Blizzards fall hard to tough Wall Hawks Meet state-ranked Goldthwaite Friday

The Winters Blizzards got their backs against the Wall last Friday night as they fell victim to the Hawks 6-40.

Wall got on the scoreboard in the first four minutes of the game on a consistent scoring drive and seemed to set the pace for the evening's show.

The Winters offense appeared ready to "do their stuff" on first possession but a fumble on their 24 yard line quickly ended the Blizzards' offensive drive as the Hawks took over. Blizzards Robert Silva stopped the Wall drive by intercepting a Wall pass in the end zone so again the Big Blue offense went to work. Their task was short-lived as they were forced to punt. Two plays later, a 62-yard run by Cory Braden gave Wall a boost on the scoreboard to 13-0. The Winters offense failed to produce in the two remaining minutes of the first quarter.

Second quarter action seemed almost a repeat of the first quarter. With less than four minutes off the clock, the Hawks moved the ball downfield and a short run around the right side chalked up six more points for Wall. The two-point conversion failed, but the Hawks were ahead 19-0.

Possession changed hands a couple of times with not much impressive play until an attempted pass by Wall was tipped and intercepted by Chane Reagan on the 43 yard line, giving Winters a reason to rally. But again a stalled drive forced the punt by Kelly Thompson who failed to get the kick away in time. The punt was blocked on the 46 yard line and the Blizzards defense was called back to work.

The first half ended with a sack by #60 Presiliano Sanchez of the

Blizzards followed by a long Wall pass. Score remained 19-0.

Second half action belonged to Wall as Braden of the Hawks came out with a long run to set up the score. The Blizzards defense held for two downs within the five, but third time was the charm as Wall scored again. PAT was through the uprights, giving Wall a 26-0 lead with 9:00 minutes left in the third quarter.

Winters took the kick-off and sophomore quarterback John Belew again tried to get the offense rolling. Belew provided a glimmer of hope with an impressive 25-yard run. But that hope was short-lived as Winters was again forced to punt.

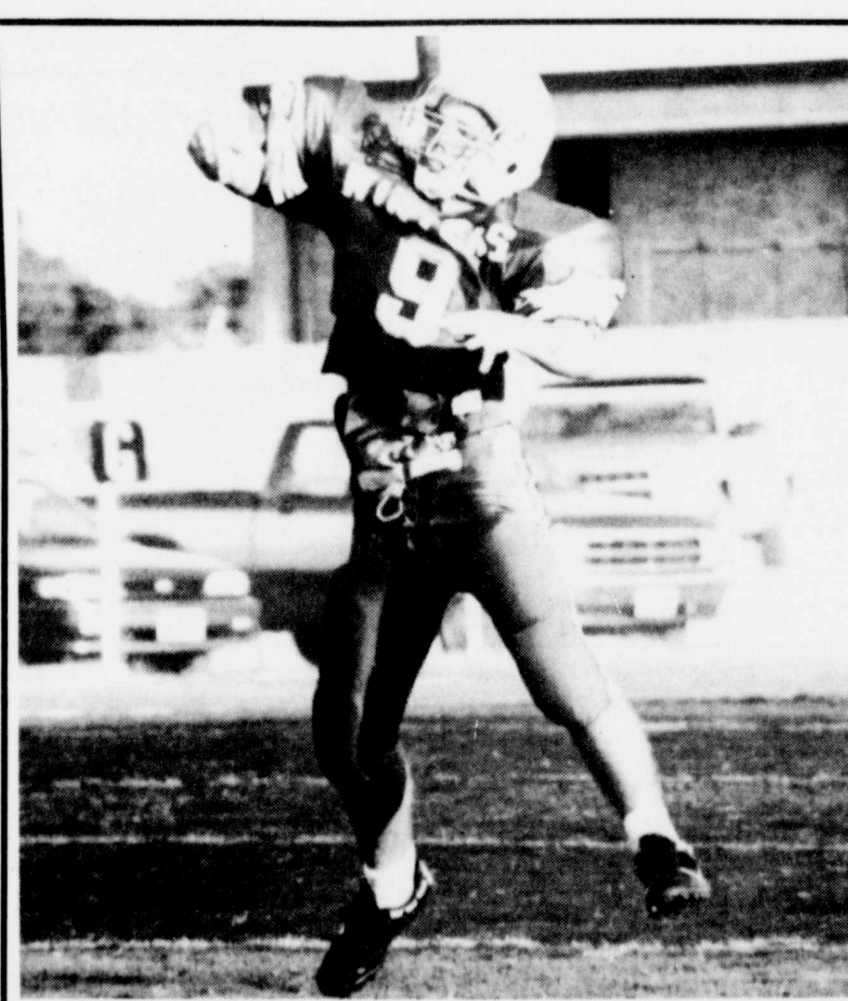

Another long run, 56 yards, by Wall's Braden set up the next touchdown with three minutes left in the third quarter. Extra point kick was good, giving Wall an overwhelming lead of 33-0. A series of short passes by Belew at the start of the fourth quarter finally gave Winters a scoring opportunity. A Belew pass to Zane Guy put the ball on the 11 yard line, followed by a run up the middle by senior Jim Calcote. The extra kick failed but Winters was finally on the board at 6-33.

Wall quickly came back to life and a long pass into a crowd of Hawks and Blizzards at the 25 yard line ended with Wall coming down with the ball and running into the end zone. Extra kick was good leaving the final score 40-6.

Winters head coach Robin Byrd later commented, "I think we played very poorly. Instead of getting better we regressed. I don't think we were mentally ready to play. The wreck that occurred, injuring eight WHS students, and the absence of several players may

have been a factor in our performance. The mental game is very important and right now we are not mentally tough. Physical mistakes can be overcome but mental mistakes have to be changed by the individual. Wall has a very good ball club and we made them look better. We are young and have lots of inexperienced people, but at some point in time we must grow up if we are to compete in this district."

Winters now stands 0-2 for the season and travels to Goldthwaite

this Friday to meet the #5 state-ranked Eagles. Kick-off will be at 8 p.m.

Council lowers tax rate; passes budget

"We are proud of the proposed budget for the fiscal year of '93-94 because we have lowered the tax rate by 3 cents and we have lowered the water rate by 3 cents for the inside city, outside the city and North Runnels Water Supply Corporation. We are submitting a balanced budget for approval of the council in which not only the level of services for the community have remained the same in some areas, in many areas it has increased," said Mayor Joe Gerhart at Monday night's city council meeting.

This budget cut will bring the tax rate to 65.54 cents per \$100.

In order to balance the budget the city council eliminated the "administrative position" of sergeant on the Winters Police Department effective Oct. 1, 1993.

This position is held by Keith Collom who has served on the Winters Police Department for a year and a half and has been in law enforcement for seven years.

This issue caused much discussion among city residents and many questioned the rationale of cutting police protection to just four officers.

Some questions asked by concerned residents were, "Couldn't the city eliminate another position instead of Keith's? Do the remaining officers have the same qualifications as Keith? How can the city possibly have 24 hour coverage with just four officers?"

Mayor Gerhart's response to all these questions was, "It was necessary to eliminate an administrative position."

Sergeant Collom responded to this by saying that he does not receive administrative pay. On the city pay plan he receives a Grade Four pay which is not classified as administrative.

Jim Lincycumb, a former city council member, expressed his concern. He remembers when the

change was made to enlarge the police force to five officers. Tim Dexter, former police chief at that time, also remembers the need for a fifth officer due to increasing crime.

In other business the city administrator was directed to receive some bids on the purchase of a riding lawn mower for the Park Department for discussion at the next council meeting.

Alderman Loudermilk moved to approve all the contracts and leases at the city airport to be effective Oct. 1, 1993 to Sept. 30, 1994, with the same figures as in the existing leases. The rent for the city hanger will increase to \$30 per year. Motion was carried unanimously.

Alderman Spill moved to approve the application of unused fire department funds in the '92-'93 budget up to \$3000 toward the repair of the pumper. Motion was carried unanimously.

Monthly reports, approval of bills, approval of minutes were all carried unanimously.

Mayor Gerhart called the meeting to order at 6 p.m. Members present were James Spill, Randy Loudermilk, O.J. Murray, Manuel Esquivel, David Evans, city attorney Kenneth Slimp and city administrator Aref Hasson.

Visitors present were Steve Ballard, K.W. Cook, Morris Robinson, Scott Hay, Randall Boles, Sue Spill, Idell Smith, Zeldia Stewart, Red Gerhart, Bill Hall, David Carroll, Lamoyne Moore, Ellis Moore, Nelan Bahlan, Wes Hays, Keith Collom, Tammie Watkins, Toby Virden, Johnny Merrill, Jim Lincycumb, Carey Balentine, Timothy Dexter, Arch Jobe, Larry Collom, Bobbie Collom, Jean Boles, Jan Dudash and James Lee.

The meeting was adjourned at 7:55 p.m..

OIL BUSINESS . . .

By Reg Boles ©1993

The oilfield service sector continues to see streamlining and consolidation in light of current activity and expenditure levels in the oil patch. Believe it or not, there is a purpose to it all, and the petroleum business will benefit from it.

Of course, there is no denying that individuals will suffer if they lose their jobs due to these consolidations, but, in the long run, the economy (on a broad scale) and the oil business (on a localized scale) will see productivity and efficiency gains that will increase their overall value.

Much of this same thing is going on in all parts of our economy. The new jobs that will be created by a more efficient economy will be there in the future for those that need them. It sure hurts, but it is the way the free enterprise system was meant to function.

The most recent consolidation was the merger of Dresser Industries and Bariod.

Both of these companies are well-known in the oil patch and are well respected for their quality and heritage. Dresser is out of Dallas and is about five times the size of Bariod, so Bariod of Houston will become one of the many subsidiaries of the larger Dresser.

Dresser last went on a buying spree during the boom of the early 1980's. It gobbled-up logging companies, equipment companies, etc. to become a very large and diversified oil field firm. Tough times of the late 1980's took its toll, but it turns out the company was a beacon for the future and is now only continuing the trend it began.

It seems that, now, oil and gas producers like to hire one service company to do all of the work on a project, not several different firms. This lowers the operators overhead by reducing the number of company men to oversee and increases efficiency thus lowering the cost of the service company's bill.

In the last several years, Halliburton and Schlumberger have overtaken Dresser in acquiring the assets required to be a 'one-stop' service company. Baker Hughes has also become an industry leader in providing the full array of services required by an oil and gas operator, including equipment, engineering, supervision, well service, etc.

In order to compete, Dresser must fill it holes with quality companies with well-respected names. Bariod is but one of those types of acquisitions.

Bariod brings drilling fluid services (THE name for drilling mud in the oil patch is Bariod), drill bits, drilling steering systems, and subsea drilling and production services.

Adding these services to the Dresser portfolio that already includes well services, production services, logging services, engineering, procurement, pipe and equipment, instruments, heavy equipment, etc. makes them well-rounded for the potential customer to pick them as the sole contractor on any given job.

All of this comes about because the customer is demanding controlled costs, top-notch service, accountability, and packaged services. As a result, the oil patch is getting a better and stronger set of competing service companies.

The larger operators will benefit the most, but smaller independents and their local service companies will see some net gain, too. The reason? Less competition for small jobs will benefit the local service company, and the local operator will see better technology trickle down because there will be service companies (the big ones) strong enough financially to do the research and development necessary to keep this business moving forward.

Committee to oversee jail construction

The Senate Committee on Criminal Justice has been appointed by Lt. Governor Bob Bullock to oversee that state's \$650 million jail construction program.

The Texas Legislature has appropriated funds to build a new system of state jails to house 22,000 prisoners, add 1,000 beds to the regular prison capacity and provide 10,000 "transfer" beds to alleviate jail overcrowding during the next two years.

About \$300 million of the funding is contingent upon voter approval in November.

Committee members include Senators Buster Brown (R-Lake Jackson), Jane Nelson (R-Flower Mound), Bill Sims (D-San Angelo), David Sibley (R-Waco), Jim Turner (D-Crockett) and Royce West (D-Dallas).

Chamber of Commerce Update by DAWN GREEN

The Winters Area Chamber of Commerce is on the look out for a city logo. We are encouraging all the Winters area residents to enter our city logo contest. Anyone interested in entering our contest needs to display their logo on a standard size poster board, and bring it to the Chamber office by Monday, November 1, 1993, from 1:00-4:30 p.m.

The logos will be judged by local people while they are on display at the Arts & Crafts Show, November 5th. The winner will receive a prize package from the local businesses in town. Anyone interested can get an entry form from the Chamber office (118 W. Dale).

The Chamber would like to encourage everyone to attend the program for Christmas in April presented by the Women's Service League. The program will be Tuesday, September 21st at 7:30 p.m. at the Winters High School auditorium.

The Board of Directors has selected September 18th as a City Wide Clean-Up Day. All businesses are encouraged to clean up their store fronts. All individuals are encouraged to clean up empty lots and around their homes. Homecoming weekend is October 8th, and we would like for Winters to be ready.

HAPPY HOBOES — Charlsie Poe, Verlene Anthis, and Anita Wood are all dressed up to enjoy the Triple L hobo party at the First Baptist Church last Wednesday.

In Appreciation

Card of Thanks

The Winters Volunteer Fire Department would like to say a "Special Thank You" to everyone that attended their annual barbecue.

This year's barbecue was very successful, due to all of the firemen and their wives. Thanks to the Auxiliary for providing the homemade desserts and helping serve. A Thank You also for anyone who donated desserts, and for the donations to the Fire Department.

Thanks Again,
Winters Volunteer Fire Dept.

Card of Thanks

Deepest appreciation for all the help, kind thoughts and prayers for the kids who were involved in the recent car accident.

God bless you all,
the Thompsons

Card of Thanks

On behalf of the Mayor, City Council, Winters Area Economic and Industrial Corporation, and the Chamber of Commerce, I would like to thank the following people for their participation in the downtown beautification project this summer. Randall Boles, for painting the trash baskets along Main Street. Wendell Lee, for donating paint for the planters, parking meter posts fire hydrants and street curbs. David Evans, for supervising the painting of the curbs by the Boy Scouts. And to the Boy Scouts who participated in this project.

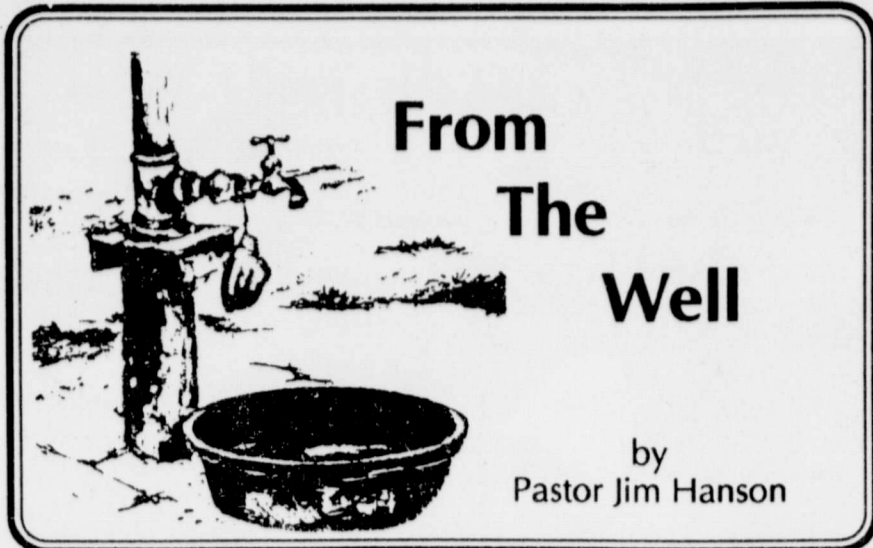

We all appreciate your help.
Sincerely,
Aref Hassan
City Administrator

Card of Thanks

To our many friends and loved ones in Winters "Thank you" for every kind deed and expression of love and concern for the loss of our loved one.

May God bless each of you in time of need.

The family of

"School days." Every fall when the kids go back to school, I think of the days when I went to school. Going to school is different than going to college. When you go to college you are more on your own. You have left the nest. Except for the "nest egg." You do still get into that regularly.

Going to school means you are still at home. And your education is a team effort or should be. Parents and teachers cooperate in making sure that your child is doing "the best." If there were problems at school, teachers and parents often got together. It's only right and proper. And when done right, it really works.

It surely worked for me. Now, don't get me wrong. It wasn't perfect. And it wasn't without pain. My father and mother were of the old school. If there was a problem between me and the teacher, the teacher was always right. If there was something wrong, it was me that was the problem. Parents and teachers stuck together. And their purpose was to teach and train the child. Not only in reading, writing, and arithmetic. Our report cards had two sides. One side had to do with school work, with grades in English, math, science, history, and other subjects. The other side of the report card had to do the department or "how well does your child behave?" Character formation. And you were graded in this fashion, a list of character deficiencies, and a box after each row. If you were deficient, the box would be checked. If you were behaving, getting your work done and on time, trustworthy, reliable, helpful, you would get no checks, you would have a clean slate. My father always read the back side of the report card first!

One of the greatest lessons I ever learned in school was not in English, math, or things like that. It was in character. The time I came home with the back side of my report card filled with check marks.

My father could hardly contain himself, "What happened, Jim?" I hung my head. I knew. But I wasn't ready to tell him. So he gave me a little while to think about it. And that night I had to tell him.

What had happened? Well, we had a test in English. I wasn't very well prepared. I panicked. Right across the aisle, on Jack Johnson's desk were the answers. Jack was left handed. That meant the information I needed was close to my eyes. How convenient. And so without any guilt, I proceeded to copy his answers on to my paper.

I was going along at a pretty good clip when I sensed a presence, towering over me. It was Miss Sheffelbein, my teacher. She looked down at me and asked, "James, are you copying Jack's answers?" I replied, "No." She didn't say anything more. She just picked up my paper and put it into the waste basket. And filled out the back of my report card with checks.

Dad got the message. And so did I. Before the incident was closed, I had confessed my cheating and my lying to my father. And then Miss Sheffelbein. A good lesson. One I've never forgotten. It helped form my character and it happened in school. Parent and teachers. Working together. And most surely for my good!

CARR available for those who need a ride

City and Rural Rides (C.A.R.R.) is a rural public transportation service that is available to you.

In town or out of town we can be your CARR. For a small fare you can go shopping, visit friends, see your doctor, or be taken to other places that you may wish to go. CARR will pick you up and take you right to where you wish to go. We go anywhere in Runnels County and selected cities out of the County such as Abilene, Coleman, Eden and San Angelo. Currently CARR goes to San Angelo every Monday, Wednesday and Friday afternoons, so if you need to go to San Angelo, call and let our driver know.

All CARR trips are by appointment and we ask that at least 24 hours notice be given so that we may provide you with the best service possible.

CARR service hours are Monday through Friday, 8 a.m. to 12 p.m. and 1 p.m. to 5 p.m. For more information on fares, where we go, or any other question you may have, call (toll free) 1-800-710-CARR 8 a.m. to 5 p.m. or 365-2275 or 754-4443.

City and Rural Rides is operated by Central Texas Opportunities in the following counties: Brown, Callahan, Coleman, Comanche, Eastland and Runnels.

Gems of History

The Edwards Plateau Historical Association will convene at Winters Saturday, October 2 for the annual meeting.

Neuman Smith of Ballinger is president of the 19-county organization and will preside at the convention to be held in the Rock Hotel. The business meeting will begin at 9 a.m. Lunch will be catered by Z.I. Hale Museum members.

The host historical society is responsible for the program which is being planned. It will include papers on history of the museum, some early ranchers and a movie of the Winters Centennial Celebration. The museum buildings will be open for visitation.

History lovers are invited to attend. Reservations for the \$5.00 luncheon must be made several days ahead. Call Neuman Smith at 365-3022 or 754-4771.

Out of a desire to stimulate interest in the history of this area, and to contribute to preservation of the written record of this history, the Edwards Plateau Association was formed at Menard in 1962. John Winslow, then president of Menard Historical Society, was the first president.

Although much of the first meeting was devoted to organization, the program included visits to Presidio de San Saba and Fort McKavett, as well as that of Fort Mason.

Another interesting meeting was held a year later at Ballinger. Carl Runge of San Angelo was elected president to succeed

Winslow. Succeeding to the presidency on his resignation, a few months later, however, was Elton Mims of Water Valley, first vice-president.

At the third meeting of the organization—Fredericksburg in 1964—the Gillespie County Historical Society was the host, presenting papers on Fredericksburg's history. These papers form the basis for the first issue of the Historian. Future issues deal with other communities represented in the association, as meetings are held in those communities and programs are presented on their history.

President Elton Mims called the 1965 meeting to order in quarters number I of Fort Concho. Outstanding papers by Margaret Bierschwale, Susan Miles and Frank M. Temple formed the basis for Volume II of the Edwards Plateau Historian. San Angelo was added to the list of communities which have hosted the new organization.

At the conclusion of the business meeting the group took a tour of Fort Concho Museum and attended the dedication of a historical marker near the site of the old town of Benficklin.

Two annual meetings went by before the next issue of the Historian was published due to the difficulty in receiving papers from the 1966 meeting at the Y.O. Ranch near Kerrville. The 1967 meeting at Mason was included in this publication. Mrs. Stella Gipson Polk gave a summary of the history of Mason and Mason County from her new book.

The years went by and in 1978 the association met at Winters to hear the history of Runnels County: Indian Influence by Wade White, and Runnels Has a Long History by John Glen Key. A special feature was a display of historic wedding gowns worn by Runnels brides. A tour to Blue Gap post office and other historic spots in Winters were displayed for the visitors.

Volume VI of the Historian covered the years from 1974-1977. It included Sutton County, Coleman County, Tom Green County and Kimble County.

Volume VII was the last issue of the publication, 1978-1982. Counties included in this issue are Runnels, Mason, Kerr, Menard and Llano.

This work is invaluable and we hope that with the renewed interest another volume can soon be published.

POINTERS FOR PARENTS

How's Your Family Stress Juggling Act?

(NAPS)—Juggling the demands of family and work life is one of the leading causes of stress today. According to IOF Foresters family stress expert, Dr. Richard Earle, parents can be filled with self-doubts that fuel personal and family stress. Earle advises that juggling demands effectively is the key to managing stress.

Whether at home or work, stress heats up when the gap between "I should" and "I really can" grows too big. To help parents cope, a free brochure offering tips on juggling responsibilities effectively is available from the IOF Foresters.

Stress-reducing suggestions include:

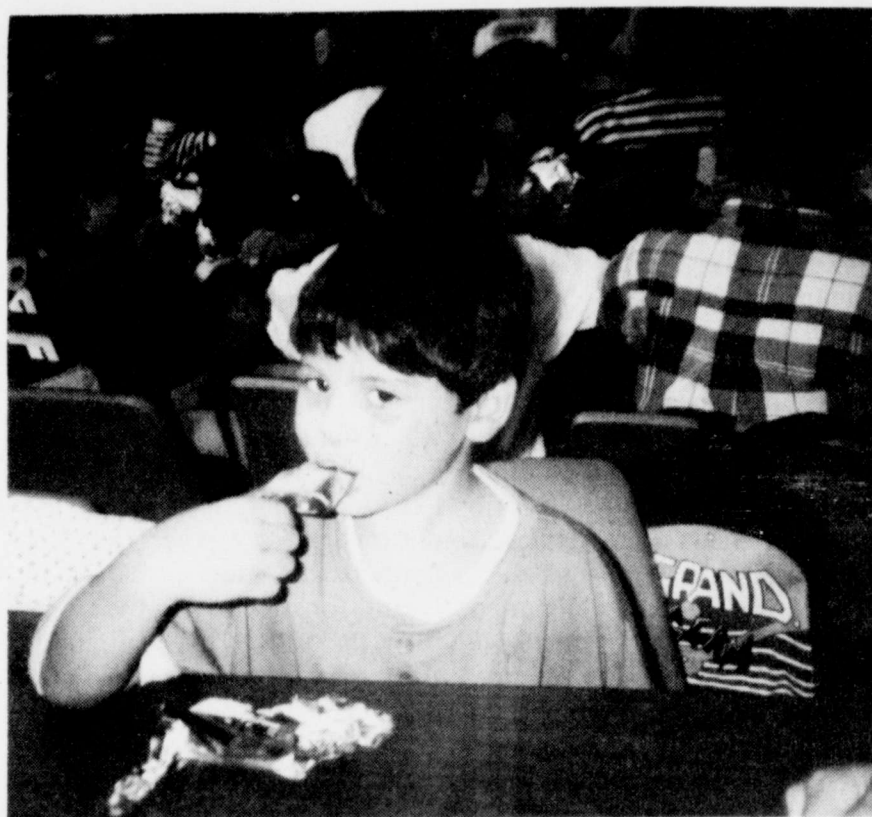

- 1) Lower expectations and abandon the notion of being perfect. Sometimes the dishes can wait, but your family can't.
- 2) Get the entire family to help run the household from day-to-day. Give up the idea that only you can do a certain job.
- 3) Develop a support network of friends or family to help you out at certain times, especially if you're a single parent.

4) Partners can shift tasks, like shopping or bill paying, to each other for short periods of time whenever one of you needs to focus on something of immediate importance.

Busy parents should learn to budget time wisely, plan regular stress breaks for the whole family, and stop trying to do everything. Cut back and take time to relax.

The IOF Foresters is a not-for-profit Fraternal Benefit Society dedicated to supporting projects that help strengthen family life. For more free tips from the organization on parenting and family stress, call 1-800-922-4-IOF.

Mrs. Keith Lee Daws

Foust—Daws marry in Graham

Robin LaSha Foust of Graham and Keith Lee Daws of Olney exchanged wedding vows on Saturday, September 4, 1993, at the First Presbyterian Church in Graham. Dick Stovall, pastor of Eastside Church of Christ in Graham, officiated.

The bride is the daughter of Mrs. John Foust of Winters and Mr. and Mrs. Jerry Dunnam of Graham and the granddaughter of the late Mr. and Mrs. Bob King of Winters.

The groom is the son of Mr. and Mrs. Connis Daws of Olney and grandson of Mrs. Myrtle Cooper of Olney.

Marty Thompson of Lubbock was Maid of Honor. Bridesmaids were Lisa Ownby of Lubbock; Karen Ward of Graham; Amy Daws, sister of the groom, of Lubbock; Tammy Wall, cousin of the bride, of Winters; and Sandra Merck, cousin of the bride, of Abilene.

The groom's father stood as best man along with groomsmen Randy Spivey of Olney; Lynn Grimes of Ft. Worth; Rex Hegi of Petersburg; Jeff Mamey of Archer City, cousin of the groom; and Dustin Dunnam, brother of the bride.

Ushers were Clint Holden of

Houston; Joe George of Graham and Terry Merck, cousin of the bride, of Abilene.

Candlelighters were Katy Merck of Abilene and Brandi Wall of Winters.

Handing out programs at the church were P.J. Palmer of Olney and Whitney Ray of Throckmorton, cousins of the groom. Staci Ross of Arlington registered guests.

Members of the houseparty were Suzanne Yancey, Allison Holland, both of Arlington; Lori Palmer of Olney and Mrs. J.J. Neely of Throckmorton.

The couple will make their home in Throckmorton following a wedding trip to Las Vegas.

The groom is a graduate of Olney High School, attended Texas Tech University and is employed by Conoco Pipeline Co.

The bride is a graduate of Graham High School and Texas Tech University, where she received a Bachelor of Arts in English and Psychology. She was a member of Sigma Tau Delta Honor Society and Golden Key National Honor Society. She currently is employed with the Stamford Independent School District as a teacher of special education in high school and junior high English.

Drasco exes gather on Labor Day

The 34th annual Drasco Homecoming was held on Labor Day, September 6, 1993, at the Winters Community Center.

Gerald Smith, president, welcomed the forty-nine (49) people who registered for the meeting.

Omer Hill led the group in singing "Amazing Grace," "When the Roll is Called Up Yonder" and "Precious Memories" with Billie Ruth Bishop providing piano accompaniment.

Odessa Dobbins, secretary, read the minutes of the last meeting, giving the following names of those who had died during 1992-93: Ruby Brooks, Thelma Hudgens, Fred Griffith, James Milliorn, Eunice Lail, Ethel Cooke, J.B. Belew, Bessie Adams, Nina (Bridwell) Bedford, Addie Bell (Davis) Johnson, Mrs. Bill Harmon and Eva Lee (Foster) Herrington.

Rev. Loyd Mayhew gave a short devotional from Luke 11:1 and 2 Chronicles 8, sharing his thoughts on how to pray and the great need for prayer in the public schools. He closed by praying for the deceased and giving the blessing for the noon meal.

The following officers for 1994 were nominated and elected from the floor:

President - Gerald Smith
Vice-President - M.L. Dobbins
Secretary-Treasurer - Odessa Dobbins

Letters to the Editor

Dear Fellow Citizens,

We would like to remind you that the third week in September is POW/MIA WEEK and September 17th is National POW/MIA Recognition Day. It is hoped by observing these dates there will be an increased awareness and participation of veterans organizations and public citizens in the POW/MIA issue.

The examination of U.S. Policy towards POW/MIA published by the U.S. Senate Committee on Foreign Relations, Republican Staff-letter known as the 'Helms Report' is the most disturbing report to date on the plight of our POW/MIAs. Over 3,350 missing from WWI, 78,777 missing from WWII, 8,177 missing from Korea, 2,303 missing from Vietnam, and 36 missing from Desert Storm. The evidence continues to mount with photographs and other publications such as "Kiss the Boys Good-bye". Most appalling are the accusations that our government may have been involved in

the cover-up regarding the POWs.

We ask that you do your part to ensure that the U.S. Government account for these men and women who are still LIVE POWs in confinement and MIAs still unaccounted for from their respective wars. Not only the missing but also their families and friends are in pain.

Please include those missing in your prayers and write to your Senators and Representatives stating your concerns.

We would ask each of the churches in our area to have a special prayer Sunday, Sept. 19th for those missing and the ones waiting for them. Imagine the whole nation praying at the same time for a special blessing. WOW!

Loyally,
Winters Veterans of Foreign Wars Post 9193 and Ladies' Auxiliary

Dear Editor:

I am writing this letter to you concerning the violations, within our city, of the Federal American Disabilities Act.

Not one of the businesses on North or South Main now comply with the law. Those with swinging doors have door closers on them with more resistance than the four ounces called for in the law.

Only the east side of North Main has a sidewalk that is wheelchair accessible and none of the doors are in compliance.

The east side of South Main has a ramp at Charles Bahlman Chevrolet, but the sidewalk is blocked by cars on display. In the summer months the Chevrolet dealership's bay door is left open, making the three businesses on that side of the street accessible, but only during the summer.

This tells all handicapped people coming through that we do not want them in our city.

We have people right here in Winters that are wheelchair bound who have to get others to do their shopping for them. Can't we be a city that cares for all people?

Sincerely,
Bill Ray

News From Area Churches

United Methodist Women

The United Methodist Women met in the church parlor on Tuesday, September 7. The opening prayer was given by Pauline Johnson.

Several names were mentioned for the prayer list, especially the teenagers involved in the car accident.

The annual district meeting will be held Saturday, September 18 in Hamilton.

The Chairman of the Nominating Committee, Lou Hamilton, stated she would contact members for a meeting to select a new slate of officers for 1994.

Betty Thomason presented the program "Liberia, Rebuilding the Ruins." Those who took part in the program were: Pauline Johnson, Lois Jones and Lou Hamilton. Others present were: Odessa Dobbins, Billie Middlebrook and Judy Biddix.

As a dismissal, the Lord's Prayer was said in unison.

39+ ministry

The Methodist Senior Citizens Ministry, 39+, is to tour the Sears Methodist Retirement home in Abilene on Thursday, September 23, 1993.

Bonnie Lee is making arrangements for the group to eat at 11:30, then tour the Chapel, Retirement Home, Nursing Home, and private cottages.

The Center needs to be notified a day in advance of the visit of how many to expect. If you want to go along on the tour, please notify Bonnie Lee or the Church office by noon on Wednesday, September 22.

The group will car pool and should be able to leave First United Methodist Church by 10:30 on September 23.

The public is invited to attend.

Shelton to speak at Church of Christ homecoming

Sunday, September 26 will be Homecoming Day at North Main Street Church of Christ in Winters.

The featured speaker for the occasion will be Tracy Shelton, minister of Gainesville Church of Christ and former youth director at the Winters church. Tracy is married to Winters native Marianne Mostad. They have two daughters, Amy and Lauren.

The homecoming will be a day-long affair, with a fellowship/meal at noon.

All current and former members of North Main Church of Christ are especially invited to attend with all visitors welcome.

Bethany Class

On September 7, the Bethany Sunday School Class of the First Baptist Church met with Elsie Sanders as hostess.

The meeting was opened by Lucille Virden, president. The opening prayer was led by Jimmie Davis. Roll call was answered with a Bible verse.

Minutes of the last meeting were read and treasurer and group leader reports were given.

The devotional thought on "There is no Power but God" was given by Bonnie Fairey. The closing prayer was led by Vivian Foster. The class prayer was said in unison as benediction.

Refreshments were served to members Lucille Virden, Jimmie Davis, Bonnie Fairey, Lorene Moreland, Opal Hamilton, Ethel Mae Clark, Omega Priddy, Vivian Foster and hostess, Elsie Sanders.

The public is invited to attend.

Training convention at Winters First Baptist September 20

During the Fall 1993 TAAS Administration, the Writing test will be administered on Tuesday, October 19; the Reading Test will be administered on Wednesday, October 20; and the Mathematics Test will be administered on

Thursday, October 21. Individuals no longer enrolled in Texas Public Schools who wish to register to take the exit level TEAMS or TAAS Tests may pick up a registration packet at any High School Campus. Registration forms must be completed and returned to Iowa City, Iowa, arriving in Iowa no later than 5 p.m. on September 28, 1993. Winters High School serves as a testing site. Testing will begin promptly at 8 a.m. each morning in the High School Building located at 200 East Jones. For more information about TEAMS or TAAS exit level testing or pre-registration, call Susie Johnson at 754-5516. You must register to be eligible to take the test.

Student Council News

by Laura Dees

The WHS Student Council members met Wednesday, September 8 at 6 p.m. Angela Bryan, president, presided at the meeting.

Homecoming activities were the main topic of the evening. Plans are underway for an exciting week. The dance is set for Saturday, October 9 in the cafeteria. Elephant Sound from San Marcos has been booked for the dance. They will provide a large

video screen for the music videos. Cost of the dance will be \$3 per person or \$5 per couple.

Student Council members painted the front curb at the high school blue. This area is designated as senior parking. Mrs. Dees wants to give a special thanks to those that repainted the curb.

Members also made a get-well banner for Jamie Sims. Everyone signed it and the banner will be delivered to Jamie.

8th grade Breezes win against Wall

Winters 8th grade Breezes won 16-0 against Wall on Thursday night.

Scoring touchdowns for Winters were Dennis Conner, on a 14-yard yard pass reception and Marshall Scates on a 6-yard run.

Conner caught 4 passes for 61 yards. Andy Yancy caught 1 pass for 17 yards. Eric Bernal, Marshall Scates, Chris Aguero and Dennis Conner ran the ball well.

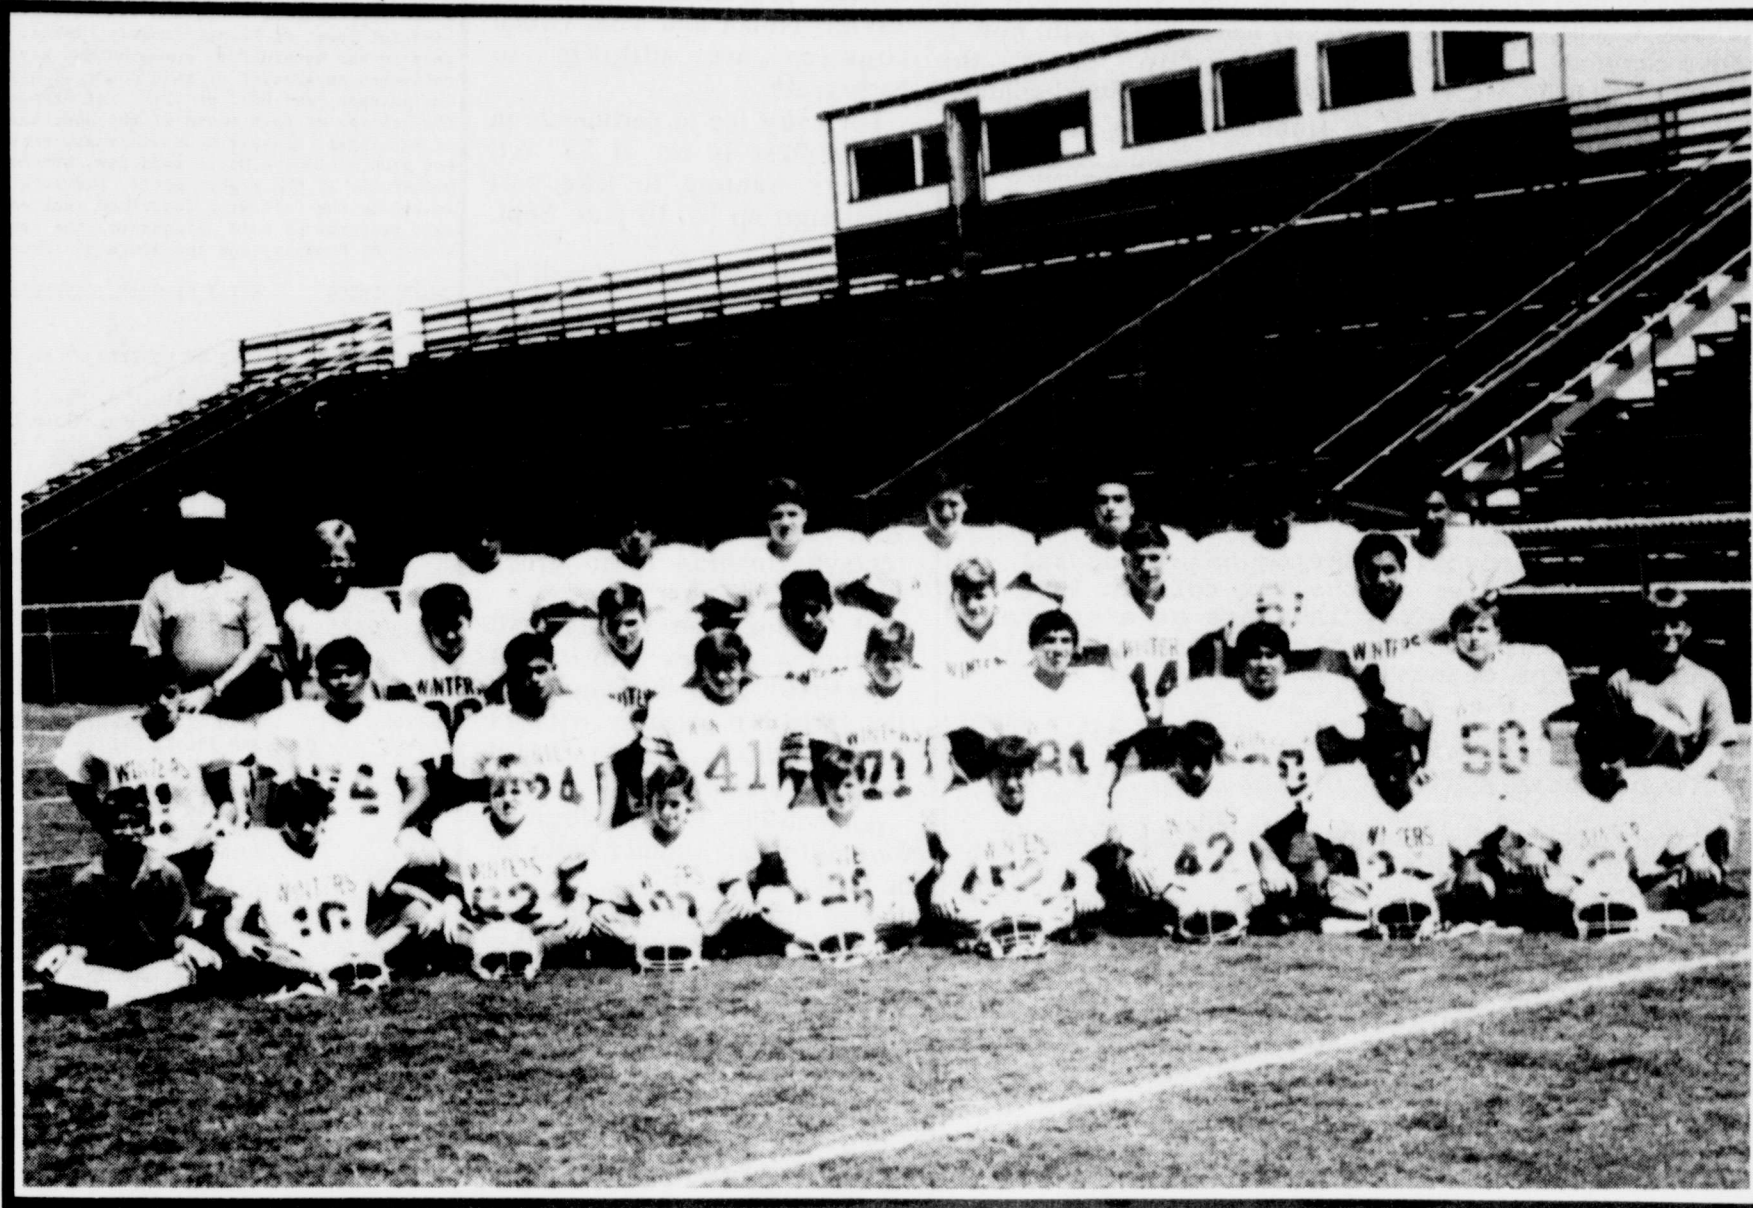

Wall never got inside Winters' 30-yard line. The entire defense played well and had several fumble recoveries and hard hits.

We started out shaky and had lots of miscues but got better as the game progressed.

We look forward to playing a tough Goldthwaite team Thursday the 16th at Winters.

7th Breezes lose to Wall 16-0

Coach Biff White stated, "Since this was our first game, I feel we didn't play all that badly. The option-pitch to the tailback hurt us."

The Breezes moved the ball some, but not consistently. We will work harder and be better for the Goldthwaite game. The boys are trying hard and I appreciate it. It will take time and patience."

Captains for the game were Eric Reeves, Lee Woffenden, Brad Esquivel, David Hernandez, B.J. Gardner and Jeremy Alvarado.

J.V. falls short, losing 35-20

The Winters J.V. got off to a slow start Thursday night. After trailing 28-0, they put forth a good effort in the second half, but came up short, 35-20.

Arnold Silva had two scoring runs and Michael Mostad added the other. James Andrae was two for three on extra points.

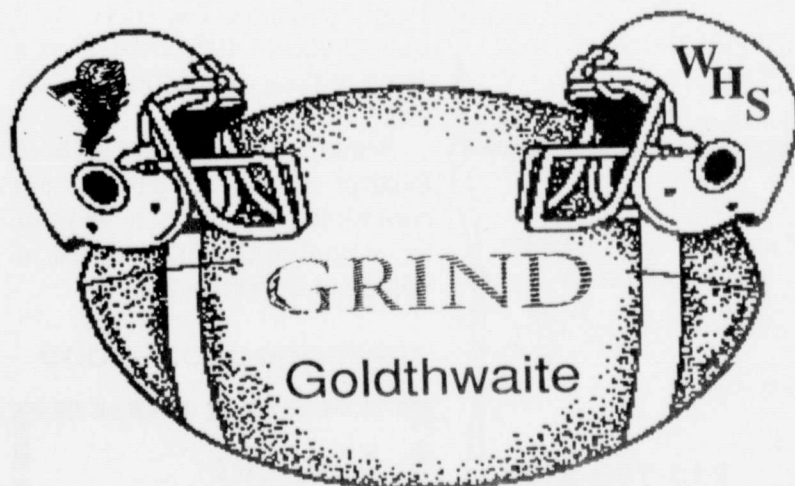

The defense played well in spurts, but needs to be more consistent. Offensively, Silva ran tough and J.W. Angel and Kyle Loudemilk caught the ball well, but the line needs a lot of work.

Coach Chuck Lipsey stated, "As a team, we need to play tough all four quarters."

Bowhunter's contest begins Sept. 30; benefits children's foster care program

Its time for all bowhunters to get ready for the upcoming deer season. And for the 1993 Protective Service (children's foster care program). For those hunters who prefer to seek deer with a bow and arrow, instead of a gun, now is the time to enter the bowhunting 'Big Buck' contest. Hunters hunting in Runnels, Coke, Coleman, Concho, Taylor, Nolan and Tom Green counties are eligible to participate.

The entry fee to participate in the contest is set at \$7. All hunters wanting to take part must sign up by 10 p.m. Sept. 30.

The weigh-in deadline will be noon on November 1st. Entries will be weighed in at Ballinger Wool and Mohair, 610 Railroad Avenue in Ballinger. The hunter bringing in the biggest buck will be awarded an American Hunter Feeder with battery. Second place will receive Bushlan camo green pants and chamois jacket. The Big Doe winner will receive a Stanley Hip Target (36x30x6). And the winner of the Two Doe category will get a Mackenzie Deer Target (medium alert).

All entrants will be eligible for a Whitetail skinner knife to be raffled away.

For more information and contest rules contact any of the following persons: Norval Meredith at 365-3505 or 365-2755; Ron Edington at 365-2211 or 365-5067; or Stan Bickel at 365-2322 or 365-5301.

This notice is required by the Texas Legislature.

*The percentage increase shown in the first paragraph below may appear unusually high because it does not reflect 1992 taxes levied by the now-abolished county education district (CED). In 1992, the CED levied a portion of the taxes used for school purposes, and the school district levied the remainder of school taxes. In 1993, school districts will levy ALL school taxes. For an explanation of the increase, attend the public hearing scheduled below or call your school district.

NOTICE OF PUBLIC HEARING ON TAX INCREASE

The WINTER I.S.D. will hold a public hearing on a proposal to increase total tax revenues from properties on the tax roll in 1992 by 528.69 percent. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property.

The public hearing will be held on SEPTEMBER 28, 1993 at 7:30 P.M. in the WINTERS I.S.D. ADMINISTRATION OFFICE.

FOR the proposal: GARY DON PINKERTON, JOE BRYAN, CHARLES ALLCORN, JOE PRITCHARD, BOB WEBB, BOB PREWIT, AND RONALD PRESLEY.

AGAINST the proposal: NONE.

PRESENT and not voting: NONE.

ABSENT: NONE.

The statement above shows the percentage increase the proposed rate represents over the 1993 tax rate that the unit published on SEPTEMBER 16, 1993. The following table compares taxes on an average home in this taxing unit last year to taxes proposed on the average home this year. Again, your individual taxes may be higher or lower, depending on the taxable value of your property.

	LAST YEAR COUNTY EDUCATION DISTRICT	LAST YEAR SCHOOL DISTRICT	THIS YEAR SCHOOL DISTRICT
Average home value.....	\$20,000	\$20,000	\$20,000
General exemptions available (amount available on the average home, not including senior citizen's or disabled person's exemptions).....	\$10,000	\$5,000	\$5,000
Average taxable value.....	\$10,000	\$15,000	\$15,000
Tax rate (per \$100).....	\$1.04600	\$0.24400	\$1.29000
Tax.....	\$104.60	\$36.60	\$193.50

TOTAL 1992 SCHOOL TAXES \$141.20 TOTAL 1993 SCHOOL TAXES \$193.50

THIS PARAGRAPH COMPARES LAST YEAR'S CED AND SCHOOL DISTRICT TAXES WITH THIS YEAR'S PROPOSED SCHOOL DISTRICT TAXES: UNDER THIS PROPOSAL TAXES ON THE AVERAGE HOME WOULD INCREASE BY \$52.30 OR 37.04 PERCENT COMPARED WITH LAST YEAR'S TOTAL SCHOOL TAXES. COMPARING TAX RATES WITHOUT ADJUSTING FOR CHANGES IN PROPERTY VALUE, THE TAX RATE WOULD INCREASE BY \$0.00000 PER \$100 OF TAXABLE VALUE OR 0.00 PERCENT COMPARED TO LAST YEAR'S TOTAL SCHOOL TAX RATE. THESE TAX RATE FIGURES ARE NOT ADJUSTED FOR CHANGES IN THE TAXABLE VALUE OF PROPERTY.

THIS PARAGRAPH COMPARES LAST YEAR'S SCHOOL DISTRICT TAX WITH THIS YEAR'S PROPOSED SCHOOL DISTRICT TAXES: UNDER THIS PROPOSAL TAXES ON THE AVERAGE HOME WOULD INCREASE BY \$156.90 OR 428.69 PERCENT COMPARED WITH LAST YEAR'S SCHOOL DISTRICT TAXES. COMPARING TAX RATES WITHOUT ADJUSTING FOR CHANGES IN PROPERTY VALUE, THE SCHOOL DISTRICT TAX RATE WOULD INCREASE BY \$1.04600 PER \$100 OF TAXABLE VALUE OR 428.69 PERCENT

From the Editor:

Recently some citizens have expressed disappointment or disillusionment regarding lack of certain representation in various political and educational entities.

With the start of the new school year, several opportunities are available for parents and other concerned citizens to become involved in our local educational system. A few areas in need of volunteers are as follows:

- Parent volunteer program
- Parent Teacher Association
- Parent training sessions
- Chapter I Parent Advisory Council
- Campus Performance Objectives Council
- Band Boosters
- Athletic Boosters
- Concession stand volunteer for band and athletics
- Band bus volunteer

I would like to challenge all parents and other citizens to volunteer their time and energy to any of these worthwhile projects and committees. Race, creed, color, or social standing are irrelevant. Everyone can serve. You can't make a difference if you aren't willing to put forth any effort.

Winters Independent School District invites all parents and community members to contact the school for a complete list of volunteer opportunities.

EXPLANATION OF CONVERSION FROM COUNTY EDUCATION DISTRICT TAXES

County Education Districts have been abolished. In order to compare school tax rates from last year to this year, it is necessary to compare the combined school tax rate below to the school district's proposed tax rate for this year.

Last year the WINTERS INDEPENDENT School District's tax rate was \$0.244.

Last year the RUNNELS County Education District's tax rate was \$1.046.

The combined School District and County Education District tax rate was \$1.29.

The proposed tax rate for WINTERS INDEPENDENT School District for this year is \$1.29.

NOTICE OF EFFECTIVE TAX RATE

1993 PROPERTY TAX RATES IN WINTER I.S.D.

This notice concerns 1993 property tax rates for WINTER I.S.D. It presents information about three tax rates. Last year's tax rate is the actual rate the school district used to determine property taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. This year's rollback tax rate is the highest tax rate the school district can set before it must hold a rollback election. In each case these rates are found by dividing the total amount of taxes and state funds by the tax base (the total value of taxable property) with adjustments as required by state law. The rates are given per \$100 of property value.

LAST YEAR'S TAX RATE:	
Last year's operating taxes.....	\$31,231
Last year's debt taxes.....	\$192,895
Last year's total taxes.....	\$224,126
Last year's tax base.....	\$95,813,950
Last year's total tax rate (per \$100).....	0.24400

THIS YEAR'S EFFECTIVE TAX RATE:	
Last year's adjusted taxes.....	\$222,954
(after subtracting taxes on lost property)	
/ This year's adjusted tax base.....	\$92,996,350
(after subtracting value of new property)	
= This year's effective tax rate (per \$100).....	0.23974

x 1.03 = maximum rate unless the school district publishes notices and holds hearing (per \$100)*.. 0.24693

THIS YEAR'S ROLLBACK TAX RATE:	
School maintenance and operations component.....	\$964,094
/ This year's tax base.....	\$92,996,350
= This year's local maintenance and operating rate (per \$100).....	1.03670
+ \$.06 = this year's maximum operating rate (per \$100).....	1.09670
+ This year's debt rate (per \$100).....	0.22023
= This year's rollback rate (per \$100).....	1.31693

* If the rollback rate is lower than 1.03 times the effective rate, the unit must publish the notices and hold the hearings to exceed the rollback rate.

The industry's leading researchers select the Lanier

"Most Outstanding Copier Line of the Year"

-Buyers Laboratory Inc.

Lanier receives copier award
Lanier Worldwide received the copier industry's 1992 Buyers Laboratory "Most Outstanding Copier Line of the Year" award. Lanier is the second American company to capture this annual award. It has been presented for six years. Copy Machine Company, 781 Cypress, is Abilene's local Lanier dealer for over 30 years. "All copier vendors covet the Buyers Lab 'Copier of the Year' award" said C. Lance Herrin, executive vice-president and general manager for Lanier's imaging systems division.

"The opinions and test results of Buyers Lab are widely circulated and respected by customers, analysts and vendors throughout our industry," he said. According to Buyers Lab, the company tested more than half of the 100-plus new copiers introduced in the U.S. last year. "Each model was subjected to Buyers Lab extensive in-house tests, and such critical factors as copy quality, economy, reliability, ease of use, productivity and jam frequency were evaluated," explained Don Lunday, low-volume marketing manager for Lanier's imaging systems division.

PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 2, 1993

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amendment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or of the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's economy and for increasing job opportunities and other benefits for Texas residents through state financing of the start-up costs of historically underutilized businesses."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air, water, or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1, 1994.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sovereign ownership or title to an undivided one-third interest in and to the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick on or about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15, 1830. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin counties."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 49 proposes a constitutional amendment that would prohibit a state personal income tax without voter approval and would dedicate the proceeds of any income tax, if enacted, to property tax relief and education. The amendment provides that a general law enacted by the legislature that imposes a tax on the net incomes of natural persons, including a person's share of partnership and unincorporated association income, must provide that the portion of the law imposing the tax not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of imposing the tax. The referendum must specify the rate of the tax that will apply to taxable income.

The amendment also provides that a general law enacted by the legislature that changes the rate of the tax, or changes the tax in a manner that results in an increase in the combined income tax liability of all persons subject to the tax, may not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of increasing the income tax. The referendum must specify the manner in which the proposed law would increase the combined tax liability of all persons subject to the tax. The legislature may repeal, or amend without increasing, a tax approved by the voters without submitting the amendment or the repeal to the voters. If the legislature repeals a tax approved by the voters, the legislature may only reenact the tax without voter approval if the effective date of the reenactment of the tax is within one year of the effective date of the repeal of the tax.

The amendment also provides that, in the first year in which an income tax is imposed, and during the first year of any increase in the tax, not less than two-thirds of all net revenues from the tax shall be used to reduce the rate of ad valorem maintenance and operation taxes levied for the support of primary and secondary education. In subsequent years, not less than two-thirds of all net revenues from the tax shall be used to continue such ad valorem tax relief. The net revenues of the tax remaining after the deduction of money for reduction of ad valorem maintenance and operation taxes shall be used for support of education. The maximum rate at which a school district may impose ad valorem maintenance and operation taxes is reduced by an amount equal to one cent per \$100 valuation that the school district's ad valorem maintenance and operation tax is reduced by the minimum amount of money dedicated under the amendment, provided that a school district may subsequently increase the maximum ad valorem maintenance and operation tax rate if the increased maximum rate is approved by a majority of the voters of the school district voting at an election called and held for that purpose. The portions of the amendment relating to dedicating tax revenues to reduce the rate of ad valorem maintenance and operation taxes apply on or after the first January 1 after the date on which an income tax takes effect, except that if the income tax begins to apply on a January 1, the amendment applies to ad valorem maintenance and operation taxes levied on or after that date.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment prohibiting a personal income tax without voter approval and, if an income tax is enacted, dedicating the revenue to education and limiting the rate of local school taxes."

PROPOSITION NO. 5 ON THE BALLOT

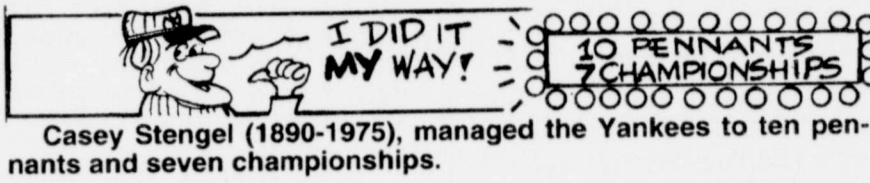

Senate Joint Resolution 18 proposes a constitutional amendment that would authorize the legislature to prescribe the qualifications of sheriffs. Currently, the constitution authorizes the legislature to prescribe the duties, perquisites, and fees of office, but not the qualifications for the office of sheriff.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of sheriffs."

SWEET HARMONY—Band director, Todd Felty, joins in the fun as the Blizzard Band performs.

Casey Stengel (1890-1975), managed the Yankees to ten pennants and seven championships.

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would abolish the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of county surveyor in Jackson County."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment requires the maps, field notes, and other records in the custody of the county surveyor to be transferred to the county clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with a qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in McLennan County."

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amendment deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes. It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud. Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricultural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use at the time the suit was filed. The amendment creates a second type of redemption for former owners of real property when property is neither a residence homestead, nor designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee, all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the purchaser's deed was filed before January 1, 1994, the former law is applicable and remains in effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to modify the provisions for the redemption of real property sold at a tax sale."

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (950 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans, \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States government, an agency of the United States government, the State of Texas, a political subdivision or agency of the State of Texas, or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board.

New section 49-b-2 creates the Veterans' Housing Assistance Fund II (the "Housing Fund II"), and \$500 million of the general obligation bonds authorized by the section shall be used for the Housing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under section 49-b-1 of article III. Money in the Housing Fund II shall be administered by the Board and shall be used to make home mortgage loans to veterans for housing within this state in quantities, on terms, at fixed, variable, floating, or other rates of interest determined by the Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the money of the Housing Fund II. The principal of, and interest on, the general obligation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund, if there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, an interest on, the general obligation bonds authorized by the section or by sections 49-b or 49-b-1 of article III, there is appropriated out of the first money coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or become due during that fiscal year.

If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other revenues as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an aggregate principal amount that the Board determines can be fully retired from the receipts of the funds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates of interest as the Board determines.

The general obligation bonds authorized to be issued by the Board by this section or by sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in installments, and shall bear a rate or rates of interest as the Board determines. The bonds shall be incontestable after execution by the Board, approval by the Attorney General of Texas, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing issuance of \$750 million in general obligation bonds to augment the Veterans' Land Fund and the Veterans' Housing Assistance Fund and to fund the Veterans' Housing Assistance Fund II."

PROPOSITION NO. 11 ON THE BALLOT

Senate Joint Resolution 31 proposes a constitutional amendment relating to the duties of trustees of local retirement systems which provide retirement and related disability and death benefits for public officers and employees and that do not belong to a statewide retirement system. The amendment provides that the

Appreciation Coffee to be held by Texas Department of Health

The Texas Department of Health & "IMMY" invite you to an APPRECIATION COFFEE to celebrate the success of the Summer Immunization Outreach Program.

The Appreciation Coffee will be held September 22, 1993 from 2:00-4:00 p.m. at 110 S. Main, Suite 108, Winters, Texas.

Rep. Stenholm to host health care Town Hall meeting in Abilene

Congressman Charles Stenholm and Congressman Jim Cooper, 4th District of Tennessee, will hold a Town Hall meeting in Abilene to discuss health care options. The meeting will be September 17 from 10 a.m. until noon in the Mabee Room of the McMurry University Campus Center. The McMurry University Campus is located at South 14th and Sayles Boulevard.

"I take seriously my dual responsibilities to keep my constituents abreast of developments in the on-going health care debate, and also to take their views back to Washington," advised Stenholm. "This Town Hall meeting will provide an excellent opportunity for both."

Representative Cooper is a Member of the House Subcommittee on Health and the Environment and chairs the Health Care Task Force of Stenholm's Conservative Democratic Forum (CDF). In this capacity, he is the principle author of the health care bill supported by the CDF.

"During this meeting, Jim and I will discuss the changes we are making to the CDF bill as we prepare it for introduction this fall. In addition, we will provide up-to-date information about the President's proposal which is expected to be announced just a few days later," said Stenholm.

This is an open Town Hall meeting and all are invited and encouraged to attend.

board of trustees of such a system shall (1) administer the system of benefits; (2) hold the assets of the system for the exclusive purposes of providing benefits to participants and their beneficiaries and defraying reasonable expenses of administering the system; and (3) select legal counsel and an actuary and adopt sound actuarial assumptions to be used by the system.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing that the trustees of a local public pension system must administer the system for the benefit of the system's participants and beneficiaries."

PROPOSITION NO. 12 ON THE BALLOT

House Joint Resolution 23 proposes a constitutional amendment providing that any person accused of a violent or sexual offense committed while under the supervision of a criminal justice agency of this state or a political subdivision of this state for a prior felony may, after a hearing and evidence substantially showing the guilt of the accused, be denied bail pending trial. If the accused is not, however, accorded a trial within 60 days from the time of his incarceration upon the accusation or indictment, the order denying bail shall be set aside unless a continuance is obtained upon the request of the accused. In the amendment, the term "violent offense" means murder, aggravated assault (if a deadly weapon was used or exhibited during the commission of the assault), aggravated kidnapping, or aggravated robbery. The term "sexual offense" means aggravated sexual assault, sexual assault, or indecency with a child.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting the denial of bail to certain persons charged with certain violent or sexual offenses committed while under the supervision of a criminal justice agency of the state or a political subdivision of the state."

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, or other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but preceding, a five-year period may, by a two-thirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment adds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the total appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and library materials, paying for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent im-

provements that are to be used only for student housing, intercollegiate athletics, or auxiliary enterprises.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment relating to the amount and expenditure of certain constitutionally dedicated funding for public institutions of higher education."

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-h, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-h, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping new correctional institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-h, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-h, relating to the status of the bonds as a general obligation of the state and to the manner in which the principal and interest on the bonds are paid, apply to bonds authorized by this amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the issuance of up to \$1 billion in general obligation bonds payable from the general revenues of the state for projects relating to facilities of corrections and mental health and mental retardation institutions."

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county surveyor are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 million. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced primarily in this state by agricultural businesses domiciled in the state."

Este es el informe explicatorio sobre la enmienda propuesta a la constitucion que aparecera en la boleta el dia 2 de noviembre de 1993. Winters Police Beat

The information below is taken from reports on file with the Winters Police Department. Some of the information is provided to police by citizens, and in some cases, police have not finished investigating the reports.

Winters Police Department reports received and/or investigated from Sunday, the 5th of September thru Saturday, the 11th of September, 1993:

- * arrested Johnny Nickles, 27 years of age, of Winters, for terroristic threat and for city warrants.
- * investigated a telephone harassment case in the 500 block of W. Roberts. The case is still under investigation.
- * investigated a criminal trespass case in the 1100 block of W. Dale. The case is still under investigation.
- * investigated an accident in which Elsa Silva was driving a 1983 Chevy S-10 pickup North on S. Rogers Street and Lora Musick was driving a 1986 Chevy Camaro West on E. Broadway Street. The two vehicles met at an uncontrolled intersection.

Runnels County Crimestoppers offers a cash reward for information which leads to the grand jury indictment or conviction of offenders and the caller does not have to give his or her name. To give a Crimestopper's tip, call your local law enforcement agency at:

The Education of a Small Town Doc

by Keith Boles

Keith Boles has signed a contract with North Runnels Hospital to practice medicine in Winters once he is through with medical school and residency. At this time, he is a second year medical student at Texas Tech in Lubbock.

Keith Boles

Howdy, Winters! Sorry it's been so long since I've written. The summer has been pretty busy. I just got married August 7. Marriage is great! I hope some of you got a chance to meet my wife, Lori, this summer. She makes a great addition to the Boles clan, if I do say so myself. I couldn't have asked for anything more in a wife. She has been working on a graduate degree in English at Texas A&M (that's how we met). She has recently decided that she doesn't want to pursue a Ph.D and wants to finish her masters thesis. At the present time, she is looking

for a job in Lubbock in any field. Anybody have any connections in Lubbock?

We really enjoyed our summer in Winters! I worked for Dr. Lee the first half and did some good ole' manual labor the second half. Lori worked on her masters thesis in English and also did a lot of wedding "stuff." We lived with my aunt, uncle and cousins (thanks Randall, Jean, Jennifer, Brandon!)

We also went fishing, water skiing (thanks Monte Angel) and hiked up Table Top Mountain (thanks to whoever owns Table Top Mountain).

I would like to thank Dr. Lee, Soon and Charlotte for letting me work with them this summer. It was a great experience! Dr. Lee is from the old school. It's easy to see he truly cares about the well-being of his patients. He spends twice as much time with patients during their office visits as other doctors I've known and charges half of what you would pay in a big city. And you can't find two finer ladies than Soon and Charlotte. I'm sure Dr. Lee would tell you he couldn't have made it this far without their support. I appreciate their hospitality this summer.

Everyone talks about the painless shots Dr. Lee gives. Well, he taught me how to give painless shots! Sorry to those innocent victims I learned on. If you are still limping or have a sore arm, you can't sue. I'm only a medical student. Ha! Hopefully, as I progress through my education, I'll be of less harm and more help. I also got to pull stitches and assist in surgery!

The fall semester of the second year of medical school started August 16. (Where did the summer go?) It's going to be a busy semester so my articles may be shorter than usual, but I will keep writing.

Just bought my first stethoscope! We're taking a class called Introduction to Patient Assessment where we learn how to take histories and perform physicals on each other and eventually on real patients (should make for some interesting stories). For this reason, we had to buy our own set of instruments. They weren't cheap. Worked out to be around \$400.

That's all the time I have for now. Next time, I'll talk about the rest of the classes I'm taking this semester. See ya!

SHARING WITH THE LESS FORTUNATE—The Winters 4-H Club recently put together a 60-pound "care package" for Iowa flood victims. Shown here with the package ready for shipping are, clockwise from center front: Mandy Pritchard, Misty Pritchard, Robbie Heathcott, Cody Pritchard and Amy Heathcott.

Support the military with mail

The 1993 "Mail for Our Military" program is now underway! Mail from participants from every part of the U.S. will be combined and then separated into more than 1,000 bundles of varying size and sent to units, bases and support activities (other USOs, Armed Services YMCAs, hospitals, etc.) all across the U.S. and around the world.

"Mail for Our Military" is an exciting project for individuals, families, schools, churches, and groups of all kinds. For information on how to help achieve such results, not at five or ten, but at more than 1,000 places all across the U.S. and around the world, interested readers should send a first-class postage stamp (a stamped, self-addressed envelope cannot be used—just the stamp for return postage) to: MAIL FOR OUR MILITARY, P.O. BOX 997, FORT KNOX, KY 40121-0997. Thank you!

Record Book Results

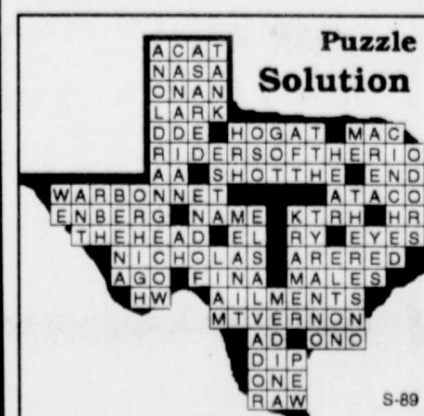

Runnels County 4-H'ers competed very well in the recent Texas 4-H Record Book judging held on the Texas A & M University campus in August. Thirteen (13) local youth were District 7 champions who advanced to the state competition.

Those competing and their placements are as follows:

Angie Hohensee, 1st Youth Service; Shauna Halfmann, 4th Youth Service; Anne Thornton, 2nd Wildlife; Amanda McCown, 2nd Sheep & Goats; Justin Strube, 3rd Wood Sciences; Beth Eggenmeyer, 4th Photography; Brad Schwertner, 5th Energy Management; Amanda Harrell, 6th Gardening; Becky Schwertner, 7th Poultry; Christy Strube, 7th Gertrude Warren Scholarship; Jill Frey, 9th Foods & Nutrition; Jamie McWright, 11th Fashion Revue; Barbara Belk, 20th Santa Fe.

Earning the right to attend the National 4-H Congress were Angie Hohensee & Shauna Halfmann. This national event will be in Chicago in December.

Over 450 4-H'ers from across the state competed in this competition. Runnels County Extension Staff is extremely pleased to have so much representation at the state level to have placed so high & that two qualified for the National 4-H Congress.

Law signed by President Clinton, to benefit farmers and ranchers

We have received information about Public Law 103-75, which President Clinton signed on August 12th. One of the provisions of the law provides grants for farmers and ranchers who have experienced 1993 crop losses because of damaging weather. The application period for this part of the program ends March 4th, 1994.

In addition, the law also allows producers to file quality loss claims for the years 1990, 1991, 1992; and established a deadline of September 17, 1993 for farmers to apply.

Farmers and ranchers should contact their local Agriculture Stabilization and Conservation Service representative for details.

Open bass tournament to be at Ivie Reservoir

The Runnels County Bass Club and Ballinger Chamber of Commerce will sponsor an open bass tournament on Sunday, September 19. It will be held at O.H. Ivie Reservoir - Concho Park.

Entry fee is \$35 with a guaranteed \$1500 first prize with other cash prizes to be awarded. Also, the first place big bass will be mounted free by Boatright Taxidermy of Coleman.

All entries must be in by 8:00 a.m. on Sunday, September 19. Headquarters will be open from 5:00 to 10:00 p.m. on September 18 and from 5:00 a.m. to 8:00 a.m. on September 19.

For more information, contact Runnels County Bass Club, Rt. 1, Box 24, Ballinger, 76821 or call (915) 365-2634.
