

Last Phase Water System Contracted

Contract for construction of the second and final phase of the pipeline for the North Runnels Rural Water Supply Corp. distribution system was let last week, to R. T. Snelling & Sons of Whitney, contractors for the first phase of the project. There were eight contract bidders for this phase.

The second phase of the project, which covers a big part of North Runnels, and reaches into South Taylor County, is just a bit more than one-half of the entire project. Bid for construction of this phase was \$925,328.52.

Laying of pipeline for the first phase of the distribution system is about completed, according to LaDell Davis, manager for the water supply corporation, with only about 5 miles of pipe to be laid.

The second phase of the project will have about 132 miles of water line, serving 246 customers, Davis said. Contract calls for completion in 300 working days.

In addition to the miles of pipeline, the second phase will include four pumping stations—one north of Crews, one north of Wingate, one at Pumphrey, and one at the Ballinger water treatment plant. The system, when completed, will draw water from both Winters and Ballinger city systems.

This second phase of the rural water distribution system is being financed by a \$505,000 grant and a \$530,800 loan from the Farmers Home Administration. For the first phase, a grant of \$307,000 and loan of \$337,600 was received from the FmHA.

The event is again sponsored by the Winters Lions Club and the Winters Ministerial Alliance.

At 6:30 p.m., the Rev. Charles Steinberg, president of the Ministerial Alliance, will offer the invocation. Dinner music will be provided by the Winters Wonderland Echoes, under the direction of Miss Karlene Eastman.

Following the dinner, greetings will be extended by Winters Mayor Homer Hodge and Mrs. Rosemary Bennie, director of North Runnels Aging Services.

Highlight of the evening will be music by the Winters Senior String Band.

All senior citizens are invited to the dinner. Free transportation will be provided by calling 754-4584.

The Weather Snowballed

The North Runnels area, along with most of the rest of the Big Country, was hit by an unusually early snowstorm Friday night, and additional snowfall Saturday night left upwards of 8 inches of snow on the area.

The snowstorm was one of the earliest of significance in many years. Not only did it come as a surprise to the populace, it also came as a surprise to most trees. Many pecan and other trees had not fully shed their leaves, and the leaves, some of

them still green, fell after the snowfall, making an unusual picture.

Highway traffic was hazardous in the area Saturday and Sunday, but roads were fairly clear by the beginning of the week. Few reports of

mishaps caused by driving conditions have been received in the immediate area.

The snowfall was beneficial to small grain in the area, and to recently planted fields.

Goal for Hospital Equipment: \$7,500

Efforts are being made to raise money through public donations and subscriptions to purchase special surgical equipment needed at the North Runnels Hospital, and \$2,750.01 already has been collected.

Ted Meyer, chairman of the special hospital fund committee, said \$7,500 will be needed to purchase the special equipment, and that a special campaign will be launched in the near future to try to raise the money needed.

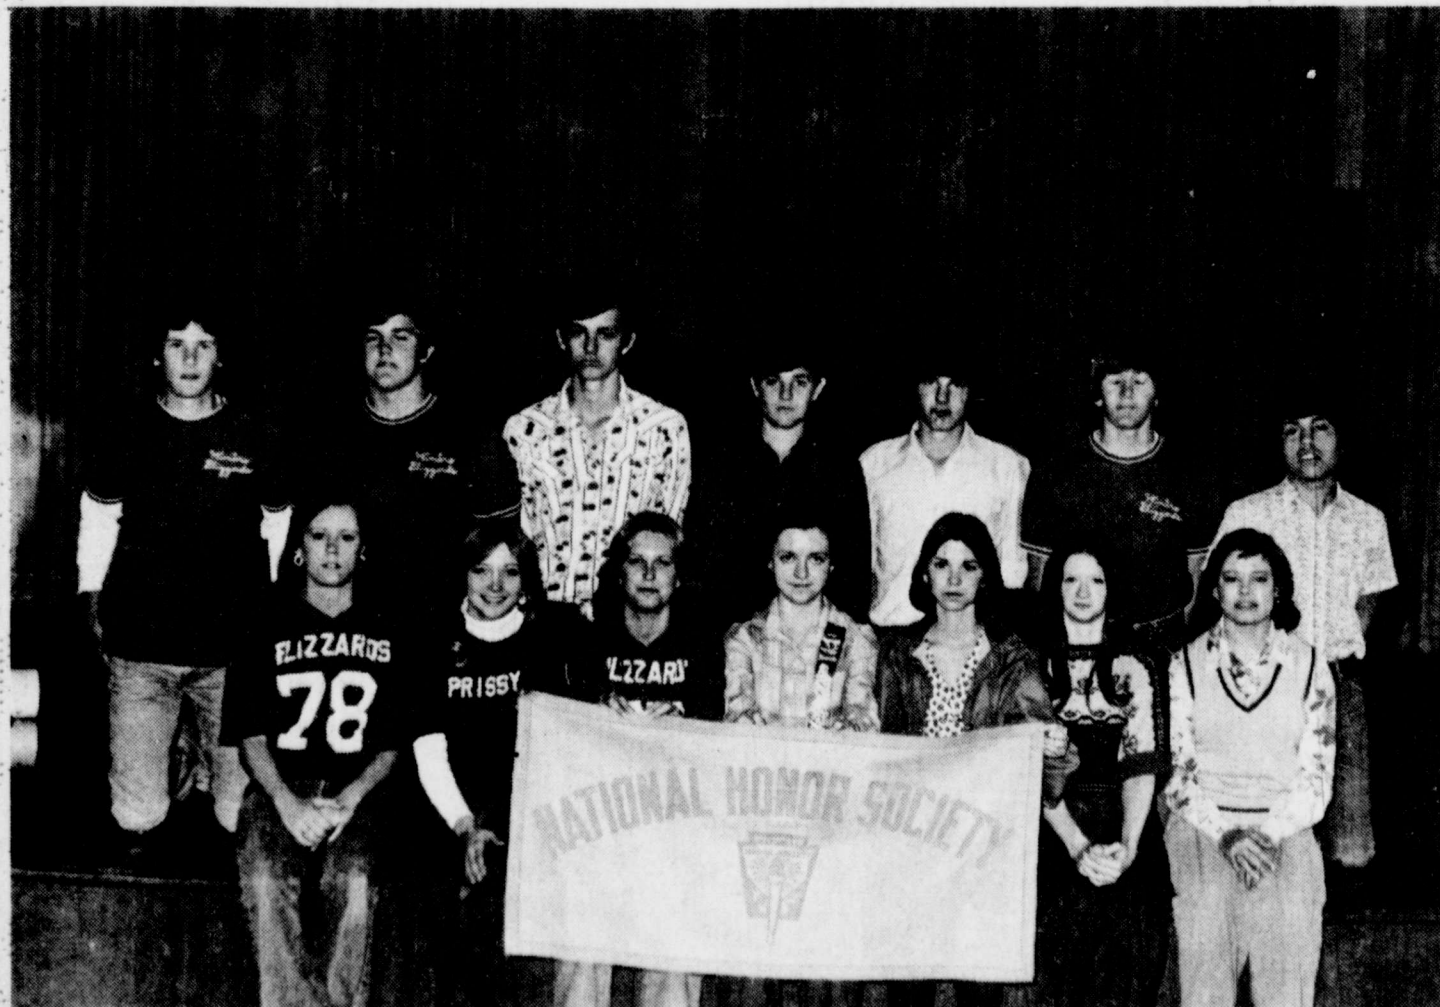

Donations and memorials received during the past few days, since the last report, amount to \$322.55, Meyer said. This has been earmarked for the surgical equipment project.

Fashion Show Presented Last Tuesday

"A Carousel of Fashion" was the theme of the annual fashion show presented by the Junior Culture Club in the high school auditorium last Tuesday. Jim McCurdy, KRBC-TV announcer, was master of ceremonies.

Stage decorations were a

carousel of horses and many clowns. Door prizes, made by club members were presented.

The club expressed thanks to all models who helped make the show a success. Proceeds will be used for community improvement.

O'CONNOR'S COLUMN

Consumers should find lower pork prices, as reports indicate more pork supplies for the rest of the year. Lower pork prices are likely because of increased supplies—and because of competition with beef and poultry products, explained Mrs. O'Connor. The pork spotlight is mostly on smoked cuts—namely, semi-boneless hams, picnics and some brands of bacon.

A few kind-to-your-budget buys will appear also on Boston butt roasts, end chops and quarter-loins cut into chops. At beef counters, Mrs. O'Connor termed the following cuts "economical": chuck roasts and steaks, round steaks, ground beef and liver.

At poultry sections, she reported some "specials" on fryer chickens—along with many features on turkey.

Also, "fish continues to offer an excellent protein value on a cost-per-serving basis," she said.

Egg prices are about the same as in previous weeks—and probably they will remain stable until time for Christmas baking, when prices usually trend upward, she predicted.

"Grade A, large-size eggs generally offer the best combination of economy and quality."

At vegetable counters, economical buys include carrots, cabbage, snap beans, soft and hard shell squash—along with eggplant, sweet green peppers, dry onions and potatoes.

Peanut Butter Apple Crunch
Yields: 2 servings.

1 T. Low Sodium Peanut Butter

1 T. unsalted butter or margarine
1 T. flour
2 tsp. lemon juice
1 T. rolled oats
2 T. brown sugar
2 apples
2 T. water

Cut peanut butter and butter into mixture of flour, oats and sugar. Pare, core and slice apples into a buttered shallow baking dish (or 2 individual baking dishes). Sprinkle with lemon juice and water. Spoon peanut butter mixtures over apples and bake in a 375° F. oven 20 to 30 minutes, or until apples are tender. Serve hot or cold.

Dress To Create Mood For Holidays

Create the mood you want for holidays '76—with clothes, Mrs. O'Connor says. Whether serious, nonchalant, or whimsical and fanciful, fashions provide dressy or sporty, stark or jazzy, short or long, tight or loose styles

to balance the scale. "Whatever the style, silhouettes are natural and often tiered or draped. Fabrics are soft, lush and lightweight or rugged and sturdy. Colors may be blazing reds, pinks or golds, or soft shades of favorites such as jade or purple or traditional neutrals," she reported.

Dresses are soft, flowing, simple and often sheer. Skirts may be lean or full and moving as in ankle-length chiffons and georgettes in florals or solids. Apron dressing in shiny fabrics provides an interesting approach to holiday fashions, she added.

"Versatile and comfortable jumpsuits may be lush and slinky—or sturdy and functional in gabardines, flannels, denims and wools.

"Bare shoulders are revealed with strapless bodices, camisoles, off-the-shoulders and one-shoulder looks and shoulder ties. Sleeves and capes drape around the shoulders."

"Double-decker" dressing provides for tunics or caftans (often hooded) over straight-legged, harem, capri, or wide-legged pants or skirts. On a shorter scale, are snugly fitted vests or vests with a bolero feeling.

Sportswear gets into the holiday feeling with sweat-shirts, warm-ups, and sailor tops in luxe fabrics such as satin, velour and velvet.

For a classic look, a long velvet skirt or pants with blazer, vest and soft blouse is perfect for any holiday activity, the agent advised.

Improved Management Techniques

Consumer demand for more livestock products have initiated improved management techniques says Joe Chapman, Range Conservationist with the Soil Conservation Service.

One management tool which has gained approval of livestock producers is the Planned Grazing System. Using planned grazing farmers and ranchers have been able to increase the efficiency of their operations says Chapman, but the establishment of a system of planned rotation and deferment should not be taken lightly.

When considering a system for operation the landowner or manager should evaluate his resources and then develop his goals. One goal which might be considered is amount of forage available.

By using a grazing system producers have been able to increase the amount of usable forage, but forage quality also plays an important part of success. Livestock will generally consume the better forage first said Chapman, but when grouped into herds they are forced to take some of the lower quality forage. This will result in a more uniform grazing of all grass species. Other results may be improved wildlife habitat, reduced erosion and reduced labor.

MR. AND MRS. SPILL

Miss Wright, Mr. Spill Married Here Saturday

Miss Vera Rosa Wright became the bride of John August Spill in ceremonies in St. John's Lutheran Church in Winters, Saturday, November 13, at seven o'clock in the evening.

The Rev. Mel Swoyer, pastor of the church, performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. John Wright of Winters. The bridegroom is the son of Mr. and Mrs. Walter Spill, also of Winters.

White glads and pom pom

mums and greenery decorated the altar, with yellow and white cushion and pom pom mums and greenery on the organ. Pew markers were white satin ribbon bows.

Miss Emma Henniger, organist, played traditional processional and recession wedding music. Sally Spill of Rowlett, sister of the bridegroom, registered guests.

Barbie Bradley, niece of the bridegroom, was flower girl, and Carolyn Hubach, cousin of the bride, was ring

bearer. Best man was Walter Spill, father of the bridegroom. Ushers were Van Ray Spill and Olan Potts. Groomsmen were Butch Spill, brother of the bridegroom, of Arlington, and Frankie Wright of Winters, uncle of the bride.

Mrs. David Bradley of Winters, sister of the bridegroom, was matron of honor. Bridesmaids were Mrs. Olan Potts, cousin of the bride, and Kathy Young, of San Angelo, cousin of the bride.

Bride's attendants wore long dresses of yellow crepe with empire waistline, scoop neck, long sleeves trimmed in lace, and necklines trimmed in lace. They carried nosegay bouquets of yellow and white pom pom mums, baby's breath, with lace and ribbon trim.

Given in marriage by her father, the bride wore a gown of white bridal satin with an overlay of sheer embroidered with lily of the valley sprays. The neckline was rounded, and sleeves were puffed. The skirt was slightly flared, with a satin illusion veil, lace edged,

falling from a Juliet cap of satin and lace. Her bridal bouquet was of white feathered carnations, yellow roses, baby's breath, with lace and ribbon.

A reception was held in the Education Building of the church following the wedding ceremony, hosted by the parents of the bride. The bride's table was covered in white damask linen, with a centerpiece of yellow and white mums. The three tiered wedding cake was trimmed with yellow roses and bells, topped with a miniature bride and groom.

Assisting in serving punch, cake and coffee were Glenda Wright, Betty Hubach and Joyce Hamilton.

The bride attended Winters High School.

The bridegroom is a graduate of Winters High School, and is engaged in stock farming with his father.

Mr. and Mrs. Spill will make their home in Winters.

The rehearsal dinner was hosted by the bridegroom's parents in the Fellowship Center of St. John's Lutheran Church on Friday evening.

Winters—Zip Ballinger—Zip

The Winters Blizzards took their own snowstorm to Ballinger Friday night and battled their age-old rivals, the Bearcats, to a scoreless tie.

This was the second time in six years that these two teams tied at 0-0.

The Winters-Ballinger game, often called "The Championship Game of Runnels County" was played on a snow-covered field before a relatively light crowd.

Statistically, the Blizzards had a slight edge over the Bearcats. Friday's game was played mostly in the center of the field as neither team was able to fire up enough offense to cross the goal line. The pace of the game was often three downs and a punt.

Ballinger's Steve Cochran led the ground gainers with 136 yards while the Bearcats' Mike Alcorn had 55 yards. Jimmy Chapman was the

Blizzards' leading rusher with 96 yards in 20 carries. Other rushers were Marvin Moore, 68 yards in 10 carries; Flent McNeill, 42 yards in 14 carries; Johnny Curbo, 19 yards in 6 carries; and Jeff Russell, 15 yards in 7 carries.

Coach Stubblefield had not received the game film at press time so other information concerning the players' grades and stars was not available.

Friday's game left the Blizzards with a season record of 2-7-1, and a district record of 1-4-1.

QUEEN '76"
CONTEST

Mr. and Mrs. Christmas Shopper:

Did you know you save more by shopping Winters first? Consider this: Every time you spend \$1.00 in another city (in most cases) you pay 1 cent in sales tax, which is used by that city to provide facilities and services for its residents. But if you live in Winters, and shop out of town, the cost of that 1 cent sales tax is doubled . . . you pay 1 cent to the other city, and then YOU HAVE TO DIG INTO YOUR POCKET AND PAY, THROUGH OTHER TAXES, FOR THE FACILITIES AND SERVICES YOUR 1 CENT, IF PAID HERE, WOULD PROVIDE! So you actually pay twice! It's that simple!

In addition, when you shop at home, you're helping to keep your home town merchant—

your neighbor—in business, so he can help you keep your home town in business. If you do your shopping out of town, you can't expect to continue indefinitely to be provided the facilities and services to which you've become accustomed.

Also, if you shop at home, you're among friends, who do care about your welfare, and will do everything within their power to satisfy your needs. Besides that, the prices you'll pay at home more than likely will be as low as those in another town . . . and you won't have to fight the traffic and the crowds.

It's something to think about, as you begin making plans to do your Christmas shopping!
