Wait a minute...

By Kerry Craig

Whoever set up the schedule for this weekend sorta fouled up.

This Sunday is Easter Sunday and the day before, Saturday, is election day.

Many folks may be planning to be elsewhere for the Easter Weekend and this could result in a light voter turnout.

Now you are expecting me to try to lay the blame on the government for the holiday. Well, this time the holiday is where it is supposed to be. The date for the election—guess what?

There are a number of important races in the elections Saturday. There are contested races for city council positions in both Ballinger and Winters. The same is true for school boards.

Voter apathy, the let George do it syndrome, has generally prevailed in these elections over the past several years. This has resulted in a light voter turnout.

Folks who did not vote seem to be the first ones to express their discontent with the performance of the newly elected officials, whether they are incumbents or new office holders.

If you plan to be somewhere else for the weekend, plan on voting before you leave.

The people we elect will be responsible for any number of things. Educating our children, maintaining the quality of service and improving services rendered by our cities and governing our hospital district.

They are also the ones who set tax rates, levy taxes, and control how the tax dollars are spent.

Any election is important, no matter how small, or how trivial, the entity involved. Our responsibility is to vote in these elections.

If you don't vote, don't gripe. See you at the polls.

Jim Jordan

Jordan is school board candidate

Jim Jordan is a candidate for election to the Winters Independent School District Board of Trustees, Place Six.

Jordan has been a resident of the Winters area since 1970. He is an honor graduate of Tarleton State University where he received a Bachelor of Science degree in mathematics with Texas Teacher Certification in math and biology.

Jordan served the Winters Independent School District for eight years as a high school math teacher. He was an accountant for Dry Manufacturing for nearly two years. Presently, he is with the Winters State Bank where he has served as an officer for the last five years.

Jordan and his wife Jan reside at 1001 Novice Road. They have two children, Jason, a first grader, and Jeffrey, two and one-half years old. Jordan is a member and a deacon of the North Main Street Church of Christ.

Jordan states, "I want to help our school system maintain the highest quality education program possible. I feel that I have the experience and education necessary to understand the problems facing our educational system today along with the judgement to make the decisions which will be most beneficial in educating our youth without over-burdening the taxpayer."

Who turned out the lights?

West Texas Utility officials say that approximately 145 residents in the Wingate area were without electric power for several hours early Sunday morning after a car smashed into a utility pole supporting a major feed line to Wingate.

The incident occurred about 2:50 a.m. Sunday

when this vehicle, driven by Filiberto Reyes of Wingate, collided with the pole.

WTU manager Gary Moore said the pole carried the 12,000 volt, three-phase, main feeder line to Wingate. He said that damages to the utility pole and line could be as much as \$1,500 to \$1,800.

Winters man hospitalized after fight

A Winters man remained in Hendrick Medical Center Hospital in Abilene following a fight that occurred near Tuscola either late Thursday night or early Friday morning.

Oscar Hubach, 28, was rushed to the Hendrick Trauma Center by North Runnels Emergency Service ambulance about 1:30 a.m. Friday after Runnels County Sheriff Bill Baird called for the emergency medical service.

According to police reports, local officers were called to North Runnels Hospital to investigate the fight-related incident.

Officer Richard Hawkins, after determining that the fight did not occur in the City of Winters, notified the sheriff's department about the incident.

In his report, officer Hawkins said that the injured man told him that he got into a fight in Ballinger. Two companions of

the injured man, a few minutes later, told Hawkins that Hubach was injured in a fight at a convenience store in Tuscola.

It was later learned that Hubach was assaulted along U.S. 83, about two miles north of Tuscola.

In the Winters Police Department offense report made by officer Richard Hawkins and obtained by *The Enterprise* under provisions of the Texas Open

Records Act, it stated that nurses at North Runnels Hospital told Officer Hawkins that Dr. W.J. Lee has been called two times and had two times refused to go to the hospital to treat the patient.

The report quoted the nurse (See **Fight** page 12)

Tom Roach

Roach is candidate for School Board

Tom Roach, a former Winters coach and teacher, is a candidate for the Board of Trustees of the Winters Independent School District, Place Seven. The election will be held this Saturday.

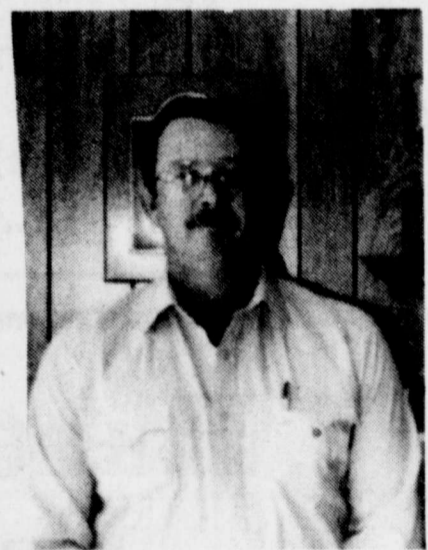

Roach, who coached in the local district for five years, received his bachelor of science degree in health and physical education from Atlantic Christian College in Wilson, North Carolina. He earned his life-earned science teaching credentials from Angelo State University. He is now self-employed in the construction business.

He is married to the former Patsy Teten of Abilene. The couple has two children, Tommy, age seven, and Melinda, age two.

Roach is interested in running for the school board because he has a son in the school, and because he feels that the children in the Winters schools need someone on the board who will look out for their best interests. "Having been a teacher in the district for five years, I am well aware of school district policies and problems," he stated.

"I have a real concern for WISD and would welcome input from students, teachers, and parents," he continued.

"I would welcome the challenge to work for the welfare of our children and will greatly appreciate your vote on April 6," he said.

Ronald Presley

Presley is school board candidate

Ronald Presley is a candidate for election to the Winters Independent School District Board of Trustees, Place Six. The election is set for Saturday, April 6, at the Chamber of Commerce Office on West Dale Street.

Presley, who lives four miles southeast of Winters, is a stockman and wholesale fuel distributor. He is married to the former Mary Lynn Pritchard. They have two children, Alisa, a second grader in Winters Elementary, and Jana, age three.

"I was born and raised near Winters, graduating from Winters High School," Presley stated. "I feel with one child in school, along with being a tax payer in the community, I would like to serve on the board in order to see that our tax dollars are spent for the utmost benefit of our children's education."

Cattle returned after Crimestoppers feature

Ballinger Police Chief Paul Boggess, law enforcement coordinator for Runnels County Crimestoppers, said that 15 head of cross-bred heifer calves were "mysteriously returned" after the information about the theft was featured as the March Crime of the Month.

Boggess said that the calves were taken between December 20 and January 26 from the Col-

lom Ranch south of Crews.

The only information received by Crimestoppers concerning the missing livestock came after the owner found them back in the field they disappeared from two months ago. That information was to inform Crimestoppers that the cattle had been returned.

Officers said that they have no idea how the heifers disappeared or how they returned. They said that they felt that the Crime of the Month feature played a major role in the return of the calves.

Police report busy month

Winters police officers filed a total of 40 cases during the month of March, according to the department's monthly report.

Leading the number of cases filed were 13 citations issued for speeding, clocked by radar.

Officers made six arrests for driving while intoxicated or DWI during the month.

Two cases were filed by local officers for minors in possession of alcoholic beverage, two charges filed for fighting. One person was charged with discharging a fire arm within the city limits and one person was arrested on a charge of disorderly conduct and one arrest for aggravated assault.

The report indicated that two tickets were given for no driver's license; one each for improper turn, failed to stop at stop sign, accident-following too closely, unsafe control of vehicle, expired inspection sticker, leaving child unattended in vehicle-accident, leaving the scene of an accident, and no liability insurance.

Officers issued four citations for failure to yield right-of-way in connections with accidents during the month of March.

Mayfest '85 plans are progressing

Saturday, May 4 will be the day for Winters' Mayfest '85. Chairman for the big day is Chamber Director Leon Groves, and members of his committee are Stephen Byrne and Suzan Marks, also directors of the Winters Area Chamber of Commerce.

Reservations for food booths and arts and crafts booths are now being made with Chamber Manager Kay Colburn. The Chamber is anticipating a day full of fun and food, and all are invited to participate in this spring fun day in the park.

Anyone who has not been contacted and who is interested in being a part of Mayfest should call the Chamber Office at 754-5210, or write P.O. Box 698, Winters, Texas 79567.

Need a place to hide Easter eggs?

Gene Shields has issued an invitation to anyone needing a place for an Easter egg hunt—they may hide the eggs on his property located between Dry Manufacturing and Bishop's on Highway 53. The lot is all cleaned up, Shields advises, with freshly mown grass; and everyone is welcome to come and hide eggs there.

Randall Conner

Conner makes bid for re-election

In his bid for re-election to the Board of Trustees of the Winters Independent School District, Randall Conner issued the following statement:

"The Winters Schools have always offered quality education to the citizens of this community. We presently have a system with highly-qualified personnel, good facilities, and well-motivated students. The recent changes in education, brought about by the Texas Legislature, offer many challenges to our local schools over the next few years. Some of the changes will be reflected in an improved quality of education for our students, yet other challenges will present some difficult challenges to our schools. We must work together as a community to see that we maintain quality education for our students and provide efficient management of our schools in response to our local taxpayers."

First Trades Day is this Friday

Winters businesses have planned to make this Friday a very good day to shop in town. Judging by the ads in this issue of the *Enterprise*, special events and sales will add to the joyous atmosphere of the Easter season this week in Winters. This Friday is to be the first in a new project of the Winters Area Chamber of Commerce, called "First Friday Trade Days," designed to promote business in the city.

With Easter approaching and springtime in the air, shoppers have many delightful wares, at

Warning issued on MD collector

Runnels County Muscular Dystrophy Foundation personnel have issued a warning concerning a door-to-door salesman operating in this area, who is falsely using the name of Muscular Dystrophy. The man sells coupon books with the Muscular Dystrophy logo on the front and the Health Department logo on the back, and says that part of the price of the coupon book goes to MD, when in fact, it does not. The Runnels County Sheriff's Department and the Better Business Bureau of area cities have been informed of this problem.

Local residents are warned to beware of this individual.

Commodities to be distributed here

Food commodities will be distributed in Winters at the Multi-Purpose Center, 142 West Dale Street, Tuesday, April 9, from 8 a.m. until 12:30 p.m.

WISD board rehires teachers

The Winters Independent School District Board of Trustees last Tuesday night approved the re-employment of all professional personnel for the 1985-86 school year.

Those re-hired for the elementary school include the following: Brenda Bahlman, Dean Beckloff, Lisenell Brown, Betty Byrns, Cindy Cathey, Tricia Danna, Josephine Davis, Linda Dunlap, Ernestine Geistmann, Helen Grantham, Yvonne Griffin, and Landa Grohman.

Also, Nina Hale, Bonnie Hood, Joyce Krause, Brilla Magee, Melinda Meyers, Anne Mills, Ouida Nichols, Sarah Parker, Doris Prewit, Nancy Randolph, Bette Raymond, Helen Russell, Tommy Selby, Melanie Shackelford, Carolyn Slaughter, Jacquelyn White, Debra Whittenburg, Leann Williams, and Jane Wyatt.

For the high school, Frances Bredemeyer, Bill Cathey, Larry Dearen, Nancy Evans, David Evans, Jim Farmer, David Hale, Pat Hambricht, Tooter Harrison, Vickey Harrison, John Key, Gwen Lewis, Mack Lingo, Bailey McAnulty, Audine McBeth, Janna Magee, Nancy Michaelis, Susan Mostad, Patricia Perry, Cliff Poe, James Powers, Wanda Puckett, Jimmy Randolph, Virginia Schwartz, Roy Shackelford, Danny Slaughter, Mary Stanfield, Jackie Tennison, and Betty White.

Curriculum supervisor will be Barbara Everett.

No action was taken on two other items on the agenda, consideration of junior high cheerleaders and consideration of building needs.

Cattle outlook good Workshops slated

Fed cattle marketings will be declining in the months ahead, and that's good news to the cattle industry. This tapering off of fed cattle marketings along with reduced feedlot placements should help strengthen overall cattle prices, says an economist with the Texas Agricultural Extension Service, Texas A&M University System. While beef supplies should decrease, pork and lamb production is also expected to be down although some gains are expected in poultry.

Humans aren't the only ones with babysitters, says National Wildlife's *Ranger Rick* magazine. If a mother animal has to hunt, she will often leave her young with an "auntie" or teenage animal. Apparently, it is a shared duty and animal sitters don't get paid.

Bills introduced by Charles Stenholm

Two agriculture-related bills have been introduced in the U.S. House of Representatives by Congressman Charles W. Stenholm (D-Texas).

Congressman Stenholm, a member of the Agriculture Committee, has introduced a "Bases and Yields" bill and "Clear Title" legislation. The Subcommittee on Conservation, Credit and Rural Development scheduled a hearing to discuss Stenholm's Clear Title legislation for Tuesday, March 26, in Washington, D.C.

Under the first proposal, Bases and Yields, it would simplify and standardize the way acreage bases and yields are assigned to producers. Eight Members of Congress have already signed as co-sponsors of the proposed legislation, which bases yields on actual records, and gives farmers more flexibility than they now have in deciding how much of a given crop they will plant.

The second piece introduced by the Stamford Congressman is House Resolution 1591, or Clear

Title. This bill would remove farm products' exceptions from Uniform Commercial Codes and extend clear title to agricultural commodities. Presently, if the seller of that commodity fails to repay the lender, the buyer can be held responsible by the banker, effectively forcing them to pay twice for the same goods. This bill would establish a process through which the liability would be equitably distributed between the three parties.

"I believe these two basic reforms are long overdue," Congressman Stenholm said. "They will serve to rectify injustices inherent in both systems."

Want to get rich quick?

All you have to do to get rich quick is to prove that a creature called "Ogopogo" really exists, reports National Wildlife's *Ranger Rick* magazine. "Ogopogo" is said to be a large unknown animal that looks like a sea serpent, living in Canada's Lake Okanagan, near Vernon, British Columbia. Is the reward a joke? No way! The money has been guaranteed by Lloyds of London.

SURGRO HYBRID SORGHUM

YE-90

YE-90 is a medium maturing hetero-yellow endosperm hybrid which demonstrates remarkable adaptability under a wide range of growing conditions. It is unsurpassed in standability and threshability. With high rates of irrigation and fertility, YE-90 responds with maximum yields, yet the hybrid can withstand dryland conditions. Plants are 36-44 inches in height and the sturdy stalks support large heavy heads filled with high quality bronze grain. The plants' large leaves offer early shade for moisture conservation and weed control. YE-90 shows good resistance to head smut and MDMV. Under normal conditions, YE-90 blooms in 65-70 days and matures in 105-115 days.

The Rebekah Sunday School Class met Monday night in Fellowship Hall of the First Baptist Church.

Co-hostesses were Loretta Pierce and Mary Beth Drake.

The business meeting was conducted by June Sibley, roll call was given with a verse of the Bible on prayer.

Jo Poe gave a most inspiring devotional on "Hands."

Others attending were: La Vanda Herrington, Lillian Roberson, Theresa Briley, Marge Emmert, Virginia Schwartz, Emily White and Arlene Boles.

Killer chemical

The chemical that killed more than 2,000 people near a Union Carbide plant in Bhopal, India—methylisocyanate—is not regulated as a hazardous air pollutant in the United States, reports *International Wildlife* magazine, even though it is manufactured here.

The meeting was an inspirational one to motivate volunteers for the upcoming crusade. The program consisted of "success stories" from various units about projects they considered to be beneficial. Also, a panel made up of five people who were cancer victims spoke to the gathering.

A doctor of psychology from Angelo State University spoke on "Coping With Cancer."

Four women from the North Runnels County Unit attended this program.

Memo from Kay

By Kay Colburn

We hope that lots of Winters and Winters area shoppers will take advantage of all the good bargains, drawings and prizes that will be available to them in Winters this FIRST FRIDAY in April.

The Winters Area Chamber of Commerce is planning for the FIRST FRIDAY Trades Day to grow and grow to become a shopper's delight. We can all look forward each month to a big serendipity day. The dictionary definition of serendipity is the act of making happy or interesting discoveries unexpectedly or by accident.

Our hats off to Gary Price for the recent remodeling of Taylor's # 2. Every improvement carried out by merchants and home owners helps the whole town and we all ap-

preciate extra efforts put forth by our fellow citizens.

Two new businesses in town are the Nurlly New Shop on North Main and the Hall Closet on South Main. They will welcome your support.

Important projects to keep in mind-April has been designated as KEEP AMERICA BEAUTIFUL month in Winters - so let's all do everything we can to clean up and beautify Winters during April and on through the year. Some things that need to be done will take longer than one month to complete so that our city clean-up and improvement work calls for an ongoing and forward moving effort.

MAY-FEST '85 will be here soon; Saturday, May 4 will be the day. Lots of interest is being shown by many organizations

and individuals. We hope to have something for every age group so that the day will truly be a fun day for the whole family. Space is still available for food booths, game booths and arts and crafts booths, so if you haven't made your reservation yet there is still time and space for you or your group.

Some food items not spoken for yet are Frito Pies, Nachos and sandwiches and there may be many others that have not yet been mentioned or suggested. Game booths are still available in the Kids Korner or for teenage and adult enjoyment.

Also still available are the cake walk, the car bash, and the dunkin' booths, or any new ideas for games that will fit into this type of day.

Be sure to vote in the city and school elections this Saturday, April 6.

UMW held meeting

The Winters United Methodist Women met in the church parlor, Tuesday morning, with Odessa Dobbins presiding. After a prayer request was announced, Odessa asked several to give sentence prayers for the ill.

Carol Turner was the leader for the Easter program. She started her program by singing "Were You There When They Crucified My Lord?"

Questions were asked to start the discussion of "Commitment to Christ." The purpose for this time of the year is to emphasize that commitment to Christ means joy, hope and new life.

The closing prayer was the Lord's Prayer in unison.

Members present were: Odessa Dobbins, Billie Middlebrook, Carol Turner, Willie Lois Nichols, Ozie Stanley, Margurite Mathis, Aleene Mapes, Inoah Vinson, Ora Mae Hill and Jewel Mitcheell.

Farm financial stress is severe

The story of agriculture in Texas is the same as in other states - farmers are under severe financial stress. Net farm income in Texas in 1984 totaled only about half of what it was five years ago. Thus the purchasing power of Texas agriculture is about 25-30 percent of what it was in 1979, notes an economist with the Texas Agricultural Extension Service, Texas A&M University System. Farmers currently are in financial straits due to depressed crop and livestock prices, steady increases in costs, adverse weather conditions, and high interest rates that not only increase costs but also strengthen the dollar's value.

Crews

By Hilda Kurtz

I know it is nicer to give than to get, but I know some people who don't know it yet.

It's so good to have Alta Hale back home with us after a long stay in the hospital. Mrs. Ethel Coleman is staying with Alta as her companion. Alta came home Friday from Community. Her visitors were: S.J. Brevard, the Edgar Whittleys and Maggie Ruth Stokes.

Sorry to hear Coleman Foreman and Arthur Kirby are still ailing.

There was a big frost out Sunday morning; some had 28 degrees.

Sorry to hear Mrs. Myrtle May of Coleman, Texas, Mrs. Amber Fuller's sister, is seriously ill in the Coleman hospital.

Our sympathy to they relatives of Miss Leola Young of Ballinger, who was buried in the Crews Cemetery on Wednesday. She spent a big part of her life in this community.

The Earl Cooper's granddaughter, Dottie Chambliss of Hawley, won two medals playing saxophone and three ribbons in track at the Cisco school activities this week.

I attended the birthday dinner honoring R. C. and Darrell Kurtz, in the Kurtz home after church services Sunday. Others there for the occasion were: the Savers family of Roscoe, Walter and Alvina Gerhart, Minnie Belitz, Randall Kurtz of San Angelo, Sherry Kurtz and the honorees.

Marion and Doris Wood spent Saturday with the Earl Hokits in Sonora.

Happy Birthday R. C., Darrell and Helen.

Mrs. Beverly Van Zandt and Mrs. Walter Jacob attended the pink and blue shower honoring Mrs. Rick (Debra) Schkade, Friday night at the Palo Duro Apartment party room in San Angelo.

Hazel Mae Bragg spent last week in Midland with her daughter, Cheryl.

Therin and Nila Osborne hosted Helen Brevard's birthday dinner Sunday, but Helen couldn't come; but the guests who came were: Sue and Glen Campbell, Bro. and Mrs. Jim Shipman, Karen, Weslev McCallian and children and Mrs. Viola Foster.

The Robert Hills spent Wednesday in Sweetwater with the Ronald and Mike Hills.

James Nowell of Abilene came for a nice visit and did some fishing with the Coleman Foremans.

Kendra, Jason Nitsch, Dewitt and Frances Garey, Cheryl, Susan of San Angelo and Brent Bryan came out during the week with Doug and Larue Bryan.

The Crews supper and game night has been postponed to the first Saturday in May due to the Easter holidays as announced by the hosts, the Marion Woods and the Jerry Kraatzes.

A pinch of baking soda added to the water when cooking dried beans will improve their texture and prevent mushiness and cracking. Don't salt until the beans are tender.

R.C. MITCHELL HYBRID GRAIN SORGHUMS

STANDKING Y-G-25

A new hetero-yellow endosperm hybrid that is medium to medium-early maturing. It has greenbug tolerance as well as good drought resistance, stands well and threshes easily. It is a very adaptable hybrid and has produced good yields in both irrigated and limited-rainfall areas. Reaches a height of 38 to 46 inches and matures in 105 to 110 days.

STANDMASTER

A variety that has developed on our farms for those who want good yields, outstanding standability and one that will stand a shortage of water, if necessary. The short stiff stalk helps it wait for the combine. Standmaster blooms about five days earlier than Standking Y-G and matures in 105-110 days depending on the environment. This has been a big dependable winner in the Rolling Plains and will do well in many areas of Texas.

Farmland value slipping in Texas

After bucking the trend of declining farm real estate values over the rest of the country, farmland prices in Texas finally slipped a little the past year. Texas farmland is now worth about \$725 per acre in non-irrigated areas, a decline of almost seven percent from the past

year. Irrigated cropland, at the same time, declined slightly to about \$980 per acre, and ranchland dropped in value by about two percent to nearly \$600 per acre. Prospects for 1985 indicate that Texas farm real estate will continue to slip despite urban sprawl and potential income streams from natural resources, notes an economist with the Texas Agricultural Extension Service.

Fiddler's contest set

The Cisco Civic League is sponsoring its 3rd Annual Old Tyme Fiddler's Contest on Sunday, April 28 at 2 p.m. The contest draws fiddlers from all over the area as well as locally.

Last year's winners were: first place, Bill Murray of Borger, Texas, second place, Chester Derrick of Odessa, third place, Roy Adams of San Angelo.

This year the contest has changed slightly to include two age divisions: 60 and over one prize for best of Division; under 60 first place \$75, second place \$50, third place \$25.

Featured this year will be the "fingerless fiddling" demonstrated by Roy Thacker of Ranger, Texas. He has been a guest of Roy Acuff and Charlie Walker on the Grand Ol Opry and has also appeared on "That's Incredible". Mr. Thacker operates Southern Television in Cisco, Eastland and Ranger.

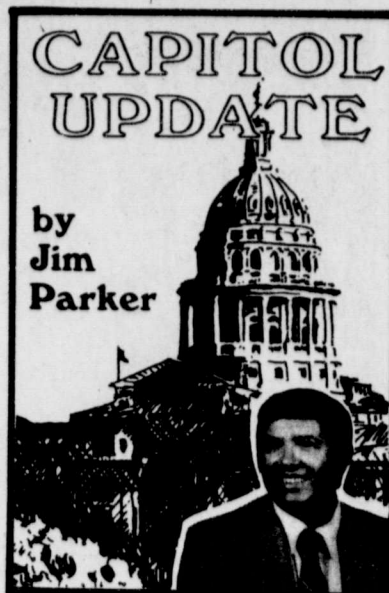

The director for the contest will be Davis Jones of Stamford. Mr. Jones organized and ran the Fiddler's contest at the Stamford Cowboy's Reunion. He is a regular entertainer at the Sagerton Monthly Musical.

Anyone interested in participating in Old Tyme Fiddler's Contest is encouraged to be in the entertainment tent by 2 p.m. Sunday April 28. Advance registration would be appreciated if at all possible. For registration form and other information contact Sharene Richardson 442-2543 or Susan Crozier after 7 p.m. at 442-4959.

The Fiddler's Contest will be on the second day of the 12th Annual Cisco Folklife Festival in its new location downtown at the old Rockwell Lumber location.

Plan to be with us this year.

Old Faithful getting tired?
Old Faithful is getting tired. Yellowstone's famous geyser, which has spouted every 69 minutes for almost a century, now makes visitors wait as long as 100 minutes between eruptions, reports *National Wildlife* magazine. An earthquake is partly to blame, say scientists, but so are tourists who persist in dropping objects into the geyser, thus reducing its water supply.

I would like to make some comments, complimentary in nature, to my constituents who received an issue questionnaire from my office and were so conscientious in indicating their positions and returning the questionnaires. My colleagues simply cannot believe I had a response rate in excess of 30 percent when usually the average rate is 1-2 percent. It is personally gratifying to me to know the extent to which you are interested in our state government and is of extreme assistance to me in helping me know the position I probably should take on a given issue. I think you might be pleasantly surprised if you knew how much your input influenced my vote.

Many of you are calling and writing about an issue that is shaping up to be much more controversial than anyone had assumed, that being the issue of mandatory use of seat belts.

As the issue appears to me, we have the alternative of passing and implementing legislation to require seat belt use in cars and pickups or ultimately, probably in 1987, having the Federal government mandate protective air bags in all new vehicles. As with other issues in the past, I am aggravated and aggrieved by the Federal government's forcible intrusion into affairs of this state and into affairs of individual motorists upon streets and highways of the State of Texas. Seat belts unquestionable save lives but it just really goes against the grain for the Federal Government to force the issue.

I suspect that some form of mandatory seat belt use legislation will be enacted into law and I think, at this point, the only aspect remaining in question is the extent of legislation, for example, whether farm pickups will be covered, the applicability of the law to backseat passengers, and perhaps, the exclusion of older autos not necessarily equipped with seat belts for each passenger.

I am told by knowledgeable people, that failure to pass this legislation, thereby acquiring air bag protection, would add \$750-1000 per vehicle to the price of new automobiles, which is unaffordable to most even without additional expenditures.

Harry Truman said, "If you can't stand the heat, stay out of

the kitchen." And I think this issue has made it considerable clearer to me what he meant. Several of you have written me advising me you would never vote for me again if I vote in favor of the seat belt measures and several of you have written you would never vote for me again if I vote against the seat belt measures. It is uncomfortable in the "kitchen" but I can stand the heat and will ultimately do what I think needs to be done in light of all the facts surrounding this issue.

If you have an opinion on this you should let me know fairly quickly as I am sure there will be a vote on this legislation within the next two or three weeks.

ORO HYBRID SORGHUMS

ORO PRONTO

ORO PRONTO is an early maturing hybrid with excellent yield potential and excellent standability. The stout stalks have well developed brace roots and very fibrous feeder roots for excellent standability and excellent moisture utilization. The yellow endosperm grain has excellent bushel weight and the large loose heads promote rapid dry down and easy threshing. Biotype C Greenbug resistance and excellent disease resistance make ORO PRONTO an excellent hybrid for double cropping or areas needing earlier maturing hybrids.

ORO G

This medium-season hybrid is designed for maximum grain production in areas where the greenbug is a pest. In addition to resistance to the biotype C Greenbug, ORO G possesses good resistance to head smut and tolerance to MDAV. These levels of resistance combined with excellent yield capacity give ORO G a superior hybrid rating. Good standability under a variety of conditions make this hybrid a good producer under dryland or irrigated production. The large open head of bronze grain dries quickly, and it consistently rates high in bushel weight. A short, stout stalk enables ORO G to stand well under a variety of conditions.

Resa Porter will go to state competition

Resa Porter of Winters will advance to state competition in the Texas Student Affiliate Concerto Competition. She participated in district competition Saturday, March 30 in Abilene. The state contest will be held in Houston on June 15 at the Texas State Music Teachers Convention. Resa is a student of Susan Conner.

Piano students receive honors

Piano students of Susan Conner have received recognition for high scores they made on the Texas State Music Teachers Student Affiliate theory tests. Earning gold medals for having a score of 98 or above were: Kevin Conner, Kristin Deike, Angie Powers, Yony Lee, and J.J. Michaelis.

Scoring 95-97 and earning silver medals were Jamie Brown, Jennifer Boles, Aaron Bradley, Sara Jackson, Justin Hooper, Brandon Boles, and Kimberly Deike.

Three students earned bronze medals for scoring 90-94. These were Cedric Lee, Barbie Bradley, and Resa Porter.

The tests were administered by the Abilene Music Teachers Association. The medals will be presented to the students at their spring recital.

Student tapped for College Who's Who

Becky McKnight Boles is one of 27 outstanding students at Midland College who has been tapped for membership in the 1984-85 Who's Who among Students in American Junior Colleges honors program. Nominated earlier this year by her school's nominating committee. The Who's Who program has honored and rewarded the individual scholastic excellence of outstanding campus leaders. This prestigious award is one of the greatest honors annually conferred by the American academic community, and this Volume will be found in university and public libraries throughout the country.

Becky has enrolled for this semester at McMurray College in Abilene, where she plans to further her education in Psychology. She is commuting from Midland to Abilene. Her husband Reggie is a graduate of Texas A&M and is presently employed by Sun Oil Company as a Petroleum Engineer in Midland.

Mrs. Boles is the daughter of Mr. and Mrs. Troy McKnight of Winters.

Drinking raw milk can be hazardous

A study by researchers at the Center for Infectious Diseases has demonstrated the alarming risks of drinking raw milk, reports Texas Agricultural Extension Service nutritionist Dr. Dymple Cooksey. Eleven bacterial diseases, including salmonella, tuberculosis and staphylococcal infections are shown to be spread by contaminated raw milk. Since the most important component of unadulterated raw milk is germs, people interested in their health should drink the safe, pasteurized product, she advises. The raw milk promoted as a health food can be a hazard.

Magpie birds follow one of the more unusual displays of bird behavior, says *International Wildlife* magazine. After the death of a fellow magpie, the flock assembles, then one by one, or in groups of two or three, the magpies swoop down to peck at the dead companion. According to an Idaho State University researcher, they conduct these elaborate funeral rites to find out what killed the magpie and to see which of them died, so they will know how the death will affect the pecking order.

How to Multiply Your Earnings Without Adding to Your Taxes.

Open an IRA at Heart O'Texas Savings.

It's easy to save money and save on taxes, with an Individual Retirement Account at Heart O'Texas. The money you set aside in your IRA multiplies fast, because it earns a high Heart O'Texas interest rate. And you pay no federal taxes on your investment until you start withdrawing it at retirement age. Start an IRA for just \$50.

A high-earning, tax-deferred IRA doesn't cost much to start. The minimum opening deposit is \$50, and there are no service fees.

Once you open the account, you can add to it as much as you want, when you want — up to \$2,000 a year. That goes up to \$2,250 a year if you open a joint IRA with a non-working spouse, and \$4,000 if you are both wage-earners.

Start your IRA by April 15 and save on '84 taxes.

Even if you didn't start an IRA in 1984, you can still open one now and save on last year's taxes. Tax deductions for the IRA you open on or before your tax filing deadline (no later than April 15) this year can be applied on the tax return you file for 1984 earnings.

Talpa

By Maggie Ruth Stokes

The fifth Sunday night singing at Glen Cove was very good. There was a good crowd from Valera, Talpa and Glen Cove churches. I'm sorry I failed to tell everyone it was to be last Sunday. The next singing will be at the Talpa church on June 30. Debbie Priddy and Missy Hunsaker took their children, Julie, Matt Priddy and Emily Hunsaker to the Abilene Zoo on Monday.

Leldon Hollinger, 70, of Redlands, California, died Tuesday, March 26 and was buried on Friday March 29.

He was survived by his wife, three sons; Floyd L. Hollinger, Jr. Robery Sporrang and Michael Sporrang, one brother;

Clyde Hollinger of Talpa, one sister; Lillian Martin of Bloomfield, New Mexico, nine grandchildren.

Clyde Hollinger and Janies McClure of Robert Lee flew to California on Wednesday for Leidons funeral and returned on Sunday.

Mr. and Mrs. Ernest Broyles of Fort Worth and Donnie Mitchell of Waco visited us Wednesday morning. They had been to visit the Talpa Cemetery on Tuesday afternoon, they had attended the funeral of their great nephew, Todd Lawrence in Coleman.

Mrs. Mae Cook, 100 years old, a long time resident of Talpa, died Tuesday morning at the

Overall Memorial Hospital in Coleman. She was buried in the Talpa Cemetery on Friday afternoon.

Her survivors are two sons; Dred Cook of Hobbs, New Mexico, four daughters; Jessie Bergman of Kerrville, Lorene Jackson of Fort Stockton, Lavern Turner and Peggy Gould of Coleman, a sister; Ollie Beddell of Coleman, three brothers; Leonard Norris of San Angelo, Ray Norris of Talpa and Lonnie Norris of Hot Springs. Arkansas, sixteen grandchildren and several great-grandchildren.

Vena Bob Gates and Mildred Pauley visited with relatives in San Angelo on Friday, they were Belva McCutcheon and Glen Thomason, then visited Olin Thomason in Colonial Nursing Home. Bobby and Margaret Sims of Dallas visited his mother, Oda and Woodrow Gage on Saturday.

Rhonda Barnett, Edward and Angela of Temple visited Leonard Greer and Scotty over the weekend.

Mrs. Pearl Thomason and Loweta Pope attended the funeral of Pearl's sister-in-law, Mrs. Freddie Tedmore in Bronte on Wednesday.

Larry and David Williams of Shields and Ronnie Turk of Ballinger spent the weekend with their grandparents, Bill and Lillian Turk. Shirley and Larry Williams joined them on Sunday for dinner.

Donnie, Lisa and Amanda Dunn of Aspermont came on Friday to spend the weekend with Darrel, Ann and Amy Green.

On Sunday afternoon the Greens gave a birthday party for Amanda Dunn on her first birthday. Attending were, her great-grandmother, Mrs. E. L. Green of Ballinger, Raymond and Frances Rush and Julian Horton of Talpa, Tonda Gaines, Kelly Baker and Kyle Green of San Angelo, her parents, grandparents and Aunt Amy.

Johnie Thompson had for a visitor one day this week, her sister-in-law, the former Mariane Thompson of Dallas.

Alta Hale came home from the hospital on Friday. I visited her on Saturday afternoon.

Grady and Nona Fletcher spent two weeks with his mother, Roberta Fletcher in Fort Worth.

Ila Fay Pettiet went to Eden Friday night to a track meet, to see her grandson, Chad Allen run in the mile relay.

George and Jessie Rae visited Jack Parker in the St. Johns Hospital on Tuesday. He had a quite a serious surgery, but was improved by Saturday night when they called over there.

Chris Moore and a friend from San Angelo College visited Everett Evans and attend the Immanuel Baptist Church on Sunday.

Housing loans now available

Dave Dalzell, president of the West Central Texas Housing Finance Corporation, has announced that \$15,500,000 is available for single-family housing mortgages in the 15 county West Central Texas Housing Finance Corporation area, which includes Runnels County.

Applications from residents of this area will be accepted by lenders participating in this program immediately.

These loans are designed for persons of low to moderate income, and the sales price of the property cannot exceed \$77,110 for new houses and \$72,380 for existing houses. Applicants must be first time homebuyers— that is, by definition, persons who have not owned a home for the three-year period ending at the time the loan is closed. In addition, annual adjusted family income cannot exceed \$40,000.

The loans will be in the form of a 25 year fixed rate mortgage with an interest rate of 10-7/8 percent.

Abilene lenders participating in the program are: Cassle and Cassle, Drew Mortgage Company, First National Bank, Independent American Savings, InterFirst Bank, MPact Mortgage Bankers, and Southwest Savings and Loan.

The 15 counties in the area are Brown, Callahan, Coleman, Fisher, Haskell, Jones, Kent, Knox, Mitchell, Nolan, Runnels, Scurry, Shackelford, Stonewall, and Taylor.

Local track teams attend meets

Winters Junior High track teams attended the Ballinger Relays on Saturday, and both the eighth grade girls and boys teams took third in the meet. On the varsity level, the Blizzard boys took 11th place out of 24 teams at the Jayton Relays in cold, windy conditions.

Individual results are given below.

Varsity Boys

Wetlands protected

Senator Lloyd Bentsen cited the loss of thousands of acres of Texas coastal wetland in introducing legislation Tuesday allowing states and the Federal Government to protect more wetland nationwide.

Bentsen joined Sen. John Chafee in introducing the Emergency Wetlands Resources Act of 1985.

"It has been estimated that we are losing this valuable resource at a rate of 458,000 acres each year, and that almost one-half of this nation's wetland are gone forever," Bentsen said. "My own state of Texas has lost over 6000,000 acres of its original coastal wetlands to dredge and fill activities."

Under the bill funds for wetland acquisition would be provided by new entrance fees at wildlife refuges and by increasing the cost of Migratory Bird Hunting and Conservation Stamps over a four-year period. Holders of these "Duck Stamps" would be exempt from the new entrance fees.

Bentsen said hunters have indicated they will support an increase in Duck Stamp fees if the money is used for wetland acquisition and if non-hunters including birdwatchers and nature photographers are asked to pay a "fair share" through entrance fees.

Bentsen said the continuing loss of wetlands is of concern in Texas because of the far-reaching benefits of these areas to the state. In 1981, the commercial fishing harvest in Texas totaled 113,108,000 pounds of fish and shellfish. The great majority of the species caught depends on coastal marshes of estuaries for a least part of their life cycle.

Farm computer training offered

To enhance the profitability of microcomputers as farm and ranch management tools, the Texas Agricultural Extension Service in cooperation with the Texas Agricultural Experiment Station is offering a number of seminars and short courses in the coming weeks. Three day short courses will be offered at the Stiles Farm at Thrall on April 16-18, April 24-26, and May 7-9. Two days seminars on the use of microcomputers in farm and ranch management will be April 22-23 at the Marriott Hotel, Austin, and May 22-23 at the Civic Center, Lubbock.

Runnels County Rumors

By Dwayne Vincent
County Executive Director
A.S.C.S.

Special Haying and Grazing Relief of ACR

Runnels County has been approved for haying and grazing of ACR for 1985. The approval was given due to the reduced hay and pasture production during the last two crop years.

General Provisions

1. A producer may graze or bale his ACR for his own use.
2. A producer may allow another producer's livestock to graze on his ACR.
3. A producer may allow another producer to bale his ACR.

4. A producer may NOT charge for grazing ACR.

5. A producer may NOT charge for the value of vegetative growth mechanically harvested and used by another producer.

6. The only costs a producer may be permitted to recover will be normal and reasonable costs for other services rendered.

Some examples of services could be: cost of installing temporary fences, pumping water for grazing, or cutting, raking, baling or other steps in mechanical harvesting.

7. After grazing or haying the approved cover a subsequent approved cover may be established for haying and grazing.

8. Grazing or haying may not remove cover to the extent that the acreage is not protected from wind and water erosion.

What must a producer do to become eligible for haying and grazing?

1. Sign a register at our office.
2. Record who and what will be done with ACR.

3. Pay a \$10 fee for the cost of a farm visit.

Important Dates

April 15 - FCIC sales closing date for cotton, milo, and corn
April 30 - ending planting date for corn

May 1 - final date to certify all small grains (includes small grains on ACR acres)

June 10 - ending planting date for cotton

June 20 - ending planting date for grain sorghum

Eligibility

Eligibility for participation in all programs administered by ASCS is established under law without regard to race, color, religion, age, sex, handicap, or national origin.

Canterbury Villa

We wish to thank the Saint Teresa Circle for the nice bibs, baby food jars, and glue, and Margaret Hallmark for lap robes, and the Stitch in Time Club for bibs. We appreciate your kindness and thoughtfulness.

I wish to thank the volunteers for keeping the activities going while I was on vacation. They did a great job.

Our Saint Patrick's Day party was Monday, March 18 at 3:30 p.m. Seventh Street Baptist Church provided the cakes. Charlie Kvapil entertained with his accordion, playing several old Irish songs. Mary Davis helped serve; we appreciate her help.

Our monthly birthday party was Thursday, March 21. Those celebrating birthdays this month were Edna Burns, Sybil Ransbarger, and Annie Halfmann. The AARP provided the delicious cakes. Eileen Gordon, Mary Caudle, Irene Kahlig, Angie Olsak, and Pat Kvapil

served the refreshments. Charlie Kvapil and Felix Havlak entertained, playing their accordions.

The Ballinger String Band was out on its regular visit. The residents always enjoy hearing religious singing.

Pat and Charlie Kvapil and Nancy Masters call bingo on Monday afternoons. Fannie Tippet was the winner this week.

Thursday afternoon Winnie Campbell and Fannie Tippet set out petunias in one tub and strawberries in another. We have two more containers to set plants in. Our patio will have a new look with all the plants in bloom.

Each of us wish to express our deepest sympathy to the families of Robert Hodges and Lillian Wilde. These two will be missed so very much.

Luna Setser has been in the hospital this month. We were happy to have her return home.

We welcome our new residents, James Smith and Thomas Terrazas.

NORTHROP KING GRAIN SORGHUMS
NK BRAND 2244 & NK 2244 SCREEN TREATED

This widely adapted medium maturing grain hybrid is hard to beat. The compact uniform plants show above average standability, excellent threshability and a high yield capacity. The large semi-open heads have hetero-yellow grain and are 38 to 46 inches tall. The plants have shown an above average level of resistance to downy mildew and Biotype C greenbugs.

NK BRAND 2030 & NK 2030 SCREEN TREATED

This hybrid is extremely uniform, well adapted to non-irrigated conditions and has demonstrated high-yield capacity. Good greenbug resistance and drought tolerance make this a good hybrid for areas with 12 to 18 inches moisture and 130-150 day growing seasons.

NK BRAND 2018

The semi-open heads of this medium early maturing hybrid are well exerted on strong standing plants. 2018 is a short, uniform, drought tolerant hybrid. It has very good greenbug resistance and standability. In test, yields have been high for a hybrid of this maturity. The semi-open heads dry down quickly and thresh easily.

NK 180

Star of the early maturity class is NK 180 grain sorghum. Drought resistance and quick maturity are the big reasons for its stellar performance. NK 180 comes through with big yields of brown-seeded grain from compact heads. Head mold resistance keeps the grain clean for harvest. Excellent standability makes the grain easy to cut.

Fight —

as saying that the doctor refused to come to the hospital because the injured man owed the doctor some money. Officer Hawkins said that he then called the same doctor, identified himself and told the doctor that he felt that the man was in "critical shape," and that

the doctor was needed at the hospital. In the offense report, officer Hawkins said, "Doctor W.J. Lee said he wouldn't come to the hospital, that Oscar owed him money. I then told the doctor that Oscar had insurance. Doctor W.J. Lee then said that his time was valuable and that he didn't do anything for free."

According to the police officer, the injured man's companions then loaded the man back into their private vehicle and started for the hospital in Ballinger.

Runnels County Sheriff Bill Baird and officer Hawkins were able to stop the car just south of Winters. Sheriff Baird, after seeing the condition of the man's face and head, then called for an emergency ambulance to take Hubach to the Abilene trauma center.

It was later learned that the injured man, Oscar Hubach, and three men he worked with had gone to an Abilene night club after work Thursday and that an argument had begun as the four were leaving the night club. The actual injuries were thought to have been inflicted at the location north of Tuscola.

A confidential source told *The Enterprise* that the weapon used was a full beer can.

A public relations spokesman at Hendrick Medical Center said that Hubach had received several deep lacerations to the face, possible damage to one eye and a severe fracture to his left cheek.

Winters Police officers, Runnels County Sheriff's officers, and the Taylor County Sheriff's Department are continuing to investigate the incident. Officers said that no charges had been filed so far. They also said that there were at least two suspects in the incident.

Show me

The prevailing attitude in the "Show Me" state of Missouri seems to be, "Show me a good cause, and I'll willingly pay more taxes," says *National Wildlife* magazine. In both 1976 and 1984, as other tax-raising measures were defeated, the citizens of Missouri approved increases in the state sales tax to fund conservation programs. So far, no other state has followed suit.

Achievement tests set for next week

The SRA Achievement Tests will be given in the Winters Elementary School next week on Wednesday, Thursday, and Friday, April 10-12.

Free Immunization Clinic to be held

There will be a Free Immunization Clinic held by the Texas Department of Health on April 8, 1985, Monday from 10 a.m. - 12 p.m. and 1 p.m. - 3 p.m. Location is at 100 Grant Street in the Professional Building, Suite 108. Please use Grant Street Entry for more information call 754-4945 between the hours of 9 a.m. and 12 p.m., Monday through Friday.
