Dimmitt--an American Bicentennial Community!

Dimmitt, Texas, Thursday, November 11, 1976

Dimmitt's Bobcats will shoot for the District 3-AA championship Friday night when they meet the Littlefield Wildcats at Littlefield.

50th Year - No. 6

A BOBCAT victory would give Dimmitt High its first district football championship in 16 years.

The situation has caused a raging outbreak of "district fever'' throughout the town. Store windows are lettered with signs saying "Win Dis-trict" and "Beat Littlefield."

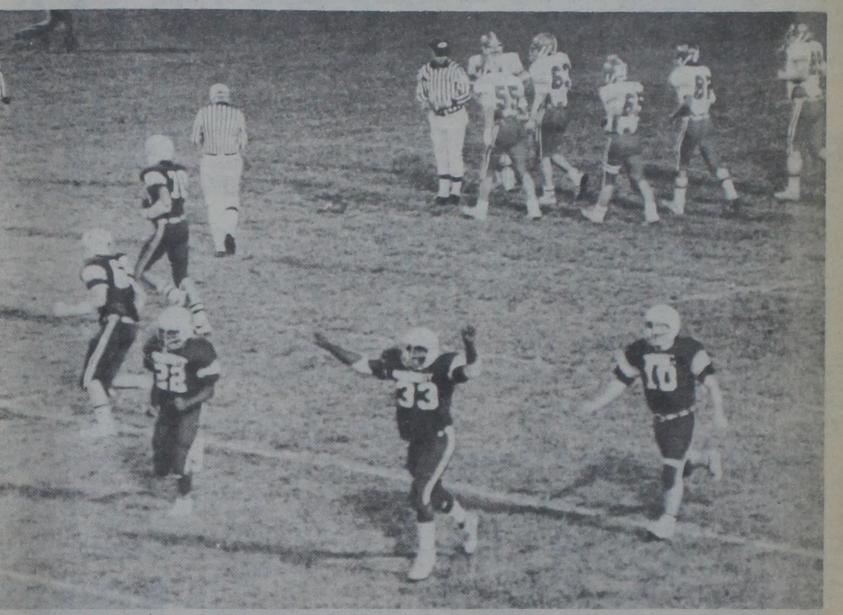

THE BOOSTER Club is passing out free bumper stickers urging, "Beat the Wildcats." An aerial drop of more than 400 of the bumper stickers over the DHS grounds was being plan-

The Boosters also will set up a "victory line" at Friday afternoon's 3:15 pep rally in DHS of the Sunnyside community gym, and is organizing a caravan to usher the Bobcat team bus out of town toward Littlefield

DHS students will ring the school's victory bell all day Friday

IN THE meantime. Coach Bruce Bush and his Bobcats are concentrating on the game.

"Littlefield is an explosive ball club," Bush said. "They'll throw the ball, and they run a lot of reverses, reverse passes, and so forth. Offensively, they're real strong.

JUBILATION-This scene tells the outcome of Friday night's important Dimmitt-Friona game for the District 3-AA lead. Dimmitt fullback Tony Washington [33] raises his arms in the victory sign as he trots off the field with quarterback Thompson

with just 2:42 remaining in the game. As guard Steve Anthony [69] and tackle Gary Nutt [70] head for the Dimmitt huddle, the dejected Friona players prepare to line up for the Bobcats' extra-point attempt. The victory put the Bobcats in the district lead, with a chance to win the 3-AA championship outright if they defeat Littlefield Friday night.

HARVEST

Genesis 8:22

202

The harvest each year should remind us of God's great promise to man. This promise was made right after the great flood, from which only Noah and his Ark survived. Just prior to the flood, all men lived so evilly that it grieved the Lord that he had made man of the earth.

Today the churches stand as a bulwark against evil. Attend church regularly so that never again would man grieve the Lord as before.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Freeway driving in cities has always scared me to deathmaybe a natural reaction from somebody who is strictly from the country and doesn't really like more than one lane of traffic at a time.

YOU'D THINK a nice little city of Dimmitt's size that there would be nothing to dread for even a very squeamish driver, but I've decided the rush hour traffic on Bedford Street is as nerve-wracking as the middle of Dallas.

SOMEBODY else mentioned the other day that it takes most of a lunch hour to get across Bedford, so I'm not the only one who has had problems. Through the noon hour, at go-to-work time and after 5, cars run bumper-to-bumper a lot of the time in both lanes. Looks like everybody who works at the plants on the east side of town lives on the west side and is in a tearing hurry to get there. When you're going north-and-south, it's something of a hassle to get across.

No major problem, of course, but you'd best be sort of patient and look up and down before you start.

IT ALWAYS makes you feel better about yourself when you the failings that you have, doesn't it? It pleased me no end when Shirley Wise, stopping in our office the other day, remarked that she had made of list of what she wanted in town but had left it somewhere. My system exactly!

'HOW DOES THIS DIFFER FROM TUNING A PIANO?

"Raising and lowering the pitch of the piano and tuning a piano to be harmonious are entirely different matters and they are done for different reasons."

"Lack of understanding of this fact is widespread among piano owners, and is responsible for an enormous amount of piano damage. A clear understanding of the difference between these two procedures is absolutely essential if the piano owner is to protect the investment in his piano . . .''

"When a piano tuner-technician raises the pitch of a piano a half-tone he is required to add from 3,000 to 5,000 pounds of overall tension to the instrument. He is dealing with tension. He is not at all concerned with sound, except to use it as a rough guide to estimate the proper tension. So when he has finished adding the overall tension to the piano, the instrument will still be out of tune'

"It should now be clear why your piano tuner makes a separate charge for raising the pitch on a piano; it should also be apparent why he makes a separate charge for tuning a piano."

These are quotes from the book, THE PIANO OWNER'S GUIDE-How to Buy and Care For A Piano, written by Carl D. Schmeckel.

All piano owners need the information that is in this book.

It can be obtained (paperback edition) for \$4.95 from Mr. Herman Boone, a registered tuner-technician, who will be in the area tuning and repairing pianos Nov. 10th and 11th. If you desire his service or the book call 1-806-765-6043 or write to him at 3113 Parkway Drive, Lubbock, Tx. 79403. All work C.O.D. Also 647-2503 after 4 p.m.

Scouts, Cubs take part in Scout-O-Rama

Dimmitt Scouts took part in the Haynes District 1976 Scout-O-Rama at Plainview Saturday. Theme of this year's event was 'Scouting Heritage '76.'

CUB PACK 267 of Dimmitt entered an exhibition of Cub Scout games. The entry from Troop 266 was on wood-tool safety and from Troop 275, electricity. Nazareth Scouts also had an entry.

Demonstrations on camping, metal and woodcrafts and first aid were presented with shows of various scouting skills. A Law Enforcement Explorer Post from Tulia had a display on crime prevention, and Aviation Explorers showed their knowledge of flying techniques with a plane on display.

Cubs, Boy Scouts and Explorers from Hale Center, Lockney, Halfway, Cotton Center, Olton and Plainview, as well as those from Dimmitt, Nazareth and Tulia took part.

Many Nazareth families were represented at the Golden Jubilee Mass Celebration at the Civic Center auditorium Sunday afternoon, closing a week of celebrations for the Amarillo Diocese. The Apostolic Delegate in the US, the Most Reverend Jean Jadot D.D., was principal celebrant of the mass, with seventeen other Bishops con-celebrating. The auditorium was packed with priests, nuns and parishioners from all around the Diocese. All who attended witnessed a magnificent ceremony.
