

Bobcats Start Season Friday at Canyon

Dimmitt Bobcats will meet the Canyon Eagles in the first game of this season, Friday night at 8. The game will be in the Buffalo Bowl, north of Canyon.

Dimmitt's prospects have been dimmed due to several injuries on the varsity team. There will only be four backs running Friday night according to Coach Covington.

Jackie Nichols will see limited duty. Roy Battles rehurt his ankle in practice, Tuesday. Jimmy Cowsert was injured in the scrimmage with Dumas, Saturday

September 1. Steve Hutton and Larry Scoggins also have injured ankles. Four backs will run, Friday night and two of them are

hurt. Linebacker Clayton Neal also is suffering an injured ankle. "We'll have eleven men on the field, Friday night", emphasized Coach Covington.

FARM BUREAU QUEENS are (left to right) Georgene Hughes, runner-up in the 1962 Farm Bureau Queen contest, Donna Beyer, winner of the 1962 contest, and Deborah Buckmaster, 1961 queen. Miss Beyer, daughter of Mr. and Mrs. Hugo Beyer was crowned Thursday night by last year's queen, Deborah Buckmaster, daughter of Mr. and Mrs. T. S. Buckmaster. Miss Hughes is the daughter of Mr. and Mrs. George C. Hughes. There were nine contestants in this year's contest.

County Favors Wheat Quotas

Wheat referendum quotas voting, August 30, showed farmers again in favor of the program. Castro County voted 255 for to 53 against the program.

The unofficial tally, from the Texas-Oklahoma border south to Lubbock showed 5,009 in favor and 2,466 against.

There were seven counties where the wheat quotas failed to receive a majority, six north of here, including Dallas, Sherman, Ochiltree, Oldham, Gray, and Hutchinson. Donley was seventh.

Ten counties supported the quotas, but failed to reach the required 66.7 per cent. These counties included Potter, Randall, Hansford, Lipscomb, Hartley, Armstrong, Floyd, Bailey, Hardeman, and Wilbarger.

A 15-county survey north of Amarillo indicated 56.8 per cent in favor. The south Plains counties voted strongly in favor of the wheat quotas.

Total vote in Texas with 155 counties in was 70.7 per cent in favor, with 8,592 for and 3,561 against.

Overall in Oklahoma the unofficial tally was 9,465 in favor, 5,927 against, with 401 ballots challenged, for a 61.4 per cent support.

New Mexico registered 69.8 per cent approval, with 460 for and 199 against.

"Castro County ran about true to form", commented Charles ASCS manager.

A good majority showed in favor of the 1963 wheat quotas.

County Fair Ready to Go For Big 3-day Weekend

Castro County Fair arrangements for 1962 are nearing completion for the first day of activities which begin Thursday at the fairgrounds in southeast Dimmitt.

Carnival rides were put into operation early this week and will continue operating until Saturday, the closing day of this year's fair.

Additional entertainment featured at this year's fair are fire-works Saturday night, concession booth games, the famous dunking board activities, and the bingo games.

Highlights of Castro County's annual fair begins Thursday night at 7:30 in the South Grade School cafeteria with the Miss Grain Sorghum of the Nation contest in which more than thirty area girls will participate.

Judging starts Friday morning at 9:30 for the community exhibits and individual farm products. Community displays, individual farmer entries and women and girl's division entries are in the quonset barns on the south side of the fairgrounds.

Rayphard Smithson, chairman of the 1962 fair urges all communities to participate in the community exhibits.

Community booth monetary prizes this year are set at \$25, \$20, \$15, and \$10. Five dollars will be given to each community sponsoring an exhibit.

Booth chairmen for communities are Shirley Garrison, Easter; Ed Clark, Frigo; Rachel Hunter; Jumbo; Elbert Smith, Bethel; Calvin Petty, Mulkey; Glen McKinney, Big Square; Raymond Annen, Nazareth; Joe Percy Hart, Hart; Guy Walsler, Summerfield; Lester Gladdin, Dimmitt; Mrs. Al Schoenburger, Arney; J.W. Birchfield Flagg; W.G. Sanderson, Dodd; and Mrs. Cecil Curtis, Sunnyside.

Flower show sponsored by Mi-

lady Garden Club members is under the direction of Mrs. Fred Appaloosa Horse Show at 10:30 a.m. in the Dimmitt Rodeo Arena, Saturday morning in the Community Room of the First State Bank.

Closing activities Saturday is marked by final judging on the annual fair parade Saturday afternoon, and the pet show immediately following the parade.

Forty Persons Attend SCD Tour In Bethel Community Thursday

Annual SCD Field Day tour was August 30 near the Bethel Community.

Over forty persons attended the dinner meeting in the Bethel Community Building.

Speakers were Kelly Waggoner, Hale County, who spoke on "Operations of a Weed Control District", Hank Ford, Halfway, who spoke on "Fertilization Results on Wheat" and Bill Broadhurst, geologist for the High Plains Underground Water District who's speech was "Operations of the Water District."

Food donated by the First State Bank, Dimmitt was served and prepared by ladies of the Bethel Community.

Wade Mills, chairman of the Running Water SCD District pointed out that "this year's program was one of the finest we have had."

"This year's speakers were some of the best we have had since the field day tour began," Ed McLeroy agricultural agent for the First State Bank said.

Farms visited on the tour were those of Tommy Stanton, showing his tailwater recovery system; Don Gilreath, showing his cotton and grain production methods; and Irvin Oit, showing grassed waterways.

Gene Ellis, owner of Dimmitt's Seed and Acid Delimiting Plant furnished cold drinks and ice water for members of the tour.

Thirty-four Girls Entered in Miss Grain Sorghum Contest

Miss Grain Sorghum Contest reaches final stages here as thirty-two of the Plains' most beautiful girls have completed their entries. Deadline for entries was Saturday.

The contest will begin at 7:30 p.m., Thursday in the South Grade School Cafeteria. Ralph Wayne, Plainview restaurateur, will be master of ceremonies.

This year the "Miss Grain Sorghum" committee composed of Bob Anthony, chairman, M. A. Tidwell, Hugo Beyer, Bill Campbell, and Ray Joe Riley, are sponsors of the contest. Seed dealers of this area are paying the expenses of the program.

Competition is open to any girl, at least 16 years of age. Each girl is sponsored by a civic or business organization.

Contestants will be judged on basis of beauty, personality, poise, appearance, and on-the-stage interview. Judges from out-of-town will pick the winner.

New School is Well Underway

Work on the new High School building continues making progress. All the foundations have been completed for the building. Bricking has been finished on the gymnasium and agriculture and industrial arts building. The brick is laid on 50 per cent of the cafeteria. "Work is progressing along on schedule", comments Paul Hilburn, school superintendent.

Plans call for moving to the new High School by Sept. 1, 1963. The building contractor says the construction may be finished in April, 1963.

The eighty thousand square-foot building will have accommodations for 1,000 persons in the auditorium. There will also be an air-conditioned bandroom and cafeteria. Two parking lots provide space for the cars of students, teachers, school officials, and visitors.

Funeral Conducted For J. D. Brooks

Funeral services for J. D. Brooks were conducted, Saturday at 2:30 p.m. in the Church of Christ at Hart with Rev. Glenn Crow, officiating.

Brooks, who lived 4 1/2 miles east of Dimmitt on the Mayfield farm, was killed late Wednesday, Aug. 29 in a two-pickup collision.

Dennis Funeral Home made arrangements for the service and interment in Hart Cemetery.

Brooks was born, Sept. 19, 1912, the son of Mr. and Mrs. Gano Brooks of Ballinger.

He married June 16, 1932 to Gladys Arledge of Tlacid. The couple moved here six years ago from Sheffield.

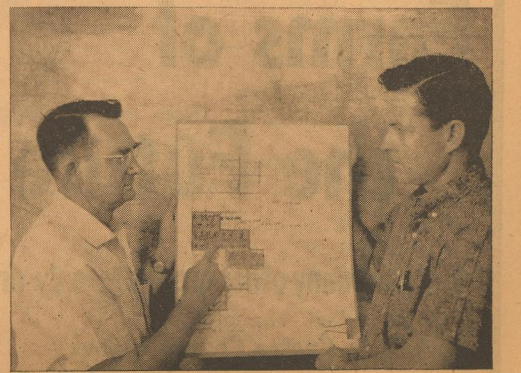

Survivors include his wife, Gladys; four children, Gerald Barnett, Fort Stockton; Mrs. Carol Sue Ferguson, Edna; J. D. Brooks, Jr. and Troy Brooks of Dimmitt; father, Gano Brooks of Brownwood; brother, Troy Brooks, Brownwood; and six grandchildren.

Blow-out Involves Butler In Three Car Collision

A blow out at 7:00 p.m., Thursday in front of the Baptist Church involved Joe Butler, who lives east of Dimmitt, in a collision with two parked cars.

Butler's tire blew out on his 1960 Buick and he hit a parked '59 Pontiac, then the Pontiac hit another parked car, '61 Olds. The Pontiac belonged to Charles Woodall of Plainview, and the '61 Olds belonged to Jack Shelby, Hale Center.

Estimated damage to the three cars was \$600 or \$700.

Castro County with 201,000 acres in grain sorghum ranks tenth in planted acres of grain sorghum. It is second highest in average yield per acre, making it one of the six most important grain sorghum counties in the nation. J. R. Brown, manager of Bruegel & Sons Elevators, and Nolan Chandler, Agricultural Assistant, Grain Sorghum Producers Association, discuss Castro County's forthcoming GSPA membership expansion program in interest of Research, Market Development and Service efforts for grain sorghum.

Bill Webb Seriously Injured In Accident High School Damaged By Vandals During Labor Day Holiday

J.W. (Bill) Webb fell Sunday at his home and suffered a broken hip. He was walking into the garage when the fall occurred.

A Dennis ambulance took him to Northwest Texas Hospital in Amarillo. He is in serious condition and will require surgery, later.

Vandals smashed the windows in the new front doors of the high school with rocks. Also, watermelons were thrown into the swimming pool. Hilburn says, "It will take about \$75 to replace the damaged glass."

Extensive remodeling is being done in the high school building. \$80,000 is being spent on reconditioning the old building. Completion of repairs will be next summer.

The first P.T.A. meeting will be Tuesday, September 18.

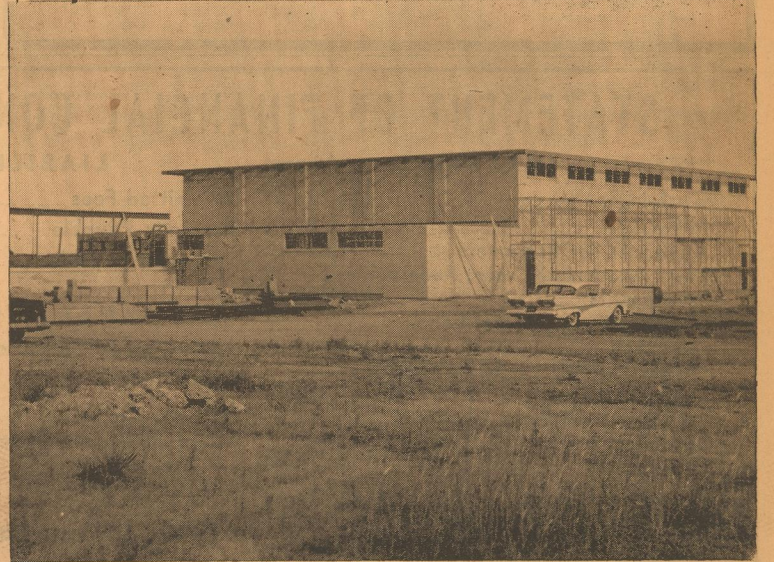

TOUR CARLSBAD CAVERNS Mr. and Mrs. Wade Maynard and Miss Sharon Maynard visited the Carlsbad Cavern in New Mexico during the Labor Day holidays.

OKLAHOMA GUESTS Mr. and Mrs. D.L. Wright and son, Mark of Guymon, Oklahoma visited Mr. Wright's parents, Mr. and Mrs. Dewey Wright and other relatives over the week-end.

CATTELYA ORCHIDS grown by Mr. and Mrs. W. M. Detwiler of the Dodd Community are now in full bloom. Detwiler, who is a blacksmith by trade, and his wife spend many hours planting, watering, fertilizing, and working with the numerous varieties of orchids grown in their greenhouse.

Walter Rogers' WASHINGTON NEWSLETTER

There can never be unilateral disarmament by this country. Anyone advocating such a policy is either mentally unbalanced or seeking the overthrow of our government. I know of no Member of Congress who would give a second thought to a suggestion of unilateral disarmament. They would consider such a suggestion completely and utterly silly. Hence since the affirmative action of the Congress is required before any such action could be taken, it is a foregone conclusion that the fuzzy-headed thinking of a few unrealistic dreamers is not going to have the slightest weight. Documentary proof of this lies in the fact that Congress has just recently passed the largest defense authorization and appropriation bills in our peacetime history. Other outlays have been made in the space program, which will soon become our first line of defense. This means that 60 cents out of every tax dollar going to the Federal government is closely and directly identified with the defense of this country in refining old weapons of war and in building new ones. Add to these figures the costs of past wars for which we are still paying, and we find

that approximately 75 cents of every Federal tax dollar is directly associated with "war." This should prove to the most skeptical that the United States of America is not seeking war but is ready, able and willing to take on any country or group of countries that thinks we are soft. It would do any of these countries well to look at the facts before listening to the talk of some soft-heads. This country has never lowered its guard, nor will it so long as there are aggressors in this world who preach peace and practice conflict.

Man has long looked upon multilateral disarmament of the major powers as the best method of securing the peace of the world. This has been a major concern of every civilization since the Stone Age. It has been the subject of conferences between sovereign powers since the beginning of time. To date, no satisfactory solution has been found, although the conferences and discussions continue. As each new weapon of war has come into being, the problem has become more complex. The advent of nuclear power increased the problems and complexities many thousand-fold. It made necessary a complete re-evaluation of the studies, the research, the coordination of activities and the preparation for management of participation in international negotiations on the subject. In short, it created a situation where the slightest lack of knowledge from a technological or scientific standpoint could spell disaster.

For a number of years, activities and research with relation to disarmament negotiations had been carried out in our government in a rather loose and uncoordinated manner. This method of operation had apparently been satisfactory prior to the coming of nuclear power and hence was continued. However, in the past several years the lack of some basic scientific and technological information on the part of some high officials in this country, due primarily to the uncoordinated efforts of the several agencies and divisions charged with this responsibility, created some very dangerous pitfalls. It was these near-tragic experiences that shocked our government into recognizing the need for absolute coordination of all of our facilities in further negotiating on this age-old issue.

Thus came into being the Arms Control and Disarmament Act, which is an act designed for the purpose of coordinating all phases of these activities under one head, in order to center the responsibility and to avoid any possibility of breaches in security clearance, research and development and all other sensitive areas including scientific and technological activities. Primary purpose of the agency created by this act is to provide the essential scientific, economic, political, military, psychological and technological information upon which realistic arms control and disarmament policy must be based. It does not have the power in any degree to bind this country in the field of disarmament or otherwise contrary to the Constitution and laws of this nation.

In order to doubly assure that there would be no misunderstanding in this particular, several of us in the Congress prepared an amendment and secured its adoption. This amendment specifically spelled out a prohibition against disarmament or arms limitation not approved by the Congress in accordance with the Constitution. Hence, anyone reviewing all of the facts, even the fuzzy-heads, can readily see that the United States of America is continuing the Motto "Don't Tread on Me" and is fully capable of enforcing the warning.

News from the Castro County ASC OFFICE

The wool growers of Castro County are to vote here on marketing promotion. "The referendum of wool and lamb producers coming up in September is to determine their approval or disapproval of a new agreement to continue financing program for wool and lambs," Charley Hill, Office manager and Conservation County Committee, said recently.

He emphasized that the outcome of the referendum will not affect continuation of the wool incentive payment program, which was extended for 4 years under legislation enacted last summer. The advertising, promotional, and related market development activities to enlarge or improve the market for wool and lamb are carried out under terms of an agreement between the Secretary of Agriculture and the American Sheep Producers Council, Inc., as authorized by law.

Under previous agreements approved by wool growers voting in referendums in 1955 and 1959, the deductions from producer wool payments to finance the market-development program have amounted to 1 cent per pound for shorn wool and 55 cents per hundredweight for lambs. Under the new agreement, the deductions cannot exceed these rates.

Ballots will be mailed September 7, to producers in Castro County, and all ballots should be received by September 10. The voting will take place over the 2-week period starting September 10, and all ballots must be received by the ASCS county office not later than September 21 in order to be counted.

Producers eligible to vote in the referendum are all those who have owned sheep or lambs, 6 months of age or older, for any one period of at least 30 days since January 1, 1962. Each producer will report the number of sheep and lambs on his ballot. Approval by producers having at least two-thirds of the volume of production represented by votes in the referendum will be required if the agreement is to be extended.

About Your HEALTH

Over 15 million meals will be served in 20,000 Texas eating establishments this week. If you're average you'll eat at least two of them.

You could go into the vast majority of those restaurants and cafeterias and be assured of getting a wholesome meal—totally oblivious of the fact that you're eating food cooked and served by complete strangers.

How can this be, especially since 26 different diseases can be spread by improperly handled food? Included in the list are such scourges as trichinosis, the deadly botulism, strep infections, and salmonellosis (food poisoning).

There are many reasons of course, but among the main ones are the three-day short course in sanitation conducted by the State Department of Health for persons engaged in food preparation and service. In the past five years, according to official records, thousands of Texans have taken in-

struction. The subject matter, presented in a non-technical, easy-to-understand style with films and demonstrations, covers such essential points as basic bacteriology, insect control and personal hygiene.

One public health instructor from the Department's Division of Public Health Education, assisted by local health officials, will put on a course anywhere in the State on request. Attendance is open to anyone, but usually those who come to the two-hour daily sessions are cafe and cafeteria personnel.

Some cities encourage total participation of all foodhandlers and one city has an ordinance requiring attendance.

When a restaurant employee completes the instruction, he is given a certificate of attendance, signed by the State Health Commissioner and attesting the fact that he has had the course. And when 80 percent of the workers in a food service establishment complete the

course, the restaurant is awarded a placard suitable for framing and display so customers can see the owner has an interest in health protection.

All of which accentuate the importance of the short courses—and of the placard awarded to cafes when they support them. The next time you eat out look for it. It is a pledge to you that the restaurant is interested in your welfare.

The irreplaceable gift of sight is being lost to one American every 20 minutes.

If that figure, estimated by the National Society for the Prevention of Blindness, holds true for all population segments of the nation, it means four Texans are blinded every day.

September is Sight-saving Month throughout the land.

Even as you read this, some man, woman, or child is standing on the brink of permanent darkness, about to join the 392,000 other Americans who are already enduring the bleak enormity of blindness.

What causes blindness? There are two major contributing factors: disease and accidents. Neglect exacerbates both of these.

Blindness brought on through neglect really is no worse than that caused by an accident or disease. But somehow it seems worse. It's so unnecessary.

If all children were given a thorough eye examination prior to entering school for the first time, and if all visual defects were corrected or placed under treatment at that time, a major step in the prevention of blindness in childhood would be taken. One of every four school children are said to need some form of eye care.

But a single examination is not enough. A child grows quickly. His eyes, like every other body organ, are constantly changing. Sometimes the change is for the worse.

At least half of all cases of blindness occurring from year to year could be prevented through use of the sight-saving knowledge at hand. For example, some 300,000 industrial eye injuries occur each year. The mere use of goggles would cut the figure dramatically.

As for disease-caused blindness, modern surgical methods now restore or improve vision in 10 of 20 cases of cataract, the leading cause of blindness in the United States.

When parents or teachers observe a child holding reading matter closer than the normal 14 inches from his face, tilting his head while reading, or constantly blinking, all responsible health and medical authorities agree it should be interpreted as a sign of impending eye trouble.

Other conditions which may indicate eye trouble are crossed eyes, frequent styes and head-eyelids, or persistent watering of either eye.

HOUSEWARMING
"Queen for a Day", was how Mrs. Ethel Womack described her feelings Tuesday evening when approximately twenty-five lady friends surprised her with a housewarming.

Mrs. Womack recently moved into her new home at 719 W. Grant. Mrs. Womack, who had been lured away by a friend arrived home to find a welcoming committee to greet her. On the table, covered with a white linen cloth was a "money tree" centerpiece. The tree was covered with dollar bills tied with pink ribbon. There were silver coins at the base of the tree. The money tree was gift to the honoree from the guests. Refreshments were served by the hostesses who were Mesdames Cletha George, Ruth Wilson, Joe Hastings, E.F. Sadler, E.A. Fuller Willie Waggoner, Dora Houtchens, Roy Haberer.

Bidding Opens for Palo Duro Theater

Board members of the Texas Panhandle Heritage Foundation will meet Thursday afternoon, September 6th to open bids for the construction of the first wing of the amphitheater in the Palo Duro Canyon. They will decide at that meeting to whom to award the contract and how much of the building to construct at this time.

Seven construction companies in the area were invited to submit estimates. They were chosen for their experience in projects of similar size, by the building committee of the Heritage Foundation.

About half of the money is still needed to build the theater and to produce the great drama with music and motion about the heritage and spirit of the Texas Panhandle which is planned for the Palo Duro Canyon. While this money is coming in, construction on the first wing of the theater will proceed. And the awarding of the contract is a giant step.

With the construction of this theater and the presentation of this great historical play with music called a symphonic drama, the Texas Panhandle will join the ranks of areas in the world which tell their stories in such distinguished and exciting ways that visitors and residents who hear them never forget the place or the people or the story.

One of the needs of our time, is to make one place distinguishable from another. The people of the Panhandle have embarked on bills tied with pink ribbon. There were silver coins at the base of the tree. The money tree was gift to the honoree from the guests. Refreshments were served by the hostesses who were Mesdames Cletha George, Ruth Wilson, Joe Hastings, E.F. Sadler, E.A. Fuller Willie Waggoner, Dora Houtchens, Roy Haberer.

this project to advertise and draw people to the Palo Duro Canyon, the distinguished gash which marks our area, with a play about its history which will make both unforgettable.

Other areas which produce such entertainments have enriched their own lives, enchanted their children, and reaped much financial gain from the interest and patronage of the tourists.

The office of the Texas Panhandle Heritage Foundation is now located at 41 16th Street on the Canyon square, Canyon, Texas. The telephone is OLive 5-4272.

LEGAL NOTICES

NOTICE TO BIDDERS

Sealed proposals for constructing approximately 56,780 square feet of concrete alleys will be received by the City of Dimmitt, Texas, at the office of the City Secretary, City Hall, Dimmitt, until 7:30 p.m. Sept. 24, 1962 and then publicly opened and read.

Bidders must submit a bond of five per cent of the total amount of the bid as a guarantee that the bidders will enter into the contract under the conditions set forth within ten (10) days after notice of award of contract. The attention of bidders is called to the special provisions concerning minimum wage rates and hours of employment included in House Bill No. 10 of the Forty-fourth Legislature of the State of Texas. Compliance with the above wage and hour bill is required.

The owner reserves the right to reject any or all bids, to waive informalities and to accept the bid deemed to be the most advantageous to the owner. All bids received after the above closing hour will be returned unopened.

Plans, specifications and contract documents may be inspected or obtained at the office of the City Secretary, City Hall, Dimmitt, or at the office of McMorris & Associates, 6300 Canyon Drive, Amarillo, Texas, upon a deposit of ten (\$10.00) dollars. This deposit will be refunded to each actual bonafide bidder upon return of the documents.

Horseback Trip Taken To Promote Scouting

A meeting tonight at 7:30 at the Plainview High School auditorium will kickoff the Boy Scout annual roundup.

Representatives of all units within the Haynes district, including Cub Scout packs, Boy Scout troops and Explorer posts, are expected to attend.

Tomorrow morning Glenn O'Neal, Haynes district Scout executive, will begin a 300 mile horseback ride from Plainview to each of the 13 towns in the district to help carry out the "From Horses To Rockets" theme of the roundup.

The Haynes district has a seven and one-half county area and a present membership of 1,047. Goal of the roundup which will end Dec. 15 is 400 new Scout members. There are 350 volunteer Scouters and one professional Scouter working with the boys of the district.

O'Neal's trip is expected to take approximately two weeks and he will be camping out each night, showing the outdoor and pioneering spirit of Scouting. In each town he will assist the local Scout recruiting program.

His schedule for the area is Sept. 7, noon, Lockney; evening, Petersburg; Sept. 8, Floydada; Sept. 9, Matador; Sept. 10, Quitaque; Sept. 11, early morning, Silvertown; noon, Tulia; Sept. 13, noon, Dimmitt; evening, Hart; Sept. 14, noon, Olton; 5 p.m. Halfway; Sept. 15, Cotton Center and Hale Center.

Castro County Fair

THURSDAY - FRIDAY - SATURDAY

They will again prove the excellence of Castro County farm and ranch production of crops and livestock

WE ARE PROUD OF OUR cultural and agricultural heritage in Castro County and commend County farmers, homemakers and youth groups for continuing the development and potential productivity of our fine area. The First State Bank of Dimmitt is proud to be a part of a growing agricultural empire. Through diversified farming, irrigation, scientific agricultural practices and continuing improvements of farming methods, Castro County will surely become, more than ever, "The Garden Spot of Texas". The County Fair of 1962 will bear this out.

AS A FINANCIAL INSTITUTION it gives us pleasure to feel that we have had a part in the progress and development of our town and county. We have seen Castro County grow in the last decade at a rate unparalleled in the history of the Plains Country. The population of Castro County has exceeded all expectations of the founders of The First State Bank. The agricultural produce has reached heights we never expected. The First State Bank has come a long way with Castro County and its citizens. And we hope this is only the threshold of an even finer future. Visit the fair, see the exhibits, and you'll know why Castro County is one of the best farm and ranch areas of the High Plains.

The First State Bank of Dimmitt

Senator Culp Krueger of El Campo, a newspaper publisher and radio station owner, is planning to "put the big pot in the little one" sure-enough when he becomes Governor-for-a-Day on September 8.

Krueger not only is inviting all his friends and neighbors to help him celebrate the event at El Campo, but he is bringing a lot of state officials to show his hometown folks how government works.

At least a dozen state boards will have their September meetings in El Campo. For example, the State Highway Commission will be on hand to explain why by-pass loop highways are good for small towns.

Theme of the state agency meetings and exhibits will be "Program of Progress for the Small Towns of Texas."

Senator Krueger's aim is to show that rural districts like his can be, and are being, helped by the state government.

He has drawn fire from a colleague, Sen. Doyle Willis of Fort Worth, for having a lot of state officials and employees make the trek to El Campo for the day. But he's going ahead with his plans, and many state agencies are cooperating.

WHAT'S AN INDUSTRY? School Land Board is going to have to decide before long what the Legislature meant when it said state-owned lands and submerged lands along the inland waters of Texas could be leased by the Land Board for "industrial purposes" only.

For example, Port Aransas wants to lease some state land for a city airport. Is that an "industrial" use?

Land Commissioner Jerry Sadler, chairman of the board, thinks it is. He wants to give a liberal interpretation to the term.

A study of the law by the Attorney General's department has provided no judicial interpretations by Texas courts of the term "industrial." But they can take their choice from courts of other states. There the interpretations range from "manufacturing only" to one case where the courts held

that rice farming was an industrial activity.

CONVENTION TIME—Democratic and Republican leaders are busy planning their state party conventions to be held on September 18. Republicans meet in Fort Worth, Democrats meet in El Paso.

For the first time in many years careful attention is being paid to the party platforms.

Two big endorsements given to John Connally, the Democratic nominee for governor, hinge on what the platform says. The State AFL-CIO and Political Association of Spanish-Speaking Organizations both want to make sure the platform is not in opposition to some of their hoped-for legislation before their endorsements take effect.

Because many Texans remain undecided, both parties hope to gain votes by what they say in their platforms. But the problem is the same as usual. They have to keep the friends they now have, while trying to attract new ones.

So, the careful, slow and demanding process of democracy goes on and on.

BRIBERY?—Headlines told of possible pay-offs to former Texas Railroad Commission Officials working in the East Texas Field as the House General Investigating Committee delved into the crooked-hole scandal at public hearings.

Legislators headed by Rep. Charles Ballman of Borger are trying to find out what new laws are needed to stop such things. They have found that it is not a violation of criminal law to ignore Railroad Commission regulations by taking oil from under a neighbor's lease. It is merely a civil offense for which the state can try to collect \$1,000 a day for each day of violation.

Theft is of course against the law. Federal law prohibits the transportation in interstate commerce of illegally-produced oil. But even that is a fine legal point in this situation.

Bribery is an offense, but hard to prove. Reports to the Railroad Commission must be sworn to, but in the land and insurance scandals the courts held that if the notary public didn't make the swearer hold up his hand and take an oath, it was not false swearing.

Attorneys for some of the oil operators laid a predicate as a defense against possible contempt charges growing out of perjury or failure of some witness to appear, by contending that the investigating committee was illegal. Argument is based on the fact that three of its five members did not run for re-election to the House.

Atty. Gen. Will Wilson, who headed the investigation, explained the legal short-comings to the committee. Previously, he had briefed district attorneys in counties

in which crooked-hole drilling has been found.

So grand jury action may be expected next in this scandal which may make peanuts out of the Billie Sol Estes affair.

ANOTHER PARK—The poverty-stricken State Parks system, which doesn't have enough money to hire someone to pick up paper in some of its parks, is getting two more huge park areas. It will not be able to develop them unless the Legislature loosens the purse-strings.

International Boundary and Water Commission, which is building a huge new reservoir on the Rio Grande near Del Rio, notified the Parks Board that it will give a 550-acre tract for a state park.

Parks Board has hopes of getting 2,700 acres on Dam "B" in the Piney Woods country from the U.S. Army Corps of Engineers. It wants to develop seven camping and boating areas around Dam "B" and called Town Bluff State Park. Name comes from a town that was once the port through which supplies came to Tyler County before the railroads arrived.

SEWER PLANT GRANTS—A total of \$3,200,000 in Federal grants to 46 Texas cities to improve their sewage disposal plants will be parceled out by the State Health Department and the Texas Water Pollution Control Board early this month.

Congress has stepped up its efforts to help cities obtain health-protecting sewer systems. Federal grants, a maximum of 30 per cent of the cost, go up to \$250,000.

SALTY WATER—Further supervision over oil operators was announced by the Texas Water Commission. It ruled that oilmen must get its approval before they inject salt water back into reservoirs from which it came.

Notice was given during hearings before the Railroad Commission at which oil operators asked permission to use oil wells for salt-water injection. Earlier, the Railroad Commission, informed by water people that oilfield salt-water disposal-pits were polluting the Colorado River, ordered oilmen to quit using the pits.

But Chief Engineer John Vandertulip said the water situation would not be improved if wells used to send the salt water deep underground had poor or faulty casings. He insisted that wells be checked to make sure the cure for one kind of pollution does not cause other types.

The Colorado River Municipal Water District, composed of Odessa, Snyder and Big Spring, joined in the questions. It has been forced to delay construction of another reservoir on the Colorado because the water in that area is so salty.

TEACHERS' NEST EGG— If teacher comes back to school smiling, it might be because she and the other 180,000 school and college faculties and employees have more than half a billion dollars in the bank.

The state's teacher retirement fund ended its 25th year with \$552,000,000 invested in stocks and bonds.

Investments are now advised by a group of leading bankers and investment experts. The Chase Manhattan Bank of New York is hired to advise on investments. Income from investments was almost \$17,000,000 this year—enough to pay the retirement benefits to the 13,000 teachers or their survivors who are collecting from the fund. This year, 1,229 more retired.

The teacher retirement fund is larger than either the permanent school fund or the university permanent fund.

SLANT-HOLES AND LOOP-HOLES Atty. Gen. Will Wilson says that in many cases present laws against false swearing on official documents "will not support prosecution," due to their weaknesses.

Wilson's conclusions were reached as a result of investigation of East Texas slant-hole drilling. In some cases, he says, false affidavits came from as many as four different expert sources to the effect that crooked wells actually were straight.

The Attorney General says that definite proof of the false swearing offense is difficult because the notary public who signed the oath often is an employee of the accused person.

"JUST SUPPOSIN"—Most popular game today, among employees under the Capitol dome, is "just supposin" what would happen if Texans elect a Republican governor.

Would it mean filling appointive state offices and boards with Republicans and giving the GOP preponderance in state government?

Most "political experts" warn that the Cox bid in November must be taken seriously. Decision to "ride the fence" until after the November election is being heard more frequently. This, from longtime employees as well as some members of the Senate and House who also are being realistic about the strength of the Cox following in their home-districts.

LBJ TEACHER—Vice President Lyndon B. Johnson can always go back to teaching school. J. W. Edgar, Texas Commissioner of Education, has presented him with a lifetime certificate to teach in either elementary or high school.

Johnson started teaching grade school in Cotulla, and later taught high school at Houston.

SPECIAL SESSION TALKED—Gov. P. rice Daniel has agreed to discuss the possibility of a special session of the legislature with the head of a House committee investigating slanted oil wells.

Rep. Charles Ballman of Borger, chairman of the House General Investigating Committee, has asked the Governor for a conference to discuss a possible special session.

However, the governor pointed out to Ballman that he already has authorized the Railroad Commission to use additional available funds from present appropriations to continue the commission's work in the slant-hole probe.

Other state officials gave little support to the House committee's request for a special session.

W. J. Murray, Railroad Commission Chairman, said "if we tried to pass any new laws now we wouldn't know where the loopholes are."

Atty. Gen. Will Wilson said he would have to confer with the Railroad Commission to determine if regulation can be handled under the present rule-making powers, "before I would say a special session is necessary."

NEW CAR INSURANCE PLAN—Sen. Grady Hazlewod of Amarillo, whose heading led the State Board of Insurance to abandon the safe driving plan of auto insurance, says he will try next year to pass a new law on the subject.

He wants the board to take insurance company profits into account in setting insurance rates.

Presently, the Board takes losses and expenses into account, then allows the companies five per cent for taxes and profits.

James Cotten of Weatherford, who is likely to head the House Appropriations Committee for a second term starting next year, is gunning for the Commission on Higher Education.

He thinks it is playing politics by recommending the creation of so many new state colleges.

Commission has urged that four colleges be taken into the state system. Legislature accepted two of them, added two more on its own, and has two more requests pending.

Dogs Urged To Enter Fair Parade

"Every dog has his day", and in Dimmitt and Castro County that day will be September 8 when everyone turns out for the annual fair and parade. The dogs will have their spot in the parade as in years past. They and their owners should come to the front of the Methodist Church where they will join the parade which starts at 2:00 p.m. and when the parade is over the dogs will stop on the east side of the courthouse square where they will be judged. No dog can enter the show who has an owner who is over 16 years of

age. Each dog must bring his owner with him and the owner must hold the dog's leash at all times. There will be no discrimination because of fleas, color, breed, pedigree, or political affiliations. There are no pre-entry requirements, though a dog who defleas himself before the show would be considered to be a very discrete dog, according to Edd McLeroy, who will be in charge of the dog show again this year.

The dogs will be judged at 2:30 on Saturday right after the parade. The categories this year are as follows:

1. Best dog and child combination.
2. Smallest dog over one year of

3. Largest dog over one year of age.
4. Dog with most unknown ancestry.
5. Dog with the most spots.
6. Best purebred.
7. Best dressed.

No dog should plan to enter more than two of the classifications above. Each dog should do his best to get his owner to groom him for the big day. According to Mr. McLeroy, each dog stands a good chance of winning a prize or a ribbon and should do his best to get his owner to enter him.

Mr. and Mrs. Paul Stanford of Albuquerque, N.M., were here last weekend to visit his parents, the Rev. and Mrs. E. Lee Stanford. They also visited her parents at Abernathy.

RETURNS HOME Mr. and Mrs. Earl Harrison and Mr. and Mrs. Olen Rice returned recently from a vacation to Ruidoso, N.M.

NOBLES RETURN Mr. and Mrs. Ester Noble returned home, Sunday from a vacation trip to Mesquite where they visited their daughter, Mrs. Norma Jo Wilhelm and family, and son, Don L. Noble and family of Texas City.

AARON ISAACS, Manager

Senator YARBOROUGH'S REPORT

Dear Fellow Texan:

Of the 50 states in the Union, only five still charge admission to the voting booth. Only five demand a poll tax. Texas is one of the five. The others are Arkansas, Alabama, Mississippi and Virginia.

I co-sponsored a Resolution that, if adopted, will make it possible for the people of this country to do away with the poll tax once and for all.

This proposed amendment to the Constitution was passed last March by the U.S. Senate, and it passed the House on August 27th, with 163 Democrats and 132 Republicans voting in favor of it.

If 38 of the 50 state legislatures ratify this proposed amendment, no poll tax will be required in Federal elections. Of course, I look forward to the day when the poll tax will also be outlawed in State elections. But our proposed amendment applies only to federal elections — elections of the President, Vice-President, U. S. Senators and Representatives.

Fellow Texan, the road to the ballot box should be a freeway — not a toll road. I hope that the Lone Star State will be the first state to ratify this amendment to the Constitution — this amendment in favor of the rights of man.

We have passed the halfway mark of the 20th century. The time has come to treat the right to vote as one of the great democratic rights of Western man, like the rights to freedom of speech, freedom of religious worship and freedom of the press.

This new amendment, if ratified by three-fourths of the states, would not apply to elections for state, county, city, school district, or any other local office. That would be a state matter. But I believe the people of Texas will follow through and do away with the poll tax altogether in their state elections if we adopt this national amendment to do away with the poll tax as a prerequisite for voting in national elections.

Texas voters showed in the state Democratic and Republican primaries this year that they oppose the poll tax. Both Democrats and Republicans oppose it in Texas. Anybody who ever tried to sell a poll tax in Texas knows that

Water District Seeks Income Tax Deduction

The main brief in the ground-water depletion case, styled Marvin Shurbet, et us x, v. The United States of America, was filed on August 6th with the U.S. District Court in Amarillo, Texas. The suit is being sponsored as a test case by the High Plains Underground Water Conservation District.

On August 27th, attorneys for the Water District filed with the Court what they term a "reply brief." This brief is a reply to the Government's main brief.

The suit seeks to establish ground water in the Southern High Plains of Texas as a depletable natural resource within the definition of the term as used in the Federal Internal Revenue Service's tax code.

Should the Court rule in favor of Shurbet, and such ruling is upheld on appeal, then he and other ground water owners throughout the area will qualify for a federal income-tax deduction during those years when a decline in ground water levels is experienced. Only those who can show a cost in their water and who are using the water to produce income would be eligible.

The Water District will make public additional information concerning progress of the case as developments become known.

cost is a genuine barbed-wire barricade between the voter and the voting booth. To people who don't have much income, a dollar and a half for a poll tax is hard to come by. When the children need a doctor, or medicine, or bread and milk, you have to put their needs first, even if it means sacrificing a measure of your freedom . . . of your right to vote.

As far as the principle is concerned, it is just as unfair to draw the line on the right to vote at the \$1.50 mark as it would be unfair to impose other property qualifications for voting.

Some people say the poll tax keeps only a few people from voting, so it should not be taken seriously. That's not true. Suppose, Fellow Texan, you applied that false theory to freedom of religion, and said, "Nobody can pray unless he gets a permit from the government." The theory wouldn't stand up, would it? No. The poll tax is a shackle on full citizenship, and I hope the new amendment is ratified as soon as possible and that this barrier is swept away as a shackle and a servitude of the past.

Every right to vote, every human right is of the greatest importance and these human rights are on the march.

Computer Answers By Telephone

Bookkeepers beware! Computers' brain power is being developed to a high degree. Laboring over ledgers may soon be turned over to electronic brains, who have learned to talk to each other on the telephone.

This talking process is the development of system known as digital data communications. This system has far-reaching implications for industry, and government, the military, and even family living.

Detailed accounting and technical data from separated branches can be brought to a central point commented Albert O. Berglund, digital sales manager of Hallcrafters Co.

In a few years, a housewife may be able to pay a monthly bill by inserting a punched card into a slot on the telephone.

Such a system will relay information and receive instructions almost instantly from another electronic brain in a tracking station miles away.

Fantastic as all this may seem the communications industry has already developed into a multi-billion-dollar business.

Businessmen in New York City now can rang their Los Angeles offices to set up a telephone circuit linking two computers a continent apart with the ease of making a long distance call.

Only minutes away, the electronic brains will exchange their data without human help other than dialing the connection. Soon automatic dialing systems may even eliminate this function.

The system's key is development of equipment that transforms higher frequency signals from digital computers and other machines into the lower voice level frequencies that telephone wires were designed for.

Berglund said it is possible to use such communications as radio, microwaves, and even the telstar satellite. Telephone lines are likely to be preferred, since they are already in existence and more economical.

There are an estimated 6,000 firms, who have data terminals, and Berglund predicts the total will reach 100,000 by 1965.

At present, digital data sets permit for communications 24,000 letters or numbers per minute, corresponding to more than 10 type-written pages of information.

This transmitting speed sharply reduces the cost of filing, keeping books, and expediting transactions. Berglund cautioned firms not to fire their bookkeepers. Humans will always be needed to run machines.

Local Pastors Celebrate Third Anniversary Here

Special anniversary services will be conducted, Sunday at the Assembly of God Church. Miss Nola Stout and Miss Elliott will be celebrating their third anniversary as pastors of the church here.

Former pastors, Rev. Joe Eradley of Odessa and Rev. D.E. Buchanan of Lubbock are the featured speakers for the 11:00 a.m. and 2:30 p.m. services, respectively. A fellowship dinner will be served at noon in the South Grade School cafeteria. The Botsford Trio from Hugoton, Kansas will sing and speak in the 7:00 p.m. service, Sunday.

Former Sunday School members who have moved from Dimmitt have been invited. The pastors invite everyone to attend. A record-breaking attendance is expected, according to the pastors.

SORGHUM INCREASES

Has your net income from production of grain sorghum increased in recent years? The Grain Sorghum Producers Association has been working toward this goal. You can assist in these efforts with a pledge of two pounds per thousand from your grain deliveries at local Floyd County elevators. Have you signed your pledge yet?

GRAIN SORGHUM PRODUCERS

Nineteen million tons of feed grains was shipped into the four grain deficit states of Florida, Alabama, Mississippi, and Georgia this year. This is a larger amount of feed grain than was exported from the U.S. into the foreign markets throughout the rest of the world which took only thirteen million tons. One-fourth of all Floyd County grain sorghum production moved into the world market, yet not one single load moved into this southeast area of the United States. Shall we continue indefinitely to leave 30 per cent of our sorghum acres idle — one third of our elevators empty or shall we join together and develop this and other potential markets in order to produce and handle grain to our full capacity.

Local Women Make Scrapbook For ASC Contest

Mrs. Ray Bearden and Mrs. W. E. Heath, ASCS employees are submitting their 1962 ASCS scrapbook in the TASCOC Convention Scrapbook contest. The contest is sponsored by Texas Association of ASCS County Office Employees and will be Saturday in the Gunter Hotel in San Antonio.

Honey-colored leather with five narrow lines of gold border and gold embossed letters, ASCS, make the cover used for the scrapbook.

The first page design is state of Texas in brown construction paper with a colored picture of Castro County Committee mounted in the middle of the design. Location of Dimmitt is shown with a gold star.

Contents of the scrap book contains information of ASCS office manager to farmers as published in newspapers and newsletters pertaining to the agriculture program. Pictures included in the book are County Committee, ASCS Committee, office employees, and farms in Castro County. Newspaper clippings and pictures taken from Castro County News, Hart Beat, Amarillo-Globe Times, and Plains Farmer were also included. Cartoons concerning farms and farm life completed the contents. Clippings and pictures are mounted on brown construction paper and bordered with gold ink.

Last year, the ASCS 1962 scrapbook from Dimmitt won first place award among 165 entrants. Castro County ASCS office received a first place plaque made in the shape of Texas. Presently, the scrapbook is being viewed by Washington officials in Mississippi.

Judging of the scrapbooks is based on attractiveness, and neatness, and number of publicity item concerning programs carried out in Castro County.

Mrs. Perle Beck is visiting her sons, Frank and Kelley Beck and families at Compton and Green Valley Lake, California.

MRS. CARRUTH RETURNS HOME

Mrs. J.G. Carruth has returned home after an extensive visit with friends and relatives. She attended the 50th wedding anniversary of Mr. and Mrs. L.E. Clay at Shamrock, visited her sister, Mrs. M.D. Ware at Mobeetie, attended a family reunion of the Wooten family at Lone Wolf, Oklahoma and visited Mr. and Mrs. Richard Wooten at Vinita, Okla.

DESIGNING AND CONSTRUCTING THE ASC SCRAPBOOK for judging in the Texas Association of ASC County Office Employees contest in San Antonio is Mrs. Loudeen Heath (left) and Mrs. Lottie Bearden. The honey-colored leather scrapbook contains facts and photographs from the Castro County News and other newspapers displaying Texas Panhandle Agriculture in the Castro County area. Last year the two ladies submitted a scrapbook which won first place in the annual contest.

Dimmitt Book Club

Reviews Popular Novel

Dimmitt Book Club will have their first meeting of the fall, Wednesday, Sept. 12 at 4:00 p.m. in the Community Room of the First National Bank.

Mrs. Howard Lynch of Amarillo, will review "The Sound of Bow Bells," best seller from the pen of Joseph Weideman. He is also the author of Broadway's stage hit, "I Can Get It For You Wholesale."

The time sequence of the novel is twenty-four hours in the life of a young magazine writer, Lou Silver. "The story leads to a smashing climax that leaves the audience or reader breathless," explains Mrs. Lynch.

OFFICIAL PUBLICATION OF DIMMITT HIGH SCHOOL STUDENTS

NUMBER 1

College Bound

by Ina Messenger

In most crowds, a college student distinguishes himself from the majority, mostly by his keen sense of dressing to meet the occasion. Some time itis sunglasses during the winter and white sneakers during the rain. These distinguished people are accustomed to this life, but there is always a steady flow of newcomers who must make a drastic change from simplified high school life to a much different college life.

Among this group are our "1962" seniors. Of these the "wine, women and song trio," Steve Wesson, Gerald Summers, and Charles Allen (Chuck) Youts are going to Texas Tech.

Girls going to Tech are Beth Beecher, Judy Bock, Sue Chaney, Martha Taylor, Rubye Clinging-smith, and are accompanied by several husky, and in most cases, career minded gentlemen. Mike Goodwin, Aaron Hutto (who went to A and M this summer and is going to Tech this fall), and Tom Garza.

South Plains College is preparing their staff to meet about three graduates. They are J.D. Cogburn and Janice Nelson who expect to attend there. K.A. Cates will work at fulfilling his year scholarship in basketball.

L.D. Neumayer is planning to attend Sul Ross in Alpine.

Sandra McColumn and Dwight Cathy are going to attend Abilene Christian College, Abilene.

Closer to home, Wayland College will be attended by Linda Harlan, Ernestine Waggoner, Marvalyne Durham, and Doris McDermitt.

Sharon Corica, Dean Lilley, Sharon Morrison, and Scott Martin are moving North where their time will be spent in West Texas State, Canyon.

Some of the "1962" seniors went to summer school, and some attended Tech. Those in summer school at Tech were Sheri Walker, Zandra Singer, Chuck Youts, and Steve Wesson. Among the students attending West Texas State summer school were Laurel Ivey, and Mac Strother.

Around The Campus—

by Lynda Dodd

That time is here again. Horns tooting, girls yelling, lockers clanging, bells ringing, good friends together again. Yes, it is that time but, as we look around we notice a few changes. We are sure everyone has noticed all the changes made on our building this summer, the tiled walls, the new ceilings and lights, and the Tax Office and Superintendent's office being changed into a classroom. Oh, yes, we now have cold water up stairs. That's right, four new water coolers. We also have a new intercom system so the office girls no longer have to be track stars.

To go along with our partially new building we have two new teachers, Mr. David Huddleston and Mrs. Ed Delozier. But wait! Oh, I see Miss Williams changed her name this summer to Mrs. Delozier. Mr. Huddleston will take Miss Hampton's place teaching Algebra I. I feel that Miss Hampton's students will miss her this year.

Another face missed this year is Susan Youts. Susan is going to school in Waco this year.

What was that? Oh, it was just Miss Littlepage. She seems to be overjoyed over the fact that George Wall will be taking all the pictures for the annual this year. There are some other changes in Miss Littlepages' class this year. It seems that she has a boy editor for the annual and a girl sports write for the newspaper. They are Gary Morrison and Gaynell Tate. Cheryl Walker was voted editor of the Bobcat Tales, we feel they will all do a very fine job.

Tooting, yelling, running, studying, grading papers, the band, cheerleaders, football boys, students, and faculty are all back into the swing again because—IT'S THAT TIME AGAIN.

Senior Rings Are Here

New Senior Rings have arrived! "My office was a busy place Tuesday afternoon when the rings arrived", Alvis Fuquay, principal said.

1963 Senior rings have a purple stone in center, a picture of the school's mascot, a Bobcat head, on one side and our state flag, nation flag, the Alamo and a star on the other. These rings were standardized in 1961.

Cheerleading Activities Now In Full Swing

Cheerleading activities are now well underway in Dimmitt High School according to James W. Bates, sponsor.

Cheerleaders this year are: Kaye Williams, junior; Janis Moore, sophomore; Ina Messenger, senior; Lynda Dodd, senior and head cheerleader; Sharon Odom, senior; and Driscilla Dehtan, senior.

Cheerleaders this year attended cheerleading school in Wichita Falls, June 18-22.

New Uniforms are white pleated skirts with purple insets accented with purple shoes and white wool sweaters.

PeP Club uniforms are purple pleated skirts and white sweaters. Material for pep club uniforms is obtainable at Mannings.

"We urge all students to sign up for pep club activities," Bates emphasized.

First Faculty Meeting Conducted Monday

by Carolyn Holcomb

"Education is important in the eyes of the American public, however, there is a lack of desire for American people wanting to pay for a better educational program," Paul Hilburn, superintendent, told his faculty members at a general teachers' meeting in the library Monday.

His proof was: in 1959-60 school year, cost was \$341 on the national average per student. The same year, the average cost per student in Dimmitt was \$314. In 1959-60 school year there were 1.5 million teachers in United States with 35 million students out of a population of approximately 42 million school-age people. Accordingly, in 1960-70, there will be 2.3 million teachers with an average cost of \$720 per student. With 2.3 million teachers, there will be 47 million out of a population of 55 million school age people.

He added that the progress of knowledge is at an all time high. The amount of technical knowledge of people of the world more than doubled from 1900 to 1950 over from the beginning of time to 1900. This amount of knowledge doubled again from 1950 to 1960 and is expected to double itself between 1960 and 1970.

After his discussion, coffee and donuts were served.

Personality of the Week

by James Rials

Gather around, children, and you shall hear, not of Paul Revere, but of the modern George Washington, Jim Axe.

Jim was born November 19, 1945, in Hereford. From that day he has grown to the height of 5 feet, 9 inches and has brown eyes and brown hair.

His favorites are:
Color - blue
Car - Chevrolet
Food - steak
Movie - Alamo
Actor - John Wayne
Actress - Doris Day
Singer - Hank Snow
Song - Mexico

Jim who is vice-president of the Student Council, says his hobby is football.

Future Homemakers of America is a national organization of pupils who are studying homemaking in the schools of the United States and Territories. "It offers an opportunity for each pupil's development in planning and carrying out the homemaking activities," Mrs. Joanne Snider, one of Dimmitt's F.H.A. sponsors emphasized. "It also promotes better home life for the members of their families," Mrs. Estella Hottel, Home Economics instructor added.

F.H.A. Officers for this year are: President - Mary Graham Vice-President - Georgene Blanton Treasurer - Lou Ann Hays Secretary - Danelle Crowley Parliamentarian - LaDawn Kemp Song Leader - Carolyn Godfrey Pianist - Jane Cleavenger Reporter - Ina Messenger.

1960 GRADUATES HAVE REUNION

The graduates of 1960 had their first reunion Saturday in the community room of the First State Bank of Dimmitt.

A meeting was conducted by the senior class president, Carlos Barnes. The members present voted to have a meeting every year and a class reunion every 5 years.

Each member present told of his life following graduation, and news was exchanged about members who could not attend.

Ice cream and cookies were served while old times were discussed.

Attending the reunion were: Aundrea and George Frye Carole and Ronnie Farris Nancy and Arvel English Verna and Houston Frye Hal and Charolotte Ratcliff Deryle and Jim Palmer Ted and Cheryl Collins James and Darrene Collins Jody Atkins Mona Del Hunter Linda Minchew Diane Smith Earlyne Vaughan Lanelle Blanton and Gary Werbenberger Ruthella DiCuffa Joe Burkett Clint Smithson Pat Brockman Carlos Barnes Mrs. Inez Robinson, class sponsor.

Greta Nelson Entertains

by Kitty Robinson

Birthdays? Going away? Lonesome? Well, have a party! One student at Dimmitt High School entertaining recently is Greta Nelson who had a "come-as-you-are party, Monday. Those attending were Carolyn Godfrey, Mary Graham, Georgene Blanton, Shari Willis, Sharon Thomas, Gaynell Tate, Lynda Dodd, Linda McColum, Sue Boothe, Sandra Shreck, Linda Shreck, Ricki Goodwin, Suzie Davis, Pat Moran, Driscilla Dehtan, Jane Cleavenger, Ina Messenger, Nancy Hays, and La Dawn Kemp. The girls rode around paid a short visit to the Dimmitt Recreation club. Next they went to Greta's home where they ate and played records.

Mrs. Robinson Takes A&M Physics Course

by Kitty Robinson

Dimmitt High School's science teacher, Mrs. Inez Robinson, acquired among knowledge in her physics class this summer at A & M, the nickname "coed".

"I learned some new physics principles which I am trying to pass on to my students", the teacher pointed out.

Dimmitt High School students will now receive some new scientific material because of Mrs. Robinson's summer studies.

New Leaders Elected For Lyre Club

by Gary Morrison

New Lyre Club officers elected last spring for the 1962-63 school year are President, Carolyn Godfrey, vice-president; Georgene Blanton; Secretary; Nancy Carol Hays; and Reporter; Gary Morrison.

Purposes of the Lyre Club are to plan and give the Band banquet, to keep up morale and spirit, and to set an example for the Bobcat Band. New members are selected for leadership, character, and scholastic ability.

A letter is written to the club by the individual seeking membership stating why he wants to be in the Lyre Club.

Maximum membership is forty.

CAMPUS CHAT

BY Carolyn Godfrey

After short months of summer, we came back to an old school that is made new by remodeling. Not only were the freshmen confused on where to go, but it seemed that the upper classes were also having a hard time finding classes.

School seems never complete without the hurry and scurry of band rehearsals. At least there seemed to be plenty of excitement Thursday night. Mary Graham and Kent Gabel reported that they were having quite a time staying out of the middle of the street!

The old steadies, Carlanne Calvert and Gary Morrison, Nancy Hays and Kent Hance also rode around Thursday night.

Friday seemed also a busy night in Little "D". Don Moke and Arlene Reed, Gayle Elder and Jim Ratcliff, Valeria Milsap and Gary Calhoun, also "dragged main." Ina Messenger and Jacky Nichols reported they had a discussion at her house.

Michael Calvert was with Judy Mooney Friday and Saturday nights.

Jane Cleavenger says Hereford seems to have interesting personalities Tuesdays. Those making the noise Saturday night at the show were Georgene Blanton, Valeria Milsap and Carolyn Godfrey.

Suzanne Dickey and Dwight Cathy, Lynda Dodd and Jimmy Campbell attended the show Saturday night.

Robert McLean is going to military school this year.

Ginger Kemp and Dennis Lytle reported accompanying each other to class recently.

Nancy Hays says she had wonderful weekend at Waco visiting Susan Youts and her family. She said Susan is having quite a time getting to know her neighbors in Waco.

Larry Scoggin has been taking care of Eva Giles quite well! Could this be a lasting romance? Mack Thompson and Kay Williams, Deborah Buckmaster and Darless Goolsby were together Sunday afternoon and Sunday night.

Student Senate News—

by Georgene Blanton

Student Senate members met for the first time Wednesday, August 29, for the purpose of organizing the student government for this year.

Student body president, Mike Burkett, presided, and the organizing began by electing officers. The job of recording secretary is handled by Linda Schreck, and Georgene Blanton will be corresponding secretary. Nancy Hays is reporter. Handling the financial affairs will be Roy Battles, who was elected treasurer.

Student Senate members for this year are, Bobby Lindsey, Bob Bradford, Jan Willis, and Donna Summers as freshman representatives. Steve Hutton, Gary Winkle, Linda Schreck, and Linda McColum will represent the sophomore LaDawn Kemp, Jacky Nichols, Larry Scoggin, Nancy Hays, and vice-president, Jim Axe, are junior representatives, and Georgene Blanton, Michael Calvert, Ovis Spencer, Roy Battles, and president, Mike Burkett, are senior representatives.

S.T. Newman is the Student Senate sponsor.

BEWARE OF THE SILENT SPY!

by Cheryl Walker

No more talking, eraser throwing, or general rucus is advisable when the teacher leaves the room. This is due to a new friend of the detention board, commonly called an intercom system.

Cold water, tile wainscot, acoustical ceiling, and new light fixtures are just a few of the improvements on the high school building which mark the beginning of another school year.

On behalf of the school body the Bobcat Tales wish to express thanks to the carpenters, plumbers, electricians, tile setters, painters, and everyone connected with remodeling the old school building.

We especially wish to thank the school board and tax payers for making it possible.

REMEMBER! Your parents are paying for this remodeling and any damage which may follow-like holes in windows. Keeping it in good condition could mean an increase in your allowance.

Each student should make a point to keep it ship shape for the ones who follow. Leave them a building to be as proud of as we are.

South Grade School News—

by Glenda Minchew

August 8, 1945 was the day of a joyous event. Driscilla Dehtan was brought into this world. Driscilla begin her life in Atlas, Oklahoma, and later moved to Childress, then in 1961 she came to Dimmitt.

Driscilla says John Wayne and Sandra Dee are her favorites of the movie world. Among her favorite movies, "Gone With The Wind" rates tops.

Driscilla really gets in the using of things when she hears Bobby Vee and Connie Francis sing. If you are around Driscilla you may hear her humming "Theme From Dr. Kildare," her favorite song.

Don't be alarmed if you hear Driscilla yelling at the top of her lungs, she is only practicing cheerleading. Driscilla is one of our cheerleaders this year and she practices in her spare time.

During her Junior year she was Pep Club and choir reporter, a member of the annual staff, FTA, FHA, and the National Honor Society. She was elected "Most Likely to Succeed" by the Junior Class.

After graduation Driscilla plans to attend Hardin-Simmons University.

Band News—

by Georgene Blanton

Dimmitt Bobcat Band has begun preparation for another marching season. The 117-piece band is busy memorizing new music for half-time shows and football game entertainment.

Ralph Smith, Bobcat Band director for more than eight years is again shaping the band into a marching form. Gary Morrison is band pres. Kent Gable assists him as vice-president. Mary Graham was elected as secretary-treasurer, and Georgene Blanton is reporter.

The marching 88 students will perform at the Canyon game Friday night, and will lead the Dimmitt Fair Parade Saturday.

Donna Beyer Wins Farm Bureau Contest

Queen of the Castro County Farm Bureau of 1962-63 is Donna Beyer of Dimmitt, who was selected from ten contestants in formal evening wear.

The contest was staged in the South Grade School Cafeteria. Mrs. Roy Lowe and Mrs. Keith Howard played accompanying music. A quartet from Summerfield sang while the panel of three judges made their decisions.

Miss Beyer's dress was a floor length blue net accented with pink roses and pink gloves.

Miss Beyer, who will attend Texas Tech in the fall, succeeded Deborah Buckmaster, daughter of Mr. and Mrs. T.S. Buckmaster, as queen.

Donna will represent Castro County in the Regional contest in Lubbock in September.

Named as runner-up was Georgene Hughes, daughter of Mr. and Mrs. George Hughes of Dimmitt. Georgene is a 1961 graduate of Dimmitt High School and is now attending Texas Tech.

Each contestant was required to talk approximately three minutes on "Why I am glad my family is in Farm Bureau."

Local Boys Get F.F.A. Honors

By Jerry Morris

Lone Star Farmer Degrees were presented to four Dimmitt High School students this summer at the annual Future Farmers State Convention in Fort Worth.

Degrees were awarded to Kent Gable, Jimmie DiCuffa, and Tom Moss. Aaron Hutto, who also received the honorary degree, was unable to attend.

Dimmitt boys were accompanied by Jim Dowdy, Future Farmers advisor.

Basis of the Lone Star Award is on scholastic ability, agricultural projects, and general progress in FFA.

Gardner, USN, Serves In Riptide III

John D. Gardner, seaman, USN, son of Mr. and Mrs. J.C. Gardner of Dimmitt, Texas, is serving aboard the nuclear-powered attack aircraft carrier USA Enterprise, a unit of the Second Fleet and the North Atlantic Treaty Organization (NATO) striking force which participated in a special exercise "Riptide III," August 17-20, in the Eastern Atlantic.

The unit joined more than 40 other ships, together with aircraft from four NATO nations for the four-day exercise in the Eastern Atlantic.

Vice Adm. John McN. Taylor, Commander Striking Fleet Atlantic, conducted the exercise. Other forces participating consisted of ships and aircraft from France, the United Kingdom and aircraft from Portugal.

Simulated nuclear and conventional strikes by carrier-based aircraft were conducted as well as numerous other exercises.

The purpose of the special exercise was to test and develop the readiness of the participating naval forces operating as a coordinated force.
