Commissioners Give Nod To Weed Control Program

Castro County Commissioners, county Farm Bureau officials and other persons interested in an effective bindweed control program for Castro county moved swiftly Monday to institute an experimental bindweed control program which could prove to be the solution to a problem that has long posed a serious threat to crop and pasture land in the county.

After studying a proposal by A. J. Kemp, county farmer, calling for assistance from the county in the farmer's fight against bindweed, commissioners gave their unanimous approval and went a step further by providing an even greater amount of assistance than was originally requested. Under the terms of the approved measure, the commissioners court will provide

2,000 pounds of atlaside, effective bindweed killer, for each of the four precincts in the county with the stipulation that any farmer desiring some of the atlaside must first agree to purchase a given amount for use on his own land. The amount of assistance given by the county will be based on the amount of atlaside the farmer purchases for his own needs. For example, as pointed out by Kemp and Allan Webb, president of the county Farm Bureau, if a farmer buys 400 pounds of atlaside, the county will provide 100 pounds free of cost. The county's share is made available in proportion with the farmer's needs.

The purpose of the co-operative program is to enable the farmer to treat bindweed on his

place as well as those areas joining his property and a county road. Under the program the farmer pays (with some assistance from the county ASC office) for atlaside applied on his farm while the county pays for that applied in ditchbanks and land between the farmer's property and a county road.

This is only an experimental program, according to Webb. If it goes over successfully then an enlarged program for bindweed and other noxious weeds would be instituted.

Commissioners agreed to turn the program over to the county Farm Bureau with the understanding that whatever long range weed control program they submit to the court will probably be approved.

The possibility of instituting a bindweed control program in the county was discussed early Monday morning by members of the Farm Bureau along with County Agent Charlie Hudson, Bob West of the Running Water Soil Conservation District, and R. D. Rogers, manager of the district highway department here. Meeting in the county agent's office, Rogers told the group that his department already has a purchase order in for 500 tons of salt which would be used along the state roads in the county to control the menacing bindweed. He pointed out that a similar program for the control of bindweed has been successfully carried out in Pomeroy county.

The group adjourned and met with county commissioners Monday at noon whereby they were assured of cooperation and assistance from the county.

All agreed that little could be done about bindweed control before the first frost but at least a start could be made which might lead to the eradication of all noxious weeds in the county.

Heavy Rains Blanket Castro; Crop Prospects Are Improved

Heavy rains blanketed Castro county and the Panhandle over the weekend, boosting crop prospects and bringing total rainfall this year at Dimmitt up to 9.20 inches, just 81 of an inch short of total rainfall in 1953.

Rains in Dimmitt Wednesday night and over the weekend amounted to 2.45 inches while average rainfall in the county for the weekend was estimated at two inches. The heaviest rain in the county reported to the News was recorded on the Jake Acker farm, five miles northwest of Nazareth, where a total of 4.20 inches fell. The Wes Anthony place, 12 miles southwest

of Dimmitt, received up to four inches of the vital moisture. Other reports in the county follow: Jack Johnson farm, eight miles northwest of Dimmitt, four inches; Bruce Fields place, two miles north of Arney, 3.75 inches; L. A. Steiert, between Hart and Nazareth, two inches; Nazareth, over three inches; and Hart, near two inches.

The penetrating rains enabled most farmers over the county to shut off their irrigation pumps, at least temporarily.

According to County Agent Charlie Hudson, the rains will enable some farmers to make dry land bundles and possibly some grain. Hudson said dry land cotton would benefit more than any other crop. He added, "The biggest single advantage is the fact that the rains will provide needed moisture for sowing wheat. It will improve prospects for wheat pasture, which has been an economic factor in the past. It will also improve native grass pasture as rain has fallen early enough for the grass to still get good growth."

Agricultural officials were optimistic over the heavy rains even though some crops are too far gone to benefit from the moisture. Some speculated that the heavy weekend downpour may be a sign of a rainy winter, which would put the soil in good condition for the next two or three years.

Father of Local Man Buried in New Mexico

Funeral services were conducted from the Second Street Church of Christ in Portales, N. M. on August 17 for Bert T. Williams, 70, who died suddenly of a heart attack on August 15 at his home in the Delphus Community near Portales. Mr. Williams had been in ill health for some time.

Besides his wife, Mrs. Williams leaves three sons, C. C. of Dimmitt, Floyd of Silverton and Leonard, stationed with the Air Force at Stanton; a daughter, Mrs. Ben McAllister of Portales; five stepdaughters and seven grandchildren.

Burial was in Memorial Park Cemetery at Portales.

Soil Tour Slated For Castro County On September 10

Stops to be Made in Flagg, Big Square And Cleo Areas

The Castro County Soil Fertility Tour, originally scheduled for August 30, is now planned for Friday, September 10. County Agent Charlie Hudson announced Wednesday.

The tour, according to Hudson, is planned for the Flagg and Big Square communities, with one stop in the Cleo community. Scheduled to begin on the Tom Lewis farm at Flagg where members of the touring party will view soil fertility practices, such as growing of legumes, use of commercial fertilizers and crop rotation practices.

Continuing on to the Wes Anthony place at Big Square, the group will be shown rotation practices, including the use of permanent pastures as a soil builder.

Other stops will be added to the tour itinerary as crops mature and good soil building practices develop. The final tour stop will be made on the Bill Summers farm at Cleo. Here the soil conservationists will observe irrigation practices and soil building with legumes.

Project at Labor Camp is Started

A project calling for sanitary toilet facilities for the Mexican labor camp here has been started with the completion date set for September 1.

The project, according to Glen Youts, Castro County Chamber of Commerce manager, will cost \$500. It is under the direction of the chamber and all costs will be borne by that organization.

The project was approved at the July meeting of the chamber of commerce. Youts indicated that it has been needed for some time and would greatly improve sanitary conditions at the camp.

Members of the Bethel Home Demonstration Club entertained the 4-H youth of their community with a hot dog supper Tuesday evening at the Bethel Community Center.

Hot dogs, ice cream and cake were served to the 35 4-Hers attending. The group also played games.

Noble Howard Recognized For Soil Conservation Work

Noble Howard, who farms near the Sunnyside Community, was recognized as Castro county's outstanding soil conservationist of 1954 at a luncheon meeting of the Dimmitt Lions Club Tuesday.

Howard was presented with a plaque by County Agent Charlie Hudson in behalf of the Lions Club, who makes the award available each year. Engraved on the plaque was: "Outstanding Soil Conservationist, Running Water Soil Conservation District, 1954."

Upon making the presentation Hudson stated, "In view of the fine job of farming and soil conservation you are doing, I present this plaque to you in behalf of the Lions Club and the Running Water Soil Conservation District."

Howard expressed gratitude and humility upon receiving the award and indicated he would continue to do his best toward caring for and preserving the soil.

The honoree emphasized that he had been raised on a farm where the soil was depleted and where there was a great need for conservation practices. He remarked, "My wife and I feel fortunate to be located in this part of the country where the value of proper soil conservation practices are realized. I believe a more secure farm program comes from a more diversified livestock and cropping program and will insure the use of our land for future generations."

Howard farms 920 acres of rented land two miles west and one mile north of Sunnyside. He carries out a well-planned

Record Crowds Witness Dimmitt Rodeo Despite Bad Weather

Some of the largest crowds on record attended the Thursday and Friday night performances of the annual Dimmitt Rodeo. Attendance was down for the final performance, which was postponed from Saturday night to Monday night due to rainy weather, but was still considered by officials as good.

Winners in each of the various events follow: Herb Williams of Hart, first go-round calf-roping, time 12 minutes and 5 seconds; Val King of Lubbock, second go-round calf roping, time 11:1; Val King, third go-round calf roping, time 16:3; first go-round double mugging, Mitz Walling of Farwell, 19:2; Glenn Franklin, second go-round double mugging, 19:0; Earl Smith, Ralls, third go-

Contract Awarded for Construction of New Drive-In Theater in Dimmitt

Work will be started the first of next week on the construction of a new, modern drive-in theater for Dimmitt, H. H. Carlile, owner of the Carlile Theater here, disclosed to the News early Thursday.

Carlile told the News that the contract for the project, which will cost approximately \$50,000, was to be let Thursday, August 26. The 300-car theater, which will boast a wide-vision, panoramic screen, will be located just outside the north city limits on the left hand side of the highway. The theater, which will be equipped

SENIOR DIVISION winners in the second annual Hart Irrigation Rodeo held Saturday are pictured here in the order that they finished. Robert Hawkins, left, won first place prize of \$25 with a time of 36 seconds while Pancho Esparza, center, came in second with a timing of 45 seconds to collect a \$15 prize. Neil Wall, last year's winner, won third place prize money with a timing of 49 seconds. Some 300 spectators were present.

JUNIOR DIVISION winners in the Hart Irrigation Rodeo, from left to right, are Johnny Hindman, Jimmy Johnson, and Bob Bowden. Hindman turned in a timing of 60 seconds to win a cash award of \$10 while Johnson collected a prize of \$7.50 for setting 25 tubes in 72 seconds. Bowden received a \$5 cash award for his efforts by finishing third with a time of 76 seconds.

Robert Hawkins, Johnny Hindman Winners in Hart Irrigation Rodeo

A crowd of 300 people witnessed the second annual Hart Irrigation Rodeo in which Robert Lee Hawkins of Hart captured the first place prize of \$25. Johnny Hindman, also of Hart, won the first place prize of \$10 in the junior division of the tube setting contest.

Hawkins won first place in the senior division by setting 25 tubes in the short space of 36 seconds. Hindman accomplished the same goal in 60 seconds. Other winners in the senior division were: Pancho Esparza, second place, 45 seconds; and Neil Wall, third place, 49 seconds. In the junior division, Jimmy Johnson turned in a timing of 72 seconds for second place and Bob Bowden came in third with a timing of 76 seconds.

Hawkins will appear on "Cotton" on KGNC television station (Continued on back page)

TOTAL OF 55 BALLOTS CAST ABSENTEE VOTING SHOWS BIG GAIN; VOTE TOPS FIRST PRIMARY

The absentee voting picture in Castro County changed completely within the past week, as a check by the News with the county clerk's office revealed that a total of 55 ballots had been cast as compared with 53 cast in the first primary.

Absentee voting in the county got off to a slow start as only nine ballots had been cast as of Wednesday of last week, indicating that only a light vote would be cast in the run-off elections.

Voting gained momentum over the weekend and just before the Tuesday deadline, however, boosting the county total over the first primary mark. Should this prove to be a trend, Castro county can expect a heavier vote Saturday than was cast in the first primary.

Voters will go to the polls Saturday to elect a governor, associate justice of the supreme court and a judge of the court of criminal appeals. Ralph Yarborough, listed on the ballot from Travis

county, and Allan Shivers, listed from Jefferson county, will be the first names to appear on the ballot. Few Brewster of Bell county and Alfred Scott of Travis county, candidates for associate justice of the supreme court, will be the next names to appear on the ballot, and the name of Lloyd W. Davidson of Travis county, candidate for judge of the court of criminal appeals, will appear last on the ballot.

An election party will be held Saturday night beginning at 8 o'clock at the north entrance of the courthouse. All county returns will be posted on a bulletin board while returns from other sections of the state will be broadcast over a public address system on the courthouse lawn.

Polls will open at 8 a. m. and close at 7 p. m. The same election judges that served in the first primary will serve again in the runoffs. They are: Dimmitt, box one—Dewey Wright; Dimmitt, box two—Joe Hastings; Dimmitt, box three—Elmer Youts; Dimmitt, box four—L. C. Lee; South Nazareth, box five—William Hochstein; Hart, box six—Percy Hart; Bethel, box seven—Leland Smith; Jumbo, box eight—Mrs. M. L. Simpson, Sr.; Summerfield, box nine—Mrs. Lee Curry; Sunnyside, box ten—Howard Bridgeman; Big Square, box 11—Andrew Behrends; North Nazareth, box 12—Art Klemm; Arney, box 13—Clyde Hancock; Frio, box 14—J. E. Andrews; and Easter, box 15—Mrs. John Burnet.

Dimmitt Schools To Open Monday

Enrollment for Dimmitt High and Grade School students will start Monday at 9 a. m., Superintendent R. S. Vestal announced Wednesday.

All school busses will operate on regular schedule Monday. Although most of Monday will be taken up with registration, no lunches will be served in the school cafeteria.

After registration has been completed, new instructors will be assigned their duties. Teachers who were members of the school faculty last year will be assigned the same duties they had during the past school year. There will be one exception to this rule as Miss Thelma McMillin, who has been teaching music, will teach high school English and direct both high school and grade school choruses.

Only a small shakeup is anticipated in the faculty and faculty assignments, Vestal indicated. The first school classes will be held Tuesday morning with all busses running on regular schedule.

Castro Delegation To Leave Sunday On 51 Assn. Tour

Seven Castro county farmers and businessmen will leave here Sunday afternoon on a Highway 51 Association tour that will take them to Regina, Canada.

The group, composed of T. A. Singer, D. W. Brashear, E. B. Wright, Fred Bruegel, Ester Noble, Johnny Stork, Robert Estes and Charlie Hudson, will leave Sunday at 2:10 p. m. on a bus chartered by the Texas Highway 51 Association. They will visit points in Oklahoma, Colorado, Nebraska, South Dakota and North Dakota before returning here about eight days later.

The purpose of the tour will be to help re-activate other states in the national association of International Parks Highway 51 as an international park route. Making the tour along with the Castro county delegation will be representatives from Dalt, Channing, Vega, Hereford, Levelland, Brownfield, Seagraves, Seminole, Andrews, Odessa, McCamey and Crane.

The group will stay overnight in Burlington, Colorado; Alliance, (Continued on back page)

Bethel Club Starts Work on Water System

Members of the Bethel Rural Neighborhood Progress Club have started work on the installation of a new water system for the community building.

The new pressure water system will facilitate water service in the building and do away with the old out-modern system. This project, needed for some time, is considered one of the most important projects of the club.

THE FOLLOWING COPY OF AN OPINION OF THE ATTORNEY GENERAL OF TEXAS IS RUN AS A PAID POLITICAL ADD IN THE INTEREST OF CLEAN POLITICS AND GOOD GOVERNMENT

THE ATTORNEY GENERAL OF TEXAS

Austin 11, Texas

John Ben Shepperd

Attorney General

Hon. Tom Moore, Jr.

District Attorney

Courthouse

Waco, Texas

Dear Tom:

Supplementing by telegram which was personally handed to Western Union at noon yesterday, I will attempt to answer, on a personal basis, your letter which was received in this office late Thursday, August 19th. I would like to reiterate that this does not purport to be an official opinion of this office since I am prohibited by law to render an opinion of this type to you as district attorney. I think you are well aware of this prohibition. I feel sure you are also aware that when requests are submitted to this office we are asked to give our considered opinion and we are not ordinarily told to what degree of comment or number of citations that will be put in to back up any conclusion—legal or otherwise. In other words we are not told how to write our opinions. We both know that in the heat of a political campaign there is always a possibility that one will lose sight of the proper procedure in obtaining statements or advice. In any event, you and I are friends, and I look forward to working and cooperating with you in the future just as we have done in the past.

According to your letter a suit against the State is imminent. Although you are purporting to act in your official capacity as district attorney, you would be attempting to enjoin the State Board of Control, the Governor, the Secretary of State and the Comptroller from performing their mandatory duties required by the Constitution, and forcing the State to reject the bid of the lowest responsible bidder. It is my duty as Attorney General to represent these agencies of the State in their official capacity in such litigation.

Based on my examination of the stock transfer book and minutes of The Times Publishing Company, the following facts from the records are submitted for your consideration:

The minutes of a special stockholders meeting held on July 12, 1949, show that Allan Shivers submitted his resignation as an officer and director of this company effective July 11, 1949, which was duly accepted. The stock transfer book of the Company shows that on February 1, 1951, all shares of stock heretofore held by Allan Shivers and Marialice Shivers had been transferred to B. H. Holcomb and Joe T. Cook respectively. The minutes of the annual meeting held on January 17, 1951, further reflect that Marialice Shivers submitted her resignation as an officer and director of the Company. Since February 1, 1951, neither Allan Shivers nor Marialice Shivers has been an officer, director or stock-

holder in this Company according to these records, and thus no conflict of interest.

When state agencies are called upon to pass on the legality of a corporation's operation based upon ownership of stock, they ordinarily look to these corporate records above referred to, the franchise tax returns, the corporate charter and all amendments thereto. Statements to trade associations or to the Federal Government are not ordinarily within the scope of inquiry.

Certainly the facts as above stated are contrary to the fact assumptions that I would have to make in order for me to comment on the status of the law as requested by you. Due to the hypothetical nature of these questions and the probability of having to defend a lawsuit for the State, I would deem it unwise and a breach of duty to brief a case to be used against the State.

I will, however, make this statement as to the general law on the subject of "conflicting interests" and that is that the "interest" referred to in Section 21 of Article XVI of the Constitution of Texas, although never having been clearly construed by the courts, is in my opinion referring only to a pecuniary interest of the officer involved in each individual case, and as such depends upon the facts surrounding each case. See *City of Edinburg v. Ellis*, 59 S.W.2d 99 Tex.Com. App. 1933. See also *Appeal of Yenerall* 67 A. 2d 565 (1949).

I feel personally called upon to answer your last question since I feel that it is a veiled insinuation on my official conduct as Secretary of State, and I must presume, on the conduct of the Comptroller Bob Calvert. Concerning the approval of printing contracts by the Governor, Secretary of State, and the Comptroller, I refer you to *Teer v. McGann*, 65S.W. 2d 362 (Tex. Civ App. 1933) which held that a refusal to approve a valid contract which was awarded the lowest responsible bidder was arbitrary and that mandamus would lie to compel such approval. Thus in view of this decision, once the Board of Control determines which bid has been submitted by the lowest responsible bidder, it becomes the mandatory duty of the Board of Control to award the contract, and the duty of the Governor, Secretary of State, and the Comptroller in approving the contract is merely ministerial. Before the Board of Control makes the award, the contract is submitted to the Attorney General for approval. When approval is given by the Attorney General, the contract is returned to the Board of Control, the award is made and it is then sent to the Governor, Secretary of State, and the Comptroller. While I was Secretary of State in 1951, these contracts had gone through this procedure and had been approved by the Attorney General's office during the Hon. Price Daniel's administration, and were subsequently approved by the Board of Control. I was not then aware, nor am I now aware that Mrs. Shivers owned an interest in this company—quite to the contrary.

Please call on me at any time for any service that I may render you either personally or within my official capacity as Attorney General.

Cordially yours,
John Ben Shepperd

PARR AGAINST GOV. SHIVERS

Staff Special to The News
SAN DIEGO, Texas.—George B. Parr, the Duval County political power, said Ralph W. Yarborough would get his vote for Governor.
Parr interrupted a coffee-cup cafe conference with Roy Harris, secretary-treasurer of the CIO State Council, to say that he was not particularly for Yarborough.
"It's just that I'm against Allan Shivers," said the political boss.
Parr said that on Wednesday night he went to Falfurrias to hear Yarborough make a campaign speech. Parr said he sat in the bleachers at the school stadium where Yarborough spoke and did not speak personally to the candidate. Some Parr-backed local officials sat on the platform with Yarborough.
"We haven't talked since before he announced," said Parr.

Here is conclusive proof of the link between Parr, Yarborough and C.I.O.

This news story, appearing in the Dallas Morning News on Sunday, August 22, 1954, will convince all TRUE TEXANS, that there is a conspiracy by the Parr-Yarborough-CIO Machine to TAKE OVER TEXAS.

Remember the CIO-PARR link has been repeatedly denied by Ralph Yarborough.

Bethel HDC Picks Queen Candidate

Members of the Bethel Home Demonstration Club voted at a recent meeting to sponsor Miss Zella Zee Smith as their candidate for Castro County Farm Bureau Queen. Miss Patricia Howell was named an alternate candidate to the contest.

After a brief business session club members witnessed a demonstration on window draperies given by Mrs. Sybil Stringer, county HDA. Mrs. Stringer gave pointers concerning types of material best suited for draperies, lengths for various windows, types of drapes and a demonstration on the actual making of drapes.

Refreshments were served 14 members and 12 children.

The next club meeting on Sept. 1 will be held with Mrs. Sid Sherry of Dimmitt, who will give a flower arrangement demonstration. Mrs. James Bradford will also give a report on her trip to Dallas as a delegate to the state meeting.

The public is invited.

Hutcherson, Mr. and Mrs. Mike Hutcherson and Mrs. Ruby Lemons and Sonny, all of Plainview; and Miss Nancy Ellen Cox, Hobbs, N. M. Besides dinner, guests enjoyed films made of the 50th wedding anniversary of Mr. and Mrs. Wade Cox in August of 1953.

Mrs. Charles Steuben has returned home after a four-week visit with the L. A. Steirts. Tony Steiert is stationed in Tacoma, Washington, and likes his duties there fine.

Mr. and Mrs. D. W. Cantrell have returned to Nashville, Tenn., after a visit with their new granddaughter, Lisa Dianne and her mother, Mrs. Darrell Lacy.

Mr. and Mrs. Ronald K. Anderson have a new son, born Saturday, August 16 in the Lubbock hospital. The newcomer has been named Ronald Keith.

Visiting friends in Hart recently were Mrs. Taylor Harle

and her son, Bill, and two daughters, Pam and Judy.

A new champion was crowned in the irrigation tube setting contest Saturday—Robert Lewis Hawkins—emerged as the winner with a time of 36 seconds for 25 plastic irrigation tubes. Winning second was little Pancho Esparza and in third place was the defending champion, Neil Wall. Neil had a very good basic time but his misses and bubbles reduced his time to third.

In the Junior division Johnny Hindman won first place with the time of one minute and three seconds. Second was Jimmie Johnson with a time of one minute and eight seconds and in third place was Bob Bowden.

It was a very nice day for all concerned—those of you who missed it, missed some fun; some very interesting information in a talk by Bob Thurmond, irrigation specialist of Lubbock.

Mr. and Mrs. W. A. Hawkins left Sunday for California for an extended visit.

Mr. and Mrs. I. V. McLain are enroute home after an extended tour through Canada and the Pacific northwest.

Hart is experiencing a building boom. The Joe Newmans have moved into a new and attractive home. Harold Smith is starting an apartment house, which will house four apartments. He also plans to build a new home in the near future. Mr. Smith has been living in Eric, Oklahoma, but has run a cotton stripper in the Hart area for the past few years.

Royce Lynn Pyeatt won the county 4-H Dress Revue held in Dimmitt recently and went to the district meet Wednesday of this week. She is to be congratulated as she also won in Amarillo.

The Pioneer Gas Company just finished spending several thousand dollars laying a natural gas line in our little city. Plans are complete for the Panhandle Compress and Warehouse to erect a new storage or warehouse building this fall. The new building will be approximately the same size as the one now in use.

WARNING!

TEXAS FARMERS-RANCHERS WARNED OF CIO LABOR PLANS

AUSTIN, Tex., Farmers and ranchers of Texas were warned this week that the CIO plans to organize the farm workers of Texas if its candidate wins the Governor's race.

This warning came from Governor Allan Shivers who charged that the backers of his opponents "want to turn the state government over to the same bunch that is trying to wreck Port Arthur."

"One of the first things they would do is put one of their red-hot organizers from Port Arthur in as labor commissioner. Then every time a farmer or rancher wanted to hire someone he would have to go through the CIO."

Governor Shivers said there was no doubt in his mind that the aim of the CIO after Port Arthur and along the Gulf Coast is finished is to begin organizing farm labor in all parts of Texas.

"You can imagine what will happen when the CIO starts dictating how many laborers are needed to plow ten acres of land, refusing to allow a man to work more than thirty-five hours a week during the harvesting season and telling how much a farmer can charge for his crop," he said.

The Shivers administration, the Governor said, has worked hard to help preserve and protect the rights of the working man.

"But as long as I am Governor, the professional labor bosses who have been sent to Texas from the East—specifically those in the CIO and its Political Action Committee—are not going to run our State Government," Shivers promised.

Shivers said the average working man in Texas appreciated good government and that they were not going to let CIO bosses and professional organizers from the East do their thinking—and voting—for them.

News of Our Neighbors

MEMPHIS—(from the Memphis Democrat) A Memphis attorney has been named president of the First State Bank of Memphis. The new president of the bank is Sam J. Hamilton, chairman of the board of directors. Hamilton was elected to his new post at a recent board meeting. He succeeds the late Carl Harrison, who died in Dalhart Sunday, July 11.

EARTH—(from the Earth Sun) A hearing was held Monday at 10 a. m. in the district court room at Littlefield on a temporary injunction to restrain the Springlake School Board from contracting to build at the present site until the Commissioner of Education has ruled on the matter where the new building should be located. The petition for injunction was non-suited and dismissed. Construction will be delayed until decisions involved in the appeal brought by the plaintiffs have been rendered by proper authorities.

VEGA—(from the Vega Enterprise) W. L. (Bill) Houghtaling, past commander of the Dimmitt American Legion Post and a former member of the Vega Post, was installed as zone commander for this area at a recent meeting in Amarillo. Charles Mason of Amarillo was named vice-commander.

New officers of the Vega American Legion Post are Glen Slutz, commander; David Roberts, vice-commander; and Ralph Slutz, adjutant.

ABERNATHY—(from the Abernathy Weekly Review) Dr. John W. Hale DDS, University of Texas School of Dentistry, Houston, is in Abernathy overseeing the remodeling of the east Nystel building. The rooms are being arranged to speed up the service to the patients and an air conditioner is being installed for their comfort. He expects to have his dentistry equipment installed Friday and Saturday and hopes to be ready to see patients by August 25.

CHILDRESS—(from the Childress Reporter) Bill Monroe of the Texas Employment Commission here, said Friday that employment is up about 10 to 15 percent over the same period a year ago in Childress. Since the beginning of issues of surplus commodities by county officials in April, Moore said, unemployment has dropped between 40 and 45 per cent. During the next 30 days he added, the rise in employment over the same period is expected to continue to rise as seasonal laborers, currently out of jobs, go to work in cotton fields and other places affected by the cotton season.

OES Chapter to Meet
The Dimmitt O. E. S. Chapter will have a picnic supper for members and their families at the hall August 31 at 7:30 p. m.

All persons interested in organizing another club are asked to contact Mrs. Sid Sheffy. Copies of the Lone Star Gardener are available from Mrs. Joe Benson.

March of Dimes Lagging in Castro

A total of \$52 had been collected for the emergency March of Dimes drive in the county as of Tuesday, according to Robert Estes, chairman.

The goal for the drive, which got underway last week, has been set at \$650. Estes indicated that the drive was progressing but many more donations are needed in order for the county to reach its quota.

Some of the quota will be collected in miniature iron lung containers that have been placed in business houses here and at Hart and Nazareth. These containers will be picked up in early September, according to Estes.

WMU to Meet Monday

The Baptist W. M. U. will meet in the home of Mrs. George Bradford Monday at 4 p. m. for a Margaret Tea.

An offering will be taken at the meeting for the Burney Fund and for the educational fund for the education of missionary children. Mrs. Ruster Tidwell will preside at the meeting.

Loan Rate Set For 1954 Cotton

The Department of Agriculture announced this week that the average loan rate for 1954-crop upland cotton, basis middling 7-8 inch, will be 31.58 cents per pound, gross weight. The price support rate for 1954 cotton stored in Castro county will be 33.03 cents per pound.

The 1954 rate for cotton stored in the county is just above the 1953 rate which was 32.48 cents per pound.

The average rate for Middling 15-16 inch cotton, the base quality, will be 165 points (1.65 cents per pound) above the average rate for Middling 7-8 inch cotton or 33.23 cents per pound, gross weight. Premiums and discounts for the various other grade and staple length combinations of upland cotton under the 1954 loan program will be calculated in relation to the price support rate for middling 15-16 inch cotton (the schedule of premiums and discounts was issued on May 1, 1954.)

Sunnyside H. D. Club

The Sunnyside Home Demonstration Club met Wednesday afternoon, August 18 in the home of Mrs. R. A. Axtell. After a short business meeting conducted by the president, Mrs. Noble Howard, the club enjoyed a program on flower arrangement.

Mrs. Sid Sheffy and Mrs. Geo. Bradford of Dimmitt created a number of lovely bouquets illustrating the principles of line, accent and harmony, which Mrs. Sheffy had first explained and emphasized by pictures. They made striking arrangements by use of grasses and the like that grow wild here or are found in the fields. Some of these were dried and some green. Amusement was expressed especially over the use of our pest, the Johnson grass, in one. Processes of drying leaves, grasses and some kinds of flowers for use in winter arrangements were explained.

Refreshments were served by the hostess with the assistance of Mrs. Noble Howard, to the following guests and members: Mrs. Dee Umberson, Mrs. Sid Sheffy, and Mrs. George Bradford of Dimmitt, Mrs. Wayne Powers, Mrs. R. E. Duke, Miss Wynona Duke, Mrs. Robert Duke, Mrs. D. C. Lindley, Jr., Mrs. Billie King, Mrs. Irving King and Mrs. Cecil Curtis.

Mr. and Mrs. Raymond Wilson and Patricia have returned home from California where they spent a two-week vacation.

Mr. and Mrs. John Van Zandt and baby have returned to their home at Andrews after a visit with his parents, Rev. and Mrs. Raymond Van Zandt.

Bob Simpson, David Behrends, and Don Nelson returned Thursday evening from a four-day fishing trip to Lake Conchas in New Mexico. They reported the bass and crappie fishing was fair but catfishing was poor.

Ralph Yarborough Will Be the Next Governor of Texas

HERE'S WHY

Texas is plagued with a rash of insurance scandals due to a lack of enforcement of our insurance laws under the Shivers administration.

There is no conceivable way that a legitimate profit of \$425,000 could be made on one land deal when the original investment was only \$25,000. If it was legitimate, the governor could have long since given a satisfactory explanation.

The Shivers administration for more than five years has failed to pass a natural gas or resources tax. During this time, our gas, oil, and sulphur have been shipped and piped to out-of-state companies which have been realizing large profits. Ralph Yarborough has promised to fight for a Constitutional severance tax on natural resources to aid our schools, senior citizens, and state improvement program.

After five years under the Shivers administration, the Parr machine, and other political machines, are still active in South Texas. Ralph Yarborough, a Democrat, is against any form of 'one-man' politics.

Given every anti-Communist law he has asked the Texas Legislature to pass, Shivers has yet to name, arrest, or register a Texas or foreign Communist. Still he continues to use the Communist scare as a reason for asking for re-election to a third term.

Documented evidence proves that state printing contracts have been let to a newspaper owned in part by the Shivers family. This is a direct violation of the Texas Constitution. It was "against the governor's fundamental principals" to request Federal drought aid in an "off election" year. But in the midst of a heated political campaign he is making requests for aid from the Federal government almost daily.

The doctrine of hate, fear, and deception is being recognized by Texans who realize that these practices are not in keeping with their ideas of good government. An example of the usage of these doctrines is that Ralph Yarborough was accused of being supported by the CIO and PAC. It is a penitentiary offense for any political candidate to receive aid from a labor union. Had the charges been true, state authorities would by now have taken over. They have proved the charges false by not intervening.

Ralph Yarborough is an honest, well-qualified Texas citizen offering to again bring honor, prestige and good government to our state as its chief executive.

Gas savings! Repair savings! Longer life!

90 acres less "piston rub"

... than "the other" leading truck, in every 10,000 miles of truck travel

Small F-100 Pickup, GVW 4,800 lbs.

New Ford Low-Friction V-8 develops up to 16% more power... has 21% shorter piston stroke and 25% slower piston speed!

In every truck engine, there's the rub, rub of piston rings against cylinder walls as pistons stroke up and down. "Piston Rub" means friction... friction that wears out your engine and cuts its usable power.

Ford reduces "Piston Rub" by shortening piston stroke. In the 130-h.p. Power King V-8, for instance, the piston stroke is 21% shorter than that of the other leading make. And, in 10,000 miles of truck travel, the Ford V-8 has the

equivalent of 90 acres less "piston rub" per cylinder!

It stands to reason that Ford's reduction of "piston rub" and friction will mean gas savings, repair savings, and longer engine life.

Only Ford Trucks give you modern high-compression, Low-Friction, overhead-valve, deep-block engines in any size truck you choose. For complete details, see your Ford Dealer now!

Dove Season to Open in County

The Mourning dove season in Castro county will open September 1 and continue through October 10, according to Howard D. Dodgen, secretary of the Game and Fish Commission of Texas. Hunting hours throughout the season will be from 12:00 o'clock noon to sunset each day. The bag limit will be ten birds per day and the possession limit will be ten.

Under Texas State Law, a person is required to place his game birds on storage within three days after the close of the season for the species that is being stored. Federal regulations provide that migratory game birds may not be retained for longer than 90 days after the close of the season for the species of migra-

tory birds being held. A hunting license is required of anyone over 17 years of age who hunts outside the county of his residence.

Mrs. Dusty Jeter and little son, Val, of El Paso were here for the class reunion of 1949, and spent a week visiting her parents, Mr. and Mrs. Glenn Smith, and other relatives. Mrs. Jeter will be remembered as Ladell Smith.

Disaster Victims Get Prompt Relief

AUSTIN—It took just three and one-half hours for the state disaster relief organization, operating through its control center in the bomb-proof basement of the new Department of Public Safety building in Austin, to assemble a complete 60-bed hospital set-up and arrange for airlifting it to Piedras Negras, Mexico, the border town so tragically stricken during the late-June flood disaster of the Rio Grande.

Word of the need was received at the control center about 7 p.m., June 30. By 10:30 p.m. the last item had been located and slated for airlifting via US Air Force planes.

It began with a telephone call from Eagle Pass, Texas, to the desk of the health department representative at the control center. The caller reported a wave of heat stroke and diarrhea, created by exertion of salvage work in the death-like calm and extreme humidity which followed in the wake of a 22-inch rain.

Needed immediately were beds, mattresses, linens, solutions of salts and nutrients to replace salt and body fluids lost to perspiration, vomiting, and diarrhea. Sulfathiazole, needed as a treatment drug; typhoid vaccine for a vaccination program; and tubes, needles and various accessories were also requested.

Dr. T. E. Dodd, the State Department of Health representative on the control center staff, immediately contacted the State Health Department Biologics Division, where a shipment of individual typhoid shots was readied.

Being the only physician present, Dr. Dodd estimated amounts of intravenous fluids needed and

decided on types to be sent.

He recommended that in addition to the sulfathiazole, injectable slow-absorbable penicillin and a generous supply of the newer antibiotics be included. The penicillin was to be used for children and adult vomiting cases.

His recommendations were relayed across the table to Marvin R. Warren, Federal Civil Defense Administration representative, who got them from a civil defense warehouse in Lake Charles, La.

In the interest of economy, and

because of the important weight differences, canvas cots were substituted for hospital beds and mattresses. C. E. Anderson, United States Public Health Service representative, procured them with a telephone call to the Federal Surplus Commodity Corporation.

The Red Cross state relations representative, Ralph Husted, arranged for airlifting the supplies to Eagle Pass since there is no field at Piedras Negras. At Eagle Pass the materials were unloaded, reloaded into helicopters, and flown to Piedras Negras.

Eight Present for Hughes Circle Meet

Due to the inclement weather and bad road conditions, members of the Waurayne Hughes Circle met Monday morning at the First Baptist Church.

The group heard a very interesting lesson taught from the book, "How to Pray," and "Intercessory Prayer."

Despite bad weather, eight regular members were present and one visitor, Mrs. A. L. Taft. Mrs.

Taft is the wife of the visiting minister from Bushland.

The Lubbock Morning Avalanche will be delivered in Dimmitt not later than 7:30 each day starting Sunday, August 29, according to Bud Dye, carrier for this area. Dye indicated that the improved delivery service would probably boost circulation here as the Lubbock paper in the past has been delivered after 8 a. m., making it impossible for some prospective subscribers to read the paper.

Be sure you get the best of these big **4**

1. economy

What's it going to cost to keep that new car in gasoline? In oil? What about service and repairs? Check into it and you'll find that Chevrolet has the greatest name of all for keeping upkeep costs down over all the miles you drive!

2. price

Take a look at what you pay and what you get. You'll see that Chevrolet has more for you and asks less from you. It's priced below all other lines of cars. That's possible because Chevrolet builds the most cars—and can build them better to sell for less!

3. performance

Do you want livelier, smoother performance on less gas? Then be sure your new car has modern high-compression power. That's just what Chevrolet gives you—the highest-compression power of any leading low-priced car. Come in for a demonstration ride!

4. appearance

You, of course, are the only one who can decide which car looks the best to you. But you might well consider this: Chevrolet's the only one in the low-price field with the smooth lines and graceful beauty of Body by Fisher. It's the look America likes best!

Now's the time to buy! Get our big deal! Enjoy a new... **Chevrolet**

WHERE FRIENDS MEET AND PRICES TALK

Former Resident Shower Honoree

Mrs. Bobby Scheller, former Dimmitt resident who now lives in Hereford, was honored with a pink and blue shower in the home of Mrs. O. D. Scheller, Friday at 2:30 p. m.

Several games were played and refreshments of Cokes, dainty sandwiches and pastel mints, were served. For a center piece baby buggys were made from marsh-mallows.

The honored guest's chair was decorated with pink flowers with blue ribbon bows.

Attending the shower were: Mrs. Cecil Beavers, Mrs. J. D. Anderson and Mrs. Carl Ozment, all of Dimmitt; Mrs. Bozie Anderson, Hereford; Mrs. Virgil Williams, Mrs. L. D. Stanford, Mrs. Cecil Williams, Mrs. Barney Scheller, Patsy, Linda and Jackie Scheller, Mrs. Clinton Williams and Miss Ceal Stanford, all of Earth; and Mrs. A. B. Adams, Mary Jane and James, Olton. Several unable to attend sent gifts.

Hostesses were Mrs. Cecil Beavers, Mrs. Bozie Anderson, Mrs. O. D. Scheller and Mrs. Carl Ozment.

Blood Typed

Dr. Faust and three other members of the hospital staff typed the blood of the people of Sun-aside Community Friday night, August 20. The types of blood of sixty-three people was recorded with the hospital and the individuals were given cards stating the type of their blood to carry with them.

Rodeo Association To Meet September 1

A meeting of the Dimmitt Rodeo Association will be held in the county commissioner's court room Wednesday, September 1, at 3 p. m., at which time a report will be given on the rodeo held here recently.

A new slate of officers, who will serve the association during 1955, will also be elected.

All persons interested in the rodeo association, whether a member of the organization or not, are invited to attend the meeting.

Dr. and Mrs. F. B. Faust have returned here from a plane trip to New York, Connecticut and Pennsylvania, where they visited relatives. At Mount Vernon, N. Y. they visited Mrs. George Thompson, mother of Mrs. Faust, and at Bridgeport, Conn. they visited Mrs. Faust's sister and family, Mr. and Mrs. George Peterson. They concluded their visit in Newtown, Pa., where they visited Mr. and Mrs. George Sterling Thompson. Mr. Thompson is a brother to Mrs. Faust.

Thornborrow-Rogers Vows Pledged In Double Ring Ceremony Here

The First Methodist Church of Dimmitt was the scene at 4 o'clock Sunday afternoon of the wedding of Miss Juanell Rogers and Albert Thornborrow.

The couple exchanged wedding vows under an arch of greenery, flanked by two baskets of white gladioli. The Rev. H. L. Thurston presided at the double ring ceremony.

Parents of the couple are Mr. and Mrs. R. D. Rogers of Dimmitt and Mr. and Mrs. F. A. Thornborrow of Tulia.

Given in marriage by her father, the bride wore a balerina-length gown of white organdy. The fitted bodice was accented by a peter pan collar and tiny sleeves, and was fastened down the front with tiny buttons.

Her short veil was attached to a tiara of organdy embroidered with sequins and pearls.

Maid of honor was Miss Barbara Rogers, and bridesmaids were Miss Billie Purcell of Hawthorne, California, and Miss Peggy Gibson of Idalou. Their costumes were identical, of blue organdy. The full ballerina-length skirts emphasized the fitted bodices. Their flowers were nosegays of pink asters.

Bob Thornborrow of Tulia was best man, and ushers were Bill Hunter, Clarence Rogers and James Rogers.

Following the ceremony, a reception was held in fellowship hall of the church. The bride's table was centered with a tiered

the existence of other people, in or out of state government, is when he takes you into his partnership if you will cast your vote for him as that is the only way that he can save Texas for Texans. That's too bad because according to the count in the July primary there are something over six hundred thousand Yarbrough supporters in Texas that are not Texan. I just can't believe it. Another fact of the matter is I just don't believe that Allan Shivers can get or hold a franchise for himself or any given group, as being more Texan than the rest of us. That attitude is not American. It is not Texan. It can only be classified as demagoguery, the type of demagoguery that is designed to divide and conquer, regardless of consequences.

The Shivers literature says there are secret agreements between his opponent, Judge Ralph Yarbrough, and the CIO, the Parr machine and the Negro voters of the state, etc. If these alleged agreements are still secrets then we must admit a large number of people are doing a good job of keeping a secret; then too, if they are secret how does the Shivers machine know about their existence? We won't buy that one. On the other hand the insurance mess under the Shivers administration is a matter of court record, no one has to allege that there is an insurance mess—it is a fact. There is documentary evidence that a newspaper owned by the Shivers family in partnership with another stockholder or two has received state printing contracts in direct violation of the Constitution of Texas. That is a recorded fact. No one alleges that Shivers made \$425,000 profit on a land deal while serving as a public official, it is a matter of record. He says that it only represented a legitimate profit, at least it was a prolific profit because he only had \$25,000 invested for a few months.

Ralph Yarbrough is one of several hundred thousand honest, upright Texas citizens who is well qualified to serve Texas as Governor regardless of how indispensable some people may think Shivers may be. It so happens that Judge Yarbrough is the man in the race, and because of that fact he is being subjected to the abuse and false accusations that would

fall the lot of anyone who dared oppose Shivers in a political campaign.

This column is being written to give a little personality and individuality to your local newspaper. We believe the average reader prefers that their newspapers take stands on public issues, may be not for the information they may impart of for some, real or imaginary, influence they may wield, but more that they serve as a token of our cherished heritage of Freedom of the Press, not only the right to report the factual news but the right to express an opinion, whether it be right or wrong. And we would be the last to reserve for our own personal use the columns of this or any other newspaper. We have never refused to publish any contribution because it conflicted with our views, and we don't believe it is in the best American tradition for us to be criticized too severely because we may from time to time try to present our honest personal convictions editorially in this column. If it is wrong for us to support the things we think are right and oppose the things we believe to be wrong or harmful, then in our 29 years of newspapering we have missed the meaning of the great fundamental wrapped up in the heritage handed to us by our forefathers, part of which is called "Freedom of the Press." Regardless of the outcome of the Governor's race we will not feel any remorse one way or the other; we have stated our honest convictions, we have accorded to our neighbors the same privilege that we reserved for ourselves and we believe Texas as will continue to be a great state regardless, and in spite of, whoever is elected governor.

The fourth annual homecoming of former Summerfield residents is slated to be held at the Jaycee Park in Hereford Sunday, September 5.

Held in the community building at Summerfield in previous years, the event was moved to Hereford this year as the community building was destroyed by fire during the summer.

All former residents are urged to bring a lunch and necessary dishes for the family. The all-day get-together is sponsored by the Summerfield Home Demonstration Club.

Mr. and Mrs. Jack Hodges and Sheralyn are visiting his parents, the Walter Hodges, at Nocona.

Miss Verbie Oldham Honored at Shower

A tea shower honoring Miss Verbie Bess Oldham of Lubbock was given in the home of Mrs. Fred Bruegel Friday afternoon, August 20. Mesdames A. L. Behrens, Ray Bearden, Troy Maxwell, Jack Dyer, Dale Maxwell, and Miss Yvonne Bearden were co-hostesses.

The honoree is to marry Don Nelson in Ford Memorial Chapel of the First Baptist Church in Lubbock Saturday, August 28.

The bride-elect's chosen colors of coral and cotillion blue were used in decorating throughout the entertaining rooms.

Guests were greeted by Miss Oldham, Mrs. Bruegel, and Mrs. B. M. Nelson. Mary Nelson presided at the guest book.

The serving table was laid with a lace cloth. A miniature bride and groom stood under an archway before an arrangement of coral and blue gladioli and daisies flanked by coral candles in crystal holders.

Mrs. Troy Maxwell and Mrs. Jack Dyer served. Yvonne Bearden escorted the guests into a room where a large array of gifts was displayed.

Approximately 45 guests called during the afternoon. Out-of-town guest was Miss Jo Posey of Lubbock, college mate of the couple who will be a bridesmaid at the wedding.

Mr. Shirley Johnson foreman of the Spencer plant in Pryor, Okla., and brother of Mrs. D. W. Brashear, died suddenly Sunday evening. Mrs. Brashear left Monday to attend the funeral.
