## Wait a minute...

By Kerry Craig

The time for politics is upon us again. In a couple of weeks we will have elections in the city councils and school districts in the area as well as in our hospital district.

Each of the positions to be filled is a very important one. Before you cast your vote it would be a good idea to seek out the candidates and learn as much as you can about, and from, each of them.

Then one can be better prepared to cast a vote for their representatives on these respective boards.

With the thought of politics in the air, a neighbor brought in an article he found in an Austin newspaper.

The *American Statesman* is well known for its work in the state's capitol city.

The following is a column written by Mike Kelley, and a portion of the column was taken from one written by Steve Mitchell of the Palm Beach, Florida, *Post-Times*.

If you remember our recent tale about the escapades of a little, green snake, you will be able to add this one to the file.

The horror of politicians, once again, is being visited upon us.

Every working day for the past few weeks, I have watched an unending stream of those citizens who have carried out their threat to stand for elective office parade past my desk on their way to the interviews with the newspaper's editorial board.

I have sought - until now, in vain - for some way to describe this gaggle of mentally indigent who, though seemingly unequipped to coordinate their breathing through both nostrils simultaneously, have offered themselves for positions of responsibility.

Here is a column by Steve Mitchell which does it. He says that it came out of North Carolina.

It seems that a farm woman called a doctor in Edenton from her home in Chowan County about her mule, Horace. Horace was sick and the lady was very upset. "Doctor," she said, "Horace is sick and I wish you would come and take a look at him."

"It's after 6 o'clock and I'm eating supper," the doctor protested. "Give him a dose of mineral oil and if he isn't all right in the morning, I'll come and take a look at him."

The woman asked how she should give Horace the mineral oil and the doctor said to give it through a funnel. She was afraid the mule might bite her.

"You're a farm woman and you know about these things," the doctor said. "Give it to him through the other end."

The woman went down to the barn. There was Horace, groaning in misery.

She looked for a funnel, but the nearest thing she could find was her Uncle Bill's fox hunting horn - a beautiful, gold-plated thing with tassels.

SHE TOOK THE HORN and nervously affixed it to the proper portion of the mule's anatomy. Horace was unperturbed. Still eyeing the mule, she reached behind her for the mineral oil.

Unfortunately, she picked up a bottle of turpentine by mistake and gave Horace a liberal dose.

Horace's drooping head jerked upright. His eyes widened. He screamed like a panther, kicked down one side of the barn and took off down the road at a mad gallop. Every time he jumped, the horn would blow.

ALL THE DOGS in the neighborhood knew what that meant. The horn was blowing, so Uncle Bill was going fox hunting. Soon Horace had a pack of hounds in full cry behind him.

Those who witnessed the chase said it was an unforgettable sight. There was Horace, running at top speed with the

(See Wait page 10)

## Jill Traylor, Miss Winters

Miss Winters, Jill Traylor, was crowned Saturday evening at the conclusion of the annual pageant held in the Winters High School Auditorium.

Miss Traylor, the daughter of Mr. and Mrs. Richard Ryan and Marvin Traylor of Winters, will represent Winters and the Winters Lions Club at the District Lions Club meeting in Big Spring.

The new Miss Winters is a junior at Winters High School.

## City Council rejects bids, makes appointments

Meeting in regular session Monday, the Winters City Council rejected the single bid submitted for used police cars and tabled action on a bid for a mineral lease at the Municipal Airport. The council also accepted a bid for insurance coverage for the city.

Only one bid was received by the council for two police cars and that bid specified that it was for one vehicle only. The bid, in the amount of \$505.01 was rejected as being too low and the council instructed the ad-

ministrators to seek new bids for the cars.

City Attorney Ken Slimp suggested that the council table action on a proposed lease for drilling at the airport until he had time to look into the lease proposal more thoroughly. The council will again consider the item on April 7.

Only one bid was submitted for fleet, property, and liability insurance for the city. City officials had anticipated at least

(See Council page 10)

## The Total Teens to offer one-time opportunity

The Total Teens of Winters have begun a program to offer Winters residents what could be the chance of a lifetime.

The Total Teens in association with the Winters Emergency Medical Technicians Association will be collecting donations and

contributions to help purchase remote telephone calling machines for use by the elderly or disabled.

The equipment consists of a unit that is connected to a

(See Teens page 10)

## Public hearing set for April 3 to discuss impact of the Concho water snake on Stacy reservoir project

The possible impact of the Stacy reservoir project on the Concho water snake as an endangered species will be the subject of a public hearing set for April 3 by the U.S. Fish and Wildlife Service.

This is part of an effort by the Colorado River Municipal Water District to obtain from the U.S. Corps of Engineers a 404 (environmental) permit, without which the \$68,000,000 project cannot commence construction. The reservoir is planned as a water supply for the upper Colorado River and Permian

Basins.

The hearing site is the Runnels County district courtroom in Ballinger, and time is 7 p.m. Anyone may appear and make statements concerning the claim that the snake and its critical habitat are threatened by the Stacy project. It is anticipated that representatives from the Albuquerque, N.M. office of the service will conduct the

(See Snake page 10)

## ZIP + 4 is here to stay says Postmaster

Postmaster Jack Drye of Winters announced today that ZIP + 4 program is here to stay in the Postal Service.

This announcement was prompted by erroneous information which was recently published in *Manhattan, Inc. Magazine* and announced on the Paul Harvey News on March 8, 1986.

The magazine will print a correction in the next issue and Paul Harvey has been contacted regarding a correction.

Equipment needed to read the nine digit code has already been ordered, Drye said. Two hundred million dollars has been spent on automated equipment to read the larger codes.

## WTU customers could see refund

West Texas Utilities Company's retail customers should see another decrease in their electric bills soon if the Public Utility Commission of Texas approves a request filed Monday in Austin.

WTU is asking permission to refund customers a total of \$9.3 million in retail revenues collected in excess of actual fuel costs, and to lower its fuel charge rate. The total includes \$9,146,092 in actual fuel cost savings which have accumulated since the current fuel rate for WTU was set by the PUC last August, plus \$215,837 in interest.

This would be the second time within a year for WTU to make a refund and to lower its fuel cost factor. Over \$6 million was refunded in August 1985.

If a reduction in its fuel rates, technically known as the Interim Quarterly Fixed Fuel Factor, is approved, WTU officials estimate the fuel cost charges to its customers will drop by 8.2 percent during the three month quarter beginning in May.

The due amounts on customer bills include both fuel costs and base rates. Utility companies are not allowed to make money on fuel. WTU has had no change in its base rates since 1984.

Under WTU's proposal, all existing retail customers would receive refunds through one-time credits to their bills in the billing month of May, except for seasonal cotton gin customers, who would receive their refunds in December.

A typical residential customer would receive refunds of \$22.

Glen D. Churchill, WTU president and chief executive officer, said this refund, as well as the one made last year is necessary because of a softer fuel market and the fixed factor method of collecting for fuel costs.

The present method was ordered by the PUC after the Public Utility Regulatory Act was amended in 1983. Previously, an automatic fuel adjustment

## Last of the Cancer films to be shown

The last in a series of Cancer films will be shown at 6 p.m., Thursday, March 20.

This film will be "Taking Control". Prevention of Cancer - and or how one can prevent the risk of Cancer.

This presentation will be made by Dr. Y. K. Lee.

## Meet the candidates

The Runnels County Farm Bureau will sponsor a "Meet the Candidate Program" at 7:30 p.m. on April 1, in St. Marys Hall in Ballinger.

The four candidates who have filed for election to the Texas House of Representatives from District 65 will be on the program.

Incumbent Jim Parker and Joseph B. Swanner will be seeking the Democratic nomination, while Joe W. Branham and John Ed Nevill will be seeking the Republican nomination in the May 3rd primaries.

Candidates who have filed for election to County offices will be recognized.

There will be a reception after the program giving you an opportunity to visit with the candidates.

## V.F.W. collects flags

The V.F.W. Post #9193 is in the process of collecting U. S. Flags that have served their usefulness and the owner is in doubt as to what action to take.

Call Bill Hall at 754-4031 or 754-5291 for collection.

clause matched fuel billings to fuel expense each month. These immediate adjustments prevented over-recoveries and made refunds unnecessary.

Churchill said WTU's fuel costs have declined two years in a row.

"This reflects our successful efforts to purchase natural gas at lower prices to the extent possible, and to take advantage of declining prices," he said.

"Also, we had substantial benefits from lower fuel costs

associated with power purchased over our system's high voltage direct current tie with Public Service Company of Oklahoma, which now has been in operation for a full year."

Natural gas is the principal fuel for all of WTU's eight major power generating stations. In recent years, fuel costs have amounted to more than half of WTU's total operating costs, but have dropped from an all-time high of \$3.18 per million BTU in 1983 to \$2.55 in 1985.

## Ballinger teacher fired after public hearing

A unanimous vote was made by the Ballinger School District Board to terminate the employment of David Burton, a teacher and physical education instructor in the Ballinger Schools for 18 years, for using excessive force in paddling two students.

A large crowd of about 300 people were on hand for the public hearing requested by Burton to respond to the accusations against him.

Ballinger Police Chief Paul Boggess said that several police officers were assigned to the hearing to prevent any possible disruptions of the hearing.

Burton's attorney, Jeff Brim said, after hearing the board's decision to fire Burton, that a decision would be made later on whether to appeal the decision to the state commissioner of education.

Burton had been suspended, with pay, by the school board on February 20 following complaints that he had caused injury to a fourth-grade boy and a fifth-grade boy with a paddle two days earlier. Superintendent Doug Cox recommended to the board that Burton be dismissed.

Burton had previously been denied the use of corporal punishment because of complaints from parents in 1979. The authority was returned to Burton two years before the most recent incidents were reported.

The motion to terminate Burton's contract with the Ballinger Independent School District was made by Sally Buxkemper and the second came from Mike Eagan.

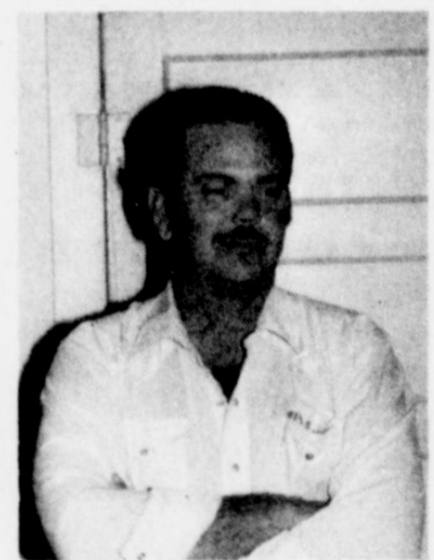

Information concerning the

allegation of excessive force in the paddlings was presented to the Runnels County Grand Jury in February. The grand jury passed action on the charge at that time.

## Social Security schedules visit

John Willis, representative for the San Angelo Social Security Office, has scheduled his March visit to Winters. He will be at the Housing Project Office on Monday, March 24, between 9:30 a.m. and 10:30 a.m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time.

## Ted Butler is City Council candidate

Ted Butler of Winters is a candidate for the Winters City Council. Butler is a Winters native who returned to the city five years ago. His family has been here since 1905. He has a daughter age 12.

Butler, who is an employee of Runnels County Precinct Three, said he wants the office "in order to represent the working and elderly people in Winters."

If elected, his goals would be as follows:

- To examine all sources of income open to the city, in order to eliminate the rise in city taxes.

- To strive for stronger enforcement of the speed and safety laws on our residential streets.

- To strive for better and more efficient public utilities service in Winters.

- To approach every proposal brought before the city council with a fair and open mind.

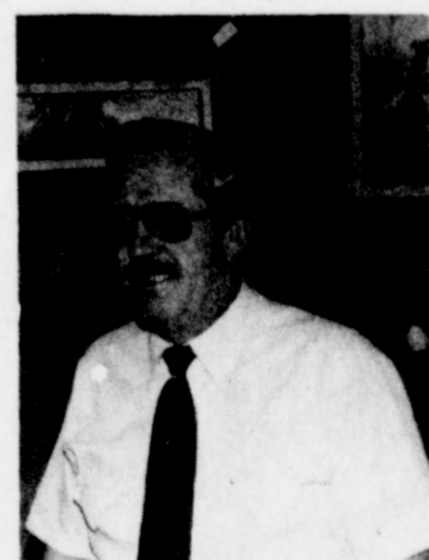

- To establish a program of organized activities for the youth of our community.

- To work for the elimination of dirt streets in our city and to improve drainage of run-off waters.

- To strive for the continuation of improvements to the city's recreational facilities.

- To initiate a beautification program for the downtown area.

- To keep a close watch so as to avoid any unnecessary city expenditures.

## Richard Hamilton to seek Pct. 2 post

I am announcing I will be running for County Commissioner for Precinct 2, Runnels County on May 3, 1986. If I am elected this will be my first term. I will give my all to serve the public to the best of my ability. I would also like to say being County Commissioner will not in any way affect my business, nor will by business affect my job as County Commissioner.

"I would also like to say thank you to all the people who voted in the last election. We would appreciate your support at the poles on May 3, 1986.

Thank You,  
Richard Hamilton

**First Stop**

Barbecue at a bunk house on King Ranch

**Tour of King Ranch**

Our visit to the King Ranch began with a barbeque served in a building that had once been used as a bunk house. It consisted of a long room where the men slept, with a kitchen at one end and a room for the foreman at the other.

The bus pulled over on a stop when we got to sign post No. 1 near an old bridge on the King Ranch, we also saw a Texas Historical marker. The trees we passed on the road were alternately ebony trees and date palm. They were planted in the

early 20th century by Robert Kleberg, Sr. for Mrs. King, widow of the founder, Richard King. She survived her husband, who died in 1885, by 40 years; living to see automobiles, tractors and even airplanes where once there had been only carriages and mule drawn plows.

Indeed, barely even those when she joined her husband at the ranch in 1854.

Mrs. King selected the ebony tree, a native evergreen of South Texas, probably for its beauty and longevity. The date

Good Food—Now for the tour

palms were imported by the ranch to see if dates could become a marketable crop for area farmers. This was not to be the case. Most of the landscaping on the ranch either served or serves some practical service.

King Ranch is a family, a family of men, women, horses and

uninhabited. It was even hard to find the owners of some of the land he wanted to buy. But find them he did. Some as far away as Monterrey, Mexico, and still holding land grants from the Spanish King. Over the first years he had to go as far as Mexico to import

Visitors entrance to King Ranch

cattle since 1853, when it was founded by the enterprising Captain Richard King.

Captain, because until he arrived here he had spent a good deal of his life piloting riverboats, first on the Mississippi and later, as an owner and partner with Mifflin Kenedy, on the tortuous Rio Grande.

Enterprising because until he did arrive here, and made his first land purchase, this area, now called the Costal Bend was referred to as Wild Horse Desert and was practically

cattle to stock the ranch, and men from everywhere to help work them.

Originally, the Captain had several partners. The most important of whom was his old friend from the riverboat days, Mifflin Kenedy. After the Civil War, King and Kenedy decided to divide their holdings. It was a friendly parting between two men who had wanted to go their own ways. Descendants of both men are friends today.

Stable at Santa Gertrudis Headquarters

The ranch has changed size and shape many times. Today there are four divisions. The Laureles, the Norias, Encino and Santa Gertrudis, the name of a Spanish land grant, on which the ranch headquarters is located. It was here or near here that Captain King first arrived and was the name he gave the ranch. After his death, Mrs. King re-named the ranch in his honor.

Today, the ranch contains a total of nearly 825,000 acres spread in a rather large checker-board pattern down the Costal Bend. The ranch also owns or operates ranch and farmlands in seven countries around the world in places that Captain King may never have heard of.

The fences along the pastures use alternating wood and metal posts; this is so that in case of grass fire the fences will not be lost. King Ranch has over 2,000 miles of such fence, enough to reach from Los Angeles to Chicago, and all of it is the smooth woven wire—no barbed wire.

The aluminum banding that tops some of the fences makes it easier for the horses to see the fences and therefore avoid running into them as they exercise.

**Dale Sewing Club met recently**

The Dale Sewing Club met recently in the home of Mrs. Gene Virdent, two quilts were made at this meeting.

Refreshments were served to: Mmes. Walter Kraatz, Leland Hoppe, Alvis Waldrop, Walter Onken, Clifford Lehman, G. W. Scott, Carl Baldwin, Oliver Wood, Gene Virden Herman Spill, Floyd Wood, Verge Fisher, and Ralph McWilliams. Mrs. Marguerite Russell was present as a visitor.

Pastures along the loop road, where visitors are allowed to travel, are some of the smallest on the ranch, varying in size from 380 to 1,100 acres. Due to the nature of ranch work-cattle and horses are moved from pasture to pasture—and we didn't know which animal we'd see first or in which pasture.

Next week—what we saw.

**Ruth Circle met**

The Ruth Circle met in the home of Mrs. Ora Hill, leader of the circle. Mrs. Margaret Anderson led the opening prayer.

Mrs. Mildred Carrell presented the second session of the study on the Book of Daniel. All present participated using the Study Book and the Bible.

Those present were: Mrs. Hill, Mrs. Carrell, Mrs. Jewel Mitchell, Mrs. Zelma Lee Lange, and Mrs. Anderson.

**Plant your pecan trees properly**

Much of the success of growing pecans begins with proper tree planting, emphasizes a horticulturist with the Texas A&M University Agricultural Extension Service. Dig a hole only as big as the tree's root system. The taproot should sit in the bottom of the hole or else cut it back some. Pack original soil around roots as tightly as possible. Use adjacent soil to fill the remainder of the hole, not light soil, sand or potting soil. Plant the tree at the same depth it grew in the nursery row. Cut off the top half at planting and make sure the tree does not go without water longer than 14 days.

**Jennifer Ann Laycock weds Thomas Jeffery Russell**

Jennifer Ann Laycock weds Thomas Jeffrey Russell in a double-ring ceremony at the First Baptist Church of Dallas on Saturday, March 8, 1986. Jennifer Ann Laycock became the bride of Thomas Jeffrey Russell. The bride is the daughter of Dr. and Mrs. Royce Laycock of Dallas. The groom is the son of Dr. and Mrs. Tommy Russell. Rev. Harold Habecker performed the 7 p.m. ceremony. The altar was decorated with English ivy. Baskets of spring

flowers were arranged on each side of the kneeling bench. Wedding music was performed by Bill Hanson. Soloist was Laurie Lauvorn, who sang "On Holy Ground" and Savior, Like a Shepherd Lead us." Given in marriage by her father, the bride wore an Elissa original of ivory chantilly scalloped bateau neckline with iridescent sequins and natural pearls. Her chapel length veil was attached to a headdress of baby's breath and spirals of pearls. The bride carried a bouquet of yellow sweetheart roses,

**Jenni Ellen Luther, Douglas K. Tischler to marry**

Mr. and Mrs. Marc D. Luther of Bryan, Texas are pleased to announce the engagement and approaching marriage of their daughter Jenni Ellen to Mr. Douglas K. Tischler, the son of Mr. and Mrs. Bennett Tischler of Winters. The wedding will be May 31, in the Bethel Lutheran Church in Bryan, Texas.

baby's breath and stephanotis. Mrs. Lisa Watson of Texarkana and Mrs. Melinda Stone of Dallas, sisters of the bride, were Matrons of Honor. Bridesmaids were J'Lynn Russell, sister of the groom, of Waco, Mrs. Kari McClure of Amarillo, Mrs. Jan Gillis, Miss Kathy White and Mrs. Alysie Lynch, all of Dallas. They wore tea-length gowns of ecru chantilly lace over ivory taffeta with lace and tulle bodice with lace collar, ivory satin bows accented the waistline. The attendants carried bouquets of spring flowers tied with blue satin ribbon. Bill Lindeberg of DeKalb, Illinois was best man. Groomsmen were Todd Laycock, brother of the bride, Pat Pownell, Hall Urschel, Bobby Thammavaran, Rick Yates and Phillip Brown all of Dallas. John Lamb of Los Angeles, California, David Axmann and Carter Grinstead of Dallas were ushers. Mary Beth Watson, niece of the bride, was flower girl. Following the wedding a reception was held at the church. The four-tiered wedding cake was accented with fresh spring flowers and purple and yellow tulips between the layers, and at the top was a scroll with "They Shall Be One." The bride's table was covered with ivory satin floor length white lace. Spring mixed flowers decorated the table. The groom's cake was a chocolate cake with "R" on top. A rehearsal dinner was given by Dr. and Mrs. Tommy Russell at the Dallas Petroleum Club. Forty-five were in attendance at the dinner. The bride graduated from high school from First Baptist Academy of Dallas, and from University of Texas Health Science Center at Dallas. She is currently employed by Methodist Medical Center as a Clinical Nutritionist. The groom graduated from Winters High School and Baylor University with a BS. degree in Chemistry. He will graduate May from Southwestern Medical School in Dallas. Following a wedding trip to Acapulco, Mexico, the couple will live in Dallas. A Bridal Shower was given for Jennifer Ann Laycock and Jeff Russell on February 8, at the home of Mrs. Billy Joe Colburn. Hostesses were Mrs. Helen Smyth, Betty Byrns, Ruthie Beard, Brenda Bahlman, Horte Joyce, Nina Hale and Rhea Parramore. Saturday, March 8 at 11 a.m. a brunch was given for Jennifer Laycock, bride of Jeff Russell in the home of Mrs. Melinda Stone in Highland Park. Co-hostess was Mrs. Barbara Stone, attending were the bride's attendants and guest were, Mrs. Tommy Russell, Mrs. M. G. Middlebrook of Winters, Mrs. Ben Blade and Mrs. Winfred Rose of Fairfield

**Santos, Margarito Sanchez to celebrate 50th anniversary**

Santos and Margarito Sanchez on 50th anniversary. The celebration will be hosted by their children and grandchildren. Children are Trinidad Campos; Ray and Minnie Martinez, Margarito Jr. and Liza Sanchez, Jose Antonio and Mary Mendoza of Grand Fork, North Dakota; Raul and Esperanza Ochoa and Reynaldo and Yolanda Cavazos of Winters. He was born February 26, 1914 in San Antonio. Mrs. Sanchez was born October 7, 1919 at Poth. The couple met in Winter Heaven in 1930, and were married March 21, 1936, at Crystal City. They lived at Crystal City until 1945, when they moved to Winters. Sanchez is a retired farmer. The are members of Central Texas Opportunity, LULAC and Mt. Carmel Catholic Church, in Winters. They have 23 grandchildren.

Refreshments of coffee and cake were served by the hostess. Other members present were: Mmes. Ozie Stanley, Odessa Dobbins, Corra Petrie, and Margurite Mathis. The meeting closed with members repeating the Lord's Prayer in unison.

Scientists estimate that more than 5,200 animal species are being discovered each year, reports *Ranger Rick* magazine. More than one-and-a-half-million species have been found and named over the last 200 years...most of them insects.

How high can a grasshopper leap? Nearly 10 feet, thanks to a rubber band-like protein called resilin stored in a grasshopper's knees, reports *International Wildlife* magazine. Resilin has a returning stored energy value of 97 percent, which means a ball made of the substance would bounce nearly as high as you throw it.

In many developed countries, a person can easily use 150 gallons of water each day. Yet in many African countries, daily use can be close to two to five quarts per person, says *International Wildlife* magazine.

## Farming picture should improve

Prosperity likely won't return to agriculture for a few more years, but the picture could begin to improve with certain adjustments in policies and agricultural production. A lower federal deficit should bring lower interest rates, a weaker dollar and more competitive prices in the world market, says an economist with the Texas Agricultural Extension Service, The Texas A & M University

Cub bears are born toothless, fur-less and blind, and often weigh less than a pound, says National Wildlife's *Ranger Rick* magazine.

Americans have long been eating plant roots (carrots) and seeds (peas), so why not add flowers like roses and violets to the average diet? Many kinds of flowers are served around the world in salads, soups and as garnishes for their high content of vitamins and minerals, reports *International Wildlife* magazine.

## System.

Farm policies also are needed that adjust U. S. prices so that American farmers can compete in the world market. Strong trade agreements with trading partners are needed to assure farm export markets. Also, market developments should be targeted in countries that must import farm commodities, and new product sales to standing foreign customers should be encouraged, including more processed foods.

Good location, 3 BR, 1 B, fireplace, double garage on large corner lot.

## Turnrow Tidbits Second Annual Runnels County Cotton Information Day

### Don't Miss It!

You are cordially invited to attend the Second Annual Runnels County Cotton Information Day which will be held on Tuesday, March 25, at the Ballinger High School. An excellent program is planned with something for everyone!

The program will begin at 1:30 p.m. but booths will be open for visitation beginning at noon.

### The Latest Information

The producers' program, which will be held from 1:30-5:15, will consist of the following topics:

— Soil Fertility... Willis Gass, Dale Pennington, Texas Agricultural Extension Service, College Station

— Perennial Weed Control... John Bremer, Texas Agricultural Extension Service, Corpus Christi

— Historical Review of Cotton Insects... Knox Walker, Department of Entomology, TAMU, College Station

— Cotton Management for Maximum Yield... Dan Krieg, Department of Crop Physiology, TTU Lubbock

— Importance of Financial Statements... Walt Rieberg, The Uvalde Bank, Uvalde

These speakers are all known not only for the excellent information they present, but also for their speaking ability.

### Ladies, A Program Just For You

Ladies, we do hope you'll take some time off and attend the Cotton Day, too. While the men are hearing the latest technical information in the afternoon session, the following speakers will be presenting information to you.

— Using Accessories in Today's Fashions... Sharon Carter, Casual Corner, Dallas

— Home Furnishings... Lydy Tabor, Tabor Interiors, San Angelo

— Women in Agriculture... Sister Thomas More Betels, Silver Lake College, Manitowoc, WI

— Another Family Farm... Provided by the Lutheran Church, Winters.

You are welcome to attend whichever presentations appeal to you.

### Displaying Their Best!

Seed, chemical and equipment dealers will have booths set up displaying their best products. Representatives will be there to answer your questions. Booth visitation will be scheduled throughout the afternoon and prior to the meeting beginning at noon.

In addition to these booths, a sock knitting demonstration will be conducted by the Textile

Research Center in Lubbock. And American Cyanamid will have a miniature spray boom set up to demonstrate nozzle placement and the effects of bad nozzles on the spray pattern.

### Election Day

The uniform delayed planting date for cotton will be determined at the Cotton Info Day based on producer vote. The ballots will be cast just prior to supper.

Dawn Wood and Karen Braden have been going through leaf litter samples for the past three months looking for overwintering boll weevils. The number of live weevils found in samples this winter has been higher than we've ever found before. This really is no surprise considering the wet September, extended harvest and mild winter.

Since the number of weevils that survived the winter is unusually high, the beneficial effects of the uniform planting date will be more important than in the past several years when we've experienced very light pressure. Tom Fuchs will be addressing this problem at the Cotton Info Day and you'll want to hear his comments before you vote.

If you want to have a say in this year's uniform delayed planting date. BE THERE AND VOTE!

### Mmmmm, Good!

Supper will be furnished by the exhibiting seed, chemical, and equipment dealers. The supper will be catered by Randy McGowan's of San Angelo. Randy always does a good job, so expect a delicious meal!

### Grand Finale

The keynote speaker for the event is a lady you won't want to miss. Sister Thomas More Bertels, Professor of History, Silver Lake College, Manitowoc, Wisconsin, is dedicated to agriculture and not afraid of the problems we're facing now. She'll encourage you, inform you and entertain you. If you are involved in agriculture in any way, you'll benefit from hearing Sister Thomas Moore speak.

## Farmers union convention focuses on farm unity

Agricultural producers from across the nation have gathered this week in Spokane, Washington to confront the rural crisis facing America. Recognizing that the 1985 Farm Bill is inadequate and designed to reduce farm income, delegates to the 84th annual National Farmers Union convention met March 2 through 5 to write the organization's policy statement for the next year.

Joe Rankin, president of the Texas Farmers Union and leader of the Texas delegation made up of TFU members from across the state said family farmers are facing some of the toughest farm policy legislation in recent history.

"Conditions confronting family farmers have steadily deteriorated," said Rankin. "Farmers are having a tough time all over. I can tell you the prices Texas farmers are receiving are so low (30-50% lower

## Farm crisis requires family adjustments

The farm crisis is requiring some major adjustments by Texas farm families, says a Texas A & M University Agricultural Extension Service home economist.

Dorothy Taylor points out that the greatest adjustment for farm families is adapting to a reduced lifestyle. That may mean not having the cash to buy extra clothes for the teenagers, put the same type of food on the table, eat out, or travel long distances to shop at the city malls.

The family relations specialist says these families are also experiencing the stress of role changes. "Although almost half of farm women now work off the farm, even more will take jobs to help support the family," Taylor explains. If the farm wife, or her husband, does not want her to work away from the farm, it can create a strain. The farmer or rancher may also have to adjust to not having his wife as an important helper in the farm operation.

Some younger farmers and ranchers who planned to be in agriculture all their lives may find themselves having to adjust by retraining for different kinds of jobs they find less appealing and satisfying.

than in 1981 in some cases) that many can't service their debt, much less service cost of production, management costs, and return on investment."

Farm unity has been evidenced as Farmers Union leaders spanning the country have been addressed by an impressive list of policy leaders, international producer representatives and rural life experts during the 4 day event.

Echoing the sentiments of AFL-CIO president Lane Kirkland who said in his convention address on Monday that American laborers and farmers have been "left out of efforts to revitalize the economy," Rankin pledged the help of his organization in a continued statewide effort with rural businesses, consumer groups, and members of organized labor to return equity to rural America.

"The responsibility rest with all of us," said Rankin. "We must set aside our differences and work collectively to see that our goals in rural America are accomplished."

Benjamin Franklin was one of the first people to manufacture playing cards in America.

## Winters man named director to GSPA Board

In a recent election, Billy Russell of Winters, Texas was named Runnels County Director of National Grain Sorghum Producers Association. He will serve a two-year term. Russell will represent Runnels County to district GSPA board, work on sorghum production problems within the county and help build membership and leadership of GSPA. He is encouraged to appoint community representatives within the county to advise and assist him.

National GSPA was established in 1955 by grain sorghum farmers. The association's stated objective is: "To increase the profitability of grain sorghum production through market development, research and education and legislative representation." Nation GSPA has members in twenty-nine states with state organizations in Texas, Kansas, Nebraska, Oklahoma and New Mexico.

The main objective of GSPA has always been to work for better prices through market development. GSPA promotes sorghum in the export market through the U. S. Feed Grains Council and also conducts specific sorghum promotion which cannot be done by the Council. In the past year, GSPA and the Council have conducted sorghum promotion projects in Mexico, Egypt, Algeria and the PRC. Market development teams and market and feeding information have been exchanged with more than a dozen other countries.

## National Cotton Council launches beltwide campaign

With textile imports creating shock waves throughout the U.S. cotton industry, the National Cotton Council has launched a Beltwide campaign pointing up the importance of U.S. cotton textiles and apparel.

Built around a theme of "Grown and Made In The U.S.A.-It Matters," the campaign will encourage retailers to stock a greater percentage of U.S. cotton textiles and apparel, and urge consumers to purchase those products.

"Textiles imports are flooding into this country in unbelievably high numbers and taking huge chunks of our cotton growers' markets," said Lloyd Cline, a Lamesa, Tex., grower who is president of the National Cotton Council. "Half of all cotton textiles and apparel now purchased by U.S. consumers are imported- and what hurts is

GSPA promotes the use of sorghum in the U.S. by working with livestock feeding industries and sponsoring research and demonstrations to prove the value of sorghum. The association conducts conferences for livestock feeders and publishes information about sorghum's value and use.

National GSPA is the sorghum farmer's representative in the development and administration of farm programs. The 1985 Farm Bill, as originally announced, contained some regulations which would have been disastrous to sorghum producers. Through the efforts of the National GSPA, these provisions were removed. National GSPA was effective in stopping the enactment of CCC regulations which would have lowered the maximum moisture of CCC-stored grain from 14 percent to 13 percent.

Russell will serve as a representative of Runnels County to the district GSPA board in setting policies. His recommendations will be forwarded to the national board. Sorghum producers in Runnels County are encouraged to contact him with any recommendations, questions or problems about sorghum.

that most of the cotton in those products is foreign-grown."

Cline said textile imports threaten to disrupt the entire cotton industry. More than 250 U.S. textile plants have shut down, resulting in 200,000 jobs lost and another 500,000 job opportunities denied in the U.S.

fiber, textile, and apparel industries. If the recent textile import trend continues, Council economists say U.S. cotton growers will lose the domestic market for their fiber in just five years.

In Texas, that would mean the state's 16,000 cotton growers would suffer a market loss of more than 960,000 bales. Some 1,600 cotton farms and 100 cotton processing and handling firms would go under. A total of 5,900 jobs and \$305 million in state revenues would be lost.

The "Grown and Made in the U.S.A.-It Matters" campaign will be carried out through cotton wives clubs, cotton industry organizations, and agricultural groups with Council assistance.

The campaign is already underway in Mississippi, where cotton wives clubs are preparing to reach consumers and store retailers with their message. President Cline commended Mrs. Joy Barrett of Belzoni and Mrs. Janet Flowers of Tunica, members of the Delta Council Women's Steering Committee, for originating the idea of a campaign to encourage support for U.S. cotton textiles and apparel.

"If their brand of enthusiasm can only spread across the Cotton Belt, I believe we can win the war against imports," Cline said.

Our next super pest may be Mighty Moth. The U.S. Department of Agriculture reports that after four generations, the Indian meal moth, a pest in grain silos, has become resistant to the best-known moth-killing bacterium, says *International Wildlife* magazine.

LEADERSHIP YOU CAN COUNT ON

## MANSELL BROS.

Hwy. 53 West Winters, Texas

**Woman's Club to host annual tour of homes**

The Winters Woman's Club will sponsor the Annual Tour of Homes from 2-5 p.m. Sunday.

Tickets may be purchased for \$3 from club members, the Winters Area Chamber of Commerce and at any of the homes reflective of the various interests and lifestyles of the owners.

The homes to be featured belong to Mrs. Jerry Lloyd, 103 Mel Street; Mr. and Mrs. J. P. Dry, 511 Floyd Street; Mr. and Mrs. Bill Griffin, 603 Floyd Street; and Mr. and Mrs. Fred Watkins, located five miles east of Winters on FM 2607 (the old Winters Lake Road).

Refreshments will be served at the Fred Watkins home.

The home of Mrs. Jerry Lloyd, 103 Mel Street, what started as a small job turned into a complete remodeling project. Designed by Jeannie Minzenmeyer, the brick home with rough cedar trim was built strictly for comfort and convenience. The formal dining room features a built in china cabinet displaying Mrs. Lloyd's crystal collection, and one wall is done completely in mirrors for a very dramatic effect. The colors used throughout the house, seafoam green, ivory, teal, peach, and country blue, create a peaceful, relaxed feeling. Mrs. Lloyd's love of gardening is reflected in the bright sunroom and in the back yard with its new patio and flower beds. The home is filled with antique furniture,

glassware, linens, and other collectibles that the Lloyds have accumulated over the years. Although the home has every modern convenience, you truly can feel the past around you.

After living in Abilene for several years, Mr. and Mrs. J. P. Dry have returned to Winters. Their traditional styled home at 511 Floyd Street is nestled among the native mesquite trees. It was designed by Randall Underwood and built by Mike McDonald.

The spacious home contains 3500 square feet of very livable space. Mrs. Dry has chosen neutrals with accents of navy, brown, and coral for the colors throughout their home.

The den features a cathedral ceiling and in the living room and dining room Queen Anne style furnishings were chosen.

The beautiful leaded glass front doors create a very inviting atmosphere to this most unique home.

The Griffin home at 603 Floyd Street was designed by Architect Randall Underwood, who is formerly of Dallas, Texas. The traditional style home was built in 1985 by the Griffin's contractor Mike McDonald, of McDonald Construction, Winters, Texas. Both the contractor & the Griffin's strived for the highest energy efficiency possible as they built this 2000 sq. ft. home, that has many points of interest. High lighting the Master Bath

is a 5' X 5' glass block window that brightens the room while showing off the large clear glass shower, a garden tub, & the many reflections of the mirror strips that are throughout the bath.

The 3rd bedroom of the home was made into a study. Mrs. Griffin designed & decorated this room with her husband in

doors give ready & easy access to the patio & hot tub areas.

The floor plan allowed Mrs. Griffin to use 3 different color schemes when decorating the home. Federal blue, pinks, & mauves were her choice in the master bedroom & bath area. While beige, rust, & shades of green, were used in the guest wing of the house. Peacock

features the family room, dining room, and kitchen surrounding the garden room. It is white throughout and accented with earth tones and wall coverings.

Skylights are used for light control. It has 3 bedrooms and 2 1/2 baths. The large entry contains a very special piece of furniture. It is a marble top dresser which belonged to the great-grandfather and great-grandmother. The Watkins have had it redone for this special place in their home.

The exterior of their home features long and wide porch overhangs to create ideal areas for activity, and to increase the energy efficiency of the home.

**New products can keep wood looking natural**

Wood siding and decorative trim are once again becoming popular in Texas, but their natural beauty and color usually fade quickly. Most natural wood stains, water repellents and preservatives don't contain the necessary combination of chemicals to control both weathering and mildew which are major problems in Texas. However, two products tested at the Texas Forest Service's Forest Products Laboratory at Lufkin are showing excellent results, says a wood products specialist with the Texas A&M University Agricultural Extension Service.

The home of Mr. and Mrs. Fred Watkins, located on FM 2607 on the old Winters Lake Road is in a beautiful rural setting with a magnificent view from every direction. Their traditional style home was designed by Randall Underwood and built by Mr. Watkins. The home with 2700 square feet,

**Womans Club met**

**We put Freedom back in agriculture**

**SOON THERE WILL BE ONLY TWO KINDS OF CROPS IN THE COUNTY: INSURED AND UNINSURED**

With all of the improvements made in the comprehensive insurance policy for 1986, you can now say goodbye to the constant risks and worries that go with an uninsured crop. As you know, an uninsured crop is only a "maybe" source of income. Income to pay expenses, to repay loans, and to farm again next year. It's financial security and peace of mind.

Discover for yourself how much protection you can now qualify for. And how affordable the protection can be. But do it soon. The deadlines to apply for comprehensive insurance are rapidly approaching. Call today!

**8th grade thinclads set meet records at wall**

8th grade boys set 6 meet records in winning three trophies and the team championship at the Wall Jr. High meet, March 14.

The 8th grade boys amassed 192 points to beat their closest rival by 90 points in winning the meet. There were some outstanding efforts at this meet as our boys set a total of 6 new meet records.

- Record Performances:**  
 Pole Vault 1st place tie - new meet record 10'0" set by Richard Bryan  
 400 relay 1st place - new meet record 48.75 Richard Lett, Don Patton, Ruben Hernandez and Jeremy De La Cruz  
 600 M. Dash 1st place - new meet record 1:35.91 set by James Salazar  
 100 M. Dash 1st place - new meet record 12.1 seconds set by Don Patton  
 200 M. Dash 1st place - new meet record 25.22 set by John Salazar  
 1200 M. Relay 1st place - new meet record of 2:44.34 (new record by 4 seconds) Don Patton, Jeremy De La Cruz, John Salazar, James Salazar  
 Other outstanding performances:  
 Shot - 3rd place - 39'9" - Richard Lett  
 High Jump - 1st place - 5'4" - Jeremy De La Cruz  
 2nd place - 5'2" - Ruben Hernandez  
 4th place - 5'2" - John Salazar  
 Long Jump - 3rd place - 16'8" - James Salazar  
 5th place - 15'8" - Don Patton  
 Discus - 1st place - 123'0" - Richard Lett  
 2nd place - 115'6" - Gibo Lujano  
 4th place - 110'1" - Don Patton  
 110 Hurdles - 2nd place - 20.36 - Jimmy Ripley  
 4th place - 20.41 - Elizer Rangel  
 300 M. Dash - 2nd place - 48.49 - John Salazar  
 4th place - 50.08 - Richard Lett  
 1200 M. Run - 4th place - 4:18.36 - Richard Bryan

**Total Teens met**

The Total Teens met Sunday, March 9 at 2 p.m. in the home of Neil Brown.

Estelle Bredemeyer, from Peoples national Bank gave a program on "Financial Planning and Money Management." Refreshments were served by hostesses, Ginny Jones and Heather Brown, the business meeting followed. Plans discussed were: upcoming hayride, Easter bake sale, the buying of two beeper systems for loaning to elderly of our community, and the voting in of Melissa Hatler to membership.

Members present were: Christi Awall, Linda Billups, Tammy Belew, Debra Blackshear, Heather Brown, Landa England, Tracey Grantam, Christi Hilliard, Rebecca Moore, Michale Prince, Noisa Prince, Leslie Pruser, Michelle Wheeler, Mary Jane Blackshear, and Janice Pruser.

**Winters 4th Six Weeks honor roll**

Fourth Grade: Jennifer Boies, Angela Bryan, Loma Patel, Melissa Tischler, Kristin Deike, Jessica Epperson, Wesley Hart, Elvia Moreno, Tandy Reagan, Leslie Webb, and Chris Wolfenden.  
 Fifth Grade: Ashley Alicorn, Justin Hooper, Jamey West, Jimmy Hernandez, Sara Jackson, Susan Leady, and Tanya Brockington.  
 Six Grade: Kimberly Deike, Stacie Wheeler, Richard Barthelmy, Susan Bryan, Jennifer Harrison, J. J. Michaelis, Paige Polston, and Carrie Smith.

**8th grade boys 2nd at Ballinger Relays**

The 8th grade boys lost the team championship at Ballinger March 15, by only 9 points.

We scored 169 points to Ballinger 178 points. This meet was held on Saturday which was the day after the Wall meet and our kids were really tired, but they came through with a great performance. This back-to-back relays was really a good test for our athletes and in the weeks to come it will help us a lot. This is not to take anything away from Ballinger's performance because they were just great and they should be congratulated on their win.

- Winters places and times:**  
 Pole Vault - 1st place - 9'0" - Richard Bryan  
 High Jump - 2nd place - 5'4" - Ruben Hernandez  
 4th place - 5'2" - Jeremy De La Cruz  
 5th place - 5'2" - John Salazar  
 Long Jump - 3rd place - 17'5 1/2" - James Salazar

# Obituaries

## Arnulfo Lara

Arnulfo De La Santos Lara, 17, of Winters died at 10:45 p.m. Wednesday at Hendrick Medical Center in Abilene after an extended illness.

He was born October 7, 1968 in Winters and had lived at the Abilene State School for the past 13 years. He was a member of the Assembly of God Church.

Survivors include his parents, Mr. and Mrs. Arnulfo Lara of Winters; two brothers, Enrique Lara and Esequiel Lara both of Winters; four sisters, Marina Marrera, Marta Nava, Melissa Lara, and Ramona Lara all of Winters; his step-grandmother, Maria Lara of Paint Rock.

Prayer service was held Thursday at 7:30 p.m. in the Winters Memorial Chapel with Daniel Palomo of Ballinger Assembly of God Church officiating.

Graveside services were held Friday at 10:30 a.m. Friday at Lakeview Cemetery under the direction of the Winters Funeral Home.

## Edythe Stout

Edythe Marie Stout, 69, died Tuesday at a Robert Lee hospital after a short illness.

Services were held 3 p.m. Wednesday at the Bronte Baptist Church with the Rev. Terry Cosby officiating.

Burial was in Bronte Fairview Cemetery under the direction of Shaffer Funeral Home.

A Batesville, Arkansas native, he a member of the First Baptist Church.

Survivors include her husband, the Rev. Wayne N. Stout of Bronte; a daughter, Carolyn Sandefur of Lubbock; a sister, Ollie Vaughan of Borger; and four grandchildren.

## Delbert Teague

Delbert G. Teague, 72, died Sunday at a Santa Anna nursing home.

Services were held at 1 p.m. Tuesday at Santa Anna Cemetery, under the direction of Henderson Funeral Home.

He was born in Wingate and lived in the Abilene area most of his life. He was a road construction worker and a member of the Baptist Church.

Survivors include two sons, Guy Teague of Clyde and Jackie Lee Teague of Sweetwater; two sisters, Hurmey Pearse of Ballinger and Dorothy Ponder of San Angelo; and two brothers, D. L. Teague and Clifton Teague, both of Abilene.

## Anna Moats

Anna Moats, 95, of Ballinger, died in the Canterbury Villa Nursing Home in Ballinger, Friday, March 14, 1986, at 10 p.m.

Anna was born August 19, 1890 in Browns, Illinois, she was a former resident of Detroit, Michigan, moving to Ballinger in 1985. She served as a Army Nurse in World War I, and was a member of the Methodist Church.

Survivors include two nieces, Nancy Masters of Ballinger, and Pricilla Petinaraki of Greece; five grand-nieces and nephews.

Graveside services were held Monday at 11 a.m. in Graceland Cemetery, Albion, Illinois.

The human brain is a wonderful thing. It starts working the moment you are born and never stops until you stand up to speak in public.

George Jessel

## Flags will be flying for drama "Texas"

There will be flags flying when the musical drama "Texas" comes of age and opens its 21st season on June 11, 1986, this year of the Texas Sesquicentennial.

On stage are eight Texas flags — and the flags of the six nations which have flown over the state: the Castle of Spain, the Fleur de lis of France, Green, White and Red Bars of Mexico, the Lone Star of Texas Independence, the Crossed stripes of the Confederacy and the Stars and Stripes.

On the grounds will be the flags of each of the States, and copies of the ten most famous battle flags which Texans carried, which have been especially reproduced for the anniversary.

In this 150th year after the Texas revolution, the whole state is celebrating the Texas story, and the musical drama "Texas" will be one of the clearest focuses on the Panhandle part of the state in the early days.

When you come, you will learn what the land was like, what people did to it and what it did to people. You will see joy and struggle, drouth and plenty, people opposed to each other and then reconciled, told in dancing, singing, strong drama and septetacular sound and light.

Played against the 600 foot wall of the magnificent Palo Duro Canyon which forms a backdrop for the stage, enriched by the perfect acoustics in the sound chamber which the canyon walls form, this story of the ranchers, the farmers and the coming of the railroad draws you in, until you seem to part of this play.

Come and see for yourself. For tickets write Box 268, Canyon, Texas 79015 or call the "Texas" office 806-655-2181. It is good to make reservations in advance.

Season runs June 11 through August 23 in 1986 and runs nightly, except Sundays, at 8:30 p.m. CDST.

Theatre patrons may enter the Park with entrance fee from 5:30 p.m. on.

## Thank You

Perhaps you sent a lovely card, or sat quietly in a chair. Perhaps you sent a floral piece. If so, we saw it there. Perhaps you gave a memorial gift to be used for the good of God or man. Perhaps you spoke the kindest words that any friend could say. Perhaps you were not there at all, just prayed for us that day. Perhaps you brought a special dish, to give us sustenance for the day. For the things you did to console our hearts, we thank you so much, what ever the part.

We also wish to give a "special" thank you to the Kiser family for all their hospitality extended to our entire family. Their help and especially their love will always be in our hearts. May God bless each of you.

Mrs. Arthur "Ola" Webb, Pauline Kiser, Jean Graham, Diane Reininger, Lindy Crank, James, Bob, Cecil, Alvin, Danny, and Junior Webb and families

## 8th grade girls at Ballinger Relays

The 8th grade girls improved in all areas of the meet and brought home a lot of ribbons. The girls also ran Friday at Wall and they also felt the effects of running two days in a row. Scoring 61 points to finish in fourth place.

## Digital Timers

Betty Gray LVN nursing director at the Senior Citizens Nursing Home and J. L. Shaw each point to a different type of timer placed at the door of many of the rooms at the nursing care facility

## Timers given test by Nursing home

Better quality of care is the aim of the Senior Citizens Nursing Home.

Digital timers were given a test run January - February, for six weeks, a month ago, with hourly care to certain residents. There was such a marked improvement to those individuals that not only hourly but two hourly timers was installed the 1st of March.

This is the first nursing home known to have installed timers to aid in the health care of bed-fast patients.

There are two types of timers. 1) for those who need more frequent care (the one hour timer) 2) for those who need routine of a minimum of every two hours.

The timers act as a REMINDER, WHEN EVERY ONE IS BUSY, to turn or care

## Camps for older Texans at 4-H Center

Five special camps for people aged 55 and older will be held in the coming weeks at the Texas 4-H Center 11 miles north of Brownwood.

The sessions will be April 8-11, April 15-18, April 22-25, April 29-May 2 and May 6-9.

Educational programs will deal with horticulture, insurance, entomology, gardening, and foods and nutrition, says a 4-H specialist with the Texas Agricultural Extension Service, The Texas A & M University System.

Various recreational activities also are planned.

for the resident in need of immediate personal care.

The first three were installed by the nursing home, the remainder were purchased by the families of Senior Citizens group. The group held a Bake Sale with great success and now are planning a garage sale.

Lord, when we are wrong, make us willing to change. And when we are right, make us easy to live with.

## Crews

By Hilda Kurtz

The best way to get your child's attention is to sit down and look comfortable.

Abe Giles came by to see Wilbert and Fairy Alcorn Saturday from Brownwood. Fairy's brother, Lloyd Giles was admitted to the North Runnels Hospital, then transferred to an Abilene Hospital, then on to Baylor Hospital in Dallas, where he had open heart surgery and is seriously ill.

Kat Krissom was admitted to the Ballinger Hospital on Tuesday and spent several days in intensive care, reports are he is recovering nicely.

Hopewell Church visitors were Melinda Kraatz, Walter Pape, Jr., Stephanie and John McGallian, Mr. and Mrs. Lovey Lockney.

Ronald and Eugenia Hill, Sweetwater, spent Friday with the Robert Hills.

During the week with Mrs. Effie Dietz were, Steven Nelle, San Angelo; Wayne Griffin, Ballinger on business; Mr. and Mrs. Travis Downing, Winters; Clarence Hambricht; and Nila Osborne. Effie made a few pop calls to Inez Hambricht, Mr. and Mrs. Dayton Smith, Ballinger, the Carl Baldwins, the Clarence Hambrichts, and Selma Osborne, Winters.

Nila and Therin Osborne and I visited awhile with Tenny and Burly Campbell Tuesday evening in Ballinger, also with Kat Grissom in the Ballinger Hospital, later we enjoyed the Ballinger Co-Op fish supper.

Corra Petrie and Hazel Mae Bragg attended the baby shower for Mary Louise, daughter of Bro. and Mrs. Gary Turner in Winters Saturday, afterwards they attended the all day prayer service.

Bro. Oscar Flanning and Rodney Faubion visited with Kat Grissom in the Ballinger Hospital Thursday.

Mrs. Amber Fuller visited with Mrs. Gladys Mathis on her birthday. Happy Birthday Gladys.

The Rodney Faubions honored Noble Faubion and Melinda Kraatz on their birthdays Sunday with a dinner. Present were, the Jerry Kraatz family, Steven Spill and Kyle, Walter Pape, Jr., Santa Anna, Bradley and Ruth Pape, Amantina, Melissa and Harvey Mae Faubion.

Noble and Harvey Mae Faubion spent Monday in San Angelo, both for checkups with their doctor. On Wednesday Walter Jr., Noble and Harvey Mae ate out and enjoyed good fish in Winters.

During the week with Doug and Laura Bryan were: Dewitt, Lelon, Brent, Cheryl, Susan and Angela Bryan, Missie Bloomer, Kelly, Vicki and Alex Blackerby.

Nila Osborne and Bernie Faubion visited friends and neighbors Wednesday. They visited with Mr. and Mrs. Burley Campbell, Ballinger, Pat and Allen Bishop and Lawan and Coleman Foreman.

Bernie Faubions and I ate breakfast with Nila Osborne Friday, afterwards we made friendship quilt blocks.

Thursday Mr. and Mrs. Obed Fuller, Jamie and David Cauchon and Amber Fuller had lunch at the Gallery in Coleman.

Obed, Fuller and Jamie Cauchon were honored on their birthdays with supper Friday night in the home of the Johnnie Mathis family in Abilene. Present were: Amber Fuller, Louise and L. C. Fuller, Mr. and Mrs. Johnnie Depson, Aaron and Isaac, and a friend from San Angelo.

Viola Foster, Selma Osborne, Karen Wesley, John and Stephanie McGallion ate dinner Sunday with Nila and Therin Osborne.

Reynold Bradley of Tucson, Arizona, once a resident here, passed away last week. He has

## Blizzard Varsity boys win first place in Santa Anna Black Magic relays

The varsity boys track team won the Varsity Boys Division I title at Santa Anna last Saturday, March 15. At the meet were 16 varsity boys teams; Dublin, Baird, Abilene Christian, Throckmorton, Santo, Santa Anna, Lohn, Cross Plains, Lometa, Eula, Gorman, Evant, Rising Star, Novice, Blackwell and

Winters. The five teams were: Winters (85), Abilene Christian (63), Santo (57), Santa Anna (54) and Dublin (42).

"This is the first time since the late 1960's that we know of that a varsity boys track squad has won a major meet from checking records and asking people in the community. Coach Randolph and I would like to know if anyone has information that could tell us of anymore first place meet championships. Our team did a good job today overall, and we really improved since last week at Anson meet (3-8-86). Our only Weakness in the meet Saturday is that our 400 relay team dropped the relay baton due to one of our runners who slipped on the track."

**Final Results:**  
Discus Austin 146' 9 1/4" 1st  
Trevinno 134' 3/4" 2nd  
Shotput Austin 44' 2" 3rd  
Long Jump Baker 18' 8 1/2" 5th  
Bean 18' 5 1/4" 7th

Pet. No. (Nu. de precincto) 200-905  
Location (Colocacion) Wingate School (March 20, 1986)

No man can do me any good by loving me; I have more love than I need, or could do any good with; but people do me good by making me love them - which isn't easy.

John Ruskin

Notice is hereby given that the City of Winters, a municipal corporation of Runnels County, Texas, will hold a Public Hearing April 7th, 1986, at 6:15 p.m., in the Council Chambers of City Hall. The purpose of the Public Hearing will be for annexing the parcel of land described below. All persons who are interested in expressing their opinion are invited to attend the Public Hearing.

All that certain lot, tract or parcel of land, lying and being situated in Runnels County, Texas, and being a lot 75' North and South by 64' East and West out of the Northeast corner of a 20 acre tract out of the Noah Scott Survey No. 517, Abstract No. 442, being part of the property described in a deed executed by Vaughn District Co., Inc. to E. E. Vaughn, dated July 12, 1968, and now of record in volume 409, Page 127, of the Deed Records of Runnels County, Texas. (March 20, April 10, 1986)

## NOTICE OF PUBLIC MEETING

The staff of the Texas Air Control Board has announced that a public meeting has been scheduled to discuss the possible effects on air quality that a modification in paint-spray methods proposed in permit application C-9810 to be located at 305 N. Frisco in Winters, Runnels County, Texas may have. The public is invited to attend and to participate in the meeting. The staff of the Texas Air Control Board will attend. Representatives of John's International, Inc. have been invited to participate in the discussion. The meeting will be held on March 27, 1986, at 7:00 P.M. at the Winters Community Center on the Novice Highway (FM 1770). Persons desiring more information about the meeting should contact Debra Barber, Director, Region 1, 1290 South Willis, Suite 205, Abilene, Texas 79605, Telephone (915) 698-9674. (March 20, 1986)

some cousins living here, he was buried on Friday. He was the son of Chester Bradley.

Marion Wood came home Sunday after several days in the Coleman hospital. During the week with the Wood's were: Mr. and Mrs. Maloy Bryant and boys, Mr. and Mrs. Jeff Camron and baby, formerly of Coleman, now moved to Big Spring.

Katherine and Max Thomas of Dallas spent the weekend here with her parents, Mr. and Mrs. Kat Grissom. Phylis Byrd, Abilene, also came to be with dad, Kat Grissom, who is improving nicely and may come home during this week.

## Learn to eat right

Learning how to use the basic food groups to eat well-balanced diet and to follow an exercise program that fits their lifestyle is the key to permanent weight loss for most dieters, says Texas A & M University Agricultural Extension Service nutritionist Dr. Alice Hunt. The Extension Service has a 1986 z"Fit For All Seasons" calendar available which can help dieters plan a sensible weight-loss diet and exercise program for the remainder of the year. It can be ordered for \$2.00 by check or money order from the Texas Agricultural Extension Service, Reed McDonald, Rm. 101, Texas A & M University, College Station, Tx 778-2113. County Extension offices will also have free publications on nutrition, meal planning and family fitness. Many county Extension home economists are conducting educational programs on nutrition and fitness, since excess weight is a major health risk factor affecting the well-being of Texas families, she adds. For information about local programs, contact your county Extension office.

How much are a city's trees worth? In Salt Lake City Utah, the estimated 100,000 trees on public property alone are worth more than \$105 million, reports National Wildlife magazine. An urban forester made the calculations in an effort to support the city's tree care improvement plans.

The first art of being a parent consists in sleeping when the baby isn't looking.

## GEORGE WARNER SORGHUMS

**W-685-DR**  
A medium early maturity that is resistant to Downy Mildew and Anthracnose and also tolerant to maize dwarf mosaic. It is also a good drought tolerant variety, that is very adaptable for this area.

**R. C. Mitchell STANDMASTER**  
STANDMASTER is a hybrid grain sorghum that has developed on our farms for those who want good yields, outstanding standability and one that will stand a shortage of water if necessary. The short stiff stalk helps it wait for the combine. Standmaster matures in 105-110 days depending on the environment. This has been a big dependable winner in the Rolling Plains and will do well in many areas of Texas.

**SURCROSSE SORGO-SUDANGRASS**  
A sorgo-sudangrass hybrid that makes excellent grazing and hay. Seedlings get off to a fast start and regrowth is rapid after grazing or cutting. Surcrosse has a vigorous root system and makes efficient use of moisture and fertilizer, both parents are sweet and Surcrosse is truly sweet, fine-stemmed and palatable.

**SWEET BEE FORAGE SORGHUM**  
A medium maturing grain producing forage sorghum hybrid, juicy and sweet stalks. Adaptable for both irrigated and natural rainfall areas. Medium height. Sweet Bee was developed to serve as a forage replacement for hego, sorum and other sweet sorghums. Excellent for green chop, ensilage, and hay as well as summer or winter graze out.

**Wait —**  
hunting horn appended. The mellow notes were issuing from the instrument, the gold tassels were flying and the dogs were barking joyously.

Old man Hogan, who hadn't drawn a sober breath in 15 years, was sitting on his porch as the spectacle swept past him. He gave up whiskey that day and later became active in the temperance movement.

**IT WAS GOOD AND DARK** by the time Horace and the dogs reached the Intracoastal Waterway. The bridge tender, who was running for sheriff of Chowan County and was heavily favored to win, heard the horn and thought a boat was coming.

He hurriedly raised the bridge. Horace galloped right up the span, sailed off into the water and drowned. The pack of dogs went right in behind him, but they all swam to safety. The hunting horn went down with Horace and was never recovered.

**Class of 1976 plans reunion for June**

Members of the 1976 Graduating Class of Winters High School are planning a 10 year reunion.

The date has been set for June 21, 1985, the Winters Country Club has been reserved for the occasion.

Addresses are requested from members whose families have not been contacted. A letter detailing available plans will be sent to each address.

Those who know where members may be reached may contact the following: Becky Airhart, Box 96, Wingate, Texas 743-2169 or Emily Hall, 301 Paloma, Winters, Texas 754-5189.

Stories spread fast in that part of the country, and by the next morning, which was election day, everybody knew what had happened.

**THE BRIDGE TENDER** received exactly seven votes—one from himself and other six from close relatives.

Political analysts interpreted the election as follows: The people figured that any man who didn't know the difference between a boat coming up the waterway and a mule with a horn up his rear end wasn't fit to hold public office in Chowan County.

The only difference between them and us is that we probably would have had the bridge tender appointed head of some state agency to get him out of the way and then elected the mule.

**Teens —**

telephone, and a button that is carried by an individual. When the button is pressed, the base unit will automatically dial a telephone number and deliver a pre-recorded message that help is needed by that person.

The unit can be programmed to hold several telephone numbers and, when activated, will continue to call the numbers until it gets an answer.

Due to a time limitation, The Total Teens can take orders and donations only until Tuesday, April 1. The units regularly sell for about \$300 but, for this short period of time can be purchased for about \$88.

Sponsors of The Total Teens, Janice Pruser and Mary Jane Blackshear said that plans call for two units to be purchased by the group to be made available to persons in need of such assistance and unable to afford it.

These units will be placed with the individuals in need following a screening by the EMT Association.

The sponsors emphasized that this is a one-time opportunity and urged anyone interested in purchasing a unit to contact The Total Teens at 754-4120 or 754-4688.

Units such as this can be used when a person is injured or becomes too ill to get to a telephone and could be used to summon aid in time to save a life.

**Snake —**

O. H. Ivie, general manager of the CRMWD, said that a number of individuals had indicated they planned to appear, including Congressman Charles Stenholm. If proceedings cannot be completed in one evening, they will be continued to the following day.

Meanwhile, one other threatened species dropped out of the picture. Co. A. J. Genetti Jr., commander of the Fort Worth district for the Corps, none of the fine alluvial soils essential for the weed is in the basin and that its two habitat areas are upstream well above maximum flood level for the reservoir.

He urged the USFWS to expedite field work concerning the snake and habitat and to make mitigation recommendations which were due in January.

The snake, a spotted brownish creature about 28 inches long, has been found on the Colorado River from Robert Lee to Buchanan and on the Concho River from San Angelo to confluence with the Colorado.

It is a subspecies of Nerodia harteri and differs from the Brazos water snake, once listed

as threatened but later found to thrive in Possum Kingdom and Grandburn Lakes, only in scale configuration and a somewhat more pinkish under-belly.

Its habitat is said to be shallow riffles where it forages on minnows and propagates. No claims are made of contributions to the ecology.

The USFWS has 365 days from the Register publication date in which to make recommendations. The CRMWD Feb. 10 exercised its option to ask for a hearing. The service claims that Stacy would eliminate about 46 per cent of the species.

While finding that Stacy may adversely affect the snake, the Corps looked at several alternatives, including other possible sites. None was found feasible, except Winchell downstream and would cost some 25 per cent more not including an annual \$2,000,000 additional power bill.

**Council —**

four or five bids. The bid was submitted by George Mostad of Bedford-Norman Insurance Agency in the amount of \$31,752.

The council noted that the amount of the insurance premium was approximately 36 percent higher than was paid last year.

Officials said that it had been anticipated that insurance premiums would be as much as 50 percent higher. Some cities have been faced with increases amounting to hundreds to thousands percents.

The council had budgeted of 30 percent in the insurance costs but had anticipated a 50 percent jump.

The council set a date for a public hearing on the requested annexation of property owned by Tom Poe in North Winters. The annexation is mandatory

**Lowake man dies in motorcycle accident**

A 34-year old Lowake man was killed in a motorcycle accident about 12:15 a.m. Monday on FM 381 about 2 miles north of Eola in Concho County.

Bruce John Anderson was dead on arrival at Shannon West Texas Memorial Hospital in San Angelo, a spokesman for the Department of Public Safety said. Services are pending at Johnson's Funeral Home in San Angelo.

Traffic investigators said Anderson suffered multiple in-

juries when the 1970 BMW motorcycle he was driving veered off the highway and went out of control.

The vehicle turned over several times before coming to a stop 412 feet from where it left the highway, the DPS said.

Anderson was not wearing a helmet, Texas Highway Patrolman Joe David West reported.

**School schedules pre-registration**

Pre-registration for 1986-87 Pre-Kindergarten and Kindergarten students has been scheduled for Thursday, April 3, at 7:00 p.m. in the Elementary Library. Parents of children who will be four (4), for Pre-K, or five (5) for Kindergarten, on or before September 1st should bring BIRTH CERTIFICATES (hospital or church records) and IMMUNIZATION RECORDS. Those students not enrolled in Kindergarten and who will be six (6) on or before September 1st should also register for the first grade.

PRE-KINDERGARTEN — a four-year old child shall be eligible for pre-kindergarten if he/she is unable to comprehend the English language or is from a family whose income is at or below subsistence level. Pre-Kindergarten classes shall be offered for one-half day.

It is VERY IMPORTANT that all students should be registered. The school needs to determine the number of Pre-Kindergarten, Kindergarten and First grade teachers that will be needed for 1986-87.

Children do not need to attend but parents ARE necessary.

**Ace at Winters Country Club**

Scott Hall aced the Par 3 number six hole Sunday.

Playing with Scott was: Frank Davis, Wayne Poehls, Russell Stone, Kenny Gibbs, Michelle O'Neal, and Brandon Poe.

**Lutherans ARE NOT THERE YET**

But we are on the way. Luther wrote: "This life therefore is not righteousness, not growth in righteousness, not health but healing, not being but becoming, not rest but exercise." We are not yet what we shall be, but we are growing toward it. This is not the end, but it is the road. Lutherans are not there yet, but we are on the way. And the way is Christ. Come on the way with us. The Lutheran Church Welcomes You.
