Pre-trial hearing scheduled Feb. 17

County Commissioners Court limits sheriff's activities

Runnels County Sheriff Hershall Hall must now furnish his own vehicle following action of the Runnels County Commissioners Court special session last Thursday.

The commissioners took the action following a Christmas Eve accident in San Angelo that resulted in damage to a county vehicle and driving while intoxicated charges being filed against the sheriff.

Prior to taking formal action requiring the sheriff to furnish his

own vehicle and be paid mileage for use of the car, Commissioner Robert Virden asked to go on record as attempting to contact the sheriff and request his presence at the meeting. The subsequent attempt to contact Hall failed and the commissioners took action to remove the sheriff from the county-owned vehicle.

At issue is the county's liability for damages incurred by an elected official in the actual performance of

duties and what the duty hours are. The commissioners agreed that the office of sheriff requires irregular hours, and frequently 24 hours per day, seven days per week.

Commissioner Robert Virden, in making the motion, said, "I'm not trying to be hard handed, I'm just trying to protect us (the county). That's our job right now and the action is being taken in light of the circumstances." The commis-

sioners said the move was "not to suppress the sheriff, just to protect the county."

Hall was arrested by San Angelo Police officer Carl Bierman Christmas Eve following a traffic accident in that city. Police reports said that the vehicle driven by Hall and owned by Runnels County skidded some 45 feet through a red light before colliding with a pickup.

The report said that Hall refused to submit to a chemical breath test

and was placed in the Tom Green County Jail on charges of driving while intoxicated.

Hall was released on Christmas Day after posting a personal recognizance bond. The sheriff had been in San Angelo to visit his wife who was hospitalized in very serious condition when the incident occurred.

Since the time of his arrest, the sheriff has been unavailable for contact and reportedly out of town. He returned to the county last week and in his office only briefly.

Tom Green County Attorney Bill Moore said Tuesday that the pre-trial hearing on the case was scheduled in Tom Green County Court for Thursday, February 17. Moore said that the case would be "treated like a regular case" even though it involved an elected, law

enforcement official from another county.

In Runnels County, the commissioners court has pointed out that Chief Deputy J.D. Wilson is filling the position of acting-sheriff for the county.

Two members of the commissioners court, Robert Virden and David Carroll, contacted Sheriff Hall and requested that, in light of the pending charges, he (Hall) submit his resignation as Runnels County Sheriff.

Hall told the commissioners that he would not resign his post and has, several times since, said he would not resign.

The county commissioners are not anticipated to take any further action concerning the sheriff's department until after Hall's trial.

No pay cut for secretary

County settles salary dispute

A disagreement between the county attorney and the Runnels County Commissioners Court over the salary for the legal secretary in the county attorney's office was settled last week in a special meeting of the commissioners.

County Attorney Kendal Granzin had requested the meeting to resolve the matter which arose earlier last week when the commissioners set the salaries for county employees.

In that meeting the commissioners set the salary for the county attorney's legal secretary at \$10,044 per year, a decrease of about \$300 from the previous year. It had become the accepted practice for the county to pay a portion of the secretary's salary and the county attorney to pay a portion from his private law practice.

The commissioners took note in the regular meeting last week that the county attorney had not established enough of a private practice to warrant paying one-half of the salary and set the amount which would be totally paid by the county.

In contesting the action by the commissioners, County Attorney Granzin noted that his secretary was the only county employee to receive a pay cut and that the commissioners set the salary in violation of state law.

The statute violated in setting the salary provides that "salaries of assistant prosecuting attorneys, investigators, secretaries, and other office personnel shall be fixed by the prosecuting attorney, subject to the approval of the commissioners of the county or the counties composing the district. Sec 5."

Also presented was an opinion from the state attorney general concerning the authority of a commissioners court to reduce the salary of the secretary to the county attorney. The opinion stated, in summary: "Pursuant to article 332a, V.T.C.S., a commissioners court may not set the salary of the county attorney's secretary. Its authority thereunder is limited to approval or disapproval of the salary fixed by the county attorney."

Granzin pointed out to the commissioners that in the budget, approved by the commissioners court, the salary for the position in question was specified as \$10,332.

Following the presentation by the county attorney, Commissioner Robert Virden made a motion to rescind the motion setting the salary of the county attorney's secretary at \$10,044, and that the salary of \$10,332 be approved. The motion received a second from Gilbert Smith and an affirmative vote of the commissioners present for the special meeting.

M. Deike named area Young Farmers Veep

The Texas Association of Young Farmers closed their 29th annual convention this past week end by electing Steve Ehrig of Gonzales to lead the group in the coming year.

Ehrig, a corn, milo and cattle producer and a 10-year veteran of the Gonzales Young Farmers chapter, was elected from a field of four candidates. Ehrig will succeed

(See Farmers page 8)

A close match

As the project nears completion, it is worth mentioning how well the bricks match on the exterior of the Winters High School Building. School officials said that some of

the original bricks used in the construction of the building were found and the same company made the bricks that were used to fill in the spaces where the windows

were. Johnny Bob Smith said that the company used clay from the same pit to make the new bricks that was used in 1923. Most of the out-

side work is nearing completion and work is progressing on the interior of the school building. School officials said that it may be possible to end the school year in the building.

Wait a minute...

By Kerry Craig

It seems like just a couple of weeks ago that in this column I really got on my soap box about school buses and school zones. The reason I did was that I felt very strongly about the topic.

Did you notice the news story on television and in the daily papers about the school crossing guard in Brownwood? The one that died after pushing a first-grader out of the path of a car?

None of the news stories that I heard or read mentioned if the driver of the car involved in the tragedy had slowed to the necessary speed or not. I am not going to attempt to determine if his speed was proper or not. What I will say is the accident occurred and a life was lost.

Any number of things could be blamed as the cause of the accident but, that would not make up for the loss. Perhaps, through this tragedy everyone can find a valuable lesson — maybe more.

In school zones, near buses, and near schools and almost anywhere else it is up to the driver of any vehicle to watch out for our children.

The family of Robert Glen Head of Bangs has suffered a great loss. There must be a special place for men such as this.

Greater love hath no man... To another subject — The Winters Area Chamber of Commerce directors recently met with

local police officials and Ballinger Police Chief Paul Boggess concerning a Crime Stoppers program for Runnels County.

So far, our chamber has made no decision on the idea.

Now in this county, we are fortunate. We do not have a great deal of major crime. But we do have some criminal activity and that is too much. If such a program would reduce crime and bring the bad guys to justice it would be worth while.

A Crime Stoppers program operates something like this — merchants and interested individuals contribute to a fund from which reward money would be paid. The amount of payment, if any, to someone reporting a crime or criminal activity would depend on grand jury indictment and/or conviction. The person giving the information would be identified only by a code number and the contact would be made by means of a special telephone line set up for that specific purpose.

This type of program has met with success in many cities and communities and there is no reason that it would not work here.

Due to the population, the program here would have to be on a county-wide basis. It would require the support of not only Winters but Ballinger, Miles, Rowena, Wingate, and Runnels County.

It is a program we need.

Car stolen from church parking lot Sunday

Winters police theorize that an automobile stolen Sunday in Winters may have been taken by a juvenile female who reportedly ran away from the Texas Youth Council facility in Brownwood.

The auto, a 1979 Chevrolet belonging to Roy Rice, was taken Sunday morning from a church parking lot in south Winters.

Police Chief L.C. Foster said the vehicle had almost a full tank of gas and that information gathered Monday led officers to believe the female and a companion may have taken the car to Houston.

Foster said that his department had learned the girl had been seen in Winters and that on Sunday morning a person fitting the

Lions Chili Supper to benefit X-ray fund

The Winters Lions Club will hold its annual Chili Supper Tuesday, February 1, in the High School Cafeteria with the proceeds to go to the X-ray Machine Fund at North Runnels Hospital.

The supper will feature chili, beans, and cole slaw along with either coffee, tea, or milk for \$3.50. A desert will also be available.

Tickets, which are \$3.50 each, can be purchased from any member of the Winters Lions Club or at the door. The serving hours will be from 6 p.m. to 7:30 p.m. next Tuesday.

description of the wanted juvenile was seen near the car about the time it was stolen. Foster said that his department had also received reliable information that the girl had planned to go to Houston.

The local police have contacted Houston police about the possibility and have also entered the stolen vehicle in both the Texas and National crime computers.

Typing classes in Winters to be offered by WTC

Typing classes in Winters, under the instruction of Barbara Bishop, will be offered by Western Texas College, beginning Monday, February 7 and ending Monday, May 16. The course, held from 6:30 to 9:30 p.m., will include 15 sessions, totaling 45 hours, and will be held at Winters High School.

A minimum enrollment of 10 will be accepted, with a maximum of 15, and students should call Mr. Grantham's number, 754-4329, to reserve space for the class.

This course is under the Adult Vocational Education (AVE) division of Western Texas College, and is a non-credit course. It is essentially for beginning students, and those who wish to increase their speed.

Take A Bite Out Of Crime

In connection with one of their goals for the year which they call "Take A Bite Out Of Crime", members of the Literary and Service Club invited two officers from the Special Division Crime Prevention Unit in Abilene to present a program Thursday at the home of Janice Pruser.

Although the rain was pouring down, Officer C.Q. Billings and Patrolman Alfred Hoppe received a warm welcome from a house full of enthusiastic women who are concerned about the safety of their homes and community.

Officer Billings said that the main purpose of the Crime Prevention Unit, organized eight years ago, was to teach the people how to make their homes more secure and to protect their lives. They help with home security checks and to organize a Neighborhood Watch. There are now 300 of these watches in Abilene.

Officer Billings introduced Patrolman Hoppe, who has recently received his 25 year service pin. He worked with patrol for a number of years, then in the youth division and has been in Crime Prevention for nine years.

The first part of their presentation was an eighteen minute film, "An Ounce Of Prevention", from the office of the governor's criminal justice division. It was introduced with a statement by Police Chief Warren Dodson, a strong supporter. He says that a large number of crimes are against property and are crimes of opportunity. He encouraged "doing your part by being a good neighbor".

Movie star Glenn Ford narrated the film. Among his statements were these facts: more than half the crimes are not by professionals but are teenagers and are committed during the day. Since crime has reached epidemic proportions, many are evaluating the security of their homes.

In looking at the outside of your home, is the house number clearly visible? Officer Billings said this was a great help to the police. Curb numbers are good but are useless when hidden by parked cars. We all like landscaping, but it offers the intruder ready concealment when shrubs are thick and close to the house. Keep them thin and well pruned and they should not cover the doors and windows. If property is fenced, be sure the gate has a strong lock, padlocks should be "case hardened" - which will be labeled as such. The metal has been treated until it is almost impossible to cut or break. Trash cans and other objects an intruder can stand on to climb on a fence should be kept a safe distance away and lighting fixtures placed where they cannot be broken. When leaving home, close the garage, an open door reveals no one at home. Also, tools and other items left in the garage should be bolted down or secured in some way. Another defense is to label items with social security or driver's license numbers. Officer Billings knew of one home where most every item was marked and only one or two small things were taken during a break-in.

An Abilene woman called on the crime prevention unit to help her secure her home and property. She

Happy birthday, Carolyn!

The Therin Osbornes, Louise Osborne, Sue Campbell, and Don and Cindy McGallian ate dinner with the Wesley McGallians Sunday. The baby, Stephanie was two months old.

Mike, Eileen and Jeremy Prater of San Angelo spent the weekend with the Noble Fabians.

Mr. and Mrs. Richard Chambliss, Dodie and Gina of Hawley spent the weekend with Pat and Earl Cooper. On Saturday night a 42 party was enjoyed by Mr. and Mrs. Ronnie Moore and girls and Mr. and Mrs. Neil Chambliss. Earlier in the week, Curtis Schawder of San Angelo came. Ray Cooper spent several nights this week.

Out to see the Doug Bryans were LeLon Bryan of Coleman, Brent Bryan of Abilene, Therin Osborne, Dewitt Bryan and Vicki and Kelly Blackerby.

Paula and Ken Baker of San Angelo spent the weekend with the Sam

Dropping in to see Mrs. Effie Dietz during the week were Mr. and Mrs. C.D. Berry of Ballinger.

carefully followed all instructions to the letter, but went on a trip and left her garage door open. In this case, a professional burglar was watching; it was a small matter to run a car in the garage, close the doors and blast a way into the house to work undisturbed. Professionals know what they are looking for, but a hidden "security room" had been prepared as was suggested by the officers and in this instance the crime was prevented.

It is important that the door from the garage into the house be secured. Consider the use of double-cylinder locks, called "Deadbolts", on all outside doors. For metal windows use theft guard window clamps and for wooden windows, drill a hole and fasten the front and back window with an eight penny nail. It can be painted over and easily removed when window needs to be opened.

Avoid leaving your home looking unoccupied when you have to be away. Have all outside deliveries stopped and enlist the help of a neighbor to watch the house for any unidentified person on the premises. Upon returning home, do not go inside if you find a lock has been jammed. When an intruder enters the home while you are there, leave, if you can, get out a side door. If this is not possible, pretend to be asleep. Do not open the door to an unidentified called. A wide angle peep hole in a door gives a much better view of a person and can be installed in a place no larger than the regular peephole. 90% of all burglars are opportunists, the rest are professional and semi-professional.

"Our efforts are aimed at the juveniles who go through the unlocked door," said Officer Billings. "These compose about 60 to 65% of the break-ins and most are between the ages of 12-13. We had some problems around a junior high school where people were leaving their doors unlocked. When they locked their doors, the trouble stopped - always lock your doors."

The organization "Friends for a safe neighborhood" has been known by several names throughout the country, but by whatever name it's called, when neighbors get together and organize their resources, the results have been both effective and two fold.

Not only have burglary rates dropped dramatically, but neighbors discover a sense of "togetherness", and the satisfaction of getting to know their neighbors and receiving help in turn.

All that has to be done is for neighbors to get together with someone as sponsor. Once a group has been formed, each member should have a map of the area with all participating homes marked, showing names, addresses and phone numbers. Frequent meetings are not necessary, but the report of any suspicious activity to the police is of great help to them and may help solve a whole string of burglaries. It is impossible for the police to be everywhere at all times. An efficient police operation is dependent on the phone calls and tips given by observant and responsible citizens.

Patrolman Hoppe distributed three pamphlets of pertinent information to each person present.

No plan can be perfect but over \$284 million worth of valuables are stolen each year and only about 5% is recovered. So, anything that can be done to keep burglars and vandals out is important.

Fuller, Mrs. Loy Whittley of Coleman, and Maggie Ruth Stokes of Talpa came for a while.

Mr. and Mrs. Robert Kraatz had a birthday dinner for Carolyn. Besides the Jerry Kraatz families, others there were Mr. and Mrs. Rodney Stenard and family of Sweetwater, Mr. and Mrs. Lucius Wood of Winters, and Mr. Paschal.

Mr. and Mrs. Marion Wood are in Fort Worth seeing her mother, Mrs. Katie Bodine who had surgery.

 A man is not complete until he's married - then he's finished.

Blackwell

The United Methodist Women of the Blackwell United Methodist Church met at 2 p.m. Monday in the Fellowship Hall of the church, with ten members and two guests present.

Mrs. T.J. Oden, president, opened the meeting with the group singing, "What A Friend We Have In Jesus".

Mrs. Oden introduced the guest speaker, Mrs. Mary Mills of Abilene, who installed officers for the 1983 new year.

Mrs. Mills presented Mrs. Oden with a token, which she asked her to keep. The installation was closed with the group singing, "We Gather Together".

Theme of the program was "A New Beginning". Polly Burkhead was welcomed to the unit as a new member.

Following the installation of officers, Juanita McRorey was in charge of the annual pledge program, and several members participated.

Benediction was given by Mary Louise Alderman, and then

CARD OF THANKS

We would like to thank the friends for everything they did to show concern and interest in Marie while she was in the hospital.

For the flowers and ards and visits, we sincerely appreciate everything.

Especially we express our appreciation for the very excellent service received from the nurses and Dr. Lee for his fine attention.

We appreciate so much our pastor Bob Holloway and also we appreciate the concern of other churches, shown by their prayers.
 -Marie and Gattis Neely

Rev. Hollis and Mrs. Shevmake, their youngest daughter and her family, Mr. and Mrs. James Fox and children, Crystal, Shaw, Shelly and Robin all of Levelland, and their oldest daughter and her husband, Mr. and Mrs. Neal Smallwood of Lake Sweetwater.

Mr. and Mrs. Othella Vest visited on Saturday with his mother, Mrs. Bess Vest.

The Senior Citizens of Blackwell met Tuesday morning at 10 a.m. in the Fellowship Hall of the Blackwell United Methodist Church with twenty-three attending for their games. A covered dish luncheon and visiting were enjoyed.

Mr. James C. (Cliff) Jones of Oak Creek Lake voiced the invocation before the meal.

Attending were Mr. and Mrs. Herman Seale, Mr. and Mrs. Jim Hall, Mr. and Mrs. Ernest Ware, Mr. and Mrs. Olin Corley, Mr. and Mrs. James C. Jones, Mr. and Mrs. Gayle Pugh, Oak Creek Lake, Mmes. Thelma Smith, Ninnie Kinard, Willie Burwick, Josie Craig, Margaret Stout, Juanita Dancy, Esther Smith, Ida Oden, Savannah Thompson, Florene Van Zandt and Miss Bertha Smith.

This was the first time

Mr. and Mrs. Gayle Pugh and Florence Van Zandt come to the Senior Citizen Day, so we welcome them and hope they come again.

Mr. James C. Jones voiced the invocation before the meal.

A plate was carried to Esther Davis, who was unable to attend.

The Senior Citizens Day is held the second Tuesday of each month, and all senior citizens over 60 years of age are asked to come and join in the games and visitation. So "You all come", and invite a friend to come with you next time.

The Blood Pressure Clinic was cancelled in January, as the nurse was unable to come this Tuesday, but it is to be held at the Blackwell City Hall on Feb. 8, so everyone is invited to come in and have their blood pressure checked.

Blackwell has had nice, warm and pretty weather all this week, so many people have been out working in their yards.

Raisins are rich in nutrition, containing ten minerals, including iron and copper.

Dear Customer,

IF THE FEDERAL GOVERNMENT HAS ITS WAY, 10% OF YOUR INTEREST AND DIVIDEND INCOME WILL BE WITHHELD.

The United States Congress recently passed a law that will adversely affect you and most other savers in the nation. Under this law, all financial institutions will be required to automatically withhold 10% of the interest and dividends earned by their customers and transmit this amount to the IRS.

THIS LAW IS WRONG FOR THE FOLLOWING REASONS:

- 1) WITHHOLDING WILL CUT THE AMOUNT OF CASH YOU HAVE AVAILABLE DURING THE YEAR FROM YOUR INTEREST INCOME.
- 2) THE AMOUNT WITHHELD MAY NOT BE CORRECT FOR YOUR TAX BRACKET. IF OVERWITHHOLDING OCCURS, YOU WILL HAVE TO FILE FOR A TAX REFUND TO GET BACK YOUR OWN MONEY.
- 3) YOUR TOTAL INTEREST EARNINGS WILL BE REDUCED BECAUSE OF LESS INCOME FROM REINVESTMENT AND COMPOUNDING.
- 4) ELDERLY PERSONS AND LOW INCOME INDIVIDUALS (INCLUDING CHILDREN) WILL HAVE TO FILE AN EXEMPTION CERTIFICATE FOR EACH AND EVERY ACCOUNT THEY HAVE IN ORDER TO AVOID WITHHOLDING. IF THE EXEMPTION IS NOT FILED IN TIME, A TAX RETURN MUST BE FILED THE NEXT YEAR - OR THE WITHHELD MONEY WILL BE FORFEITED TO THE GOVERNMENT.

UNLESS CONGRESS ACTS TO STOP THE WITHHOLDING RULE, IT WILL GO INTO EFFECT ON JULY 1, 1983. WINTERS STATE BANK IS WORKING TO DO AWAY WITH THE RULE, BUT WE NEED YOUR HELP. IT'S YOUR MONEY.

Please note the names and addresses of our Representatives. We recommend that you write, call or detach the message below to convey to your Representative your support in repealing this law.

Congressman Charles Stenholm 17th District, 1232 Longworth Office Building Washington, D.C. 20510	Senator John Tower 142 Russell Office Bldg. Washington, D.C. 20510	Senator Lloyd Bentsen 204 Russell Office Bldg. Washington, D.C. 20510
--	--	---

Dear _____

Please support legislation to repeal withholding on interest and dividends! It's harmful because it takes away from the income that I count on during the year, it's unfair to those of us who have always paid our share of taxes on interest; and it's a burden to the elderly and low income persons, including children. It will discourage savings in this country, and that's bad news for the economy.

May I count on your support to repeal this rule before it goes into effect on July 1, 1983?

Your Constituent,

PUBLIC NOTICE

The City of Winters, a Municipal Corporation of Runnels County, is accepting sealed bids for the purchase of a pickup truck. Bids will be received in the office of the City Administrator, 310 S. Main St., Winters, Texas 79567, until 11:00 a.m. February 4th, 1983, and decision will be made at the next regular scheduled Council Meeting. The City of Winters reserves the right to reject any or all bids. (Jan. 20, Jan. 27, 1983)

PUBLIC NOTICE

The undersigned, who have been operating under the firm name of CENTRAL TEXAS CATTLE COMPANY and WINTEX FEED YARD, hereby give notice that they have incorporated such business under the laws of the State of Texas under the corporate name of WINTEX CATTLE COMPANY AND FEED YARD, INC., and further give notice that the partnership existing was terminated and dissolved on the 12th day of October, 1982. All debts due to said partnership are to be paid and those due from the same discharged at the office of the corporation at Route 4, Box 133, Brownwood, Texas 76801, where the business will be continued by WINTEX CATTLE COMPANY AND FEED YARD, INC., under the name of WINTEX CATTLE COMPANY AND FEED YARD, INC. Marquis E. Taliaferro, Sr. J.V. Hogg (Jan. 6, Jan. 13, Jan. 20, Jan. 27, 1983)

PUBLIC NOTICE

NOTICE OF PROPOSED RATE INCREASE. Coleman County Electric Cooperative, Inc. has filed an application with the Texas Public Utilities Commission for an increase in its rates. This adjustment in rates, based on the year ended March 31, 1982, would have amounted to an increase in total revenue of \$388,501.00, or approximately 8.31% of total revenue. This increase will become effective with bills rendered to the consumer on February 1, 1983 or as Commission may otherwise direct. (Jan. 20, Jan. 27, Feb. 3, Feb. 10, 1983)

PUBLIC NOTICE

NOTICE TO BIDDERS
Notice is hereby given that as provided by articles 2541 to 2550 in exclusive of Vernon's Texas Civil Statutes, as amended, the Commissioners' Court of Runnels County, Texas, will receive bids up to ten o'clock a.m. on February 15, 1983 to enter into a contract with any banking corporation, association, or individual banker in this county for the deposition of the public funds of said county in said bank or banks. The County reserves the right to reject any and all bids, and to waive any and all formalities. Michael B. Marchison County Judge Runnels County, Texas (Jan. 20, Jan. 27, 1983)

Real Estate courses offered in Abilene

The Abilene branch of Cisco Jr. College will again offer weekend Real Estate courses. Each course is approved by VA and is accepted by the Texas Real Estate Commission. The courses are for 45 classroom hours and 3 semester hours. The tuition fee for each course is \$55.00.

Principles and Practices of Real Estate will be taught Feb. 5-6, 12-13, 19-20. Real Estate Brokerage begins March 5-6, 12-13, 19-20. The class for April will be Real Estate Appraisal April 9-10, 16-17, 23-24. Property Management is set for May 7-8, 14-15, 21-22.

The Saturday classes are from 8 a.m. to 5 p.m. The Sunday classes are from 9 a.m. to 5 p.m.

For further information, contact Cisco Jr. College in Abilene, 698-2212.

Cub Scout Pine Wood Derby held Saturday at Scout Hut

The Cub Scouts held their annual Pine Wood Derby race at the Scout Hut Saturday, Jan. 22 at 10 a.m. The fathers of the boys were the judges.

Jeff Snow won a trophy for the most unusual car; J'Dan Miller won a trophy for best design; and Mitchell Caffey won a trophy for most original car.

Eighteen boys participated in the competition, which was divided into six races.

First Race
1st place blue ribbon — Temple Hale
2nd place red ribbon — Jode Walker
3rd place yellow ribbon — Brandon Killough

Second Race
1st place blue ribbon — Billy Clough
2nd place red ribbon — Jeremy York
3rd place yellow ribbon — Brandon Boles

Third Race
1st place blue ribbon — Jeff Snow
2nd place red ribbon — Jason Stewart
3rd place yellow ribbon — Leo Campos

Fourth Race
1st place blue ribbon — Johnny Rodriguez
2nd place red ribbon — John Austin
3rd place yellow ribbon — Raul Rodriguez

Fifth Race
1st place blue ribbon — Lance Bellis
2nd place red ribbon — Mitchell Caffey
3rd place yellow ribbon — Russell Stewart

Sixth Race
1st place blue ribbon — Michael Rodriguez
2nd place red ribbon — Billy Holland
3rd place yellow ribbon — J'Dan Miller

All first place winners than ran against each other for "Best Over-All". Winners in that over-all event were: 1st place (Gold Medal) — Billy Clough; 2nd place (Silver Medal) — Johnny Rodriguez; and 3rd place (Bronze Medal) — Lance Bellis.

Fifth Grade: Angie Donica
Sixth Grade: James Self
Seventh Grade: Wayne Poehls

Scholarship deadline March 15
Junior and senior class high school students who are interested in applying for \$1,000 college scholarships should request applications by March 15, from the Educational Communications Scholarship Foundation, 721 N. McKinley Road, Lake Forest, Illinois 60045. To receive an application, students should send a self-addressed, stamped envelope with a note stating their name, address, city, state and zip code and approximate grade point average. Fifty award winners will be selected on the basis of academic performance, involvement in extracurricular activities and need for financial aid.

Gutenberg Bible to be exhibited at ASU
The University of Texas at Austin will share one of its greatest treasures — a copy of the rare Gutenberg Bible — with Angelo State University for a week, beginning Feb. 8.

The exhibit at ASU's Houston Harte University Center is part of the University of Texas' Centennial observance and part of an 18 city tour that stretches from Jan. 6 to Dec. 26.

The exhibit at Angelo State will run from Tuesday, Feb. 8, through Monday, Feb. 14, in the Art Gallery of the University Center.

The Bible, printed in Mainz, Germany, was completed about 1455 in some 180 copies which were then distributed to various royal or ecclesiastical libraries throughout Europe. From the annotations on the UT copy, it is evident that at an early time it was in the possession of a monastery.

The Gutenberg Bible was purchased by UT in 1978 for \$2.4 million and is one of only five complete specimens in the United States. It is generally regarded as the greatest book in the world, being the first substantial work to be printed from movable type. The inventor of movable type was Johann Gutenberg.

Only the first volume (Genesis-Psalms) of the two-volume Bible will be exhibited.

Included in the exhibit at Angelo State University will be a six-minute video tape which describes the Gutenberg, its history and significance. Also, informational display panels will guide patrons through the University Center to the exhibit.

In conjunction with the San Angelo Independent School District and Region XV Education Service Center, ASU will provide programs and tours for elementary, junior high and high school classes during the period of the exhibition. Lesson plans, emphasizing the Bible and its rela-

Just lacks finishing up

The air conditioning equipment is in place as is electrical wiring in this third floor classroom at Winters High School. All that lacks is work on the walls and the installation of the ceiling and floor covering.

Students making the honor roll for the first semester of the school year included:

Fourth Grade
Laura Blake
Douglas Farmer

Fifth Grade
Brady Cowan
Dawn Dinger
Dan Killough
Laurie Rose
Julie Wheat

Sixth Grade
Landa England
Christi Hillard
Carla Lindsey

Seventh Grade
Lana Davis
Jim Lee

Eighth Grade

Country Folk

By Jerry Lackey
P.O. Box 1542, San Angelo, TX 76902

Last Friday I joined Mike Sheehan and Bob Nickel over a cup of coffee in the Twin Mountain Supply offices west of San Angelo.

It was a rare day in the lifestyle of West Texas as large flakes of snow were falling. The view across the fencing supply yards toward the twin mountains was somewhat unique from the office picture window.

There is a saying in West Texas about the only thing that really changes out here is the weather. We talked about that as we watched the snow fall.

One thing led to another as someone mentioned the Russian satellite which is supposed to fall back to earth. We finally decided that taking all these satellites and computer revolutions in mind, that 1983 was going to unfold and finally prove that the changing weather will not be able to keep up with the changing world.

Some 30 or 40 years ago down in the rocky Hill Country where we grew cedar posts and cut them for Bob's father to sell, we dreamed of better tools to dig through solid rock to place a fence line. The old crowbars appeared to be the only thing. Now there are drills and no tilling what else.

We were also talking about marketing fencing supplies by computers nationwide. Computers and satellites are taking over our communication, marketing and thinking. The very interpretation of the weather is by satellite and computer.

Right here in my offices at Lackey Communications where I started a one-horse business three years ago with an old desk from home and a used Royal manual typewriter, changes have come about. We now operate out of a five-office suite, complete with a wood burning fireplace (which we have enjoyed on these wintery days), two computers able to set type from a library of different type faces, and prepare everything camera ready.

I started with two clients and now have over 20 for whom we prepare everything from newspaper to radio and television advertising which appears all over the Southwest. We publish everything from newsletters to the bi-monthly West Texas Business magazine. There is more going on in a day than used to happen in a month. And, it's all because of computers.

As I finished my cup of coffee and bid Mike and Bob farewell to head back to town, I was greeted with more snow and Texas wintertime. It was difficult to think of working rather than dreaming when I got back to the office. I gathered up some cedar, built up the fire in the fireplace and was thankful none of us had to be out fixing fence on such a day.

Winters 4-Her's place in Runnels Co. Food Show

Eleven members of the Winters 4-H Club participated in the Runnels County Food Show in Ballinger on Jan. 20.

Five of the eleven won first place in their divisions, with the remaining six taking second place ribbons.

First place winners were Angela Briley for 22 Minute Cake; Kaci Springer for Meat Loaf; Michelle Carter for Brownies; Joel Dry for Granma Well's Preserve

Cake; and Jason Dry for Mandarin Orange Cake.

Taking second places were Stephanie Springer for Spaghetti and Meat Sauce; Carrie Sue Smith for Applesauce Cupcakes; Michelle Moore for Porcupine Meatballs; Mindy Andrae for 1-2-3-4 Pound Cake; Kimberly Deike for Oatmeal Cookies, and Heather Brown for Strawberry Cake.

Jason Dry was also chosen first alternate for the District delegate.

Young Farmers attend 29th Annual Convention in Abilene

The 29th Annual Convention of the State Association of Young Farmers of Texas was held Jan. 20-22, 1983 in the Abilene Convention Center in Abilene.

Thursday night was registration and members visited the exhibit booths.

Friday morning a breakfast was held, honoring Star Young Farmers.

During the Opening Session of the convention, Don Kvapil, President, and Bubba Mikeska and Louise Davis, members of the Winters FFA Chapter, gave the presentation of colors and the pledge to the flag.

Bob Bergland, Former Secretary of Agriculture was guest speaker.

Scotty Belew, State President and member of the Winters Young Farmer Chapter was master of ceremonies for the awards banquet held Friday night.

Charles Allcorn, advisor of the Winters YF Chapter, was presented a ten-year Advisor Tenure Award.

New brucellosis regulations into effect January 12

Regulations designed to encourage vaccination for brucellosis control went into effect Jan. 12. They apply to cattle being shipped into Texas as well as cattle being moved intrastate.

Dr. John W. Holcombe, executive director, Texas Animal Health Commission, said that vaccination of eligible female cattle is a cornerstone of the Texas brucellosis program. "The new regulations reflect this. In order to more effectively control brucellosis, we simply need to get more cattle vaccinated," he said.

More than 98 percent of all cattle herds in Texas are now free of brucellosis. "This is a good record, but we need to get at the remaining infection in this state. These regulations relating to vaccination will help us accomplish this goal," Dr. Holcombe explained.

The two-area program for Texas will become Class B and Class C as of Jan. 12. This means the present Class A control area which comprises 140 counties in the western half of the state will become Class B. The present Class B area, which comprises 114 counties in the eastern half of the state, will become Class C area.

The new vaccination requirements for cattle entering either area of Texas are:

- After July 1, 1983 female breeding cattle four months of age or older, with some exceptions, must be vaccinated before entering Texas.
- The exceptions are: cattle from a certified free herd, cattle being shown in fairs or exhibitions, cattle from commuted herds, cattle designated to go to a quarantined feedlot or slaughter, and cattle born prior to Jan. 1, 1983 moving from one area to another within the state.

Female cattle four months of age or older born after Jan. 1, 1983 must be vaccinated when moving from one area to another in Texas. However, female cattle born prior to Jan. 1, 1983 moving from one area to another area in the state need not be vaccinated.

Cattle born after Jan. 1, 1983 changing ownership within the C area must have two negative tests at least 60 days apart unless they have been officially vaccinated.

Non-vaccinated female cattle entering either B or C area of Texas from a Class C state or area require two negative tests 60 days apart until July 1, 1983.

Dr. Holcombe noted changes in the Code of Federal Regulations went into effect Jan. 12. "These

Texas leads nation with 15% of beef cow herd

Texas continues to lead the nation in beef cow numbers, with 15 percent of the total beef cow herd.

In fact, Texas' 5.9 million beef cows are more than double those of the number two state, Oklahoma.

Beef cow numbers have been increasing slowly throughout the nation after bottoming out in 1979. They totaled 39.5 million head on Jan. 1 of 1982, says Dr. Ed Uvacek, economist in livestock marketing with the Texas Agricultural Extension Service. The nation's cow herd peaked at 45.5 million head in 1975.

Leaders in cow numbers along with Texas and Oklahoma are Missouri, Kansas, Iowa, Montana and South Dakota, notes the economist. There has been a shift of cow

Texas Wheat Industry plans area-wide meeting in Abilene

A series of area-wide meetings for wheat producers and elevator managers will be held throughout the expanding wheat growing areas of East and Central Texas to develop steps which may be taken to help improve the profitability for wheat production and marketing.

The meetings are sponsored by the Texas Wheat Producers Board, Texas Farm Bureau, Texas Grain and Feed Association, in cooperation with the Texas Agricultural Extension Service.

Meetings are scheduled for Paris, Krum, Waxahachie, and Belton, along with a meeting in Abilene at the Kiva Inn, beginning at 2 p.m. Friday, Feb. 11. A record 1.5 billion bushel national wheat carryover, now projected for the current marketing year ending May 31, gives a strong incentive for additional work in the areas of market development, foreign trade policy, and farm program participation. Wheat producers throughout Texas, who export 90% of their crop, face many uncertainties in the areas of foreign trade policy and export outlook. These topics and others related to market development programs and timely production practices will be discussed by Extension specialists and staff of the Texas Wheat Producers Board.

All wheat growers and elevator managers in the surrounding areas are urged to attend. For more details contact the Texas Wheat Producers Board in Amarillo (806/352-2191) or your local county agent.

Rule changes for LP-gas division

The Railroad Commission has repealed a rule that in effect required consumers with leased LP-gas storage vessels to have the tanks filled by the LP-gas dealer who owns the tank.

The rule said that "containers shall be filled only upon the authorization of the owner of the container."

In recommending that the Commission repeal the rule, members of the RRC Liquefied Petroleum Gas Division said that repeal will remove the Commission from "matters of private contractual concern which in no way effect safety" and noted that LP-gas installations should be inspected each time they are serviced by a dealer.

"Familiarity with a particular LP-gas facility does not necessarily mean that a dealer is aware of a hazard without ongoing inspection of the facility," they added.

The Commission amended another LP-gas rule to upgrade construction and labeling of LP-gas hoses. The hoses must be designed for a working pressure of 350 pounds per square inch gauge and a bursting pressure of 1,750 psig. Previously, a 125 psig working pressure and a 1,250 psig bursting pressure were required.

Choice of tax preparer an important decision

If you choose to have someone do your federal tax return for you, the Internal Revenue Service advises that you take the same pains in making a wise choice as you would in choosing a doctor, lawyer, or any other professional, since the only person who is ultimately responsible for your tax return is you.

The IRS offers these suggestions on how to select and what to expect from a preparer.

Taxpayers should not sign a blank return, nor one which is partially completed, nor one prepared in pencil.

Preparers should be asked to sign the return in the preparer's presence and to give his or her identification number, as required by

Texas DPS to continue to enforce mandatory liability insurance law

The Texas Department of Public Safety will continue to enforce the current mandatory liability insurance law as enacted by the last session of the Texas Legislature. A recent Attorney General's opinion stated that failure to carry, produce or provide proof of insurance is not an offense. However, the opinion does not require DPS policy to be changed. The offense contained in the law is "failure to maintain financial responsibility," i.e., failure to maintain liability insurance.

Colonel Jim Adams, DPS director, said "the statute requires motorists to furnish information concerning evidence of insurance to a police officer upon request. Failure to provide satisfactory information creates a rebuttable presumption under the statute that the motorist failed to main-

tain liability insurance. This presumption may be rebutted by presenting evidence to the judge that the motorist did in fact have insurance and the judge may dismiss the charge."

If the officer is not satisfied with the information provided, he can issue a citation. Adams said troopers will continue to issue citations when drivers are unable to furnish satisfactory information.

The Department of Public Safety issued rules when the law went into effect detailing examples of information which would be accepted as evidence of financial responsibility. The items include the insurance policy, insurance identification card, or other information which confirms to the satisfaction of the officer that the operator is in compliance with the law.

In an opinion dated May 14, 1982, the Attorney General upheld these rules as binding on all law enforcement officers of the state.

"If a person is unable to furnish the information requested by the officer, the officer may issue a citation even though the individual claims to have the required insurance," Adams said.

Colonel Adams said the law has produced positive results, and has resulted in an increase in the number of Texans who presently carry liability insurance.

"Before the law is passed, 74 percent of the Texas motorists involved in vehicle accidents did have insurance. However, 1982 accident reports indicate that 91 percent of the drivers involved in vehicle accidents have obtained and maintain insurance," he said.

Grindstoffs' make visit

Ballingerites Everett J. "Ebb" Grindstaff, President of The International Association of Lions Clubs, and his wife, Jay, recently visited the White House to present President Ronald Reagan and First Lady Nancy Reagan with Association Awards.

The couple met with President Reagan to award him the Association's Medal of Distinction for her support of drug awareness programs, in particular, the Lions' War on Drugs program.

Grindstaff is the first president of a service organization to visit President Reagan at the White House.

his continued support of volunteer efforts in the United States. He is an honorary member of the Dixon Noon Lions Club in Dixon, Ill.

First Lady Nancy Reagan received the Association's Medal of Distinction for her support of drug awareness programs, in particular, the Lions' War on Drugs program.

Grindstaff is the first president of a service organization to visit President Reagan at the White House.

Poster contest winners announced for Runnels

Deron Robinson, fourth grader from Ballinger Elementary School was chosen the winner of the Runnels Soil and Water Conservation District Poster Contest, according to Fred Perkins, District Conservationist.

Deron will be honored at the San Angelo Area Awards Banquet Feb. 24 at ASU.

Crystal Ferguson, sixth grader from Miles Elementary School was chosen first runner-up and Juanita Aguero, third grader from Winters Elementary School was chosen second runner-up in the contest.

Other winners from Winters Elementary School included: 2nd grade (Mrs. Byrns) -

Mandy Briley, 1st place; Russell Parramore, 2nd place; Lance Brown, 3rd place; 2nd grade (Mrs. Meyers) - Tracy Butler, 1st place; Mindi Wade, 2nd place; Tanya Kay B., 3rd place; 2nd grade (Mrs. Russell) - Justin Hooper, 1st place; Carla Smith, 2nd place; Ashley Alcorn, 3rd place; 3rd grade (Mrs. Geistmann) - Michael Wade, 1st place; Carrie Sue Smith, 2nd place; Susan Bryan and Kaci Springer, 3rd place (tie); 3rd grade (Mrs. Hale) - Mandy Wilson, 1st place; Jason Stewart, 2nd place; Heidi Young, 3rd place; 3rd grade (Mrs. Nichols) - Juanita Aguero, 1st place; Yony Lee, 2nd place; Monte Baker, 3rd place.

MEDICAL JOURNAL

(Farmers from Page 1)

A recent broadcast sponsored by the Columbia-Presbyterian Medical Center and The Prudential Insurance Company volunteered specific steps parents can take to prevent their children from inhaling foreign objects.

Dr. Russell Asnes, a pediatrician at the Columbia Medical School, says youngsters with strong "oral tendencies" may swallow objects like buttons, tacks or coins which parents leave around the house. Plastic toys which can be disassembled also present special dangers, since children may swallow or choke on the smaller parts.

Dr. Asnes says parents minimize risk from small objects by making the home as safe as possible. "A major part of being a parent involves being on constant watch for ingestions, not only of small objects and toys, but also of household items such as cleaning fluids and medications," says Dr. Asnes.

Parents should also be aware that ordinary foods, particularly peanuts, can be sucked into the windpipe or lungs by young children.

Dr. Asnes says the Heimlich Maneuver is the most effective procedure to dislodge a foreign object from the windpipe. "In the Heimlich Maneuver, one places his hands around the child, forming a fist beneath the breastbone, and presses quickly and firmly in an upward action to remove the object," explains Dr. Asnes.

Dr. Asnes says x-rays are often necessary to confirm whether an object has been inhaled into the lungs or breathing passages.

The first Presidential news conference to be televised was held by President Eisenhower on Jan. 19, 1955.

IRS introduces 1040EZ - a simplified tax form

The Internal Revenue Service has developed a new simplified tax form for single taxpayers, called Form 1040EZ. The IRS says that, as the name implies, the 1040EZ is a brief, simple-to-complete tax form.

The IRS estimates that over 20 million taxpayers will be eligible to use the new form. For example, most college students who file federal individual income tax returns will be eligible to use the 1040EZ even if they are claimed as dependents on another's taxpayer's return.

To use the 1040EZ, a taxpayer must be single, claim only one personal exemption, and claim no exemptions for children or other dependents. All income must come from wages, salaries, tips, and no more than \$400 in interest. Taxable income must be less than \$50,000.

The form contains only 11 items, the IRS says, which is half the lines on the Form 1040A for 1982. The 1040EZ is divided in-

GenTel's service investments in Winters include local office

General Telephone's 1982 service investments in Winters include expansion of the city's central office switching equipment, adding more lines and terminals for new telephone customers in the Winters area, according to West Texas Division General Manager E.O. Cambren. The GTE official also pointed to the opening of a new GenTel local service office in Winters during 1982.

"Our customers can now visit their local GTE office for just about any type of phone service they may need, allowing them to avoid charges that would apply if the company sends an employee to the customer's premise," said Cambren.

Ancient Food Gone Modern and Going Great

Yogurt, one of the most ancient of foods, is enjoying renewed popularity among consumers. Revitalized for modern tastes, this cultured milk product is being consumed at the rate of more than 580 million pounds (that's 290,000 tons!) each year in the U.S.

Who's eating all this yogurt? According to market researchers for Yoplait® yogurt, the consumer most likely to be eating yogurt is between 25-34 years of age with an above average education and income level. This consumer enjoys reading books, magazines and newspapers and is likely to be a frequent concertgoer and sports participant.

Researchers for Yoplait, which recently introduced new Custard Style™ yogurt, have found that yogurt is enjoyed nationwide, but the largest per capita consumption occurs on the West Coast and in the northeast.

"Consumers nationwide seem to agree that their favorite flavors are the 'reds': strawberry, cherry and raspberry. But there are definitely some regional preferences," researchers comment.

The yogurt craze began in the U.S. in the 1960's when fruit was added to this slightly tart dairy product to enhance its flavor. Its growth on through the 1970's coincided with an increased interest in nutrition by Americans.

During the last 10 years, yogurt has enjoyed a growth rate in the U.S. of 15 percent per year. It now accounts for \$550 million in retail sales a year.

Delicious right out of the cup, yogurt also is a tasty ingredient for many recipes. This Frozen Raspberry Dessert is a mouth-watering example.

FROZEN RASPBERRY DESSERT
 2 cartons (6 ounces each) Yoplait Custard Style raspberry yogurt
 2 cups thawed frozen whipped topping
 1 package (10 ounces) frozen raspberries, partially thawed

Mix all ingredients. Pour into square pan, 9x9x2 inches. Freeze until firm, 3 to 4 hours. 12 servings.

In state long-distance telephone rates up

The new intrastate long-distance rates approved Jan. 11 by the Public Utility Commission of Texas for Southwestern Bell apply to all customers placing intrastate long-distance calls. The rates were increased by 10 percent, effective Jan. 11.

E.O. Cambren, West Texas Division general manager for General Telephone, said Bell administers the tariffs which contain the rates approved by the commission.

"We are partners in the provision of long-distance services," the manager said. "All intrastate long-distance revenues and expenses are placed in a pool administered by Bell. Bell then returns to the other telephone companies' expenses plus a return based upon each company's investment."

The telephone company manager said that even though General Telephone feels long-distance earnings are still not at the level they should be, the company is pleased the commission approved some increase to long-distance rates.

The telephone company to steps that guide the taxpayer through the form.

Most of the instructions needed to complete Form 1040EZ are on the back of the form. However, the IRS advises that this year's 1040EZ filers will need to use the 1040A instructions for the tax table and for the special worksheet used to figure the allowable deduction for charitable contributions on the new form.

The 1040EZ has been included in the 1982 Form 1040A tax package. It is also available separately at many local IRS offices and through form distribution centers in many banks and post offices.

A visitor, Mrs. Karen Shoemaker was present. Also, members Ethel Bridwell, Addie Beth Stanley, Alene Mapes, Marguerite Mathis, Jewel Mitchell, Ozie Stanley, Dorece Colburn, Margaret Anderson, Pauline Mayhew and Ava Crawford.

PUBLIC NOTICE

Notice is hereby given that the North Runnels Water Supply, Inc. will increase water rates to its customers, effective February 1, 1983. Increased costs to North Runnels Water Supply, Inc. from its suppliers forced the Board of Directors to make this increase.

Minimum rate will be \$21.50 per 1000 gallons, and \$4.00 per 1000 gallons over the minimum.
