Through the fog...

The new year brought with it a variety of weather, all of it cold and most of it wet. Residents awakened Monday to a dense, soupy fog and temperatures in the mid 20's. As the fog cleared away around mid-afternoon, scenes such as this were evident around the area — fog rising from fields, pastures, and even yards. The fog created an effect not unlike those seen

on the screen in a horror movie.

Those in the know weather wise, said the fog was the result of 100 percent humidity and the cold temperatures.

The fog followed behind a snow New Year's day that covered the area and created hazardous driving conditions.

Total entries up this year

Winters Livestock Show scheduled Jan. 16, 17

Plans are now underway for the upcoming Winters Livestock Show, scheduled for January 16-17.

Total entries for this year's show shows an increase from previous years. Numbers in the Cattle and Swine departments are down, but there has been a steady increase in the Lamb department, and the

Rabbit and Poultry department has tripled its entries. In this year's showing 130 head of lambs will be shown, along with 51 head of barrows, 6 steers, 4 heifers, 33 chickens and 29 rabbits.

Swine, cattle, rabbits and poultry will be shown during the afternoon of Sunday, Jan. 16. Judge for the events will be Jackie Richards, Vocational Agriculture instructor at Abilene High School.

The Lamb show will be held Monday, Jan. 17, with John

Kearney, Vocational Agriculture instructor from Sterling City as judge.

Superintendents for the 1983 show, to be held at the Winters School bus barn include: General superintendent, R.Q. Marks; Assistant superintendent, Ladell Davis; Lamb Superintendent, Marvin Gerhart; Asst. Lamb superintendent, Edward Bredemeyer; Swine superintendent, Allen Andrae; Asst. swine superintendent, Bob Prewitt; Cattle superintendent, A.N. Blackerby; Asst. cattle superintendent, Phil Anderson; Rabbit and Poultry Superintendent, Edwin Deike; Asst. rabbit and poultry superintendent, Stanley Greer.

Concession superintendents will be Peggy Belew and Charlotte Lancaster. Assistants will be Mitzie Deike and Jane Allecorn.

President of this year's Winters Livestock and Agricultural Association, who sponsor the show is Calvin Helm. He wishes to remind everyone that a workday will be held Friday, Jan. 14 to help prepare the barn and facilities for the show.

Officers probe oil thefts

Runnels County Sheriff's officers are investigating the theft of some 250 barrels of crude oil from two leases in northeast Runnels County during the Christmas holidays.

Deputy J.D. Wilson said that some 200 barrels of crude were hauled away from the Freeman lease north of Content and that an additional 65 barrels were taken from the McAdams lease in the same area.

Wilson said the oil was trucked away from the leases and that there were very few leads in the thefts. He said that this was the first incident of theft of crude oil in this county in over a year.

Free clinic scheduled January 11

The Winters Multi-Purpose Center at 142 W. Dale will sponsor a free clinic for blood pressure, diabetes and anemia on January 11 from 9:30 a.m. to 11:30 a.m.

A children's immunization clinic will also be offered from 1 p.m. until 3 p.m.

Nurses from the Texas Department of Health Region IV will be present.

Lone Star Gas Company initiates Project HAP'N

Lone Star Gas Company President, Carol Neaves, announced recently that the company will initiate an assistance program designed to help persons living in the Lone Star Service area who are having difficulty paying their heating bills.

Lone Star Gas Company has committed \$100,000.00 to begin a fund which has been named Heating Assistance Program for the Needy (Project HAP'N). Lone Star will invite its customers and public in general to join in making contributions to Project HAP'N. The coordinating agency and the fund address will be publicized throughout Lone Star's 110 county service area soon.

Project HAP'N assistance funds can be used for any type of heating bill.

"We at Lone Star recognize that our funding will not adequately

help all who are financially in need with their heating bills," said Neaves. "But with additional funding from other sources, both public and private, this beginning effort should bring some help to more people."

"The potential is great," continued Neaves. "We have long worked with various social service agencies to assist our customers. Project HAP'N expands this effort."

Contributions are tax deductible.

PUC sets hearing on Coleman rate

A public hearing on Coleman County Electric Cooperative's request for a \$388,501 increase in annual revenues has been set for 10 a.m. February 17, at the Public Utility Commission in Austin.

The date was set last month during a brief conference with the hearings examiner in charge of the rate case.

The Coleman-based cooperative, which serves almost 7,000 customers in Coleman, Runnels, and Concho Counties, wants a 30 percent in the monthly minimum charge for residential customers. That charge would go from \$5.75 for the first 20 kilowatt hours of electricity to \$7.50, if the request is approved.

Cooperative officials also want to increase the per-kilowatt charge above 20 kilowatt hours by 83 percent from the current 1.554 cents to 3.39 cents.

For a residential customer using 1,000 kilowatt hours, the basic monthly bill, not including a cost-of-fuel or cost-of-power charge, would increase 70 percent from about \$24 to almost \$41.

Sheriff Hall named in DWI charges

Charges of driving while intoxicated were filed in San Angelo against Runnels County Sheriff Hershall Hall as the result of a Christmas Eve traffic accident on that city's east side.

Hall, 55, was released from the Tom Green County jail after posting a \$500 bond.

A spokesman in the San Angelo Police Department said that Hall was the driver of a vehicle that slid 45 feet through a red light before colliding with another vehicle.

Hall, who is serving his second term as Runnels County Sheriff, was reportedly in San Angelo visiting his wife who is hospitalized there in very serious condition at the time the accident occurred.

Annexation plans underway for new Winters Lake

Winters Mayor W. Lee Colburn, Monday, asked members of the city council to be prepared to submit names of citizens to serve on an advisory committee which will formulate proposed rules and ordinances for the new Winters Lake.

The action follows tentative approval of a plan to annex the new lake into the city limits. City Administrator Glenn Brown said that approval has been received from the Texas Department of Highways and Public Transporta-

tion to annex the highway right-of-way from Winters to the lake, and that such an action has prior approval from the state legislature.

Brown said that it is anticipated the lake will be annexed and a part of the City of Winters by early spring. He said the action was necessary in order for the city to enforce any laws at the lake.

It is expected the advisory committee will be named in the next regular meeting of the council and then will begin work.

Forefather of Good Roads

Christmas has come and gone. The tree has been dismantled and packed away for another year. The new year has been ushered in with a blanket of new fallen snow and a brand-new calendar hangs on the wall with its pages all clean and white.

There is an excitement about having a whole year stretching out before us, we want to be better organized... to accomplish more, but all of a sudden comes the realization that the mind is as blank as the unmarked calendar and a sheet of fresh paper laid on the table...

But ideas are all around and this problem is solved by the arrival of a letter from Wanda Yeager Tate of Menard. She is tracing the history of her family and asked me to write about them in my column...

Wanda's grandparents were Mr. and Mrs. D.W. Yeager who came to Runnels County in 1909 and lived here the remainder of their lives. He died in 1930 and his wife lived until 1936. They had two sons, Samuel Luther and Hughlin, and one daughter Muta Van Dyke.

Hughlin's wife was Arlie, daughter of Mr. and Mrs. Thomas R. Long. They were married in 1924 and were parents of Wanda who was born in 1928. She attended Harmony School two years.

With this meager bit of information, I began the search which is like any other puzzle and always fascinating. The book of cemetery inscriptions for the City of Winters listed D.W. Yeager born Jan. 27, 1857 and died May 5, 1930. He belonged to Woodmen of the World. His son, Samuel L., entered the service Jan. 11, 1918 in the 324 Remound Dep. QMC Corps. He was accidentally shot and killed on the streets of Winters Nov. 11, 1921 during an Armistice celebration.

Remembering that Mr. Yeager was once a commissioner of Precinct 2, I learned that Melvin Mapes had worked for him five years before his death. "He was a good man to work for and the forefather of better roads in Runnels County. There was very little road machinery, it consisted of two old type crawler tractors and two graders. Jim Seals dug the road with his mules on contract for Mr. Yeager. It was a day when they had men to oversee the road work and it was the law that a man work so many days or pay so many dollars."

Melvin recalled that Yeager became commissioner in 1918 following D.W. Meadows. When he died in 1930, Joe Mapes, Melvin's brother, filled out his term and was later elected. At that time they had two year terms. He served four years and was followed by Fred Bedford who remained commissioner for 20 years. Melvin then served as commissioner for 16 years and was followed by David Carroll.

The Yeagers lived all of their years in the county on land leased from the Meadows family, north of where the Harmony School was located. He did some farming and raised mules. Melvin said that he worked for the

At Christmastime, the kids hang up their stockings. After that, it's a full year before most of them hang up anything again.

Getting up the news by phone, I noticed all the kids, grandkids and great-grandchildren came home for Christmas, which is as it should be. Now the old folks are taking it easy in the recliner, looking forward to next Christmas. Here's the Christmas list I have this week.

Noble and Harvey Mae's holidays were enjoyed with Mike, Eileen and Jeremy Prater of San Angelo, Rosemarie and Robert Englert, the Jerry Kraatz family, Rodney, Bernie, Gene and Brian Faubion, the Danny Phillips family of Abilene, Bradley Pape, Claudette and Melissa Faubion.

The Donald Alcorns of Ballinger, Johnnie Denson family of San Angelo, and Johnnie Mathis and Mark of Abilene were with the Wilbert Alcorn's during Christmas.

In and out during Christmas with Mrs. Effie Dietz were Mr. and Mrs. Clarence Hambricht of Winters, Mr. and Mrs. Gaston Ernst, Adriana and Elissa of San Antonio, Mr. and Mrs. Donald Hambricht of Fort Worth, Donna and Clay Bailey, Clara McKisack, Dr. Gerald Dietz, Sidney and Stephanie of Dallas. The Ernst family also visited in Abilene with Adolph Ernst in Hendrick Hospital.

Spending the holidays with Connie and Georgia Gibbs were Donnie, Jason and Amy Gibbs of Menard, Connie Mac Gibbs, Kenny and Tammy of Winters, Mr. and Mrs. Travis Ford, Shane, Scotty, and Sherri of Rising Star.

Mrs. Amber Fuller, Jack Parker, Mr. and Mrs. John May spent Friday in Brownwood with Mr. and Mrs. Cal Thomason. Mrs. Fuller spent Thursday with her

betterment of the school and believed in good rural community fellowship.

Since the Yeagers lived in the Harmony Community, the next step was to the Rural View annual published in 1920. Mr. Yeager was on the county board of trustees at that time and he was also a trustee of the Harmony School. The daughter, Muta, was in the high school section. The Brileys: Robert, Lorene and Inez were also students. Robert was contacted for information. He recalled moving Muta Van Dyke and family to Galveston in the 1940s. I also learned that Mrs. Briley was a cousin to Hughlin's wife. She said that the Yeagers also boarded the school teacher.

Truett and Leona Billups had lived neighbors to the Yeagers and a telephone call to Leona in Seguin netted the following information: both Mr. and Mrs. Yeager were always helpful and interested in school affairs. He organized a literary society which met every Friday night for a program of plays and musicals. She was a good cook and neighborly, helping to take care of all the sick in the community. Leona said that her father, L.L. Lewis, and Mr. Yeager were trustees when Harmony was consolidated from Truett and Long Branch schools in 1918.

Mrs. Billups recalled that Mr. Yeager was a blustery but fair man and a member of the Winters Chamber of Commerce. Mrs. Yeager was a beautiful and striking looking woman, small in stature, with black hair and eyes. Samuel L. was his father's son by a former marriage and Hughlin was Mrs. Yeager's son by an earlier marriage but he took the name of Yeager. Muta was their daughter, a beautiful girl with her mother's coloring and her father's height. Muta's husband is now deceased but she continues to live in Galveston and Leona thinks she works for a doctor. She is the only living member of the family.

Mr. Yeager suffered a stroke at the funeral of Hughlin's infant son and lived two weeks before his death in 1930. Mrs. Yeager lived six more years and lies beside her husband in the Fairview Cemetery, although no stone marks the spot.

Dorothy Long and R.A. Long, brother and sister to Hughlin's wife, Arlie, continue to live in Winters. Long said that he worked for Yeager on the farm and that he also raised cattle. "He was a positive man", said Long and recalled one incident where Yeager asked a man to move his fence back three feet because he wanted to widen the road. When the man refused, he said, "I'll plow up your fence", and he came so close that the fence fell down.

Dorothy Long said she was only six years old, but she remembers that Mrs. Yeager was a good cook, especially her fried pies made from dried apples raised in her own orchard.

Dorothy said that Wanda has two brothers, A.H. of McCamey and Wayne of Ecuador, and a sister, Ima Jean Woolly, of Cedar Falls.

The pieces of the puzzle fit together enough to show that this pioneer couple worked together for the good of the community and their fellowman.

News

Our holiday decorations have been carefully packed away for storage, and most of our residents have at least expressed a goal for the New Year, and a few have made resolutions.

The monthly birthday party will be held Tuesday, Jan. 11 at 3 o'clock. Those having birthdays in January are Minnie Cotton, Jan. 4; John Norman, 12th; Lena Bahlman, 16th; and Otto Kelly, 28th. The birthday cake and entertainment has been planned, and friends and relatives are invited to attend.

At present Lizzie Howard and Julia Hinds are in North Runnels Hospital. We hope they can return to us soon.

Our newest resident is John Adams. We hope his stay with us can be a pleasant one.

Much interest has been shown at our Residents Council Meetings. We meet once monthly, and express our likes and dislikes, air our grievances, and enjoy hearing others complain, even if we don't agree with them.

CARD OF THANKS

Thanks to Dr. W.J. Lee, and to the nurses of North Runnels Hospital, and to the many friends who called or came by to see me following my accident. -Mike Meyer

PALM READER:

If unhappy, discouraged, a failure in business or love, This message is for you. Her spiritual power is a gift of God. There's no problem so great she can't solve. Tells you how to hold your job, when you've failed and how to succeed. Why suffer when you could find help? Where others fail she succeeds. Tell your troubles and what to do about them. Reunites the separated. Upon reaching womanhood and realizing she had God given power to heal she has devoted a lifetime to this work. Guarantees to remove evil influence and bad luck. One visit will convince you she's superior to any other you've seen. Lifts you out of sorrow and darkness and starts you on the way to success and happiness. You owe it to yourself to consult this gifted lady. There's no home so sad or heart so dreary that she cannot put sunshine and happiness into it. If you've been to others without success, don't fail to see her today. She succeeds where others failed. Don't concern her with others. Call or write: MRS. DIANE, 1925 S. MAKING THE MOST OF WHAT WE HAVE

Cascade Corporation. Some waste not used in by-products is burned for energy. We're also recycling more today. In fact, about half of all the paper produced comes from recycling waste paper and wood residues. It makes good sense to stretch one of our great renewable natural resources through wise use. That's why millions are spent by Boise Cascade and other environmentally concerned companies to look for still better and more efficient ways to grow trees and manufacture wood products.

At today's sawmills, computers decide how to get the most from each log and today's thinner saws hardly leave any sawdust. Although Americans are using 10 times more wood now than at the beginning of this century, the level of timber harvest has increased only modestly to supply this demand. The reason is new technology and increased efficiency of operations. Mill waste once discarded by many forest products companies is now converted into usable products such as particleboard, chemicals and paper by firms like Boise

MICROWAVE BASICS

Revamp Your Party Menu

When pretzels, nuts and party mints are making your guests yawn, it's time to revamp the menu. Try a dip, served hot for a change that is unique enough to satisfy any hungry party person. And don't worry, this recipe, tested by the Banquet Foods Test Kitchens, only takes minutes to prepare in the microwave oven. Start by combining cream cheese with frozen prepared creamed chipped beef as the base. The addition of chopped green pepper and onion add color plus crunch, and the seasonings add just the right snap to this recipe. Serve with crackers or crisp cut-up vegetables and any party menu will be revived!

Chipped Beef Dip

- | | |
|---|---|
| 1 packaged (8 oz.) cream cheese | 1/4 cup sliced green onion |
| 2 packages (4 oz. ea.) frozen prepared creamed chipped beef | 1/2 teaspoon Worcestershire sauce |
| 3 drops hot pepper sauce | 2 tablespoons sliced almonds (optional) |
| 1/3 cup chopped green pepper | Assorted crackers |

In 1-1/2 quart round glass casserole, place cream cheese. Microwave at HIGH 30 seconds to 1 minute or until softened. Set aside.

Cut slit in each beef bag. Place on microwave-safe plate. Microwave at HIGH 2 to 3 minutes or until warm. Combine chipped beef, cream cheese, green pepper, onion, Worcestershire sauce and hot pepper sauce. Stir until smooth. Microwave at HIGH 1 to 2 minutes, or until warm, stirring once. Sprinkle almonds on top, if desired. Serve with crackers or crisp cut-up vegetables. Makes about 1 3/4 cups.

'Our Little Miss' meeting set

A meeting concerning the Runnels Area "Our Little Miss" pageant will be held at 7 p.m. Monday, Jan. 10 in the home of Vickey Harrison, 309 Truett.

The pageant is scheduled to be held Feb. 26 in Ballinger, and is open to girls age 0-17. This year an extra division, "Universal Beauty" has been added to each of the three categories of the contest. No talent is required for this division.

All interested mothers and daughters are invited to attend this meeting in the Harrison home to ask questions and pick up entry forms. More information may be obtained by calling 754-4468.

Deadline for entry is Feb. 10.

ENERGY-SAVING IDEAS

A lot of American homeowners whose ceilings are warmer than they are, are discovering an ingenious and inexpensive energy saving device. It's a unit that's designed to circulate warm air quietly down to the floor level without creating drafts.

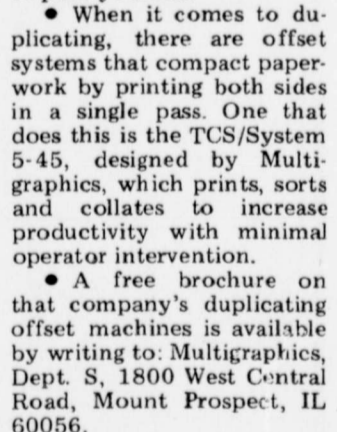

A small fan is mounted inside a special housing that draws in heated air around the sides, then directs it downward through the bottom at low velocity so no one in the room feels a draft. Called the Stratofet, it's available in four sizes: models for ceiling heights of 8, 12, 16 and 20 feet.

Because heat rises, a fan that moves hot air downward can mean a heat savings of at least 15 percent every year. Strato Products, Inc., Johnson City, N.Y., manufacturer of the Stratofet, guarantees that if the device does not make the user more comfortable and save money in heating bills in the winter, the company will buy the device back in the spring.

A free list of dealers that stock the fan is available by writing to: Booklet Distributors of America, Inc., 201 E. 42nd Street, New York, N.Y. 10017.

WDR BUDGET

A lot of small businesses are getting a big hand from their office equipment these days and making themselves more efficient in the bargain.

• Because overwork leads to diminishing returns, crash programs are generally unsatisfactory. That's why careful planning allows you to pace yourself.

• When it comes to duplicating, there are offset systems that compact paperwork by printing both sides in a single pass. One that does this is the TCS/System 5-45, designed by Multi-graphics, which prints, sorts and collates to increase productivity with minimal operator intervention.

• A free brochure on that company's duplicating offset machines is available by writing to: Multi-graphics, Dept. S, 1800 West Central Road, Mount Prospect, IL 60056.

Exchange wedding vows...

Double-ring ceremony unites Carol Jones, Frank Murphy

Poinsettia, greenery, candelabra, and burgandy pew bows decorated the Ballinger Seventh Street Baptist Church at the marriage of Carol Ann Jones and Frank King Murphy on Dec. 21.

Parents of the couple are Mr. and Mrs. B.W. Jones of Ballinger and Mr. and Mrs. James Murphy of Winters.

The double ring ceremony, held at 6:30 p.m., was officiated by the Rev. H.G. Barnard.

Organist Wendell Jones played "What A Difference You've Made In My Life," "Twelfth of Never," and "The Wedding March."

Cousins of the bride, John Jonas and Mike Jonas of Ballinger, were candlelighters.

The bride, given in marriage by her father, wore a floor-length gown of Chantilly lace, with pearl bodice, chapel train and mantilly veil. She carried a bouquet of burgandy and white roses, baby's

breath and Lilies of the Valley, which was made by the groom's mother, Loretta Murphy.

Maid of honor was Terrie Jones of Ballinger, sister of the bride.

Bridesmaid was Melody Murphy of Winters, sister of the groom.

Bride's attendants wore burgandy dresses, and carried long stemmed mauve and burgandy roses, accented with Lily of the Valley.

Best man was Jerry Davis of Winters.

Alfonso Campos of Winters was groomsman.

Jimmy Murphy of Winters, brother of the groom, was usher.

The groom's parents hosted a rehearsal dinner in their home in Winters.

A reception was held in the church fellowship hall, complete with bride's cake, groom's cake, white tablecloth, bride's bouquet, and burgandy and pink rose rice throws.

Members of the houseparty included Margaret Cooke, Sherrice Cooke, Kim Cooke, Joyce Pullins, Louise Jonas, Karen Horton, Diane Gomez, Terrie Jones and Melanie Elder.

The bride is a 1982 graduate of Ballinger High School and is employed by Kent, Inc.

The groom is a 1982 graduate of Winters High School and is with the U.S. Army.

The couple will reside in Fort Bragg, North Carolina.

Tour of Homes planned by Young Homemakers

The monthly meeting of the Winters Young Homemakers will be held at 6:30 p.m. Monday, Jan. 10 at the Homemaking Cottage.

A "Tour of Homes", including the homes of Mr. and Mrs. Dub Curtis, Mr. and Mrs. Henry Sibley, and Mr. and Mrs. James Brown, has been planned.

After the tour, the members will return to the Homemaking Cottage for a business meeting and refreshments.

MEDICAL JOURNAL

A recent broadcast sponsored by the Columbia-Presbyterian Medical Center and The Prudential Insurance Company volunteered specific steps parents can take to prevent their children from inhaling foreign objects.

Dr. Russell Asnes, a pediatrician at the Columbia Medical School, says youngsters with strong "oral tendencies" may swallow objects like buttons, tacks or coins which parents leave around the house. Plastic toys which can be disassembled also present special dangers, since children may swallow or choke on the smaller parts.

Dr. Asnes says parents minimize risk from small objects by making the home as safe as possible. "A major part of being a parent involves being on constant watch for ingestions, not only of small objects and toys, but also of household items such as cleaning fluids and medications," says Dr. Asnes.

Parents should also be aware that ordinary foods, particularly peanuts, can be sucked into the windpipe or lungs by young children.

Dr. Asnes says the Heimlich Maneuver is the most effective procedure to dislodge a foreign object from the

Sub Deb Club to raise money for Rehab '83

The Sub Deb Club met at 6 p.m. Monday, Jan. 1. Included in the discussions for the evenings were ways on how to start the New Year off on a better foot.

A block-aid has been scheduled for Saturday, Jan. 8 to help raise money for Rehab '83.

The club will meet again at 6 p.m. Jan. 10 at the Winters Bakery.

VISITORS

Visiting in the home of Mrs. Ola Yates for several days during the holidays was Mrs. Baxter Wilson of San Antonio.

ACNE MYTHS & FACTS
 Hygiene
 True or False:
 Dirt and poor hygiene cause acne.
 Blackheads contain bits of dirt which make them dark.
 Frequent and vigorous scrubbing will help acne clear up.
 If you answered "true" to any of these three statements, you're among the thousands of people who don't know all the facts on acne.

Neither dirt nor poor hygiene causes acne. The disease results from a combination of factors including heredity, hormones and events that take place beneath the skin in hair follicles/oil gland ducts.
 Although blackheads may look like they contain dirt, they actually get their dark color from a concentration of skin pigment.
 Good general hygiene to remove dirt and excess oil calls for bathing daily and washing your face twice a day.
 Use a mild soap and wash gently. Vigorous scrubbing can aggravate acne and damage the skin.
 Although good hygiene is not the answer to acne, the vast majority of cases can be improved with the medications and treatments now available. If you have acne, a visit to your family doctor or a skin specialist called a dermatologist will give you an idea of what can be accomplished.

Services held Tuesday for V. Whittenberg

Mrs. Jack Whittenberg, 61, of Winters, died at 12:10 p.m. Sunday at North Runnels Hospital after a brief illness.

Services were held at 2 p.m. Tuesday at St. John's Lutheran Church, with the Rev. Lawrence Keene, pastor, officiating. Burial was at Lakeview Cemetery under direction of Winters Funeral Home.

Born Vera Mae Wessels Oct. 24, 1921, in Runnels County, she was a lifelong county resident. She married Jack Whittenberg June 29, 1942, in Winters. They lived in the Eagle Branch community from 1942 to 1957, when they moved to Winters. She was secretary of the Lutheran Ladies League, a member of the Dale Sewing Club and a Lutheran.

Survivors include her husband; two daughters, Mrs. Randall (Jeanita) Watson and Mrs. Ronnie (Linda) Bethel, both of Coleman; two brothers, Erwin Ray Wessels of Monahan and Clarence Wessels of Winters; three sisters, Clara Bell Whittenberg of Winters; Evelyn Roth of Phoenix, Ariz. and Bernice Stanford of Lubbock; and three grandchildren.

Pallbearers were Alvis Waldrop, Boyd Grissom, Bill Mayo, Donald and Delbert Kruse, Freddie Bredemeyer, Walter Pannel and James Brown.

Death of Winters man ruled accidental

Funeral services for Donald Earl Gray, 21, who was accidentally killed in a hunting accident Thursday morning on his grandfather's farm, six miles east of Winters, were held at 2 p.m. Monday at Mt. Carmel Catholic Church.

Father John Hoorman, pastor, and Father James Bridges of Odessa officiated, with burial in Lakeview Cemetery under the direction of Winters Funeral Home.

The son of Pete and Betty Gray, he was born in Winters Jan. 18, 1961, and had lived in Winters most of his life. He had served four years in the Coast Guard.

Gray was a member of Mt. Carmel Catholic Church, and at the time of his death, he was employed by Roy Calcoate and Sons Dirt Work.

Survivors include his parents; one brother, James Craig, stationed in

Hawaii with the Coast Guard; his grandparents, Van and Jimmie Whittenberg of Winters; and several uncles and aunts.

Pallbearers were John Krause, Johnny Bedford, Riley Marks, Jimmy McNeil, Wayne Kraatz, James New, Hank Bradshaw, Cody McNeil, Gene Bowden, and Britt Guy.

Quilts for Rehab '83 needed now

Every year for the past several years, Bill and Susan Hayes, "Doug and Julie" of the day-time drama "Days of Our Lives" have auctioned quilts and afghans that have been donated for the West Texas Rehabilitation Center's annual benefit telecast.

But to date only about ten quilts have been donated for the Jan. 8 telecast. Normally, close to 100 are donated, so Rehab Center officials are making an urgent appeal for individuals and quilting clubs from all over the Southwest to send in a quilt or afghan for this year's show.

Donors are asked to call the West Texas Rehabilitation Center as soon as possible at 915/692-1633.

Each year, the quilt auction portion of the telecast raises in excess of \$10,000 so it plays a big part in the overall fund-raising event.

Former Winters resident died December 21

Dolores Cortez Hernandez, 69, of Abilene, and formerly of Winters, died at 2 p.m. Tuesday, Dec. 21 in Hendrick Medical Center after an illness of several weeks.

Rosary was at 7:30 p.m. Wednesday, Dec. 22 at Winters Funeral Home. Funeral Mass was held at 10:30 a.m. Thursday, Dec. 23 at Mount Carmel Catholic Church in Winters, with the Rev. John Hoorman, pastor, officiating. Burial was at Lakeview Cemetery under direction of Winters Funeral Home.

Born Aug. 13, 1913, in Sweetwater, he moved as an infant with his family to Winters. He married Helen Torrez in 1938 in Winters. He worked for C.L. Green Milling Co. of Winters for more than 20 years and lived in Abilene the past 15 years. He was a member of St. Francis Catholic Church in Abilene.

He is survived by his wife; three sons, Armando of Roscoe and Alex and Manuel, both of Abilene; two daughters, Olivia Hernandez and Vangie Hernandez, both of Abilene; a brother, Paul of Munday; a sister, Vivian DeLeon of Corpus Christi; and 10 grandchildren.

One item that's making a comeback in many kitchens is the onion. It's a tasty ingredient in such treats as crispy fried onion rings or as an onion cheese pie or a nourishing soup. With the convenience of "The Daze Stripper" the new appliance that peels onions automatically without tears, many good cooks are rediscovering this versatile vegetable.

Fried onion rings are a universal favorite and especially appetizing when made with onion rings and a half cups of biscuit mix with one and a quarter cups milk to form a smooth batter. Dip onion rings in batter and drain slightly. Fry in deep hot oil until golden brown on both sides.

Completes basic training...

Cavanaugh stationed in Illinois after basics

Airman Richard K. Cavanaugh, son of Inoyce Cavanaugh of Winters, has been assigned to Chanute Air Force Base, Ill., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, the airman studied the Air Force mission, organization and customs and received special train-

ing in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the aircraft maintenance field.

HEARTY HAM SANDWICH IS QUICK, EASY TO MAKE

When busy schedules leave little time to cook, serve something quick-to-make, like Ham 'n Swiss on Biscuits. The hot, hearty sandwiches are so good tasting and easy to prepare, they'll become a favorite standby. Refrigerated flaky biscuits enclose chunky ham and Swiss cheese to make these big, round sandwiches. Accompany them with tomato wedges and fruit for a well-rounded meal.

HAM 'N SWISS ON BISCUITS

- 6 3/4-oz. can chunked ham, drained and flaked
- 1 teaspoon instant minced onion or 2 tablespoons chopped onion
- 1 teaspoon poppy seed
- 2 tablespoons margarine or butter, softened
- 2 tablespoons prepared mustard
- 10-oz. can Hungry Jack refrigerated flaky biscuits
- 5 (4x4-inch) slices Swiss cheese
- Poppy Seed

Heat oven to 375°F. Combine ham, onion, poppy seed, margarine and mustard; reserve about 1/3 cup. Separate dough into 10 biscuits; press 5 biscuits to 3 1/2-inch circles on ungreased cookie sheet. Spoon scant 1/4 cup meat mixture onto each flattened biscuit. Fold cheese slices into quarters; place on meat mixture, pressing slightly. Divide reserved 1/3 cup meat mixture over cheese. Press remaining 5 biscuits to 4-inch circles; slightly stretch each over meat mixture. Do not seal edges. Sprinkle tops with poppy seed. Bake at 375°F. for 10 to 15 minutes or until golden brown. 5 sandwiches.

Mary West died Dec. 25 in Brownwood

Mary Rebecca West, 87, of Brownwood, died at 12:19 a.m. Saturday, Dec. 25 at Brownwood Regional Hospital.

Services were held at 10 a.m. Monday, Dec. 27 at Morelock Funeral Home with Dr. Art Allen, pastor of Calvary Baptist Church of Brownwood, officiating. Graveside services were held at 2 p.m. Monday at Bluff Creek Cemetery in Runnels County.

Born Aug. 28, 1895, in Upshur County, she lived in Brownwood for 26 years. She was formerly of May in Brown County. She married John E. West Dec. 15, 1911, in Runnels County. He died Feb. 19, 1980. She was a member of Calvary Baptist Church.

Survivors include two daughters, Hermie Childers of Fresno, Calif., and Zella Mae Woods of Lake Brownwood; a daughter-in-law, Annie Dee West of Winters; two sisters, Nora Ward of Cleburne and Lucille Blue of Brownwood; seven grandchildren; 18 great-grandchildren; and a great-great-grandchild.

Boy Scouts gain in '82

The number of Boy Scouts in the Chisholm Trail Council increased by 16 percent - from 841 to 978 during 1982. The number of Boy Scout Troops increased by two - from 45 to 47. This means that the average number of Boy Scouts per Troop increased from 18.7 to 20.8.

Cub Scouts (8-10 years old) grew by 4.5 percent - from 1723 to 1800 and while the number of Cub Packs remained the same at 54, the average number of Cub Scouts per Pack grew from 32 to 33.3.

Explorers for High School youth grew from 216 to 238 and the number of Explorer Posts grew from 14 to 19.

This made the total gain in youth membership 8.5 percent - from 2780 to 3016. In addition, a new program for 7-year-old boys started this year with 164 boys enrolling.

The word is out from officials at the Texas Department of Agriculture stating prospects for improvement in Texas agriculture in 1983 is good.

Of course, there are some strings attached to the word from Austin. Retiring Ag Commissioner Reagan Brown says: "Depending on changes in the international market and farmers' ability to adapt production to domestic and export conditions."

He said that the main options for Texas farmers are to reduce acreage on the traditional crops of grains and cotton and to begin diversification to crops that are in stronger demand.

"Everything hit the Texas farmer at the same time — low export demand, high interest rates, weather disasters, and a weakened economy," added Brown.

"Few people realize that one-fifth of farm income is derived from exports. When foreign buyers halt or slow down their purchases, we have severe impacts with lower prices on grains and cotton and surpluses that affect prices for several years."

I received a memo from The Federal Land Bank of Texas, also in Austin, announcing interest rates on Land Bank variable loans will be reduced to 11.25 percent on farm loans and to 11.75 percent on farm-related business and rural residence loans. The rates became effective Jan. 1.

"The Land Bank's objective is to provide credit to Texas agriculture at the lowest possible cost, consistent with sound business practices," said Thomas H. Benson, Federal Land Bank president.

Texas Congressman Charles Stenholm and state farm leaders managed to get widespread participation in the Federal acreage reduction programs for 1983, too. The group under the name of Texas Agriculture Forum is trying to develop ways to decrease 1983 production of surplus crops and to devise other measures that will help the farm economy.

The acreage reductions in the Federal farm bill are not enough to get out supplies and production in line with expected market demand next year, but they are a start in the right direction.

In the 1982 acreage reduction program about 75 percent of the eligible Texas acres were enrolled in the program. "If we could get close to 100 percent compliance, I believe that we could see some strengthening in market prices toward the end of next year, especially if we can open some new markets," stated Brown.

The cotton picture shows 2.6 million bales harvested in the Lone Star state for 1982. That figure is down 54 percent from 1981, but up 4 percent from the previous forecast. Texas remains in second place behind California in cotton production for 1982.

Texas pecan production for 1982 was 20 million pounds. It's down 68 percent.

Be it economy or no market at all, most any West Texas will tell you 1983 and the prospects thereof depend on the weather. If it turns out to be a good wet year, agriculture will look good. If it's dry, the whole year will be bleak. Let's hope it's a wet Happy New Year!

Farmers must pay estimated tax soon

Individuals who earned at least two-thirds of their 1982 gross income from farming have until Monday, Jan. 17, to make a 1982 declaration of estimated tax and to pay any taxes due.

However, according to the IRS, farmers who plan to file their 1982 income tax return and to pay the total tax balance by March 1, are not required to make an estimated tax declaration.

Additional information is available in the free IRS Publication 225, "Farmer's Tax Guide", and Publication 505, "Tax Withholding and Estimated Tax". These publications can be obtained by calling the IRS number listed in the local telephone directory.

Time to consider cattle lice control, says Turner

It's the time of year when the nation's cattlemen need to put up their guard against a pest that annually pilfers their pocketbooks of \$100 million.

Lice are the culprits, and they begin to reproduce rapidly with the onset of cool weather, says Allen Turner, county agent with the Texas Agricultural Extension Service. They reach peak populations in late winter and early spring.

Uncontrolled, lice can soon infest a whole herd, because with cold weather, cattle tend to bunch up more and the pests can easily move from one animal to another. Heavy hair coats on animals during cold weather also afford protection for the parasites and allow increased reproduction.

Costs to the cattleman — both in control efforts and dramatic production losses — increase as lice populations build.

There are two types of lice — bloodsucking and biting — and both infest cattle, says the agent. Sucking lice pierce the animal's skin and suck blood while biting lice feed on particles of hair, scale, scab and skin discharges.

Lice infestations irritate animals, cause itching, scratching and rubbing on fences or anything else available. This produces denuded areas, bruises and lacerations on the affected animal. Heavily infested animals will have an unthrifty appearance and will suffer weight reduction, decreased milk production, anemia or even death, points out Turner.

Lice infested animals may also be more subject to respiratory diseases such as pneumonia. Heavy lice infestations often stunt calves. Undernourished cattle of any age usually have the heaviest infestation.

Some cattle appear to be physiologically more susceptible to lice than others and thus have higher pest populations. Such animals are called "chronics" or "carriers" and are usually instrumental in reinfesting the herd annually in spite of repeated insecticide treatments. Culling "carrier" animals is a helpful management practice in reducing lice problems, Turner explains.

of interest to VETERANS

A 1977 law authorizes the Defense Department to grant veteran status to certain categories of civilians who served the country in wartime. So far, nine groups have received the designation making members eligible for some Veterans Administration benefits. Another 37 categories have had their appeals for recognition turned down.

The nine designated categories, all from World Wars I and II, are Women's Airforce Service Pilots; Signal Corps female telephone operators in WWI; Engineer field clerks in WWI; Women's Auxiliary Army Corps; Quartermaster Corps female clerical employees serving in the Allied Expeditionary Force.

Also, civilian employees, Pacific Naval Air Bases, stationed on Wake Island at the outbreak of WWII who actively participated in the defense of Wake Island; reconstruction aides and dieticians in WWI; male civilian ferry pilots; and Wake Island defenders from Guam.

Before seeking VA benefits, affected individuals should apply for a certificate of honorable discharge, listing their name, dates and place of service and other information. Write to the secretary of the service concerned, either: Secretary of the Army, The Pentagon 20310; or Secretary of the Navy, The Pentagon 20350.

Veterans can get more information and assistance from any American Legion Post or Veterans Administration Office. — Al Keller Jr., National Commander.

CRIME STOPPERS

Burglary occurs every two minutes in Texas, leaving behind losses that cannot be replaced. In Texas, burglary rings account for 245 million dollars worth of stolen goods annually, an average loss of 966 dollars per home.

Crime prevention is one answer to this growing problem. The simple act of locking one's home before leaving, reduces the chances of burglary by 20 percent. Asking your neighbor to pick up your newspaper when you are away from home and turning household lights on at intervals, can deter a prospective burglar. The Texas Crime Stoppers Advisory Council is doing its part to see that those criminals who make their living by stealing from others are put where

they belong — behind bars.

For the month of January, 1983, Texas Crime Stoppers is focusing its statewide "Crime of the Month" program on burglary. Any citizen having information about burglary is asked to call the anti-crime hotline at 1-800-252-TIPS. Cash reward are available for information leading to the arrest and indictment of these criminals.

Our efforts to combat crime cannot succeed without active citizen involvement. Your support and participation in this program will be a formidable obstacle to any criminal.

Call 1-800-252-TIPS today to help shut down burglary rings in Texas.

Guest entertainers to launch "Rehab '83"

Viewers throughout the Southwest will be entertained by a host of show-business greats and at the same time have an opportunity to give the handicapped a helping hand as the annual "Rehab '83" telecast to benefit the West Texas Rehabilitation Center airs on January 8, 1983.

Rex Allen will once again host the seven-hour entertainment special with help from Rex Allen Jr., Shari Lewis, Bill and Susan Hayes.

Other entertainers slated to appear include Vikki Carr, Slim Pickens, Grandpa Jones, Helen O'Connell, Sammi Smith, Arthur Duncan, Anacani, The Otwell Twins, Joey Schmidt, Pedro Gonzales

Gonzales, Eddie Reasoner, Jimmy Weldon, Clyde Creel, and the Lone Star Travelers.

The annual "Rehab" telecast launches the year-round funding program for the West Texas Rehabilitation Center with campuses in Abilene, San Angelo, and Snyder.

The West Texas Rehabilitation Center is a private, non-profit rehabilitation facility that provides services, without charge, to more than 10,000 handicapped children and adults.

Viewers will have an opportunity to call their pledges of support as well as bid on more than \$100,000 in auction items that have been donated for the show.

Santos Rocha receives commission in U.S. Army

Santos E. Rocha of Winters has been commissioned as a reserve second lieutenant in the United States Army through the ROTC program at West Texas State University.

Rocha, who has completed requirements for a Bachelor of Science in Nursing degree at WTSU, was among seven students who were awarded commissions during a ceremony.

He entered the U.S. Army in 1979 and completed basic training at Fort Jackson, S.C. A 1972 graduate of Abilene High School, Rocha is the son of

Andres and Anita Rocha of Winters. He and his wife, Juana Maria Rocha, reside in Canyon. He will be an engineer based in Abilene.

During the commissioning ceremony, Lt. Col. Jonathan Searles, professor and head of the WTSU Department of Military Science, referred to the commission as the first step in a military career for several of the students, a step to an "equally rewarding civilian career" to others and a culmination of a lifelong ambition to several other recipients.

During ceremonies

Santos E. Rocha of Winters received a commission as a reserve second lieutenant in the United States Army through the ROTC program at West Texas State

University. Pinning the bars are his wife, Juana Rocha, and his mother, Anita Rocha of Winters. Rocha and his wife live in Canyon.

Council approves WTU contract

The Winters City Council, in their first regular meeting of 1983, gave their approval to a contract with West Texas Utilities for street lighting in the city.

The new contract calls for an almost 300 percent increase in the amount charged for electricity used to light Winters streets. City Administrator Glenn Brown said that the average monthly bill would be

about \$1,500 per month (including the fuel cost factor and the forth coming overall WTU rate increase) up from the monthly average last year of \$576.

In order to keep the amount as low as possible, a number of street lights were changed to a lower power bulb while some street lights were taken out completely.

In other action, the council set Monday,

January 17, as the date for the first public hearing on the requested annexation of three parcels of property just south of the city limits on the Ballinger highway. The annexation was requested by Diamond Shamrock, owners of the Shamrock station.

Mrs. Vera LaFoon, representing the Winters Housing Authority, gave the annual report from the Housing Authority and indicated that all 87 units operated by the authority were filled at this time and that there was a waiting list of some 40-50 applicants.

Mrs. LaFoon also said that there is a possibility of funding for some improvements to the existing housing units. The improvements could include painting and fix-up work on some of the older units and the possible replacement of some of the major kitchen appliances that are in poor repair. It will not be known until later this year in those funds will actually become available.

As an information item, Mayor Lee Colburn, read a letter to the council from the State of Texas reporting on an inspection tour of the sanitary landfill recently. The letter noted that the landfill operation is in good shape at the present time and being operated in accordance with mandatory guidelines.

Social Security records should be up-to-date

Are you recently married or divorced? Did you remember to have your name changed on your social security records?

Changing your surname on your social security card and records can be done easily and quickly by visiting or calling your local social security office. Unlike most document changes, to change the name on your social security card and record is a free service to the public. You will however, have to furnish proof of identity showing both your "old" and "new" name and complete an application form for a replacement card. Once you have done this, it takes approximately 3 weeks to receive your new social security card. Below are some examples of acceptable proof of identity which you can use as a guideline. Remember though, that the original or a certified copy of documents must be used. Uncertified or notarized photocopies are not accepted. Virtually all

social security business can be conducted via the telephone and by mail. If handled by mail, we will return your documents once we have verified your identity.

The following are examples of proof of identity: driver's license, ID card, shot record, report card, marriage or divorce record, voter registration, passport, or any document providing identifying data such as physical description, photograph, or signature.

Remember that your social security number is needed for us to keep a correct record of your earnings while you are working. It will also be needed if you die, retire, or become disabled so that you or your survivors can receive benefits. Maintaining correct information on your social security record is an easy task. If you have any questions or need assistance in obtaining your documents, call your local social security office at 949-4608 in San Angelo.

Some Common Myths About Mobile/Manufactured Homes

By Lisa Drake
Consumer Affairs Advisor
Manufactured Housing Institute

20 percent — of mobile/manufactured home owners and owners of site-built homes move every year.

"Mobile/manufactured homes are flimsy — not well built."

This one is a tall tale. Every mobile/manufactured home must pass tough federal standards and building codes — in many cases more stringent standards than those required for site-built houses!

"Mobile/manufactured homes depreciate in value."

According to a national study of half a million mobile/manufactured home sales around the country, mobile/manufactured homes are appreciating in value, the same as site-built houses. On average, the value of a mobile/manufactured home will increase about 5 percent per year.

These are just some of the myths being dispelled by pleasantly surprised home-seeking Americans who are learning that mobile/manufactured homes are attractive, well-constructed — and affordable!

It is a fact that 30 percent of single family homes sold in the U.S. last year were mobile/manufactured homes — in spite of certain myths that many people still associate with factory-built homes. For example, there's...

"Mobile home? Oh, that's something you hitch up to the back of your station wagon and go, right?"

Wrong. Travel trailers move around, not mobile/manufactured homes. According to the Manufactured Housing Institute, nine out of ten mobile/manufactured homes never leave their original sites. Their owners even add porches, patios, foundations and gardens.

"People who live in mobile/manufactured homes are kind of footloose and fancy-free. They like to move around a lot — change jobs, go to another town."

No more than the owners of site-built houses. Surveys show that the same ratio —

Specialty Potatoes Add "Sauce" Appeal

Tired of boiling noodles, steaming rice, peeling potatoes to complement the meat and vegetable every night? The R.T. French Company offers the perfect solution: "The Saucy Potato."

"The Saucy Potato," French's line of packaged potato casserole mixes, provides a tasty but easy boost to an otherwise humdrum dinner or tired side dish. Now you can enjoy Tangy Au Gratin, Crispy Top Scalloped, Real Cheese Scalloped, Sour Cream & Chives, and Potato Pancakes without the time and trouble of making them from scratch.

In fact, with some quick additions, "The Saucy Potato" becomes a simple but saucy main dish, as well as an exciting meal complement, as you can see from the following recipes.

TOMATO TOPPED AU GRATIN POTATOES

1 package (5.5-oz.) French's Tangy Au Gratin Potatoes
1 can (4-oz.) mushrooms, drained
1 or 2 tomatoes, sliced
1 green onion, chopped
1 tablespoon butter or margarine

Prepare potatoes as directed, adding mushrooms. Bake at 400° for 35 minutes. Top with tomatoes, sprinkle with onion, and dot with butter. Bake 10 minutes longer, or until piping hot. 4 to 6 servings.

Microwave: Follow Microwave Method on package, adding mushrooms. Microwave 16 minutes. Top with tomato, onion, and butter;

POTATOES RANCHEROS

1 medium-size green pepper
1 package (5.61-oz.) French's Real Cheese Scalloped Potatoes or French's Crispy Top Scalloped Potatoes With Savory Onion

2 tablespoons chopped green onions
2 teaspoons chopped pimiento
1 cup soft bread crumbs
2 tablespoons butter or margarine, melted
1 tablespoon barbecue sauce
1 tablespoon water

Cut pepper in half; chop one half and cut remaining half in 6 strips. Prepare potatoes in 2-quart casserole, stirring in chopped pepper, onions, and pimiento. Bake at 400° for 30 minutes.

Combine bread crumbs with butter; combine barbecue sauce with water. Top casserole with pepper strips, sprinkle with bread crumbs, and drizzle with barbecue sauce. Bake 5 to 10 minutes longer. 6 servings.

Microwave: Follow Microwave Method on package, adding pepper, onions, and pimiento to potatoes and water. Top with pepper strips, buttered crumbs, and barbecue sauce after stirring in seasoning mix, milk, and butter.

For other ideas on how to add saucy potato appeal to your meals, write to: Potato Booklet, The R.T. French Company, One Mustard Street, Rochester, NY 14692. You'll receive a free recipe booklet featuring the full line of French's potato products.
