NUMBER 5

Top Priority: Dam, Water Supply

Winters City Council last Thursday was told that the suggested community project uppermost in the minds of most people was the immediate and definite search for ways and means of procuring additional water for the community through development of another water reservoir.

The Council was told that a recent poll of members of the Winters Chamber of Commerce showed that a majority of the people of the community feels that a sufficient supply of water is necessary in order for the community to continue to progress, or even to maintain present standards. The Council was asked to place a top priority tag on a search for additional water supplies.

In a meeting in the Chamber of Commerce office early Thursday evening, several businessmen and individuals met with the mayor and

Winters Aldermen **Re-elected**

All three incumbent members of Winters' City Council running for re-election were returned to office in the voting Saturday, from a field of six candidates for three seats.

members of the City Council to discuss the water supply problem.

Bill Graves, president of the Chamber of Commerce, who presided for the meeting, said a recent poll taken among members of the Chamber indicated that a large majority felt that water supply is the most important need of the community at the present time.

Mayor Homer Hodge said that the cities Winters and Ballinger had jointly employed an engineering firm to make a survey of the Elm Creek Watershed, and that the engineers had recommended at least four sites which would be feasible for a reservoir. However, Mayor Hodge said, indications are that Ballinger is no longer interested in a joint project, so it is up to Winters to continue working on the project independently. The mayor said one of the sites most favored by the engineers is located immediately below the present City Lake on Elm Creek, east of town. He said engineers projects that a reservoir at this site would be sufficient to hold 12,000 acre feet of water. The present lake had a capacity of 3,000 acre feet when the dam was constructed some 30 odd years ago, he said.

A dam on the proposed site could be built with assistance from the Soil Conservation Service, it was pointed

out. The SCS presently is completing

planning work for a project to

construct water retarding dams along

Classes in Winters Public Schools

will be dismissed Friday afternoon,

April 12 through all next week.

Monday, April 19.

Elm Creek and its tributaries; a municipal water supply reservoir could become a part of that project, Mayor Hodge said. It was not estimated what the cost would be, but indications are that much of the funds which would be required for such a project could be obtained through the SCS and other government agencies, and a revenue bond could complete the financing.

Pat Pritchard, Runnels County Commissioner for Precinct 3, and at present president of the West Central Texas Council of Governments, said there are funds available for such projects, and indicated that WCTCOG would look with favor on such a proposal. WCTCOG approval would be necessary to obtain additional funds, it was explained.

Mayor Hodge said the Council will place high emphasis on such a project, and contact engineers with requests to obtain information on costs, approval by the Texas Water Board, and other agencies which would be concerned. A committee from the Winters Chamber of Commerce will work closely with the City Council on this project, Graves said.

George M. Beard Is **Pres.-Elect Of**

AT GIN-Ray Alderman, right, of Alderman-

Alderman-Cave Milling & Grain Co., and will be

Clifton Poe received 235 votes to return to office; James West received 206 votes, and Buddy Miller received 174 votes.

Other candidates were E. J. Bishop, who polled 78 votes; Michael G. Briley, 55 votes; and Frank Arroyo Jr., 36 votes.

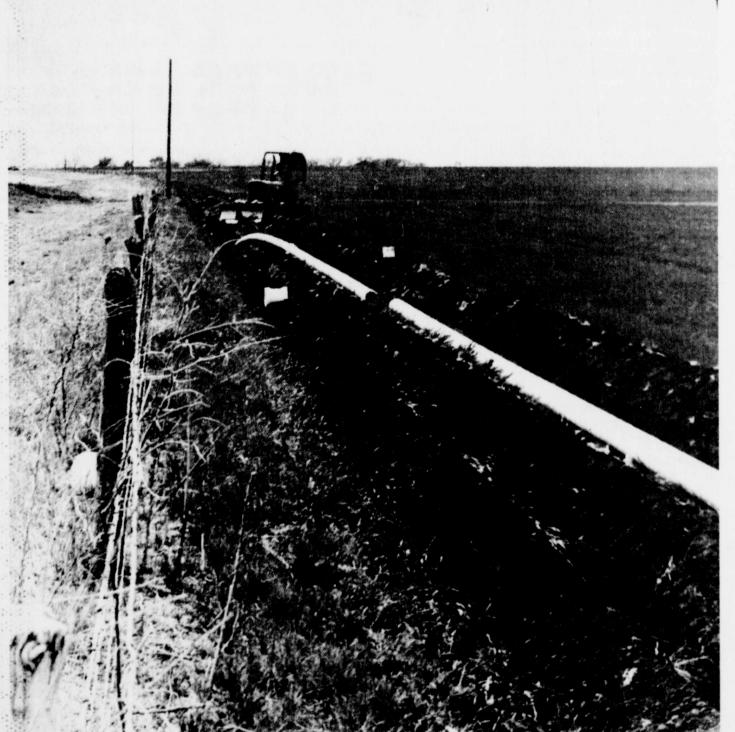

The Council will be reorganized during the mid-month meeting, Mayor Homer Hodge said Monday. Other members of the council are

Earl Roach and Alvin Scates.

School Heads

George M. Beard, principal of Winters Elementary and Junior High Schools, last week was named president-elect of Region 15, Texas Elementary Principals and Supervisors Association. He will assume office next September at the start of the 1976-77 school year.

Beard is currently first vice president of the Regional group. He was elected president elect at a meeting at Melvin Thursday of last week.

PIPELINE-White pipe which will carry water to rural homes in North Runnels lies ready to be pushed into the ditch and connected, just ahead of the motor blade which will cover the ditch. The picture was taken from just behind the ditch digger, as crews of R. T. Swelling & Sons of Whitney completed the first three days of construction on the

project. Crews laid 7,000 feet of pipeline on the first full day on the job, and more than 7,200 on the second day. Another crew was expected to be moved in to the job within a few days, to speed up the work. This is part of the first phase, or first half, of the project of North Runnels Rural Water Supply Corp.

Cave Milling & Grain Co., and Don Robertson, who will manage the Winters Gin, discuss plans for work on the gin in preparation for the fall ginning season. Winters Gin is a division of in operation within a few months to provide ginning facilities for cotton producers in this area.

Winters Gin Sold **To Alderman-Cave**

Alderman-Cave Milling & Grain Co. of Winters has formally announced the purchase of the Winters Gin from the Winters State Bank, and plans are to have it in operation for the fall ginning season.

Ray Alderman, of Alderman-Cave, said the gin will be managed by Don Robertson, formerly of Brownfield. Robertson, 49, has 24 years of experience as a gin manager: 12 years in the Pecos Valley and 12 years on the High Plains of Texas. He and his

Easter Revival At First Methodist

The Rev. Bob Lindsey, pastor, will do the preaching for an Easter Revival at the First United Methodist Church, beginning April 11 and continuing through April 18.

Sunday morning services will be at the regular hour, 10:40 a. m., with evening services to begin at 7 p.m.

This Holy Week series will be on the theme of the last week of Jesus' life on earth.

Sunday morning, "Caution, God At Work"; Sunday evening, "Jesus Rated G"; Monday, "Cleansing the Temple"; Tuesday, "The Last Thing That He Taught"; Wednesday, "She Hath Done What She Could"; Thursday, "This Do In Remembrance of Me"; Friday, Community worship service at St. John's Lutheran Church; Easter Sunday, "Why Are You Amazed?"

Wingate School **Board Members Elected Saturday**

Four men were elected to the board of trustees of Wingste Independent School District Saturday, in a write-in election. There were no announced candidates listed on the ballot.

Elected to the Wingate school board were Larry Donica, 26 write-in votes; Suvern O'Dell, 23; Hollis Dean, 27; and M. B. Folsom, 16.

wife, Norma, have moved to Winters and will live at 409 N. Heights. They have two sons, Leslie, 21, and Jeff, 18, who is a senior in high school.

Alderman said, "We feel that we are very fortunate to have a man of Robertson's background and experience with us in this operation. He commenced work April 1, and plans to have the machinery in tip-top shape by fall." With modification to some of the equipment, Alderman said, "Don believes we have an excellent plant and can do a first class job of ginning." The gin also will handle planting seed.

Alderman said, "We purchased this property because we believe in the future of cotton in the Winters area." For the past several years, he said, "we have seen grain prices increase and cotton prices decrease. As a result, each year has seen a reduction of cotton acres throughout the Cotton Belt."

Alderman said "the pendulum now

appears to be swinging in the other direction. A comparison with just one year ago shows that cotton has increased in value by 33 percent while grain has decreased by 14 percent. The farmer who is now making plans for his planting intentions might want to take this fact into account in deciding on how much cotton to plant."

"We intend to make every effort to keep a good gin at Winters," Alderman concluded.

Cemetery Working At Crews Saturday

A cemetery working has been planned for Saturday, April 10, at the Crews Cemetery.

Work will begin at 8 a. m., and everyone interested in the cemetery is invited to participate. Joe Shelton is president of the Crews Cemetery Association.

WINTERS' EMBLEM-This is the official emblem which will be used during Winters' observance of the American Revolutionary Bicentennial celebration during 1976. The emblem, which can be reproduced in two colors, was drawn by Boyd Graham, commercial artist of Abilene, who was commissioned by the Winters Bicentennial Committee. The design emphasises the year, 1976, on the right hand

side, with the left hand side borrowing from the Texas Lone Star flag, which would be printed in blue for two-color reproduction. Two-color reproduction is possible with the "Winters" line at the bottom, with the shaded portion of the letters to be printed in blue, if desired. The design will be used for printing all official Bicentennial material for Winters during this special year.

Echoes of fun and frolic at the old cowboy reunions held on the L. P. (Luce) Wood ranch for 20 years can still be heard and part of the pavilion is there says Wesley Wood, a son, who continues

to live on the ranch where he was born at the site of Runnels City, the first county seat. Wesley was just a boy

when the Ex-Open Range Cow Punchers Association was organized in 1909, but he recalls that they met every year for two days. It was always Tuesday and Wednesday on or before the first full moon in August.

"They wouldn't let the women go the first day," said Wesley, "but I stuck around and those men really told some scary tales." The cattle men traded

yarns of trail days, drank their coffee, sang cowboy songs and relived all they could of those good open range days.

Patti Bomar of Winters The men barbecued beef was maid of honor. She wore and mutton for everybody, a gown of pink dotted Swiss and the women brought the with embossed roses, with "fixins." There was plenty of empire waist and puffed bread, pickles and black sleeves. She carried a pink coffee. The association took care of all the expenses and Given in marriage by her any old time "open range father, the bride wore a puncher" was welcome to gown of white eyelet matecome and camp the two days. rial, with empire waist, with A pavilion was built along Juliet sleeves and high mong the trees on Coyote neck, and wore a chapel veil. Creek and fiddlers were on She carried a nosegay of

hand to play the music for old-time square dances. There was also waltzing, the scottishe and polka for those who wished it. One woman recalled that

would stop and graze along

their good times, too, and never missed swinging their partners at the dances at Paint Rock and Runnels City.

Next Week: Bringing the girls across the Colorado River when it was out of banks.

The Ross Heathcott family of Aspermont were visiting their dad, D. R. Heathcott this week. Other visitors were Martha Pritchard and Lynn Smith of Ballinger. Wingate School celebrated April the 1st with their

annual Community Day get together. Lunch was spread in the cafeteria. Not quite as many of us were present as used to be but there was plenty of food and some left.

The pupils had a track meet and other sports in the afternoon. This affair was started to keep the kids from playing hooky on April Fool Day. It has been going on

> since in the 30's. Maxine Pritchard is re covering from a broken foot and now has stumped a toe nail off.

Mr. and Mrs. Bobby Dunnam of Graham were weekend guests with her parents, Mr. and Mrs. Carl

Green. Mr. and Mrs. Dayton Smith, Mr. and Mrs. Dean Smith and Lynn of Ballinger were visitors here at the Church of Christ, Sunday with Dean as speaker.

There are two ways to do something: the right way and the way most of us do whatever it is.

Tom. According to Mr. Wood's comments when interviewed at one of their meetings, working with a cow outfit

contest," he said.

Staying with this group

for ten years, Mr. Wood also

became a partner in the

7-4-H cattle company with

Parramore, Jim Johnson,

Van S. Lewis and Dudley

was doing a little bit of everything that came along; trailing, herd grazing, roping, branding, bronc-busting, rounding up and line riding. In the Parramore camp there were about fifteen boys on the job at all times, beside the boss, Jim John-

bad, and Chad Golson of Austin. BLACKWELL

> NEWS The Women's Missionary Union of the Blackwell First Baptist Church met at the church Thursday afternoon, April 1, with six ladies in

attendance. Mr. and Mrs. T. J. Oden and Larry have had as their visitors Mrs. Oden's sister and her husband, Mr. and Mrs. Fayet Ford of Bells.

Fannie Mae Wilson is visiting this week in Sterling all children through 12 years City with her son and his of age, will be held in the wife, Mr. and Mrs. Curtis City Park, April 9, at 4 p. m. Wilson and her grandsons and their families, Mr. and sponsored by the Winters Mrs. Larry Wilson, Mr. and Boy Scouts and the Winters Mrs. Patrick Wilson and Girls Club (formerly Girl children, Shane and Christina, and this is the first time Scouts). she has seen her greatgranddaughter, Christina. Other visitors in the Curtis Wilson home were Mrs. Wilson's grand-daughter and her family, Mr. and Mrs. Jimmy Hipp and children, Barry, Jettie, Tammy and Debbie of Midland. Mrs.

Hipp was reported to be improving from her recent surgery. Mr. and Mrs. Cecil Lewis

Smith of Lubbock and Mr. and Mrs. Dixie Smith and children, Michael, Marc and Toria Jane of Fort Collins, Colorado have been visiting their parents, Mr. and Mrs. Cecil Smith. Other relatives and friends attended the 50th Wedding Anniversary of their parents, Mr. and Mrs. Cecil Smith last Sunday which was held in the Fellowship Hall of the Blackwell Methodist Church.

Egg Hunt Planned on. Lucius Price (Luce) Wood was born June 1, 1859 in the shadow of the Alamo. He said that he grew up with cattle and sure would have been lonesome without their bawling and horn-rattling. He didn't know how old he was when he began making a regular hand, but he was

about twelve when he rode his first Mexican bronc. Mr. Wood began cowpunching in Gonzales County and stayed there with different outfits, trying to master the business from the ground up, then he got a touch of longing for new grazing and was off with the first norther.

He headed west at twenty years of age and stopped his horse at a cow camp in what is now Runnels County, then just West Texas. "It was Jim Parramore's

outfit and they were needing punchers, so I was put to

Registry Service For Your Wedding Gifts! Bahlman Jewelers

until another norther blew 'em further on their way." After a big blizzard there might be as many as 10,000 to 25,000 head at that line at one time. "It wasn't especially hard work keeping 'em back, but it was disagreeable; for it was in the coldest of weather that we had to be everlastingly at it."

The life of the cowboy wasn't all hard, they had

### **Tornado Information Available From Weather Service**

Texans will find that there are several ready sources of information on tornadoes and other weather phenomenon available in the state. The National Weather Ser-

vice maintains 18 Texas offices which will provide general informational brochures as well as handle specific weather inquiries. Offices are located in Amarillo, Lubbock, Midland, El Paso, Del Rio, San Angelo, Wichita Falls, Abilene, Ft. Worth, Waco, Austin, San Antonio, Brownsville, Corpus Christi, Victoria, Galveston, Houston and Beaumont.

One of the free publications available through the National Weather Service is entitled "Tornadoes". For a copy of this brochure, write or call the nearest weather service office.

A free safety booklet

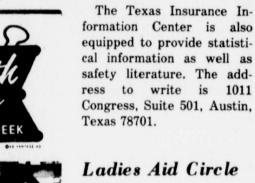

To your children, never call medicine candy. If deceived in this way, children may search out the bottle and eat or drink its contents. This can cause serious illness or poisoning. Also avoid taking medication in the presence of children, as they tend to imitate their elders.

printed in both Spanish and English is available through the Texas Department of Public Safety Division of Disaster and Emergency Services.

Entitled "Tornado Precautions", the booklet is available at no cost by writing to the office at 5805 North Lamar Blvd., Austin, Texas 78752.

"Texas Weather" is the title of a 112-page book written by Harold Taft and Ron Godbey, meteorologists for KXAS-TV (Channel 5) in Ft. Worth. All types of weather data on Texas are included.

To obtain a copy send \$2 to "Texas Weather". Box 10. Ft. Worth, Texas 76101. Allow three weeks for deliverv.

#### **Students Elected Council Officers**

Students of Winters High School lst week elected officers and representatives to the Student Council, to serve during the 1976-77 school year.

Kevin Hall, son of Mr. and Mrs. James Hall, was elected president. Vice president will be Marvin Moore, son of Mr. and Mrs. Ellis Zane Moore. Susan Williams, daughter of Mr. and Mrs. M. R. Williams, will be secretary-treasurer; Sheila Mathis, daughter of Mr. and Mrs. E. E. Mathis, will be pianist, and song

## Jerry D. Hood **Joins Wallace** Murray Corp.

Jerry D. Hood has joined Dry Manufacturing Division of the Wallace Murray Corporation in the Purchasing Department, it has been announced by Hal Dry. Vice President-General Manager of this division.

In his new responsibilities, Hood will succeed Pat M. Wood who is transfering into outside sales for this division, reporting to W. A. Griffin, Manager of Administrative Services. Wood will remain in the Purchasing Department for a time sufficient to permit an orderly transfer of responsibilities.

Hood is a graduate of Winters High School, and West Texas State University where he received a B.S. Degree in Economics. He is married to the former Bonnie Lynton of San Angelo. Bonnie is a registered nurse employed by the Winters Independent School District. They have two sons, Kelly 10 and Jack 5.

Prior to joining Dry Division, Hood ws employed as a salesman for Higginbotham Hardware Company in Winters.

#### leader will be Omega Ortiz, daughter of Mr. and Mrs. Ubalde Ortiz.

Class representatives for the 1976-77 school year will be:

Seniors: Craig Gehrels, Doug Rogers, Tye Rougas, Donna Carroll, Cathy Colburn and Christi Spraberry.

Juniors: Phillip Colburn, John Hurt, Jeff Russell, Linda Cooper, Teresa Dean and Karen Mostad.

Sophomores: Reggie Boles, Johnny Curbo, Randy Drake, Denna Danford, Toni Hambright and Teresa Helm.

Freshmen: Brett Billups, Bill Bredemeyer, James Fairey, Debbie Austin, Susan Grenwelge and Pennye Spring-

Boil cabbage in salted water present. Hostesses were until tender. Mrs. August Stoecker, Mrs. Drain and place in a

greased 11/2 quart baking dish.

Combine: 2 eggs, beaten 1 Tbsp. melted butter 1/2 cup cream

1/2 tsp. salt 1/8 tsp. paprika Pour sauce over cabbage. Bake in a 325 degree oven

for 25-30 minutes or until lightly browned. Top with: 1 cup grated Cheddar

cheese <sup>3</sup>/<sub>4</sub> cup dry bread crumbs

Return to oven until cheese melts. Serves 4-6.

CHICKEN SALAD IN **MELON BOWLS** In a medium bowl, combine: 4 cups cut-up cooked chicken

3 Tbsp. lemon juice 1 cup chopped celery 1/3 cup chopped onion 1 tsp. salt

1/2 tsp. pepper 1 (2 oz.) jar pimiento, drained 1/3 cup salad dressing

Cover and chill. Cut thin slice from each end of 3 Texas cantaloupes. Cut each melon in hald crosswise: remove seed and membrane. Spoon chicken mixture into cantaloupe halves. Serves 6.

#### CARROT LOAF

- Combine in a mixing bowl: 1/2 cup bread crumbs 21/2 cups cooked and
- mashed Texas carrots Beat together: 2 eggs
- 1 cup milk
- Add to egg mixture: 1 tsp. sugar 1/2 tsp. salt
- 1 Tbsp. finely chopped onion
- 11/2 tsp. butter <sup>3</sup>/<sub>4</sub> cup chopped peanuts

Combine with carrot mixture. Place in a greased shallow baking dish or individual molds and set in a pan of water. Bake in a 350 degree oven for 30 minutes. Remove from molds or cut in squares. Serves 8.

"Large storage supplies of Red Emperor grapes indicate consumers will find plenty of good qua rapes available at pleasa..t prices," the specialist said.

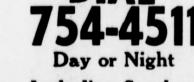

CONSUMER WATCH-WORDS: Lent brings a heavy demand for fish, and frozen fish are the equal of fresh fish in appearance, flavor and food value.

Cooking fish isn't a tenderizing process, as it is with other foods, but a flavor developer and coagulant. The most important thing to remember in cooking fish is not to overcook.

Cook fish just enough so that the flesh flakes easily and has an opaque appearance-this leaves the fish moist, tender and brings out its delicate flavor.

# Jim Ned Won Top Honors At Wingate

Jim Ned students won both the boys' and girls' divisions in the track and field meet held at the Wingate School Thursday, as Wingate celebrated the annual Community Day.

Jim Ned boys wracked up 541/2 points to take the lead, with the Jim Ned girls making 591/2 points to win their division.

Wingate School's Community Day is held each April 1, with ex-students and teach-

ers and visitors bringing Highland 6, Trent 3, Blackbasket lunches and making a big day of it. Several hundred adults and students attended the event. The track and field meet was the highlight of the day.

## Preserve Winter Clothing or bleeding. Use moth balls in storage to prevent un-

Careful storage of winter clothing ensures wearable garments next season-and eliminates the cost of replacing the wardrobe, Marlene Odle, a clothing specialist, points out.

"Repair all torn or ripped clothing before cleaning and storing. Agitation in the washer and hanging in the closet can make tears and holes larger and impossible to repair when they are noticed next season," she noted.

Miss Odle is with the Texas Agricultural Extension Service, The Texas A&M University System. "Never put away clothing that is soiled. Leaving stains in the clothing will draw moth larvae which can make quick work of ruining a wardrobe.

"Time may also set stains that would be easily removed if they were treated promptly," she said.

This specialist recommended a cool, dry area for storage to prevent mold and mildew.

She said that many professional dry cleaners store clothes at a nominal fee in controlled temperature and humidity vaults. This works well if home storage space is limited.

"Store similar colors together to prevent crocking wanted holes on those cherished items. Cedar chests

insects, but moth proofing is necessary also.

"Remove clothes from wire hangers before storing. Place clothes on wooden or plastic hangers to give them longer life," she said. and closets repel some

Senator Grant Jones during his first term as your Senator has been instrumental in returning integrity, dignity and service to the Texas Statehouse.

Grant Jones' sensitivity to the needs of people from every level of life won him four terms as representative in the Texas House. His concern for people and his sound financial responsibility won him the election as your State Senator. The right thing to do is to keep Grant Jones as State Senator.

Keep a Proven Winner. Keep Voting for Grant Jones.

The Texas Legislative Conference

we need less. The question

will then be "How to Achieve

The federal budget that

President Ford has just

presented to the Congress is

four times as big as the

federal budget which Presi-

dent Johnson presented to

the Congress just twelve

years ago. Probably your

income, like that of most

Americans, has not grown

four times as large during

that period. Certainly mine

has not. But it will not be

agency once either has

begun. One problem is that

people write to their legisla-

tors asking for less govern-

ment and less spending in

general, but more assistance

and more spending as it

concerns their particular

needs. Clearly we cannot

have it both ways. And I

believe that most people

recognize that and are

willing to support govern-

mental policies that will

result in less government

spending and less growth in

To achieve that end, your

governmental agencies.

As I write my weekly column in Washington today, am looking towards the yearly Texas Legislative Conference to be held this weekend in my home town of New Braunfels. This conference, which has been held during each of the past ten years, brings together state, local, and federal officials with citizens from Texas to discuss some of the important issues that concern all Americans. Two years ago it was defense; last year, energy; this year, "Government: More or Less", a question of governmental regulation. Among those expected to be present this year will be John Poerner, Director of Education Resources for Governor Briscoe; State Attorney General John Hill; U.S. Congressman Jim Collins (R-Tx.) as well as the regional director of the FTC, and the president of the Houston Chamber of Commerce. We will all be considering, with the citizens attending, the question of whether we need more or less government.

I suspect that the consensus of the panel will be that we need less. And I am confident that the consensus of our district and of the citizens who will be present at the conference will be that

Bah, Bah, Bah, Moo, Moo, Moo, ... Chirp, Chirp, Chirp.

Sheep and lamb feeding is up 10 per cent from a year ago and up 17 per cent from a month ago in Texas.

representative needs to receive specific suggestions on ways to cut back: specific programs that you see in your areas which are not successful, specific policies which could be changed to bring greater efficiency. A representative is no dictator; he is one of 535 representa-

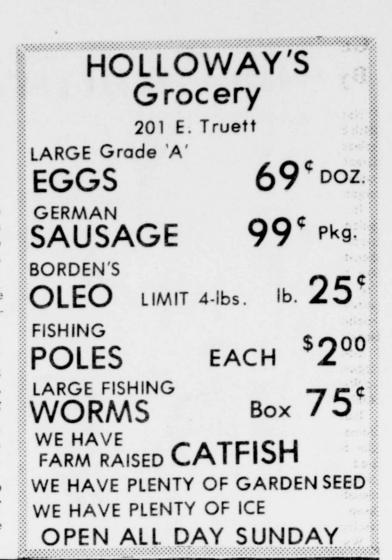

tives who are willing to listen and work for the goals which he was sent to Washington to address, but to do so, he needs your help. A conference such as the 10th Annual Texas Legisla-

tive Conference, which brings together people across the community to meet with people in government, is a good means of bringing

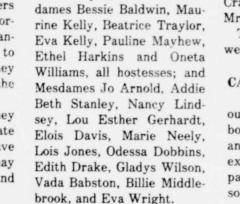

possible to bring about less grass roots responsiveness government without also and mutual understanding to having less spending. That, the government we share. It in addition, will sometimes

the people, but of the people immensely difficult to undo a and by the people. program or disestablish an

church for a general meeting. Miss Margurite Mathis, president, presided, and Mrs. E. W. Bridwell led the opening praver. Miss Mathis announced that there will be a Day-Apart Service (District) in Brownwood April 9, and urged all who could to attend

the meeting. She said the school of missions will be held July 6-11 in Georgetown.

Mrs. Paul Gerhardt was leader for the Easter service, with Mrs. Melvin Dozier and Mrs. Robert Parramore taking part.

Miss Mathis and Mrs. Roy Crawford sang a duet, and Mrs. Crawford sang a solo. Twenty-one members were present.

#### CARD OF THANKS

Our heartfelt thanks to all our many friends and neighbors, Brother Ted Bigham and Mrs. James Powers, who extended comforting sympathy and help in our recent sorrow. For the beautiful service, floral offerings, and other kindnesses, we are deeply grateful. -- The Family of Mrs. Ed Stevens. 5-1tc.

Kelly Green's Multiple Cross Sorghum-Sudangrass Hybrid is the end result of a new concept in the cross breeding of plants to produce a superior forage. We have taken 4 plants with known desired qualities in place of the customary two, and bred them into our multiple cross, with these characteristics:

A broader and leafier plant.

A plant with a high sugar content for better palatability.

Vigorous growth to produce early grazing.

A heavy vigorous root system for better forage growth, quick and abundant regrowth, standability, and the ability to better assimilate plant food and moisture so as to still produce under drouth or stress conditions.

Bred through plant selection to lessen chances of prussic acid accumulation.

Will produce a high tonnage of excellent quality forage or hay.

Under ideal conditions will produce forage ready to graze in 30-40 days.

### Cookware For Spring

"Spectragraphics" will be on cookware with Teflon II coatings this spring.

What's New In

"This isn't some exotic flu virus, but a baked-on design to enhance the appearance of the cookware," Mrs. Janice Carberry, a family resource management specialist, reports.

Various manufacturers will market cookware featuring such patterns as florals, abstracts, scenes and a bicentennial eagle and liberty bell.

"These designs are baked on interior surfaces using a combination of black with federal grey, Lexington blue, Brandywine beige or Salem red," she said.

Mrs. Carberry is with the Texas Agricultural Extension Service, The Texas A&M University System.

She reported that another manufacturer has a pattern that gives modern glass cookware the look of early American crockery. It features a blue floral design on a speckled beige background.

"Included in the line are bowl sets, oval and round casseroles, a three-piece bake-serve-store set and a four-piece oven-refrigerator-

freezer set. All are dishwasher safe," she said.

**SAFETY TOE** 

PLUS

Drylot sheep feeders with a lot capacity of 2,000 head or more had 68,000 sheep and lambs on feed as of March 1. according to the Texas Crop and Livestock Reporting Service.

Current intentions to market the 68,000 head are 28,000 this month, 25,000 in April and 15,000 in May. The April and May intentions are subject to change since additional lambs could be placed on feed.

CATTLE FEEDING is continuing to surge ahead, too. There were 1,810,000 head of cattle and calves on feed for slaughter in the state's feedlots as of March 1. This is 68 per cent above a year ago, although it is 5 per cent below a month ago.

In the seven major feeding states of Texas, Arizona, California, Colorado, Iowa, Kansas and Nebraska, the number of cattle on feed is up 48 per cent from 1975.

Texas cattle feeders placed 293,000 head into their lots during February. This is 119 per cent above a year ago but 10 per cent under a month ago.

**BROILER PRODUCTION** in Texas during 1975 shows a 3 per cent decline compared to 1974.

Texas continues to be seventh in the nation in the number of broiler chicks placed during 1975.

Gross income from broilers was \$167,424,000 during the past year compared to \$140,502,000 a year ago. Average price received for 1975 was 27.8 cents a pound live weight compared with 21.3 cents per pound a year ago.

Nationwide, the gross income from broiler production in 1975 at \$2.8 billion set a new record high level; it was 19 per cent above 1974.

The average broiler price in Texas was about a cent and a half higher than for the nation.

BASED ON MARCH 1 CONDITIONS, the 1975-76 citrus crop is now estimated at 5.3 million boxes more than last season's crop.

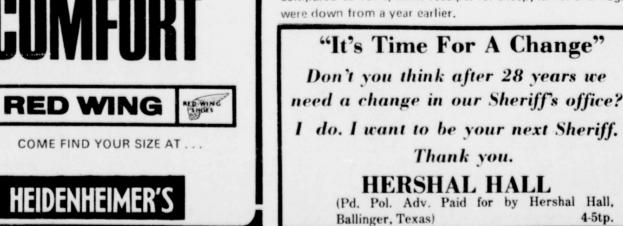

Grapefruit production is expected to total 11 million boxes, up 3.7 million boxes from last season.

Early and mid-season oranges are estimated at 3.8 million boxes, which is 870,000 more boxes than last year. Valencia oranges are expected to fill 690,000 more boxes than last year.

Citrus trees are in good to excellent condition though many groves required heavy irrigation because of the extremely dry winter season.

**RECEIPTS OF ALL LIVESTOCK** at auction markets inspected by the Texas Animal Health Commission during 1975 totaled 9.9 million head compared to 7.8 million head a year earlier.

The 1975 receipts for cattle, calves and goats were up compared to 1974, while receipts for sheep, lambs and hogs

**Campaign Leaders Are Named By State Senator Grant Jones** 

Names of leaders in the 24th Senatorial District were released today by Senator Grant Jones when he announced the nucleus of his organization for re-election.

In announcing his campaign plans for his second term in the Upper House, Senator Jones told supporters he pledged to continue "to dedicate myself to deserving your trust and confidence as your state senator."

Co-leaders of the campaign organization are Bill Bailey of Waco and Sam Waldrop of Abilene.

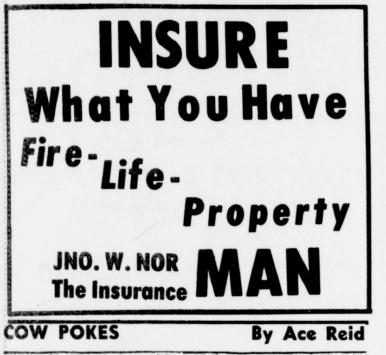

Bailey pointed out that in Jones "we now have one of the States' ten best Senators. We should do everything we can to re-elect Senator Jones. We should keep a winner and keep on voting for Grant Jones."

Waldrop said Senator Jones "gets the most for the taxpayers' dollars." Waldrop Senator Jones is in a large sprawling district, he spent less that all except three State Senators and still gives the service that an enlightened and responsible public wants."

Besides Bailey, who is campaign leader for the eastern end of the 24th Senatorial District, and Waldrop, who is leader for the western part of the 13 county area, other leaders include:

Brown County, J. E. Dobbs; Coleman County, Clyde (Tommy) Allen; Concho County, John M. Harrod; Coryell County, Lovett Ledger and Bob Miller; Lampassas County, J. V. Hammett; and McCullough County, Sam McCollum and Bertram C. Broad.

In McLennan County, Bailey; Menard County, Mrs. Lila Compton; Mills County, Warren Duren; Runnels

said that "even though **Green** Up Your Lawn

A turfgrass specialist for the Texas Agricultural Extension Service suggests three operations that can get a lawn off to a good start-scalping, fertilizing and applying a weed killer. "Scalping a lawn in late

winter serves to revitalize it and promote spring and summer plant growth," points out Dr. Richard Duble.

"Begin the operation by lowering the blade of your lawnmower one-half inch below the normal setting. Then mow the lawn in two directions that are at right angles to each other. Remove the clippings after each mowing."

Duble also recommends keeping the lawnmower blade lowered until mid-summer.

"After scalping the lawn, apply a complete fertilizer (one containing nitrogen, phosphorus and potassium) to promote leaf and root growth," advises the Texas A&M University System specialist. "Use one pound of nitrogen per 1,000 square feet of lawn area. This is equal to 12 pounds of an 8-8-8 fertilizer or 8 pounds of a 12-4-8 fertilizer. Repeat the application in the fall." For a dark green lawn,

Duble suggests applying nitrogen every 60 days at the rate of one pound to 1,000 square feet. Monthly applications of iron chelate or iron sulfate during the spring and summer promote a healthy color in St. Augustine grass lawns.

## **Careful Planning Makes Home Improvement Pay Off**

Before planning home remodeling, homeowners should consider an objective evaluation of their neighborhood, design of the house, whether the project will be improvement or only maintenance and whether the scale of the project fits in with the rest of the house, Denise Beigbeder, a housing and home furnishings specialist, said.

"Families usually consider home remodeling and improvement to make their present home more liveable but they also need to consider the return on their investment. Not all improvements add to the resale value of the house," she added.

Miss Beigbeder is with the Texas Agricultural Extension Service, The Texas A&M University System.

"If the neighborhood is starting to 'go downhill,' the homeowner would probably loose on any improvements he made. It does not pay to over-improve, regardless of the neighborhood. A sensible value," she said. addition to the smallest house in the neighborhood will enhance its resale value as will any improvements Mean A Lot made by neighbors," she

said. And she pointed out that homeowners will want to be careful that the changes don't violate local regulations, or the existing architectural or functional integrity of the house. Any addition should harmonize with the original plan and avoid blunders such as a new bedroom that can be entered only through another room,

she said.

#### "Regular maintenance items shouldn't be confused with remodeling improvements. Replacing the furnace, rewiring, changing the plumbing system, re-roofing, waterproofing or planting shrubbery are not considered home improvements. These things only bring the house up to the level that most buyers would expect,"

she explained. And the scale of the remodeling in relation to the rest of the house is an important consideration, too. A kitchen appropriate for a \$70,000 house does not belong in a less expensive dwelling. Much of the investment will be lost at resale, she noted.

"The prospective buyer generally will not pay as much for a fifth or sixth bedroom as he would a third or fourth one. But if the house does not have something that its price might indicate, such as a garage on a \$50,000 house, this would probably depress the resale

# Little Things

For most couples the little things-small irritating habit-can become hard spots in their marriages.

But Mrs. Ilene Miller, a family life education specialist, said that awareness of these habits may help living with them be easier.

these minor irritations in stride, while others tend to blow up over something that really bothers them," she THE WITHERS EN CHARMISE, Winters, Lexas, Printy, April 9, 1976 9

said.

Mrs. Min. ; is with the Texas Agricultural Extension Service. The Texas A&M University System.

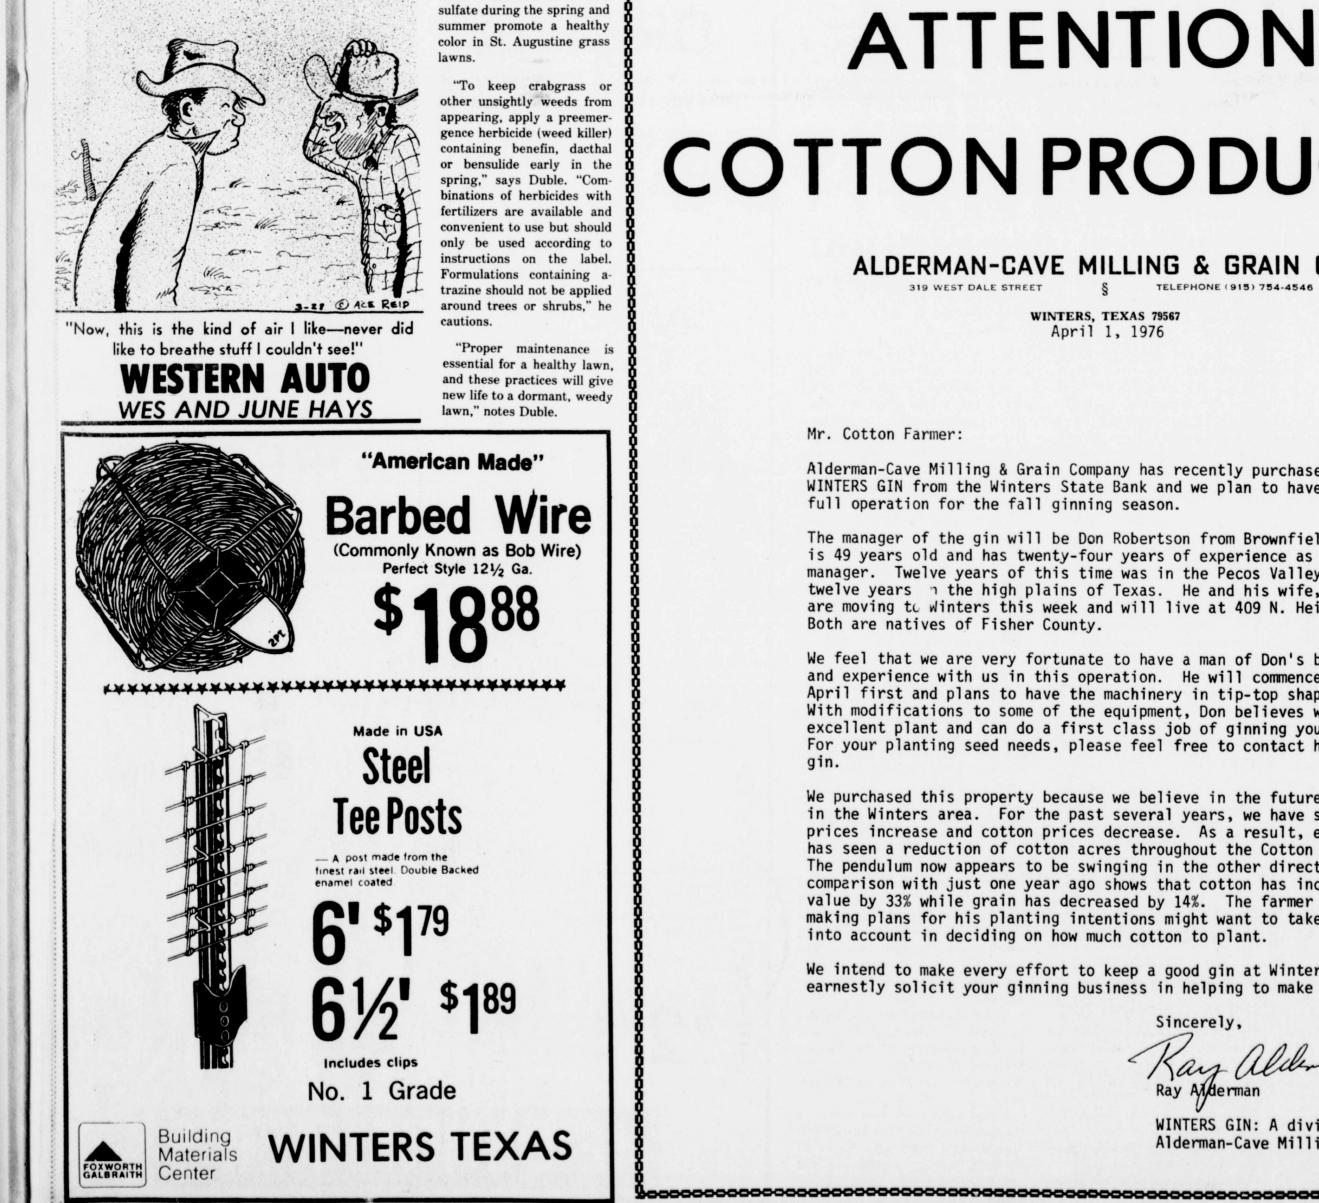

"Naturally husbands and wives do have some habits which are distinct-because they were raised in different families with different values. No matter which habits are personally irritating, there are probably at least half a dozen habits which we know our spouses have difficulty forgiving or forgetting," she said.

knowing that a habit bothers you or your spouse is a start in helping to cope with the situation. It's a good idea to talk about how you feel about the habit rather than putting your spouse on the defensive about his actions. "Constant criticism may lead to hurt feelings and additional arguments. If you repeatedly attack your spouse for some habit, he may react by complaining about your faults. The result may be a stalemate with both parties on the defensive," she said.

Other couples try to surpress their true feelings when something irritates them. These repressed feeling eventually will come out in some other way-perhaps a blowup at the spouse at a later time or general feelings of irritability, she said.

Turning to specific action if a habit irritates you, the specialist suggested to think about why it bothers you so much. Then tell your spouse how you feel and why. But "Many couples can take keep in mind that no one is perfect-everyone has some habits which will be different from, and irritating to, friends and family, she said.

# **COTTON PRODUCERS**

#### ALDERMAN-CAVE MILLING & GRAIN CO.

TELEPHONE (915) 754-4546

WINTERS, TEXAS 79567 April 1, 1976

Alderman-Cave Milling & Grain Company has recently purchased the WINTERS GIN from the Winters State Bank and we plan to have it in full operation for the fall ginning season.

The manager of the gin will be Don Robertson from Brownfield. Don is 49 years old and has twenty-four years of experience as a gin manager. Twelve years of this time was in the Pecos Valley and twelve years in the high plains of Texas. He and his wife, Norma, are moving to Winters this week and will live at 409 N. Heights.

We feel that we are very fortunate to have a man of Don's background and experience with us in this operation. He will commence work April first and plans to have the machinery in tip-top shape by fall. With modifications to some of the equipment, Don believes we have an excellent plant and can do a first class job of ginning your cotton. For your planting seed needs, please feel free to contact him at the

We purchased this property because we believe in the future of cotton in the Winters area. For the past several years, we have seen grain prices increase and cotton prices decrease. As a result, each year has seen a reduction of cotton acres throughout the Cotton Belt. The pendulum now appears to be swinging in the other direction. A comparison with just one year ago shows that cotton has increased in value by 33% while grain has decreased by 14%. The farmer who is now making plans for his planting intentions might want to take this fact into account in deciding on how much cotton to plant.

We intend to make every effort to keep a good gin at Winters. We earnestly solicit your ginning business in helping to make this possible.

Sincerely,

Kay alderman

WINTERS GIN: A division of Alderman-Cave Milling & Grain Co.

Ballinger and is undergoing extensive testing before the innaugural transmission to San Angelo subscribers scheduled for May 1, 1976.

Installation of the \$200,000 station completed the initial phase of a scheduled replacement of Channel 100 movies now being viewed on Texas Cablevision's channel 4 by a new and exciting Home Box Office service that will come direct from studios in New York City.

Programming will include more than 30 different movies each month, all unedited and without commercials, Special Children's and Young People's Programs, live sports and special attractions direct from Madison square Garden, selected "Hit Plays"

# School Board Election

Billy Joe Colburn was re-elected to the board of trustees of Winters Independent School District in the school election Saturday, and Don Vinson was elected to the board for a first term.

Colburn received 242 votes for re-election to Place 6, and Vinson received 231 votes for Place 7. Neither candidates had opposition.

Herman Price was re-elected County School Trustee for Precinct 3, with 251 votes. He received 48 votes in the Winters box, and 19 in the Wingate box. He was unopposed.

Ted Meyer of Winters, incumbent County School Trustee-at-Large, was defeated by Charles Hambrick of Ballinger for that office. Meyer received 424 votes total, 257 in the Winters box, and 29 in the Wingate box. Hambrick received 761 votes, 10 in the Winters box and 1 in the Wingate box.

The programs will originate at Home Box Office, Inc. in New York, travel by land line to Valley Forge, Pa., and then transmitted to an RCA satellite 22,000 miles above the Pacific and relayed to the "Earth Receiver Station" in Ballinger where they will be sent over microwave to San Angelo and Winters. According to Frank Settle, General Manager of Texas Cablevision, "Our signals are remarkably clear and even though they have traveled some 45,000 miles, we have experienced less interference than with those signals we are receiving from Abilene and Sweetwater."

Texas Cablevision presently feeds Dallas/Ft. Worth TV signals through its Ballinger facility to cable systems belonging to Television Enterprises of Brady, Menard and Eden. A similar agreement to share facilities will permit these towns to utilize the satellite signal received by the new earth station.

Settle said that the station in Ballinger is one of five that his parent company, UA Columbia Cablevision, Inc. has installed at their cable systems in Florida, Arkansas and South Texas with three others scheduled for installation in Arizona, Southern California, and the state of Washington later this spring. The Florida installation was placed in

### **Community Good Friday Service Set**

The Winters Ministerial Alliance will sponsor a Community Good Friday Service, April 16, in St. John's Lutheran Church. The service will begin at 7:30 p.m.

This service will center around "The Seven Last Words of Christ," and feature messages on these words by seven local ministers.

The public is invited to attend this service.

San Angelo will be the first to receive this new service which will replace Channel 100 currently being shown. Subscribers in Winters wanting to subscribe to this optional service will be connected in May. Notification of this change has been mailed to San Angelo's Channel 100 subscribers and printed announcements of the Home Box Office service will be mailed to the home of all cable subscribers in San Angelo, Ballinger and Winters in the near future.

# Hospital Board Elected

In the election for board members of North Runnels County Hospital District Saturday, one new member was elected and three incumbent members were re-elected.

Lee Harrison, running for the first time for a seat on the hospital district board of directors, received 210 votes in the Winters box, and 14 in the Wingate box.

Incumbent board members returned to the board were Lynn Billups, with 254 votes in the Winters box and 28 in the Wingate box; Nelan Bahlman, with 240 in the Winters box and 23 in the Wingate box; and Bobby Rogers, 216 in the Winters box and 33 in the Wingate box.

Other candidates for the hospital board were Frances Roach, 98 votes in the Winters box, and 4 in the Wingate box; and Richard Davis, 97 in the Winters box and 18 in the Wingate box.

Billups and Rogers were named to the first board when the district was formed some years ago. Audra L. Mitchell, another member of the original board, was not a candidate for re-election.
