Blizzard cross country teams advance to regionals

Extremely cold, wet weather failed to dampen the spirits of both the Blizzard boys' and girls' cross country track teams in district competition at Anson. The meet, held October 29, saw the teams from Winters place first and second in their respective categories.

The varsity girls team took second place overall with a score of 55 points, following Anson with 37 points. Alina Briley of the Lady Blizzards placed first individually.

Team members and their times were:

Alina Briley - 12:48 - 1st
Tabatha Grohman 14:08 - 8th
Carolyn Horton - 14:08 - 9th
Melinda Kraatz - 14:30 - 16th
Shanna Lantow - 14:52 - 21st
Lucy Rodriguez - 14:57 23rd
Elizabeth Silva - 15:46 - 38th

Stacey Deike of the girls' junior varsity won 1st place with a time of 14:55.

The boys' junior varsity team won their division with a total of 15 points. Individual placings and times were:

Josh Bahlman - 20.14 - 1st
Heath Watkins - 20.25 - 2nd
Andy Esquivel - 20.45 - 3rd
Sean O'Mara - 23.41 - 6th
Ed Bredemeyer - 25.01 - 7th
Jimmy Hernandez - 25.28 - 8th
Homero Hernandez - 25.42 - 9th

Following the junior varsity race, the Blizzard varsity competed. Coach Ed Henley said he felt that a good day would be needed from everyone in order to compete with the good runners from Jim Ned. The Blizzards did run well, even in the adverse weather conditions, to win the team championship by one point.

Individual placings and times were:

Ramey Reyes - 18.22 - 3rd
Leo Campos - 18.47 - 5th
Lance Brown - 19.35 - 8th
Vennie Reyes - 19.58 - 11th
Kirk Conner - 20.59 - 15th
Andy Webb - 21.28 - 16th
Scott Kozelsky - 21.38 - 17th

"These young men are to be commended for their efforts. A lot of time and conditioning went into preparation for this meet," commented Coach Henley. Both the boys and the girls teams have now qualified for Regionals at Lubbock on November 9. The boys will run at 9:00 a.m. and the girls at 9:20.

Firemen's Auxiliary to host stew supper prior to football game November 8

The Winters Firemen's Auxiliary will be holding a stew supper fund raiser before the Winters - Stamford football game on November 8, 1991. The stew supper will be held at the school cafeteria from 5:30 to 7:00 p.m. Tickets will be \$3.50 per person. Included in the ticket price will be stew, cornbread, crackers, dessert and tea.

Proceeds from the stew supper will be used to purchase a scott air pack for the fire department. A scott pack is a self-contained breathing apparatus that the firemen must wear when they are inside a burning structure. These breathing apparatuses make it possible for the firemen to breathe when they enter a burning structure. Getting inside the structure enables the firemen to get to the possible source of the fire, extinguish the fire quicker, and save more property and possessions.

These packs cost the department between \$800 to \$1,000 each. Tickets may be purchased at the door, from firemen's wives, Flowers Etc., or Jeanne Hilliard at the Winters State Bank. The community is encouraged to support the auxiliary in this fund raiser.

Arts & Crafts fair this weekend

The 21st annual Arts & Crafts Show will be held Friday and Saturday, November 8 and 9, at the Winters Community Center. Doors will open at 9:00 a.m. on Friday. The public is invited to come and browse, purchase gifts, and enjoy a salad luncheon on Friday. All you can eat for \$3.50. On Saturday, there will be chili and hot dogs.

There will be many different and exciting booths this year. You will not want to miss this year's Arts & Crafts Show including the Quilt Show at the Rock Hotel. The Z. I. Hale Museum is planning something special this year for the annual quilt show and it will be something everyone will want to see.

Blizzard Football Banquet Saturday, Nov. 9

The Winters Booster Club will be honoring the 1991 Football Teams (varsity and junior varsity), managers, coaches, and cheerleaders on November 9 at 7:00 p.m. at the Winters School Cafeteria.

A meal of chicken fried steak and all the trimmings will be served. Tickets will be sold at the door for \$4 per person. Please turn in your names by Friday, November 8, to Kay Guy 754-4418 or Brenda Green 754-4454 if you plan to attend.

Everyone who has an interest in the Winters football program and all parents of these honorees are encouraged to attend.

TIPS children to present program

Students attending the TIPS after school program will be presenting a short program for their families on Monday evening, November 11, at 7:00 in the WHS auditorium. The program is entitled "TIPS is Tops". The public is invited to attend.

There will be a reception for the families of TIPS kids in the cafeteria immediately following the program. Mrs. Kidwell and Mrs. Shields are asking all TIPS kids to meet them at 6:45 p.m. in the library of the high school.

Quilt show Friday and Saturday

A quilt show will be held at the Rock Hotel in connection with the Arts and Crafts Festival held on November 8th and 9th at the Community Center.

The quilt display will be open Friday and Saturday from 10 a.m. to 4 p.m. Quilts for show should be brought to the hotel Wednesday or Thursday afternoon. They will be judged on Thursday after school.

Categories for quilts are anything from antique to unusual and baby quilts. Also anything like toys, vests, and lap robes that are made from old quilts.

Edna England will be there to demonstrate appliqued quilts and a lady from Crews will show how to use photographs on a quilt.

Those in charge of the show are Wanda Smith, Noma Eoff, and Hattie Belle Bishop. They encourage everyone to bring quilts and items for display.

OIL BUSINESS . . .

By Reg Boles ©1991

I think it is about time we finally come to terms with the root causes of current events.

By 'current events' I mean the flight of major oil companies from the U. S. toward the rest of the world.

It seems there are several causes—some real and others only perceived as such. (The fog index just went up, I know, but bear with me here. I'm practicing dramatic effect.)

Let's examine the players in this 'run for the border.'

The oil companies are leaving because (at least, according to them):

—nobody wants us here, because if they did, they would be nicer to us;

—the opportunities are so big 'over there' that we can't afford to pass them up; and,

—the U. S. is drilled-up, tapped-out, and just plain 'unromantic' as compared to other far-flung places.

The countries who have oil to be produced (outside the U. S.) want American oil companies because (again, in their words):

—we thought we knew what we were doing, but we really need that Yankee expertise after all;

—hey, we owe everybody and their dog and you capitalists seem to know how to make money, so come and make us some; and,

—we like Americans, they are our buddies.

The U. S. government, the U. S. media, and general U. S. public is unconcerned because:

—as long as we can tax their income, no matter where it comes from, we're happy;

—those oil companies are stealing us blind and polluting us to the hilt anyway; and,

—gasoline is less than it was (adjusted for inflation) 20 years ago, so who really cares where the oil comes from.

What you see played out in the silly quotes above are my interpretations of how the parties view each other. Remember that what I think is tainted somewhat by my profession, but I never promised total honesty anyway.

If you read these statements, you can see how what is happening can go on.

Most of us are concerned with what is going on in our own lives. If you don't work in the oil patch, you tend not to be concerned with my problems, and those in it sometimes don't consider other views. So, the problem (I see it as a problem, others might disagree) is as much communication as it is actual real economic incentive to leave the U. S.

The real economic reasons for leaving may be insurmountable, and the communication problems are no easy task to overcome. But, as a nation, for our own security, we should make sure we don't

want to keep our own domestic strong, because no matter how you slice it, mass movement of capital out of the U. S. oil patch to those in other countries is going to hurt domestic producers eventually.

I, for one, believe that the domestic independent is going to do his/her part. I also believe the economic reasons being used as excuses for 'going international' have weakness in their logic. Unfortunately, I am running out of room to elaborate further. So...

Next time, we will sort through what are real causes and what are really communication problems or 'perception discrepancies.' I have a lot more two dollar phrases like that in store, so pick up a paper next time to insure you don't miss out.

Doctor of the hills

Medical practice was still in a primitive stage in the early 1920's when Dr. John Barron began his practice at Wingate. There was a small hospital at Winters with limited use. Doctors made house calls, babies were delivered at home, and there were no nurses.

Several faithful women assisted the doctor in delivering babies, among them were Mrs. Charles Busher and Mrs. Gordon Hensley. Necessary surgery was performed on the kitchen table while assistants held the oil lamps. Rural electricity had not come into existence.

Following rains when roads were impassable, many calls had to be made by horseback, his largest was 84 miles. When the creek was up at Happy Valley, and Dr. Barron was unable to cross to deliver a baby, he sat by a telephone and gave step by step instructions to the woman attending. It was a successful delivery and one he often referred to as his "telephone baby".

One of his first cases almost ended in disaster for the doctor. The baby of a couple picking cotton in the area developed diphtheria. They refused to let the baby be given the serum and the baby died. The couple threatened to kill the doctor, but he walked across the street from his office and nothing happened! Another case with cotton pickers ended more successfully. A small boy living in a tent with his parents, twenty miles from Wingate, developed emphysema. The doctor knelt by the pallet where the boy lay and made an incision in his chest. Pus flew all over the doctor and the ground. A drain tube was improvised out of a colon tube and safety pin, and the boy made a successful recovery.

In cold weather, for twenty years, Dr. Barron wore a black camel hair fur coat and cap. He had newspapers folded across his chest to keep out the bitter cold. People said he looked like a woolly bear getting out of his Model T in the snow.

One Sunday night it came a snow storm. The doctor had been to Hylton on a case and back to the Oliver place to deliver a baby. He was on his way home operating his windshield wiper by hand and staying on the road by watching the fence. The fence played out and the car fell off the road and landed on its side in the ditch. The doctor had to sit there until daylight when he saw a house and walked across the field through waist deep snow. He reached the

Frank Busher home and was glad for a hot breakfast. Rescuers soon came for the doctor but it was several days before the car could be moved.

In 1926 there was a typhoid epidemic at Hylton. There were 13 cases of fever at one time and two brothers died. It was discovered that all these people had been drinking from a water well at an old gin location. The water was analyzed at Austin and found contaminated. The owners objected to the well being filled. The county judge had to send a truck load of men with shovels out to do the job.

Once the doctor came up on some boys who had roped a ten-year-old boy and were having fun dragging him. He was skinned from head to foot. The doctor rescued him and took him home for treatment. He had been cooking for these boys who were batching. One boy said his name was Gilbert McDonald and his parents lived at Trent. He had never been to school but went to work driving for the doctor. He knew his way around and never got lost. He was called Hill County and stayed with the Barrons until he married.

George Allen came to work after Hill County left. He took care of Chief, the Doctor's horse. He also milked the cow and fed the chickens while the doctor was gone on calls, which could last nine days with a pneumonia case.

Dr. Barron used the first antivenom serum in the county. He secured the serum from San Angelo when a Fort Chadbourne woman was snakebitten twice. In later years his practice covered six counties including Coke, Nolan, Runnels, Coleman, Tom Green, and Taylor. He delivered over 3,000 babies before he quit this part of his practice in 1940.

Henry Robinson of Shep was one of the doctor's good friends in the hills who took him in for a night's rest. "He's a good doctor and a good friend. He would come to my house many a night and go to bed - away from the telephone."

Dr. Barron joined the Oddfellow Lodge in 1923 and spent much of his time studying the work and memorizing scripture as he drove. He also played a French harp, using one hand while he drove with the other, to while away the long hours of driving.

Breezes lame the Lions; winning streak continues

The Winters 8th grade Breezes started very fast and didn't let up as they defeated the Albany Lions 32-6 last Thursday night.

The Breezes received the opening kickoff and returned it to their 40. On the first play, Jerry Esquivel rambled for 40 yards. On the next play, Mark Deike went 20 yards for the touchdown. The extra point try was no good. The Breezes held the Lions, forcing them to punt.

Jerry Esquivel fielded the punt and returned it 45 yards for a touchdown. John Belew passed to Michael Mostad for the two-point conversion and 14-0 lead.

The Breezes continued the first half scoring on a 30-yard pass and run play from John Belew to Kevin Conner. The extra point try was no good. The Breezes closed out the first half scoring on a 5-yard touchdown run by Jerry Esquivel for a 26-0 halftime score.

In the second half the Breezes first offensive unit played only one series. Taking the ball after a Lion punt, the Breezes went on a 7-play, 75-yard drive capped by a 45-yard pass and run play, John Belew to Joe Reyna, Jr. The Lions did score on the Breezes second defensive unit for the final 32-6 score.

The Breezes had 202 rushing yards and 78 passing for 280 yards total offense. Leading a good defensive effort were Jerry Esquivel, a fumble recovery; Kevin Briley, a fumble recovery; John Belew, pass interception; Jessie Ortiz, a pass interception (his third of the year).

The Breezes play their last game of the year at Stamford on November 7. With a win over Stamford, the Breezes will set a record of 15 consecutive wins, one tie, and no losses, over the 7th and 8th grade playing seasons.

Albany beats Blizzards

On a cold, cold night in Albany, the Lions were running hot. The Lions defeated the Blizzards 40-7.

Winters opened up the scoring with a 66-yard run for a touchdown by David Roman with 11:41 left in the first quarter. Roman scored on the first play from scrimmage. The extra point by Jamey West was good and Winters lead the only time in the ballgame 7-0.

The Lions wasted no time in scoring by running the ensuing kickoff back for a touchdown. The Blizzards then received the kickoff and could not move offensively. Albany returned the punt 73 yards for another touchdown.

Those two touchdowns would be the last time Albany scored without the help of the fellows in striped shirts. Three more touchdowns were scored in the first half and not one was made without at least one fifteen-yard penalty.

In the second half the Blizzard defense stiffened and held Albany to only one score. But the Blizzard offense was never able to generate a drive.

Albany is now 9-0 for the season and 6-0 in district. Winters falls to 1-8 and 1-5.

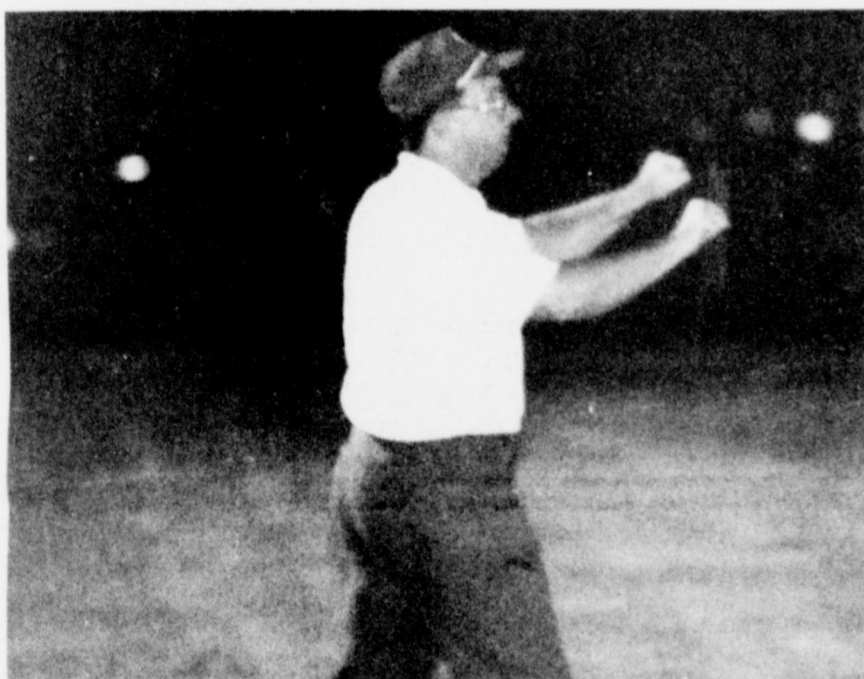

The Friday Winters takes on the Stamford Bulldogs in Blizzard Stadium at 7:30 p.m. The Bulldogs are 6-3 for the year and 4-2 in district play.

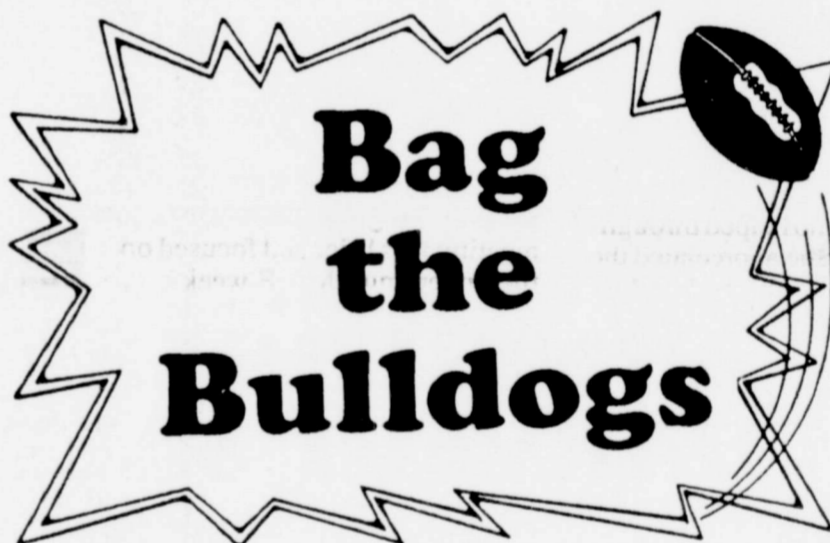

Blizzard varsity captains, Monte Baker #73, Jody Guy #33, Johnny Rodriguez #24, and Brandon Boles #12, hold firm in their leadership and spirit as they prepare to play against the Albany Lions.

Brrrr. WHS students bundle up to lend their support at the J.V. football game Thursday night.

Defensive coach Jimmy Randolph signals the next play for the Blizzard squad.

Letter to the Editor

Dear Editor:

I am very pleased to see your excellent coverage on the library up-lift. I especially want to express appreciation to the Library Friends Group. They are fantastic!

When I worked there I was aware of all the numerous chores needing attention, but it was just a job too large for two people to attempt. Thank you Library Friends for your hard work and support. I love the library!

Another issue that I am very grateful for is the non-acceptance of papers and magazines. Those wonderful caring people that were so nice to share might find that friends, neighbors, and even Scout paper drives would be so happy to receive them. My neighbor and I share, then pass on to others. A pleasing set-up!

The library can use the previous space for books and I feared those stacks of papers were a fire hazard. We were careful, but some things just can't be prevented - no one can be too careful.

I can now brag that Winters has a library that we can be very proud of. I urge all of those that have not realized the joys of reading to go today, now, and visit your beautiful library. I'll wager you will be so glad you went.

Thank you,
Helen Crenshaw
