## Freedom speaks...

Winners in the recent "Voice of Democracy" contest sponsored by VFW Post 9193 and the Ladies Auxiliary were (from left to right):

First place, Nancy Gonzales, daughter of Mr. and Mrs. Fidencio Gonzales; Second place, Barbara Henderson, daughter of Mr. and

Mrs. J. A. Henderson; and Third place, Sherry McKnight, daughter of Mr. and Mrs. Troy McKnight.

## Holiday schedule for refuse collection

There will be no residential or commercial refuse collection on Thanksgiving Day, Thursday, November 26.

All commercial customers will be picked up on Friday, November 27, as well as all residential customers which are routinely picked up on Fridays anyway.

Those residential customers which normally would have been picked up on Thursday, November 26, will be picked up on the following Monday on the regularly scheduled day.

## Zoning request to be reconsidered

The Winters City Council, in their Monday night meeting agreed to reconsider the request of Allsup's Stores for a change in the zoning of two lots in the 400 block of North Main. The council in their last meeting turned down the proposed change from residential to commercial to allow for the construction of the store.

City Administrator Glenn Brown told the council that two property owners, Dr. Tommy Russell and Geraldine Collins, had sent a letter to the council requesting the reconsideration of the request. The two own property next to that being considered for the convenience store.

Nancy Strickland, of Strickland Realty, told the council that Allsup's was very disappointed over the rejection and were now considering locating a store in Bronte rather than Winters. Ms. Strickland was critical of the council, the Planning and Zoning Commission, and a former city official in the handling of the requested change and for indicating that such a change would be no problem. The owner of Strickland Realty also suggested that another convenience store was allowed without a zoning change, but City Attorney Ken Slimp noted the property had been zoned commercial prior to the construction of the convenience store. Another point questioned by the real estate agency owner was of the legal steps required for a zoning change, the call for a public hearing, and the formal hearing and vote. Attorney Kenneth Slimp told Ms. Strickland that these steps were required by state law.

The council noted that the entire issue had been clouded by concern over any possible future sale of alcoholic beverage across the street from the First Baptist Church and agreed to call a public hearing on the issue again in the December 7 council meeting.

## "Voice of Democracy" award winners named

In a program held Nov. 11, Veterans Day, in the high school auditorium, approximately 50 senior students took part in the VFW "Voice of Democracy" contest.

Taking first place, and \$100.00 was Nancy Gonzales, senior, and daughter of Mr. and Mrs. Fidencio Gonzales. Second place and \$50.00 went to senior Barbara Henderson, daughter of Mr. and Mrs. J. A. Henderson, and third place and a \$25.00 prize went to Sherry McKnight, senior, daughter of Mr. and Mrs. Troy McKnight.

Receiving \$10.00 awards were Barbara Watson, Gloria Isaacks, Roy Walston, and Jerry Davis, and

## NOTICE

## Early dismissal Nov. 25 for Thanksgiving

The Winters Independent Schools will dismiss at 2:30 p.m. on Wednesday, November 25 for the Thanksgiving holiday, according to Tommy Lancaster, school superintendent.

Buses will run at that time.

## GenTel hearing should be short

A hearing on whether General Telephone of the Southwest's penalty for poor service should apparently be going to be short.

Hearings Examiner Phil Ricketts Monday set the hearing for 9 a.m. December 9 at the Public Utility Commission's Austin office. All parties involved have agreed that one day should be sufficient.

Don Butler, attorney for the Texas Municipal League, said he was not sure what position the cities served by General Telephone will take on dropping the \$4 million annual penalty.

"I can't tell you we're going to take a position adamantly opposed to it at this time," Butler told Ricketts.

Butler said he will wait to see what type of case the commission staff presents on the question.

receiving \$5.00 awards were Debra Lanter, Dorothy Plumley, Curt Gehrels, and Tawnya Murray.

The awards were given by Mary Kurtz, Voice of Democracy chairperson and Ted Meyer, Quartermaster of the local VFW. Program coordinator was Nancy Michaelis. This contest was sponsored by Veterans of Foreign Wars Post 9193 and the Ladies Auxiliary.

Judges for the occasion were Mary Louise Bauer, David Evans and John G. Key Jr.

## J. S. Brown named Winters 'Stew Champ'

J. S. Brown of Winters was named the winner of the second annual Winters Stew Cookoff last weekend. Brown, one of six men entered in this year's cookoff claims there is "nothing really special" about his stew, but, to the judges, it proved tastier than that of 31 other entries.

For his efforts, he was awarded eight T-bone steaks, a ham, and two ice chests as first place prizes.

In the cookoff, Oneta Williams of Winters won second place, and Rhuenell Poe, also of Winters, won third place.

## "Nothing special..."

Or at least, that's what J. S. Brown said, after his stew won first place among 31 other competitors in the

tional parking space.

The Winters City Council gave their approval to two ordinances concerning parking in this week's meeting.

One ordinance prohibits parking on the east side of Main Street between College and Jones streets from 7 a.m. and 4 p.m. The area involved is in a school zone and school officials had requested the ordinance to make the area safer for both students walking to and from school and for parents driving their children to school. The school officials said that vehicles parked along the side of the street at that location block the view of pedestrians and drivers attempting to cross or turn onto Main street.

The City Council termed any violation of the ordinance a misdemeanor, and said it could result in a fine of up to \$200. Also any vehicle found in violation could be towed away by the city and storage fees of \$3 per day and towing fees would also be levied.

The no parking signs would be furnished by the Texas Department of Highways and Public Transportation.

The other ordinance concerning parking passed by the council would regulate the parking of any motor vehicle on private property. The ordinance says that it shall be unlawful to park a vehicle on any private property after regular business hours of the business owning the parking lot. This is also accompanied by the provision of a \$200 fine and storage and towing charges.

City Administrator Glenn Brown told the council the ordinance was not needed at the present time, but the city needed to have the ordinance on the books in the event that nighttime parking in the downtown area were to create a problem.

In other action the council gave their approval to a program that will improve the outside appearance of the city hall building and its annex. The city administrator said the face-lifting would cost about \$5,000.

Involved in the project would be covering the second floor windows and painting the trim on the city hall buildings and to paint the city owned residence behind the city hall.

City administrator Brown told the council that work is starting this week on the demolishing of several old brick storage buildings behind the city hall complex. This, Brown said, would improve the appearance of the area and add addi-

ditional parking space.

Before ending their Monday night meeting the council discussed giving one of the older city fire trucks to the Wingate Volunteer Fire Department. Winters fire officials said that with the addition of the recently purchased fire truck the older one is not needed and could be used by the Wingate department.

The council agreed to wait until their December 7 regular meeting before taking any action concerning the fire truck.

Also the council discussed the possibility of annexing a number of residential areas outside the city limits. One council member called the idea "getting all the city in the city limits." The council noted that property owners outside the city limits are paying more for city services than they would be paying for the same services and city taxes if they were inside the city limits.

Under state law, cities under 10,000 population cannot annex property unless the property owners request the annexation.

plains of tire slashings were reported by Bobby Boyler, Milton Gerhart, Alderman-Cave Milling & Grain Co., Winters Farm Equipment Co., JoAnn Stanfield, U.S. Post Office, Dud Thomas, American Supply Co., Ace Automotive, Frank's Paint and Body, and Wilbur Waggoner.

Police say that they are following several leads and checking several suspects but that they need help from anyone who has any information concerning the vandalism. Officers say that all information will be kept confidential.

The reward money is made up of the \$200 Chamber of Commerce reward fund and several businesses have added amounts of up to \$500 to the fund.

Reward money totaling \$1,000 is being offered for information that leads to the arrest and conviction of the person or persons responsible for the tire slashing spree in Winters last Friday night.

Winters police say that over 40 tires were slashed at businesses and residences along and near west Dale street some time Friday night.

The reward money is made up of the \$200 Chamber of Commerce reward fund and several businesses have added amounts of up to \$500 to the fund.

## Tax Appraisal Board members elected

Five representatives were elected to the Runnels County Tax Appraisal Board at last week's meeting of the county commissioners court.

Elected were Billy J. Colburn, M.B. Folsom, H.H. Gully, Drury Hathaway, and Fred Salling. The members will serve for a one year term.

In other action, the commissioners agreed to employ Bob McDaniel as the county civil defense director on a limited part time basis. McDaniel will receive a salary of \$50 per month.

The commissioners turned down a request made several weeks ago by the Ballinger Industrial Committee to furnish county equipment to haul gravel and caliche to the site of the proposed new Kent, Inc. factory.

County Judge Bill Stultz said the request was turned down after the county was advised by Texas Attorney General Mark White's office that the request should be treated just like a request from a private business or homeowner.

BILLIE ALDERMAN

## B. Alderman named new alderwoman

The Winters City Council unanimously approved the appointment of Billie Alderman to fill the council seat formerly held by Charles Hudson.

Mrs. Alderman's name was one of two submitted to the council in their Monday night meeting to fill the vacant seat. The motion to name Mrs. Alderman to the council seat was made by councilman E.J. Bishop, seconded by Jim Hatler, and received the unanimous vote of the council.

The new councilwoman is the wife of Ray Alderman and was formerly in the real estate sales business. She will serve until the next regular city election at which time the seat will be filled for a period of one year.

In commenting on her appointment, Mrs. Alderman said she felt "Very honored to be chosen for the position." Mrs. Alderman said that she would work with the council in their improvement of the City of Winters and to try to represent the citizens of Winters as fairly as possible.

## Family Planning Clinic set for November 19

**Reports from Washington**

**Some Facts On Oil Decontrol**

When President Reagan removed the last remaining controls from the price of oil and dismantled the eight-year-long "temporary" allocation program, some skeptics said prices would skyrocket, that massive oil imports would continue, and that no real increase in domestic production would result. The facts have proved otherwise. Exploration boomed. Consumption decreased. U.S. oil imports dropped. Prices stabilized — they even declined. Decontrol has proven that America's energy industries, from the small independent producer to the large corporation, stand ready and willing to embark upon an ambitious program to reduce our reliance on imported oil by providing the greatest amount of domestic energy at the lowest possible price. Briefly, let's look for a moment at what the latest figures tell us about the effects of decontrol.

Critics said decontrol would not increase supplies or decrease demand. The number of newly discovered producing wells was up 41.6 percent from January to July of this year as compared to the same period in 1980. The number of active rotary drilling rigs in August of this year was up 36 percent over the same period last year. Total domestic production of crude oil has increased by more than 150,000 barrels per day during the past twelve months. During the first six months of this year our domestic consumption dropped by 232 million barrels of oil from 1980. At the same time, our total oil imports actually fell for the first time in years by 300 million barrels over the same period last year.

Critics of decontrol said it would cause substantial increases in fuel prices, even assuming no large OPEC price increase. But the average gasoline price for all grades was actually down an average of 2.6 cents in June 1981, compared to April 1981. And the average price of No. 2 heating oil was down 4.1 cents in May compared to March 1981.

The best news by far is that domestic drilling activity is at an all-time high while imports of OPEC oil are down to a 13-year low and likely to dip even further.

While some experts believe that OPEC no longer holds all the cards in the world oil market, this nation's and the world's energy problems are far from being solved. American industry is not to blame. For despite the industry's best efforts, our reliance on OPEC for approximately one-third of our energy needs means that those countries will continue to set the price and determine the availability of the energy we need for American homes and factories until we regain domestic energy self-sufficiency.

Because crude oil and natural gas still provide more than 70 percent of our total energy needs, we must remove still further impediments to the production and use of our great energy wealth:

- Deregulation of natural gas. Allowing the price of natural gas to rise to its true value will discourage the inefficient use of this resource and provide a stable domestic supply of clean-burning fuel for the future.
- Development and implementation of a sound plan for mineral exploration on more than two-thirds of our Federal lands that are either closed or effectively restricted from energy and mineral development. We can develop these frontiers — which may contain reserves of oil and gas equal to all known deposits to date — and do so in an environmentally acceptable manner.
- Elimination of the Department of Energy. This is a \$10 billion tax drain which has not produced one additional barrel of oil and has added to the costs all of us must pay for running the bloated bureaucracy.
- Accelerate filling of the Strategic Petroleum Reserve. In the event of an oil crisis, we must be prepared to deal with a supply interruption with energy — not with government rationing stamps.

It is my firm belief that, given the opportunity to earn necessary investment funds and the opportunity to compete in the marketplace without government interference, America's energy industry will do its job — using American dollars to produce American jobs to produce American energy for the future.

**Arts and Crafts Show termed 'success'**

The annual Arts & Crafts Show last weekend was attended by approximately 850 exhibitors and visitors. Winners in the Stew Cook-Off were: J. S. Brown, 1st place; Oneta Williams, 2nd place; and Rhuenell Poe, 3rd place. Shopping Spree winners were Nadine Bedford, 1st place; John Burch, 2nd place; and Brenda Killough, 3rd place. Also included during the Arts & Crafts Show

was a quilting contest, held at the Z. I. Hale Museum. Ribbons were awarded to winners in several categories. They included: Applique and embroidery — 1st, "Southern Belle" by Dorothy Boman; 2nd, "Cross Stitch" by Josie Lindsey; 3rd, "Happiness Birds", by Ethel Polk. Patchwork — 1st, "Double Wedding Ring," by Edna England; 2nd, "Double Wedding Ring" by Mildred Patton; and 3rd, "Dresden Plate" by Mildred Patton.

Baby quilts — 1st, "Cross Stitch with no frame" by Eileen Dinger; 2nd, "Embroidery" by Lois Best's grandmother; and 3rd, "Embroidery" by Josie Lindsey. Oldest quilts — Best of Show, Leila Harter; and receiving 1st place ribbons were Melvin Mapes, Mary Kurtz (made by Lula Martin), Mrs. E. E. Thormeyer (made by Lela Thormeyer), M. M. Leathers, Joyce Bahlman (7 generation), Mrs. Homer Hodge, Mrs. August Stoecker (brought by Katie Bredemeyer), an Lois Best's grandmother, Stan Bunch.

**JACK-O-PIZZA**

8 ounces packaged fine egg noodles  
 3/4 pound ground beef  
 1 can (16 oz.) tomato puree  
 1 envelope Lipton® Onion-Mushroom Soup Mix

1/2 teaspoon oregano  
 1/4 teaspoon garlic powder  
 3 eggs, beaten  
 1 package (8 oz.) mozzarella cheese, shredded  
 Green pepper garnishes

Preheat oven to 350°. Cook noodles according to package directions; drain. Reserve 1/2 cup for garnish. Meanwhile, in medium skillet, brown ground beef; drain. Stir in tomato puree, onion-mushroom soup mix, oregano and garlic powder. Simmer covered, stirring occasionally, 20 minutes. In large bowl, combine noodles, eggs and 2 cups cheese. Press mixture evenly into greased 12-inch pizza pan. Bake 20 minutes or until lightly browned. Spoon sauce mixture onto crust. Garnish pizza to form "face" as follows: use remaining cheese and green pepper pieces for eyes, mouth and nose, and reserved noodles for hair. Bake an additional 10 minutes or until heated through. Makes about 8 servings.

### Mrs. G. Davis died Sunday in nursing home

Mrs. Grover Davis, 91, died at 1 p.m. Sunday in the Senior Citizens Nursing Home following a lengthy illness.

Services were held at 2 p.m. Tuesday from the First Baptist Church with Rev. Fred Thomas, pastor, officiating, and Rev. Bob Holloway, pastor of the First United Methodist Church, assisting. Burial was in Lakeview Cemetery under direction of Winters Funeral Home.

Born Ida Maud Renick February 17, 1890 at Killeen, she moved in 1906 with her family to Runnels County, settling on a farm east of Winters, where she lived until moving to Winters in 1948.

She was married to Grover Davis on July 20, 1913 in Winters. He preceded her in death on November 8, 1972.

Mrs. Davis was a charter member of the Victory Home Demonstration Club and was a longtime member of the First Baptist Church.

Prior to her marriage, she had been an employee of the Postal Service in Winters.

She is survived by two sons, Terrell (Bill) Davis of Dallas, and LaDell Davis of Winters; a brother, Bill Renick of Quitman; one granddaughter; and two great-grandchildren.

Pallbearers were V. E. Colburn, R. Q. Marks, Hudon White, Sr., H. M. Nichols, Carl Baldwin, Marvin Bedford, D. W. Williams, and M. L. Dobbins.

### Mrs. Turnbow died after brief illness

Mrs. Van Turnbow, 84, died at 6 p.m. Thursday in the North Runnels Hospital following a brief illness.

Services were held at 2:30 p.m. Sunday from the Winters Memorial Chapel with Rev. Robert Sherman, Pentecostal minister of Coleman, officiating. Burial was in Lakeview Cemetery under direction of Winters Funeral Home.

Born Welchie Willie Kilman October 31, 1897 at Markley, in Young County, she later moved with her family to Bowie, where she lived for a number of years.

She was married to Walter Williams in 1915 in Bowie. He preceded her in death in 1919. She then married W. J. Teague in 1920 at Bowie. On January 20, 1924, she was married to Van Turnbow at Bowie. He preceded her in death on May 28, 1963.

In 1940, the family moved to south Taylor County, settling on the Graham Lake. Four years later, they moved to Winters, where Mr. Turnbow worked for the Texas Pacific Railway for seventeen years.

She was a member of the Pentecostal Church.

She is survived by one son, Horace Williams of Abilene; four daughters, Elwanda Flemming of Madera, Calif., Dorothy Waldrop of Winters, Lue Haupt of Tuscola, and Sue Bullard of Fort Davis; one sister, Mrs. Lillie Loudermilk of Bowie; 19 grandchildren; 33 great-grandchildren; and 1 great-great-grandchild.

Pallbearers were Bobby Staggs, Billy Joe Emmert, Edwin Hart, Carson Easterly, Charles Wearden, Shirley Howard, Robert Kraatz, and David Carroll.

### Area counties to benefit from 'windfall profit' tax

The economics of 24 West Central Texas counties will get a \$2.9 billion boost between 1982-1986 due to recently enacted amendments to the "windfall profit" tax, according to a study released today by the West Central Texas Oil & Gas Association (WeCTOGA) in Abilene.

Harry Bettis of Graham, president of WeCTOGA, estimated that independent oil producers in the 24-county area will receive \$981,916,308 in extra revenue because of the amendments. He said independents have historically spent the equivalent of 105 percent of their gross wellhead revenues in exploration-development activities.

"Based on the established theory that for every dollar invested in an oil venture results in a \$3 benefit to the area economy, the West Central Texas area will benefit to the tune of \$2,945,748,924," Bettis said.

"This is money that

would otherwise have gone to the federal treasury," he said.

Bettis noted that these figures do not include the \$2,500 tax credit royalty owners will receive in 1981, their two-barrel-per-day exemption in 1982-84 and their three-barrel-per-day exemption in 1985 and thereafter.

"We just could not determine how many royalty owners were out there and how many would take the full exemption if they took an exemption at all," Bettis said.

"We could make an estimate as to how much oil is produced in each category and determine the benefits of these tax advantages accordingly," he said.

Bettis explained that the tax rate on new oil will decline from 30 percent in 1981 to 27 1/2 percent in 1982, 25 percent in 1983, 22 1/2 percent in 1984, 20 percent in 1985 and 15 percent in 1986 where it will remain constant. Stripper oil (wells producing 10 barrels or

### Children's Book Week at Winters Public Library

"Anytime, Anyplace, Any Book" is the theme for this year's Children's Book Week held at the Winters Public Library, and the library has a lot of new children's books to accompany it. The newest Shel Silverstein book, "A Light In The Attic", has recently arrived at the library.

Purpose of the specially designated week is to "encourage children to read and enjoy books."

less per day) will be exempted completely from the tax beginning January 1, 1983.

WeCTOGA used 1980 production figures (the most recent available) from the Texas Railroad Commission, and estimated the price of oil at \$35 per barrel.

"Approximately 50 percent of the oil produced in West Central Texas is stripper oil, and about 25 percent is new oil," Bettis said. "The remaining 25 percent is old oil."

### Herbicide resolution approved by County

The Runnels County Commissioners Court approved a resolution requesting the Commissioner of Agriculture that all spraying of hormone type herbicides be prohibited between the dates of May 24, 1982 and October 1, 1982 in the same manner as last year.

The regulated area's boundary extends from the Coke County line at the Colorado River to Highway 83, North along Highway 83 to Highway 382, North along Highway 382 to FM 2647, North on F.M. 2647 to FM 1770, West on FM 1770 to Highway 83, North on Highway 83 to the Taylor County line.

The resolution also recommends that the use of Amine or other non-volatile products be allowed with the permits prescribed by law within the restricted area.

The resolution also

recommends that no permits or fees be required of users of the hormone type herbicides during the period of October 1 and May 24 of each year.

County Judge Bill Stultz said the resolution and the area involved is just the same as was covered last year.

## CARD OF THANKS

We are so humbly grateful for the loving kind deeds all of you have done for us, the children and grandchildren of our beloved mother and grandmother, Mrs. Emma Cole. Your kindness and deeds, too numerous to mention, have been a wonderful consolation to us and we thank you.

—The Family of Mrs. Alma Haupt

## CARD OF THANKS

Dear Friends,  
We sincerely thank each of you for the many acts of love and caring concern shown to us in the death of our son, David. The food, flowers, calls, cards and memorials have helped us so during our time of hurt and sorrow.

Please know how much we appreciate you. God is so good to have blessed us with David and then to give us people like you to surround us with your love during our special time of need. May He continue to bless each of you.

Sincerely,  
The Family of David Badgett

## Spirited COOKING

**A JAMBALAYA RECIPE TO JUMP AT**

If you're like many American home chefs, not only your skills but your appetite may grow sharp when a famous chef demonstrates one of his celebrated recipes. Here, Arthur DeCuir, a former consultant to the famed Sardi's restaurant, the "21" Club and The Four Seasons Restaurant, and now consultant to Champagne, Inc., reveals the secrets of one of his famous Creole dishes.

Regional dishes like this Louisiana creole favorite have many fans across the country.

about ten minutes, stir frequently. Add the shrimps and the chutney and stir, cooking no more than 5 minutes.

- SHRIMP JAMBALAYA WITH PINK CREOLE RICE (Serves 4-6)**  
3/4 cups long grain rice  
1 1/2 cups Pink Champagne  
2 teaspoons chopped parsley  
2 tablespoons butter  
1/4 teaspoon salt  
1/8 teaspoon cayenne pepper  
1/8 teaspoon curry  
1/8 teaspoon nutmeg  
1 cup drained canned petit peas
- SHRIMP JAMBALAYA**  
Peanut Oil  
1/2 cup chopped onion  
1/2 cup chopped green pepper  
1 clove garlic, finely minced  
1/4 cup liquid  
4 tablespoons Javin  
Major Grey Chutney  
1 pound medium-sized shrimp, peeled and deveined  
1 teaspoon chopped parsley  
1/4 teaspoon thyme  
1/4 teaspoon chili powder  
1/2 teaspoon salt  
1/4 teaspoon ground curry  
1 1/2 cups extra dry sparkling Champagne

Boil the rice in the Pink Champagne. Use a 2-quart pot. Bring the malt liquor to a boil, stir in the rice. Add salt and pepper and cook at a simmer until the rice absorbs all the Pink Champagne. Taste for al dente (rice should have a bite, not overcooked). Add the butter and blend well. If rice needs more cooking add more Pink Champagne. Mix in the nutmeg and curry and blend thoroughly. Remove rice from heat and blend in the drained peas. Serve the rice with the Shrimp Jambalaya on the same plate, or use the rice as a bed for the Jambalaya.

Red tomatoes provide more Vitamin A and C than green ones so it's better to let them ripen before using.

## Blackwell

The Omega Coterie of Blackwell sponsored a Blood Pressure Clinic at the Firemen's Hall in Blackwell Tuesday morning with 51 having their blood pressure checked.

Following, the members served a luncheon to the 36 guests and 12 members in attendance.

After lunch, Mrs. Herman Seale helped the Senior Citizens organize a Senior Citizen Day in Blackwell, so they elected officers, Herman Seale, president; Grady Paterson, vice president; Mrs. Thelma Conradt, Secretary-Treasurer; and Savannah Thompson, reporter.

The day set for the Seniors to meet was the second Tuesday of each month, on the same day the Omegas have the Blood Pressure Clinic. Everyone is asked to bring a covered dish for the lunch to follow the clinic.

The United Methodist Women of the Blackwell United Methodist Church met last Monday afternoon in the home of Mrs. Ida Oden with 6 members and 1 visitor. Mrs. Cecil Smith presided in the absence of President Mrs. T. J. Oden who was unable to attend due to illness.

Juanita McRorey voiced the opening prayer. During the business meeting, it was decided to cancel the Nov. 23 meeting due to the Bazaar and Thanksgiving. Mrs. McRorey presented the program, "Praise for Light" assisted by Mrs. Smith, Mrs. R. Q. Spence and Savannah Thompson.

Remember, the Bazaar and Supper to be held in the Fellowship Hall of the Methodist Church next Saturday, Nov. 21.

Mrs. Bessie Vest received word Friday night of the death of her brother, Ralph Foust, 77,

of Fresno, Calif., after suffering a heart attack. Survivors include two sons, Billy and Sammy Foust, of Fresno; three sisters, including Mrs. Vest of Blackwell; four grandchildren, several nieces and nephews. Our sincere sympathy to Mrs. Vest.

Mr. and Mrs. LeRoy Chew had as their visitors last Saturday, her sister, Mrs. Raymond Musick, and her daughter, Sandra, of Hamilton. Mrs. Musick came up to visit with her mother, Mrs. J. P. Wallace and her husband from Kingfisher, Okla., who had been visiting with the Chews.

Blackwell had its first killing frost last Monday night, which was to get here by Nov. 10, so it did.

The Omega Coterie met Wednesday in the home of Lillie Mae Walters with 12 members and 1 visitor attending. Ollie Crain served as co-hostess.

Following the opening prayer voiced by Rhoda McCarley, minutes were read by the secretary, Shirley Watson.

Members voted to donate \$100 to the Blackwell Cemetary Association; \$50 to the Volunteer Fire Dept. and a \$50 donation to the Sr. Citizen Club, which was organized last Tuesday.

A letter of thanks was read from the Bronte Nursing Home thanking the Club for the Halloween Gift Bags.

Refreshments were served by the hostesses to Mmes. Seale, McCarley, Marie Wheat, Ollie Crain, Margaret Stout, Marie Romine, Emma Lee Lanier, Esther Smith, Ruby Patterson, Jane Wheat, Bethea Smith, and visitor, Joyce Jones of Oak Creek Lake. The December meeting will be a Christmas Luncheon in the home of Mrs. Herman Seale.

**Quilts, Quilts and More Quilts**

People from Ballinger, Coleman and Sweetwater were among the more than 160 guests attending the two-day showing of quilts sponsored by the Arts and Crafts Show and held at the Z. I. Hale Museum.

Judges from out of town were overwhelmed at the large variety of entries and agonized over their task of selecting first, second and third in each division.

Their greatest difficulty was in the Oldest Quilt category and they finally decided to give each quilt a blue ribbon and select best-of-show which was awarded an entry by Leila Harter of Wingate. The quilt was made by her grandmother Harter in the late 1880's, as she died about 1883...the first person buried in the Wingate Cemetery.

The quilt was a tulip pattern and not bound. Miss Harter said that her mother offered to bind the quilt but her father wanted it to remain as his mother had left it. She had also made another coverlet of silk scraps put together with briar stitching. We noted several types of stitches such as the wheat, feather and crow's foot. This type of spread was once very popular and Mary Margaret Leathers entered one made by her grandmother in 1924.

Others in this division were a "Friendship Pattern" over 150 years old, brought in by Melvin Mapes, and made by his mother. Another owned by RC and Mary Kurtz, bought at an estate sale in 1960, was made by Lula Martin who lived with her brothers in the Eagle Branch Community. Material cost 19 cents a yard for the quilt of embroidered state flowers made by Lela Thormeyer in 1930 - a "Farm Quilt" quilted by Mrs. August Stoecker in 1930 was entered by Katie Minzenmayer. It was made in blocks with an embroidered farm animal on each block. A "Sunburst" pattern was used by the grandmother of Lois West for a quilt over 80 years old. Another entry was made by the grandmother of Mrs. Homer Hodge, Mary Belle McGary Mason, who died in Antioch, Ohio in 1882.

A seven-generations baby quilt was entered in the oldest division by Joyce Bahlman. Made by great-great-great-grandmother Gray in 1884 and more work added in 1923 by great-grandmother Hutchinson who gave the quilt to Charles Bahlman in 1947.

In the applique and embroidery division, first place

**Emphysema second only to heart disease**

The number of people with emphysema has risen dramatically during the past twenty years and now ranks second to heart disease as acrippler of men under 65 years of age, in their most productive working years. In addition, there is a rising incidence in women.

The American Lung Association reports that 47 million people in the United States now suffer from chronic respiratory diseases with chronic bronchitis and emphysema leading the list. In the past twenty years alone, the incidence of emphysema has increased 900%. Of this group of emphysema sufferers, more than 80% have smoked heavily for years

and approximately 30,000 Americans will die of the disease this year. How can an individual avoid progression of this dreadful disease? Early detection is a must. Emphysema is often disguised as a persistent cough, shortness of breath or bronchitis. Any persistent respiratory infection, shortness of breath, or cough should be thoroughly investigated. Shortness of breath is evident at first only with exertion. Eventually, every breath becomes a major effort and lung failure, as well as heart failure, can be the end result of emphysema.

The San Antonio State Chest Hospital, located at 2303 S. E. Military Drive,

was given Mrs. Dorothy Bomar for her Southern Belle pattern and second place to Josie Lindsey of Wingate for her cross stitch design. Other outstanding quilts were "Happiness Birds", of cross stitch by Ethel Polk of Wingate, "Sunbonnet Girls" by Billie Whitlow, "A Morning Glory" applique by Vida Talley of Wingate and "Westwood Ho!" by Peggy Barnes.

Double ring patterns vied for honors in patchwork with first place going to Edna England and second to Mildred Patton of Wingate.

A cross stitch baby quilt which Eileen Dinger made by hand and with no frames was given the blue ribbon in baby quilts. An embroidery quilt entered by Lois West received second place. Several lovely baby quilts with such patterns as Sugar and Spice, Three Bears and Rabbit, were entered by Josie Lindsey.

Perhaps the most unusual quilt of the show was "Dennis Riddle's Memory Quilt" made by his grandmother, Edna England. "Never underestimate the power of a grandchild", said Edna. "If it hadn't been for his insistence, I'd never have finished it on time."

Each patch has a special meaning. All blocks have a blue jean background put together with gray and blue strips. The insignias are: His dad, Doyle's, junior high football letter, also the air force strips and companies that Doyle has worked for.

His Granddad Coy's private emblem from World War II, and the companies he worked for. Granddad Bede's farm related emblems; seed implements, feed and fuel companies. Emblems gathered from uncles and friends and his own from Royal Ambassador work. Dennis has not forgotten his hobby of car models and that he lives in the wet town of San Angelo.

There is definitely a return of interest in the art of quilting and from the comments of those attending and those participating about what they are going to do next year. It seems imperative that a quilt festival or bazaar be held.

**Rev. Kennedy died Wednesday in San Antonio**

Reverend Edward Kennedy, OMI, 67, died Wednesday evening in a San Antonio hospital following a lengthy illness.

Services were held at 2 p.m. Friday at the Oblate Catholic Church in San Antonio, with burial in San Antonio.

Memorial services were held Wednesday, Nov. 18, at 7:35 at Mount Carmel Catholic Church in Winters, with Father John Hoorman, conducting the funeral mass.

Born in Ireland, he received his education there. Father Kennedy was ordained in Ireland and later became a missionary in Africa and Mexico for a number of years.

He assumed pastorship at Mt. Carmel Catholic Church and the Bronte Catholic Church in 1979, following the death of Father Patrick Ryan.

Father Kennedy retired in December, 1980 due to ill health.

He is survived by a sister in Ireland; and several nieces and nephews.

The first mailboxes were erected in Paris in 1653. However, messengers, fearful for their livelihood, put mice in the boxes to destroy the mail; thus, no further attempt to install mail boxes was made in Paris until 1758.

The first opera was Dafne, with libretto by Ottavio Rinuccini and music by Jacopo Peri. It was originally performed at the Palazzo Corsi in Florence early in 1597, although the exact date is unknown.

San Antonio, is a good place to know about if you are having symptoms described above which do not go away within a reasonable period of time. This hospital, a facility of the Texas Department of Health, is operated on much the same basis as any hospital center. The Chronic Respiratory Disease Service of the Hospital has acquired considerable medical expertise since 1972 in the diagnosis, evaluation and treatment of emphysema, bronchitis, and asthma. A medical program for the evaluation, treatment and rehabilitation of patients with chronic lung disease is an integral part of the Chest Hospital.

Your physician may refer you to the Screening Clinic of the Hospital for evaluation and treatment by calling 534-8857, extension 327. Mrs. Elizabeth Miller, R. N. If you do not have a physician of record, you may contact the Public Health Region located in your area, and they will make the necessary referral for you. Since 1972, approximately 1500 patients have been treated in the Chronic Respiratory Disease Program and have been returned to their physicians for continuing care after the rehabilitation in the program is completed. In November, 1981, the Chronic Respiratory Disease Service is doubling its capacity for in-hospital therapy and treatment, with two separate wings of the Hospital devoted specifically to this program.

**Winters Public School LUNCHROOM MENU**

Happy Thanksgiving to each and everyone!  
Mr. & Mrs. Ernest Haupt

The major goal in treatment of pulmonary disease is to promote bronchial hygiene, combat and prevent infection, maintain adequate bronchodilation, and stop smoking. Breathing training is an important facet of the therapy. Patients are taught to use the diaphragm for better breathing and for learning a relaxed breathing pattern. Physical conditioning is carefully supervised and focuses on a regular exercise program. Group therapy and education sessions to help patients overcome their respiratory handicap are provided. Improvement in life style and return to productive activity are major goals for the therapy and treatment of each patient.

Dr. Andre J. Ognibene, Hospital Superintendent, welcomes inquiries from any physician in the State concerning patients suffering from serious chronic respiratory diseases.

**MUSCULAR 155-HP 4640**

**You get lots more than strength from this big-job workhorse**

Big-power jobs demand something equally important — big-job strength. And strength is the 4640's strong point.

Evidence is everywhere... a 466-cu.-in. engine, long wheelbase, plenty of built-in weight, multi-pinion differential, big final drives, big drive axles. Even the drawbar is bigger and heavier than on the model it replaces. Big-capacity cooling systems are used for engine coolant and transmission/hydraulic oil.

Stop by the store for more details on the big-job strength of a 4640.

Dan Killough was presented an award in appreciation of his work with the scouts as cubmaster, and Norma Suduth was presented with an award in appreciation of her work and one-year service with the Cub Scouts.

### THEN and NOW

THEN: A century ago most parents loved their children as much as most parents today, yet there were a lot of things that weren't discussed with children. As a result, a youngster's feelings and hopes for the future were sometimes difficult to express to others. Moreover, many people grew up not completely understanding their own feelings.

NOW: More families can share their ideas, feelings and dreams with each other today. One thoughtful mother, Mrs. Rhea Zakich even created a new board game that encourages players to be open and honest with each other. Called the Un-game, it asks players questions like, "What is most important in your life?" and "What frightens you the most?" Players take turns talking and answering questions they draw from a pile of cards. The result is a non-competitive game that makes players more aware of their feelings and the feelings of others.

### Arts & Crafts Show Winning Stew

by J. S. Brown

- 2 lbs. sirloin tips (pressurized for approx. 20 minutes)
- 4 potatoes
- 2 onions
- 4 medium carrots
- 9-oz. can whole tomatoes
- 4-oz. can tomato sauce
- 2 or 3 celery stalks
- 2 Tbs. Worcestershire Sauce
- 1 tsp. garlic salt
- 2 Tbs. cornstarch, to thicken

### 2nd Place Stew

by Oneta Williams

- 2 lbs. lean meat (cook until tender)
- 2 large potatoes
- 2 large onions
- 2 green peppers
- 4 celery
- 1 can whole tomatoes
- 1 can tomato soup
- 1 can corn
- 1 pt. okra gumbo (from freezer)
- 1 lb. shell macaroni

Season with tabasco, salt, garlic salt, pepper, worcestershire, and simmer until vegetables are tender.

### 3rd Place International Stew

by Rhuenell Poe

- 2 1/2 lbs. beef roast, cubed
- Wunderbar German seasoning (found at Bobby's Burger Hut)
- 1 lg. onion, chopped
- 1 16-oz. can tomatoes
- 3 carrots, sliced
- 2 large Irish potatoes
- 1 pkg. fresh mushrooms, sliced
- 1 hot Mexican pepper, whole

Put 1/4 cup oil in pre-heated wok. Season meat with German seasoning, then flour and brown in wok. Add onion and cook a few minutes. Add tomatoes and 4 cups water (or more); add whole pepper.

Simmer until meat is tender. Add vegetables and simmer until done (do not overcook). Remove whole pepper and serve hot.

By Mrs. Dan Gerber

My neighbor's baby has just started on meat and she commented that there isn't any salt in it. While that may make the taste somewhat flat for my neighbor's adult taste, it's suitable for her baby.

Nutritionists agree that some salt is essential in a baby's diet. Many now think that the amount naturally present in most baby foods may be enough.

The sodium in salt helps maintain the water balance in a baby's body, explains Gerber nutritionist Evelyn McCormick. Since the need for sodium and other nutrients varies for each child, if you should have questions about them, ask your child's physician or clinic.

I tell parents who ask me that the sodium in ordinary foods is sufficient to meet the requirements of most infants for normal growth and development. And that's why Gerber has eliminated added salt from all of its strained and junior baby foods.

### Facts & Fancies

It was due to a lot of hot air that man first flew. In 1783, two men floated over the streets of Paris in a balloon, feeding wood, straw and coal into a fire. Why? Hot air is lighter than cold air, and a balloon filled with it rises.

It is due to our oil companies that the price of fuel in the future may not go as high as it might. These companies are increasing the competition for, (and so helping to lower the costs) of fuel in other forms, including coal and uranium. This puts our oil companies in a better position to bargain with other oil-producing countries too.

It was due to Galileo that we have thermometers to measure heat. He invented the first one 300 years ago. His was not very accurate, however. It only measured 10 different degrees of heat to span temperatures from the hottest to the coldest.

### Jerry Lackey's Country Folk

The cowboys and this cowboy editor have rode into camp with the last strays of the 1981 Cattleman's Round-up for Crippled Children. And despite the depressed market conditions the CRCC can be termed a success.

Last sale of the season at Brownwood featured cattle and horses from the Central Texas area in addition to cattle from Marfa, Alpine, Fort Davis, Toyah, Austin Throckmorton and Snyder.

Totals from sales are: Cattle Sale, Abilene, \$132,437.56; Horse Sale, Abilene, \$22,275.50; Sheep and Goat Sale, Junction, \$7,900.; Special Sale, Coleman, \$15,345.; Special Sale, Brownwood, \$12,000.; and total cash donations, \$47,000.

The annual sales benefit the treatment programs of the West Texas Rehabilitation Center in San Angelo, Abilene and Snyder. WTRC campuses will treat more than 10,000 handicapped children and adults without charge in 1981. Patients receive a full range of outpatient services.

Donors to this year's CRCC program will have their brands put in tile on the walls of the new San Angelo WTRC, now under construction. Donation of livestock valued at \$250, or \$250 in cash is needed to qualify for the brand in tile.

While we are on the subject of the Rehab Center, let me give all the updated information we have for remaining activities for the year. After all, people throughout the Southwest where this column is circulated have a vital interest.

Another promotion arm of WTRC, the Joint Venture for Crippled Children...this is the petroleum industries joint pledge...has raised almost \$800,000. This money, too, will go to aid treatment care.

JVCC started in July with a Glen Campbell benefit kick-off. Next event was a LaJet PGA Tournament, followed by an oilfield equipment auction. Bob Hope appeared has appeared on TV commercials for three years now, as the JVCC spokesman.

"With a \$3 million annual budget, we are still a little short of making our expenses as the year closes," commented Shelley V. Smith, WTRC executive director, at a recent board meeting. "But that is the way operations run every year at this time. As people figure up their tax situations between now and January, we have the answer to many of their problems!"

San Angelo and the West Texas community had the most successful fund drive in history in 1981 when \$2 million was raised to build a new WTRC. The facility is currently under construction with completion set for August, 1982.

So, all in all, 1981, can be marked up for a super year in WTRC history. As the holiday season approaches, our public relations people are gearing up for Rehab '82, the five hour annual telethon which will be broadcast over a 16 station network. Already signed on contract is a variety of stars from Nashville to Lawrence Welk Show people to TV's daytime shows, etc. Rex Allen and Rex Allen, Jr. will co-host the show January 9, 1982, along with introduction of the show by Bob Hope.

Now, you can see when the annual Cattleman's Round-Up for Crippled Children is over and we all come into camp with the last strays, we are ready for Holiday time. May yours be extra special.

**Blizzards end season with 3 wins, 7 losses**

The Winters Blizzards lost a close ball game to Anson last Friday by a score of 13-7. The Anson Tigers scored quickly in the game as they returned the opening kickoff 95 yards for a touchdown and converted the extra point to make the score 7-0. Neither team could establish a consistent defense until late in the second quarter when Anson intercepted a pass and returned it to the Winters 35 yard line.

Several plays later, Anson scored on a 13 yard pass on fourth down and long. Jeff Butts blocked the extra point and the score was 13-0 at the half.

In the second half, Winters defense shut Anson out, but the offense still could not make the big play to win the game. Late in the third quarter, Jeff Butts dropped back to pass, but could not find an open receiver, Jeff took off on a run that ended 75 yards later in the end zone.

Donnie Daily then kick-

ed the extra point to make the score 13-7. Winters later got to the 10 yard line, but on a fourth and six try, the Blizzards were 3 yards shy of the first down. The Blizzard defense held Anson there and forced them to punt. On the punt,

Dwight Hubbard returned it for 55 yards, for what appeared to be a first and goal from the 5 yard line. A clipping penalty nullified the return. Neither team could make a threat after that and the game ended 13-7.

Winters finishes the year 3 and 7, and Anson finishes 6 and 4.

"The Blizzards have played exciting football this year. We will miss

the Seniors, but they started something for Winters football that hopefully, will carry over for future years. They helped the team begin to bring back the "Blizzard Pride" of the past," said Head Coach Dan Slaughter.

This football team came a long way from the start of the season. They were a much improved team by the season end. In most games they were outmaneuvered, but the Blizzards make up the difference with hard work, hustle and determination.

The Junior Varsity finished 3 and 6 for the year, while the eighth was 5-3-2, and the seventh grade was 5 and 4.

**TIPS FOR HOMEOWNERS**

**Edgers: Take Edge Off Drudgery**

Maintaining a lawn can be fun—if you remove the drudgery involved. Like edging and trimming.

The Outdoor Power Equipment Institute suggests these tips on how to use edger trimmers safely and efficiently:

1. Read the owner's manual carefully. Acquaint yourself with all controls, attachments and safety features.

2. Keep children and pets out of the way.

3. Wear rough-soled, heavy-duty shoes or boots and tailored pants. Skirts or billowy slacks can get caught in moving parts.

4. Protect your eyes by wearing safety goggles.

5. Let the engine cool for 10 minutes before refilling the tank.

6. Stop the engine when leaving the equipment to make repairs or refuel.

These tips can give you an edge on edger safety and trim the chances of mishaps when you use your trimmer.
