Vol. 3.

Winters, Runnels County, Texas, Friday, Apr. 24, 1908.

No. 50

## Mrs. Joe Vancil.

Last Monday evening the sorrowful news was told over our little town that Mrs. Joe Vancil was dead, bringing sadness to the hearts of all who heard it, for each one realized the loss of one dear to every heart.

Mrs. Vancil was born June 26, 1870, married September 20th 1891, died April 20th 1908. She was oldest daughter of Mr. and Mrs. M. A. Hunter and, besides her aged parents, she leaves a brother, three sisters, husband and three children.

Funeral services were conducted at the home at noon Tuesday by Rev. G. W. Fender, pastor of the Presbyterian church of Ballinger. The service was attended by all who could get inside. Many stood outside with bowed heads and aching hearts. The choir composed of Mr. and Mrs. Tucker, Mr. and Mrs. Murray, Hudy Springfield and A. F. Roberts, rendered songs, the sentiment of which brought consolation to the hearts of sorrowing ones.

Practically the entire town followed the remains to the grave, every business house be-closed during the hour of the funeral. As a last mark of esteem the new-made grave was covered with wreaths and bouquets of flowers, arranged by loving hands.

Thus another of God's noblest and best has been called from the walks of life unto that final and better kingdom. She has only gone on before and her devoted Christian character will rest as a benediction on the hearts of sorrowing ones, beckoning them to come when life's burdens are laid down.

Parties interested in our cemetery are planning for a day to meet and clean up and otherwise improve this "home of the dead." We are hardly at liberty at this time to name a date, but announcement will be made later on in plenty of time to give all due notice. The ladies are asked to give their assistance to this laudable work. Let everyone who can, take hold and not longer neglect this last resting place of friends and loved ones.

Charlie Chapman returned this week from Waco, where he took a course in a business college. He states that the recent rains did much damage where he was and he was glad to get back to Winters.

## Thomasson-Bedford.

News was received in the city this week announcing the marriage of Miss Ethel Thomasson to Mr. L. A. Bedford at the bride's home near Weatherford.

Mrs. Bedford is a sister to Mrs. F. D. Bedford of this city and will be remembered by many friends in Winters whom she won by her beauty and rare accomplishments while visiting here a few months ago.

Mr. Bedford is a member of the firm of Bedford & Odell, and is one of Winters most enterprising citizens, always taking an active part in everything that stands for a greater Winters.

They are expected home this week and will receive many congratulations from scores of friends who join the Enterprise in wishing for them a life of cloudless skies, lined with roses and many happy days.

## Some More Rains.

Added to the rains reported last week, the flood gates opened in Friday, Saturday and Sunday nights. Elgin, Elm, and other creeks with all their tributaries were higher than since 1899. Up to today we have had four days of sunshine, to which is added a strong west wind. Planters are running all over the Winters country and things are beginning to hum. Keep your eye on the Winters country.

## Branham-Green.

Mr. O. H. Green and Miss Susie Branham of the Moro mountain country married in Ballinger on Wednesday of this week.

Mr. and Mrs. Green are well and favorably known in their community and have many friends in this country who join the Enterprise in wishing for them a long, happy and useful life.

With present prospects it is assured that the Winters country is going to be short on farm hands in a few weeks time. If you want work turn your nose toward the Winters country and get a share of the shekles that are waiting for your labors.

Dr. and Mrs. P. S. Smith have a little Miss Smith at their home.

This to again remind you that we have the W. A. Conlee accounts for collection, so if you are indebted on these accounts call on us and make settlement at once. Hood & Davis.

## We are Here to Stay

We like the country. We like the people We believe in our goods, and we believe in you. We believe in giving for every dollar a dollar's worth; and want the people of this community to feel way down deep in their hearts, that there are no better values nor more desirable goods to be had than we carry. From Route No. 1.

Editor Enterprise,

As I have not seen anything  
from this settlement, I thought  
I'd write a few bits of facts on  
west Texas.

We live four miles west of  
Winters. So we take our Enter-  
prise every Sunday morning, get  
out under the shade trees and  
read the news of our merry little  
city while wife prepares the  
baby for church.

We have a fine season for a  
bumper crop. Everybody is up  
with their work well for this  
time of the year. Plenty of green  
grass and fat stock.

R. R. Morgan and M. B. Phil-  
lips ran down and killed a large  
gray wolf near Mr. Morgan's  
home last week. We expect to  
have another wolf hunt in the  
near future.

B. Wilson purchased a fine  
blooded horse of Mr. Rodgers at  
Winters for \$130. He expects  
to keep him for a driver. We  
think he will step along about  
the front.

I. M. Phillips and B. Wilson  
were over visiting M. B. Phillips  
Sunday.

J. N. Coley and B. Wilson  
caught nine young coyotes Friday  
J. T. Bryant and W. A. Glenn  
went duck hunting Saturday and  
killed several large ones.

H. C. Perry has purchased a  
new Mr. Bill planter from Bed-  
ford & Odell. This makes him  
two new planters and 125 acres  
flat broke land. How is that for  
this time of the year?

J. T. Bryant had just about  
finished planting cotton when  
the heavy rain come Friday. He  
thinks he will have to plant over  
some of it.

J. N. Coley has 100 acres in  
fine shape for planting cotton.

T. M. Moore is making a black  
spot in the turf on the west end  
of Mr. Jackson's place.

Bob Brown has his wagon load-  
ed for Mexico. We trust he will  
find a good country and people  
out there. He spent nine suc-  
cessful years with us and we re-  
gret very much to have him go,  
but hope to see him return some  
day.

White House.

### Pumphrey Pumpings.

Having many times thought I  
would write a few lines to the  
Enterprise, I now have the op-  
portunity as it has rained an old  
east Texas soaker. Coyote creek  
is swollen until we can't go to  
Pumphrey to chat with the boys,  
at the same time had much rather  
be at home with my better  
fifteen-sixteenths any old time  
than to be gassing around whit-  
ling on boxes and talking poli-  
tics.

I am a new-comer, this being  
my second year in this beautiful  
western country. This time last  
year I had to be shown, although  
I came from Tennessee. I did

not believe it could rain at all.  
I want to say right here, I've de-  
cided that we sometimes have a  
little rain.

Judging from the size of the  
lake, J. S. Hobbs has on his farm,  
one would think he was counting  
on going into the duck busi-  
ness as we noticed quite a lot in  
there this morning.

Frank Hobbs reports having  
lost his watch yesterday while  
rabbit hunting near Drasco, on  
Mr. Crow's farm. That sounds  
a little fishy.

We have a bright prospect for  
a fine crop, if it doesn't rain too  
much.

We will soon have plenty of  
home grown Irish potatoes and  
lots of other good things to eat.

There is some improvement go-  
ing on in our neighborhood. Mr.  
R. L. Mosely has a nice resi-  
dence nearing completion.

My neighbor O. C. Puckett has  
lately put up a windmill at his  
residence. He says he is going  
to water everything on his place.

The health of our community  
is good.

We think we are in the Garden  
Spot of Runnels county.

With kind regards to the ed-  
itor before I land in the waste  
basket, will say good bye.

Rambler.

Will Mullins of San Angelo  
spent several days in the city on  
business this week. He says he  
has cotton that has six leaves on  
it and everything is looking good  
in the Concho land.

## In the Millinery

**B**EGINNING Friday Morning, April 24th, at nine o'clock, and lasting until Saturday May 3rd, you will have an opportunity of a life-time to buy a beautifully trimmed Hat at your own price. These hats are from the very best establishments in the country. You just can't keep from noticing the difference in style from the ordinary kind usually sold. This really was intended for a belated shipment that we bought at a price owing to the late shipment. But we have decided to put the price on every Hat (none reserved) in the entire millinery department. Think of it! Right in the heart of the season you can buy a hat for less than the cost of material. We suggest that you buy early. Remember the dates, April 24th to May 3rd, 1908. With all prospects of cold weather gone and winters orchards loaded with fruit, we'll all live high this year.

Winters country has had the rain and nothing remains now but for our progressive farmers to scatter the seed, till the soil and reap a record breaking crop.

### For County and District Clerk.

Overton L. Parish presents his name to the Enterprise readers asking for their support in his race for the office of county and district clerk. Mr. Parish is a young man, ambitious to succeed on the road of right living, and should the clerk's office fall into his hands, he will, no doubt, be equal to the task. He believes two terms in office is sufficient and on this and his fitness for the position he asks your consideration.

### Old Fiddlers Contest for Winters.

It has been suggested that Winters have a genuine old time & Fiddlers' Contest sometime in the summer. While it is a little early yet to make any definite arrangements, the suggestion is a good one and we hope those interested will talk up the matter and add suggestions from time to time, with a view of making the event one of unusual enjoyment all 'round.

### Card of Thanks.

I wish to thank my neighbors and friends for their kindness to us in the sickness of my wife and baby and for all their kindness to me in my misfortune. The people of Winters know how to treat the sick and unfortunate. Respectfully,  
J. H. Tyer.

The Roadman's Guide.—New book tells how to make money at political rallies, barbecues and picnics with stands, shows, games etc. Learns you how to make hot chili, tamales, candy, orange cider, root beer, etc., and how to get up shows and make games of amusements. Explains new plans and schemes for making money easy. A valuable book of information. Price 50 cents post free. Send for it or write a postal for free circular. Address J. C. Burrow, Publisher 633 Fourth Ave., Louisville, Ky.

Grandpa Hinds is spending the week with relatives in the city.

Ramsey, the 17-months old baby of Mr. and Mrs. J. L. Orr, died at their home near Drasco the 17th and was buried at the Winters cemetery the 19th, Rev. W. I. Dunn conducting the funeral ceremony.

Another flower has been plucked only to be transplanted in the heavenly home, and as father, mother, brothers and sister weep the loss of one so dear may they be comforted by the thought that we shall meet again on that beautiful shore.

Winters' old school building is being torn down, thus removing an old landmark of the town. Having been the home of our school for 18 years makes the old house dear to the hearts of many, old and young, but all find consolation in the fact that our school has a new and better home and so can better part with the old.

Since the town has grown to its present size the old house has stood in the middle of our main street and its removal will greatly help that part of town.

The old lumber is offered for sale by Mr. Dale.

**Why  
Farmers  
Should  
Keep  
A  
Bank  
Account**

Their bank deposit book affords them a complete record of their cash receipts, while the stubs of their check books are a perfect record of expenses and payments. Paying a laborer, a store account or any other bill with a bank check is much safer than with money; because you avoid the risk of handling the actual cash, and the endorsed check returned by the bank is the best kind of a receipt.

Farmers, try the experiment for one year of keeping a bank account and see if it does not you. A large number of the best farmers have accounts with us now we want EVERY FARMER TO HAVE ONE. We issue bank money orders, which are good anywhere, are better, cheaper and more convenient than Post Office or Express orders.

### School Opened Monday.

The pay school of Winters—so called, because one has to pay to go; and it pays one to go—began last Monday with an attendance of some sixty pupils, to which a few more have since been added.

Miss Maude Shelton is the pedagogical mistress, and right well she deserves the name; every grade from 0 to x infinity is represented, each representing several studies, or over forty in all. This was the problem that confronted her Monday, but she has arranged everything very nicely and the school is going like clock work. Every boy and every girl is doing their part in making school-life profitable and pleasant.

The people of Winters are to be thanked for their unusual interest taken in the subscription school, the pupils approved for their diligent work and the patrons and pupils congratulated for their luck in securing such a proficient teacher.

### THE KID.

Mr. and Mrs. Havenhill have a very sick son this week.

Miss Pearl Rains is assisting in the store of Kizer & Buchanan this week as saleslady.
