

Dam Practically Assured

The whole of Runnels County is practically assured of a joint reservoir and water supply source, following a meeting of members of the Runnels County Water Authority, and other interested county citizens, and the Texas Water Development Board, at Henderson.

Following the presentation of evidence of a need for additional water in the county, by the Runnels group, the Water Development Board voted approval of the application for assistance, it was reported. This means that the Water Development Board will provide approximately \$2.5 million as a 40-year loan to the **Runnels** County Water Authority to be used for construction of a water reservoir on Elm Creek, between Winters and Ballinger.

WINTERS, TEXAS79567, THURSDAY, OCTOBER 28, 1976

In further developments, Mayor Homer Hodge of Winters said this week that the Farmers Home Administration has approved a grant of approximately \$2.2 million to the cities of Winters and Ballinger, to be used for the water project.

The next step, Mayor Hodge said, will be approval of a water permit from the state agency. This may take as long as six months, he said, but after that, the project should develop rapidly.

In the hearing with the Water Development Board at Henderson on Tuesday of last week, members of the Runnels County Water Authority

presented testimony of the need for additional water supplies in Runnels County. They were backed up by other interested county citizens, and the engineering firm of Freese and Nichols of Fort Worth. The engineers presented evidence of feasibility of the site chosen for the reservoir.

PRICE 15 CENTS

The reservoir planned would store 20,000 acre feet of water, and the entire lake area would contain about 2,000 acres, it was understood.

Under the plan approved by the Water Development Board, Winters would own 21 percent of the water, Ballinger would own 26 percent, and the state (Water Development Board) would own 53 percent. The local political entities would have option to

obtain additional percentages in the future, it was said.

TEXAS PRESS ASSOCIATIO

ward winner 1976

NUMBER 34

Among those attending the hearing at Henderson last week were Arnold Frerich of Rowena, president of the board of the Runnels County Water Authority; Ray Alderman, vice president of the board: Barney Puckett. member of the board; Mayor Homer Hodge of Winters; the mayor of Ballinger; the mayor of Miles; LaDell Davis, manager of North Runnels Rural Water Supply Corp.; Ed Grindstaff, attorney from Ballinger; and others.

Members of the Runnels County Water Authority and Mayor Hodge said additional information regarding the project would be released as the project develops.

General Election Tuesday

Election judges and clerks who will conduct the General Election next Tuesday, November 2, have publicly requested that all voters have their voter registration cards ready for presentation when they reach the polling places, to prevent delays in voting. A fairly heavy turnout of voters locally is expected, according to many, because of the presidential election and local contests.

(A sample ballot is being published

elsewhere in this is ue, as an aid to voters.)

On the state level, Democratic nominees-winners of the May primaries-have little or no opposition, and their election November 2 is mere formality. The same is true with most county and district nominees. In the race for Sheriff of Runnels County, however, a lively contest has developed during the past few months.

Hershal Hall, who won the Demo-

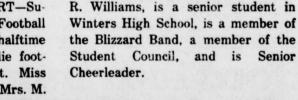

Blizzards To Coahoma Friday

cratic nomination for Sheriff is being challenged by O. L. Rake, who has waged a vigorous write-in campaign. No other county nominees have visible competition.

Of great interest to Runnels County voters will be the two proposed constitutional amendments which will be on the ballot. No. 1 is "The constitutional amendment authorizing an increase of \$400 million in the amount of Texas Water Development Bonds that may be issued on approval of two-thirds of the legislature; x x x." No. 2 is "The constitutional amendment to increase from \$100 million to \$200 million the amount of Texas Water Development Bonds that may be issued for water quality enhancement purposes."

These two amendments are of much interest to local residents because of the current drive to locate and develop additional water supply sources for the county.

FOOTBALL SWEETHEART-Susan Williams was crowned Football Sweetheart for '76 during halftime activities at the Winters-Wylie football game last Friday night. Miss Williams, daughter of Mr. and Mrs. M.

MISS SPIRIT OF '76-Lisa Bedford, a senior student in Winters High School, was named Miss Spirit of '76 in ceremonies before the Winters-Wylie football game Friday night. She is the

daughter of Mr. and Mrs. John Bedford, and is now head cheerleader. She has been a member of the Blizzard Band for two years, a member of the FHA and Geneology Club.

The Winters Blizzards, at last back on their feet and fairly free from injuries, will travel to Coahoma for a big test this week.

The Blizzards zipped Wylie 20-0 last week, as they started feeling muscles they hadn't found before. They'll probably be helped by the return of Marvin Moore, who was injured in the Merkel game the week before. Coach Jimmy Stubblefield said Monday he felt sure Moore would be back in

C-C Planning 'Burger Supper **Next Friday**

Winters Chamber of Commerce will sponsor a hamburger supper next Friday, Nov. 5, beginning at 5:30 at the school cafeteria.

Hamburgers will be served until about 7:30, in time for those attending to get to the Winters-Colorado City football game.

Charcoaled hamburgers and the fixins' will be served, at a cost of \$1.25 per ticket. Tickets may be obtained from directors of the chamber, or at the door.

Local Church **Members** Take **Part In Rally**

Several members of the St. John's Lutheran Church of Winters will attend a Reformation Rally at Abilene Civic Center Sunday, October 31, at 4 p.m. The Rally is sponsored by Lutheran congregations in the Big Country area.

Attending from Winters and assisting with the Rally will be the Rev. Mel Swoyer, pastor of St. John's Lutheran Church, serving on the planning committee; Hans F. Gerhart, ushering committee: Mrs. Ellis Ueckert, worship and music committee, and Mrs. Charles Kruse Jr., publicity committee.

Main speaker for the Rally will be the Rev. Frederick A. Naumann, Jr., S.T.M., professor of Old Testament and New Testament History at Concordia Teachers College, Seward, Nebr. The Rev. Naumann is a graduate of Concordia Lutheran Seminary, St. Louis, director of Lutheran Tape Ministry and a speaker on evangelism.

action and have all the splinters collected at Merkel out of his left arm, and his pole-bruised ribs feeling a lot better.

At Coahoma, the Blizzards will face a big-but big-Bulldog squad, which has stacked up a record of 5-1-1 for the season, and has only one loss-to C-City-to mar their 6-AA record.

The Bulldogs have no "outstanding"

players in one sense of the word, but they field a lot of beef in FB Tracy Frazier, 195 pounds; B Ken Kelso, 170 pounds; G Terry Don Roberts, 200 all-there pounds; T Ken Fryar, 170 pounds and another lineman, 200pound Bobby Fryar.

Coahoma doesn't depend on the air too much, but runs power plays, heavy sweeps, traps, options, working out of the wishbone, power I and slot I. They use a split 6 lineup on defense.

The Blizzards and the Bulldogs played no common o onents in pre-conference games. Winters has lost to Stamford 20-13, to Merkel 19-12, and then zipped Wylie 20-0.

The Bulldogs hit Wylie 32-8, dropped one to Colorado City 33-0, and then clobbered Ballinger 21-7.

AN EDITORIAL

Runnels County residents have a direct interest in the proposed Constitutional Amendment No. 1 which will appear on the ballot in next Tuesday's general election. The decision made by the voters of the State stands to affect the water situation in Runnels County.

Residents of the county now are in the process of applying for assistance in developing a water supply which would serve the entire county-including the rural water distribution system.

An editorial in the Tuesday morning edition of The Abilene Reporter-News states the case FOR the amendment in graphic terms. The editorial is reproduced herewith:

Area Projects Testify **To Water Bond Benefits**

Big Country voters wondering how to vote on amendment 1 to the Texas Constitution which would authorize an additional \$400 million in water development bonds can find their answer in looking around them.

From the original water development bond program enacted in 1957 and added to in 1966, Brecken-ridge, Clyde, Haskell, Munday, Knox City, Goree, Crosbyton, Post, Palle Ralls, Spur, Rotan and Mineral Wells all have benefitted with water projects built with state loans.

Ballinger and the Runnels County Water Authority have pending an application for state help to-taling \$5,650,000 for a dam and water lines.

The area projects financed through state bond proceeds:

Breckenridge, \$2,640,000 in 1975 for water lines, treatment plant, distribution lines and elevated water storage facilities.

Clyde, \$775,000, loans in 1967, 1969 and 1972 for construction or improvement of a reservoir, water treatment facilities and distribution system. Rotan Municipal Water Author-

ity. \$900,000 loan in 1962 to finance water transmission line from Snyder to Rotan.

Palo Pinto Municipal Water Dis-trict (Mineral Wells), \$3,820,000, reservoir construction and transmission lines.

Water Authority (Haskell, Munday,

Knox City, Goree), \$3,665,000, in-cluding loans from the board, and the board's purchase of 33.25 per cent interest (\$1,100,000) in Miller Creek Reservoir. The loan was for construction of the reservoir, treatment plant, and 54 miles of transmission lines to serve the four towns

White River Municipal Water District (Crosbyton, Post, Ralls and Spur), \$4,500,000, 1961 and 1963 loans for construction of the reservoir, treatment plant and trans-mission lines to the four towns.

Texas voters in the past approved \$400 million in water development bonds, of which about \$280 million have been loaned or requested. The remaining funds will be exhausted by 1980, state officials estimate.

Amendment 1 would authorize an additional \$400 million in water development bonds, of which about \$280 million have been loaned or requested. The remaining funds will be exhausted by 1980, state of-

Amendment 1 would authorize an additional \$400 million to continue state assistance as has been provided in the past.

This section of the state especially with its low rainfall and limited water resources, has a high priority stake in this amendment passing. The next town needing help on a water supply may be your own.

North Central Texas Municipal

Woman Died In Abilene

Mrs. Gary (Cheryl) Liner, 29, of Abilene, died at 6 a.m. Monday in Hendrick Memorial Hospital following an illness of two years.

Services were at 2 p.m. Tuesday in First Baptist Church, Anson, with Stuart Love, minister of College Church of Christ in Abilene, and the Rev. Jerry Hines, pastor of Anson First Baptist Church, officiating. Burial was in Mt. Hope Cemetery, Anson.

In an interview story on the font page of the evening edition of The Abilene Reporter-News June 18. Mrs. Liner told of the discovery she had breast cancer by means of a biopsy Nov. 7, 1974. She discussed her subsequent surgery and treatment here and in Houston and of her decision, when she learned she was pregnant, to have her baby rather than submit to an abortion.

She was born Cheryl Lunez Sosebee July 11, 1947, in Abilene and grew up in West Texas where her father was stationed at several towns with the Texas Highway Patrol. She was graduated from Eastland High School in 1965 and attended Cisco Junior College and East Texas State University.

She married Gary Liner May 8, 1970, in Anson. They moved to Winters in March 1973 and to Abilene in April of this year. She was a member of the Anson Church of Christ. Survivors include her husband; two children, Brian Lee, 4, and Misty Roe, eight

months; her parents, Mr. and Mrs. Roger Sosebee, 3201 N. 3rd, Abilene; a brother, Roger C. Sosebee of Anson; a sister, Mrs. Butch (Tam) Luedtke of 2457 Glendale, Abilene; and her grandmother, Inez Sosebee of Anson.

Former Winters Guest Speaker For Meeting Of Women's Club

Mrs. John C. Ward, president of Heart of Texas District, was speaker at the Federation Day Tea in the community room of the Winters Housing Authority October 21. FOXWORTH GALBRAITH

Can we afford four more years without effective leadership?

There is a critical decision to be made on November 2nd. It goes far beyond the question of which Presidential candidate can govern with integrity and honesty. We must determine which candidate has the ability and strength to lead our country out of economic chaos, and the vision to see that all Americans-not just the powerful and influential-have a better future.

During the past two years, the middle class has paid far too dear a price for a President lacking that ability.

Since Gerald Ford took office, the unemployment rate has risen 50%, from 5.5% or 5 million people, to 7.9% or 7-1/2 million jobless Americans.

Today's inflation rate of 6% is higher than it was at any time between the

Tax Reform: "The average family in this country actually pays a higher proportion of their income in taxes than the average family that makes more than a million dollars a year. That's disgraceful. We need to move toward a truly progressive and simplified tax system, with reduced tax rates for the average American." Economy: "We'll never have a balanced budget nor an end to the inflationary problems as long as we have 7-1/2 million people out of work. Em-ployment needs to be the major thrust of the whole domestic policy of our government." Efficiency in Govern-

ment: "We now have in the

federal government the most bloated, confused, wasteful bureaucracy ever created. There's no way to get an answer out of Washington and no way to understand what's going on there. We need to reorganize completely the executive branch of government, making it fair, efficient, effective, and responsive to our people's

needs. Housing: "No government that cared about our neighborhoods would stack the tax deck against them. A landlord can let a building run down and make a good living on tax breaks. But when a home owner spends a little hardearned money fixing up his home, the assessor raises his taxes. And the FHA no longer

Korean War and the inauguration of Richard Nixon.

Center

The 1968 food dollar is now worth 57¢.

Mr. Ford's budget will account for the largest single deficit and more than 1/3 of the public debt incurred dur-ing our entire 200-year history.

Real GNP has actually declined during each of Gerald Ford's two years in office.

And who is most affected by these distressing statistics? Not the Washington establishment, or the economic elite courted by the Republicans. The burden falls on the person who can least afford it: the average American.

Jimmy Carter means to change all that. As President, he will make government responsive to your needs.

> cares about families getting started in their own homes. I intend to restore the FHA to the time when, for a down payment, a family could get a mortgage which the government would insure. Health Care: "We need a nationwide health care delivery system which will make adequate health care a right for all people."

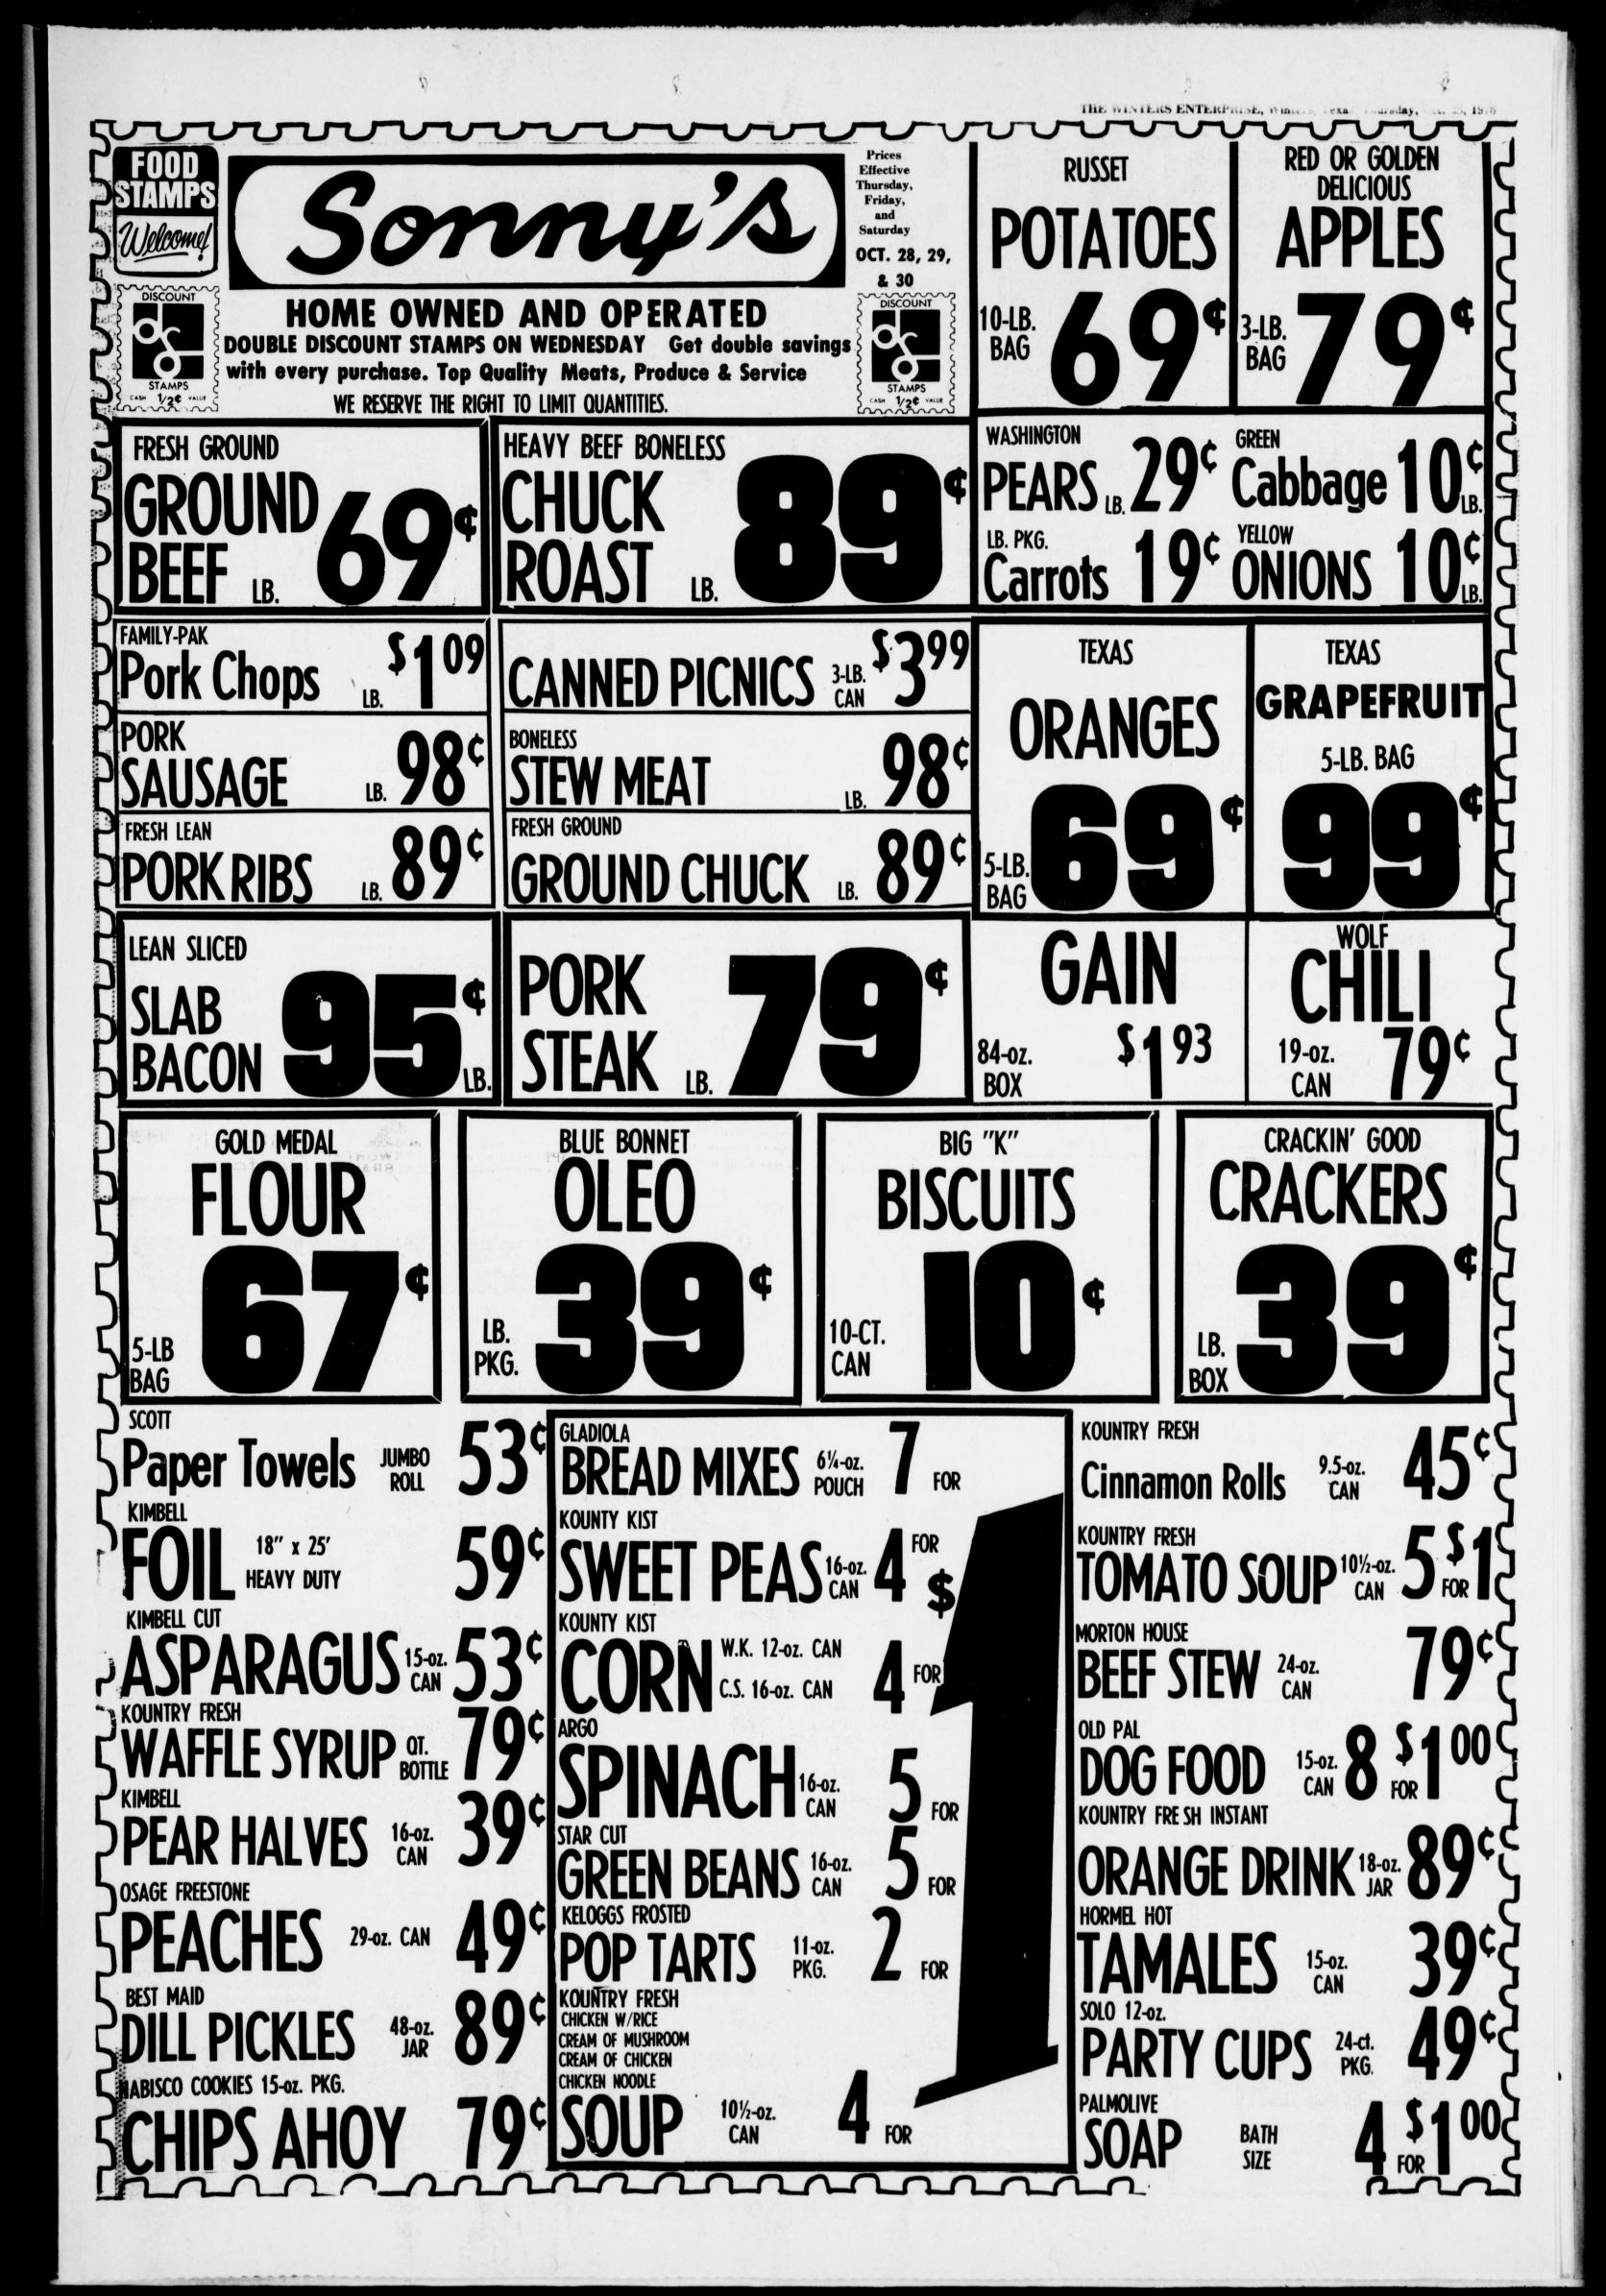

Jimmy Carter has the strength to take charge of our government. If you are tired of paying the high price of Republican ineffectiveness, you have only one choice on November 2nd, and that choice is for change

Vote for JIMMY CARTER. A leader, for a change,

Mrs. Paul Gerlach, 75, of Winters, died at 10:35 a.m. Sunday in North Runnels Hospital.

Funeral services were held at 2:30 p.m. Tuesday in First United Methodist Church, with the Rev. Bob Lindsey, pastor, and the Rev. Mel Swoyer, pastor of St. John's Lutheran Church, officiating.

Burial was in the Lutheran Cemetery, directed by Spill Funeral Home.

She was born Minnie Lois Gehrels, Sept. 2, 1901, in Hillsboro. The family moved to Winters when she was 16. She married Paul Gerlach Sept. 22, 1922, in Ballinger. They lived in Bradshaw from 1923 to 1955, when they moved to Winters. She had lived here since.

She was a member of the United Methodist Church.

Survivors include her husband; five daughters, Mrs. Billy Joe (Melba) Emmert, Mrs. B. E. (An Baldwin and Mrs. Robert (Carolyn) Davis, all of Winters, Mrs. Earl (Ruth) Williams of Lubbock and Mrs. James (Darla) Kruse of Midland: two brothers, Ado Gehrels of Humble and Monroe Gehrels of Fairfield; two sisters,

Lena June Pruette, daughter of the late Mr. and Mrs. Jack Pruette of Winters. She was a 1951 honor graduate of Winters High School. She is assigned as secretary for the company in Midland. She attended Gail and perhaps the most impor-

Set regulator for broiling. Place steak on broiler rack. Insert broiler pan and rack so the top of 1-inch steak is 2 to 3 inches from the heat and 2-inch steak is 3 to 5 inches from the heat. When one side is browned, season, turn and finish cooking on the second side. Season. Steaks cut 1 inch thick require 18 to 20 minutes for rare and 20 to 25 minutes for medium. Steaks cut 2 inches thick require 30 to 40 minutes for rare and 35 to 45 minutes for medium.

If you wish to add something special to turn a hearty meal into a memorable one, you may want to try flaming fruit. Here's how it's done:

Many people try to save money on medical bills by not seeing the doctor until they are seriously ill. This defeats the purpose of "preventive medicine" (the only sound way to preserve your health) and it is more expensive in the long run. Once a disease process has started, it often lasts longer and costs more to cure. A regular medical checkup is not only a good investment, but the resulting peace of mind also promotes good health.

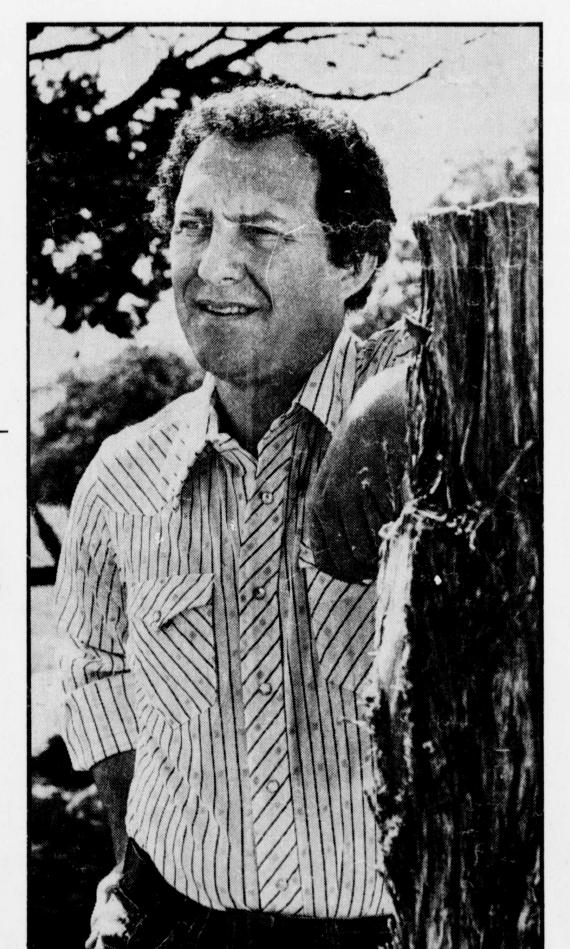

move beef and vegetables. Discard bay leaf. Blend cornstarch and water, stir into liquid in pan and cook,

sincere thanks and gratitude for all those comforting acts. -- The Family of Larry Wayne Cooper 34-1tc.

Foods which provide protein of high nutritional value are fish, poultry, eggs, milk and cheese.

I guess it's possible to go to Washington and forget where you came from. That's why I've traveled back and forth across this district listening to what you want America to be.

We won't agree on every vote I've cast. But you can count on this: I'll listen to you and your neighbor, weigh both sides, and do what I think is right.

I want to thank you for your continued trust and support, and I urge you to vote in the general election November 2.

We have a lot to be proud of in America. That's why we have a lot at stake.

ing speaker was Mrs. Robert ************************************ Conners, second vice presi-

I am deeply grateful for the support I received in the May Primary in my bid for election as your Sheriff. You chose me over an outstanding man who conducted a clean campaign.

While nomination in the Democratic Primaries is usually considered tantamount to election, opposition has developed via the write-in route.

I feel confident that you, the voters of Runnels County, will continue to support me in sufficient numbers to assure my election November 2.

If you vote a straight Democratic ballot, you check the party square, and your vote will count for every nominee in that column. But, if you vote for individuals in different columns, be sure and check your vote for HERSHAL HALL. Otherwise, I may lose your vote by default.

Here is how your Ballot should be marked:

For Sheriff, Runnels Co.

Again, my thanks for your liberal support in the past, and for your continued support in the General Election.

> HERSHAL HALL Sheriff Nominee' Runnels County

(Pol. Adv. Paid for by Hershal Hall, Ballinger, Tex.)

If you smell natural gas, follow these 3 steps to safety.

The natural gas industry has one of the best safety records of any energy source in the United States.

The fact that you can smell natural gas is because we add a harmless chemical to it as an extra safety feature. Otherwise, it would be completely odorless. If you detect faint whiffs of what you think may be gas, investigate. It may be something that is as easily and safely corrected as a pilot light that has gone out, or a burner valve that's partially open.

If your equipment seems to be working properly and the odor intensifies and seems to be everywhere, please follow these precautions:

Do not switch anything electrical on or off. Don't use the • telephone in your own home. Do not strike a ately, leaving doors match. Do not do anything open to help that might cause a spark.

Have everyone leave the house • immediventilate.

Go to a nearby telephone and call Lone Star Gas Company. Wait until we have found the source of the odor to determine whether it's safe for you to return to the house.

You may never have a natural gas leak, but we want you to be informed in case one does occur. Please make sure your family is aware of these precautionary steps. And we suggest that you keep this message for future reference.

Lone Star Gas Company

Voters of Runnels County:

I would like to express my opinion on facts, observations and what I read in your paper.

I came to Runnels County 60 years ago this month. This is my first time to take issue in our local government. It seems to me it is time we take inventory of what is happening to us. First let us look at the Sheriff's race. Our sheriff nominee conducted the cleanest campaign I ever saw. He won by a big majority over one of the best and most outstanding sheriffs the County or State ever had. But the people felt that after 27 or 28 years, we should have a change and chose Hershal Hall as our next sheriff. After all, Father Time takes his toll-1 know, I am not near the farm boy that I was 28 years ago.

Don Atkins was man enough and honest enough to make a public statement that he was sick and not physically able to be on the job some of the time, consequently he was replaced. But who can say that for many years that rugged Marine was not as good a sheriff as ever wore a badge? I feel Don is grateful to the people of Runnels County for their many years of support and they are grateful for his many years of outstanding service. He can retire with dignity and be proud of his record.

Now we have a few sore losers on this issue and they have taken it on themselves to defy the majority's wishes and take over our county by brainwashing a newcomer to go around begging the people to change their minds and write in his name for sheriff.

Why didn't the newcomer pay an entrance fee and get his name on the ballot if he wanted to be sheriff? I noticed in Monday's paper (10/11/76) where he tried to wiggle out of some of the slander against Hershal Hall that has been mailed to a lot of people. He claims he knew nothing about it. How come he only addressed this to the citizens of Ballinger. There are other citizens in the county, you know. Evidently he knew who this slander was mailed to. In his "so-called apology" he called it trash and slander against his opponent. Whatever gave him the idea he had an opponent? His name will not be on the ballot-he paid no entrance fee. He seems to want a free ride.

He is going around begging and glorifying himself in the papers and begging people to vote for him. As to his insinuation that he is the only man capable of being sheriff of Runnels County, I resent that. I think there are a lot of "just as good" or better men that could be picked from Winters, Ballinger, Norton, Wingate, Rowena, Miles and other communities of the county. I just can't appreciate some newcomer coming in and classifying my friends and neighbors as being "dumb."

Lets take a look at our past record of law enforcement in Runnels County. I have known personally all the sheriffs of Runnels County with the exception of the first one, Mr. Formwalt. Several years after the second sheriff, J. W. Clampitt, left office I worked for him 5 years and knew all the others personally up to our present sheriff. I want to point out some of the history of these lawmen. The first president of the Sheriff's Association was a Runnels County sheriff. The man voted the Model Texas Ranger was an ex-county sheriff. The man with the most convictions of criminal cases for many years was an ex-Runnels county sheriff; and our present sheriff, Don Atkins, qualified in most and received some of these honors. It seems to me that Runnels County has done pretty good in the field of law enforcement and I don't think we have run out of material yet. Now we have a newcomer that we know nothing about except what he has praised himself for.

As for our nominee, Hershal Hall, I can say this—while he was deputy sheriff, I had three occasions to call the sheriff's department on theft and other violations. Hall was the man that came to my rescue. In each instance, he did not come the next day—but within minutes and did his job well.

It seems to me since he has had, I believe, 6 years of law enforcement in the county as deputy sheriff and other law enforcement that he won the nomination fair and square and on his own merits. He has not slandered his opponent or anyone else. I think he should have our support and be given a chance to prove himself. He has been slandered unmercifully.

The write-in candidate in the several months he was chief of police-I never saw him one time on the streets. But I did go to his office to get acquainted with him. He was so enthralled telling me about his education and how smart he was-and how good and perfect he was—and how his integrity was so far above reproach. I did not learn much but he did convince me-by his own testimony-he was the smartest, best educated and most perfect man in the county. He left me with the impression that me and the majority of the people of Runnels County were Dumb Clucks—that we were in desperate need for him to take charge and drive us down the straight and narrow way and to enlighten us to our dumb and wicked ways.

When I go to the polls in November, I am going to mark the Democratic nominee's box—to vote for the man who paid the price in more ways than one our nominee, Hershal Hall.

Thanks!

STUDENT TEACHER-Jay W. Davis, senior agricultural education major from Tarleton State University, has begun his student teaching in the Winters Public Schools under the supervision of Stanley Blackwell and Charles Allcorn, vocational agriculture teachers.

Davis will be in the community from October 25 through December 16 for the purpose of receiving training for vocational agriculture teaching. This arrangement has been made by mutual agreement between Bill Graves, Superintendent of Schools, and Tarleton State University. Davis will assist with all activities concerning the local vocational agriculture program. Upon completion of this training period, he will receive the bachelor of science degree from Tarleton State University and be eligible for the provisional secondary vocational agriculture teaching certificate.

Davis is a 1972 graduate of Coleman High School where he was active in FFA and 4-H activities.

Drs. Bill Irick, Johnny Johnson, and Len Steakley are the Tarleton State University supervisors for the teacher education program in the Department of Agricultural Education.

"Things To Remember"

Back in July 1975 Hershall Hall made it plain that he would be a candidate for Runnels County Sheriff in the 1976 Democratic Primary Election. Mr. Hall filed for a place on the Ballot; he paid the filing fee, and his name was on the ballot with the incumbent also on the ballot. In the Primary Mr. Hall was favored with a substantial majority of the votes.

That should have been the end, but no, no. Now the voters in Runnels County know the story from here on.

Hershall Hall was elected Sheriff by Runnels Count Democrats, now let's keep it that way. Tom Caudi: 1105 5th St.
