MAX NEWMAN (RIGHT) IS INSTALLED AS KEY CLUB PRESIDENT  
... By District Lt. Gov. Jerry Edwards

## DHS Key Club chartered at big banquet Saturday

More than 300 Kiwanians and Key Club members from throughout the Panhandle gathered at South Elementary School cafeteria Saturday night for the charter banquet of the Dimmitt High School Key Club.

The new club is a high school boys' branch of the Kiwanis Club. It is the first boys' club of its type in Dimmitt High School.

Installed as charter officers in the new club were Max Newman, president; Gary Webb, vice-president; Felton Isaacs, secretary; Kenny Powell, treasurer; and Directors Terry Robertson, senior; Charles McLean, junior; and Terry Powell, sophomore. They were installed by Jerry Edwards, Key Club lieutenant governor for Division 7.

Issues accepted the club's charter from Dean Herring, Kiwanis district chairman of Key Clubs.

**JACK PATTON, president** of the Kiwanis Club of Dimmitt, presented Newman with the gong and gavel for the new club and accepted a Key Club patch for the Kiwanis Club banner from George Arthur, Kiwanis lieutenant governor.

## Mrs. Parsons dies Monday

Mrs. Betty Ann Parsons, 36, died at 7:45 a.m. Monday at her home, 1011 Pine St., following a heart attack.

**FUNERAL SERVICES** were conducted at 3 p.m. Wednesday in the First Baptist Church. Officiating was Rev. Howard Jones of the First Baptist Church of Hamlin, assisted by Dr. Raymond Perkins, pastor of the local church.

Burial was in Castro Memorial Gardens, under the direction of Dennis Funeral Home.

Most downtown stores closed from 3 to 4 p.m. Wednesday for the funeral.

**BORN Jan. 31, 1934, in Wellington.** Mrs. Parsons came to Dimmitt 11 years ago when she and her husband, Sandy, became the owners of Parsons Rexall Drug. She was a member of the First Baptist Church.

She is survived by her husband, Sandy III; two sons, Sandy IV and Paul Lynn, both of the home; her parents, Mr. and Mrs. Hardy Wright of Wellington; a brother, Lynn Wright of Wellington; and a sister, Mrs. Eugene McBride of Edmund, Okla.

Active pallbearers were Wayne Lindley, Al Jackson, V. C. Hopsom, Ben Hill, Bob Mooney and Larry Lewis.

## County workers get pay hike

County commissioners Monday authorized a 7 percent pay increase for all county employees, retroactive to Jan. 1.

The pay hike does not apply to elected officials.

District Judge John T. Boyd said this week that Americans must "get involved," inspire their youth, and work through the nation's democratic processes if they are to solve the problems that are plaguing the country.

**SPEAKING to the Dimmitt Lions Club Tuesday,** Judge Boyd said Americans, young and old, must look beyond the nation's current social ills and "recognize the worth and essential goodness of this country."

"It's a masterpiece of understatement to say that these are

troubled times," he said. "I'm getting almost afraid to pick up my paper in the mornings. I know it will have stories about riots, about the war, about the drug problem."

He said the attitude of the public is the main thing that allows such problems to go unsolved.

"EVERYONE is asking, 'Why don't THEY do something about it?' The only 'they' who can do anything about drugs, governmental corruption, crime, the courts, and all our other problems, is the individual citizen — getting out and working in his community through the organizations and processes that can change things.

"You can't just say, 'I can't do anything about it; our country is going to hell on skids; I'm just going to give up,'" he said. "You've got to take a positive approach."

He said the nation's young people are "the greatest source of raw material our country has ever had," but that many youths today "have a lack of pride in our country, and a lack of responsibility." He urged that they analyze the America's governmental system and compare it with others.

**HE QUOTED Winston Churchill,** who said, "Democracy is the worst form of government ever devised — except for every other kind." (See 'GET INVOLVED,' Page 13)

## Deadline Monday for registering to vote in '71

Monday is the voter registration deadline for the 1971 elections.

**COUNTY Tax Assessor Kent Birdwell urged all county residents 18 years of age or older to make sure they are registered before the deadline passes.**

You may register at the county tax office in Dimmitt, at the city hall in Hart, or at Carl's Grocery in Nazareth.

"If you cannot come in to register, please call us and we will mail you an application for registration which you can fill out, sign and return to us by mail," Birdwell said.

**MAILED-IN applications** must be postmarked no later than Sunday, Birdwell said, but you can deliver your application to the tax office in person Monday and still be registered.

He especially urged 18-year-olds to take advantage of their new voting privilege.

"If you are not 18 years of age but will become 18 during the next registration year beginning March 1, you may register also now or anytime at least 30 days before an election you may be qualified to vote in," he said.

## Rezoning hearing set Monday night

Dimmitt's city zoning commission will hold a public hearing in the city hall at 7:30 p.m. Monday on the proposed rezoning of West Bedford Street.

**THE hearing involves a half-block strip on each side of West Bedford Street, from the present business district to Front Street.** The commission proposes to rezone the strip from its present designation of single, family and multiple dwellings to one allowing higher use (restricted) retail businesses.

The proposal grew out of a petition by the First Baptist Church to have its vacated property in the 500 block of West Bedford rezoned from residential to retail business. The proposed sale of half the church's property there depends on the rezoning.

Members of the city zoning commission are Chet Braafladt, Barry Love, Al Jackson, Buster Tidwell and Walt Hansen.

## Rites conducted for Mr. Lowrance

Funeral services were conducted here Saturday for William Anderson Lowrance of Hobbs, N.M., former Dimmitt resident.

**MR. LOWRANCE, 67, died at 4:45 a.m. last Thursday** in West Texas Hospital of Muleshoe, following a lengthy illness. He was superintendent of pumps for the City of Hobbs.

Last rites were at 2:30 p.m. Saturday in the Bedford Street Church of Christ with Don Stone, minister of the First Church of Christ, officiating. Burial was in Castro Memorial Gardens, under the direction of Dennis Funeral Home.

Born Feb. 17, 1904, in Eastland, Mr. Lowrance moved to Dimmitt in 1942. He farmed here until 1952, when he moved to Hobbs. He had been an employee of the City of Hobbs since that time. He was a member of the Church of Christ.

**MR. LOWRANCE is survived** by his wife, Ouida, of Hobbs; a son, Wayne, of Pasadena, Texas; two daughters, Mrs. Arco (Zoe) Blackwell of Tempe, Ariz., and Mrs. Norville (Judy) Birdwell of Dimmitt; three sisters, Mrs. John Luttrell of Caddo, Mrs. Floyce Poe of Gorman and Mrs. Alice Taylor of Victoria; five brothers, George, Jack and L. A., all of Eastland, Norman of Mineral Wells and Nelson of Salem, Ark.; 12 grandchildren and four great grandchildren.

Pallbearers were Kent Birdwell, Bill Birdwell, Carroll Wagner, Lowell Payton, Laverne McCombs and Tye Cobb.

BENTON (LEFT) RECEIVES TOP AWARD ... From Elvon DeVaney, 1970 winner

## Robert Benton is named 'Outstanding Young Man'

Robert Benton, 33-year-old Dimmitt farmer, is the county's "Outstanding Young Man of the Year."

**HE RECEIVED a plaque and a big ovation last Thursday** noon at the Castro County Jaycees' annual Community Awards Dinner in the Colonial Inn banquet room.

The new Outstanding Young Man was announced by Elvon DeVaney, last year's OYM winner, who commended Benton for playing leading roles in the area's civic, youth, sports, church and industrial progress.

Benton was selected by a Jaycee-appointed committee representing a cross-section of the community.

**IN presenting the award** to Benton, DeVaney said, "I've thought more of this award in giving it this year than I did in receiving it last year. It really means a lot to me, now that I look at THIS guy."

DeVaney termed Benton as "a great believer in the Jaycee creed, especially the first line, 'We believe that faith in God gives meaning and purpose to human life,' and the last line, 'Service to humanity is the best work of life.'"

In his presentation speech, DeVaney outlined a large number of service activities which have kept this year's Outstanding Young Man busy:

"**ROBERT is the youngest** of three children; he has two older sisters. He's the son of Mr. and Mrs. M. B. Benton, who live in Lubbock. Robert was born in

Dimmitt Nov. 30, 1937, went to school here through the fourth grade, when he moved to Lubbock. He went through school there and graduated from Lubbock High.

"Robert has always been very athletic-minded. He participated in all kinds of sports. He played baseball and football in high school, and also American Legion ball and some semi-pro ball. His senior year he was elected to play in the Texas Coaches' All-Star Game, and won many other awards in the field of sports.

"Robert entered Texas Tech on a football scholarship and went there several years, but then decided to join the Army. He spent six months on active duty, then went back to Tech. His major was agricultural economics.

"**IN JUNE of 1962, Robert** moved back to Castro County to the farm where he was born. In November of the same year he married the former Marty Adams, whom he had met at Tech. They set up residency six miles west and three miles north of Dimmitt. The Bentons have three children — Beth, 6, Becky, 4, and Bea, 2.

"Robert belongs to several organizations. He has held various offices in the Jaycees, including interclub director, first vice-president, and one year as president.

"During his tenure as presi-

dent, we saw the Little League ball parks started and completed. He worked on many projects — air shows, flag project, junior sports, and very hard with the Teen Club.

"**ROBERT has served on** the board of the Castro County Co-op Gin. He was president for two years. The financial statement went from red to black while Robert was president.

"He served on the junior board of Dimmitt Wheat Growers during the planning stages of the multi-million dollar corn milling plant.

"He has served as chairman and co-chairman of the Miss Grain Sorghum of the Nation Pageant, and served as a committeeman for five years.

"**HE WAS chairman of the Boy** Scout fund-raising campaign. He has coached a Little Dribblers basketball team.

"Robert is now a master Mason in the Dimmitt Lodge, member of the Castro County Agricultural Housing Association, the Castro County Country Club, Farm Bureau, presently is treasurer of the Jaycees, is on the board of the Chamber of Commerce, on the board of Dimmitt Consumers, is a member of the Red Raider Club, is a member of the First United Methodist Church and is now chairman of the administrative board of the church, is a Sunday School teacher for the sixth grade, and supports many other organizations that are set up for the betterment of the community.

"For the past six years the Bentons have opened their home to various students from the Methodist Children's Home in Waco, and have supported the home in other ways.

"**HIS OTHER interests,** when he has time, is participation in all sports. He was known at one time as 'Old Hook-Shot,' but now resorts to milder sports such as juggling golf balls. He also enjoys skiing — both water and snow, as time permits.

"Robert is also a very progressive farmer. He believes in conserving as well as building the soil. He raises cotton, milo, corn, wheat, livestock, feeds, vegetables and cattle.

"Robert's first love, I'm sure, is the same as any good man's — his family. He's a very devoted father and husband."

## Miss Dimmitt enters pageant

Susan Parish, Miss Dimmitt, will represent the city at the Texas Junior Miss Pageant next week in New Braunfels.

**SPONSORED by the Castro** County Jaycees, Miss Parish will compete in talent, swimsuit, modeling and interview competition. Winner of the "Texas Junior Miss" title will go to Mobile, Ala., later this year to compete in the America's Junior Miss Pageant.

Former Miss Dimmitt winners have fared well at the Texas Junior Miss Pageant. Poppy Byrnes won the "Miss Congeniality" award in 1968 and Sharron Flynt was the talent winner in 1969.

## Mrs. Evan is named top young educator

Mrs. Pat Evan, second-grade teacher at South Elementary School, is Dimmitt's "Outstanding Young Educator" of 1970-71.

**SHE WAS revealed as the** winner at the Jaycees' annual Community Awards Dinner in the Colonial Inn dining room last Thursday noon.

Presenting Mrs. Evan with her plaque was G. L. DuBose, Dimmitt High School industrial arts teacher, who won the award last year.

"The selection of an Outstanding Young Educator is difficult at best," DuBose said. "I think Dimmitt is fortunate in having a number of good educators, not just in the 'young' category.

The Jaycee award is for teachers of Jaycee age, 21 through 35.

**MRS. EVAN is a graduate** of Dimmitt High School and holds a bachelor of arts degree in education from Wayland Baptist College. She served as secretary of Phi Alpha Theta at Wayland.

She has been teaching five years, four of them in Dimmitt. During this time she has increased her professional knowledge by attending migrant workshops at McAllen, taking psychology courses offered through the University of Illinois, and serving as vice-chairman and aiding in collection of material for a "Continuous Progress Education" project.

A member of the Texas State Teachers Association, Mrs. Evan was a delegate to the TSTA convention in Amarillo. She also is a member of the National Education Association and the Classroom Teachers Association.

**IN OUTLINING her teaching** techniques for the judges — a requirement of all nominees — Mrs. Evan said:

"Children learn best when they are happy. An attractive room is important. When the children enter the room, I try to greet them with a cheerful 'Good morning' or 'Hello' and a smile.

"For instructional purposes I have divided my class into groups. Much of my teaching is done within these small groups of six to eight students. By using this arrangement I can determine which students need additional help. Also, it allows me to use enrichment materials and activities effectively. That is, it permits me to teach the individual.

"**I ATTEMPT to challenge** each child and reinforce his efforts. If he is unsuccessful in reaching his goal, I encourage him to continue by using the idea that if he keeps trying, he will succeed.

"When teaching, I try to remember that what is a big step for one student may be a small

step for another. This aids me in the evaluation of each student's progress. I feel that if a child is happy and feels successful

at school, he will be a better citizen today and tomorrow."

On hand to see Mrs. Evan receive the Outstanding Young Educator award were her principal, Mrs. Helen Richardson, Supt. and Mrs. Charlie White, and many of her fellow teachers.

**LEARNING IN TWO LANGUAGES** — South Elementary School instructors are currently showing local civic clubs how our young students are progressing in the Bi-lingual and Follow Through teaching programs. Here, Mrs. Diane Axtell asks a group of second graders a question in Spanish, and gets plenty of hopeful volunteers from among both Anglo and Mexican-American students during Friday's Rotary Club meeting. In both Spanish and English, the 7-year-old youngsters added, subtracted, counted, made words from vowel-consonant combinations, and carried

on conversations. Under the guidance of Mrs. Axtell, Mrs. Sue Lynn and Mrs. Ruth Skinner, these second graders are encouraged to discover the answers to questions and problems, rather than be told outright. Children progress individually on the grading scale as rapidly as they achieve. Mrs. Evie Froehner, assistant curriculum director, who moderated the program for the Rotary Club Friday, explained that South Elementary School is one of the few schools in Texas in which the Bi-Lingual, Follow Through and Distar pilot concepts are being used.

**Couple establish home in Brownfield**

Mr. and Mrs. Kim McGill are now at home at 401 S. Fifth St., Brownfield, following their Jan. 14 wedding.

THE BRIDE is the former Linda Ellis, daughter of Mrs. Dorothy Ellis of Brownfield and Gene Ellis of Dimmitt. McGill is the son of Mr. and Mrs. Sam McGill of Hart.

They exchanged marriage vows in the Southside Church of Christ in Brownfield, with Doyle Helms officiating at the double-ring ceremony.

Roni McGill, sister of the groom, was maid of honor. She wore a yellow ruffled floor-length dress and carried a yellow and white carnation nosegay.

MARK PORTER of O'Donnell was best man. Mcety Ellis and Rusty Threlk of Brownfield served as candlelighters. Clayton Ellis of Brownfield, brother of the bride, and Danny Nivens of Hale Center, cousin of the groom, were ushers.

Greenery and candles decorated the altar of the church.

The bride, given in marriage by her grandfather, B. B. Thresh of Brownfield, wore a white lace formal with long sleeves trimmed in lace, with a train of ruffles. She carried a yellow carnation bouquet with the rings of both her mother and the groom's mother tied together with yellow satin ribbon. She carried the bouquet atop a Bible belonging to the groom's mother.

THE reception was held in fellowship hall of the church. The

table was covered with a white lace cloth and centered with a floral arrangement and candles. The three-tiered wedding cake was topped with the miniature bride and groom which had been used to decorate the bride's mother's wedding cake.

The bride's grandfather pinned a penny, which had been used in seven weddings, to the hem of the bride's dress.

For a wedding trip to Ruidoso, N.M. the bride chose a long-sleeved white and blue wool dress with white accessories.

OUT-OF-TOWN guests included Mr. and Mrs. Norlan Duley of Earth; Mr. and Mrs. Dale Reeves of Dimmitt; Mr. and Mrs. Carl King of Dimmitt; Mrs. John Rice of Hart, Mr. and Mrs. McCormie Washington of Dimmitt; and Gene and Joyce Bradley of Hereford.

Before her marriage, the bride was a student in Dimmitt High School. The groom, who was a senior in Hart High School, is now enrolled in Brownfield High School.

**Program planned on tuberculosis**

By IRENE KEATING  
Home Demonstration Agent  
Can you realize that nearly a month has gone by in this new year? Time certainly does go by in a hurry.

ALL OF us are concerned about our health especially now, when so often an extremely healthy person becomes seriously ill or contracts a deadly disease. All of us need to do our best to insure good health for all family members.

The Family Living Committee has scheduled an excellent program on Tuberculosis to be presented February 11 at 2:30 p.m. in the Assembly room of the Courthouse. Charles McIntosh who is executive director of the Top of Texas Tuberculosis Association, will speak and show a movie. He will also answer questions. The program will last about 1½ hours. I'd like to encourage all of you to come.

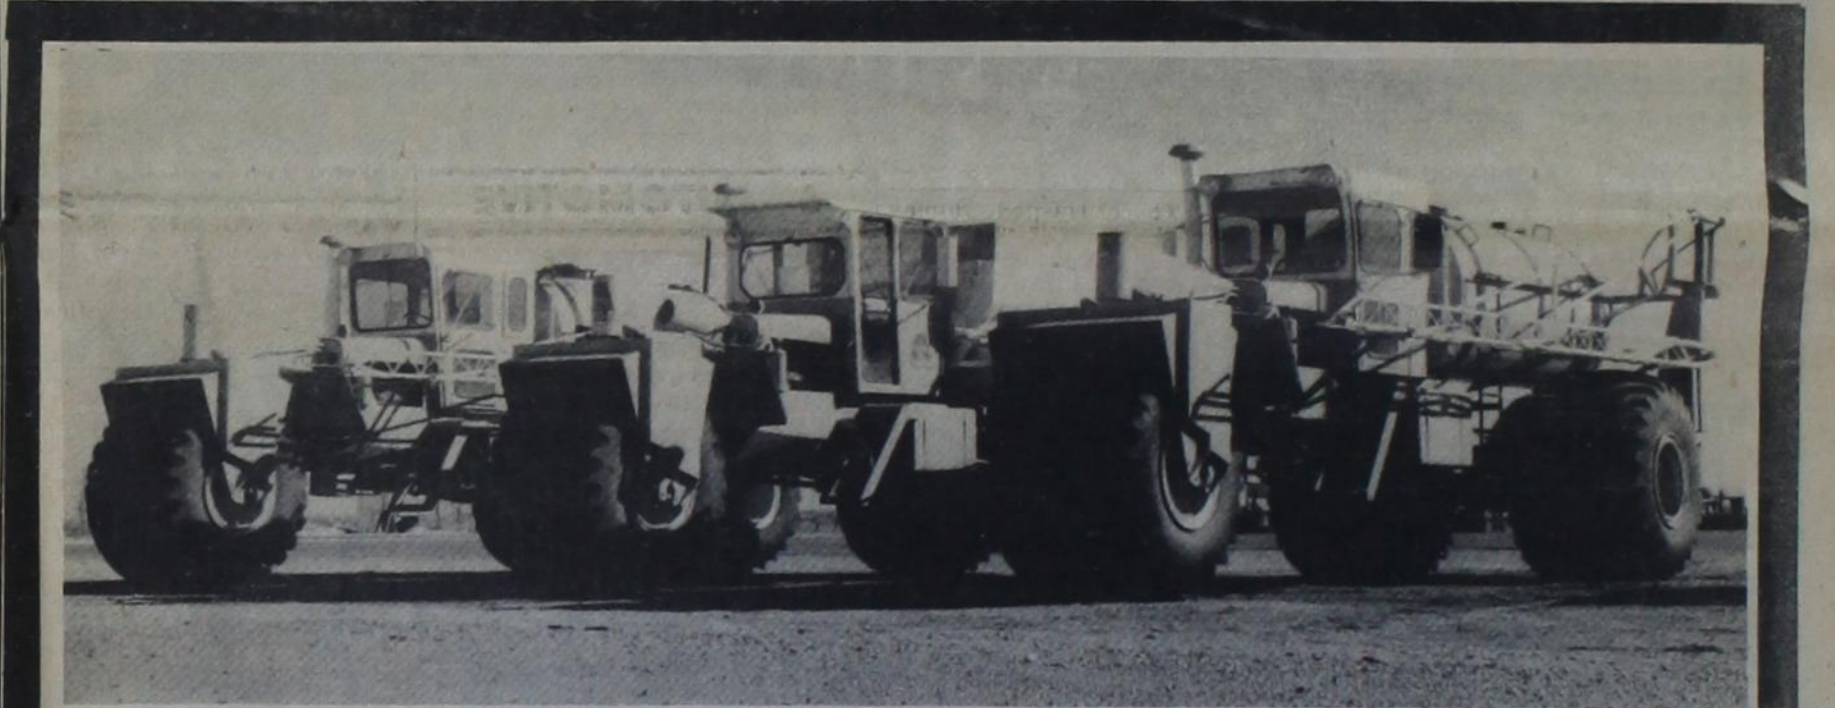

I am taking a very interesting course from Texas A&M at the Bushland Experiment Station. Last week we learned about motor oil. I never had thought about the importance of reading labels on oil cans even though I read labels of food. I learned that we use a kind of oil according to the use our car gets as well as according to tests set up by the car manufacturer. The right kind of oil can add miles to your car. Also I learned that the good quality oils that are best for use in our cars cost from 75 cents to \$1.10 a quart purchased singly.

TODAY IS the District I THDA training meeting at the Methodist Church. Our club women prepared lunch and light refreshments during registration. There are about 60 club women and agents attending the meeting.

The 4-H girls are busy getting ready for the Bake Show-Food Show February 27th. You'll be hearing more about that later.

**On the Go**

# Clayton heads two committees

House Speaker Gus F. Mutscher has announced the appointment of State Representative Bill Clayton of Springlake as chairman of the House Committee on Counties.

CLAYTON is one of only five House members who will serve as both a chairman and a vice-chairman of House standing committees. The Committee on Banks and Banking will have Clayton as its vice-chairman, and the eight-year veteran will return to two committees on which he served last session — State Affairs and Conservation and Reclamation. He has also been asked to serve on the Rules Committee.

The 21-member Counties Committee has jurisdiction over all matters relating to counties, their creation, organization, boundaries, government and finances, and the compensation and duties of their officers.

"The committee system is the heartbeat of the legislative process," Mutscher said. "It is at this level that the citizens of Texas have an opportunity to express themselves concerning legislation. This 62nd Legislature will be faced with many difficult challenges and I feel fortunate to have Bill Clayton in the leadership of these two important House committees."

Mutscher was recently re-elected unanimously to the speakership. He is one of only five men in Texas history to be elected to a second consecutive term at the post.

# Royal to head Easter Seal drive

Coach Darrell Royal of the University of Texas has been named chairman of the 1971 Easter Seal Campaign in Texas.

MRS. WALTER Maynard, Easter Seal representative for Castro County, has been notified that Royal will lead over 25,000 volunteers in the annual appeal for funds.

"While I appreciate the honor of serving as the 1971 state chairman," Royal said, "I consider it primarily a challenge — and a way to help motivate more Texans to give our handicapped a better chance in life."

As state chairman, Royal joins with 223 Easter Seal Appeal chairmen throughout Texas who are participating in the largest funds appeal ever staged by the Texas Easter Seal Society.

Last year over 21,000 crippled children and adults in Texas received rehabilitation and other services from the Texas Society through 20 treatment centers and affiliated Easter Seal chapters. The society aids crippled children and adults regardless of race, religion, economic status, or the cause of crippling.

# Key Club challenged to 'build America'

At their charter night banquet Saturday, members of the new Dimmitt High School Key Club were challenged to take a leading role in the building of a better America.

THE CHALLENGE came from Paul Jackson, district governor for Key Clubs in the Texas-Oklahoma District.

As the main speaker at Saturday night's banquet, Jackson told the new Key Clubbers here that they could start by educating their fellow students on the dangers of narcotics, by helping heal the rift caused by student dissenters, and by standing behind President Nixon in his efforts to take the federal government "back to the people."

Jackson spoke to more than 300 Key Club and Kiwanis members from throughout the Panhandle. The Key Club is the high school boy's service branch of the Kiwanis Club.

"YOU GUYS ... really haven't done anything yet," Jackson told the new Key Club members here. "You're being honored tonight for what you're going to do, for what's to come in the future out of this club, for what your club will produce," he said.

"This is a great country we live in today," he noted. "It's a beautiful country. It's really tremendous. It's a strong country — it's strong militarily, financially, and in its human resources. "America is a proud country. We've always been proud of what America stands for — freedom, liberty, individualism.

"BUT THIS country is in terrible trouble," he said, scoring college riots, street riots and drug abuse as major problems that threaten the nation's fabric.

"We're seeing the worst split in America right now that we've seen in a hundred years," he said. "In my opinion, there are two main factors that are contributing to this split in American society. First, the detriment of patriotism, and second, the abusive use of drugs.

"There's not a nation in the world that would make the mistake of trying to take the United States by force. But an attack that starts at the inside and works outward — that's possible.

"THIS IS actually happening. They're working through students — students who are dissatisfied with what they've got.

"It's good to be dissatisfied. If we weren't dissatisfied with what we had, we could never improve on anything. But when the wrong forces get hold of this initiative to make things right, and they say, 'We've got a way to build this country up, but first we've got to tear it down,' this sounds great to many people. But you've got to have a foundation on which to build. You don't tear it ALL down and start from the ground up. . . .

"This whole thing is like a football game," he said. "You've got the action down on the field and the spectators up in the stands. I like to think of our administrative government as the players on the field, and us as the spectators.

"I CAN'T understand why we as Americans, will let the enemy wave flags in front of our stands . . . start playing referee, breaking the game up and sending people off the field. We know we cannot tolerate what they want, but we're just sitting there and letting it happen. What side are we on?"

Drugs, he said, constitute a problem "that's hassling everybody right now," and noted that "No town, no matter how small, is exempt."

"Drugs tear apart a group by tearing apart the people in that group," he said. He listed marijuana as a dangerous drug, noting that a friend had gone "to the bottom" on hard narcotics after starting with marijuana "with out intending to go any farther."

HE SAID the Key Club "stands for the building of America. This is important — building, not tearing down.

"In your activities in the Key Club, you're going to be building yourself," he said, "because you're going to be experiencing things you've never experienced before — working in a community, finding out what makes things the way they are right now."

But building a better society won't be easy, he said. He used as an example President Nixon's State of the Union speech Friday night and the reaction to it by news analysts.

"WHAT NIXON planned, they tagged 'revolutionary,' he said. "He advocated turning the government back to the people. He said we're going to make the people the ones who have a voice in the government, that we're going to knock out some of this bureaucratic mess and put in a direct line of action, that we're going to cut down the size of the cabinet, and establish a department of human affairs.

"This sounds pretty good to me," he said. "When the guy right up there on top says we're going to start working for people instead of working for the state or the government.

"But you know, afterward, these television commentators came on in the next 30 minutes and just cut him to shreds. They said it would never work, that it can't be done, that he'll be stopped here, that this senator or that senator will vote against him . . . and that he'll never get to first base.

"This doesn't sound like building to me. . . .

"I THINK we need to stand up and stand behind him all the way. He's going to try to change some things to make it better. I think we need to support his changes. He's giving it everything he's got to build this country back up. As Key Clubbers, we can help him. We can combat all these people who are sitting back and saying that it'll never work.

"President Nixon said one of the main reasons he's reforming the government is because of the response he's had from the youth of our country, on the nation's campuses, from the coming generation.

"This sounded pretty good to me. He's making an effort, and we ought to get with it. Every body ought to get with it — Key Clubbers, Kiwanians, citizens, anybody who cares anything about building America. It's time

we stood up and started doing a little manual labor instead of trying to build with words. You can do it right here in Dimmitt, through the Key Club.

"YOU CAN take it upon yourself also to educate the public about drug abuse and about what it's doing to your community. Education — that's the only way you can do it. We've got to research and get every side of the problem. We can't make people's decisions for them, but we can educate them so they can make their own decisions. You can do it."

He closed with a quotation from the Key Club's international list of goals for the coming year:

"What can one young man do? What can be done without one young man willing to act, then another, and still another, and then finally an entire organization of young men willing to act? Personal action is the beginning — the basis, the absolute necessity."

# Price's bill on hospital staffs signed into law

A bill introduced by Congressman Bob Price in October to change staffing requirements for small hospitals has been signed into law by President Nixon.

"UNDER previous regulations, hospitals could not collect payments from Medicare unless at least one registered nurse was on duty during each of the three-eight-hour hospital shifts," Price explained. "This new law will make it possible for 50-bed and under hospitals to treat Medicare patients if they provide 24-hour nursing service by licensed vocational nurses when registered nurses are not on duty."

Price introduced the legislation on behalf of the many hospital administrators, doctors, nurses and concerned citizens throughout the 18th District and Texas who have been concerned about the problem.

"It would be a great blow to the residents of small towns if community hospitals would have been forced to close their doors because of unrealistic federal regulations," Price said.

Every family has valuables and important papers which should be kept in good order—protected against fire, theft, and loss. A bank safe deposit box, available at a small rental fee, can safeguard your personal property and assure you complete privacy. You are given a key to your box, and no one else has access to that box. At any time during banking hours you may inspect the contents in private. Valuable papers such as insurance policies, real estate deeds and mortgages, stocks and bonds, bills of sale, passports, or wills may be kept in a safe deposit box. Some people also keep jewelry, their birth and marriage certificates, contracts, receipts, and other legal documents in the box. Insurance cannot restore your cherished possessions. Bobcat Stadium doesn't reflect community's pride or affluence

"I think the dressing facilities need improvement. There is not even enough room to get dressed. And about the bleachers—you get splinters when you sit on them."

THESE ARE typical remarks made by members of the athletic department concerning our football stadium.

Dimmitt prides itself in being one of the richest communities in the state of Texas, but the town's stadium definitely does not reflect this affluence.

Before we decide to scrap the stadium, let's look at a few reasons for doing so.

Probably the most obvious deficiency is inadequate space. This stadium was built in 1948 to accommodate a city population much smaller than today's.

The parking area is so inadequate that most people would rather walk a block or so than park in the sloppy, hazardous, dirt lot. But this problem is most evident in wet weather when the soil is slick and cars begin sliding into each other and into the fences.

Also, people often wonder why there is little press coverage. Well, would you get into that rickety press box on the stadium and report on the game?

The two deficiencies most involving the students are the outdated, cramped field-house and the lack of a good practice area. So, as most of you can see, our

present stadium leaves much to be desired. It is up to the community to decide if a new stadium is worth the cost.

Charlie White, superintendent of the schools, has received an estimate of \$200,000 for a new football complex containing a large stadium and field, two practice fields, paved parking area, spacious field house, ticket offices, lighting facilities, press box and fencing.

This, by our calculations, would be about \$45 per capita within the city limits.

The old football complex would not be wasted. It would be used to increase the recreational facilities of the elementary schools, as recommended by the Texas Education Agency.

Supt. White said, "It is up to the public, but we're definitely below standards in this area."

Car trouble breaks out

By PAT BARRIOS, DIANE GARCIA and DORIS PAYNE  
 Hi again, everybody. Now for some Campus Chatter.  
 SLICK Robertson was supposed to have a hot '57 Chevy, but in the first weekend he got beat

three times. Well, back to the drawing board, Slick.

Luther Perez got another ticket Friday after the ball game. He was taking the loss out on his Mach 1.

We have a new girl in school, only everybody knows her by Rita Vick. Her name is now Rita Walls. Welcome back, Rita. SOMEBODY has to tell Pat Barrios that cars don't run without gas.

Debra Reed had a little wreck out on Front and Lee Street—the same place that Max Hastings met Donna Hudson. People seem to like that place for run-ins.

Mike Elder blew it again. He left the journalism camera in his car. Somebody decided to borrow it. If you have it, would you please return it?

WHAT A heartbreaker the Morton game was. We've got to beat them at Morton now. We'll probably have a big crowd up there.

Wonder what Eastern New Mexico is offering Henry Rivera and Bob Woolbright for their football services? Have you boys signed yet? Be sure and get the best deal that you can.

Wish we could find our camera.

We had four couples go to Lubbock to the show. They saw a movie... The Owl and the Pussy-cat?

RUMORED, Jim Patton and Ricky Bell are going to get flat tops some time next week.

The students had a few laughs Thursday, some of those teachers sure looked funny in pantsuits.

SOULFUL NEWS:

Rose Spencer is still sitting on the dock of the bay watching the time roll away while her sister, Ruby, is walking around saying "What you see is still what you get."

Alfred Sanders and Charles Stewart, were you in Earth any time during school hours last week?

ROBERT Washington are you sure that you have it or did you leave it at home?

Ann Mayberry, there is this rumor going around that you are on a bread diet. Does that mean to eat all you can or only that which you don't have room for?

Who is the smartest, sweetest, cutest and best tempered soul sister in DHS? Of course, there is only one. Right on, Doris.

There is someone who likes Floyd Bossert very much Sarah Glover, do you know her?

School gets two student teachers

This week the Bobcat Tales features two student teachers at Dimmitt High School. They are Paralyln Reader, 22, of Dimmitt, and Susan Williams, 21, of Waco. Both are students teaching in the Home-Ec Department.

MISS RENDER graduated from Dimmitt High School in 1967 and will graduate from Texas Tech University in May. She is majoring in home economics education and clothing textiles.

When asked what she expected to achieve from college, she said, "College is more than preparation for a vocation or profession; it's an environment which helps to broaden one's concept of living, one's understanding of himself."

"From my school experience," Miss Render added, "I hope to have sufficient background to meet any situation with confidence. From my student teaching experience, I hope to learn the most effective teaching methods and techniques. That's for the record. I really hope to be able to stand before a class without my knees shaking or heart pounding."

"I love teaching at Dimmitt High School—it's home to me," she added.

Miss Render's future plans are to begin graduate school in June and to get married "sometime in the next decade."

MISS WILLIAMS is a 1967 graduate of Coronado High School in Lubbock. She also is majoring in home economics education and clothing and textiles. Miss Williams will graduate from Texas Tech University in May.

Miss Williams remarked, "I start teaching Monday and I'm looking forward to it because the students are so friendly and all the teachers I've met are just great."

Miss Williams will be teaching in the Foods Lab of the Home-making Department. She will also be assisting Mrs. Hottel in her clothing classes.

Miss Williams' future plans after graduation in May, are to be married May 29. Miss Williams hopes to teach Home Economics in Lubbock or the surrounding area.

Two DHS players get scholarship offers from ENMU

By REX ALLSUP

The dreams of Robert Woolbright, former tackle for the Dimmitt Bobcats, came true last week when he was offered a partial scholarship from Eastern New Mexico State University to play football next year. If he decides to play, he will sign with ENMU at midterm of next year.

Robert earned an honorable mention in the all-district selections last year. This year he made all-district and all-South Plains.

Asked what he liked about ENMU and its coaches, he commented, "They have a great athletic complex and the coaches, have soul."

He also liked the Student Senate hall, recreation halls and the small classes.

Also planning to attend Eastern New Mexico is Henry Rivera. Henry received a very great honor this year when he made the all-state team.

Rivera made the trip last week with Woolbright to check out Eastern New Mexico. Henry was offered a partial scholarship also. He isn't sure of his college plans at this point, but he is looking in the way of Eastern New Mexico.

Asked what he likes most at ENMU, he said, "I like the recreation halls very much, and also the athletic complex, and also the people there are very friendly."

Rivera commented, "I liked high school football very much and I hope I like college football just as well."

Counselor's Corner

By KEN RINGO

Now is the time of year that a high school senior's thoughts turn to college, and when a high school senior thinks of college the best is just barely good enough for him.

THEY WANT to go to some large university which has a nationally ranked football team, or to Mom or Dad's alma mater.

Now, this is fine for a few gifted students of any graduating class, but for many it is a disaster. I believe everybody would benefit from post-high school education, but college is not for everyone.

Let me pass on to you the following article which I recently received in the mail from a local vocational-technical school.

EDUCATION and learning are too hard to attain for young people and older ones, also, to spend months and years in some school or course and find at the end that he or she is unemployable.

Students enrolling next fall need to take a long hard look before starting down the road of post-high school education and-or training.

(1) Don't take a college course because parents insist.

(2) Don't take a college course because of the so-called prestige factor.

(3) Don't spend precious dollars in fly-by night private schools which promise the moon but really have little to offer.

(4) Don't take a job that looks good right now, thus putting off the possibility of becoming highly skilled in some field.

(5) Don't listen to those who say it is bad to borrow money to attend school.

(6) Do listen to those who say harder times are ahead.

**TERRIE NEWTON**, Bobbie forward, is fouled as she drives under for a shot in the final minute of the Dimmitt-Abernathy game Friday night. The Bobbies lost the cliff-hanger, 35-37, and the loss ruined their hopes of repeating as the district champions this year.

## Water-plan backer enthusiastic over Bentsen's committee post

Sen. Lloyd M. Bentsen (D-Texas) has received a committee appointment that could prove important in West Texas' fight for imported water.

WHEN the new US Senate was organized last week, the state's freshman senator was assigned to a seat on the Public Works Committee.

The appointment was hailed Tuesday by State Representative Bill Clayton of Springlake as a

potentially vital development in this region's uphill battle for imported water.

"The Senate Public Works Committee not only has jurisdiction over the highways and other public facilities," Clayton explained, "but most important, it has jurisdiction over water development, which is a main concern of this part of the state."

Clayton, who is the executive director of Water, Inc., is one of the state legislators main proponents of the Texas Water Plan, which includes a revolutionary blueprint for channeling irrigation water to West Texas from the Mississippi River by 1990.

The Texas Water Plan was defeated by a narrow margin by the state's voters in 1969, but is due to come up for another statewide vote in the future. If adopted by Texas voters, the plan would still need approval and funding by Congress.

"We all know the strong support Sen. Bentsen has pledged to the development of our area, and now as a member of the Senate Public Works Committee he is in a strong position to work effectively in this field," Clayton said.

## Bobbies defeat Floydada, 41-40 in cliff-hanger

After losing their first two games in the second half of the district race by a total of three points, Dimmitt's Bobbies finally got a break Tuesday night, scoring a last-minute 41-40 victory over Floydada.

**KAREN** Baldrige was Dimmitt's heroine as she sank both shots in a 1-1 free throw situation with nine seconds remaining on the clock to give the Bobbies their one-point victory. Dimmitt's forwards and guards then joined forces to frustrate the visiting Whirlwinds' efforts to get the ball downcourt in the final nine seconds.

Baldrige racked up a near-perfect shooting record, hitting five for five from the free-throw line. She finished as Dimmitt's high scorer with 18 points, followed by Nancy Tisdale with 12 and Cynthia Henderson with 11.

All of Dimmitt's forwards were deadly on free throws, hitting nine straight in the second half. Although the Whirlwinds sank 16 free throws to the Bobbies' 13, Dimmitt scored 14 field goals to Floydada's 12.

**THE GAME** was close all the way. The visiting Whirlwinds gained an 8-7 advantage in the first quarter, but the Bobbies led 16-15 at halftime. The Bobbies increased their lead to 28-25 by the end of the third, but fell behind in the fourth until Baldrige put the winning points on the board in the final seconds.

Ann Lust graded highest among the Bobbie guards, "but they all played a real good game." Coach Bob Askey commented. Lust was credited with six rebounds and two steals, while Sarita White got four rebounds and three steals and LeeAnn Merritt snared four and stole one.

The girls' B-team game was a cliff-hanger, too, with Dimmitt winning by 40-38 in overtime. The score was tied at 34-34 when the clock ran out, but Susie Mooney racked up three straight field goals in the overtime to give the Bobbies the win. Mooney finished as the top scorer with 16, followed by Sylvia Nino with 11.

**THE Bobbies' victory** Tuesday night was as tense as Friday night's game against Abernathy — except that the Bobbies lost that one, 37-35, after two shots rimmed out in the final 10 seconds. The visiting Abernathy girls jumped to an early lead and held it through most of the game. The Bobbies pulled ahead once in the final quarter but couldn't keep the lead.

With the Bobbies trailing by two points, Baldrige drove under the basket with 10 seconds left and shot from heavy traffic, but the ball bounced off the rim. Dimmitt got the rebound and, with just six seconds left, Cynthia Henderson fired from 12 feet out. The ball went "in and out," giving Abernathy a narrow victory.

**BALDRIGE** sank 13 points for Dimmitt, while Terrie Newton scored 12 and Henderson 8.

er form."

"I'm not one of those people who will wave the flag and say that our country is better than any other, or that our country is perfect," the judge said. "We've made mistakes — some bad ones — but I don't think we should concentrate on these problems to the detriment of everything else. We ought to recognize the worth and essential goodness of this country and pass it on to our young people."

He cited race relations as one of the most obvious American problems in the world's eyes.

"**WE'RE** a long way from having the problem solved," he said, "but still, I'm proud of our country for coming to grips with the problem and for not trying to hide it — for bringing it out in the open so the whole world can see that we recognize our problem and are trying to solve it."

This "open forum" approach, he said, is the way the nation's problems should be attacked. He said the system was created to allow change, and that adults must pass this lesson on to the young generation by serving as active examples themselves.

"We need to help our young people realize that by taking part in the affairs of our country, our society and our government, they're doing what they were intended to do, what they're supposed to do," Judge Boyd said.

"**I THINK** those who devised our Constitution took the best ideas from the other forms of government to assure that the government could change with the times. But at the same time, any change should be for the long-range good, and not just to satisfy a passing whim.

"I think this idea of checks and balances allows the development of our government under the rule of law," he continued. "The rule of law is essential.

"I feel very strongly," he said, "that in this country there is never any justification for violence. Our form of government allows for change, and violence is never excusable as a method of bringing about change. If an idea can't be sold to a majority in a democracy, it just might be slightly possible that the idea is no good."

**HE CONCLUDED**, "What happens to us in the future is a direct result of what we do now. I still believe the history of our country is one of the bright pages of history, even with our country's weaknesses."

**ROLL IN!**—With the Bobbies trailing and time running out, Dimmitt sharpshooter Karen Baldrige tries to tie the score with a round-house layup in the closing moments of Friday night's District 3-AA game against Abernathy. But the ball rimmed off and Dimmitt's hopes sank. (Note expression of forward Terrie Newton, right foreground.) The Bobbies got one last chance with just two seconds to go, when Cynthia Henderson fired a well-aimed shot—but that one rolled in-and-out, too, and the Bobbies lost the heart-breaker, 35-37. Coupled with the one-point loss to Friona earlier in the week, Friday night's loss knocked the Bobbies out of the district championship race.

## Plentiful foods list is long one

The US Department of Agriculture's January plentiful foods list may equal the length of your list of New Year's resolutions, reports the Texas Agricultural Extension Service.

PORK and applesauce are featured for the month, and represent a real treat in flavor combinations. In addition to the featured items, fresh oranges, frozen concentrated orange juice, canned orange juice, dry peas, fresh apples, apple juice, fresh grapefruit, canned grapefruit juice, onions and potatoes will be plentiful.

The plentiful foods list is part of USDA's program to inform the public and the food trade about foods expected to be in abundant supply in the immediate future and in need of merchandising aid. The list is developed by USDA commodity specialists in cooperation with various segments of the food industry.

Pork production during the last few months has been running well above a year ago — and October output was the largest for any month on record.

A RECORD production of early, midseason and navel oranges will keep supplies plentiful, according to USDA's Consumer and Marketing Service. This season's grapefruit crop is expected to be a fourth larger than last season.

The nation's apple crop is estimated at around 150 million boxes, down from last year but still a large production. Keep plenty of apples on hand for out-of-hand eating and cooking.

A record-large summer onion crop and a record fall potato crop are sending large supplies of these popular vegetables to market. Potatoes and onions keep well, so you may want to stock up.

**1970 CROP PRODUCTION**  
The Texas Crop and Livestock Reporting Service says production of the crops of barley, broomcorn, upland cotton, corn, all hays, peanuts, potatoes, sorghum grain sweet potatoes, alfalfa seed sweetclover vetch seed and pecans were higher than in 1969. Less production in 1970 was registered for American-Pima cotton, flaxseed, rice, rye, soybeans, sugarbeets and wheat. Corn and sorghum grain crops set record yields and corn yields per acre for the first time were above those for sorghum grain.

THE conservation of people is the other half of the task of conservation of the soil.
