### BOOK CLUB TO HOLD NIGHT MEETING

The Dimmitt Book Club will have the third night meeting April 17th, at 8:30 P. M. in the District Court room. Mrs. Noel Gollehon will review "Crescent Carnival" by Frances Parkinson Keys. "Crescent Carnival" is a story of the Deep South. The setting is New Orleans, the supreme carnival city. Sparkling, insouciant, proud, gliding in the past, jealous of its prestige, disdainful of its critics, romantic to the core. We see the Garden District with its more expansive way of living, its gradual emergence from the very interesting old traditional customs. Mrs. Gollehon is an excellent reviewer. A big audience is expected.

### H. D. ASSOCIATION HODDS SPRING MEETING

Members of the Texas Home Demonstration Association in District 2 held their spring meeting in Brownfield Tuesday, April 9, in the First Baptist Church in that city. "Building the Peace" was the theme of the meeting, which was presided over by Mrs. C. W. Shafer of Lamesa, District Vice-President. One member rendered by the Floyd County Chorus, "Peace, Sweet Peace", and an address by Judge Louis B. Reed of the 106th Judicial District. On "Building the Peace" were particularly aimed at this vital subject, although all discussions during the day carried the theme. Wm. Galoran representing the "Consumption of Cotton" by Mr. National Cotton Council of America, Memphis, Tennessee, was a very informative and especially interesting talk because so many people in the district raise cotton. The afternoon session was given over to panel discussions on the Texas Home Demonstration Association's Program of Work, namely, 4-H Club work, Marketing, Legislation, Education, and Recreation. Mrs. L. J. Counselman of Rance, Chairman of the Castro County Home Demonstration Council, appeared on the Legislation Panel where Cooperative Hospitals were ably discussed. Two board members of the State Association, other than Mrs. Shafer, were present and gave reports to the district. They were Mrs. C. A. Caffee of Doughty, State Secretary, and Mrs. O. R. Copeland of Lubbock, Chairman of the Education Committee of the T. H. D. A. Miss Patsy Priest of Brady, 1945 winner of the Maggie W. Barry Scholarship presented by the T. H. D. A. was present and told of some of her work. Patsy is now attending Texas Tech. Each member at the meeting took a personal delight in this very charming young person who is attending college because of the 10 cents education fund that they and other club members over the state had contributed. Business included the endorsement of a vice-president for District 2. Mrs. B. M. Harris of Hale County was endorsed for this position. Voting delegates from Castro County were Mrs. Ray Riley of Sunnyside, Mrs. Claude Hutcherson of Hart, and Mrs. Marvin Sanders of Southedge. SENIORS ENTERTAINED  
After the Senior Play Friday night, Mr. and Mrs. Sam Hunter and Mr. and Mrs. Jim Elder entertained the Seniors in the Home Economics room. They served sandwiches, chicken salad, strawberry shortcake, and iced tea.

Those present were Mr. and Mrs. Blaine, Mr. and Mrs. Morgan, Mrs. Bob McLean, Mr. Sealie, Mr. and Mrs. Howe, Clydene English, Thomas Harrison, Betty Hastings, Charles Howell, Carolyn Rawlings, Carolyn Taylor, Albert Sinclair, Phyllis Simon, Billie Jean Woolsey, Ruby Warren, and Norma Thompson, and the hosts, Jim and Sam.

Play Skits Given  
Thursday, April 4, the seniors presented skits of their play, "A Little Honey", which was given April 5. Mrs. Howe told about the characters and where the action of the play was to take place.

One of the best grasses for the pasture farm lawn is the Buffalo or curly mesquite, also a good one is bermuda grass because they take less water and mowing than others.

Another well known phrase, "Goodnight!" This saying undoubtedly means that the person who received the expression is to have a good night. The word "Goodnight" is used as much as any. Really "shoot" means just what it says "shoot", but the way it is used in every day language is quite like a word of doubt. For example "I shoot, I don't believe it."

You Don't Say  
Do you have a favorite saying that you speak up with, when you are suddenly inspired or one emotional effect comes over you? Well maybe you have or haven't one, but here are some that are heard every day around school and also the supposed definition.

Starting, "Oh Corn Wallis," now according to Webster and I quote: "His real name is Charles Marquie (1738-1805). An English general who surrendered to Washington, 1781." (Unquote).

Another well known phrase, "Goodnight!" This saying undoubtedly means that the person who received the expression is to have a good night. The word "Goodnight" is used as much as any. # Care Of Tractors Stressed By Implement Dealer

It will take several years for farmers to obtain all of the new machinery needed for replacement and expansion, states Mr. Clarence Bearden, manager of the Bearden Tractor Company, Ferguson System dealer here, in sounding a warning on care of the tractor and implements with a view toward longer wear.

He pointed out that all manufacturers are rushing tractors and various types of equipment to dealers everywhere as production increases, but that the serviceability of machinery now in use can be maintained by the following helpful suggestions:

Give the engine time to warm up before racing the car in cold weather.

Keep the battery clean, the terminals greased, the cells filled with clean distilled water. The charge in the battery should be maintained by running the engine or taking it to a service station for recharging when the tractor is

not in use for sometime. Never store the battery on a concrete floor or in a damp place.

Bearden suggests that a hot engine be allowed to cool gradually before filling with cold water. In freezing weather, let the engine cool off a bit before draining the water.

Slow starting in cold weather may be caused by too heavy crankcase oil, frozen water pump, water in the fuel system, moisture in the distributor, or dirty spark plugs.

The following steps are advised for tractor storage: store tractor in shed or some other sheltered place; drain entire fuel system; remove the battery for proper storage, and relieve the tires by elevating the tractor on blocks.

A coat of paint not only improves the looks and serviceability of the tractor, but the machine will work better and last longer.
