## Attention... Doughboys!

... all you men of the Runnels County area, who served under "Black Jack" Pershing, or walked the decks of the coal-burning "battle wagons" and destroyers during the "Great War"... World War I...

Within the past few years, you have been deprived of your one great day... Armistice Day, November 11. This year, the Winters Chamber of Commerce proposes to give you back your special day!

Plans are now being made by a committee of the Winters Chamber of Commerce for a special recognition program on November 11—Armistice Day—for Veterans of World War I. Details of the program have not been released, but will be announced within the next few days.

A roster is now being

made of all World War I veterans living in Runnels County—or in the trade areas of Winters and Ballinger. If you served in the Armed Forces during World War I in any capacity, notify the Winters Chamber of Commerce, The Winters Enterprise, The Ballinger Ledger, or the Ballinger Chamber of Commerce.

When plans are completed for the special recognition day, each World War I veteran will be personally notified.

The Winters Chamber of Commerce committee wants to include every WWI Veteran in this area. Don't delay! Get your name on the roster early so you won't be missed when the roll is called on Armistice Day! Be sure to include your full name and rank, and the branch of service in which you served.

**FOOTBALL SWEETHEART**—Emerald Rodriguez was selected Football Sweetheart and presented during halftime activities at the Winters-Merkel football game Friday night. She was escorted by Paul

Hudson, a member of the Blizzard team. Miss Rodriguez is the daughter of Mr. and Mrs. Joe Rodriguez. She is a senior, is head cheerleader, president of the senior class and was a delegate to Girls State last summer.

## Winters Schools Retain Double-A Classification

Winters schools will retain a Double A classification for at least another two years, Bill Graves, superintendent of the Winters district, was notified Monday, and the local school has been returned to UIL District 6-AA for the next two years.

Schools are classified according to the previous two-year average of the average daily attendance in high school. Minimum for Class AA schools has been raised from 240 to 255, it was understood.

In the classification and district assignments from the University Interscholastic League, all present schools in District 6-AA for the past two years were reassigned to the district, and Anson, which had dropped to Class A two years ago, was raised to Class AA and assigned to District 6-AA.

Supt. Graves and High School Principal Tommy Lancaster met in Sweetwater Monday morning with officials of other schools in the district

to organize sports schedules for 1978 and 1979.

Graves also has contracted with three non-district schools for football games for 1978 and 1979. The Winters team will play Clyde, Coleman and Roscoe, a Class A team, in pre-district games next year. Other games will be District 6-AA contests.

Also, the 1978 football schedule will begin one week later than this year, with the first game to be played Sept. 8.

The 1978 Winters football schedule will be:

Sept. 8—Clyde, here  
Sept. 15—Coleman, here  
Sept. 22—Roscoe, there  
Sept. 29—Open  
Oct. 6—Stamford, here  
Oct. 13—Merkel, there  
Oct. 20—Coahoma, here  
Oct. 27—Wylie, there  
Nov. 3—Anson, there  
Nov. 10—Ballinger, here  
Nov. 17—Colorado City, there

## Blizzards Go To Wylie Friday

The Winters Blizzards, fresh from their 7-6 edging by the Merkel Badgers last week, will go on the road this week, playing the Wylie Bulldogs at Wylie Friday night at 7:30.

Coach Jimmie Stubblefield has indicated that there will be no change in game plans for Wylie from plans of previous games. Injuries have hurt the Blizzards, but most players will be in for the Friday night contest.

Phil Colburn, pre-season picked as a "Blue Ribbon" high schooler by state observers, will be out of action for the rest of the season because of injuries. Coach Stubblefield said recruiters from the Southwest Conference and smaller colleges such as Abilene Christian and Texas A&I have been inquiring about Colburn.

The Wylie Bulldogs as a team are similar to Merkel, in size and team makeup. They will average 180 across the board, a bit larger than Merkel,

and considerably outscaling the Blizzards.

The Bulldogs run out of a wishbone formation, with power plays and no triple options. They rely on running, but do mix in passing. Lance Wolf, a 205 junior running back will lead most of the rushes. Wylie's defense line is strong, working a split 6, with Tony Keefe, 215 pounds and a junior, standing out.

Winters and Wylie have played no common opponents this season. Winters has a 3-3 season and 1-1 district record. Wylie has a 3-3 season and an 0-3 district record. In district play, the Blizzards have scored 18 points to opponents' 15, and 37 to 74 for the season. Wylie has 9 points for district to opponents' 60, and 80 for the season to opponents' 99.

## Livestock Barbecue Monday

The annual barbecue of the Winters Livestock Association will be held in the Winters Community Center Monday, Oct. 24, beginning at 7 p.m.

The barbecue is the windup activity of the membership drive which has been conducted during the past several weeks.

Family membership cards will be required for admission to the barbecue. Membership cards will be available at the door. Family membership is \$6 per year.

Proceeds from the membership drive are used to promote the Junior Livestock Show each January.

## Council Looks At Dog Control

Disturbed and warned by reports of positive cases of rabies in the area, Winters City Council Monday night began a study of possibilities of enactment of ordinances designed to control the dog and cat population in the community, and especially to eliminate stray animals.

Donald R. Stewart, Abilene, of the Bureau of Veterinary Public Health of the State Department of Health, met with the council to discuss ways and means of affecting control of animals in the community. County Commissioners were also represented by Charles Bradshaw, Ballinger.

Stewart told the council that in towns of this size, with no adequate control measures in effect, the dog and cat population would be about 40 percent of the human population. He said that in Winters, there probably would be about 120 dogs and at least 30 cats loose on the streets at any given time.

It was also stressed by the Health Department representative and Dr. Jimmy Smith, Winters veterinarian, that less than 50 percent of the "owned" dogs, and less than 1 percent of the "owned" cats had been vaccinated for rabies. Certainly none of the stray animals had received rabies vaccinations, it was said.

Stewart said that throughout the state, animal control has become a No. 1 problem, and because of the increasing reports of positive rabies in domestic animals, along with a noticed increase of the disease in wild animals, officials should show increase concern.

When asked about regulations concerning construction and maintenance of animal shelters, where a strong enforcement program is put into effect, Stewart said there are no Federal or State statutes on minimum shelters. Each locality is really on its own to plan and construct and operate such shelters.

However, Stewart pointed out to council members, enactment of ordinances on animal control would be useless without strong enforcement. Such a program would cost a considerable amount of money, it was said, but a possible program of cooperation between the cities and the county government would reduce the costs, and also make a control program much more effective.

Speaking of the costs of such a control program, Stewart reminded the council that it would be minimal when compared with the cost of treatment of persons who might be exposed. It would cost about \$500 minimum to treat each person who might be exposed, he said, and the cost could not be compared with the cost in human suffering which might be the alternative.

In the absence of the mayor, James West, mayor pro tem, appointed Alderman Buddy Miller, Dr. Jimmy Smith, and City Secretary Buford Baldwin to a special committee to study possible ordinances, and to contact county officials regarding a joint county-city program of animal control.

**FIRE!**—A garage operated by Jim Crenshaw on Tinkle St. was completely gutted by fire last Thursday afternoon. Crenshaw received second

and third degree burns on his right arm, trying to extinguish the fire. He was admitted to North Runnels Hospital, and was reported in good

condition Tuesday of this week. (Staff photo by Joe Eckols)

**FFA EVENT**—Fran Hoppe, center, was elected Sweetheart of the Winters Chapters of the Future Farmers of America last week. Teresa Helms, left, and Tammy Gibbs, right, were elected FFA Queens by the chapter members.

Miss Hoppe is a junior student, is

junior drum major with the band, is a member of FHA, and an officer in 4-H. She is junior class reporter, and active in livestock shows. She is the daughter of Mr. and Mrs. Calvin Hoppe.

Miss Helms is also a junior student, an FFA stock show exhibitor, and is

active in high school. She is the daughter of Mr. and Mrs. Calvin Helms of the Drasco Community.

Miss Gibbs is a freshman, daughter of Mr. and Mrs. Connie Mac Gibbs. She is a cheerleader, is freshman class secretary-treasurer, and was voted freshman favorite.

# Blizzards Drop Game 7-6 To Merkel

According to statistics and Winters fans Friday night, the Blizzards should have had their second district win. However, when Blizzard Stadium emptied the scoreboard showed a 7-6 score in favor of the visiting Merkel

### Badgers.

After a scoreless first half, Pat Salas put the Blizzards on the board with a four-yard run through the middle of the line with 43 seconds left in the third quarter. The extra point was blocked. Winters held their 6-0 lead until the fourth quarter. Then, with 6:41 left in the game, Badger Brad Pursley completed a pass to Mike Sims who went nine yards for the TD. Keith Shields kicked the extra point to pull Merkel ahead for the 7-6 victory.

The Blizzards outdid the Badgers in first downs 19-12; and in rushing yardage, 234 for Winters, and 183 for Merkel.

Friday nite, the Blizzards travel to Wylie to meet the Bulldogs. Kick-off time is 7:30 p.m.

Winters' district record is 1-1, while Wylie is 0-3.

### COACHES GRADING

Coaches awarded the following grades to Blizzard team members for their performances Friday night:

Offense: Pat Salas, 82 percent; 168 yards rushing on 36 carries; and "Big hit" award.

Defense: Wayne Kraatz, 70 percent, most tackles; Boles, David Esquivel, Schwartz, Kraatz, and Jimmy Henson, 70 percent; Leroy Jones, 80 percent. They also received helmet stars.

Players receiving helmet stars were Wayne Kraatz, for most tackles. Salas and Jones received two stars each for grading 80 percent. Schwartz, Lett, Tekell, Bryan, Kraatz and Jones, one star each for quarterback sacking.

## AROUND THE 6-AA FOOTBALL LOOP

The Colorado City Wolves kept their winning ways Friday night, whipping the Coahoma Bulldogs 15-7 at C-City, to keep ahead of the 6-AA pack—living up to pre-season predictions that C-City would be the top dog this year in district.

On the stat board, the two teams were not that far apart in performance, but Coahoma outdistanced the Wolves in most columns.

The Ballinger Bearcats, annually a team to watch once district competition gets underway, hit the Wylie Bulldogs 9-2 to keep in the win column. For a while, the score looked like a baseball contest—3-2—before the 'Cats made the game's only TD with 58 seconds left on the clock. Ballinger now is 2-1 in district. Wylie has a 0-3 record for district.

Merkel invaded Winters Friday night, and let the Blizzards win the stats while they took home the bacon—7-6. The two teams seesawed up and down the field during the first half, then the Blizzards hit for pay territory for 6 but failed to convert. With 6:41 left in the final, the Badgers came back to cross over for a TD, and then completed the PAT

attempt to take the win by a single point.

Stamford laid out last week.

This week's schedule:  
Winters at Wylie  
Ballinger at Coahoma  
Merkel at Stamford  
Colorado City open

# VOTE

Nov. 8

# To KEEP

## The Winters Municipal Light Plant

It has paid for itself, and accumulated Value according to the most recent audit. With wise management and lowering of rates, it will continue to pay its way and show a profit.

If the Light Plant is sold, your electricity probably would cost you more, regardless of what you might be promised at this time, by The Central and South West System owners of proposed buyers of the Winters Plant.

The actual value of the Winters Municipal Light Plant is much more than has been offered. According to the latest Audit, Sept. 30, 1976, Total Assets were \$749,858.89.

The Light Plant Provides a substantial contribution to the local economy, with a pay roll which would be lost if it is sold.

**Vote Nov. 8, to KEEP the Winters Municipal Light Plant**

# Winters Gets \$1,992 From Sales Taxes

Winters has received \$1,991.94 from the State Comptroller's office in city sales tax rebates for September.

State Comptroller Bob Bullock said that cities having the optional one percent city sales tax received a total of \$288.5 million to date this year, an increase for the same period in 1976. Winters' increase was calculated at 21 percent.

Winters has received \$53,702.45 to date for 1977 1976 receipts through the same period were \$44,195.76.

Towns in the area receiving sales tax rebates for the period include:

Abilene	\$239,139
Anson	1,582
Ballinger	4,289
Cisco	5,247
Coleman	23,628
Eastland	6,687

## Proper Energy Management Can Save You Money!

## In Your HOME LAUNDRY

- ★ You can make it easy on yourself by saving your laundry for full loads. Doing a lot of small loads takes up your time. And uses up extra energy, hot water and detergents.
- ★ Use hot or warm water only on laundry that really needs it. And use the soak cycle on badly-soiled clothes. It can save washing them twice.
- ★ Full loads, without overloading, also help you get the most out of your clothes dryer. Keeping the lint filter clean is most important. A lint-packed filter can double your drying time.
