Enterprise publisher dies August 26th

Funeral services were held Sunday afternoon in the First United Methodist Church in Winters for Richard Clyde (Dick) Thomas, owner and publisher of *The Winters Enterprise*.

Thomas died Wednesday afternoon, August 26, in the North Runnels Hospital after a sudden illness. Burial was in the Lakeview Cemetery under the direction of the Winters Funeral Home with the Rev. Bob Holloway, pastor of the First United Methodist Church officiating.

Born December 22, 1918 in Albany, he moved with his family to Spur at an early age and began his career as a journalist at the age of 12. Following graduation from Spur High School, he worked as a printer for various newspapers for several years. After spending seven years at the *Texas Spur*, Thomas was on the staff of *The Dickens County Times* for one year and joined the U.S. Army Air Corps in 1939. He left the Air Corps in September of 1945 and worked with the *Gatesville Messenger* until March of 1946 when he became owner and publisher of the *Alexis Argus* in Alexis, Illinois. Thomas joined *The Oakland Acorn* in Oakland, Iowa in 1947 and was recalled to active duty with the U.S. Air Force during the period January, 1951 to November, 1954 during the Korean conflict. After leaving the Air Force, Thomas worked with the *Lincoln County Journal* until June of 1955 when he became part owner of the *Winters Enterprise*. He became the sole owner and publisher of the *Enterprise* in 1974.

Dick Thomas participated in various civic activities in Winters, serving as a member of the

Winters City Council from 1962 until 1966. During his term as a city council member Thomas also served as Mayor Pro-Tem. He also was appointed by the Governor of Texas to the first board of directors of the Elm Creek Water Control District in Runnels and Taylor counties, and served as chairman of that board. Thomas was elected to the Winters Independent School District Board of Trustees in 1972 and also named a member of the Board of Directors of Winters Rental Housing, Inc., non-profit.

Thomas was a member of the United Methodist Church where he served four terms on the Church Official Board, and as president of the Methodist Men's Association for three terms. He recently received recognition from the Winters Lions Club for his 25 year membership. During that time, Thomas served the Lions Club as president and for six years as a member of the Board of Directors. He was a past president of the Winters Chamber of Commerce and a member of the Chamber's board of directors for six years.

City Secretary to leave office on September 30

City officials said Monday that city secretary Buford Baldwin will leave office on September 30. Baldwin submitted his resignation to the city council just before leaving on vacation.

Baldwin said that he felt his resignation was best for him and that it was submitted with deep regret. City officials said that the city secretary had indicated a desire to retire from his position some time this year. The date was set after city officials determined that Baldwin would receive retirement benefits.

City Administrator Glenn Brown said that the city council has made no decision concerning a replacement for Baldwin.

MoPac plans to try again

The Missouri Pacific Railroad Company this week said that it is planning to file for an application that would allow the railroad company to discontinue rail service to Winters.

The director of public relations for Missouri Pacific, in their home office in St. Louis told *The Enterprise* Monday that the discontinuance was under active consideration and that action to terminate the service to Winters would begin in about six months.

Hammer cited a continuing decline in the demand for rail service to Winters as the main reason for the proposed action. Hammer also noted that the costs of operating a train between Winters and Abilene were exceeding the revenue gained by the rail service.

About five years ago, the Missouri Pacific attempted to stop rail service to Winters, but lengthy hearings convinced administrative law judge Robert Joyner to order the railroad to continue to serve Winters.

In question is 31 miles of track stretching from the middle of Winters to its junction with other Mo-pac rails in Abilene. The railroad just recently completed work on some of the bridges along that line.

Although the railroad spokesman said that a total of 309 cars were moved on the Abilene to Winters route in 1980, several hundred jumbo hopper cars carried wheat from Winters and this past weekend almost 20 of the jumbo hopper cars were on the tracks here being loaded with milo. This is

the first year that the jumbo hopper cars, loaded to capacity, have been brought into Winters.

Missouri Pacific's director of public relations also said that Alderman-Cave Milling and Grain was the only railroad customer here, but a railroad spokesman in Abilene said that frequently box cars and hopper cars either deliver or pick up shipments here. The railroad occasionally carries farm equipment and implements into Winters from distant areas.

Upon learning of the Missouri Pacific plans to again attempt to terminate railroad service to Winters, a number of businessmen and residents are making plans to again oppose the plans of the railroad.

Commissioners reject sign project

The Runnels County Commissioners court, in emergency session last Thursday, told the State Department of Highways and Public Transportation that money had not been budgeted for a road sign program and asked that a different proposal be presented at a later date.

The road sign plan is a federal program designed to assist cities and counties with the initial placement of signs on county roads. The signs would, according to Gene Hirschfelt, design engineer for the Department of Highways and Public Transportation, denote intersections, curves, and other hazards.

The commissioners voted two for the sign program and two against with County Judge Bill Stultz breaking the tie with a negative vote.

Hirschfelt told *The Enterprise* that the county would be reimbursed for the cost of the signs, but that the county would be responsible for the purchase of posts, mounting brackets, and the actual installation of the signs, and to maintain the signs which would leave about one half of the total cost of the program for the county to pay. The cost of the program for Runnels county would be about \$21,000 or \$40 per sign. Hirschfelt said that the commissioners asked him to present an alternate proposal later for the sign program.

The state design engineer said that a survey had been made of all Before concluding the meeting the commissioners agreed to change the date for their next regular meeting to September 14 in order to meet the deadline for the budget hearing after the tax hearing. The commissioners approved a motion to increase court costs in an effort to help make court costs uniform throughout the state.

The roads in the county and he would recommend that the signs be installed on roads having 50 or

more cars travelling on it each day and that he would continue to work on a scaled down version of the plan. Hirschfelt said that in order for federal funds to be available for the program the approval must be granted soon. He said that approximately \$12,000 in federal money is available to this county and that he felt confident that the grant could be increased to \$15,000.

In other business the commissioners heard from Doug Clark, Civil Defense for San Angelo and Tom Green County. Clark told the commissioners about the nuclear civil protection and crisis relocation plan, a plan that would move people out of a location particularly vulnerable to a nuclear attack and into rural areas such as Runnels County. Clark suggested that the county hire, on a part time basis, a Civil Defense Director for the county. The commissioners took no action on the proposal, opting to study and research the material before voting on it.

Traffic keeps police busy

Winters police say that the number of traffic violations topped their activities during the past week. A total of eight citations were issued by officers for offenses including unsafe speed, excessive speed, failure to display driver's license, failure to yield right of way, accident, backing without safety, speeding 49/35, speeding 46/35, and speeding 53/35.

Officers said that two persons were arrested on charges of simple assault and one person taken into custody on a charge of public intoxication.

Police department spokesmen reminded motorists in Winters that the school zones are now in operation and that the reduced speed limits will be rigidly enforced. Police Chief L.C. Foster asked for all drivers to cooperate by observing the school zones.

Gov. Clements lauds working mothers

Governor William P. Clements has signed a State of Texas Official Memorandum designating September 6 as Working Mothers' Day, in recognition of the immense contribution made to our society by working mothers.

Spearheading the large group of advocates who worked to bring official recognition to working mothers were Allen M. Seigal, vice-president of Public Affairs of National Child Care Centers, Kathleen McNemar, president of the Texas Association for the Education of Young Children, Jean English of the Texas Department of Human Resources and Jeanette Watson of Austin, newly elected national board member of the National Association for the Education of Young Children, plus many volunteers from these agencies and other child advocate groups.

"In four out of five households today, two wage-earners are needed to support a family," said Seigal. "Fifty-four percent of women with children under that age of 18 are employed outside the home. That's sixteen million American women. These women perform the almost superhuman task of serving as productive members of the work force as well as nurturing mothers and homemakers. Accepting this challenge and functioning with strength, humor and grace under pressure reflects the very best qualities of the American spirit. It's our privilege to be able to honor them by helping to declare September 6 as Working Mothers' Day."

The State of Texas Official Memorandum, signed on August 14, 1981, by the governor and affixed with the state seal of Texas, will be reproduced by National Child Care Centers in a form suitable for framing. As a memento of this special occasion, these documents will be available free to anyone who requests one by writing or dropping into any National Child Care Center and leaving their name and address. The day care firm operates centers in the major metropolitan areas of the state, including Houston, San Antonio, Corpus Christi, El Paso, Dallas, and the majority of the Mid Cities, including Arlington, Irving, Garland, Carrollton, Plano, Bedford, Duncanville and Richardson.

**Jerry Lackey's
Country Folk**

San Angelo was a small town in 1931 and like other communities across the nation its leaders were searching for ways to climb out of the depression. Studying history I find there is an individual in every generation with enough vision to keep towns and people from perishing.

The beautiful city on the Concho Rivers which I love along with 90,000 other country folk had its savior in 1931. He was a man by the name of J. Culberson (Cub) Deal.

Deal was elected manager of San Angelo Board of City Development in mid-summer 1931. His first challenge was to ask the board to attempt staging a Fall Fair in September of that year. The more he looked at statistics from the Fair of 1930, the more he could see "that Angelo was not a fair town."

The idea hit — why not a spring stock show! Located in the center of cattle and sheep ranching, this hub was the market place of a frontier. He called a meeting of livestock leaders: Claude A. Broome, John P. Lee, J. Willis Johnson, Jr., D. T. Jones, County agent W. I. Marschall.

Thus born the San Angelo Fat Stock Show set to debut in March 1932. Broome was elected chairman; John Lee vice-chairman; and Deal secretary. Focus of the show was a youth project designed to interest them in agriculture, basic industry of this area, aimed at putting more people on more acres.

No suitable livestock barns were available at the fairgrounds so the barns at the abandoned Polo Field were leased for the show February 29-March 2, 1932.

Premiums were offered on Baby Beeves, Fat Fine Wool Lambs, registered lambs, goats and pigs by 4-H Club and Vocational Agriculture students. Men's classes consisted only of registered Hereford breeding cattle.

Some 15 counties were represented with a creditable showing in all classes. An auction brought in about \$10,000 to the exhibitors who also received an additional \$2,500 in premiums.

First show to be staged at the fairgrounds was in 1934. A rodeo was staged that year for the first time as an experiment. Of course, it grew and grew and in 1958 a coliseum was completed at a cost of \$1 million.

Progress has continued through the years and with next March, 1982 approaching, the largest show ever will be staged on the 50th anniversary. Plans have already started to mature. This columnist has been appointed executive editor and PR director for the event.

First priority is the research and writing of an anniversary book containing 100 pages or more...the history and background of this biggest of annual events in West Texas.

Wheels have been put in motion at Lackey Communications and this old cowboy editor is back in his element writing about people and livestock history. That has been my life for 25 years and its had its rewards with this project at the top. I have covered the show and every other one in the state for a quarter of a century.

Back in 1969, I was editor of the 50th anniversary edition of the Sheep and Goat Raiser magazine. My staff and I produced a 130 page publication, the largest of its kind ever. Now with the stock show assignment, I am on another cloud of my life.

But I need my readers help! Association files are not complete especially back in the 1930s and 1940s. Somewhere in Texas livestock circles there are some individuals who worked with Cub Deal or maybe was an exhibitor at those early shows and might have a snapshot of those years...even a story to tell. I want to hear from you. My mailing address is: P.O. Box 1542, San Angelo, Texas 76902.

We are set on publishing the most complete history of the San Angelo Stock Show and Rodeo. The publication will also include a history of the fall Roping Fiesta since it started as a steer roping in 1954.

Drop me a line!

Winters girl killed in Ballinger car accident

Rebecca Ann White, 13, was killed and two persons injured when the car in which they were riding collided with a parked grain truck on U.S. Highway 67 in east Ballinger early Friday, according to Ballinger Police Chief Paul Boggess.

The girl was a passenger in the car driven by her mother, Mary Ramille Love, 34, also of Winters. Ms. Love was taken to Shannon Hospital in San Angelo, where she is listed in fair condition following surgery for facial fractures and shoulder injuries, according to Shannon Hospital spokesmen.

A second passenger in the car, 23-year-old Conifacio Fernandez of Winters, also was taken to Shannon Hospital, where he was listed in poor condition with head injuries.

Boggess said the accident occurred at 12:01 a.m. as Ms. Love was eastbound on the highway. He

said the truck was parked in front of a truck stop.

Services for Rebecca White were held at 10 a.m. Monday at Winters Funeral Home Memorial Chapel, with the Rev. John Hoorman of Mt. Carmel Catholic Church officiating. Burial was in Tuscola Cemetery.

Born Feb. 24, 1968, in Abilene, she had lived in Dallas for several years and had lived in Winters since 1978. She was to have been a seventh grade student at Winters Junior High School.

Survivors include her father, James E. White of Dallas; her mother, Mary Love of Winters; her paternal grandmother, Ora B. White of Abilene; her maternal grandparents, Mr. and Mrs. J.B. Guy Sr. of Winters; a brother, Boyd of Winters; a sister, Kathy of Winters.

Cousins were pallbearers.

PUBLIC NOTICE

The Wingate Independent School District serves nutritious meals every school day. Students may buy lunch for 40 cents and breakfast for 20 cents.

Children from families whose income is at or below the level indicated may be eligible for either free meals or reduced price meals. Reduced price lunch is 20 cents and breakfast is 10 cents.

To apply at any time during the school year for free or reduced price meals for your children, complete an application and return it to the school. The school will let you know within ten days if your children are eligible.

If during the school year, there are changes in your family size or changes in income, you may notify the school in order that eligibility adjustments may be made.

If you have applied for free or reduced price benefits in other school years, you will note some changes to the application form. The application now requires that the name and social security number of all adult family members be listed. Adults without social security numbers must indicate that they do not have one. Schools may verify the source and amount of income as well as household composition.

In certain cases, foster children are also eligible for these benefits. If you have foster children living with you and you wish to apply for such meals for them, please notify us or indicate it on the application.

All children are treated the same regardless of ability to pay. In the operation of child feeding programs, no child will be discriminated against because of race, sex, creed, color or national origin.

If you do not agree with the school's decision on your application, you may wish to discuss it with the school. If you wish to review the decision further, you have a right to a fair hearing. This can be done by calling or writing Carroll Daily, 743-6540, Wingate, Texas 79566.

We hope that the changes in the application do not create confusion. If we can be of any further assistance, do not hesitate to contact us.

Poe's Corner

BY CHARLIE POE

BIRTHDAYS AND PECANS

A very special lady observed her 103rd birthday Monday, August 24. She is Mrs. Asa Cordill, the former Attie Grant, who is the only living charter member of the Winters Community Brass Band, organized in 1901 by her brother, Charlie Grant.

I went by Mrs. Cordill's home in Ballinger on Friday to wish her an early "Happy Birthday". She had just finished reading a book and loaned it to me. Her sewing was in a box on the bed and her son, Bill, said that she had made some potato salad for lunch.

Mrs. Cordill is grateful that she can be active but laments the fact that it is difficult for her to hear and arthritic knees keep her in a wheelchair. In addition to being a musician she is also a poet and gave me a poem she had written for her birthday.

MY BIRTHDAY — 103 YEARS 1876-1981

The ledger is closed on this issue,
The seals of time are in place,
Ink spattered leaves are missing,
Scattered away, out in space.
Wrap it up in a package, and
place on memory's shelf,
The way I've lived it is over
The scoring you do for yourself.

The Cordill's moved to Ballinger after their marriage in 1901, but Attie kept up her interest in the band and played with them whenever possible. "My husband encouraged me," she said.

I've written of the Winters Brass Band so many times that I'm going to tell you another story about this remarkable couple. It has been pieced together from old copies of the *Ballinger Ledger* by Gayle Vancil when she was working on her Master's thesis at Texas Tech.

"In 1907, Asa Cordill set some pecan trees in his yard and within a decade was gathering 800 pounds of nuts per year from them. Thirty-six made a pound."

In 1912 he sold his pecans for 75 cents a pound — an enormous profit considering he planted the trees for shade. Because Mr. Cordill publicized his profit, during 1912 more than 1,000 thin shell pecan trees were planted in Ballinger. The next year, more were planted, and so on.

From time to time, large landowners had excessive seedlings spring up in their yards and advertised for people to come after them. The only payment? Cover up the hole where the seedling was and give the young tree a good home.

A pecan society was formed.

In 1919, the *Ballinger Ledger* announced that 23 pecan trees had been planted on the courthouse lawn in honor of soldiers killed in World War I. Another pecan was added as a memorial tree and yet another was planted in memory of Charles Noyes, a young cowboy who died when his horse fell on him.

And today the courthouse is crowded with dozens of towering pecans that form a sanctuary-like barrier between the heavy traffic on US 67 and the old stone Courthouse.

Very few of the courthouse pecans have been lost over the years and they have been replaced by the kind of people that planted the first pecans.

And in the residential areas, pecans are equally thick. A casual check on Broadway of a two block area near the center of the residential area showed 75 trees — just in front yards. Some had trunks bigger around than a grown man can reach, and profusely green limbs that tower above the housetops.

Asa Cordill, a jeweler, has been dead many years but the pecan trees he planted and inspired others to plant lend an immortal, sturdy touch to Ballinger that makes it a beauty among West Texas towns.

And the pecan trees that Asa Cordill planted at his home continue to bless his wife and son with their fruit and shade from their branches.

MRS. DUWAIN BOYD

Tammy Terrell, Duwain Boyd exchange vows August 28

Tammy Terrell, daughter of Mr. and Mrs. Sammy Terrell of Winters, and Duwain Boyd, son of Mr. and Mrs. Floyd Boyd of Abilene

were married in a double-ring ceremony performed August 28 by Rev. James Gehrels.

The bride is the granddaughter of Mr. and Mrs.

F. E. Maxwell of Abilene and Mrs. M. W. Terrell of Hawley.

The couple will make their home in Abilene.

GenTel offers customers disconnection options

General Telephone now gives its customers three options on what to do with their telephones when having service discontinued.

The Public Utility Commission of Texas, in its rate order granting General Telephone \$2.1 million, approved a policy which gives customers the options of paying a charge for the company to pick up the instruments, retaining the instruments and paying the associated costs for the instruments retained, or returning the phones to the company.

Customers terminating service who return their phones to their telephone company business office or GTE Phone Mart are not charged a pick-up fee. However, if the company picks up the instruments, a \$10 charge is applied for residential customers and \$13 for business one-party customers. Another option is for the customer to purchase the phones, paying the commission-approved charges for par-

ticular instruments. Under this option the instruments become the property of the customer. A schedule of rates for particular instruments is available from the business office or GTE Phone Mart.

The new policy applies to all residential customers and one-party business customers.

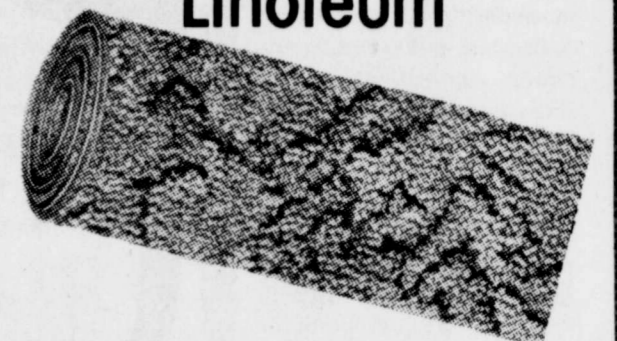

Customers who return or retain their phones can unplug the instruments if they have GTE Phone Mart jacks, or if wired into the old style wall block, can simply cut the wires near the block. The company urges customers cutting wires to avoid cutting wires which carry household electrical current.

Internal Revenue Service collects delinquent taxes

Paying taxes has never been a popular pastime — but it's something that almost everyone does, usually through payroll withholding, estimated tax payments, or regular deposits in the case of employment taxes.

There are, however, some persons who do not pay their full tax liability, according to the Internal Revenue Service. These delinquent taxpayers usually hear from the IRS through its collection process.

If delinquent taxes are owed, several methods of collection are available to the IRS. For example, the IRS employee may request financial information to determine the best method for payment. Usually, if the taxpayer can repay all the outstanding taxes at once — by selling property, borrowing, or using savings — this is done and the debt is paid immediately.

On the other hand, if the taxpayer cannot pay the delinquent amount immediately, the taxpayer may qualify for installment payments.

When a taxpayer can pay the tax due immediately or under an installment agreement, but chooses not to do so, the IRS can enforce collection. One method of enforced collection is by levy.

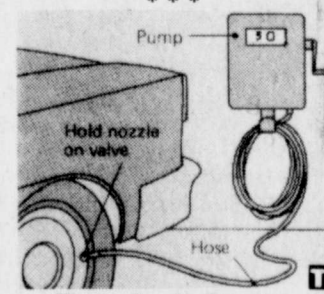

A levy is a taking of property to satisfy a tax debt. It can be against salaries, wages, bank accounts, or commissions, for example. Under the Internal Revenue Code, a levy can be issued against a taxpayer neglecting or refusing to pay taxes owed within 10 days after the first notice has been given. Usually, however, the taxpayer has received several notices and has failed to make satisfactory arrangements for payment before a levy is issued.

In certain circumstances, only one notice may be sent to business taxpayers who fail to pay to the IRS income and social security taxes withheld from the wages of their employees. Income and social security

CAR CARE FOR RENT

Tips For More Safety,
Economy, Convenience

You may be able to fight inflation with inflation. To save money, be sure your tires have enough air. An underinflated tire wears out faster than it should and it can affect steering, decrease the load the tire can carry and increase fuel consumption. The experts who wrote the Reader's Digest Complete Car Care Manual have some suggestions on how you can keep your tires from "retiring" too fast.

First, check the air pressure in all your tires—including the spare—at least once a month. As long as you keep under the maximum tire pressure printed on the sidewall, you can exceed the pressure listed in your owner's manual by about three pounds per square inch and you may get better gas mileage. Check the tires when they're cold for an accurate reading.

Check your tire's tread depth about every three months. Unusual tread wear patterns could indicate suspension problems. Measure the tread depth across the width of the tire in several places and you may spot uneven wear before the tread is completely worn away. Other useful advice to help you find the satisfaction that can come from fixing your own car can be found in the 480-page Reader's Digest manual. Available at your bookstore.

TDPS estimates 48 deaths Labor Day

The director of the Texas Department of Public Safety has warned that as many as 48 persons may die in traffic accidents this Labor Day weekend on the state's streets and highways unless drivers are especially cautious.

"Otherwise," said Col. Jim Adams, "the 78-hour period could be a repeat

of the most recent holiday. Traffic accidents during the last July 4th holiday took a total of 60 lives, 16 more than had been estimated," he said.

Drunk driving and excessive speed were the major contributing factors in the fatal accidents recorded over the July 4th holiday, according to data furnished by the

DPS Statistical Services Division.

None of the drivers or passengers killed over July 4th were wearing seatbelts. In addition, 35 percent of these fatalities resulted from the person being ejected from the vehicle.

Adams urged motorists to wear their seatbelts to minimize the hazard posed by careless drivers. He said seatbelts should be used during city driving as well as long distance trips.

The DPS director said he is deeply concerned

that 1981 may be another record year for motor vehicle deaths in the state.

Adams has instructed DPS Regional Commanders to utilize additional Troopers during the three-day holiday.

The village of Tadoussac, Quebec, at the mouth of the Saguenay River, claims to be Canada's oldest settlement since a fur-trading post was built there in 1599.

CHEESE DUMPLINGS IN TOMATO SAUCE
 3 tablespoons margarine or butter
 3 tablespoons chopped onion
 3 tablespoons Bisquick baking mix
 1/2 teaspoon salt
 1/4 teaspoon sugar

Dash of pepper
 1 can (28 ounces) whole tomatoes
 2 cups Bisquick baking mix

Mix 2 cups baking mix, 2 teaspoons of the cheese and the milk until soft dough forms. Gently smooth dough into ball on floured cloth-covered board. Knead 8 to 10 times. Roll dough about 1/8 inch thick. Cut with floured 3-inch cutter. Place 1 tablespoon cheese on center of each round. Moisten edge with cold water; gather edge and pinch together to seal securely, forming a ball. Drop dumplings onto boiling tomato mixture. Cover and simmer 15 minutes. 6 to 8 servings.

Former Winters coach dies in Colorado

Howard L. Miller, 74, of La Junta, Colorado, died Sunday afternoon after a long illness. Services were held Tuesday in La Junta.

Born Sept. 24, 1906, in Monahans, he was raised in Abilene. He coached the Winters High School football team for two years before becoming an assistant coach at Abilene High School. He was an assistant coach there 12 years before becoming a rancher in the Abilene area. He bought a ranch in Colorado about 1950 and expanded it into a cattle feeding business.

Survivors include his wife, Mickie; a daughter, Melinda of Los Angeles; a son, "Bub"; a brother, A. G. Harker of Abilene; and a granddaughter.

Time to plan retirement

People in the San Angelo area who plan to retire at the end of the year should take some time soon to think about Social Security retirement benefits, Franklin Upp, Social Security district manager in San Angelo, said recently.

A person should apply for Social Security benefits 2 or 3 months before they plan to retire. This way, benefits can begin shortly after income from work stops.

Before applying, a person should get the necessary proofs together, Upp said. This will save time at application time. The first item a person needs is his or her social security card or a record of the number.

Next, proof of date of birth is required. Preferred proof is an official record of birth or baptism recorded before age five. If this does not exist, other proofs can be submitted. People at the San Angelo Social Security office can tell what kinds of evidence can be used.

Records that might be used include school, church, state or federal census, insurance policies, marriage, passports, employment, military service, children's birth certificates, union, immigration and naturalization. This is not an exclusive list and other records may be acceptable.

Forms W-2 (Wage and Tax Statement) for the past 2 years should be provided. A self-employed person should have copies of his or her self-employment tax returns for the past 2 years. These are needed because recent earnings reports may not be in our records.

A husband or wife who also plans to apply should have about the same documents. A marriage certificate may be required, but is not needed in all cases. Information about any previous marriages is also required.

Birth certificates of any young, unmarried children should be obtained as well. Additional documentation may be required depending upon the particulars of a certain case. The people at the Social Security office will be glad to answer any questions about retirement applications.

The San Angelo Social Security office is located at 2214 Sherwood Way and the telephone number is 949-4608.

Bro. Neighbors from Bronte filled the pulpit Wednesday night at the Blackwell First Baptist Church for the evening service and later the prayer service with thirty-two attending.

After the service they all went to the Fellowship Hall where they honored Bro. Neighbors on his birthday, which was Wednesday. Taylor Douglas led the singing of "Happy Birthday".

Then ice cream, cakes and cookies were served to those attending. They were Bro. Neighbors, his wife and daughter from Bronte, Msrs. and Mmes. Lewis Conradt, Louis Johnson, E. K. Finley, Charles Strickland, Gordon Montgomery, Billy Burl Holland, LeRoy McFarland, Grady Patterson, Taylor Douglas, Ben Noble and Mmes. Willie Burwick, Thelma Smith, Ninnie Kinard, Eula Nabors, Ester Davis, Lillian Ragland and one visitor, Savannah Thompson.

The Baptist members have worked all week on the parsonage, getting it redecorated and ready as they have a pastor from Cohoma and his wife coming Sunday in view of a church. They came through Blackwell last Wednesday and visited with some of the members and all who visited with them really liked them. They were impressed with the Church and the parsonage, even it was not quite completed yet, so he will be here Sunday to be interviewed.

Mrs. Charity Pursell left Friday, going by Sweetwater to visit with Mr. and Mrs. Ashton. She then went on to Rosco to visit over the weekend with her niece and her husband, Mr. and Mrs. Jack Collins and then on Saturday the ladies plan to make pear and apricot preserves, but she plans to come home and go to her church on Sunday morning.

Mrs. LeRoy Chew was in her garden gathering her tomatoes last Wednesday morning and found a small rattlesnake, so she called her husband and he came to her and shot it. Mr. and Mrs. Terry Barrett were host and

Another increase in interest rates for U.S. Savings Bonds.

Growing Bigger...Faster.

That's the good news about U.S. Savings Bonds. The Series EE Bonds you buy today grow bigger, with an increased interest rate of 9%. And they do it faster, with a shortened maturity period of only 8 years. Interim rates have been improved, too. Bonds earn 6% after 1 year and 8 1/2% if held 5 years.

These changes make Bonds much more desirable. And with the Payroll Savings Plan, it's easier to save more, in a shorter time.

In fact, almost all outstanding Savings Bonds will benefit from a 1% increase to their next maturity.

So take another look at Bonds. They're still easy to buy through the Payroll Savings Plan; they're safe, guaranteed. Take a look at the tax benefits. The new interest rates. The shortened maturity. And you'll see Bonds do make sense.

For you, and for your country.

COUNTRY SUNDAY DINNER

Sunday dinner means family time...a relaxing meal and lots of table talk. Here's a quick-fixin' entree idea in traditional down-home country style: Chicken 'N' Dumplin's.

For a meal that will be the "talk of the table," gravy's the secret over fluffy dumplings. But what really makes this dish special is Kentucky Fried Chicken Original

Recipe with its secret blend of 11 herbs and spices.

CHICKEN 'N' DUMPLIN'S

- 1/4 cup butter (or margarine)
- 1/4 cup flour
- 2 cans (13-3/4 oz.) chicken broth
- 1/4 tsp. pepper
- 1/8 tsp. poultry seasoning
- Pinch nutmeg
- 9 pieces Kentucky Fried

Chicken Original Recipe

DUMPLIN'S

- 1 cup packaged biscuit mix
- 1/3 cup milk
- 1/4 tsp. black pepper

In a large saucepan melt butter. Stir in flour. Cook over low heat, stirring constantly, for 3 minutes. Add broth and seasonings. Cook over medium heat, stirring

occasionally, until thickened. Place chicken in shallow baking pan. Heat in preheated 350° oven for 20 minutes. While chicken is heating, mix dumplin' ingredients until thoroughly moistened. Drop table-spoons of dough over surface of bubbling gravy. Simmer, uncovered, 10 minutes. Cover. Simmer 10 minutes longer. Serve hot chicken with dumplin's and gravy. Serves 6.

An acre, 43,560 square feet, originally was the area a yoke of oxen could plow in a day.

Blizzards lose scrimmage to Ozona Lions, 3-1

The Winters Blizzards traveled to Ozona last Friday for their final scrimmage before the beginning of regular season play. The Ozona Lions won the scrimmage by a score of 3-1.

The Blizzards marched 70 yards the first time

Lujano did a good job on the receiving end of Butts' passes, catching four for a total of 38 yards.

Coach Slaughter said, "The Blizzard offense sputtered all night long, the team could only sustain one good drive during the scrimmage." "Defensively," Slaughter said, "the Blizzards made themselves known

at the end of the scrimmage, but gave up good chunks of yardage in the early going before they settled down and began playing like they were capable of doing. Linebackers Andy Smith and Ronnie Lujano led the defensive charge near the end of the scrimmage with help from Ralph Austin and Joe Escolona." The Ozona Lions scored on one sustained drive and two long passes.

The Blizzard junior varsity was beaten 1-0 in their scrimmage. Barron Guy and Greg Guevera played very well. "The junior varsity is a much improved team from the beginning of their season," Coach Slaughter said.

The Blizzard junior varsity will host the Ballinger junior varsity Thursday evening at 7:30 p.m. here and the Blizzard Varsity will play the Ballinger Bearcats in Ballinger Friday evening. Kick off time in Ballinger is 8 p.m.

Estimated tax installment for corporations due soon

Corporations operating on a calendar year basis and having an expected Federal tax liability of at least \$40 for 1981 are required to make a payment by September 15, the Internal Revenue Service says.

The amount due can be computed on Form 1120-W, a worksheet for computing corporation estimated tax. The form should not be filed with the IRS, but should be kept in the corporation's records.

When the payments are deposited in authorized commercial banks or Federal Reserve Banks, they must be accompanied by the Federal Tax Deposit Form 503, the IRS adds.

Supplies of Form 1120-W and IRS publication 542, "Tax Information on Corporations", are available free.

NEWS OF JOBS

Although the unemployment rate in the U.S. has been running about 7.3 percent, according to the Bureau of Labor Statistics, there are some people who are working out ways to increase the amount of work available.

Economists say the removal of price controls on "new" natural gas will undoubtedly encourage new drilling efforts and hopefully result in increased supplies of natural gas, which could in turn bring about more jobs across the industrial spectrum.
