

The Buck Starts Here . . . Go To the Polls Saturday!

Primary Elections Saturday, May 1

Runnels Countians, along with other Texans, will get to express their preference for presidential hopefuls, in the first Texas presidential primaries, held along with the usual Democratic and Republican primaries Saturday, May 1.

Listed on the Democratic and GOP ingual ballots—another first—will be presidential delegate candidates for each party. The GOP ballot for Runnels County will have the delegate candidates, along with several party propositions. There will be no candidates for local office on the Republican ballot.

On the Democratic Party ballot will be delegate candidates favoring Lloyd Bentsen, Jimmy Carter, Fred Harris and George C. Wallace, in addition to the local, federal and state candidates of the party.

Two hotly-contested races calculated to keep voters interested and increase the voter turnout will be the County Sheriff race and the County Tax Assessor-Collector race. There also is a race for Justice of the Peace,

Precinct No. 2, of interest to local area voters.

In the County Sheriff race, incumbent Don Atkins is being challenged by Hershall Hall.

Jack Farmer, County Tax Assessor-Collector, completing his first term, is being challenged by VaRue McWilliams, in a race expected to bring out more voters than usual.

Only One GOP Box in County

Runnels County Republicans who participate in the Republican primary May 1 will have only one voting box in the county, W. J. Cervenka, GOP County Chairman, has announced.

The one GOP voting box will be in the National Guard Armory at Ballinger.

There will be no county Republican candidates, but voters will have an opportunity to vote on GOP delegates in the presidential primary, and to express opinions on several propositions which are printed on the ballots.

In Precinct 2, incumbent Justice of the Peace J. C. Hodnett is being challenged by Michael G. Briley.

Also of particular interest to county and local voters is the race for State Senator, 24th District. State Senator Grant Jones of Abilene is being contested by Joe Gibson of Waco, for the State Senatorial territory which encompasses a big portion of Central Texas.

Of strict interest to North Runnels voters, County Commissioner for Precinct 3, Pat Pritchard, has no opposition this year.

State Representative Lyn Nabers of Brownwood has no opposition this year.

In the 119th District, Judge Curt F. Steib has no opposition in seeking return to office, and Royal Hart, 119th District Attorney, has no opposition. County Attorney John W. McGregor also is without opposition this year.

(Specimen ballots, Democratic and GOP, are being reproduced elsewhere in this issue of The Enterprise as public service.)

VFW Convention Here Saturday and Sunday

The district convention of District 22, Veterans of Foreign Wars, will be held at the Post Home of Winters VFW, Saturday and Sunday, May 1-2. The convention will include members of the VFW and the VFW Auxiliary.

Posts in District 22 and participating in the convention will include those from Winters, Ballinger, Rowena, San Angelo, Big Lake, Ozona, Eden, Brady and Junction.

Host officers will be J. A. Henderson, commander of the Winters VFW Post, and Mrs. Wanda Guy, Auxiliary president.

Lyndal Emert is District 22 commander, and Mrs. Maurine Manns is District 22 Auxiliary president.

Registration will be from 5 to 7 p. m. Saturday at the Winters Post Home. A hospitality hour will be held during this time. A dance has been planned from 9 p. m. Saturday until 1 a. m. Sunday.

On Sunday, the commander's breakfast will be held at the Fireside Restaurant at 8:30 a. m. Registration will again be held from 9:30 to 10 a. m. Sunday at the Post Home. A joint meeting of the VFW and Auxiliary

will be held from 10 to 10:30 a. m. at the Post Home. VFW members will be encouraged to attend some church services Sunday morning. Dinner will be served at the Post Home at 12 noon Sunday.

A memorial service will be held in the Winters City Hall at 1:15 p. m. Sunday, with the Rev. Mel Swayer, pastor of St. John's Lutheran Church, conducting the service.

The VFW meeting will be held at the Post Home at 2 p. m. The Auxiliary also will meet in the City Hall at 2 p. m.

To Discuss Water Soon

Winters City Council last week discussed and made plans to meet with directors and representatives of all organizations in North Runnels concerned with water supply development, in an effort to solve the ever-increasing demand for water in this area.

Date and place for the proposed meeting have not been decided upon, but it was evident that officials desired such a meeting to be held within the next few weeks.

The proposal for all concerned organizations to combine their efforts toward adequate water development comes on the heels of suggestions made at a recent meeting of the Winters Chamber of Commerce. At that meeting, representatives of the City of Winters were encouraged to work for development of a reservoir to supply additional water to city and rural consumers.

The cities of Winters and Ballinger had some years ago formed a committee of the whole to work for a joint reservoir to supply the two towns. Within the past several months, it was stated, it was learned that Ballinger would not be interested in the joint project, so Winters officials decided to work alone on the proposed project.

At the meeting which is being planned, it is expected that representatives and board members of Elm Creek Water Control District, North Runnels Rural Water Supply Corp., the Winters City Council, the Soil Conservation Service, and others will be present to form a combination to work for a municipal and domestic water supply reservoir.

It is expected that announcement of the date and place for the meeting will be made within the next few days.

Jaycee's Plan Gun Shoot Sunday, May 2

The Winters Jaycees will sponsor a gun shoot at the rifle range at the Winters Lake Sunday, May 2, beginning at 2 p. m.

There will be classes for all conventional firearms.

Proceeds from the shoot will go to community projects sponsored by the Jaycees.

City Council Is Reorganized

Three members of the Winters City Council, who were re-elected recently, took oaths of office anew at a meeting of the council last week, and the city governing body was organized for the year.

James West, who has served the past year as mayor pro tem, and who

was re-elected recently, again was elected mayor pro tem.

The other two aldermen recently re-elected were Clifton Poe and Buddy Miller.

In other business, the council approved acceptance of a bid to purchase a minibus, to be used to provide transportation for the community's senior citizens. The bid accepted was for a 15-passenger Plymouth minibus, to be purchased from Wasson Chrysler-Plymouth in Abilene. Cost was \$6,825. According to city spokesmen, the two auto dealers in Winters were also asked to bid on the minibus. It was stated that Robinson Chevrolet could not meet specifications, and Bishop Boys Ford's bid was \$5,639 for an 8-passenger minibus.

Several other auto dealers in the area also were asked to bid on the minibus.

MD March On

Volunteer marchers will conduct a house-to-house appeal Monday, May 3, for funds to fight muscular dystrophy.

Estella Bredemeyer is campaign treasurer, and The Winters State Bank will act as depository bank.

Miss Bredemeyer said muscular dystrophy is "a devastatingcrippler of people, through their nerves, muscles and metabolism." Thousands of people afflicted with MD need help, she said. Funds contributed through this march will be used for research facilities, and to assist patients through therapy, service programs and clinics.

WELCOME—In the welcoming party at the Winters Airport last Friday to greet Congressman Bob Krueger, second from right, were, left to right, LaDell Davis, Billy Joe Colburn, Lynn Billups, and J. W. Bahlman,

extreme right. Cong. Krueger spoke to the Winters High School students, and then met with townspeople at the Winters Housing Authority, to answer questions and make a short talk.

An open letter to the voters of Runnels county from Joe Gibson

Dear Friends,

About 6 months ago I decided to become a candidate for the Texas Senate. My first question was "How can I ask the people to let me be their representative if I don't even know them?" So for about 6 months now I have been working diligently to get to know you in order to qualify myself as your spokesman in Austin.

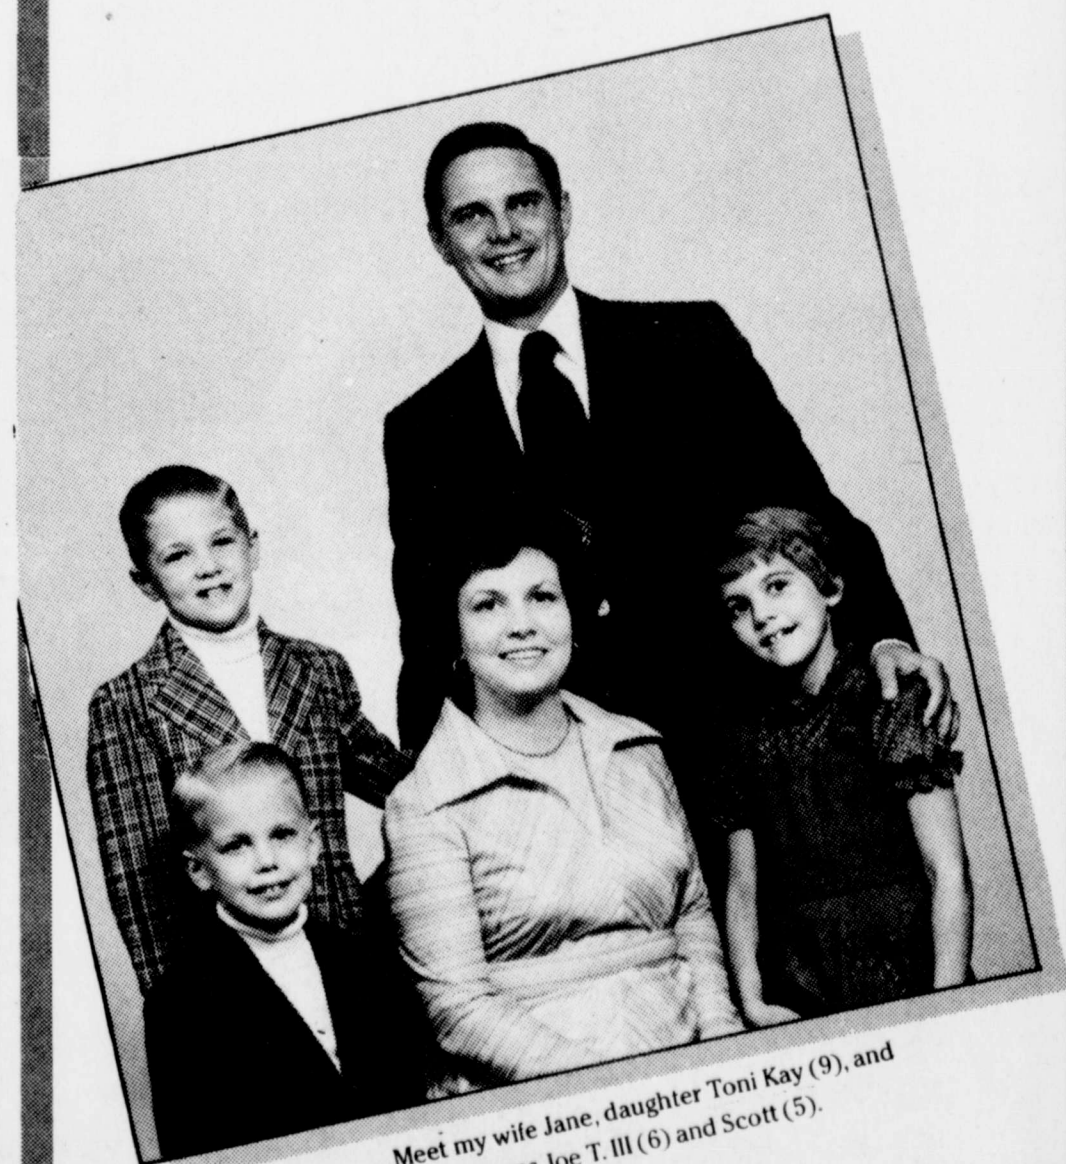

I've attended chamber of commerce banquets, pancake suppers, civic events, rattlesnake hunts, band concerts and visited business districts, city and county officials, and neighborhoods door-to-door in order to get acquainted with the people. I've been in Winters on seven different occasions because I believe that State Government is best when it represents the people best.

I pledge to you my continued efforts to stay in touch and to keep you informed on the issues that are shaping state government.

I am my own man. I have no commitments to the politics of state government and pledge to provide quality leadership as your State Senator. I'm enclosing a picture of my family so we can feel better acquainted.

Sincerely

Joe Gibson

Winters To Receive HBO Satellite Service May 10

Texas Cablevision's General Manager, Frank Settle, announced today that the new Home Box Office service will be offered as an optional service to subscribers in Winters beginning May 10, 1976. This new service will be offered on Channel 4 and will feature such movies as "The Fortune", "The Wind and the Lion", and "The Longest Yard"—all uncut and without commercials. According to Mr. Settle, this service will cost \$8.00 per month in addition to the regular cable charges. All cable subscribers will receive a free preview of the new service between May 10th and 14th. Those subscribers that do not order the new service by May 14th will be blocked out on Channel 4 only and any subscriber who does not want the free preview may have it blocked out by calling Enterprise 67534 by May 7th.

Texas Cablevision feels obligated to remind its subscribers that all television programs do not enjoy universal acceptance by the viewing public. Nielson ratings remind us each year how diverse the program preferences in American homes can be. Frequent criticism of the violence and questionable taste exhibited by some television shows is commonplace.

In a similar, but more pronounced fashion, Pay-TV will increase the need for viewer discretion. Many programs each week will feature travel, sports, children's shows, cultural happenings, and other topics of an unquestionable wholesome nature. Some examples of

these programs are: Young People's Festival, The Pallisers, Martha's Attic, NBA Basketball, horse shows, World Team Tennis, live Madison Square Garden features, wrestling and the All-American Rodeo Series. However, the full length, unedited movies bearing a "PG" or "R" rating could be considered offensive by some families. In homes where minor children are present, parental control can be achieved by having a special switch installed whereby a parent can lock out, with a key, Channel 4 when viewing is not desired.

These movies are identical to those showing now at the local movie theater, but the company, nevertheless, recognizes the potential problems generated by delivering these films electronically to your home. Informing you now that certain programs on Pay-TV may contain offensive scenes and language (and are clearly marked as such) will enable you to assert your choice while permitting other subscribers to assert theirs.

We believe that whether the controversy centers around the content of television, magazines, newspapers, or whatever, the American way, the only fair way, is to create the broadest possible range of choice, and allow the individual to choose for himself and accord his neighbor the same right.

Our goal is to fill the channel dial for our subscribers with as much diversity as technology and money allows. We hope and believe they will use their right to choose wisely!

HERSHAL HALL
CANDIDATE FOR
SHERIFF
OF RUNNELS COUNTY
SUBJECT TO THE MAY FIRST PRIMARY

The duties of the office are by no means new to me. On many, many occasions, when the Sheriff was not available for various reasons, I had to make the decisions of this office. I can truthfully say that I have had the pleasure of working with many officers, locally and in the surrounding area, and our relationship has always been first class. As most of you know, my number one concern is your children and grandchildren.

The narcotic problem has grown tremendously in the past two years, with very little being done about it. I know that it can not be stopped 100% but I also know that it can be controlled.

As you know, if elected, there will have to be some changes made in personnel.

I want to be your next Sheriff. Please go to the polls and cast your vote on Saturday May 1st. I am concerned about all of Runnels County.

THANK YOU

Every year across the nation, places that have never before been struck by a tornado join the list of tornado disaster areas. The potential for loss of life and

property from tornadoes increases year by year as open fields become residential areas, thereby broadening the target for disaster.

Wallace Murray Reports Net From Continuing Operations Up 76 Percent

Wallace Murray Corporation has reported that first quarter income from continuing operations amounted to \$3,649,000, up 76 percent from the \$2,071,000 reported in the like period of 1975. Sales were \$77,261,000, an increase of nearly 14 percent above the \$67,963,000 in the prior first quarter.

Primary earnings per common share were \$1.05 versus \$1.54 from continuing operations in the first quarter of 1975. On a fully diluted basis, earnings per common share amounted to \$.74 as opposed to \$.42 from continuing operations in the similar period last year. Net income

in 1975, including income from discontinued operations, was \$2,220,000, which amounts to \$.59 per common share on a primary basis and \$.45 per share on a fully diluted basis.

According to Charles V. Myers, president and chief executive officer, the higher revenues resulted from increased market penetration and a growing demand for the Company's products. The significant improvement in earnings is attributed to these increased revenues and to the continuing programs of selective selling, cost reduction and cash management.

The agent adds that herbicides applied at or after the time of planting are not as good as preplant herbicides. However, Dacthal, a pre-emergence herbicide which is applied after planting, is a satisfactory weed killer for gardens.

All chemical herbicides should be used only according to instructions on the label and should be applied with caution, emphasizes Parker.

RE-ELECT J. C. HODNETT ? ? ? ?

1. J. C. P. "nett was never elected to J.P. term, yet last week in the Enterprise he asked for re-election. It's small technicalities in legal proceedings which can bring lawsuits to counties and taxpayers.

2. There are many people wondering why he was appointed when there were two candidates for J.P. in the last election who were completely overlooked after both received votes and to my knowledge Mr. Hodnett did not. This definitely was brought to the attention of Comm. David Carroll.

3. Why hasn't Mr. Hodnett filed an expense report? I did, the Sheriff did, and his opponent did. I believe this disqualifies Mr. Hodnett under State Election Laws. A judge is not excluded from law. The voters had no say in the appointment of Mr. Hodnett.

4. He listed in the Winters Enterprise his source of legal knowledge (Approximately 40 hours). I have approximately 1100-1200 hours of legal training plus experience as police chief (with letters and articles of commendation) and narcotics off.

5. Mr. Hodnett, in my opinion, is definitely a fine man, and neither of us is perfect. But I feel that I'm better qualified and can serve as a full time J.P. for all North Runnels.

Vote Sat., May 1. Thank you.

"Preventive medicine" is most important — to avoid illness, or to catch and cure it early, before the illness becomes serious. This is why an annual medical check-up is so advisable. Just as "preventive maintenance" on your car can avert major breakdown and repair — so "preventive medicine" can nip an illness in the bud, and probably avoid great discomfort and surgery.

AN OPEN LETTER TO THE PEOPLE OF THE 21ST DISTRICT.

Two years ago you gave me one of the greatest opportunities for service that could be given to any person--that of representing you and our part of Texas in the U.S. Congress. When I sought this high office I pointed out that I would be only one of 435 Congressmen, and that I could promise no specific legislative accomplishments. I pledged, instead, only my hardest efforts to work in Washington for all the people of this broad District, to have my door open to them, to remember the people who had sent me there, not to forget them. I have tried to do that, and I hope, in the process, to have made some small contribution toward re-establishing the trust of our citizens in this great nation.

In this work, I have sought to keep before me, above all, my responsibility not just to vote for the most comfortable, or the most politically popular policy today, but for the policies that will strengthen the long-range goals of the American people, and make this a better land for the next generation. I am an American, a Texan, and a Democrat, in that order--proud to be all three, but convinced that America should be put above state or party in our considerations.

I deeply appreciate the privilege of representing you in Washington, and hope to be worthy of your support on May 1st so that I can continue to represent you there.

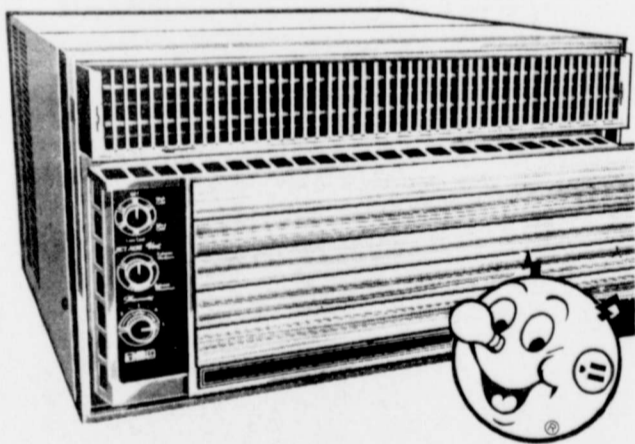

Sincerely,

Bob Krueger

Little League To Sell Light Bulbs To Raise Needed Funds

The Little League Association of Winters will begin a major fund raising project Friday, April 30, selling light bulbs. Salespersons will offer packs containing eight bulbs: four 60 watt, two 75 watt, and two 100 watt. A 150 watt outdoor floodlight and a package of three 3-way bulbs will also be available.

Zeb Deck Jr., president of Winters Little League Association, said, "This will be our major fund raising project for this spring. There are 210 team members who will benefit from this activity. Money is needed badly for equipment, insurance, officiation, and team maintenance." The board and I are asking that everyone cooperate by buying a package of light bulbs when

the players come to your house." This is to be a concentrated sales period, Deck said, with delivery of the product within 2 weeks. Team members participating in the sale will have an opportunity to earn some prizes, such as baseballs, bats, and gloves, he said. A committee of mothers, chaired by Mrs. Pat Deck is helping in the organization and planning of this program.

Greenbug tolerant

Another trouble shooting hybrid—NK 266A—continues the fight against sorghum diseases with M.D.M.V. and downy mildew resistance. Greenbug tolerant as well.
