way, the deep appreciation we have for you who have been such loyal customers to our Grocery Department. You are more than customers, you are friends. We want you to continue to make our store your store, a place where you feel at home.

We are going to modernize our store beginning the first of the New Year. Our Ladies Ready-to-Wear department and the office will be moved down stairs and occupy the space where the Grocery has been and many changes will be made.

Just a few of the Bryant-Link Company stores have been handling groceries and all stores have now closed their Grocery Department, this being the policy of the company in order to strengthen other departments. Our grocery business here has been good to the last day. The last two months, October and November, our sales were \$12,500, so you can see we did not close the department for lack of business.

We thank you a thousand times, who have been so loyal. We hope to make all other departments better so that we may continue to merit your patronage and good will. Your friends,
Bryant-Link Company.

Bull Dogs Win Last 1936 Game

The Spur High School Bull Dogs closed the 1936 football season Thursday afternoon with a 13 to 6 victory over Silverton. One of the smallest crowds of the season watched the two closely matched teams.

The Bull Dogs took the ball to Silverton territory in the first quarter but failed to cross the goal line, the Silverton line putting up a stubborn defense. Early in the second quarter, Junior Martin, playing quarter in the place of Haralson cut through the right side of the line for 35 yards and the first counter. The try for point was blocked.

In the third quarter Silverton worked the ball down to the Spur 30 yard line, then executed a beautiful pass that put the ball on the three yard line. J. B. Smith on the third try went over for the touchdown. The try for point was blocked.

Late in the last quarter Spur again got inside Silverton's 20 yard line and this time were not to be denied. With Red Garner, Elton Garner and Bob Harrell alternating at carrying the ball Bob Harrell crashed through the center of the line for the touchdown. Haralson passed to Fred Kinney for the extra point.

Capt. Red Garner played his best game of the year and was the outstanding player of both teams. The line was not blocking on punts and Haralson had a poor day in this department. Bob Harrell did most of the ball carrying for the Spur squad and got away several times for some long gains. Kinney, Bumpus and Lee were the outstanding linemen for Spur.

Spur made ten first downs to seven for Silverton. Spur was penalized 30 yards to five for Silverton and most of the Spur penalties were for not lining up with the ball.

The Bull Dogs closed a very successful season with the best next season prospects in six years.

Family Nites At Spur Theatre

New laurels and added renown for Laurel and Hardy in celebration of their tenth anniversary as the foremost comedy team on the screen! They've enacted dual roles for the first time in a full length feature and the result is unquestionably their greatest laugh hit in their most elaborate production. Their inimitable whimsical pantomime and deft fantasy is superbly performed in the artistic background of "Our Relations," which will be shown at the Spur Theatre Friday and Saturday at regular Bargain Prices, 10 cents for children and 15 cents for adults.

And an added Bargain is in store for Spur Theatre patrons this week with "Family Nites" when the whole family will be admitted for one 25 cent ticket

Soldier Mound Woman Wins

Mrs. Foster Jones, home food supply demonstrator in the Soldier Mound home demonstration club won first place in the county on her work as food demonstrator this year. Mrs. L. B. Jones, Red Top placed second and Mrs. Roy Johnson, Espuela, third.

The demonstrators were judged by the following score card: appearance and arrangement of pantry, 15%; demonstrator's budget, 25%; Cooperators making daily meal plans for a week, 10%; demonstrator and cooperators meeting requirements of the food fair, 25%; story of the demonstrator, 15%; and number names in guest book, 10%.

Mrs. Foster Jones total score was 96 out of a possible 100; Mrs. L. B. Jones scored 88 and Mrs. Johnson 85. The cooperators in Soldier Mound scored full count in each point in the score card that concerned cooperators. The cooperators in Red Top lacked two points of making a perfect score.

Mrs. Foster Jones will receive a trip to Short Course next year as a result of her winning.

GIN REPORT SHOWS OVER 7,000 BALES TO NOV. 14

The Bureau of Census gin report shows Dickens County to have gined 7,263 bales of cotton up to Nov. 14. The report includes running bales, counting round as half bales. The next report will be for December 1 and will almost conclude the crop this year.

Club Women To Give Program Over KFYO

Mrs. Foster Jones, home food supply demonstrator in the Soldier Mound Club and winner in the county, will give her story and a summary of the work in the county.

"Gillywibbers"

An attack of Gillywibbers is announced by an electric chill racing up and down the spine frequently attended by a mild rash of "Folliculitus" (Goose Pimples). The attack is always temporary and ends when the patient laughs heartily at the stimuli, which induce "Gillywibber," such as "The Devil Doll" will bring about when it is shown at the Spur Theatre at an early date.

"The Devil Doll" is one of the most unusual productions to come out of Hollywood—a 12-inch 'devil doll'—a killer! What?—you don't believe it?—Then, just wait 'till you see "The Devil Doll" at the Spur Theatre soon. Watch for date.

FOOD ACHIEVEMENT DAY

"I think I have accomplished something in planning and working out my pantry plans, so that I might have a storage place for my canned products. As food demonstrator for the Espuela club, I have learned to plan a well balanced meal and prepare a dish so that it will be attractive as well as appetizing," said Mrs. R. E. Johnson, food demonstrator of the Espuela club.

The vegetable dishes were to be scored as well as having a correctly set table demonstration.

Mrs. R. E. Johnson read her story on "Being a Food Demonstrator." She also had her pantry exhibit, which proved to be very attractive and well planned.

FIRST THANKSGIVING

One state in the Union does not observe Thanksgiving as a holiday was brought out in a report on the first Thanksgiving by Mrs. Ben F. Overstreet at the home of Mrs. John Gay when the Dickens womans Home Demonstration club met Nov. 18th for a Thanksgiving program.

Every state in the United States except Utah observe Thanksgiving as a holiday. Also every territory and possession of the United States following a custom started by the Pilgrims after their first corn crop was gathered. Since then different governors have issued a proclamation for the states to observe Thanksgiving. Now the President of the United States issues one to that effect.

The club also discussed the report Mrs. Fred Arrington would make to Council Nov. 28th and different members discussed the kinds and number of shrubs and trees they were planning on setting out in their yards soon.

Attendance was short Wednesday but Santa Claus is going to be at the next meeting, which will be at the home of Mrs. Nettie Littlefield the first Wednesday in December. Each member will bring a gift costing between one and ten cents and a social hour will be spent celebrating a holiday tree.—Reporter.

ENJOYED VEGETABLE COOKERY

"I have enjoyed the vegetable cookery phase of our home food supply work this year," said Mrs. Roy Johnson, home food supply demonstrator in the Espuela home demonstration club in her achievement program last week.

"One need not prepare the vegetables the same way every day. There are numerous attractive dishes to be made from ordinary vegetables. We need to "dress them up." These dishes are not only attractive but appetizing and healthful as well."

"I like to serve platter meals with the meat and two or three vegetable served from a big platter. Platters can be made so pretty and then the dish washing is lighter if the meal is served from one dish."

"I have learned to serve my vegetables correctly cooked and not over or under cooked," said Mrs. Johnson.

MEN NEEDED

As we look at the present situation of things as they actually exist today we are caused to say with all the earnestness of our ability, "Men Needed." Still we realize there are men without jobs by the thousands, yea millions but just any man cannot fill the position.

We see that State, National and World customs of hundreds of years standing are being changed over night till thinking men are standing agast, wondering what next?

Some are advocating one thing and some another till the world is full of remedies but the trouble is none of them work, then from a material standpoint things are getting worse all the time.

We might say it looks like that we are on the mighty ship of time with the waves of destruction sweeping over deck and we are wondering who will quiet the storm? Is there no rescue? Is there no possible way of viewing beyond the rolling turbid waves of disaste, and seeing the still quiet peace on earth good will to men?

Some will say I don't see anything. Yes there are those who have not given existing circum stances the first thought much less the second, but as sure as you and I are alive the question is daily before us: "Where do we go from here?"

Some will say oh, just a few little economic, material changes taking place, everything will be all right and I agree, everything will be all right but what is that Right going to cost the Human race.

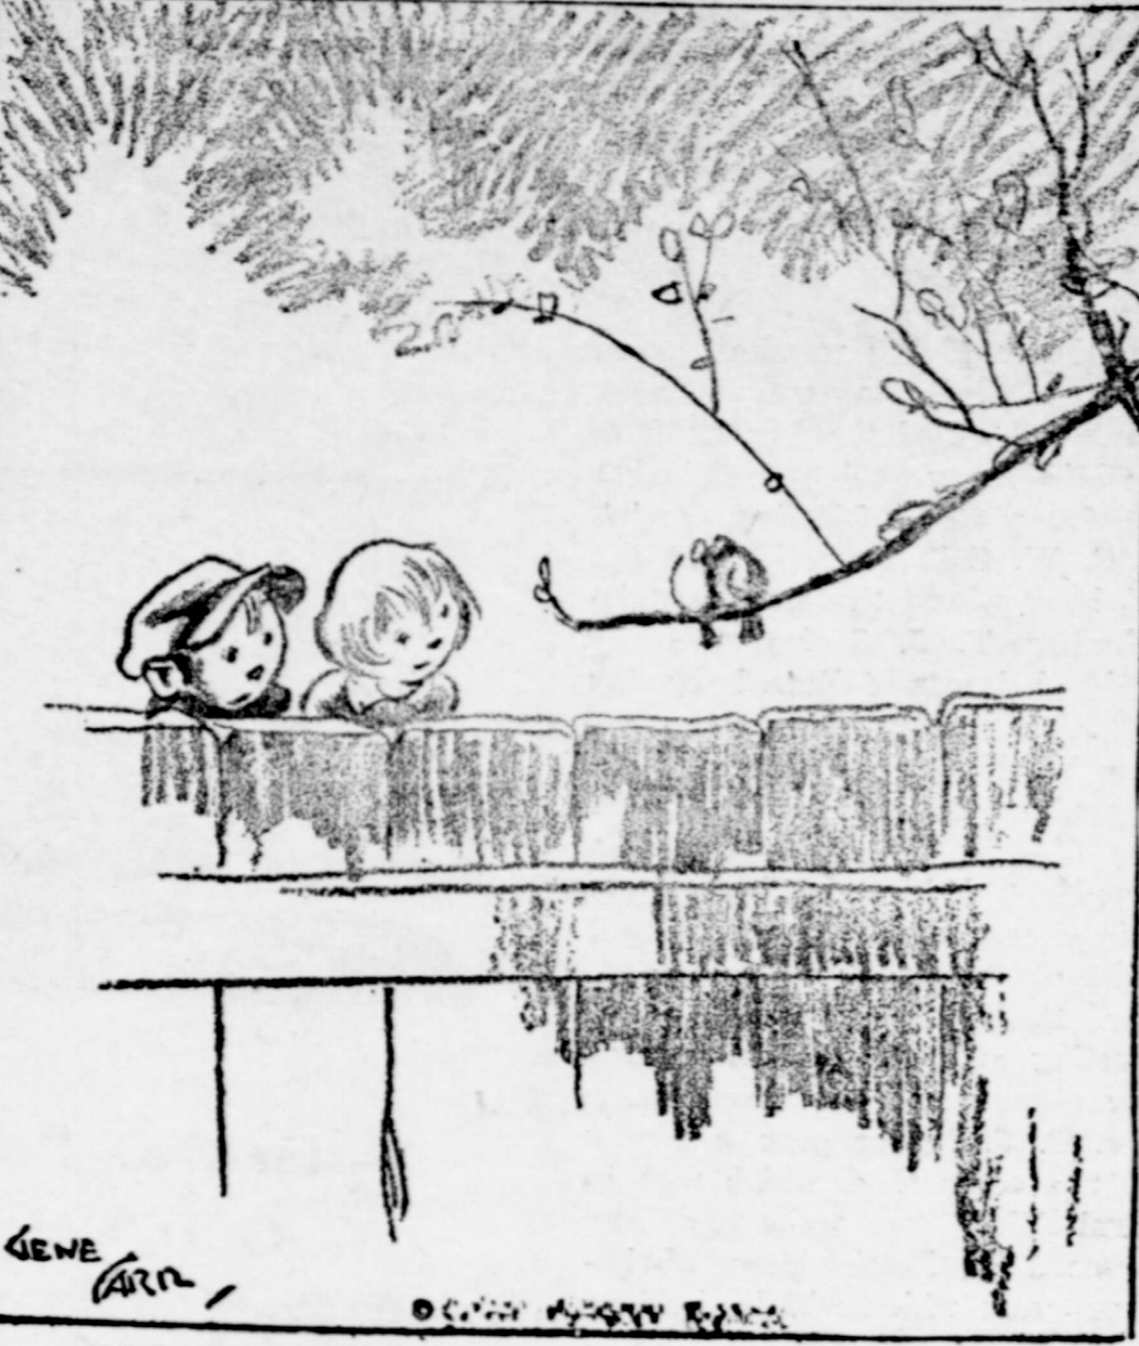

The one that is spiritually inclined can plainly see that there is a greater spiritual revolution that there is a material revolution and that is the one cause of this mighty cross called trouble.

The time is now here for men to realize that this little ball upon which we are living (called earth) has been thrown out somewhere in God's Universe and is whirling on at a tremendous speed and every material thing upon it is unsettled, unbalanced and an unfinished product and the world needs men, as never before, men with workable visions, men with materializing thoughts, men of character, stalwart men, men with power to step to the front and say yes at the right time and no at the right time.

As I come to a close you will say you did not give a remedy, no the

Jackson of Spur and 26 grandchildren living, two have gone on before.

Mr. Williams was a man who always met his friends with a hand-clasp and a word of greeting. The funeral service was held in the Baptist Church, conducted by Bro. A. P. Stokes. Interment was in the cemetery at Spur, where his two grandchildren are buried.

He will be missed by his church, the town, but most of all by his family but may they think of him in his "new life" as this poem so beautifully describes:

"THE NEW LIFE"

Strange that we should think of him now not with sorrow nor of anguish and pain born of parting. Here tho' we miss him today and shall miss him tomorrow, All we can think of for him is the new life just starting. We can see him today with his new garden planted, doing the work he loved best and was best at, And that one wish of his, oft expressed, has been granted; He knows all the truth which on earth must be guessed at. Now he shall bend to his roses and know all about them; Know why red and white in the same soil are growing; know the secrets of seeds, and the promptings that sprout them And all he wanted to learn which life kept him from knowing. —Contributed.

MAY BE SO

Oh for a closer walk with Frank, the man of wondrous fame. He'll stuff such rolls down in our flank, It will be a measly shame. Where is the man Alf Landon?— We answer we do not know. His race, politically, is run. He is buried neath Democrat snow. What peaceful hours we'll now enjoy. What flourishing times we now will see? We'll see a high heeled time— Oh Boy! Because we voted for one, Franklin D. But, Oh, those poor folks who lost Landon. Will shed many a bitter tear. For fear our troubles have just begun. And times will be just like they were. If a solution to the sum we were asked to give. T'would be take thousands off the bum. And teach them how to live. Teach them to live inside their means. And make not such a show. When it comes out of their own jeans. They will not so many places go. —Farmer Doolittle.

With morning... came the repair crews

An early snow, drifting down from leaden December skies, froze to telephone poles and lines. Hard on its heels came the wind. Ice-laden wires snapped and poles splintered before the blast.

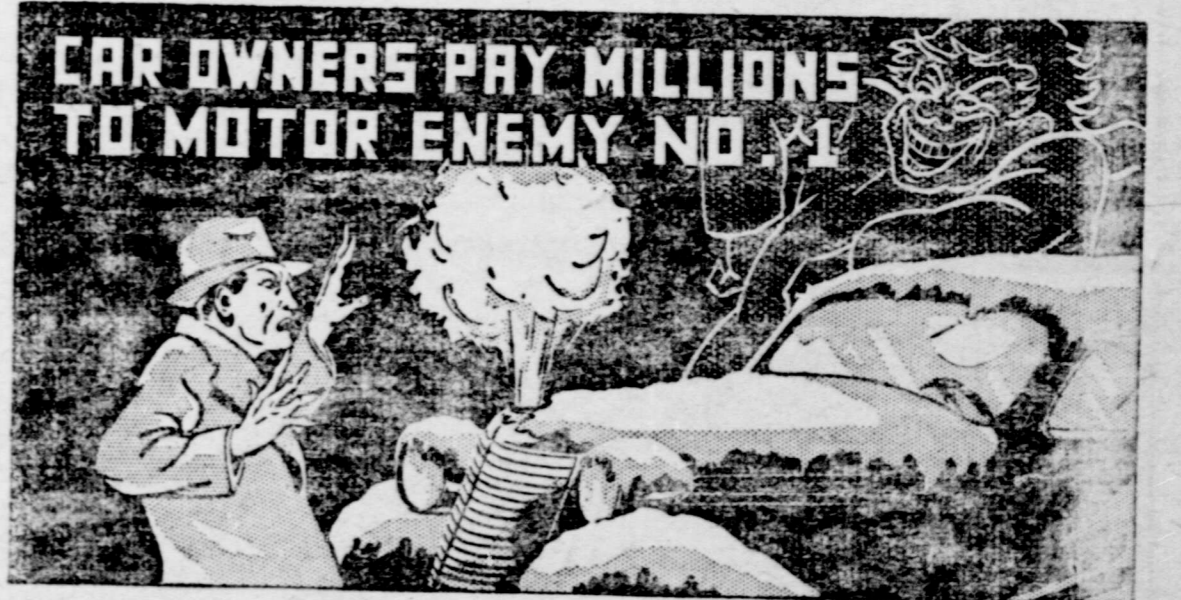

Night found scores of towns throughout the storm region handicapped by crippled telephone service.

But with the morning came the repair crews. Hastily

gathered from regions untouched by the storm, they poured into the stricken area with trucks, tools and materials. Day and night they rushed the work of reconstruction.

One advantage of the Bell System's far-flung organization is this: When disaster flattens the telephone system, men and money and materials are instantly available for the prompt repair of the damage.

Beware The Cough From a common cold That Hangs On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Creomulsion not only contains the soothing elements common to many remedies; such as, Syrup of White Pine Compound with Tar, fluid extract of Licorice Root, fluid extract of Ipecac for its powerful phlegm loosening effect, fluid extract of Cascara for its mild laxative effect and, most important of all, Beechwood Creosote is perfectly blended with all of these to reach the source of the trouble from the inside. Creomulsion can be taken frequently and continuously by adults and children with remarkable results. Thousands of doctors use Creomulsion in their own families as well as in their practice knowing how Creomulsion aids nature to soothe the inflamed membranes and heal the irri-

tated tissues as the germ-laden phlegm is loosened and expelled. Druggists also know the effectiveness of Beechwood Creosote and they rank Creomulsion top for coughs because you get a real dose of Creosote in Creomulsion, emulsified so that it is palatable, digestible and potent for going to the very seat of the trouble. Creomulsion is guaranteed satisfactory in the treatment of coughs, chest colds and bronchial irritations and especially those stubborn ones that start with a common cold and hang on for dreadful days and nights thereafter. Even if other remedies have failed, your druggist is authorized to guarantee Creomulsion and to refund every cent of your money if you are not satisfied with results from the very first bottle. Don't worry through another sleepless night—phone or go get a bottle of Creomulsion right now. (Adv.)
