"REFLECTIONS,"
"REFLECTIONS,"
"REFLECTIONS,"

BY RICHARD C. THOMAS

I ain't gonna be intimidated into quitting without one last "historical gasp!" The following was taken from the Nov. 18, 1932, *Winters Enterprise*, and from now on, it's quote:

An unsigned letter, in what was thought to be feminine hand writing, came recently from Galveston addressed to the Outbound Billing Clerk of the Abilene & Southern railway. We're reproducing the letter below with the advice to Station Agent Hunt that if he cannot procure ribbons for his typewriters at one of the local drug stores, The Enterprise will supply the demand. Here's the letter:

To Outbound Bill Clerk,
Care Billing Department,
A&S Railway Co.,
Winters, Texas.

In a certain R. R. office in Galveston, there is much gnawing and gnashing of teeth these days...

Behold!

And it came to pass, that there dwelt in a village called Winters in the Land of Texas, one bill clerk, whose name or sex we knoweth not.

Now this clerk had a typewriter; Yea! and it had a ribbon; but alas, he changeth it not!

And one clerk here sayeth to another, "What shall we do?" and they knew not.

And it came to pass, that there dwelt in the office, in the City of Galveston, in the same Land of Texas, "three Wise Ones," who heareth of the plight of their fellow workers, and gave much thought, to their problems and then sayeth unto them, why not write to this one, known unto ye as one Bill Clerk in the Hills of Winters, in the Valleys of Texas, and beseech him to do unto others, as he would have them to do unto him.

And lo, Halleluhah, there was much rejoicing among the multitudes, in the office and on the hillsides.

And it was agreed,
And it came to pass.

Verily, verily, we say unto thee:

PLEASE CHANGE THAT
"DAMN" TYPEWRITER RIBBON.

"Amen."

John Loyd water group manager

John Loyd has been named manager of North Runnels Rural Water Supply Corp., succeeding LaDell Davis in that position.

Loyd has been working with Davis for the past several months.

Davis was the first manager of the non-profit rural water supply corporation, but will retire June 1, it was understood. A farmer, he was one of the members of the original steering committee to lay the ground work and organize the water corporation, designed to provide water to many rural farms and ranches in North Runnels, and in the south part of Taylor County.

Son of former Winters pastor killed Monday

Billy Lindsey, 22, of Fort Worth, son of the Rev. Robert Lindsey, a former pastor of Winters First United Methodist Church, was killed in a boating accident in Fort Worth Monday.

Funeral services were held in Hamilton at 4 p. m. Wednesday.

Billy Lindsey was born June 1951. He had been married only about three months.

Meet the people

U. S. Rep. Tom Loeffler (R., 21st Cong. Dist.), chats with Winters Postmaster H. M. (Jiggs) Nichols

following his talk before the Lions Club Tuesday noon. He returns to Washington this week.

Loeffler urges military strength

An "absolute waning defense posture is one main cause of the United States' foreign problems," Congressman Tom Loeffler (R., 21st Dist), told members of the Winters Lions Club Tuesday noon. Because of a continued weakening, militarily, of the U. S. within the past several years, and an unclear foreign policy, he said, Iran "acted without fear of retaliation" in attacking the U. S. Embassy in Iran, and holding at least 50 Americans hostage for more than 200 days.

He also said that our policy toward many Central American countries has been "sad," and that the U. S. advocacy of "coalition

governments in Central America "will not work."

Loeffler was guest speaker at the noon meeting of the Lions Club Tuesday noon, and was introduced by Charles Hudson. The congressman is on a quick swing through his big 21st Congressional before returning to Washington this week.

The congressman also touched on the "balanced budget" theory,

and explained that a balanced budget is only that "in concept." He did say, however, that it appears that this 96th Congress shows signs of perhaps bringing to an end the "era of Washington being a panacea for all our problems." He emphasized that the 96th appears to be a more conservative congress than has been the case in a long time. He said there have been "no new types of

Iwo Jima Memory

This float in the 90th Birthday Celebration parade Saturday, entered by Winters Post 9193, Veterans of Foreign Wars, and its Aux-

iliary, seemed quite appropriate for a parade during a Memorial Day weekend. These men acted out the raising of the U. S. flag on Iwo

Jima during World War II.

Crews

You can fool some of the people some of the time but you can't fool all of the people all of the time, but it does give candidates something to aim for.

About a hundred turned out for the Pape reunion at Buffalo Gap Park Sunday. Folks came from California, Nebraska, New Mexico and mostly all over Texas. Those from Crews were Mr. and Mrs. N. L. Faubion, Mr. and Mrs. Rodney Faubion and family, Mrs. Dina Sims and Tommy, Mrs. Jerry Kratz and children, Mr. Bradley Pape and Walter Pape Jr.

There was a get acquainted party in the Mrs. Noble Faubion home on Tuesday at 9:30

a.m. for Mrs. (Tracy) Dwayne Thompson and Mrs. Marlis Corder, who are newcomers in our community. Also a pink and blue shower for Tracey with about 15 attending.

We are sorry to hear Mrs. Lemma Fuller of Coleman fell Sunday on her way to Church Sunday and broke her left arm and seriously bruised her right arm.

Mrs. Hazel Mae Bragg was in Midland Friday through Sunday with the Tommy Moss family and for grandson Chads 7th birthday. On her way home Sunday afternoon she went by to see her neighbor, Mrs. Corra Petrie in Room 353 in Shannon Hospital in San Angelo.

Junior Culture Club officers installed last Thursday

Officers for the new year were installed at a meeting of the Junior Culture Club Thursday in the Fellowship Hall of Main Street Church of Christ. Mrs. Homer Hodge was in charge of installation services, and used "King Solomon's Apples of Gold" as a theme.

Cindy Hatler was installed as president; Brenda Killough, vice president; Rhea Parramore, secretary; Linda Dry, treasurer; Cheryl Springer, communications; Mary Lynn Presley, parliamentarian; Jeanette Black, historian; Melanie Wade, federation counselor.

Outgoing officers hosted a salad supper for members of the club. Cindy Hatler presented Melanie Wade, outgoing president, with a silver tray, and in turn, Cindy was presented with the club gavel. The course of study was presented for the coming year and department heads were announced.

Department heads are: Jan Jordan, membership; Rhea Parramore, nominating; Eileen Dinger, projects; Linda Dry, finance; Dottie Loudermilk, courtesy; Susan Mostad, telephone; Marthiel Russell, library; Brenda Killough, community improvement.

The Fellowship hall was decorated in a country picnic motif. A patchwork quilt covered the serving table; other tables were covered with orange place mats on white table cloths, with a basket of fresh vegetables and fruits used as the centerpiece.

Club members present were Jeanette Black, Eileen Dinger, Linda Dry, Melvina Gerhart, Pat Hambright, Cindy Hatler,

Judy Holloway, Brenda Killough, Kim Lee, Brigitte Lett, Susan Mostad, Rhea Parramore, Mary Slimp, Cheryl Springer and Melanie Wade.

Mrs. Winnie Odom, Mrs. Lola Hillard and Mrs. Inez Hambright, all of Ballinger. Also Mrs. Lillie Osborne and Selma and Clarence Hambright of Winters, Mr. and Mrs. C. D. Berry of Ballinger, and Keith Collum of Talpa.

Mrs. Alta Hale attended the A.R.P. luncheon Tuesday in Coleman. Afterwards she played bridge in the Nellon Hudson home. Mr. and Mrs. Lowell Fuller of Midland visited Alta on Friday afternoon. The Sam Faubions, Stokes and Alta were in Winters for the birthday celebration.

I attended Justin Deikes first birthday that his parents, Mr. and Mrs. Edwin Deike gave him with an outdoor barbecue and party in Winters. Many people came and enjoyed the party.

J. L. Roach died Saturday in S. Angelo

J. L. "Les" Roach, 78, of Miles, died at 4 a. m. Saturday in Shannon Hospital in San Angelo.

He was a brother of Earl Roach of Winters. Services were held at 2 p. m. Monday in the First Baptist Church in Miles with the Rev. Bruce Williamson, pastor, officiating.

Burial was in Miles Cemetery under direction of Johnson Lacey Funeral Home of Miles.

Mr. Roach was born May 18, 1902, in Lockhart. He had lived in Miles 74 years. He was married to Mary Pruitt July 14, 1920, in Miles. He was a member of the First Baptist Church and had served as a director of the Rural Electric Association for many years.

Survivors include his wife; a daughter, Mrs. Howard Morrow, Grapevine; three brothers, Clyde Roach of Harriet, Earl Roach of Winters and B. L. Roach of San Angelo; a granddaughter, Mrs. Vernon Gainer of Farmers Branch; and three great-grandchildren.

NOTICE

Many special awards were presented to Winters High School students during the awards day program last week.

However, because of the lack of space this week, and the short work week caused by the Memorial Day holiday Monday, it has been impossible and impractical to run the pictures taken during the program. Pictures taken will be run in next week's Enterprise.

Full weekend of activities for Winters VFW and Auxiliary

Winters Post 9193, Veterans of Foreign Wars, and its Ladies Auxiliary, ended a weekend of Memorial Day activities Monday night, May 26, with a memorial service and installation of officers at the Post Home.

Following installation of officers, a barbecue supper was served.

The veterans group placed flags on all veterans' graves in Winters and the surrounding communities Friday afternoon. Saturday, they helped Winters celebrate its 90th birthday by placing flags in front of businesses in downtown Winters. The organization also entered a float in the parade, with sons of veterans wearing uniforms of all branches of the service, and Mrs. Mitzie Deike and Mrs. Lillie Heath, nurses who had

served overseas with the armed forces, representing the women who have served in past wars, riding the float. The float depicted the raising of the U. S. flag on Iwo Jima by U. S. Marines during the battle with the Japanese during World War II.

During the 90th birthday celebration, American flags were given to children and senior citizens.

VFW officers installed Monday by Ted Meyer included: R. C. Kurtz, commander; Joe Hale, senior vice commander; Danny Harris, junior vice commander; Lucius Wood, quartermaster; R. C. Parramore, advocate; Zack Presley, chaplain; Ted Meyer, surgeon; Les Barnett, trustee; Ted Meyer, service officer; Buster Dillard, Buddy Poppy, chairman; and Donnie Oats, Voice of

Democracy chairman.

Ladies Auxiliary officers installed by Ellen Meyer included: Mary Kurtz, president; Linda Bethel, vice president; Marie Allen, junior vice president; Nell Colburn, secretary-treasurer; Jo Ann Dillard, chaplain; Liz Huckaby, guard; Ellen

Meyer, conductress; Wanda Guy, Anita Wood and LaDola Bates, trustees; Theresa Hart, patriotic instructor; Jerry Miller, historian; Helen Murphy, Willene Gerhart, Dorine Kozelsky and Helen Henderson, color bearers; and Margaret Marks, flag bearer.

The 26-Week Money Market Certificate

Put in \$10,000, and get back

\$10,404

26-week return reflects interest earned on \$10,000 principal and accumulated interest for 26 weeks at current rate.

Current rate of 8.003% yields 8.279%*

Staying ahead financially has always been a race. But the 80's present new, tougher challenges.

At First Texas Savings, we have ways to beat the 80's. Like our 26-Week Money Market Certificate.

It offers the maximum rate allowed by law for maximum yields on amounts from \$10,000. Rates for new certificates are set weekly and are good for the entire term.

Sure, our 26-Week Money Market Certificate is a good investment, but it's also a no-risk investment. Your money is insured up to \$100,000 by a federal agency. And your deposit is backed by First Texas' over 1.6 billion dollars in assets.

Best of all, at First Texas Savings, your money is always available. Penalty on early withdrawal is maximum of 3 months' interest only on the amount withdrawn. And as a convenient reminder, you will be automatically notified prior to renewal.

Also ask about our 2 1/2-Year Money Market Certificate.

So, before you put your money anywhere, remember: Others may keep you even in the 80's, but First Texas Savings will keep you ahead.

Federal regulations prohibit compounding of interest on 26-Week Money Market Certificates. Annual yield assumes reinvestment of principal and interest at maturity at the same annual interest rate. However, the annual interest rate is subject to, and likely to, change at maturity.

Can a sugar substitute "hold up" under heat?

Heat changes some of them, such as saccharin, which becomes bitter with prolonged heating, says Mary K. Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

However, granulated-type sugar substitutes tend to hold up better in cooking.

**Jerry Lackey's
Country Folk**

At the regular monthly meeting of the West Texas chapter of Professional Agricultural Workers Society, subject on the agenda was the current USDA farm program. However, with unusually good May rains going on outside, conversation focused on the weather.

Good general rains have blessed ranchmen for the past several weeks. However, most of West and Central Texas is in bad need of some runoff water. Stock tanks are dry, many rivers and creeks are either very low or dried up.

Chester Kenley, who ranches in Crockett County says some accumulative amounts of "maybe two and a half inches have brought some green grass and stopped feeding, but we really need to wash out some water gaps."

In Menard County last week, particularly in the Fort McKavett area, some water gaps got wet after different amounts of scattered showers resulted in nearly four inches at several gauge measurements. But other parts of the county did not get so much.

Stanley Lackey of Junction finished seeding his last field two days before a good rain near Roosevelt.

E. P. Ewald, San Angelo headquartered cotton buyer, was out checking cotton in Concho County following last week's rain. Many of the cotton farmers are following a new planting schedule this year, hoping to get around the boll weevil infestation. So, as a result much of the cotton in Runnels, Concho and Tom Green counties may not be planted until mid-June.

With shearing of sheep and some Angora goats yet, many ranchmen have started watching the wool and mohair market. A two day sale was in progress in Del Rio at this writing. Generally, trading has been going on during May but a lower price across the board from this time last year.

According to one of my sources, Rocksprings Wool and Mohair Co. sold some 47,000 pounds of mohair recently, 25,000 pounds of choice adult for \$3.022; 7,000 pounds of young goat for \$3.427; and 15,000 pounds of kid for \$4.127.

Also in the Angora Goat Capitol of the World, Priour-Varga Wool and Mohair Co., Rocksprings, sold around 50,000 pounds of 12 months wool from 97 cents a pound up with the bulk from \$1.08 to \$1.10.

Glenn Fisher, manager of Sonora Wool and Mohair Co., has pretty well sold any accumulation of wool and mohair along for market prices.

Well, Here I am at the end of another column of which I started talking about one subject and end up way off track. To clear the focus, let me add: That's pretty much the way the PAWS breakfast went. We decided the USDA farm program was much too deep for a bunch of ranchmen to discuss anyway!

TEXAS PRESS ASSOCIATION

Former Texas Attorney General John Hill, who lost the 1978 gubernatorial race to Republican Bill Clements, was back in the headlines last week after winning a multi-million dollar damages lawsuit against the nation of Iran.

A Dallas federal court ruled Electronic Data Systems Corporation (EDS) was entitled to collect 19.2 million dollars in damages from the government of Iran for a breach of a computer services contract.

Ironically, EDS is owned by H. Ross Perot, who heads up Gov. Clements' task force against narcotics trafficking. Perot, by the way, is the hero-organizer of last year's commando raid into Iran to free Americans (his employees) held in Tehran prisons.

Hill apparently has been building more than his private law practice since his '78 political defeat. A recent Texas Monthly magazine poll showed that 52 percent of Texans now prefer him over Clements (48 percent) in a governor's race.

In the Iranian lawsuit, Hill led a team of four lawyers who first secured an attachment on Iranian funds in New York banks.

He told one reporter last week he believes the Mexican government is liable for damages to Texas beaches from the Ixtoc I oil spill under provisions in the Sovereign Immunities Act.

Clements Blasts Carter

Clements predicted President Jimmy Carter will lose Texas votes because of a U.S. Justice Department decision to seek integration of city and suburban school districts in Houston.

The motion to seek interdistrict integration "will be a catastrophe" in Clements' opinion, and will work against Carter and for his projected Republican opponent, Ronald Reagan, at the polls in November.

Goldberg Blasts Clements

The Governor himself drew political fire last week from Texas Democratic Party Chairman Billy Goldberg of Houston, who said Clements was trying to hand-pick the new Speaker of the House.

Goldberg said Clements "has been using every amount of force available to his high office" to support speaker candidate Rep. Gib Lewis of Fort Worth.

Clements retorted Goldberg was "babbling utter nonsense," but a lobbyist told reporters Clements had boosted Lewis at a lunch for legislators.

New Speaker Candidate

A new candidate for the 1981 House Speaker race emerged last week: Rep. Craig Washington, D-Houston, who claims he can become the first black ever elected to that chair if Bill Clayton, steps down because of Brilab woes.

According to Washington, if the speaker election were held today, front-runners Lewis and Rep. John Bryant, D-Dallas, would only receive about 50 votes each (short of the necessary 76 votes majority). . . and Washington would win on the second ballot.

Washington said he entered the race because of the lack of a moderate candidate, but other theories are floating about the Capitol halls. One guess is that Washington is holding the black legislative bloc until it can throw the race decisively to Lewis or Bryant (receiving a few committee chairmanships in return). A second scenario paints Washington as a spoiler, stalling both Bryant and Lewis candidacies until Clayton can clear himself of Brilab and solidify his chair.

Clayton Unruffled

If Clayton is indicted this month on allegations he accepted a bribe, his political hopes depend on whether he can obtain an early trial and quickly run the course to a "not guilty" verdict before fall. The magnitude of the trial itself may prevent its early end, and Clayton has said he will step down before the general election if he isn't cleared by then.

Thus, the speaker's race gets hotter every week, but Clayton is the only major character who remains consistently cool. Last week, rumors leaked out to the Capitol press corps that Clayton was meeting with a host of lobbyists in his office behind the House Chamber, and reporters gathered outside his door to check out the anonymous news tip.

When Clayton came out to talk to his secretary, he saw the journalists and invited them inside his office to see for themselves. Only a few state representatives were present in the second-floor office.

One reporter asked if they could "look out on the ledge," and Clayton quietly smiled, "Be my guest."

**Cage Tomatoes for
greater yields**

Instead of staking and pruning tomatoes this year, use wire cages to support the plants, suggests Allen Turner, county Extension agent with the Texas Agricultural Extension Service.

Caging offers the home vegetable gardener in Runnels County several advantages, including less sun burn and higher yields with less work. Ground rot and fruit cracking are also reduced in cage-grown tomatoes.

According to Turner, cages can be constructed from concrete reinforcing wire, hog wire, or any other sturdy wire mesh that has openings of at least four inches. Cut and bend the mesh material into cylinders, then fasten the ends together and snip off the bottom rung. By cutting off the bottom rung, cages can be pushed into the ground about six inches for support. Make cages 18 to 20 inches in diameter and two-and-one-half to five feet tall.

He says all varieties do well in cages but suggests high-yielding, disease resistant tomatoes such as Bigset, Bonus, Spring Giant, Better Boy, Floramerica and Terrific.

Space plants about two-and-one-half to three feet apart in the row, with four to five feet between rows.

Place a cage over each

necessary. As fruit ripens, pick it through the cage openings.

Initial expense of cages may seem high, but they can be stored and used each year, says the agent. Cages can also be used for growing other trailing crops such as cucumbers and pole beans.

Loeffler—

(From Page 1)
a result. He said that the proposed budget could stand a lot of paring in many areas, but that "defense expenditures need to be greater." "Revenue sharing" could be one area which could stand reduction, without causing great calamities, he indicated. Welfare area expenditures could stand a closer look, he said, and he is in favor of returning welfare administration to the states and local governmental units.

In covering the military or defense posture of the U. S., Cong. Loeffler said many of our foreign entanglements and problems could be overcome if we should again become "No. 1 militarily" in the community of nations. He indicated that most nations assume that a weak military posture means a

total national weakness. He said that a stronger military buildup is absolutely necessary if we are to remain a leader in the world.

Loeffler said the U. S. "must seek Central American governments which are pro-western," and work toward that end. Remembering the criticism and almost total abandonment of the CIA and other intelligence operations, he reminded the Lions that the U. S. must have intelligence sources in other countries, and that "covert" actions are necessary in the fight for survival. While many congressmen are demanding that they be made aware of all actions taken by our intelligence agencies, Cong. Loeffler said there are many areas where he does not think intelligence information should be re-

leased. When so many of the United States' agents were compromised, by revealing of names of agents, and important information was released concerning CIA activities, our defense posture was drastically weakened, Loeffler indicated.

Looking at our weakened defense situation, Loeffler said that we are now in times "similar to the 1930s, with our military posture slipping. We didn't take the warning," he said, "and woke up Dec. 7, 1941." We must be strong militarily, he said, or we are "on a course as devastating as the 1930s."

Cong. Loeffler said that the "1980 elections may be the most important ever," and painted a scenario of what could happen if neither of the major party presidential nominees won a majority of the electoral college vote, and the election was thrown into House of Representatives. The results would be "mind-boggling," he said.

Playoff required to determine winners of golf tournament

A playoff was required to determine the winners in the Memorial Day best-ball golf tournament played at the Winters Country Club Monday.

Winning the playoff on the second hole was the team of Jiggs Nichols, Beth Whitlow, Fred Cummings, Randy Springer, who bested the team of Stanley Hartmen, Rod Chaney, Marlene Wood, Richard Bauer and Cheryl Springer.

Three teams tied for third place. Team winning that playoff was composed of David McAdoo, Lotie Cummings, Jerry Sims, Andy Gann and Craig Gehrels.

Winning closest to the pin honors on No. 6 was Stanley Hartman of Santa Anna.

The next best ball tournament will be Thursday,

A home is still the best investment you can make, says a housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Housing prices are expected to stay even with inflation—one reason homeowners are now making so many improvements and additions, Dr. Jane Berry reports.

Carpooling can be fun

Bike or hike. Ride a horse or a bus. Carpool or vanpool. But try making one weekly worktrip an excursion during National Transportation Week, May 11-17.

Gov. Bill Clements and the State Department of Highways and Public Transportation are inviting Texans to leave their cars at home and get to work some other way at least one day during National Transportation Week. Many Texans will discover that there is much more to transportation than lanes of one-person vehicles lined up during rush-hour traffic.

More and more commuters in towns and cities alike are discovering that transit, carpools and vanpools offer much more than just a cheap ride. Many others are finding that commuting time can also be good exercise time and get both their bodies and their budgets in better shape by running, walking, biking and even skating to work. There are many ways of getting to and from work that can be more fun than sitting in a stalled line of traffic.

So use the excuse of National Transportation Week to expand your transportation choices. Use your imagination and see how much fun you can have.

Don't be an old stick-in-the-traffic.

As far as is known, there was no writing in a Slavic language before the 9th century A.D.

I WOULD LIKE THE VOTERS OF PRECINCT NO. 3 AND RUNNELS COUNTY TO HAVE THE FOLLOWING INFORMATION:

As of December 31, 1980, Runnels County will have a balanced budget for the first time in many years. Although inflation is high, for the budget year 1980, we cut the tax rate 2 cents per \$100 valuation, while many taxing entities were having to raise their tax rate, we absorbed approximately \$97,000 budget for ambulance service into our regular budget while lowering the tax rate.

My main reason for asking to be your Commissioner for another term is that we are faced with major changes in our ad valorem tax laws. I would like to help implement these changes.

I appreciate the support I have received in the past. I am asking for your vote in the June 7th run-off.

If elected I will strive to serve only in the best interest of the people of Runnels County.

I encourage you to go to the polls on June 7, 1980 to

Cast your VOTE

With sincere thanks,

The 1920 Model T Truck Was A Good One

George Davis has a Model T, 1-ton truck of which he is very proud. The Ford truck was given to him in 1964 by the late J. E. Viriden.

Mr. Viriden told George that he bought the truck in the fall of 1919 from a Ford dealer in Clovis, N.M. The salesman drove him to the edge of town, giving instruction on operating the truck, then Mr. Viriden took over and drove the salesman back and then drove the truck home.

He rode on the gas tank as he bought it without a seat or cargo bed, the buyer was to build his own.

During the summer of 1920, Mr. Viriden built a camper body on the flat bed, complete with screens for insect protection, and roll-down black imitation leather covers to keep out the rain. There was a water barrel and an axe strapped to the outside in covered wagon tradition. The truck had a kerosene taillight and a porcelain New Mexico license plate, both of which may be seen thereon.

Willie Bill Cornett, the Viriden's oldest daughter, recalls the first trip they took in the truck, converted into a "mobile home". With another family, the Martin's, in a similar vehicle, they traveled over Texas, Oklahoma and Kansas, camping out except when they visited with relatives. The Viriden's had four children, Willie Bell, Eula, Gene and Mary Edna. All could sleep in the truck, but folding cots were carried, and some slept out in pretty weather.

As they traveled through Oklahoma, large numbers of Indians visited their camps nightly. Most of them came to see their first motor vehicle. Mr. Viriden drove the truck around the camp to show the Indians how it ran. The pioneer camping truck traveled Northward into Kansas. Most roads were dirt wagon tracks with no pavement at all. However, there was some paving in Kansas.

After camping in Kansas for some time, the group turned West and then South, entering Texas in the upper panhandle. There, they had sourdough biscuits baked in a Dutch oven. Beans and potatoes were cooked in a fireless cooker.

After camping in Kansas for some time, the group turned West and then South, entering Texas in the upper Panhandle. There they visited Palo Duro Canyon and then camped their way back to Clovis.

Mrs. Cornett recalls the meals they had; sourdough biscuits baked in a Dutch oven. Beans and potatoes were cooked in a fireless cooker.

The Martin's made a trip over the same route the following year, and Mrs. Martin said they could trace their previous journey by the beans growing along the trail that had been culled when they were preparing them for the cooker.

The next journey the truck made was a camping trip into the mountains of New Mexico, and the grandparents, Mr. W. D. Viriden, and Mr. and Mrs. W. M. Hewatt, went along.

When the Viriden's moved to Wilmett in October of 1920, the truck was piled to the top with household equipment and the family rode in style in a 1920 Ford passenger car. "We made the trip from Clovis in two days," said Mrs. Cornett, "on previous trips, before we bought the truck, it took eight days, of course, we camped out."

Mr. Viriden retired the Model T truck in 1930, parking it beside a barn. He filled the engine completely with oil which kept it in good condition. The top was removed from the truck and used as a camphouse for cotton pickers.

The 60-year old truck, one of the oldest vehicles in the county, was seen on Saturday, during the Winters 90th Anniversary parade, parked in front of the new bakery next to Wilkerson's Barber Shop.

Library schedules Summer reading program

"Sports Splash" is the theme for the 1980 reading program for the Winters Public Library, from June 2 until August 8, 1980.

There is no minimum or maximum age, and "everyone is welcome", said Winters librarian Margurite Mathis. Membership cards are

\$1.50 for six months, and \$3.00 for one year. This fee entitles all members in a family to check out books from the library.

Miss Mathis said that there will be no fines charged until June 15, and asks everyone to check and see if there are any

books in their homes belonging to the Winters Public Library.

The library is still in need of children's books in good condition and would appreciate any donations. The Winters Public Library is open on Monday and Friday afternoons, and all day on Wednesday and Thursday.

Change of meeting place for Class of '39 reunion

The reunion of the Winters High School Class of 1939, to be held June 7, will be in the meeting rooms on the second floor of the City Hall, it was announced this week. Change of site was made necessary because the Democratic run-off primary election will be held in the Community Center, which was the original place for the reunion.

Emma Jean Pounds Terry of San Angelo has been instrumental in organizing the reunion of class members, and has urged members to notify her of how many will be in their party.

There have been no plans for the evening meal, Ms. Terry said, but those who wish to do so may bring lunches and eat at the Community Center.
