What Good Are Sports?

Have you ever wondered just what the purpose of sports in our high school is? There are several purposes. First, it is one of the best opportunities you will ever have to learn real sportmanship. If you have ever played in any kind of ball game, you will probably be the last to boo the referee because you can better understand what a job he has. Too you can understand if a player is "off" better than someone who has nev-

er been in the same position. Second, it furnishes a wholesome entertainment. Third, it puts us in good condition physically and mentally. Usually, the people who participate in sports are the ones who are healthier than the others. Fourth, you meet people from other schools and sometimes gain lifelong friends. Considering these four things, we should all want sports in our school.

Twirp Season

The F. H. A. met Monday night, November 17, at 6:30 P. M. in the study hall. President Mary Nelson called the meeting to order. We discussed and voted on having "Twirp Season," starting Friday, November 20-27.

Also we voted to have "Hobo Day" Saturday, November 21. So if you have some job to be done, call 108W. Saturday morning between 9 and 11 o'clock, each girl is to turn in 50c for her part.

Or Dec. 5, the F. H. A. girls are going to have a chili supper. So be planning to come. We will give more informatin of this later.

Boys, lets' remember to make the girls go the bills for the week of Nov. 20-27. Girls get a date and show the boys a good time.

Senior's Who's Who

Anytime you have fried chicken to eat, and need two for company, Raneal Ivey would be glad to fill in, for that is her favorite food.

Raneal has attended Dimmitt schools for the past nine years. Her favorite subjects are chemistry and band. Raneal also sings in several organizations: the Farm Bureau Chorus, School Choir, Church Choir, and she also sings solos.

Her pet peeve is: "People who think they are better than I am." She spends her pastime reading.

Her favorite actor is Robert Waggoner and her favorite actress is Susan Hayward.

Football Party

For the first time this season the Band Pep squad, and football boys were together following the Springlake-Dimmitt game. The Band and Pep Squad arranged for the cheese, ham salad, tuna, and chicken salad sandwiches and cookies, and the Coaches supplied the iced tea. The Band and Pep Squad arrived before the football boys, and prepared the "cats" for the party. When the football boys arrived the party began, and according to the amount of sandwiches, cookies, and tea that were consumed, everyone enjoyed the party immensely.

Bells And Beaux Enjoy Sea Life At Best Beau Banquet Saturday

The most exciting day of the F. H. A. year was Saturday night, November 14, 1953, when each F. H. A. girl was escorted by her Best Beau to a banquet held in their honor in the cafeteria.

The theme, "Sea Life," furnished definite ideas for decorations for the annual Best Beau Banquet. As one came up the sidewalk to the west door of the cafeteria, the first thing he noticed was the aqua and white crepe covering the stair railings and the silver tire with the words "D. H. S. Sweethearts" printed on it. The walls of the cafeteria had crepe paper rope and stereofoam archors hung from the braces. The tables were laid with white banquet paper and had aqua crepe paper cut to represent waves down the middle of the tables.

The light fixtures were covered with blue cellophane paper which gave an exciting blue light to the room. The piano was decorated with stereofoam "fish."

The Blowfish, Mr. Ralph Smith, the toastmaster, kept everyone in good humor with his jokes about the couples and also the stags who were there. The invocation was given by old Sea Lion Supt. R. S. Vestal. A Star Fish and an old King Fish, Mary Nelson and Joe Nelson, presidents of the F. H. A. and F. F. A. gave the welcome and response. Two Sea Gulls, Myrtle Trimble and Barbara Rogers, sang, "Deep River" and "November in the Rain."

The Octopus, an octette composed of Louise Simpson, Gail Cooper, Bennie Gollehon, Bryce Dowell, Nancy Neumayer, Nelda Bagwell, Edgar Dennis, and Jerry Vandiver, accompanied by Judith Cleavinger, sang "Anchors Aweigh," "Harbor Lights," and "Blow the Man Down."

The F. F. A. and F. H. A. sweethearts were announced as being Mary Coke and Gale Sadler. The names of the sweethearts were kept a secret until the time of the coronation. Mary Nelson and Joe Nelson crowned them with the unusual gold crowns and the crowd sang "Let Me Call You Sweetheart." The octette dedi-

cated "Because You're Mine" to the sweethearts.

The speaker for the affair was the Crab, Cecil Massey, of Hereford. His speech was humorous and entertaining and was serious and well arranged. Everyone enjoyed it immensely.

The benediction was given by the Cod Fish, J. W. Sollis. As everyone was leaving, two huge balloon bags were opened and blue and silver balloons floated down to the guests waiting to receive them. Bidding one another "Good Night," the Best Beau escorted their Best Gals from the banquet hall and to further entertainment for the evening.

For the half-time activities at the Dimmitt-Springlake football game Friday night, the Dimmitt Band put on "The Stephen Foster Story." The band marched on the field playing "Old Folks at Home"—march. At midfield they marched into a house formation and played "Old Kentucky Home" and "The Band Then Marched into a Banjo formation and played "Old Black Joe." The group next marched into a stage formation and played "United Nations"—march and marched off the field.

"B" Team Has Successful Season

The Bobcat 'B' football season has been one of success. The boys gained experience that will later prove very valuable to them as they move up to the A team. The boys that played on the 'B' team ball were as follows: Jimmy Butler, Don Mobley, Jerry Brown, O. C. Renfro, Don Sheffy, Don Cheek, Wayne Collins, Van Conrad, Carrol Herring, Billy Gafford, Jimmy Manning, Don Howell, Leon Crum, William DiCuffa, Jimmy Johnson, Danny Bruton, Edward DeLozier, Richard Hunter, Douglas Moke, Donald Curry, J. C. Newton, Monty Boozer, Ronny Nelson, Byron Tate, Cecil Poe, Donald Cook, Rlyne Dunn, David Bull, Gene Goodwin, and Howard Smithson.

Many of these boys will see plenty of action with the first team next year as 14 lettermen are graduating.

Last Football Pep Rally

The last football pep rally of the 53-54 football season was held in the D. H. S. auditorium. The player's dads were guests at the rally and sat with the boys.

The freshman class presented a comedy skit entitled "He ain't Done Right By Nell." The characters were: The farmer—Edward DeLozier; Nell—Mary Coke; the villain—Leon Crum; and the Sheriff—Keith Taylor.

Mr. Vestal talked on school traditions in his pep talk. Coach Fields outlined the game situation and expressed appreciation to the school, the town and the fans.

Zella Vee Smith was a visitor at the rally. She was welcomed by a hearty student applause. This is the first time Zella Vee has been at a school activity this year. She also attended the football game Friday night.

Radio Program, Joe Paul Weatherford, Clark Dobbs, Gale Sadler, Harold Waggoner, Burt Huggins.

Poets' Corner

The following poems were submitted to the BOBCAT TALES by Mr. Newman. They were written by some of his English students.

SNOW FAIRIES
By LaNette Hoyle

A soft and silent mist
Falling slowly to the ground
White and sparkling drops
Building up a fairy town

And the little children listening
Can hear the fairies calling
As the shades of night come stealing
White the snow is softly falling.

The lithe enchanted elves
Dance with children's glee
But when the snow has ceased to fall
To shadow land they flee.

The fairies laugh and sing
Till their tiny lights fade away
The snow is slowly melting
Now comes the close of day.

THE BIRDS GO SOUTH
By Barbara Stevens

Outside the rain is falling
It's a cold and dreary day
The trees are all drooping.
The birds seem to say
It's time to go South
Why linger here,
Where the wind is so cold

Bobcats Second In District Play

In second place in district 2A when they were bested by the first place Springlake Wolverines by a score of 19-0 last Friday night. The game was rated as "Game-of-the-Week," by sports writers, but proved to be a disappointment for the Dimmitt ball team. Although the Bobcats played some pretty fair ball, the strong Wolverines proved too

much for the Cats to stay with. Standouts for the Bobcats were "Wimpy" Witt and Alton Whitworth. Since Whitworth is a sophomore, he will probably be making the night miserable for opposing ball clubs for two more years.

The Bobcats will have eleven returning lettermen next year. There will be fourteen lettermen graduating from the squad this spring. The Bobcats first eleven consisted of nine seniors and two juniors. The seniors were: ends, Clark Dobbs and Chad Moore; tacklers, Don Hardy and Don Johnston; guards, DeWayne Brown and Melvin Witt; Quarterback, Maxie Warren, and half-backs, Jack Dye and Gale Sadler. Other seniors who saw action during the year were: David Burkett, Oran Howell, Clarence Rogers, Harold Waggoner, and Bennie Gollehon. The Bobcat's trainer and manager was also a senior, Bob Anthony. Bob held a big job but was always ready and willing to work for the welfare of the team.

The Bobcats wound up the season with a good record. They won eight games while they lost one non-conference tilt with Olton and one conference game, the district-championship contest.

A squad of 24 players completed the season. Although there were a few injuries, all the boys but one who was benched during the season were in condition at the last game Friday night. Joe Ben Mitchell was out with a back injury most of the season. George Ray was out because of a recent appendectomy.

Next year's returning lettermen are Joe Ben Mitchell, Richard Wood, Bobby Brock, Edgar Dennis, Ivan Sinclair, Alton Whitworth, Charles Brown, Jimmy Cole, Joe Nelson, and Troy Stafford.

Striking Senior

Eighteen years ago this last October one of our seniors arrived in the home of Mr. and Mrs. W. E. Johnston. He was a cute little boy with black hair and brown eyes. The parents named him Don.

Don likes steaks, football and likes to go to Ralls, Texas. Don dislikes women or girls who smoke.

When Don was a junior he was secretary of the F. H. A. and Toastmaster at the Junior-Senior Banquet. He is now a 2-year letterman on the Bobcat football team and was also runner-up for football king.

The best movie Don has ever seen is "The Greatest Show on Earth." His favorite movie star is Jerry Lewis. Don is a high ranking student and his favorite subject is English IV.

Don likes to listen to music for his entertainment and during his pastime. The song he enjoys hearing most of all is "You, You, You" by the Ames Brother.

When Don graduates from high school he plans to attend Abilene Christian College.

Honor Society Meets

The Honor Society met on Wednesday night of last week in the home of Mrs. Bailes. After refreshments, the regular business meeting was held. We discussed sponsoring a school friendship week and we would like to have anyone's ideas on this matter. Society members are making preliminary plans for the project. After the business meeting, Mrs. Bailes showed some beautiful slides of Washington State.

Thrill Maker from start to stop

(That's T.T. Dynaflo!)

SOMETIME soon — like this week — you ought to try a Buick with Twin-Turbine Dynaflo.*

You ought to try it just to be familiar with the great advance in this fully automatic transmission that Buick engineers have accomplished.

You ought to try it just for the fun of bossing a drive where you don't do a blessed thing but steer and press the gas or the brake pedal as you go.

But, pure and simple, you ought to try it for thrills.

We mean the thrill of instant getaway response—with two turbines doing the job that one did before.

We mean the thrill of whisper-quiet acceleration—where you barely hear the sound of power build-up, or of flowing oil at work.

And, most emphatically, we mean the thrill of perfect and sublime smoothness from start to stop—the thrill of moving from standstill to and through all travel ranges in one, progressive, infinitely smooth forward "carry" without a gear ever shifting or a clutch-pedal pushed—

the thrill, rarely found elsewhere, of silky smoothness in deceleration, too.

Will you be our guest at a sampling of a Buick with TT Dynaflo?

Will you try the sweetest, the smoothest and the simplest-to-operate automatic transmission yet devised—and powered by the highest-compression engines in Buick history, including the world's newest V8 in SUPER and ROADMASTER models?

Drop in on us this week and we'll be happy to accommodate you.

Wolverines Earn 19-0 Victory

Cats Held Scoreless as Springlake Wins District 2-A Championship

A fired-up Springlake eleven with dogged determination to win roared past the Dimmitt Bobcats Friday night to clinch the District 2-A championship and earn the right to play Memphis in the bi-district playoffs. The final score was 19-0.

The game played at Springlake before some 2500 shivering fans, was a decisive victory for the Wolverines as they turned in a magnificent performance, dominating play almost throughout the game. The hard charging, heavy Wolverine line, tackling and blocking with viciousness, clearly outplayed the fighting Bobcats to chalk up their ninth win of the season against no losses.

Playing on fairly even terms in the first half the Springlake team grabbed the initiative early in the first quarter when Back Jimmy Hadaway sprinted around right end for 55 yards and six points. The try for extra point failed and the Wolverines led 6-0.

The remainder of the first period went scoreless as both teams threatened but failed to muster a scoring punch. The Wolverines recovered a Bobcat fumble on the Dimmitt 29 but the Cats put up a stonewall defense and Springlake was unable to pick up a first down on four plays from scrimmage. As the first quarter ended the Bobcats reversed the situation by recovering a Wolverine fumble on the Springlake 40 yard stripe. Wood and Dennis moved the ball to the 25 in the early minutes of the second period and Warren completed the only successful pass of the game to Clark Dobbs as the Cats moved to the 16 yard line. A five yard penalty

and loss of some 20 yards by Warren on the following play quickly erased this scoring threat, however. The Cats left the field at halftime trailing 6-0.

The expected comeback of the Bobcats in the second half failed to materialize as Springlake dashed the Purple and White's hopes of winning by adding a second touchdown to their score late in the third quarter. Watson and Louder engineered the TD by carrying the pigskin to the Cat 24. Davis then reeled off the remaining yardage through center for the second counter. Davis also bucked over for the extra point to make the score 13-0.

In the final quarter Springlake moved the ball to the Dimmitt five yard line but failed to score because of a penalty and pass incompleteness. The Cats then tried some passing of their own but were forced to kick on fourth down. Davis received Brock's punt on the Cat 36 and returned it all the way for the third and final Wolverine score. The try for extra point failed and Springlake took a commanding 19-0 lead.

A Springlake grille intercepted a Dimmitt pass on his own 28 yard line to break up a Bobcat scoring drive late in the last quarter, and the game ended with the Wolverines on top 19-0.

Despite the loss Coach Leo Field's charges turned in an impressive record for the season, winning eight while losing only two. In addition to this the well-coached Bobcats will probably go down on the records as the highest scoring team in class "A" circles.

Wheat Poisoning Poses Problem

Wheat poisoning poses a threat to Castro county winter wheat pastures, according to County Agent Charlie Hudson.

"In as much as a number of farmers and ranchers in Castro county have this week turned in on wheat pastures and prospects for wheat pastures are the best in several years, there is also great likelihood of poisoning," Hudson exclaimed.

Wheat poisoning is a disease about which little is known, Hudson pointed out. However, he added, a great deal of research is being carried out at the present time, raising hopes for a quick solution to this menacing problem. Symptoms of wheat poisoning are usually a nervousness, lack of appetite, muscle twitching and unsteady gate. As a rule this disease is fatal without prompt treatment.

PanTech field laboratory officials are interested in obtaining information and samples of wheat pasture poisoning cases as they are attempting to determine the cause of this disease. Representatives may confer with Hudson in the near future about this problem and obtain any information he has concerning wheat poisoning in Castro county. County farmers or ranchers having information about this disease should contact Hudson.

WALTER ROGERS' WASHINGTON NEWSLETTER

BEHIND THE SCENES: Furrowed brows and whispered appraisals of doubt have not been unusual in official circles since the November 9th news conference at which Secretary of State Dulles was quoted as saying that the Eisenhower administration never said it would be forever opposed to recognizing a Communist government in China. Some of the news services immediately construed that statement to mean that consideration was being given by the administration to the recognition of the Communist regime in China, some stories indicating that the Communist regime may be recognized.

Some, apparently assuming that Secretary Dulles meant that recognition of Red China was being considered, are prophesying a definite split in the administration over this particular issue. In other words they anticipate that the real repercussions are yet to come. It seems that the construction placed on the language of the Secretary is the cause for the furrowed brows, rather than the words that were actually spoken. In all fairness to Mr. Dulles, I think it should be pointed out that the Secretary certainly did not intend to convey the idea or thought that the administration was considering the recognition of the Communist regime in Red China. His remarks were clearly reflected that the present anti-Western and aggressive policies and attitude of that regime would preclude consideration of recognition of such regime as the government of China. Mr. Dulles fully appreciates the many facets of this problem and in speaking of the matter would, no doubt, have in his mind three major items. First, he fully understands and properly evaluates the bloc in the Congress that is completely pro-Nationalist China. Several of the outstanding leaders of this bloc are members of the House and Senate from the West Coast areas. Secondly, the Secretary knows full well that a Communist regime would have no inhibitions against loudly but falsely proclaiming pro-Western and anti-aggression policies in order to secure recognition by Western powers as well as admittance to the United Nations. He also knows that, once such result was accomplished, that same regime would not hesitate to return to

a survey of the department and to recommend changes that will bring about more efficient management and effect economies. I do not yet know the terms of the agreement between the department referred to and the private firm, but certainly intend to find out. These surveys are very costly to the taxpayers and, so far as I can determine, have produced very little in the way of results. One such survey cost the taxpayers approximately \$600,000.00, yet the overall cost of the department involved has not been measurably decreased. It's good business of you can get it. I don't recall any of the reports containing a recommendation that the departments stop spending the taxpayer's money and hire these survey firms.

THE NATION'S HEALTH: I noticed the other day that many of the present day diseases and ailments are caused by synthetic foods and certain food processing methods. It kinda scared me and I went by the store on the way home and bought some frozen turnip greens (these are not near as good as the fresh) and a sack of corn meal. I don't know of any ailments that I have except a bald head, but the way these turnip greens and cornbread tasted, I believe I cured everything except the bald head. The youngsters didn't seem to be too enthusiastic about the turnip greens, so Jean and I had to eat most of them. I'll let you in on a little secret. Frank Helvey of Amarillo, has a fellow working for him who grows turnip greens fresh. He delivers them out to Mrs. Helvey and her mother, who really know how to cook them. They also know how to make homemade pepper sauce to go with them. Frank knows how to eat them. I know, because I helped him one afternoon.

Plenty Of Thanksgiving Turkeys Available In Texas This Year

There will be plenty of turkey for holiday dinners this year. According to F. Z. Beamblossom, poultry marketing specialist for the Texas Agricultural Extension Service, the supply is adequate to furnish turkey on every table at Thanksgiving and Christmas. Although not as many as last year, the number of turkeys on the market will be sufficient to meet the needs of Texas families.

The specialist says with the plentiful supply, families can afford to be selective when shopping for the turkey of their choice. He suggests the shopper look for quality birds, well fleshed and finished, and processed to provide meat of good flavor. "Don't waste your money buying a bird with too much fat," he advises. "Get a large bird with enough fat to insure good flavor."

If the turkey has been killed, bled and dressed right, the meat will look white instead of reddish in color, and there will not be pin feathers and bruised marks on the flesh. "Ask to see the dressed turkey to check for these signs," Beamblossom says. "Notice if the lungs, kidneys and oil sack have

been removed from the body cavity. These only add weight and are not desirable for eating." "The larger bird you buy the less cost per pound," the specialist comments. "It is wiser to buy a 15 pound tom rather than a 10 pound. If you have access to a home freezer or some other storage for the extra meat, the turkey will come in handy for later meals. If not, then buy a half turkey."

Shopping for quality in the turkey you select is not only efficient consumer buying, but helpful to the poultry market in providing the kind of turkeys most in demand.

Zealot Club Meets

Hart Zealot Club met in the home of Mrs. Bob Bennett with Mrs. W. A. Hawkins, Jr., and Mrs. Dean Sanders co-hostesses. They had a very helpful lecture given by Mrs. Boone Hall of Plainview. Mrs. Hall gave the book of Ruth from the Bible as it was in the days of the Moabites and emphasized how we in our day can love our mothers-in-law and mothers-in-law love their daughters-in-law in a perfect love. It was very practical lecture and from the results of this meeting everyone who did not get to hear it wants Mrs. Hall to come again and give the same talk to all the women interested in this very everyday topic that is of interest to us all.
Mrs. Bennett had a very unique floral arrangement on her coffee table in her living room and centerpiece for her table. Refreshments of coffee and cake were served to the following visitors: Mesdames Boone Hall, Carl Bonds, Otto Dinwiddie, and Kenneth Lambert and Jan, and members: Mesdames Johnnie Hawkins, Laqueta Hill, Jo Hankins, Betty Armstrong, Betty Sanders, Sue Bennett, Betty Martin, Norma Jean Wills, Mildred Garrison, Ann Bell, Dorothy Jo Taylor, Joy Smith, and hostess Marlene Bennett.

Mr. and Mrs. J. B. Miller from Washington visited the week-end with his uncle and aunt, Mr. and Mrs. C. G. Miller, and Mrs. Pearl Sheffy.
Mrs. Homer Newton visited her father in Plainview Monday.

MAKE CONTRACTS SPECIFIC. AVOID DISPUTES

Nearly every day all of us are making agreements with our fellow citizens. Our whole system of free enterprise and trade is based, to a large extent, upon mutual agreements or promises to do something in the future. The important thing we need to remember is to make every agreement perfectly clear whether it is oral or written.
Generally speaking, you can enter into a verbal agreement that is just as binding as a written contract. Consequently, the great majority of contracts that we enter into are never put into written form. But exact terms of an oral contract may be difficult to establish if a disagreement arises, and a well drawn written contract will help to avoid the unfortunate disputes which arise from honest misunderstanding.
Not every written contract meets the test of clarity, however. Suppose Mr. Householder has a piece of paper on which is written the heading "Proposal" and which thereafter reads as follows:
"We will build a garage for you on your lot for the estimated price of \$800, work to be done in a workmanlike manner. All of our work is guaranteed to your satisfaction, subject to the conditions printed on the reverse side."
This is signed by the XYZ Company. Under this signature is the word "Accepted" followed by a line signature of Mr. Householder. His question is, should he sign it?
Here are some of the misunderstandings that might arise from such an agreement: The company has agreed to build a garage—yet nothing is said about the size or type of construction. It has not even been stated whether it is to be a single or double garage. There is no indication in the agreement as to where on the lot the garage will be built. It says nothing about when the work is to be finished. There is no agreement as to whether Mr.

Householder is to pay in advance, in installments, or not until it is completed.
Further, they have not actually agreed upon a price. The agreement refers to an estimated price of \$800. They should be specific and make either a fixed price contract or an agreement whereby the builder is reimbursed for his expenses plus a definite profit percentage. Perhaps the XYZ Company feels that if their expenses are higher than anticipated, they will be able to charge more than the estimated \$800. On the other hand, Mr. Householder probably feels that \$800 is the maximum price he will have to pay.
The most important prerequisite of a clear contract is that it covers the essential elements of performance. This is not as difficult as it might seem. Here is a good rule to follow: As to the acts of each party determine what is to be done, when, where and by whom. See that these essential parts are included in your agreement.
In addition, remember that if a contract is worth signing, it is worth reading and understanding—all of it.
(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts.

News of Our Neighbors

TULIA—(from the Tulia Herald) Construction is underway on Tulia's new swimming pool. The project is located south of the entrance to Younger Field and will be supervised by Tulia public schools. Much of the labor and material is being donated. Some \$13,400 is already available for the construction of the pool but more is needed.

CANYON—(from the Canyon News) Voters here will go to the polls to approve or reject a \$550,-

000 bond issue to construct a new school, Saturday, November 21. Only recently citizens voted to undertake the project. The proposed new elementary school will consist of 23 classrooms and an auditorium.

Residents of Canyon were advised recently that house-to-house mail delivery service will go into effect in that city, November 16. Service will be on the basis of one trip a day in the residential area and twice daily in the business section.

WELLINGTON—(from the Wellington Leader) Approval of a dam across Salt Fork River near the Collingsworth-Donley county line was given recently when the

Board of Water Engineers granted a permit to the Upper Basin of Salt Fork of Red River Association to use 25,000 acre feet from Salt Fork annually, by storing 100,000 acre feet. The plan calls for a dam in Salt Fork near the mouth of Whitefish Creek, 88 feet high and 7700 feet long.

MEMPHIS—(from the Memphis Democrat) Sue Miller of Memphis has been declared state winner of an essay contest on "What America Means to Me." She will be a guest of the Texas Federation of Women's Clubs in Austin for two days as a reward. The winning theme will be entered in the national contest and if it is chosen for the first place award there

Miss Miller will be given a tour of Washington, D. C. and other northeastern points.

PETERSBURG—(from the Petersburg Journal) Quick and efficient work by Petersburg firemen saved the Petersburg Co-op Gin from total destruction, recently. Fire was discovered in the top of the elevator by employees who were loading out grain. Quick action by the fire department prevented the fire from spreading and it was soon extinguished. Damage was not expected to be heavy.

FARWELL—(from the Farwell State-Line Tribune) Voters of the Bovina School District turned out in substantial numbers recently and voted in favor of a \$700,500 issue to rebuild their school destroyed by fire two months ago. A total of 174 votes were cast for the new project while 126 voters opposed it. The modernistic new structure will have a large auditorium, cafeteria and other features not found in the original building.

SILVERTON—(from the Briscoe County News) An agreement was signed Wednesday whereby Mr. and Mrs. W. A. Amburn of Plainview are purchasing the Briscoe County News from M. B. Cavanaugh, owner and publisher. The change-over became effective November 16 as the Amburns have moved to Silverton.

Proper Diet For Children Stressed

In speaking about the food requirements of a child enjoying maximum health, Dr. Geo. Cox, State Health Officer, emphasized the importance of a well rounded diet and stated that a healthy and well nourished child enjoys life because he is physically fit.

Stressing the importance to health of an adequate and well balanced diet, Dr. Cox stated further that when a child is in good health, his appetite is good, elimination regular and sleep is sound and untroubled.

"A child's appearance can usually help the parents to judge the state of nutrition. A well nourished child has good skin color and there is a moderate padding of fat over the bones and muscles of the arms, legs and body. Muscles are well developed and strong. Teeth are good and the gums firm and pink," Dr. Cox said.

That finicky appetite or a tired feeling after a little exertion indicates a possible malnutrition and the child should see the family physician. Poor appetite can also mean the beginning of an illness and possibly that the child does not require as much food as he is being urged to eat.

Required as a diet for the preschool child and those of school age, Dr. Cox included milk, fruit, vegetables, eggs, meat, fish or cheese, cereal and bread and added that cod liver oil and other vitamin preparations are important in winter and early spring but should be prescribed by the family physician.
