WTU expected to seek rate hike

West Texas Utilities is expected to seek file an application for an increase in rates charged customers in areas it serves according to Sherwin McNair, in the Abilene office of the electric utility.

The spokesman said that he expected the rate increase request to be filed with the Public Utility Commission either late this week or sometime next week. He indicated that the amount of increase sought would be approximately 12 per cent, and that that figure might change by the time the case is filed.

For the past several years West Texas Utilities has annually sought rate increases citing increased cost

of fuel and the construction of a new, more efficient electric generating plant near Vernon as reasons for seeking the increases.

McNair told *The Enterprise* Tuesday that the company "had tentatively planned to seek the increase but, that it was up in the air." He said that the increase request would "be filed this Friday or next week."

The WTU spokesman said that he could not comment on how much the proposed increase might affect consumers, either residential or commercial. He said that those figures would be contained in a formal news release when the actual request is filed.

Emergency water plans fitting together for Ballinger

The Ballinger City Council was told Monday that plans were starting to fit together to obtain an emergency supply of water for the city.

City Administrator Dennis Jones said that the city will firm up agreements, contracts, and equipment and be ready for final action June 21. Dollarwise, Jones said the project will cost approximately \$30,000 to \$35,000 assuming the contractor can perform.

Jones said that the Colorado River Municipal Water District has a large pump that will be available at no cost to Ballinger. Also the Texas Office of Emergency Management has pipe that will be available at no charge other than getting the pipe to the site.

In order to move the amount of water needed, three, eight-inch pipe lines totaling 9,600 feet would be needed.

Other costs involved would be about \$15,000 to construct a temporary earthen dam in the Colorado River and another \$5,000 in engineering fees.

In talking about the existing water supply, Jones said that there was enough water to last until mid-

Truck wreck injures Winters resident

A Winters truck driver remains hospitalized in Abilene following a one-vehicle accident north of Snyder Sunday morning.

Highway Patrol Trooper Pat Alexander said that Mike James Briley, 38, of Winters was northbound on U.S. 84 about 14 miles north of Snyder when he apparently fell asleep and crashed into a culvert and drainage ditch.

Alexander said that Briley was taken first to Cogdell Memorial Hospital in Snyder then transferred to Hendricks Medical Center's Trauma facility for treatment of leg and hip injuries.

The investigating officers said the accident occurred about 7:30 a.m. and that the truck, owned by Briley Trucking of Winters, was a total loss.

Museum to have open house this Sunday

Open House will be held at the Z.I. Hale Museum on West Dale Street on Sunday, June 10, from 2 to 4 p.m.

New items to be displayed will be trophies from the John Norman stables and souvenirs that once belonged to Dr. Dixon. The museum has also received two items of furniture from the J.N. Winters family. "Come by and see what's new," a spokesperson said.

August or later. In response to comments concerning the taste of the water, he said that Ballinger's water is safe as ever—that it's perfectly safe to drink. He said the water is tested by the city daily and monthly by the state.

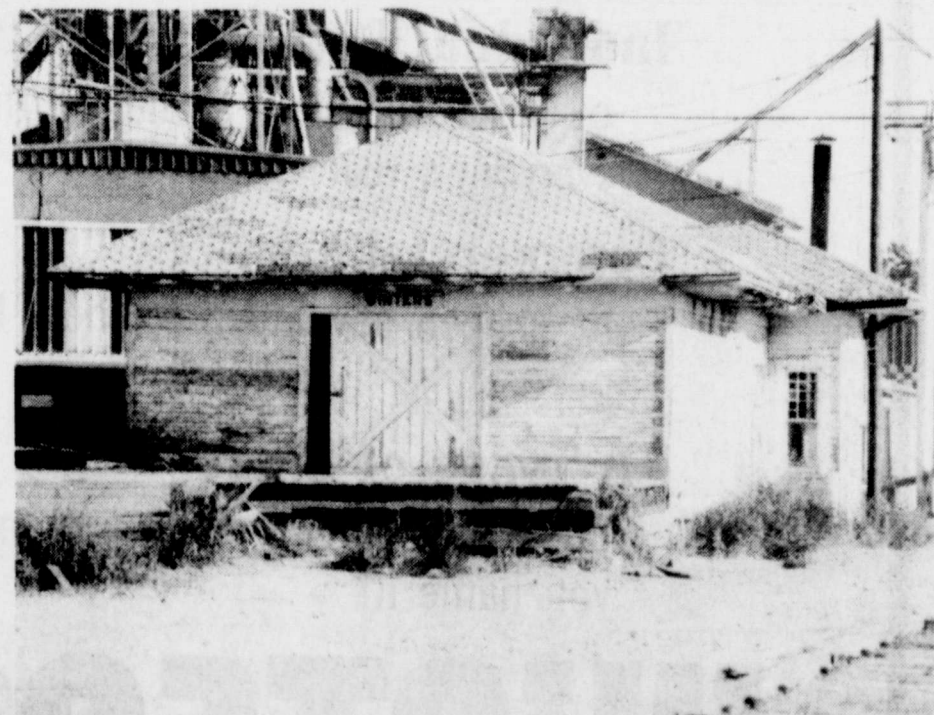

The council voted to open bids for the lighting system at the airport in the June 21st. meeting. Approximately \$38,000 has been earmarked for the project which will receive 75 per cent funding from the T.A.C. and 25 per cent from the city of Ballinger.

In discussing the airport, Jones told the council that the runway extension at Bruce Field is expected to begin Friday. The project will extend the length of the runway to 3,800 feet at a cost of \$49,985, which is also jointly funded by T.A.C. and the city.

The Ballinger Council approved a resolution authorizing the mayor to sign a Compliance Agreement with the Texas Department of Water Resources concerning the operation of the Wastewater Treatment Plant.

That plant has been discharging effluent that doesn't meet state standards and steps must be taken to correct the problem—probably within the next three to four years.

The council approved the expenditure of \$80,000 in revenue sharing funds on the city's new containerized sanitation system and approved an increase in the monthly charge for the service to \$4. The council also approved mandatory sanitary service charges for all city residents.

Going, going, soon gone

The Winters Depot will soon be removed following action Monday by the Winters City Council.

The abandoned depot has been, for quite some time, an eye-sore as well as a fire and health hazard.

The council gave the go-ahead to

Here comes the sun

The annular eclipse of the sun was evident in Winters last Wednesday. The sky darkened and the wind took on a peculiar chill for a short time as the moon passed between the earth and the sun.

The eclipse was not a total one for this part of the country, but did provide quite an attraction for many.

This photo was taken by using a pair of binoculars to focus the eclipse on a black background.

Grand Jury returns 12 indictments

The Runnels County Grand Jury had a full day last Thursday, returning 12 indictments against 12 persons.

Among those indicted was Bruce Merrifield on a charge of aggravated sexual abuse. The incident that was said to involve a minor child.

The grand jury returned two forgery indictments. John M. Hayden was named in a forgery indictment that involved a check written in April. Lawrence Lockridge was indicted for forgery of a check given to Marva Lee's, also in April.

Alfred Prieto Chapoy was named in an indictment alleging DWI, subsequent offense. District Attorney Dick Alcalá said that records showed that Chapoy had previous DWI convictions in both Concho and Scurry Counties.

An indictment on a charge of hindering a secured creditor named Mark Campbell. The indictment was the result of the sale of mortgaged livestock.

Andres Herrera was named in an indictment alleging burglary of a vehicle in connection with the burglary of a vehicle belonging to David Lynn on May 21, 1984.

The grand jury also returned seven indictments in connection with a fight last week in Winters on the parking lot of a convenience store. Named in aggravated assault indictments were: Arturo Reyna,

Raymond Ortiz, Ricky Ortiz, and Domingo Ortiz. The indictments allege aggravated assault on John Bradshaw.

Maggie Ortiz was named in an indictment alleging criminal mischief in connection with the same incident. Reports claimed that she damaged Allen Bradshaw's 1976 pick up by ramming it with her vehicle.

The grand jury reduced charges against John and Allen Bradshaw from felony to misdemeanor assault, which caused injury to Ricky Ortiz. Both men entered pleas of guilty in Winters Municipal Court and paid fines.

Industrial Golf Tournament Sunday

The Winters Country Club will host its annual Industrial Golf Tournament Sunday at the Winters Country Club.

Club officials say that a total of 20 teams have signed up for the meet by the time the registration ended.

Sponsoring this year's tournament are: Mac Oil Field, Pool Well Servicing, Bishop Dirt Contractor, Johns International, Inc.; Bob Lloyd L.P. Gas; Heidenheimer's; Dry Manufacturing; West Dale Well Servicing; B's Oilfield Construction; Foxworth-Galbraith; Winters State Bank; Springer's Pharmacy; Petro Enterprises; Keith Graham; Win-Tex Feed Yards; and Chem Sol Chemicals.

Golfers snare two aces in tournament

Two golfers in the Best Ball tournament Sunday at the Winters Country Club have stories to tell about their "hole-in-ones."

Jiggs Nichols and Gary Onken both carded the aces using an 8-iron. Onken landed in the cup on the number 5 green, and Nichols with a similar club aced number 6.

The number 5 hole is a 145-yard, down-hill, par three hole with a straight fairway. Number 6 also has a straight fairway 135 yards long and crosses the creek.

Nichols was \$100 dollars richer for his shot, participating in the prize money for the "hole-in-one" in tournament play. Onken, however, did not take home any prize money. His reward was a dozen golf balls.

Onken's team won the meet with an 18-hole score of 59, nine under par. Other team members included Jerry Sims and Cotton Everett.

Alien held in Ballinger murder

Bond of \$25,000 was set Monday for a 32-year-old Mexican national in connection with the murder, early Monday, of a Ballinger man.

Antonio Juarez is charged with the murder of Demitrio L. Luna, 53, of Ballinger.

Runnels County Sheriff Bill Baird said that a fight between the two men started about 2:30 a.m. Monday, about three miles west of Ballinger on Country Club Road.

Luna was pronounced dead at the scene by Justice of the Peace Wilborn Davis. Juarez was arrested by sheriff's officers about 6:30 a.m. Monday, just as officers were beginning an intensive search.

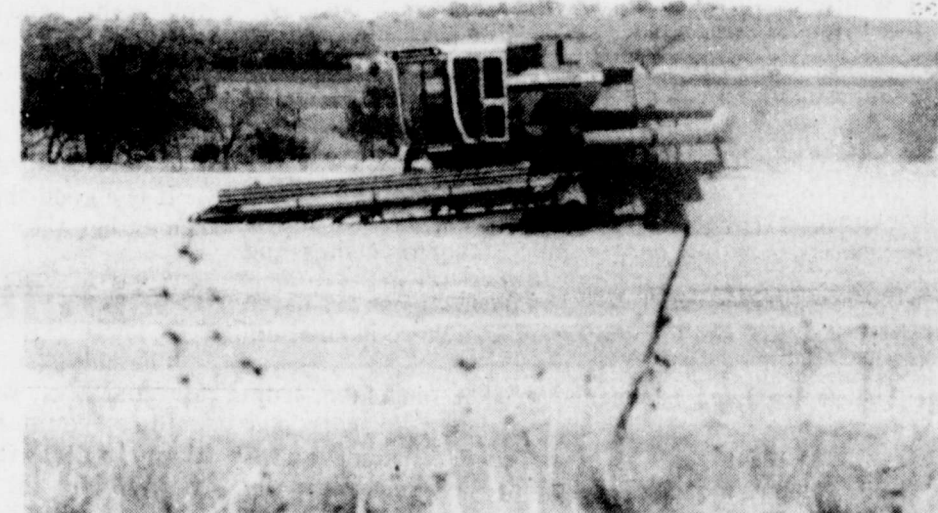

Runnels County officials said that Luna's body was transferred to the

Bexar County Medical Examiner's office in San Antonio for an autopsy. Preliminary indications were that Luna died from knife wounds to the throat and neck.

Sheriff Baird said that two police detectives from San Angelo were assisting local authorities in the investigation, acting as translators. Those officers are Rudy Sosa and Fred Dietz.

Reports indicated that Luna was employed by the Brunson Feed Mill in Ballinger. Juarez, sheriff's officers said, was employed as a laborer on a ranch near Ballinger.

Funeral arrangements for Demitrio Luna were being handled by Rains-Seale Funeral Home in Ballinger.

Small wheat harvest

A disappointing wheat harvest is winding down in the county, with yields at about 25% of normal due to the drought. See story inside.

Winters Council hears request to close West Pierce Street

The Winters City Council heard requests to close the west end of West Pierce Street from several residents of the area Monday.

Spokesman for the residents, Eddie Phillips, told the council that the area involved is only 110 feet long, extending from West Melwood Street. He said that dust from the big trucks going to and from the mill in that area used the street created a large problem.

Randall Conner, representing Winters Grain Company, agreed that there was a problem and said that when their scales were relocated, the trucks would have access to the mill from the north.

Both the mill operators and the residents were in agreement that there was a problem and indicated they would work together to remedy the situation.

The council tabled the request until a later meeting to give the parties involved a chance to solve the problem.

In other action, the council con-

ducted an on-site, public hearing on the proposed use of Community Development funds in the northwest portion of Winters. If funded, the project would include paving and water improvements as well as drainage.

One resident from the target area told the council that he was concerned with traffic now and that if the streets were paved the traffic speed would increase. The council took the comments under consideration and agreed to apply for the Texas Community Development Block Grant funds. It was noted that a similar application was submitted last year and that the city did not receive the funding.

The council approved the tax figures submitted by the Neely Apartments of the Winters Housing Authority and accepted the same plan as used last year.

Mayor W. Lee Colburn and City Administrator Scott Epperson told the council that they had contacted

Stolen car found in San Angelo

Ballinger Police Chief Paul Bog-

gess said Monday that an automobile, stolen from a Ballinger residence over the week end was recovered by police officers in San Angelo. Bogess also said that one man was arrested on charges of unauthorized use of a motor vehicle in connection with the case.

Held is 30-year-old Dan Flores Escobar. Escobar was on parole to Ector County at the time of the theft. He had been convicted on a

charge of burglary.

Bogess said that the car, a 1984 Buick Riviera, belonged to Shirley Keese Bettis of Eldorado. The report said the car was taken from the home of Ms. Bettis parents at 1300 East Avenue in Ballinger.

Officers said that the keys had been left in the car, along with clothing and some money.

The vehicle was taken on Friday, June 1, and recovered the next morning.

The Pyramid

The second annual Jennings-Gardner reunion was held at the Hord's Creek Lake Park near Coleman on Memorial Day week end.

Ernest Jennings was instrumental in starting the reunion last year when he learned through his research in genealogy that there were two sets of people with the same grandparents who hardly knew each other and in some instances didn't even know that the others existed. Ernest calls the reunion "The Pyramid", since it all began with one person, grandmother Gardner, who had two families. She was first married to George Getson Jennings and of this union two sons were born, William Leonard Jennings of Coleman and Thomas Vollie Jennings of Winters, both became doctors. After the death of her husband, Mrs. Jennings was later married to James Franklin Gardner and had more sons, Francis Delma(Dell) and Clyde Orlene. Clyde was employed with the Santa Fe railroad and Dell, a retired farmer lived in Winters. All four men are deceased.

Because he was the instigator of the homecoming, Ernest and his wife Gladys have served as co-chairmen from the beginning. There are few rules, no dues and no set program. The group shelter was rented for three nights. While Sunday is the main day, some arrive on Friday and stay until Monday. The big parking area has hookups for trailers and some bring tents. Everyone is instructed to bring one or more favorite dishes and frozen foods help. All meals except breakfast are eaten together under the big shelter - "and there is an abundance of food", said Ernest.

The aroma from barbecued brisket furnished, from their Coleman ranch, by his uncle and aunt, Arthur Vollie and Gussie Jennings and prepared grille made by his cousin Vollie in his welding shop at Eastland was really tantalizing, in Ernest's opinion.

Dell's son, Charles, and wife, Madeline, of San Antonio served as assistants in arrangements this year and will be dual chairmen next year. Last year the campers came in four trailers and used seven tents, while this year five trailers and one tent were used.

The 49 people attending included 15 from the Gardner family, 27 Jennings descendants and 7 visitors. The oldest was Mrs. T.V.(Vera) Jennings now 90 years of age. The youngest was her great-grandson, Andy, of Houston. He was accompanied by his parents, Tom and Ginger Jennings and sister Amy of Houston. Tom is the son of the Ernest Jennings. Their daughter and husband, Ann and Bill Dickey of Dallas were also present.

Four generations

Ernest, son of Dr. & Mrs. T.V. Jennings; Mrs. T.V. Jennings; Andrew, son of Tommy & Ginger Jennings; and Tommy, son of Ernest & Gladys Jennings.

Mrs. Jennings was so excited to be with her family, which included her other son, Lawrence and wife, Bettye, of Irving, also their daughter, Linda Anderson, of Lubbock, that she stayed up all day visiting. However, she admitted that night that she was a little tired.

The Gardners were represented by Mrs. Clyde Gardner of Newton, now 81 years of age. Clyde's daughter, Roe Nell Griggs of Lubbock, was also present. Kay Hamlin, of sweetwater, daughter of James and Corinne Gardner, attended with her husband Charles and children, Mandy and baby. Others not already mentioned were Curtis and Debra Sockwell, Dustin, Jeremy and Kristin of San Angelo; Randy and Dawn Truesdale of Midland.

The remaining Jennings descendants included Tommy and Linda Jennings, Stacy and Royce of Nolan; Horace and Marion Whitaker, Lubbock; Archie and Lori Whitaker and Billy, Lubbock; Mrs. Al Kraker, Abilene; Al Kraker, Jr., Lubbock.

Knowing of Dr. and Mrs. Jennings love of travel in an Airstream trailer and that Lawrence and Ernest are both retired, I asked how they spent their time - both have Airstream trailers and Ernest said that he and Gladys travel from 50 to 75 per cent of their time.

Lawrence's son, Mike, lives in Bozeman, Montana, and he has a 12-year old daughter, Stacy, who enters horse shows with her Appaloosa jumping horse. She is the only grandchild and both families will be in Denver for the show that is coming up next week.

It hasn't been too long since they all traveled 2,500 miles to see Stacy win first place in the Canadian National Annual Appaloosa horse show at Vancouver, B. C. Airstream travelers have a common bond and are never strangers wherever they meet. While talking to four couples of them from Georgia, the Jennings brothers were asked why they would travel so far from home just to attend a horse show. The brothers wasted no time in telling them and Stacy was surprised to have some more fans shouting her on to victory. The English race was held in a covered Arena with indoor track. Dressed in true British fashion with a small cap and British saddle, Stacy competed against professionals to win the blue ribbon for top event of the whole show.

It is a good thing for families to keep in touch and to remember their heritage.

O'Dells hold reunion

The children of the late Mr. and Mrs. B.E. O'Dell held a reunion at the Wingate Lions Building on May 26 and 28.

Those attending included Oma Lee and Douglas Overman, Wilmeth; Virgil, Janice, John, and Cheri Blackmon, West Fork, Arkansas; Barbara, Billy, and Edward Blackmon, Austin; M.L., Priscilla, Marty, and Mindy Standfield, Cedar Creek.

Scouts make summer plans

The Boy Scout Committee met Wednesday night to plan summer activities for the Scouts. Ten Boy Scouts will go to camp, with an adult. A Super Summer for 1985 was discussed, with cost and equipment.

The group decided to put boxes in several stores so that people can donate extra Green Stamps (books or singles) which will be used to get equipment for the boys.

Several community service projects were discussed. A bike hike to Winters Lake was planned for June 9.

Those present were: Billy Gerhart, Tommy Gardner, Henry Martinez, Joe and Sharron Young, Mary Ellen Moore, Kathy Young, and Elaine Miller.

China-Burma-India veterans will hold national reunion

Texas veterans who served in the China-Burma-India theater in World War II are invited to attend a national reunion of CBI veterans in San Antonio August 4-8, according to Kenneth J. Ruff, Houston, national vice commander for the CBI Veterans Association.

Headquarters for the CBIVA reunion will be the Hyatt Regency Hotel. Interested veterans may write Ruff at 7303 Carew, Houston 77074, for additional details on attending or about the nearest CBI veterans chapter.

General Jimmy Doolittle, whose B-25 raid on Tokyo from the carrier Hornet on April 17, 1942, first gave the Japanese home islands a taste of the war, will receive the CBIVA's Americanism Award. Doolittle's bomber crews, those who survived the raid, landed in China, several crash-landing behind enemy lines.

Soldiers and airmen, women nurses and Red Cross women hostesses, who wore the distinctive red, white, and blue shoulder patch denoting the CBI theater served in the least-known theater of operations in WW II.

CBI troops and airmen served in many ways and in all possible conditions. Some slogged and fought through the jungles of Burma with Merrill's Marauders. Airmen ferried troops and supplies over the dangerous Himalayas (the Hump) from India to China.

A few guided silent gliders to land behind enemy lines in Burma. Some flew with General Clair Chennault's 14th (Flying Tiger) Air Force in China. Many built roads, airstrips, and pipelines in the effort to clear Burma of the Japanese and to keep China in the war.

The national CBIVA is organized in 80 local chapters across the U.S., with seven in Texas.

Leah Pendergrass weds Jeff Buxkemper

Leah Dawn Pendergrass and James Jeffery Buxkemper were united in marriage Saturday, June 2, 1984, at the First Baptist Church, Winters.

The bride is the daughter of Mr. and Mrs. Hudon White, Sr. Parents of the groom are Mr. and Mrs. James Spill and James Buxkemper of Brady.

The bride was presented in marriage by her brothers Roger and Bill Pendergrass.

Reverend Glenn Shoemaker officiated for the ceremony before an arched wrought iron candelabra holding sixty white tapers garlanded with greenery. A white wicker basket and an eternity candle were surrounded by gladiolas, peach Gerber daisies, agapanthus and white button pom-poms. The family pews were marked with two color blue and peach

satin ribbons. Mr. and Mrs. David Evans provided the wedding music. DeOnn Deaton was at the organ.

The bride wore a white chantilly lace gown with chapel length train. The fitted bodice had a ruffled neckline with long sleeves ruffled at the wrist. She wore a lace picture book hat with an illusion of tulle flowing from the back.

Her cascade bouquet was of bridal white roses which surrounded orchids and stephanotis.

For going away, she chose a tailored two-piece natural linen suit accented with orchids from her bouquet.

Lisa Bryan of Lubbock served as maid of honor. Bridesmaids were Bobbye Walker of San Angelo and Mrs. Douglas Cooper of Blackwell. They wore mid-length dresses of old-

fashioned navy and blue calico edged with white lace, with bodices and puffed sleeves.

Their bouquets were of peach daisies mixed with lilies, yarrow, and agapanthus. Their headdresses were halos of baby's breath entwined with button pom-pom agapanthus.

Shannon Thomas, the flower girl, was attired in calico fashioned like the bridesmaid's dresses, with a halo to match. She carried a basket of purple statice and mixed flowers.

Steven Spill, brother of the groom, and David Miller, cousin of the bride, lit the candles and served as ushers.

Kyle Loudermilk was ring bearer.

Tobin Burns was best man. Groomsmen were John Parramore and Rodney Buxkemper, brother of the groom. They wore baby-blue tuxedos edged with navy, and white ruffled shirts. Their boutonnières were of sonia roses. The groom's tuxedo was all white with a white ruffled shirt.

For her daughter's wedding, Mrs. White chose a mauve crepe de chine with matching lace. The groom's mother wore a pastel stripe crepe de chine with a V neck and wrist-length sleeves. Corsages for the mothers were fashioned of cymbidium orchids.

Rebekah Class holds meeting

The Rebekah Sunday School Class of the First Baptist Church met at the home of Mr. and Mrs. Pyburn Brown Monday night for an ice cream supper.

Visitors included Joe Guffy, Brandy Gardner, Gray Harrison, Lee Rand Green, and Stephen Herrington.

Members present were Mrs. Lillian Roberson, Messrs. and Mmes. Jack Pierce, Garland Crouch, Lee Harrison, Kenneth Rosson, R.Q. Marks, Kenneth Sneed, Monroe Boles, J.P. Drake, Ray Laughorn, A.L. Mitchell, and Leamon Herrington.

Vacation Bible School planned

First Baptist Church, Main Street and Truitt, Winters, will have Vacation Bible School from June 18 to 22. Classes will last from 9 to 11:30 a.m. each morning, and are available for children aged three through the sixth grade.

A pre-registration for the school will be held Saturday, June 16, from 10-11:30 a.m. A movie will be shown during the pre-registration.

All children in the community are invited to attend.

Immediately following the ceremony, a reception was held in the Fellowship Hall. The door was arched by greenery entwined with mixed flowers.

The bride's table had as its center a four-tiered wedding cake topped with fresh flowers, flanked by crystal candleholders rising from bowls of fresh flowers.

Suzanne Spill, sister of the groom, presided at the bride's book. Serving at the bride's table were Benay Pendergrass and Joyce Burkholder of El Paso.

The groom's table held a German chocolate cake surrounded by fresh fruit, flanked by an oil derrick and an arrangement of

flowers. Serving at the table were Suzanne Spill and Renie Flourney of Lubbock.

Also assisting in the houseparty were Mary Beth Drake, Dottie Lou Marks, Margie Wade, and Glenda Bryan.

Jimmy Pumphrey, floral designer and uncle of the groom from Austin, and Dottie Loudermilk of Winters designed the floral arrangements.

After a wedding trip to Ruidosa, New Mexico, the couple will be at home in Lubbock.

The bridegroom's parents assisted by Mr. and Mrs. Charles Allcorn hosted the rehearsal dinner in the Fellowship Hall. A bridesmaid's luncheon was given on Saturday at noon in the home of Mr. and Mrs. J.P. Drake.

Assisting her were her daughter Pamela Miller of Houston, Phyllis Thomas of Abilene, and Benay Pendergrass of Lubbock. Guests were Mrs. Tobin Burns, Mrs. Joyce Burkholder of Lubbock, Lisa Bryan, Bobbye Walker, Renie Flournoy, Johnita Cooper, Suzanne Spill,

Mrs. Charles Allcorn, and the mothers, Mrs. Hudon White, Sr., and Mrs. James Spill.

Mrs. Henry Sibley's home was the setting for a miscellaneous shower given for the bride on May 19. Sharing hostess' duties were Mrs. Ray Laughorn, Mrs. Bert Humble, Mrs. Bobby Rodgers, Mrs. Joe Bryan, Mrs. Ray Alderman, Mrs. Hudon White, Jr., Mrs. Johnny Walker, Mrs. Phil Colburn, Mrs. Laurence Chammond, Mrs. Ted Meyer, Mrs. J.B. Denison, Mrs. Preston Barker, Mrs. Lee Harrison, Mrs. Clifton Poe, and Mrs. R.Q. Marks.

Betty Lisso, Clark Johnson exchange wedding vows

Betty Alene Lisso, daughter of Mr. & Mrs. Erwin (Bud) Lisso of Ballinger, formerly of Winters, and Clark Harris Johnson, son of Mr. & Mrs. R. Neill Johnson, Jr. of Tow.

Betty is the granddaughter of Mr. & Mrs. Arthur Lisso of Rowena. Clark is the grandson of Mr. & Mrs. Raymond Johnson of Van Horn, Texas.

They exchanged vows at 3 p.m. May 26, 1984 in a double-ring ceremony before Father Vincent Wiggins.

The church was decorated with baskets of peach lilies and white carnations with bows. The tapered candelabra was entwined with greenery.

Music was provided by Mrs. Floyd Frerich of San Angelo, organist; and Mrs. Kay Halfmann of Rowena, soloist.

Given in marriage by

her parents, the bride wore a gown that featured a Queen Ann neckline, with a high waistline, adorned with a cascade of soft ruffles that end in a cathedral train. The bishop sleeves end in a pointed cuff. The entire bodice of the gown had scattered iridescent sequins and pearls. The bride's two tiered illusion veil was outlined in Chantilly lace, that was attached to the headpiece that her mother wore in her wedding. The crown was covered in seed pearls, sequins and lace. For something old she wore pearls that her mother wore in her wedding and also a handkerchief was attached to her bouquet, that belonged to the brides great-grandmother Fuchs.

The bouquet she carried was a traditional cascade of white aurelian lilies and camellias. Sonia roses and

formed the base which was entwined with gypsophila and green foliage. Susan Lisso, sister of the bride, of San Angelo acted as Maid of Honor. Bridesmaid were Derry Bishop, sister of the groom, of Midland; and Kerri Jansa, cousin of the bride, of Miles.

The bridesmaids dresses featured a cream lace bodice with a square neckline and full puffed elbow length sleeves. The neckline and the sleeves were trimmed in peach ribbon. The arm bouquets were accented with gypsophila and tiny peach lilies, tied with ecru lace and satin streamers. They wore a trio of Sonia roses in their hair.

Neill Johnson III, brother of the groom, of Brownwood was best man. Groomsmen were Mark Winemiller of Brownwood, and Chris Johnson, nephew of the groom, of

Amarillo.

They were attired in silver tuxedos with peach colored shirts.

The groom wore a silver tuxedo with an ivory shirt and silver ascot.

Ushers for the ceremony were E.J. Bible of San Angelo, Marvin Shurley of Sonora, and Doug Jansa of Miles. Candlelighters were Stuart Jansa and Cody Jansa, both of Miles. Lecturer was Judy Jansa, aunt of the bride, of Miles.

The offertory gifts were carried by the bride's godparents, Mr. & Mrs. Alvin (Anna Rose) Kuss of Hermligh, Texas.

The rehearsal dinner was given by the groom's parents at the Zentner's Daughter Restaurant.

The reception, following the wedding, was hosted in the Parish Hall. The bride's table was laid with a lace cloth over an ivory skirt. The bride's cake was an Italian cream cake, that was triple tiered and had flowers between each pedestal layer in shades of peach in cream.

The groom's table was laid with a lace cloth. Featuring crystal candle holders borrowed from the bride's grandparents, Mr. & Mrs. Arthur Lisso, and a chocolate cake in a double circle arrangement.

An houseparty was given by Dana Wade, Tammy Gibbs, Tawnya Speckels, Paula Richardson, Linda Bible, Patricia Richardson, and Becky Wanoreck.

The bride is a 1981 graduate of Winters High School. She was valedictorian of her high school class. She attended American Commercial College and got a degree in Business Administration. She is employed by First City National Bank of San Angelo.

The groom is a 1973 of Permian High School in Odessa. He attended Odessa College. He is employed by Reece Albert, Inc.

After a wedding trip to San Antonio, Texas, the couple will reside at 1633 Canal Road in San Angelo.

Rocky Mountain Spotted Fever alert announced

Seventeen cases of Rocky Mountain Spotted Fever, resulting in two deaths, have been reported so far this year to the Texas Department of Health. A majority of these cases live in north central and northeast Texas. In 1983, 108 spotted fever cases, with six deaths, occurred in Texas, primarily in north central and northeast Texas. The disease is transmitted to people through bite of an infected tick. Most ticks can carry and transmit spotted fever. An infected tick must be attached and feeding to three to four hours before the disease will be transmitted.

This is why early removal of ticks is so important in preventing the disease. About one week after the disease has entered the body, the person will have symptoms which include sudden onset of fever, headache, chills, muscle aches, and a rash beginning between days two and six of the illness. Prompt medical attention is needed. Ticks may attach anywhere but usually prefer hairy areas of the body such as the scalp and armpits. The Texas Department of Health recommends several

Cattlemen's Association to meet

The Independent Cattlemen's Association of Texas, observing its 10th anniversary in 1984, will hold its annual convention in San Antonio on June 7-9, with the theme, "Free Enterprise and the Commercial Cattleman: Prospects for the Next 10 Years." The keynote speaker at the ICA Headliner's Luncheon (Friday, June 8, noon) will be Mr. George Smith, president/owner of The Smith Pipe Companies, headquartered in Houston. The Smith Pipe

measures to prevent spotted fever: 1) avoid places likely to have ticks, such as tall weeds and thick bushes; 2) check yourself and your children several times a day for ticks if you have been working or playing in tick-infested areas; 3) wear long-sleeved shirts and long pants tucked into socks or boots; 4) use insect repellants containing diethyltoluamide; 5) check pets regularly for ticks, even if they are allowed only to go outdoors in their own fenced yard; and 7) reduce tick infestation around the home by spraying the yard and treating pets. Ask your veterinarian what to use for your specific pet. Care should be taken when removing attached ticks from pets and humans. Tweezers or fingers protected with cotton or paper should be used to remove ticks. Do not crush ticks between the fingers. This could allow the disease to enter the body through abrasions or cuts in the skin.

If you have any illness within ten days of a tick attachment—especially if it includes fever, headache, or a rash—seek medical attention and tell the physician about the tick bite. Rocky Mountain Spotted Fever can be treated effectively with antibiotics, but prompt treatment is needed. For further information, contact the Bureau of Epidemiology, Texas Department of Health, 1100 West 49th Street, Austin, Texas 78756-3199 or call your nearest health office.

The Independent Cattlemen's Association is a statewide trade association serving primarily the commercial cattle industry in Texas. Its membership is also composed of registered cattle breeders, cattle feeders, stocker operators, livestock auction market owners, bankers, equipment suppliers, feed and fertilizer dealers, pharmaceutical suppliers, and many other individuals and companies with an interest in improving the Texas commercial cattle industry and benefiting rural Texans. The Association was founded in 1974, a year that saw the livestock economy severely depressed due to, among other things, a flood of foreign beef coming into the country and undermining American producers. Fed up with official inaction and banding together for survival, a group of Texas ranchers formed their own organization to right for legislative reform and respect for American

Small wheat harvest coming to local mills

A wheat crop hindered by drought conditions is being cut and brought to area mills this week.

Preston Barker of Alderman-Cave, Winters, estimates the harvest at 25 per cent of normal. Randall Conner of Winters Grain Company said this year's harvest is "down considerably" from last year's, a fact agreed upon by Greg Schwertner of the Ballinger Co-Op.

1983 was not especially a good year because of the PIK program, but 1982 was a good year for wheat, Barker explained. The price farmers are paid for their wheat is a little better than last year, with local mills paying \$3.50 to \$3.60 per bushel.

Both Winters grain companies expect to grind most of the wheat for feed. Alderman-Cave may ship some to other storage, but neither plan to ship by rail out of state. However, the Ballinger Co-Op has already shipped some grain by rail, Schwertner said.

Barker summed up the harvest by saying, "It's very disappointing. Last year we fought the government, and this year we're fighting the drought."

Conner stated, "I think overall the yields have

been a little better than expected, but not near normal."

Schwertner said that the Ballinger area wheat came in unusually early. "The grades are surprisingly good for the conditions we've had," he added.

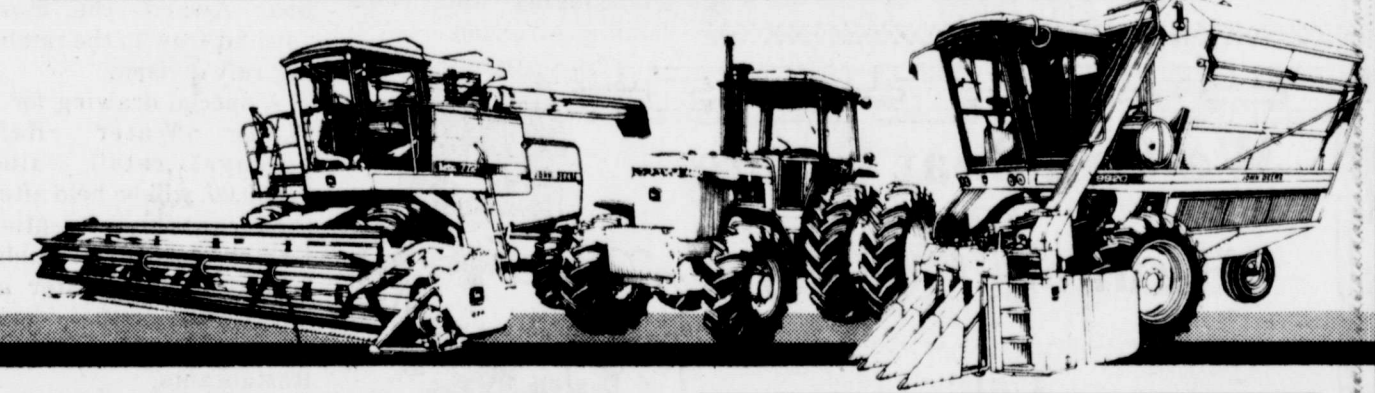

Handling wheat residue

Among wheat residue management options are burning, clean tillage, conservation tillage and chemical fallow, says an agronomist with the Texas Agricultural Extension Service, Texas A&M University System.

Burning is the least desirable option because it leaves the land unprotected and subject to erosion. With clean tillage, most wheat straw is buried, but conservation tillage, leaves desirable levels of wheat straw on the surface. Chemical fallow involves using herbicides to control weeds and grasses between crops. A farmer should select an option based on the amount of wheat stubble, perennial weeds, compaction pans in the soil, type of tillage and planting equipment available, and cost of herbicides.

Kendrick Pageant starts production

Crews

By Hilda Kurtz

If your wife wants to learn to drive, don't stand in her way—

The Therin Osbornes and Dale Duggans hosted the sandwich and ice cream supper Saturday night in the Crews gym.

President Sam Faubion presided for a brief business meeting. The roof of the gym was discussed. Fred Watkins brought some figures on the roof. The next meeting will be July 7 at 8 p.m.

On Sunday Alta Hale talked to the Elvin Berrys in Andrews; it was raining there and they already had 3 1/2 inches. "Oh boy!" Also her sister Mrs. McCamie in California called, and it was raining there, too. Someday if we live long enough we may get a shower?

Pat and Earl Cooper, Ray, Cherry, and Amanda Cooper, Abilene, were out to see the Corbett Coopers on Saturday afternoon.

During the week in the Doug Bryan's home, the visitors were Lelon and Doris, Glen and Bennie Bryan, Vicki Blackerby, Rex and Cheryl Prathard, Lubbock, Marcha Powell, Lance and Flint Feldhouson of Palacios.

Mrs. Shirley Hallford, Ballinger, and her sister Mrs. Willie Adams, California, spent Monday evening with Mrs. Amber Fuller.

Bob Hill of Auburn, Alabama, is spending a few weeks with his folks, the Robert Hills. Gary and Shane Hill, Eastland, and Mike Hill, Sweetwater, also came for a visit.

Richard Denny's sister and husband, Mr. and Mrs.

Joe McCraight and Carrmon, Ringold, Texas, and a friend, Quanbel Morgan of Terrell, Oklahoma, spent several days with Jewel and Richard. The Dennys recently returned from a quick trip to Ohio to see Mr. and Mrs. Marve Chafin Foaster.

Those from out here attending the Fish Fry in the Winters Community Center Saturday were Amber Fuller, Alta Hale, Kat and Adline Grissom, Pat and Earl Cooper, Doris and Marion Wood, and Hazel Mae Bragg.

Mr. and Mrs. Jerry Alexander and family of Tucson, Arizona, are here a while with his parents, the Norvell Alexanders. S.K. Alexander, San Angelo, came Sunday afternoon.

Mrs. Corra Petrie and daughter Pat Hambright spent last week in San Antonio with the Luther Sommersvilles.

Visiting during the weekend with Doris and Marion Woods were Mr. and Mrs. G.C. Walters, Mr. and Mrs. Ronnie Walters and family of Ft. Worth. Mr. and Mrs. Larry Calote of Winters, Doug and Robert Bryant of Albany, and Mr. and Mrs. Curtis King, Winters.

Mrs. Effie Dietz appreciated Therin and Nila coming by and reading her meter. She had these visitors: Keith and Larry Collom, Clarence Hambright, and Melinda, Wanda, and Joe Riley Sims.

Since school is out, Jr. McGallian, Wingate, is spending his vacation with his grandparents, Therin and Nila Osborne. Sunday dinner guests with the

The Kendrick Religious Pageant "THE LIFE OF CHRIST" termed by the July 1980 edition of the TEXAS MONTHLY MAGAZINE as being the best outdoor drama in the State of Texas, is now in its 20th year of productions.

Summer productions of the pageant will begin June 14, 1984 and will be presented each Thursday and Friday night at 9 p.m. DST through August 17, 1984.

This production is the complete LIFE OF CHRIST from the birth through the resurrection, portrayed in sixty scenes by a cast of dedicated Christian people of all walks of life and religious denominations. The production is NON-DENOMINATIONAL, with the script being taken word for word from the King James version of the Holy Bible with nothing added or taken from.

Included with the cast is a grey donkey for the Mother Mary, a white donkey for the Triumphant Entry of Jesus, a camel for the wisemen, and sheep for the Shepherds in the field. Admission is \$3.00. FREE PARKING AND FREE OVERNIGHT CAMPING is allowed on the grounds. Electric and water hook ups are available for a minimal fee. Restrooms are available on the grounds for the convenience of those attending.

Also located on the pageant grounds is Texas' only all Religious Diorama and Museum which is open every day of the year from 10 a.m. til 4 p.m.

Osbornes were the Wesley McGallian family, Sue Campbell, Louise Osborne, and Brian Faubion.

Alta Hale visited friends in Coleman Friday. Thursday she spent the day with the Horace Stokes. Saturday Lemma Fuller, Ruby Beil, Coleman, and Alta attended the musical in Coleman; so did the mosquitos.

Our sympathy goes out to Frances and Doris Bryan whose father Adron Hale, Bradshaw, passed away Saturday in Winters.

The planned meeting on the Crews gym roof for July 9 has been called off until further notice due to field work.

Sammy Brown, Ballinger, came out for one day and night with Dee and Sam Faubion.

Coleman Foreman attended the Perkins Cousin Reunion in Comanche at the Eugene Perkins' home. 21 cousins and their families attended.

The Diorama is scenes from both Old and New Testaments set with 140 LIFE SIZED FIGURES as realistic as is possible with NARRATION, also from the King James Bible, and SOFT ORGAN MUSIC for each scene. As you view the scenes, you are actually standing right in the midst of the figures, giving you the feeling of being right there with the biblical characters. Admission to the Diorama is children 6 through 11 \$2.00 and Adults \$2.50. Each tour lasts 1 1/2 hours.

So, plan a spirit filled trip and come to the LIFE OF CHRIST PAGEANT halfway between Cisco and Eastland, Texas on U.S. Highway 80. For further information, contact the LIFE OF CHRIST PAGEANT Route No. 2 Box 46 Cisco, Texas 76437 or Phone 817-629-8672.

River Raft Race slated

KBIL Radio Station and the San Angelo Recreation Department will conduct the River Raft Race, in conjunction with Fiesta del Concho, on Sunday, June 10. Entries are now being accepted by the Recreation Department for the race, scheduled for 4:30 p.m., starting at the Bell Street Crossing. The fee is \$5.00 per person, which provides a t-shirt, certificate, and a chance at first through fourth place trophies as well as six special awards. Deadline for entry is June 6 at 5 p.m. Two divisions for the contest include Rubber Rafts and Rambling Rafts, which must be designed, engineered, and assembled by the members of the crew with no part of the raft construction made from items designed or manufactured for aquatic purposes.

Special awards include Pride of the Fleet—the most original of the rambling rafts; River Queen—the best looking of the rambling rafts; Captain's Trophy—the crew displaying their "Espree des Corps" by means of costumes and decoration of their craft in the rambling raft division; Admiral's Trophy—the crew displaying their "Espree des Corps" by means of costumes and decoration of their craft in the rubber raft division; and Riverboat Award—the most spirited crew in the rambling raft division.

A special drawing for a White Water Raft package, retail value \$1500.00, will be held after the race at the Convention Center gazebo. The public is invited to register at both Outdoorsman locations and all Wendy's Restaurants.

Companies, businesses, church and civic groups, and the general public are encouraged to participate. For information, call the San Angelo Recreation Department at 655-7202, 653-8501 or KBIL Radio Station at 944-0502.

Instructors for the clinic are Sam Jackson and Kelly Graves, from College Station. Contact the County Extension office at 365-2219 before June 15 if you wish to participate.

The clinic will begin on Thursday afternoon and conclude Saturday evening. It is designed to cover the basics of good horsemanship. Topics to be discussed and practice include the use of feet and hands, leads and lead changes, stopping and backing, and several event clinics.

110% Award winners at Talpa

Recipients of the 110% Award for extra effort, enthusiasm, pride, and attitude in school activities and athletics are (l-r) Darrell Horn, football; Angela Hicks, girls track; and Doug Drake, boys track. Angela is the granddaughter of Mr. and Mrs. Jack Pierce of Winters.

Talpa sports banquet held

The Talpa-Centennial Independent School District recently honored the junior high and high school athletes with an All-Sports Banquet.

Speaker for the occasion was Marty Akins, a recent graduate of Howard-Payne University. Marty is a graduate of Ballinger High School.

Awards were presented to the outstanding athletes in football, basketball, track, and for school spirit. Coach Bruce Hirt presented the basketball awards

Horsemanship Clinic slated

The Runnels County 4-H is sponsoring a Horsemanship Clinic for horse enthusiasts on June 21-23. This clinic will be held at the Ballinger Rodeo Arena on the Bronte Highway. Cost of the clinic is expected to be about \$20 to \$25 per student. This is a low cost for 3 days of training. The Horsemanship Clinic is open to 4-H members, non-members, and parents and adults. There will be a limit of 40 riders accepted to participate. Reservations will be taken on a first come, first served basis.

USAF seeks high school graduates

Young men and women graduating from high school can enlist in the Air Force and delay their entry into active duty for as long as 12 months, according to Staff Sgt. Stevens, Air Force recruiter here.

"This Delayed Enlistment Program lets a person reserve a guaranteed specialty months in advance. A graduating senior, for instance, can reserve an enlistment date today and still have some vacation before leaving on active duty," he said.

"Research shows one principal attraction the Air Force offers a person is technical training. And the Air Force is one of the largest technical educators in the world today," Stevens stressed.

The Air Force has established several enlistment options to offer sharp young people. These options include early promotion, guaranteed training, and more. Additionally, college credit for technical training is applied towards an associate degree from the Community College of

Cabinetmaking course offered

TSTI is offering a non-credit cabinetmaking course designed for the do-it-yourselfer of any age.

The 40 hour course meets on eight consecutive Monday nights, beginning June 11. Each class meets from 5:30 to 10:30 p.m.

Dwight Willborn, an experienced carpenter and cabinetmaker, will teach the class in which students will have the opportunity to construct all types of cabinets, bookcases and similar furniture.

Class will be held in TSTI's fully equipped building construction lab, and students will have creative control over their own projects.

Anyone 16 years of age or older is eligible to take the class and no previous experience is required. The cost is \$60 and interested persons should call the Office of Special Projects at TSTI at 235-8441, ext. 287 for more information.

For further information about Air Force technical training, contact Stevens at (915) 672-8949.

Crime Of The Month

JUNE 1984

On the night of April 28 or the early morning hours of April 29, 1984, a person or persons burglarized Jack King's liquor store in Rowena. The actors in the crime entered the liquor store, which is located on the south side of U.S. 67 at its intersection with F.M. 381, through the service window. They left the building through the front door.

Taken in the burglary were approximately \$20 in change from the cash register and a large quantity of liquor. One decanter of liquor was a collector's Ford Woodie. One decanter was a collector's Duck. 15 single bottles of assorted liquor and 12 cases of assorted liquor were also taken.

If you saw any suspicious activity around Jack King's store at the time of the burglary or if you know someone who may be trying to sell a large quantity of liquor, you may be eligible for a cash reward. RUNNELS COUNTY CRIMESTOPPERS pays cash rewards of up to \$1000 for information leading to the arrest and indictment of criminals whose crimes are advertised as the Crime of the Month. Do yourself and your community a favor and call RUNNELS COUNTY CRIMESTOPPERS at 365-2111 or dial 0 and ask for Enterprise 67574. You do not have to give your name.

NOW'S THE TIME TO CALL YOUR AIR CONDITIONING SERVICEMAN

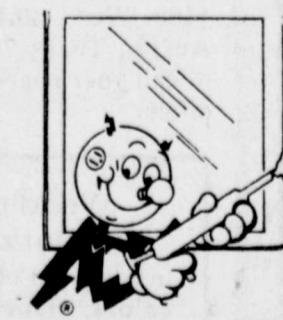

(Get a checkup before the heat's on.) Right now your air conditioning serviceman can easily work your call into his schedule and get your unit ready to deliver dependable cooling through the summer ahead. We know that many people wait until the heat's on to install electric air conditioning or have their units serviced. Later on, your dealer or serviceman may have a waiting list.

PROPER INSULATION... Keeps in the Cool Air You've Paid For

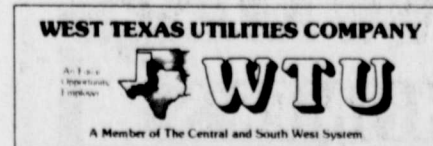

Insulation comes in rolls, loose-fill or batts. Insulation is labeled with a R value showing its ability to resist heat. The better its insulating value, the higher the number. R values up to R 30 in the ceiling and R 18 in the walls are recommended for this area.

Check Caulking and Weatherstripping!

Check all windows and doors, install weatherstripping and caulking where needed. It will save on both heating and cooling costs. An almost invisible 1/4" gap at the base of a standard 36" outside door is equal to a nine-square-inch hole in the side of your house. There are a number of easy-to-install felt and foam rubber products on the market to draft-proof doorways.

Remember REDDY Supplies the energy—but only YOU can use it wisely!

An open letter to Naida Barker

Dear Naida,

This letter is an attempt on our part to say that we appreciate the tremendous contribution that you have made to our community through the Chamber of Commerce.

In the course of fulfilling your responsibilities as Secretary-Manager during the past two and one-half years, you have helped one Board of Directors after another to do its task. Beyond your clerical skills you have been so helpful in providing the information needed for us to make plans for various projects. Your concern and attention to the details of our projects have been greatly appreciated. Because of your perseverance and dedication you have helped the Chamber to complete its projects.

It was with reluctance that we accepted your resignation, but it is with much enthusiasm that we wish you all the best in whatever you desire. You have served us well and we are proud to say that you have been a most valuable part of the Winters Chamber of Commerce.

Sincerely,
The Board of Directors,
The Winters Area Chamber of Commerce

Winters Young Homemakers to meet Monday

The Winters Young Homemakers will meet Monday, June 11th at 7:30 p.m. in the Home Economics Cottage. The program will be "Relaxation Exercises" presented by Lynda Gottschalk.

Hostesses for the meeting are Bernie Faubion, Bobbie Calcote, Jo Miller, and Jean Boles.

Election of new officers, Outstanding Homemaker, Outstanding FHAer and Outstanding Associate Member will be held. Members are encouraged to attend.

Bluejays place first in tourney

The Winters Women Bluejays placed first in their first tourney of the season held here last Saturday, sponsored by the Guadalupanas.

The Bluejays won five games to take first place. Several homeruns and triples were hit by the local ladies. The winning pitcher for the Bluejays was Christina Martinez.

Placing second in the tournament were the Bronte Outlaws. The Winters Blue Bombers took third with the winning pitching of Landa England.

Fourth went to the Rowena Farmers Daughters, fifth to the Ballinger Spoilers, and sixth to the Ballinger Panthers.

The Guadalupanas would like to thank every team that took part in the tourney.

In other action, the Bluejays faced the Rowena Farmers Daughters last Tuesday and lost 17-6. Marla Fisher of Rowena hit a home run in that game.

"Better eating habits, exercise, and other self-help activities are enabling the almost two million Texas residents who are 60 years or older to lead more productive lives," says Howard Allen, Acting Chief of the Bureau of Long Term Care with the Texas Department of Health.

Talpa

By Maggie Ruth Stokes

Some grain is being harvested. It's not making more than half what it made last year. There's no oats being made at Talpa that I know of. We're still looking for rain, maybe it will come on down from West Texas. There was rain over the weekend there.

Grady & Nona Fletcher visited their son, Mr. & Mrs. Ralph Fletcher, in Dallas on Wednesday until Friday. They brought their granddaughter, Nancy Fletcher, and best friend, Lisa Vogt, to attend Bible School and visit with them for two weeks.

Harold Warren visited his mother, Ollie Warren, over last weekend.

Bill Turk's mother died in Houston hospital on the 16th of May. She was 71 years old. She is survived by her husband T. Turk, two sons, six grandchildren, and seven great-grandchildren. She was buried in Rosenberg.

Newt & Marie Bains and Wayne & Ludie Rudolph of Fort Worth spent last weekend with Mr. & Mrs. Randall White at Tyler.

Carl Warren was in a car wreck in Abilene on Tuesday. He suffered a cracked hip bone and cracked ribs with other bruises.

Jeanette Brooks of Coahoma visited Orby & Thelma Sikes last week.

Donald & Beth Sikes of Lubbock visited the Orby Sikes this weekend.

Dr. and Mrs. Majors had lunch in the Sikes home on May 27th.

Mr. & Mrs. Sherman Sides, Bradley, Brandon, and Mrs. Sidney Sides of De Leon attended the graduation exercise of their grandson and nephew, Andy Herring, of the Talpa Centennial graduation class of 1984. Mrs. Sides remained for a few days to visit with the Dale Herring's.

The Talpa Centennial seniors left high school at 5:15 a.m. on May 26th to catch a plane at Abilene at 7:15. They arrived at Orange County Airport at 11:30 a.m. While there in California they went to Disneyland, San Diego Zoo, Newport Beach, and Universal Studios. They left Orange County Airport at 3:10 and arrived back on May 31st. They all had a good time. Their sponsors were Bruce and Kelley Hurt.

Brother and Mrs. Majors and Joshua of Brownwood spent the day, Sunday the 3rd of June, in the George Rae home, between church services. Dr. Majors became ill and had to go home before night services. He called back and seemed to be improved.

Roy Ann & Jeremy Pullin of Odessa visited the George Rae's on

Saturday. Bill & Karen Hicks, Angela, and Amy visited Bill's brother, Mr. & Mrs. Nolan Hicks, at Rotan Sunday.

Lindsay Lee Evans was born May 28th, 1984 at the Angelo Community Hospital. She weighed six pounds and eight ounces and was 20 inches long. Her parents are Steve & Kay Evans. They brought her home on Thursday, May 31st.

Mr. & Mrs. Gene Evans of Columbus and Charlyne Griffith, grandparents of Lindsay, are visiting her. Scott Evan's family of Bay City visited her also this weekend.

Jackie & Chris Shifflett and Lori Kinney of Sweetwater visited Everett & Eva Evans last weekend.

Mr. & Mrs. Fred Andrews and children from Moore Oklahoma visited Everett Evans on Saturday and Sunday. Kent Brown of San Angelo also visited them.

Scott & Dinah Evans, Sarjane, Samantha and Scotty of Bay City visited Everett & Eva Evans and visited the new baby of Steve & Kay Evans.

Eric Elkin of Brookshire is visiting his grandparents Sonny & Wilma Norris.

Pat & Zane Cassaday went on the Coleman Bank trip to the Texas Safari at Clifton, ate lunch in Waco at the Picadilly Cafeteria in Richland Mall and saw the Hall of Fame. They went on Thursday the 31st of May. Others nearby that went on the trip were:

Willa Faye Pauley, Marie Britton, and Alene Gassiot. They enjoyed the day.

Larry & Bobby Jennings of Wheeler visited Cass & Pat Cassaday on Saturday and Sunday of this week.

Ann Green is still in the San Angelo Community Hospital following surgery.

Amy Green visited last weekend with her sister Donnie, Lisa Dunn, and Amanda of Aspermont.

Dorise Watson of Midland is spending this week with her mother, Bertie Stone. They will go to Bertie's doctor in Brownwood on Tuesday and get her new glasses. She is permitted to drive now and has recovered nicely.

Mr. & Mrs. Tom West of Coleman visited the Orby Sikes on Friday.

Mr. & Mrs. Pete Winslett of Fisk visited the Orby Sikes one day last week.

Mr. & Mrs. Eugene Borger of San Angelo and Merle & Don Smith spent 16 days in Europe. They flew to London England on the 14th of May for two days. They saw the changing of the guards, crown jewels, West Minister Abbey. They crossed the British Channel to Wales,

Talpa correspondent

Maggie Ruth Stokes, correspondent for *The Enterprise* from the Talpa area, is pictured above in her green and breezy front yard. We are interviewing our correspondents for a series of feature articles. We are proud of them and the work they do.

Maggie Ruth Stokes: Talpa country girl

Picture a smiling, carefree grandma in her comfortable and immaculate country home, working on a quilt for one of her grandchildren. This lady might be Maggie Ruth Stokes, a life-long country resident, who is the *Enterprise's* correspondent from Talpa. At the age of 67, Maggie Ruth enjoys a somewhat relaxed life-style and writes a column for us and for the *Coleman Chronicle Democrat-Voice*.

We interviewed her last Friday afternoon in her home down the road from the Talpa Cemetery, an area of ranches and farms with the usual livestock and with deer that will stand in the road and stare at approaching cars.

Maggie Ruth was born east of Crews, just a quarter mile east of the Coleman County line, on April 1, 1917. She grew up in Coleman County except

then to Ireland and Scotland. They reported a wonderful trip and they really enjoyed it.

Sarah Masters father, Cecil Guthrie, of Cleveland has suffered a heart attack and Sarah is staying with him for two weeks or more.

Gordon & Louise Brookshier have visiting them this week her brother, Mr. & Mrs. Roy Foreman of Morgan Hill California, and her sister, Mae Nunnally, of Bakersville California, and another sister, Mamie Cope of San Angelo.

Clyde & Nancy Bouldin of Woodruff Oklahoma brought Onnie Bouldin to Talpa for a short visit on Friday 25th of May. They spent Friday night at Opal Bouldin's and returned home on Saturday.

Dr. & Mrs. Steve King of Brady visited Mrs. Stone on Tuesday and they are leaving soon on a month's tour of Europe.

The Stokes have two children, a son and a daughter. Their son is Wesley Stokes, age 44, and he is an area manager for Hughes Tool in Jakarta, Indonesia. He has lived there for the past six years, coming home for vacations. He has four children, three boys and a girl. Two are in college.

The Stokes' daughter, Karan Cate, age 40, owns and operates a group of greenhouses which supply flowers and plants to florists in and around Bryan where she lives. Karan's husband, Dr. James Cate, teaches advanced courses in entomology at Texas A&M for a half year and does research the other half. The Cates have two sons.

Maggie Ruth speaks with pride of her children. Karan worked to put her

husband through college; and recently he put her through her remaining years of college so that she graduated with a degree in horticulture.

Maggie Ruth worked outside the home for about 12 years, in sewing factories and at Dry's.

Quilting is her main hobby now. She goes to the Valera Community Center and quilts with a group of ladies, making many of the quilts for her grandchildren. She and Horace like to go on fishing trips with relatives; the men fish and the ladies play cards and cook for them, she said.

She has been writing the news for the *Enterprise* for about a year, having been asked to do so. She calls some local families, and some call her. Some of the news is given to her at church. "People who ever lived in our community like to read it," she stated.

Maggie Ruth has some strong opinions and convictions. She and Horace attend Immanuel Baptist Church in Talpa. Church is important to her, and she feels more people should go. Attendance has declined, she said.

She is a staunch Democrat and feels that the Democratic party does more for the poor people.

Several cases of child abuse have been reported in her area lately, which she considers terrible and shocking. She feels sorry for the children involved, and thinks the parents should be punished severely. Capital punishment is needed in cases of murder, she believes, so that others will not commit the crime.

Television has gotten much worse, she feels, with many shows not fit to watch. The afternoon stories have too much immorality for Maggie Ruth's tastes.

All things considered, we found Maggie Ruth to be a refreshingly happy person, content with her country life, yet interested in everything going on in the world around her.

Saving water this summer

By Dana Craddock
Runnels County Extension Agent

The summer fun of swimming, cool drinks, and even car-washing, all require an ample water supply that we often take for granted.

By now, most Texans should know that our groundwater supplies are being depleted faster than they can be renewed. That means everybody needs to do their part to conserve water.

For Ballinger residents, the evaporating lake is presenting similar problems.

Below are some suggestions for how to reduce the amount of water we casually waste at home:

— Keep a thermos of cool water on the kitchen cabinet or a jug of water in the refrigerator. Running the tap to wait for cooler water sends about five gallons of water per minute down the drain.

— Take a quick shower. Every inch of water in a tub represents about 4 1/2 gallons of water, and a shower without a water-saving device typically uses 5-10 gallons per minute.

— Use full loads of laundry to clean those summer clothes. Washing machines can use 40-60 gallons of water per load.

— Resist using the toilet for a trash basket. Every flush uses 4-7 gallons of water.

— Watch out for water hoses with the water left running. A water hose can deliver several hundred gallons of water in an hour. For that reason, it's probably better to fill the kids' wading pool than let them play with the hose.

— You can save water as you wash your car, too. After you wet the car down, turn the water off or use a hose with a shut-off nozzle. Use buckets of soapy water to wash and then give the car a final rinse with the hose.

If you would like a free water conservation checklist with more suggestions for saving water at home, call or write your county extension office.

The next article will be on saving water in laundering.

Tax Freedom Day— May 1

Tax Features, April 1984, the monthly publication of Tax Foundation, Inc., reports that 1984 Tax Freedom Day was May 1. This date marks the day the average taxpayer would finish satisfying obligations to federal, state, and local governments if every dollar earned from January 1 went to the tax collector. The 1983 Tax Freedom Day was also May 1, but 1983 was not a leap year (i.e., the total tax burden was one day greater in 1984.)

West Texas Business

By Jerry Lackey

Doug Young of San Angelo represents an organization called Communicating For Agriculture. He was the featured speaker the other morning at our regular meeting of Professional Agricultural Workers Society and his talk caught my ear on behalf of agriculture people.

Probably no other life work carries such a high risk for occupational accident and injury as agriculture. At the same time, its people are less likely to be covered by health insurance than other Americans.

For self-employed farmers, their families and hired help, this "is particularly significant in light of their lack of coverage under workers' compensation," said Young.

"Without health insurance, many farmers and other workers on the farm or ranch may not have access to necessary health care for injuries sustained at work or at home."

One of the reasons for farmers not having health insurance is their lack of access to group coverage, as is the case in much of the nation's urban work force.

In a report written by Helen H. Jensen of the University of Maryland and formerly with USDA's Economic Research Service, several main observations were made:

• Eighty-six percent of the nation's farm people have health insurance, compared to 90 percent for the population at large. Only 82 percent of the farmers and farm managers are covered, with coverage more likely if the spouse is employed, especially off the farm.

• Families most dependent on off-farm income — those who are less dependent on off-farm jobs — are the least likely to have health insurance.

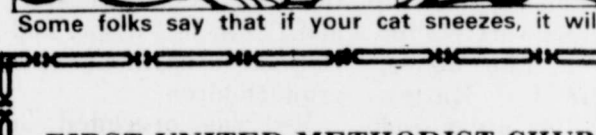

• Young farmers, farmers in the South and West, those with low incomes and those with chronic health problems are not as well covered as other farmers.

"Farm work is dangerous. Agriculture has a higher accident rate than other occupations," the report said, a fact we all know. "Long hours operating machinery under varying conditions and diverse tasks all contribute to the greater likelihood of accidents."

Regional difference also exist, with the South and West having less health insurance coverage than other areas.

According to the report, farm families might look at a number of alternatives, including obtaining lower-cost group insurance or the tax advantages others have in gaining access to insurance through employers.

The Communicating For Agriculture organization is nationwide. Not only do they provide an insurance plan for agriculture people, they provide lobby service in our state and national capitals in behalf of agriculture. I am not publicly endorsing their program, but I believe it stands a head above others I have studied and is worth your consideration if a representative calls on you.

ACU Band Camp set

Junior high and high school students from across the Big Country will have the opportunity to attend Abilene Christian University's annual Summer Band Camp June 24-29 and July 1-6.

More than 30 band directors and music instructors from across the state will serve as staff for the camp, which is coordinated by Dr. Ed George, associate director of bands at ACU.

Abileneans serving as camp faculty include Douglas Fry, former ACU band director; Clifford Nicks, director of bands at Abilene Christian Schools; Dr. Sally Reid, chairman of the ACU music department; Jack Nall, Cooper High School band director; Bobby Brown, band director at Jefferson Junior High; Lawson Nager, horn teacher at Hardin-Simmons University; Mike Hooley, percussion teacher at ACU; and Dr. Jack Boyd, professor of music at ACU.

Other faculty members serving on the camp staff will include representatives from Baylor University, North Texas State University, Brady, Crowley, Dalhart, Mesquite, Richland Hills, Kermit and Stephenville.

Students will spend two periods daily with one of the camp bands, one in section drill, one in music knowledge class and two in optional instruction. Students interested in twirling, flag and rifle corp or being a drum major may take instruction in these specialized areas. Auditions also will be conducted for a camp jazz ensemble.

Supervised activities are planned for each evening, and nightly devotionals will take place in the dormitories.

Room and board in air-conditioned dorms will be \$75. Tuition will be \$65. Meal tickets for campers who are staying off-campus will be \$16, and this cost will cover five cafeteria meals.

For more information write ACU Summer Band Camp, ACU Station, Box 8112, Abilene, Texas, 79699. Or call Ed George at 677-1911, Ext. 2030.

Rodeo Queen Contestants

Cheri Dry

Lori Jobe

Gina Nesbit

Latricia Palmer

Winters Rodeo Queen contestants announced

The 1984 Winters Rodeo Queen contestants are busy selling tickets to the Fifth Annual Rodeo to be held June 29 and 30 at the rodeo arena north of town. Little Miss contestants include Cheri Dry, daughter of Mr. and Mrs. Cherry Dry, and Lori Jobe, daughter of Mr. and Mrs. Archie Jobe. Junior Miss contestants

are Gina Nesbit, daughter of Mr. and Mrs. Bill Nesbit, and Latricia Palmer, daughter of Mr. and Mrs. Bobby Palmer.

Leslie Pruser, daughter of Mr. and Mrs. Robert Pruser, is the contestant for Miss Rodeo Queen.

The girls will earn points for the tickets they sell, and they will participate in a riding contest for points which will be combined with the ticket sales to determine the winners.

Tickets will be available from any queen contestant through June 27.

"Boast not thyself of tomorrow; for thou knowest not what a day may bring forth."

County youth competed in 4-H State Food Show

Connie Robinson of Norton competed Tuesday, June 5, for top state honors in the State 4-H Food Show in College Station.

A sophomore at Ballinger High School, Connie is the daughter of Mr. and Mrs. C.J. Robinson, Jr., of Norton.

She is a member of the Norton 4-H Club and has been active in 4-H work for five years.

She earned the right to compete at the state level when she became top-scoring individual of her entry class in the senior division at district competition last March. Her winning entry was "Cheesy Chicken Tetrazzini," which she also prepared for the judges at the state contest.

According to Dana Crad-

dock, Runnels County Extension Agent, educational goals of the 4-H foods and nutrition program include helping 4-H members understand how science, nutrition, and food preparation work together; learning the signs of good health, food needs, food buying, preparation, and serving.

The state food show is sponsored by the Texas Agricultural Extension Service, the Texas A&M University System, and the Morrison Milling Company of Denton.

At least 50 per cent of retired persons serve as volunteers in some capacity, according to a news release by the Texas Department of Health.

Tarleton honor Area students earn CJC honor roll released

Students making the A and B honor rolls and the Distinguished Students list totaled 747 for the 1984 spring semester at Tarleton State University, according to Dr. Robert C. Fain, Vice President for Academic Affairs.

Area students on the A honor roll, with a 4.0 grade point ratio on the 4.0 system and with a minimum of 12 hours, are Wilford Lee Howard of Ballinger and William E. Bredemeyer of Winters.

Those on the B honor roll, with a grade point ratio between 3.0 and 3.99 with no grade lower than a B and with a minimum of 12 hours, are Jeff A. Gottschalk of Winters, Sharla A. Macy of Coleman, and Marilyn L. Eaton of Ovalo.

Freshman and sophomore students who have a minimum grade point ratio of 3.25 with no grade lower than C, and juniors and seniors who a minimum grade point ratio of 3.50 with no grade lower than C, in good standing, are designated "Distinguished Students." Those students so honored are Howard, Miss Eaton, Bredemeyer, Gottschalk, and Leslie Kyle Terry of Tuscola.

"A merry heart doeth good like a medicine; but a broken spirit drieth the bones." Proverbs 17:22

"As cold waters to a thirsty soul, so is good news from a far country." Proverbs 25:25

Several area students have been named to the President's List at Cisco Junior College for the spring semester of 1984. Students on the list have made a straight A record or 4.0 average.

Richard G. Ryan of Winters made the prestigious list, along with Leland Bevers of Ballinger, Sherry L. Cahoon and Raymond E. Habiger of Coleman, Trissa J. Shott of Lawn, and Anita Garcia of Ovalo.

Corrections

In last week's paper, we inadvertently made two mistakes. The current Sno-Queen is J'Lynn Russell, not Jackye Conner as we said. Jackye was last year's Sno-Queen. J'Lynn and Jackye have both worked on the display which was presented to the Chamber of Commerce.

Also, in our photo of the Winters ISD ladies who received service pins, we did not identify Voleta Smith, the second from the right. The teacher on the right was Annie Mills.

We apologize for the mistakes.

Those listed on the 3.00 to 3.49 honor roll include Mona Louise Cooper, an undecided major.

Those listed on the 3.50 to 4.00 honor roll include Penny Michelle Springer, a business major; Karla Kayleen McGuffin, an undecided major; and Jerry Lynn Davis, a physics major.

WHS band members compete at state

Seven members of the Winters High School Band competed Saturday in the Texas State Solo and Ensemble Contest, an annual competition held on the University of Texas campus in Austin.

Bill Wheat won a Division One (superior) ranking with a Gold Medal for his piano solo, a selection by Schumann.

Resa Porter took a Division Three rating for her piano solo selection by Bach.

Jayce Connor and Josie Rodriguez received Division Two ratings with Silver Medals for their twirling solos.

Jill Connor won a Third Division rating for her twirling solo.

Stacey Grissom and J'Lynn Russell each received a Division Four ranking for their twirling solos.

Winters Firemen's Auxiliary met

The Winters Firemen's Auxiliary met Tuesday in the City Hall. Hostesses were Nina Bedford and Frances Davis.

Teresa Davis brought the meeting to order. Nina Bedford led in prayer. Frances Davis gave the treasurer's report. Rhonda Joeris called the roll and read the minutes.

Car insurance discount available

The State Board of Insurance has granted a 10% discount, effective May 1, on liability premiums for the private passenger vehicles of drivers who complete a new Professional Driver Improvement Course now offered through Texas Safety Association, according to George R. Gustafson, Executive Vice President of TSA.

"We believe that this will be welcome news for professional drivers in terms of the escalating costs for personal automobile insurance," said Gustafson.

"While this discount applies to personal automobile policies, the course is a positive option for the manager trying to control accident-related fleet costs. This is a timely management issue since rates for commercial lines have just increased 17%," he said.

"The manager who is faced with this up-front high cost of accidents will be looking for ways to reduce the company's own accident incidence which carries with it an additional price tag in terms of productivity, equipment, and personnel. The specialized training of the PDIC is one of the steps such a manager can take," he said.

Ballinger Manor News

To end the National Nursing Home Week, we had an ice cream party on Saturday afternoon. The home made ice cream was provided by Mrs. Ed Poehls, Mrs. William Selby, Mrs. J.B. Terry, and Mary Lee Tinney. The residents tried all the different flavors and decided they were all delicious. Thank you ladies.

The Ballinger String Band was out again this month. There was toe tapping with singing along with the band. Refreshments were served.

Welcome back to Joe and Melba Emmert. The residents were happy to see you and they enjoyed the music.

Hutton and friends dropped by one evening and sang for the residents. Thank you.

The monthly birthday party was on May 24. Ladies from the Avenue B Church of Christ provided the cakes. Thank you ladies for the delicious cakes. Those celebrating birthdays were Charlie Matschek and Juan Nunez. The Covenant of Love group sang for the residents. Thank you.

About 3,000 music students from across the state competed in the various areas of the contest: vocal, orchestral, piano, band, twirling, and music theory. Each student who participated in the state contest had earned a Division One rating in their regional contests held earlier in the school year.

According to Bailey McAnulty, Winters Band Director, "This state contest is widely recognized as having very stiff judging standards in which few first division ratings are given throughout the two days of competition."

"These students are to be congratulated for earning this chance to participate at the State Contest and are also commended for their fine performances at Austin," McAnulty concluded.

Dolores Hawkins gave the program on "Rape Crisis" and showed a film on "Victim or Victor."

Refreshments were served to Teresa Davis, Janice Merrill, Mary Ellen Moore, Rhonda Joeris, Betty Easterly, Jeanne Hilliard, Melba Emmert, Pat Simpson, Oleta Webb, and Dolores Hawkins.

Approved by the Texas Department of Public Safety, the PDIC is a modular classroom program that requires only eight hours, covering the following essential topics:

1. Collision avoidance techniques.
2. Vehicle maintenance, care, and inspection.
3. Driver courtesy to create goodwill.
4. Load distribution and security.
5. Driver awareness, alertness, and ability.
6. Backing the big ones—how to avoid the fixed-object collision.
7. Collision reporting procedures.
8. Transportation of dangerous goods.

"The Professional Driver Improvement Course, which was developed by the Canada Safety Council, is similar to National Safety Council's time-proven Defensive Driving Course, with the advantage of instruction tailored to the needs of professional drivers," said Gustafson.

"The course is designed to help them develop the good judgment they must exercise every minute on the road. The objective is to teach the drivers to foresee problems and drive to avoid the mishaps that can endanger their lives and the company's assets."

Council —

he Joe Montgomery appraisal firm in Abilene concerning the old Winters Lake, north of the City.

The council approved an agreement with the firm to make an appraisal of the old lake. The council stipulated that the cost of the work not exceed \$1,250. Montgomery had told city officials that the normal cost would be about \$1,000. The appraisal should be ready for the council within several weeks.

After some discussion, the council agreed to allow Alderman-Cave Milling and Grain to dispose of the old railroad depot the best way possible.

The old building was declared unsafe last year by city officials who said the building was both a fire hazard and a health hazard.

The railroad had relinquished control of the building some time ago and an opportunity was given to the city and the local historical group to repair and refurbish the building. Such an operation, due to the condition of the building, was determined to not be economically feasible.

Murray Edwards, of Alderman-Cave, said that one private individual had indicated that he might want to remove the building for the lumber in it. Edwards said, "The building is a hazard, something needs to be done. It is just an accident looking for a time to happen."

He said that, one way or another, the building would be removed and the lot cleaned.

A representative of Lone Star Gas told the council that the gas utility was initiating a "main extension increase" from \$4.80 per foot to \$5.40 per

foot after the first 100 feet of gas main extension. The spokesman said that in order to get service to a new customer, the gas company will construct the first 100 feet and the customer would be responsible for the cost of additional gas line.

He said that this would have no effect on rates charged gas customers and would only effect new customers.

The council noted that no action was needed and accepted the report. Councilman Ted Meyer said, "That's the most reasonable deal I've heard from a utility company in years."

The council approved the purchase of \$1 million worth of Public Officials Liability Insurance protection through the Bedford-Norman Insurance Agency at an annual cost of \$846 and similar insurance for law enforcement officers from the Hatler Insurance Agency at a cost of \$1500 per year.

City Administrator Scott Epperson said the city's coverage ran out in April and that there was too much litigation today to risk not having the insurance.

Before ending the meeting the council discussed the possibility creating a thru-street from the east side of Winters to F.M. 53 near the hospital but took no action.

Balanced budget amendment

On April 18, 1984, the Michigan Senate approved by a 23-15 vote Senate Joint Resolution E, asking the U.S. Congress to call a federal constitutional convention for the purpose of proposing a balanced federal budget amendment. If the Michigan House of Representatives also approves the resolution, and if one more state legislature adopts a similar measure, the U.S. Congress will be required by Article V of the federal Constitution to call a constitutional convention for that purpose. Thirty-two other states have already approved such resolutions, and several other state legislatures are expected during 1984 to vote for or against calling for a federal balanced budget convention. For Quality Seed Conditioning Put Your Wheat In Our Hands

To improve seed purity, your wheat seed is conditioned by Bronco Seed Company's new, multi-step process.

First, an air-screen machine removes weed seeds, trash, underdeveloped and oversized seeds and cracked or broken seeds.

Quality continues as our three indent cylinders separate the wild oats from the good seed by length sizing.

For final finishing and improvement of germination, our gravity table separates immature, lightweight seed from mature, heavy seed to improve seed vigor.

We can treat your wheat seed with Vitavax®-200, the systemic fungicide that effectively controls true loose smut, bunt, seed rots and seedling diseases. And, you will be able to graze your cattle earlier since Vitavax-200 treated wheat normally emerges faster and shows more vigorous growth.

Bronco Seed Company offers you bulk grain storage before cleaning, and bag seed storage after cleaning. Bulk cleaning is available for loading back on your vehicle.

Call us about picking up semi-truckload lots of your small grains in the field for cleaning.
