Wait a minute...

By Kerry Craig

For many years there has been rivalry between our city and that one just south of here. That rivalry is good for sporting events and such, but there are some areas that would be better without rivals.

Now before taking this idea any farther and getting between a rock and a hard place, let me explain.

We now have our Crimestoppers program. It is county-wide in scope and came into being only through complete cooperation.

For some events the Chambers of Commerce in both cities could join forces and benefit the entire county.

An idea was presented to our city council Monday evening by Ballinger's Police Chief that should be examined very closely. That idea involves all the law enforcement agencies in the county along with other emergency services.

The concept calls for a central communications center—one which would handle calls and dispatch the proper agency from a central location—Ballinger. Now wait a minute...

The only law enforcement teletype in the county is there and so is the only jail. The sheriff's department and the Ballinger Police already use the same radio frequency and the Winters Police, while they have a separate channel, can operate on that frequency.

The teletype gives officers access to the crime computer in Texas and the one at the FBI in Washington D.C. In a matter of seconds an officer can obtain warrant information on a wanted subject from anywhere in the USA. The officers can also check the ownership of an automobile in less than a minute. About the same time to check the status and validity of a driver's license.

The idea would be a safeguard for officers. They would have someone to check out with when a traffic stop was made. That dispatcher would keep tabs on the officer.

The cost, according to the proposal, would be divided between the two cities and the county. Winters would be asked to pay 20 percent, Runnels County 40 percent, and Ballinger 40 percent.

Something to be explored thoroughly is the necessary telephone lines to link everyone with the emergency dispatch center. The present service would not lend itself to this idea. There are too many times, with the present lines, that calls from Winters to the outside world are interrupted suddenly for some reason.

There are times that a call to anywhere cannot be made, there are delays that take minutes, and there are any number of other problems that can make such a phone system undesirable.

Phone officials say that the service is getting better, and in some aspects it is. The question here is, can we afford the delay of some technical problem in an emergency situation? If a house is afire, or someone is in dire need of emergency medical care, can we afford to take time that is frequently required to call out of town?

With our present dispatch system, our officers are greatly assisted in getting to an address quickly. The officers are given adequate information about the type call and who is calling. This is possible because those that handle our dispatching are very well acquainted with the city and its residents.

We can contact a dispatcher for all emergency services in Winters with one phone call now—a local call. The present method does not, however, keep

district game, but won two games early in the season.

The star of Winters' offensive game was definitely Alfred Yates. The senior back rushed 23 times for 107 yards, an average of 4.65 yards per carry. Winters Head Coach Dan Slaughter said Yates was outstanding on both offense and defense.

Other defensive standouts, Slaughter said, were Eddie Trevino and Kelly Hood. Hood also rushed for 41 yards.

Winters scored first on a six yard run by Yates, and Hood added the extra point with 7:19 left in the first quarter.

In the second quarter, Yates sped three yards for another TD, and Hood again kicked the extra point to increase the Blizzards' lead to 14-0 with 38 seconds left in the half.

The third quarter saw Ranger

Blizzards travel to Cisco Friday night

With a win to their record, the Winters Blizzards will journey to Cisco Friday night for another district game beginning at 7:30 p.m.

Cisco is now 2-1 in district and 3-3 for the year. Winters Coach Dan Slaughter described Cisco as a "power team. They like to back up and run at you." He added that they run several different offensive sets.

Cisco's senior fullback Johnny Ramirez is one of their outstanding players, Slaughter commented.

Three games set for Thursday here

Three games are on tap here for Thursday night. The Winters seventh grade team will play their first home game at 5 p.m., followed by the eighth graders at 6 p.m. and the junior varsity at 7:30.

Both the junior high teams beat Ranger there last week, and the JV tied their game.

stood at Winters 14-Ranger 6.

Ranger scored again with 1:53 left in the third quarter. The pass again failed. Winters led 14-12.

In the fourth quarter, Ranger took the lead, 20-14, after Dean Ishmael picked off a Rene Garcia pass and weaved his way 40 yards to the end zone for the TD. Shane Rogers scored the two extra points on a pass from Koch.

Winters came back and scored on a two yard run by Yates with 1:25 left in the game. Hood kicked the extra point to go ahead, 21-20.

Eric Belk's punts again averaged 50 yards.

WISD trustees change policies

The Board of Trustees of the Winters Independent School District met in regular session Tuesday, October 9 and approved several changes in policy regarding tutorial sessions, promotion and retention of students, and grading for grades seven through 12.

Tutorial sessions in grades

kindergarten through six remain as they were, with voluntary attendance. Students making grades below 70 may attend, and students who need additional help may attend.

However, for the secondary school (grades seven-12), the board stated that all students

New patrol car gets council nod

The Winters City Council gave approval Monday evening to the purchase of another vehicle for the Winters Police Department.

The council heard from Chief L.C. Foster about the possibility of purchasing a used patrol car from the Texas Department of Public Safety. The city, earlier this year obtained a patrol car from the state for considerably less money than a new vehicle would cost.

Foster said that the vehicle had performed as expected and that he felt it would be a good idea to follow the same procedure.

The council approved the expenditure of about \$5,000 for the purchase, which will give the local department four patrol cars, one for each officer.

In other business, Ballinger Police Chief Paul Boggess met with the council to present a proposal calling for a central communications center for the entire county.

The council told Boggess that the proposal would be studied and that he would be contacted later about the proposal.

The council approved advertising for bids for a high-pressure, sewer cleaning machine. A new sludge trailer is to be traded for the new equipment.

In other action, the council agreed to study the method of purchasing fuel for the city vehicles. City Administrator Scott Epperson is to report back to the council on the study.

Routine business then rounded out the brief meeting of the council.

GOP opens office in Winters

Ray Alderman, Chairman of the local committee to re-elect Reagan-Bush, announced Tuesday, that space has been rented in the lobby of the old Winters State Bank building at Main and Dale Streets as re-election headquarters.

The headquarters will be open through election day, November 5, and supporters are invited to come by for a visit and campaign materials.

Local volunteers plan to keep the headquarters open from 10 a.m. to 4 p.m. daily.

Water

Water is standing in the old Winters Lake for the first time since the lake was drained into the new lake over a year ago. The water in the lake came from runoff from the recent rains.

Water from the old lake is being pumped into the new lake following the recent rains. The level in the new lake has risen about a half-foot since the rains began.

A new idea

Police Chiefs L.C. Foster and Paul Boggess talk with the Winters City Council about the possibility of a central communications program for Runnels County. Boggess has received approval of the

program from the his city council in Ballinger and will report back to the Runnels County Commissioners after a decision is reached by the Winters Council.

County Courthouse.

Judge Charles J. Dankworth welcomed the group and gave some statistics concerning the county of 2,900 population, with five towns at the present; Paint Rock, Eden, Eola, Lowake and Millersview. At one time, there were fourteen towns in the county. "We have alot of togetherness and are also very conservative," said the judge.

The majestic courthouse was constructed in 1886 at the cost of \$30,000. It was designed by F.E. Roffini of Austin and Oscar Roffini of San Angelo. The structure is a wonderful example of the French Second Empire style with mansard roof and no tower. Construction is of rusticated limestone blocks quarried locally. The courthouse has been kept in good repair and is still used for the purpose for which it was built, and one of the oldest existing courthouses of its type in Texas.

Gary Broz, mayor of Paint Rock, brought greetings from all 230 residents of the city. He also said the town had received a \$240,000 grant and citizens were excited about improvements for the future.

Paint Rock was the first town established in the county. When it was organized in February, 1879, there was not a town or village in the county until June 28 of the same year when the county seat was located at its present site. The town was nam-

sand years or more from the Comanche period.

A general history of Concho County was given by Mrs. Frances Dusek, daughter of Mayor Ratchford, who had lived all his life in Paint Rock.

Eden, the second town, was founded in 1882 by Fred Ede, an Englishman. Eden has the worlds deepest municipal water wells, 4,200 feet deep. The water rises to within 250 feet of the surface. This supply of good water seems to be inexhaustible.

At first, Concho County was principally a ranching country with goats, sheep and cattle grazing peacefully on rolling hills, but it has become diversified with fields of grain and cotton, especially in the Eola and Lowake areas. This county is also on the edge of deer country. Turkey and small game are plentiful and fishing is good. Millersview is near the site if the first mission established in this area, then San Clemente Mission, and observed its 300th anniversary last year.

Mrs. Oveta Higginbotham gave a slide presentation which was prepared in 1979, to observe the counties 100th anniversary. It included historic churches, schools and the Ostrander and Loomis homes, both of which have had many stories written about them.

Early history of Concho County schools was narrated by Ana Frances Loveless whose family had been here for 83 years. The

first school was organized in 1879 on the Colorado River. It was a subscription school taught by Mrs. Caperton.

There was a break to tour the local business houses, the River Band Gift Shop and Ingrid's Rugs and Colorado Looms, which displayed all sizes of hand woven, woolen rugs from wool production in the county.

A catered lunch that was to have been served at the Campbell's ranch, in the vicinity of the Painted Bluffs, was moved to the new Agriculture barn in town because of threatening weather. And it was a good thing. Before lunch was over, there was a terrific rain, and we knew our tour had to be postponed. Mrs. Fred Campbell, owner, invited us back at any time to view the site.

For the sake of Jo Olive Hancock and Mary Margaret Leathers, who had never seen the Pictographs, and for the people who have never made the 28 miles to view the bluffs, I will attempt to describe them.

The colorful drawings, ranging from a few inches to five feet high, were painted on the limestone rocks forming the face of the cliff by Nomadic Indians on hunting and warring expeditions. The 30 foot high bluff extends for half a mile along the north bank of the Concho River. Most of the pictures are painted in red, because of the large quantities of hematite (iron ore) in the

area. The ore was mixed with animal fat to make paint. Many of the pictographs are symbolic; others tell stories, which have been interpreted by students of Indian law.

1) A brave painted eagle feathers on a rock to show how many "medals" he had earned for bravery on the battlefield.

2) Indian attack on wagon train (reading from center to right) turtle amulet that gave "strong medicine" to warrior, dangling scalps, shield and cross lance of braves, and hoop-skirted victim of the raid.

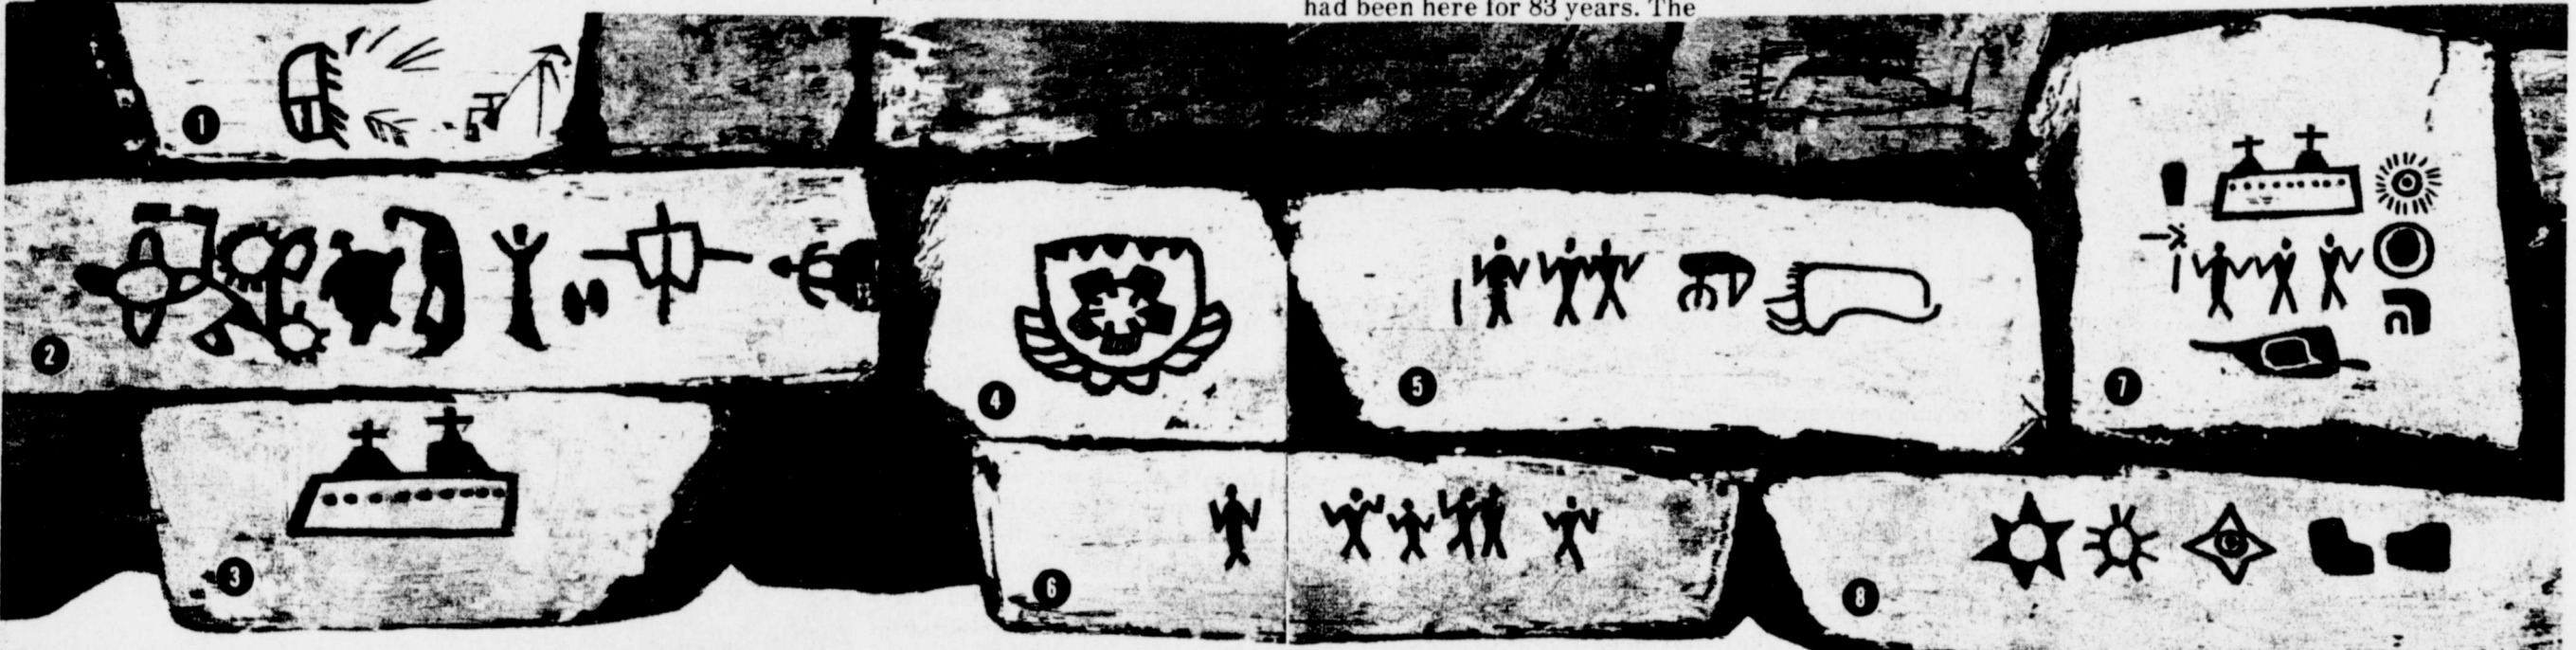

3) Spanish Mission (probably Mission San Saba, 40 miles south of Paint Rock destroyed by Indians in March, 1758).

4) The picture tells of a division of lands among tribes, according to Comanche legend. Saw-toothed triangles at top show that one tribe was awarded the mountains for hunting; open spaces denote plains country granted to another tribe; lands awarded to other bands are shown as small appendages at base of pictograph.

5) Two-part picture depicts an Indian wedding (left) and a bear track, a sacred symbol to the Comanche.

6) Members of the wedding party, who dance to celebrate the occasion.

7) Picture story of the raid on Mission San Saba, tells of the murder of two priests and seventeen soldiers by the

We wish to thank the volunteers that helped with the craft and sweet sale on Saturday. Also, we thank the volunteers that made the cakes and pies. Our sales made \$176.00 which will be used on the purchase of a projector.

The residents that ate lunch were Bob Stead, Annie Halfmann, Thelma McCullough, Willie Magee, Willie Hale, Virgie Byrd, Fannie Tippet and Edna Burkes. They reported the lunch was good and they enjoyed the music, people that visited and sitting under the trees. They express their appreciation to the Chamber of Commerce for their lunch. Welcome to our new residents, Charles Morgan, Alferdo Perez, Wanda Brown, Bill Lisso, Eloy Santoya and George Roberts.

The residents and staff express their deepest sympathy to the family of Gertrude Ash. Mrs. Ash had been a resident for several years. She will be missed very much.

Bingo is still going each Monday. The winner today was Fannie Tippet and Annie Halfmann. It was a tie.

Each Thursday afternoon there are domino games. There is some very serious playing, too. Bob Stead and Fannie Tippet won one week and Frank Matthews and Annie Halfmann won one week.

Mrs. Kate Taylor had a visitor this weekend. Her son, Joe Taylor from Little Rock, Arkansas.

Wallace Williams spent the weekend in Paint Rock with his daughters.

The residents had two watermelon parties in September. Ira Stanley provided the melons for one and Mrs. Clara Ruppert provided melons for the second one.

The Scott Bell's were here in September. It had been a long time since they had visited. We all were happy to see them again.

the music and look forward to their visits.

The outings with the XYZ group were very special. The trip to the Opera House in Miles and the lunch was extra special. The trip to the Church and the sing-a-long and visit from the children from Mothers Day Out Group was special, also.

Thank you Stitch In Time Club for all those nice lap robes you made for the residents.

Janet Gray, Director of Nurses has been in the hospital and has returned home. We miss you, Janet, and will be glad when you return to work.

County receives road money

The Treasurer each year disburses money appropriated by the Legislature for the Lateral Road Program. The grants may be used by counties for the purchase of right-of-way and for construction and maintenance of lateral roads, farm-to-market roads or state highways.

The money is allocated to each county under a formula based on the county's area, rural population and lateral road mileage, Richards said.

Runnels County has been allocated \$26,184.85.

Memo from Kay

By Kay Colburn

Scarecrow Contest set
The Winters Area Chamber of Commerce is sponsoring a "Scarecrow Contest" the last week of October.

Each business is asked to make a scarecrow and display it either in a display window or inside the building where it can be easily viewed. The contest will be in effect from October 24 through October 31, Halloween Day. During that time, the scarecrows will be judged and a plaque given to the one chosen as the most unique, unusual, imaginative, etc.

Anyone wanting to sign up for the contest who has not already been contacted is asked to come by or call the Chamber Office. Twelve businesses have agreed to participate at this time, with others still to be contacted.

A list of scarecrow locations will be published in the Enterprise, and we invite everyone to go by and see these local creations of art and beauty???

Wear Halloween costumes

There has been interest shown in wearing Halloween costumes on Wednesday, October 31. We encourage all downtown people to show their hidden personality by dressing for Halloween.

Christmas planning session

We will have a meeting of local merchants Thursday, October 18 at 5 p.m. in the Chamber Office for the purpose

of planning special Christmas entertainment for Downtown Winters during December. Please come by and express your wishes.

Congratulations to Young Farmers

The Winters Area Chamber of Commerce takes this means of congratulating the Winters Young Farmer Chapter for the many excellent programs and projects that they sponsor in the area. We especially congratulate those who recently proved to be outstanding in Area IV of the Young Farmers: Scotty Belew, Area IV Outstanding Associate Member; David Bradley, Area IV Spokesperson for Agriculture Award; Dale Duggan, Vice President Area IV 1984-85; and Bob Prewit, Area IV Reporter 1984-85. We give our support to David when he gives his speech again at the State Young Farmers Convention in Fort Worth in January.

Upcoming events

Don't forget to make plans for the Chamber of Commerce Hamburger Supper, November 2 in the school cafeteria. This is the night of the Winters-Coleman football game and is also homecoming for the Winters Schools.

Also mark the calendar for November 9-10 as a reminder to enjoy the Arts and Crafts Show in the Community Center.

Hay boosts cow performance
A study on the Billy Traylor farm in Jackson County has shown that treating low quality hay with anhydrous ammonia can improve the hay's feeding value. Ammoniation increased the hay's crude protein content 3.5 percent and boosted its energy level 5 percent. Cows on native ranges fed treated hay had an average weight loss of .48

Sod treats ryegrass
Sod treatment is the key to good ryegrass production on winter pastures, says a forage specialist with the Texas Agricultural Extension Service, Texas A&M University System. A demonstration on the Jerry Duren farm in Victoria County has shown that shredding and disking Coastal bermuda grass pastures prior to planting rye grass gave the largest production - 4,853 pounds of forage per acre. Shredding only before planting resulted in 3,850 pounds of rye grass while planting in pastures with 4 to 6 inch tall Coastal bermuda grass produced only 2,925 pounds.

Olfin crash injures two
Two Ballinger Women were seriously injured early Monday when their vehicle went out of control and overturned near Olfin, in South Runnels County. The accident occurred on F.M. 1874, near its intersection with F.M. 2133. The mishap occurred between 1:00 and 2:00 a.m. Monday. Both women were taken to Ballinger Memorial Hospital by the Ballinger Emergency Service and later transferred to hospitals in San Angelo. The injured were identified as Michelle Schaefer, 18, and Julie Clifton, 17. Miss Clifton was transferred to St. Johns Hospital Monday for treatment of leg fractures and multiple lacerations and abrasions. Miss Schaefer was transferred to San Angelo Tuesday afternoon with very severe rib fractures as well as cuts and bruises.

Money Back Guarantee On All Products
The guarantee is limited to one ton of feed or \$200 of animal care products. The dealer must be notified within 60 days of purchase and before the product has been used. You will need a sample of the product and, for feed, the code number on the bag. We are the only feed manufacturer in our trade area making this written guarantee. We also have at all our plants quality control rooms. We monitor our products constantly to insure the best possible product going into each sack of feed.

Stenholm receives Bulldog Award
Congressman Charles W. Stenholm was presented with the Golden Bulldog Award by the Watchdogs of the Treasury, Inc., for his voting efforts to keep federal spending down and thus avoid waste and burdensome deficits, the Watchdogs announced recently. The Bulldog award was Stenholm's fourth award from the group. The award is presented annually to those members of Congress who vote for fiscal responsibility in government at least 75 percent of the time. The Watchdogs base their figures on a compilation of selected votes on economic and fiscal issues published in the "Economy Voting Record." Stenholm's rating was 100%. Golden Bulldog trophies were presented to 175 members of Congress, 139 in the House of Representatives and 36 in the Senate. The percentage of total recipients, 33 percent, was the same as last year's total. Watchdogs of the Treasury is a nonpartisan organization whose award for fiscal integrity in government is presented on an annual basis. "No steel can pierce the human heart so chillingly as a period at the right moment." Isaac Raboi

Extension Extras
By Dana Craddock
Runnels County Home Economics Extension Agent
Child Safety Seat Law goes into effect
The child safety seat law passed by the Texas Legislature goes into effect on October 31, 1984. The new law will require residents of Texas to transport children up to two years old in federally-approved child safety seats and children from two up to four years old in child safety seats or safety belts. An offense is punishable by a fine of \$25 to \$50, but the court will dismiss the charge if the person shows proof of having acquired a safety seat by purchase, loan or rental within ten days after the offense. The law exempts violations involving a person operating a vehicle for hire and a person transporting a child in a vehicle in which all seating positions equipped with the child safety seats or safety belts are occupied. Although the law is effective at the end of October, only those offenses committed on or after January 1, 1985, will be prosecuted. Parents who feel they cannot afford the \$30 to \$40 cost of a new child safety seat may be tempted to search the garage sales and want ads looking for a bargain. The recent passage of the Child Safety Seat Law by the Texas legislature now requires the use of child restraints for transporting children younger than four years old. But a used child safety seat that could be defective is no bargain. Parents need to shop very carefully to avoid buying a defective used seat which can endanger the life of their child if they are involved in an accident. The first test of a child restraint device is whether it has a label stating that it "meets or exceeds all federal safety standards." Beginning in 1981, the federal standard governing child safety seats required crash testing of the devices to insure their safety. All seats that meet the standard can be considered good ones. Some car seats manufactured prior to 1981 meet these requirements, while others do not. Many seats now on the used market were made before 1981, so parents should always look for that label. In addition to the federal safety label, parents should look for the following defects in used child restraint devices. Check the harness to see if it is torn at any point. A torn belt system can be easily repaired on most safety seats with replacements ordered from the manufacturer. Also examine the padding to see if it is torn. If so, it should be replaced with new padding from the manufacturer.

Cotton market sours
Cotton prices have dropped like a bombshell in recent months, and the situation won't improve much in the near future, says a cotton marketing economist with the Texas Agriculture Extension Service, Texas A&M University System. Currently the average price of cotton is near the base 55 cent loan rate and may settle in around the 60 cent mark for the 1984 crop year. Main forces putting downward pressure on cotton prices are a big increase in global production and increasing stocks in the U.S. Increased production abroad along with the strong U.S. dollar will continue to have an adverse effect on U.S. cotton exports.

Allstate lowers insurance rates
Allstate will reduce its automobile insurance rates for many Texas customers effective October 15. The new rates will save Allstate customers in Texas an estimated \$11.5 million annually. The reduced rate will affect present and future Allstate customers in Texas who insure two or more vehicles and meet other qualifying standards. Premium decreases for individual policyholders may be as high as 11 percent. Customers who qualify will receive a rate from Allstate which is 20 percent below the rate approved by the Texas State Board of Insurance. According to Bryant Moore, Allstate's regional vice president in Dallas, "these reduced rates will make our prices even more competitive in Texas. Texas is a tremendous growth state, and we intend to grow right along with it."

Sales tax receipts increase slightly

State Comptroller Bob Bullock recently sent checks totaling \$58.2 million in local tax payments to the 990 cities that levy the one-percent local sales tax. Winters' check was for \$5,823.20.

Ballinger received \$9,428.07, and Miles received \$807.64. The checks for all three were more than they received at this time last year.

Tax receipts for the year are running 0.66 per cent ahead in Winters, 8.25 per cent ahead in Ballinger, and 31.26 per cent behind in Miles.

Thus far in 1984, Winters has received \$97,052.17 from the local sales tax.

Also receiving more this month than October last year were Brownwood, Abilene, Early, Coleman, Tuscola, Bronte, Robert Lee, and San Angelo. All of those cities are also up for the year except Buffalo Gap, which is slightly down.

October checks represent taxes collected on sales made in August and reported to the Comptroller by September 20.

Bullock stated, "So far this year, these payments are running better than 16 per cent ahead of last year, and most Texas cities can expect even bigger checks for the rest of 1984."

The Comptroller explained that next month's checks will reflect payments from sales tax permit holders who report quarterly and the December checks will reflect the first increases from new goods and services taxed for the first time beginning October 2.

Combining all the checks sent to cities this year produces a sum of \$664,996,840.47. Last year at this time, the total was \$571,320,994.35.

Texas industrial production gains

According to statistics released by the Federal Reserve Bank of Dallas, industrial production in Texas has increased in the last year. Between July 1983 and July 1984, several changes took place:

- Overall manufacturing output increased 6.7 per cent.
- Durable goods increased 8.6 per cent.
- Nondurable goods increased 5.0 per cent.
- Mining increased 0.3 per cent.
- Utilities increased 7.0 per cent.

On October 3, 1789, President George Washington proclaimed November 26 as a day of general thanksgiving for the adoption of the Constitution.

The Nose Knows.

An aromatic chemical is added to natural gas to give it a distinct odor. One that's easy to detect. It's this distinct odor and knowing what to do when you detect it that keeps gas safe.

If you're outdoors and smell gas, you should call your local Lone Star Gas office.

If you're indoors and detect faint whiffs, check to see if a pilot light has gone out or a burner valve has been left partially open. These are corrective steps you can take yourself.

If your equipment is working properly and you still smell gas, please follow these precautions:

1. Don't switch anything electrical on or off. Don't strike a match or do anything that could cause a spark.
2. Have everyone leave immediately, leaving door open to help ventilate.
3. Go to a nearby phone and call Lone Star.

Help us keep natural gas one of the safest energies available. Use your nose. Then use your head... and follow the proper precautions.

(Just a reminder: Before you do any digging, call your local Lone Star Gas office so they can inform you on pipe locations.)

"It's Good To Be Here"

Blackwell

by Savannah Thompson

Blackwell residents were awakened Tuesday morning by a brilliant display of lightning about 6 a.m., and then by 7 a.m. a thunderstorm arrived and rain began falling. It rained pretty good about an hour at which time we received an inch of rain here in town, but others reported some more, and some less.

Several Old Timers say "The drought isn't broken," but ranchers have reported getting some much-needed water in their stock tanks from the runoff this time from the wet ground, as it didn't soak up so much this time. Farmers are admiring their little grain that is coming up, which they had dry-planted, and some are planting their land which they did not get planted as it got too dry.

The pastures are greening up, where they do have some wild rye coming up, and yards are greening up some. Many hope the grass in their yards will come back, as so much looked like it had all died out, but hope it does come out and they can mow again before Old Jack Frost makes his appearance.

Wednesday morning arrived with a very thick fog and lots cooler temperatures, but the fog lifted by mid-morning and it soon warmed up. No more rain for Wednesday.

Mrs. Genia Henderson from Hermleigh and her son Harrel Dean Henderson of Houston visited with her sister, Savannah Thompson, from Friday through Tuesday.

Harrel Dean came in his 1950 model Ford convertible and rode in the homecoming parade Saturday afternoon; then they visited at the Blackwell School with the rest of the homecoming visitors. They also attended the football game.

On Sunday morning they went to the Bronte Community Center for the Fort Chadborne and Hayrick Reunion. This visit was Harrel Dean's first time to attend the reunion. Monday night he attended the First Baptist Church with his mother's brother, Grady Patterson, and her sister, Savannah Thompson, for services. This was the first time he had visited with Mrs. Thompson in 35 years, and he really enjoyed his visit. He returned to Houston on Tuesday.

Another guest in the Thompson home was Oscar Henderson of Monument, New Mexico, but he was unable to stay for the Blackwell Homecoming.

Mrs. Thelma Smith came home last Saturday from the Bronte Nursing Home where she had been a patient for the last month. She is reported to be slowly improving from the car wreck and is so glad to be home. At this time she is staying alone.

Mrs. Lillian Ragland had for her visitors over the weekend her daughter Sharron Scott and her son Kyle Lynn from Hobbs, New Mexico. Mrs. Scott is moving to Blackwell this month, and her son will be attending Blackwell School.

Mrs. Pat Lewis returned home from Fort Stockton this week. She went out to visit her son Jimmy Petty and his wife Karen and their new baby Delton Mathew. She reported that the mother and baby are doing fine.

Mr. and Mrs. Cecil Crain had as their visitors over the weekend Jay and Sue White and son Cheyenne, Mr. and Mrs. Ralph Holloway with Justin and Jason from San Angelo, Jean and Wiley Moore, Pat and Mindy Reynolds from Nolan, and Richard and Rick Crain from Robert Lee.

Maud White of Midland visited over the homecoming weekend with Mr. and Mrs. Ernest Ware and other friends.

Mr. and Mrs. LeRoy Chew had as their visitors for the Blackwell Homecoming weekend three of their children and their families, their daughter and children Mrs. Frank (Helen) Hargraves with Carla Denise, and David Calvert; Elizabeth Ann and Connie Rhea from Bronte, their sons and families Mr. and Mrs. Elvis Chew from Abilene and Mr. and Mrs.

Johnny Chew and son Jody from Hawley.

Women's Missionary Union
The Women's Missionary Union of the Blackwell First Baptist Church met Thursday afternoon at 2:00 in the home of Mrs. Thelma Smith with six ladies attending.

As they did not have a program for that day, Margaret Corley read the Scripture and Calendar of Prayer. The prayer for the missionaries was voiced by Lanelle Montgomery, who also led the dismissal prayer.

Then the ladies visited with Mrs. Smith, as she just came home last Saturday from the Bronte Nursing Home where she had been for the last month.

The ladies all reported her to be slowly improving, but she won't be able to go too much for a few more weeks.

Blackwell Omega Coterie

The Blackwell Omega Coterie met Wednesday, October 10 in the home of Mrs. Marie Wheat. President Ollie Crain presided. Secretary Emma Lee Lanier read the minutes of the last meeting, 21 members and one visitor were present. They all worked on covering juice cans with red and green yarn for card holders for the Bronte Nursing Home for Christmas gifts. Margaret Stout and Billie Murray will choose a committee of eight ladies to make the club quilt.

A bake sale will be held in November on Election Day. Opal Jeffcoat, Luvine Akins, Lillie Walters and Ruby Patterson will bake cupcakes for Thanksgiving treats for the nursing home residents.

Refreshments of pumpkin pie and coffee were served to Opal Jeffcoat, Emma Lanier, Rhoda McCarley, Ruby Patterson, Marg Romine, Bert Smith, Margaret Stout, Noba Ware, Shirley Walston, Lillie Walters, Jane Wheat, Ollie Crain, Marie Wheat, Billie Murray, Pearl

Local Country Club slates work days

Members of the Winters Country Club are urged to attend work days set for this Saturday and Sunday. Help is needed on the new house so that it can be completed soon. Members should bring their hammers.

The golf course is closed for the next two weeks due to the greens being reseeded with Winters grass.

A spokesman stated, "We will see you Saturday and Sunday — there's never too many — lots of work for everyone."

Mrs. Bains leaves bequest to H-SU

A bequest to Hardin-Simmons University from the estate of Mrs. Merle Ansley Bains of Winters for more than \$56,000 will be used for a student aid fund, Richard M. Styles, vice president for advancement, has announced.

The funds will be used to establish the "Monroe E. and Merle Ansley Bains Endowed Student Aid Fund," in memory of the Runnels County couple.

Dr. Leslie R. Ansley of Lubbock, a physician and nephew of the late Mrs. Bains, who is serving as executor of her estate, delivered the check to H-SU recently. In brief ceremonies, the Lubbock physician presented a check for \$56,104.47 to Styles and Dr. Elwin L. Skiles, H-SU President Emeritus, for use in assisting the students.

Styles said that interest earned annually from the endowed funds will be awarded to deserving students.

"We're very appreciative of the gift from the late Mrs. Bains," said Styles. "For years to come, students will benefit from the fund."

Gerhart named to College Who's Who

Toby Cullen Gerhart of Winters has been named one of 33 students from McMurry College in Abilene selected for the 1985 edition of *Who's Who Among Students in American Universities and Colleges*.

Campus nominating committees and editors of the annual directory have included the names of these students based on their academic achievement, service to the community, leadership in extracurricular activities and potential success. They join an elite group of students from more than 1,500 institutions of higher learning in all 50 states, the District of Columbia, and several foreign countries.

Toby is the son of Mr. and Mrs. Milton Gerhart and is a senior at McMurry College.

Eighth graders shut out Ranger

The Winters Eighth Grade football team roused the Ranger eighth graders in Ranger last Thursday night, 34-0.

Two touchdowns for Winters were scored by Michael Ysa, two by Rene Cortez, and one by Tommy Selby.

One of the best offensive plays for the Breezes, according to Coach Mack Lingo, was the lead play with Ricky Smith leading. Winters blocked one punt during the game.

The coach commented that Michael Ysa ran well during the game, and that Chris Rives looked good at quarterback.

The team will play here Thursday night at approximately 6 p.m.

Winters 7th grade team whips Ranger

Playing in a steady rain last Thursday night in Ranger, the Winters Seventh Grade football team pounded their way to a 28-8 victory.

Winters scored a touchdown in each quarter. Ranger scored in the last quarter.

Jimmy Ripley scored first for Winters on a quarterback sneak set up by a 35 yard pass from Don Patton to Brady Cowan. The attempt at points after the touchdown failed.

Next, Eloy Rodriguez ran from 45 yards out for the second score. Ripley passed to Cowan for the two points.

Don Patton swept right end behind excellent blocking, galloping 88 yards for the third score. The PAT attempt failed.

Patton received a punt and ran for 45 yards to score the final TD. The extra points came from a pass from Ripley to Gilbert Jimenez.

Winters Coach Tom Selby praised the efforts of Don Patton who had a good night running the ball and passing, and quarterback Ripley and center Kenyon Black, who did an excellent job controlling the snap during the rain.

Patton accounted for more than 170 yards combined rushing, Selby stated.

Selby said that the Winters defensive unit had one of their better hitting nights, and that the secondary, led by Eloy Rodriguez, intercepted a pass and stopped Ranger's sweeps.

"Gibo Lujano and Jerry DeLaCruz completely shut down the inside attack the Bulldogs were trying to use," the coach commented.

He cited as outstanding player of the week Lajinos Rangel who did a good job defensively and especially on special teams. "On a kick-off return, Rangel made one of the best runs I have ever seen," Selby stated. "Rangel actually broke eight tackles and finally four defenders brought him down after a return of 35 yards. On Patton's 45 yard punt return, Rangel completely wiped out a defender, which in turn allowed Patton to score."

The team's games are now being filmed, and Selby said he will show them to the parents on a designated evening if enough interest is shown.

Winters' seventh grade team is presently undefeated and sporting a 3-0-1 record. This week they take on Cisco, also undefeated with a 3-0 record. This game will be the team's first at home, and the coach and players are hoping for a large home crowd to help give them a home field advantage. The game begins at 5 p.m.

Selby noted that the 30 to 40 fans who traveled to Ranger made as much noise as the home crowd and helped the Winters teams come home with two victories and a tie.

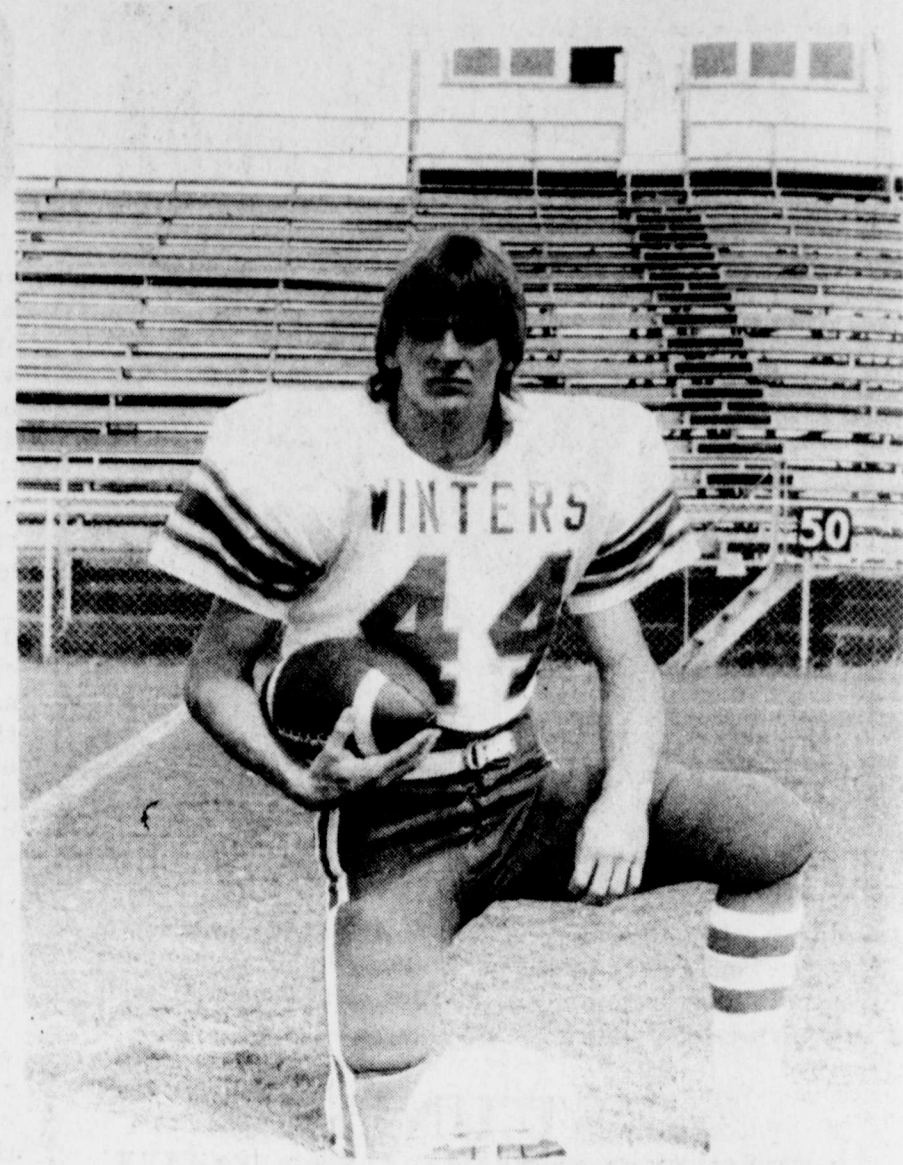

"All the parental and fan support pays off; so please come out and watch the brand of football these youngsters play. You will definitely see some future Winters Blizzards in the making," Selby concluded.

"The heavens declare the glory of God; and the firmament showeth his handiwork." Psalm 19:1

JV ties Ranger, 8-8

The Winters Junior Varsity fought Ranger to an 8-8 tie at Ranger last Thursday, October 11. Both teams were scoreless until the fourth quarter. Ranger scored first, but Winters came back with a Doug Wheat pass to Todd Grantham for a 24 yard touchdown play. Wheat then threw to Chuck Patterson for the two extra points.

Coach Jimmy Randolph listed as good plays a 28 yard pass from Wheat to Patterson, a first down on the fourth quarter touchdown drive, and several good defensive plays by Randy Watson from his safety spot.

Randolph also stated, "Scott Pinkerton had a good night at left back. Robert Vera and Chuck Patterson had good nights rushing. Doug Wheat threw the ball well and showed excellent leadership down the stretch. Todd Grantham and Wayne Poehls both had good games at receiver."

"We played well down the stretch when we had to. All in all the kids played extremely hard and I'm very proud of that," he concluded.

PSAT scheduled for October 23

More than 1.4 million students are expected to take the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) this fall in over 19,000 high schools across the nation. The local 11th grade students who choose to take the test will do so on October 23 at Winters High School, according to Mrs. Lee Harrison, school counselor.

The PSAT/NMSQT will be offered nationally this year on Saturday, October 20 and Tuesday, October 23. Since 1959, nearly 30 million students have taken the test, which measures verbal and mathematical abilities.

"Students take the PSAT/NMSQT for several reasons," said the local guidance official. "The PSAT/NMSQT is the qualifying exam for students wishing to participate in competitions of the National Merit Scholarship Corporation. Students also want to find out how they rank among their peers taking the test in other parts of the country."

The test also provides an opportunity to become familiar with types of questions similar to those on the Scholastic Aptitude Test, which many college-bound students take. In addition, the test is the first step in qualifying for the National

Budgets make good sense

It's very difficult to tell any family how much they should spend on food, clothing, shelter, transportation and other items, because all families are different, says family finance expert Nancy L. Granovsky. But financial counselors at some of the non-profit consumer credit counseling services have developed a simple, easy to understand system called the 25 percent budget, says Granovsky, a home economist with the Texas A&M University Agricultural Extension Service. To make this budget work, you divide your monthly take home pay into four equal parts. Assign 25 percent for housing, 25 percent for food, 25 percent for monthly loan payments and 25 percent for everything else, she explains. While using the 25 percent budget guideline may not be helpful to every family, it does provide a benchmark, especially for those who are not budgeting at all and may be experiencing some financial difficulty, says the home economist.

He joined the United States Army Air Corps in 1940 and was honorably discharged in 1942 due to ill health. He worked in aircraft factories during the remainder of World War II. After the war, he worked for the Engineering Service as a Surveyor, retiring in 1969.

He married Elsie Steiner on February 24, 1945 in Los Angeles, California.

Survivors include his wife, three sisters; Ruth Morgan of Ballinger, Mrs. Faye Cooper of Ft. Worth and Mrs. Lonnie Cooper of Odessa. Also surviving are one niece, two nephews, one great niece, two great nephews and several half nieces and nephews.

County campaign organizer named

According to a news release from the Mondale/Ferraro Committee, Inc. the Mondale/Ferraro campaign in Texas is based on a neighbor-to-neighbor, grass-roots effort. "The key to success is our community involvement. The state Mondale/Ferraro headquarters is proud to announce the County Coordinator for your area is Ted Butler."

"The coordinator is in charge of the Mondale/Ferraro organization in your area. This job includes voter registration, persuading voters to support the Democratic ticket, providing campaign materials, setting up phone banks and getting Mondale/Ferraro supporters to the polls on election day."

Kratz completes specialist course

Hispanic Scholar Awards Program conducted by the College Board under a \$2.1 million grant from the Andrew W. Mellon Foundation.

Before taking the PSAT-NMSQT, students receive a *Student Bulletin* containing a complete practice test with an answer key and scoring instructions. After the test, they receive a booklet, *About Your PSAT/NMSQT Scores*, that helps them to interpret their test results and plan for college.

Particularly helpful to students is the latter publication, which includes the correct answers and their own responses and scores. They also receive their own test booklets so they can review the actual questions, see the ones they got wrong, and try to figure out the correct answers and why they may have missed them.

Resa Porter, a senior at Winters High School, has been chosen as a National Merit Semi-Finalist due to the PSAT/NMSQT taken last year with the junior class.

Nursing Home News

By Margie Clough
Activity Director

Everyone is looking forward to the end of October and the Halloween party. Our party will be held on the 31st at 8 p.m. The residents are looking forward to passing out treats to all the trick-or-treaters that come by. The public is invited to come by and get a treat that evening.

Our birthday party for October will be held on Tuesday, October 23rd at 3 p.m. Anyone interested in attending the party is invited to do so.

Also, Joe and Melba Emmert will be here at 7 p.m. on October 26th to entertain with songs and organ music. We are always glad to have them come and play for us.

We would like to thank the homemaking classes of Winters High School for the homemade cookies they brought to us. We all enjoyed visiting with you. We hope you will all come back and visit with us again soon.

Roxie Miller won our bingo banner this last week. Congratulations, Roxie.

Roxie is also our birthday

resident this month. We all wish her a happy birthday.

Senior Citizen Nursing Home is in need of volunteers for many different things. Anyone interested should please call 754-4566 and ask for Margie Clough, the Activity Director. Thank you.

There is one mile of railroad track in Belgium for every one and a half square miles of land.

We have had several good showers since I have written the news. Everything is green and pretty again, but west of Talpa through Ballinger has had very little rain. We do hope that they can soon get their share..

Last Sunday afternoon Marcus and Betty Gilstrap, and Rhonda and Regina Ringled of San Angelo visited Kirk Williams.

Grady and Nona Fletcher, Anna Lee Ray, Horace and I went to the Heart of Texas Baptist Encampment at Lake Brownwood for a fish supper and program on Saturday night, October 6.

Christine Williams, Horace and I went to the Carey reunion in Tuscola on Sunday, October 7.

Bill and Karen Hicks went to Buffalo Gap Saturday to Bill's 20 year high school reunion. They had a good time. Some of his classmates were there that he hadn't seen for 20 years.

Travis Masters, High School Principal, attended the Secondary Principal's Convention in Ft. Worth last Sunday, Monday and Tuesday. The meeting had numerous good sessions with excellent speakers.

On Friday of last week Bertie Stone went to Dallas to visit her granddaughters John and Diane Scovall and Bill and Gail Ingvall. She stayed a week. Bill and Gail Ingvall brought her home on Friday of this week and stayed through the weekend.

Bud and Dorsie Watson and Montie of Midland spent the weekend with Bertie Stone.

Mr. and Mrs. Kile Brookshier of Van Horn spent Saturday night with Gordon and Louise Brookshier.

Patricia Jones spent several days last week with her grandson, Jason Calder, who had pneumonia in the Coleman hospital.

Saturday night at Paint Rock. Travis and Sarah Masters and Emily went to Waco to visit Mr. and Mrs. T.N. Masters Friday and Saturday.

Melissa Hunsaker, daughter of Mr. and Mrs. Travis Masters is doing her student teaching in Ballinger.

Loweta Pope, Billie Mayfield, Joyce and Dorothy Mayfield Ratliff went with a group of 22 on a tour of New York last week. They were gone five days. They saw the Empire State Building and took a riverboat tour around New York which covered most of the five boroughs; Harlem, Queens, Manhattan Island and Brooklyn. They ate at several famous restaurants like Window of the World, 107 stories high in the World Trade Center. They rode a subway, a horse-drawn carriage and saw two Broadway plays. These former Talpa girls reported a wonderful time.

Mrs. Johnie Thompson was in the Saint John's Hospital last week for knee surgery. She is recovering nicely.

Jackie Shifflett, Charles, B.D. and James Rainey of Sweetwater came on Friday night and spent the weekend with the Everett Evans' to hunt and visit with them.

Mrs. Earl (Jewel) Davis, 90, of Abilene, died at 6:05 a.m. on Saturday at Abilene. Services were at 4:00 p.m. on Sunday at Walker Funeral Home in Coleman with burial in Talpa Cemetery. Survivors include her husband; a daughter, Joyce Seals of Abilene; a son, David Earl Davis of Abilene; one grandson, Bill Seals of Abilene; two brothers, Oliver West of Ozona and Tom West of Coleman; two sisters, Johnie Thompson of Talpa and Maude Jones of Midland.

Leonia Poe, Edith Toombs and Loy Whitley of Coleman visited Jo McWilliams Saturday afternoon.

Alta Hale, Lemma Fuller and

I visited Helen Brevard on Friday afternoon.

Don and Ralphene Davis went to Giddings Saturday to a roping contest. It was his first experience roping in the rain.

The children of Don and Ralphene Davis gave them a 30th wedding anniversary party in San Angelo on September 29.

The Don Davis' attended a year old birthday party for their granddaughter, Kandra Moser, on September 23 in her parents, Butch and Elissa Moser's home in San Angelo.

Horace and I visited Beuford and Winona Goode a few minutes on Thursday.

Mr. and Mrs. Benton Cassady are proud to announce the arrival of a new grandson. The baby was born on Saturday, October 6 in Del Rio to Felicia and Wayne LaCosse. Zachary Ferrell weighed 8 pounds, 14 ounces. On Tuesday, Felicia and the baby were air evacuated to San Antonio, Lackland Air Force Hospital where the baby had surgery on Thursday morning. Felicia and Zachary are both doing fine now. Other grandparents are Mr. and Mrs. Richard LaCosse of Del Rio. Benton Cassaday was in San Antonio Wednesday and Thursday and Pat was with Felicia until Saturday, then returned home.

Zane Cassaday won first place in the thirteen and under skeet shoot held Sunday at the Coleman Country Club. This was the delayed shoot from the Fiesta de la Paloma.

Warren and Mary Ella McCarron and Mike of Sonora visited the George Rae's on Saturday afternoon. They were picking up their deer blinds. Mary Ella is able to teach for a half day now, following her back surgery.

Fire Prevention Week at Winters Elementary School

Flag Corps

The Winters Flag Corps performs to spirited music by the Blizzard Band during last Friday's pep rally in the high school gym. Winters defeated Ranger 21-20 last week.

Scout Camporees this weekend

Yes, it is fall camporee time for both the Northern and Southern Districts of the Chisholm Trail Council. It is time for scouts to put aside their school books and get out the bedroll, cooking gear, and back pack. Fall camporees are exciting times for the Scouts of the Chisholm Trail Council. The date is October 19, 20, 21. This year the Southern

District (Taylor, Callahan, Shackelford, Coleman, and Runnels Counties) will camp at Hords Creek Lake, west of Coleman. At the same time, the Northern District will camp northeast of Haskell on the Hester Ranch. The development of scouting skills, fun games, campfires, camping, and cooking their own meals are features of a camporee. Over 500 scouts and their leaders are expected to attend the two events.

Winners of Bike-A-Thon announced

Brandon Sellers, a Winters Junior High seventh grader, won the grand prize, a television donated by Winn's, following the recent Cystic Fibrosis Bike-A-Thon. Brandon rode 24 miles and collected \$215.48. He is the son of Mr. and Mrs. Troy Sellers.

Brandon Sellers

Second place went to T.J. Meyer, a kindergarten student, the son of Mr. and Mrs. Tim Meyer. T.J. turned in \$135 and rode six miles. He won a radio with headphones, donated by Western Auto.

Fourth place went to Lance Brown, grade five, the son of Mr. and Mrs. Charlie Brown. He collected \$122 and won a travel clock donated by Winters State Bank.

A total of 19 riders rode in the Bike-A-Thon for a total of 266 miles. Other riders were Chuck Patterson, Jessica Epperson, Jeremy Epperson, Luke White, Mindi Wade, Jace Wade, Kevin Briley, Mandy Briley, Kathy Bowden, Carla Smith, Carrie Smith, Rene Cortez, Heather Brown, Raul Rodriguez, and Justin Hooper.

Other groups assisting with the drive included: Pool Well Service, cups and ice; Piggly Wiggly, Triple J, and Sonny's West Dale Grocery, drinks.

Workers included Mrs. James Bomar, Mrs. Tim Meyer, Mrs. Kay Brown, Mrs. Rhunelle Poe, and Mrs. Ellen Meyer. Mrs. Lee Harrison headed the drive for Winters.

The event benefited the Cystic Fibrosis Foundation, which endeavors to find the cause and cure of this disease which is the number one genetic killer in America. It is caused by a gene that is present, undetected and symptomless, in one of 20

persons.

The disease becomes progressively worse, attacking the lungs and digestive system by producing an abnormal accumulation of mucus that interferes with breathing and absorption of food.

Cystic fibrosis causes the body to produce an abnormal

amount of sweat, which can sometimes be tasted by parents when kissing their child.

Republicans meet

Attending the Republican State Convention, held in Corpus Christi September 21 and 22, were Runnels County delegates Billie and Ray Alderman and Geoffrey Connor.

Billie and Geoffrey are pictured (above) with U.S. Senator John Tower. They were attending a special meeting held for the small rural counties of 10,000

or less population.

Senator Tower, who is retiring from politics, acted as moderator of the special meeting and showed an interest in the problems of rural areas.

Among the resolutions passed by the convention was one that ratified the party platform, adopted by the National Convention in Dallas in July.

New home

Ballinger Police Chief Paul Boggess sits at the dispatcher's console following the move of the communications center from the police department to quarters made available when city offices moved to the new ci-

ty hall. Boggess said the move will allow the communications of officers to work independently from the officers at work in the police department.

A new gadget

Employees in the Winters City Hall look over the city's new computer system. The new computer was installed last week and will enable the city to process its utility billing, accounts receivables, ac-

counts payable, payroll more efficiently. City Secretary Lamoine Moore and Donna Donica look on while Tax Collector Shelia Paschal is at the keyboard.

WISD —

shall attend two tutorial sessions after making a grade below 70 on a test. The first session will be to study the material again, and the second will be to take the test again. If they will not come to the tutorials, they will keep the failing grade.

Tutorial sessions were ordered by the Texas Legislature in their reform of education in the summer session. Teachers were also instructed to re-teach material to students who do not master it, with mastery being demonstrated by scoring 70 or above on a test.

The new promotion policy for grades kindergarten through six reads as follows:

Kindergarten

A student may be retained in kindergarten if the student does not show progress necessary for first grade curriculum.

First-Second-Third Grades

For these curriculum areas:

1. Reading
2. Language Arts (English, spelling, writing)
3. Math
4. Science and Social Studies, the student must have an average for the year of 70, and pass three out of four of these areas.

Fourth-Fifth-Sixth Grades

For these curriculum areas:

1. Reading
2. Language Arts (English, spelling, writing)
3. Math
4. Science and Health
5. Social Studies, the student must have an average of 70 for the year and pass four out of five of these curriculum areas.

The new grades and grading policy for the junior and senior high school is as follows:

The Winters Independent School District awards credit for a two semester course or full year course on the basis of grades earned each semester. Together, the semester grades must average at least 70 for credit to be awarded or for consideration for promotion.

For a one semester course and 1/2 credit, the semester grade will be the final grade and must average at least 70 for credit to

be awarded. A student may actually pass a course, but may not be awarded credit for the course if he has excessive absences.

Excessive absences are more than five unexcused absences per semester; 10 excused absences per year excluding doctor permits; and 10 extra-curricular absences per year.

Daily Averages

The method used in determining the daily average is left to the discretion of each individual teacher. The method used must be explained to each class. Generally, the average would be made of daily work, class or individual projects, record keeping, daily or weekly tests, notebooks, etc.

Six Weeks Tests

Six weeks tests must be given. They should be made up of the same type of questions from weekly or bi-weekly tests.

Six Weeks Grade

Daily average times four, plus the six weeks test grade, divided by five.

Semester Exams

Semester exams are now required. They should be made directly from the first and second six weeks tests and from the weekly tests given during the third six weeks.

Semester Grade

Each six weeks grade averaged together, times four, plus the semester exam, divided by five.

Final Exams

No final exams, per se, will be given.

Final Grades

The final grade is determined by adding the two semester grades together and dividing by two.

The board also was informed that the school district has 33 students with limited English proficiency.

The 1984 tax roll was noted:

Local value	\$72,027,935
Oil value	78,449,720
	150,477,655
Total exemptions	8,209,555

142,268,100
Total revenue \$1,234,610.92

The board accepted the resignation of Joy Donalson, a special education teacher, and hired Tricia Dana for her position. Three kindergarten aides were also employed: Kathy

Gramm receives award, backing

Representative Phil Gramm has earned the "Guardian of Small Business" Award from the National Federation of Independent Business for his outstanding voting record on small-business issues. He has also won the endorsement of President Reagan in his race for the United States Senate.

Gramm faces Lloyd Doggett, a Democrat who has embraced the Mondale platform, which includes tax increases.

The President noted that Gramm "puts principle above politics, and he shares my view of what America can be."

Gramm co-authored President Reagan's economic recovery program in the Congress, a program which so far has created 800,000 new jobs in Texas and which has driven inflation rates to new lows.

In Congress, Gramm voted in support of positions voiced by the majority of National Federation of Independent Business members 88 per cent of the time. Thus the group, the largest small-business organization in the nation, awarded him the "Guardian of Small Business" honor.

In determining the winner of the award, the NFIB rated House members on 18 recorded votes during this session of Congress. Issues ranged from cutting the federal deficit to controlling payroll taxes to giving small firms a chance to compete for government contracts. Members of Congress who failed to vote on at least 70 per cent of the issues counted in the ratings were not eligible for the award.

The NFIB is a non-profit, non-partisan organization representing 41,163 small-business owners in Texas and more than a half-million independent businesses across the country.

"The most American thing about America is the free common school system." Adlai Stevenson

Parker, Laura Brown, and Sharon Calcote.

The men discussed the financial statement and approved its publication in the *Enterprise*. The document is reproduced inside this issue of the paper.

The school will advertise for bids for classroom computers, with bids to be opened at the December meeting.

There are good points and there are bad points to a central dispatch concept just as there are with what we have now.

Before our council makes any decision, before the commissioners court makes any decision, they should look closely at all aspects of the concept. Residents should also, and let their council members and commissioners know their feelings about the idea.

Officers said that the burglary occurred sometime around 4 a.m. and the entry to the building was gained by prying a rear door open.

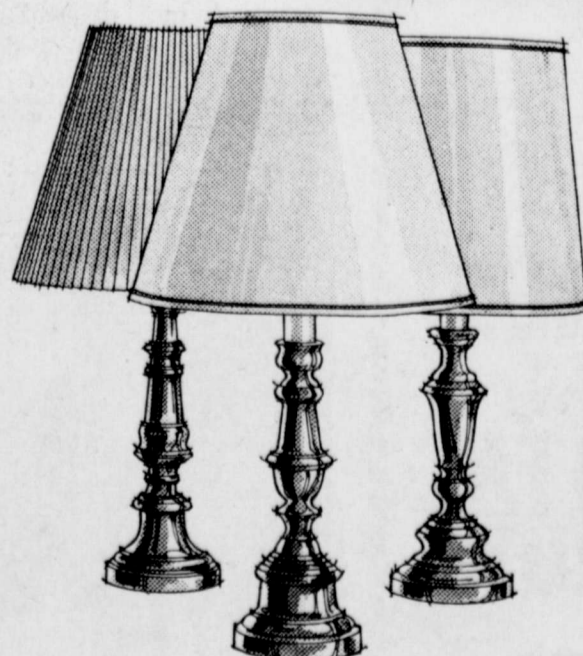

Investigators said the burglars ransacked the offices but that nothing could be determined to be missing.

Officer Richard Hawkins said that the burglars apparently walked across a muddy, freshly plowed field to get to the building. Hawkins said that, apparently, the burglars were picked up at a different location.

Sheriff's deputy Odell Denton said that he was able to obtain a number of latent prints in the offices while other officers located good foot prints for comparison.
