

OFFENSIVE STARTERS for the Dimmitt Bobcats in their season opener Friday night are expected to be these seven seniors and four juniors. Linemen, from left, are strong end Jim Wright, strong tackle David Malone, strong guard Scott Armstrong, center Ricky Hunter, quick guard Steve Anthony,

quick tackle Gary Nutt and split end Brad DuLaney. Backs, from left, are tailback Eddy Chavers, halfback Tommy Kenworthy, quarterback Thompson Mayberry and fullback Tony Washington. Coach Bruce Bush's Bobcats will host Crosbyton at 8 p.m. Friday in the opener.

THE HART LONGHORNS will rely heavily on these 12 experienced players when they host the Anton Bulldogs in their season opener at 8 p.m. Friday. From left are Berto Minjares, Lester Aven, Glen Black, Johnny Newsom, Bobby Allensworth, Bryan Irons, Gary Jackson, Kerry George, Kelly King, Cary

McLain, Eliazar Castillo and Donald Robinson. Kneeling is the Longhorns' new head coach, Bill Taylor. With 11 starters returning in eight offensive and nine defensive positions from last year's district championship team, the Longhorns are state-ranked in the Class A pre-season polls.

Marvin to head UW drive; '76 budgets due Sept. 17

The board of directors of the Dimmitt United Way, Inc., Tuesday named Jerry Marvin as the 1976 campaign chairman.

AT THE same time, the board called for all organizations that want to benefit from the United Way drive this year to submit their proposed budgets by Sept. 17. Proposed budgets should be mailed to the Dimmitt United Way, Box 968.

Each organization submitting a proposed budget and request for membership will be interviewed by the UW's Admissions Committee and Citizens Budget Committee.

The 1976 campaign goal will be set Sept. 21 after all budgets are reviewed, and a one-week "advance gifts" campaign will begin Sept. 28.

THE GENERAL campaign will kick off Oct. 12 and continue until Nov. 2.

The UW board gave Marvin, owner of Radio Station KDHN, unanimous approval as campaign chairman at its meeting Tuesday.

Marvin is to work with the Campaign Organization Committee and the UW board in organizing the second "all-in-one" fund drive, and is to supervise the teams of workers that will carry out the campaign in the Dimmitt area.

ALSO appointed Tuesday were members of the UW's Citizens' Budget Committee.

Bob Caddell, Garnett Holland, Stanley Schaeffer, Randall Craig and Betty Huckabay were appointed to serve with Committee Chairman Bill Clark, Don Nelson, Julian Falcon and Sandy Parsons in reviewing the proposed budgets submitted by participating agencies.

UW President Robert Ryan has scheduled the next board meeting for Tuesday. At that time the Campaign Organization Committee, headed by Reta Welch, is to report its progress in organizing the advance-gifts campaign. Also, the Admissions Committee is to give its first report on the number of organizations that have applied to date to become participating agencies in the UW for the coming year.

Hail damage to cotton, maize and sugar beet crops was being assessed by farmers in the northwest part of Castro County Wednesday morning after a deluge of rain and a heavy fall of pea-sized hail Tuesday afternoon left water standing in fields.

CORN LEAVES were stripped, but stalks were standing and no material damage is seen to the crop, which is reaching the harvest stage.

Maize heads may have been shattered, depending on the degree of maturity in the fields that were hit by the hail and stiff wind, farmers said. Ground was too wet for a close inspection early Wednesday.

Rain amounted to only .11 of an inch at Radio Station KDHN, official reporting station for Dimmitt, but farther north moisture of about an inch was recorded on the Charles Nutt place and by M. L. Simpson 10 miles north of Dimmitt on US 385.

Louise Stone, a mile west of the highway, reported a similar amount, and at Easter Grain employees said showers added from .30 of an inch to an inch of moisture over the entire area, with some damaging hail spotted around, mostly three or four miles west of the Easter crossroads.

At the Hill Feedlots south of Easter a good shower fell and the same report came from west of there. Tam Anne Fertilizer and the Bob Kay farm had only light showers.

EAST OF US 385, the rain tapered off. Rachel Hunter reported .40 of an inch and Odie Moore "about half an inch, with very little hail."

Spotted showers fell around Hart and Sunnyside, and Nazareth got "only a little shower, no hail," Lucy Leinen said.

49th Year - No. 48

Dimmitt, Texas, Thursday, September 2, 1976

14 Pages

Grid season starts Friday

THE NAZARETH SWIFTS will travel to Farwell for their 1976 season opener at 8 o'clock Friday night. This is the Swifts' varsity and junior varsity. In foreground, from left, are new Assistant Coach Joe Robertson, Head Coach Leslie Cowan and Assistant Coach Buddy Birks. Players, in front row from left, are Val Steffens, Harold Wilhelm, Frankie Wilhelm, Duane Heck, Ronnie Huseman, Kenny Brockman, Jimmy Huseman, Norman Gerber, Jimmy Kern, Johnny Steffens and Randy

Huseman. In second row, from left, are Bobby Hochstein, Kenny Gerber, Timmy Wilhelm, Dale Wilhelm, Frankie Acker, Chris Book, Stanley Hoelting, Darryl Birkenfeld, Neal Wilhelm and Wayne Heiman. In back row, from left, are Douglas Acker, Bill Cowan, Royce Huseman, Derwin Huseman, Jeff Gerber, Clayton Acker, Tommy Kern, Victor Steffens, Denny Schmucker, Alex Hochstein and Alan Acker.

Dimmitt's Bobcats and Hart's Longhorns will open their 1976 football campaigns at home Friday night, while the Nazareth Swifts will travel to Farwell for their opening game.

KICKOFF time for all school-boy games will be 8 o'clock.

The Bobcats, under new Head Coach Bruce Bush, will host the Crosbyton Chiefs of District 4-A. The Chiefs are expected to go to the air a lot, and the Bobcats will counter with an all-new defense and a "Multiple-I" offense.

Coach Bill Taylor's Hart Longhorns will host the Anton Bulldogs. The Longhorns will unleash a combination of Veeer and Power-I attacks which many forecasters expect to carry them into the playoffs again this year. But 10 of the Longhorn starters have to play both offense and defense, and Taylor is living with the constant fear of injuries, which could prove fatal to the Longhorns' hopes.

COACH Leslie Cowan's Swifts will try out their new box formation offense against Farwell's Steers of District 3-A. An opening-game victory would provide a big boost to the Swifts' hopes.

For details on the teams' first-game strategy, see Page 13.

about dimmitt and castro county by b. m. n.

Much is being said and written about the Carter drop in percentage points as reflected by the polls taken in the presidential race. Carter, along with the people in charge of his campaign, predicted the drop in the one-sided preference polls as they knew there would be an adjustment downward as both camps girded for the campaign battle. In fact, the democrats were the ones that predicted the election would be a close race. Therein lies the reason every eligible voter, who believes that we need a change of administration and new leadership in Washington, should show up at the polls on election day and make his preference known.

We are short on space this week for this column and I will not attempt to list the many issues involved in the current presidential campaign, but will only point up the main issue. That issue is that Governor Carter is the only alternative to the election of the republican nominee who said he would not be a candidate for election to the presidency if he was appointed, and confirmed, as vice-president by the immediate past president whose name hasn't been mentioned so far by the republicans. This is honesty? You know, honesty is supposed to be Jerry Ford's greatest attribute. The main issue in this election is to rid our government of the remaining taints resulting from the Nixon administration.

Fund established for Mrs. Shearer

A fund has been started at the First State Bank for Jo Shearer, who is undergoing treatment for cancer at the M. D. Anderson Hospital in Houston.

MRS. SHEARER, an employee of Schaeffer & Co., has been hospitalized two weeks.

Anyone wishing to contribute to the fund to help defray medical expenses should make their checks payable to the Jo Shearer Fund.

New deputy joins assessor's office

Jerry Heller, 24, joined the county tax assessor-collector's office staff Monday as a deputy.

HELLER is a native of Hart, the son of Mr. and Mrs. Everett Heller, and a graduate of Hart High School.

He received a BBA degree from West Texas State University last May with a major in accounting.

Deluge covers northern farms

Hail damage to cotton, maize and sugar beet crops was being assessed by farmers in the northwest part of Castro County Wednesday morning after a deluge of rain and a heavy fall of pea-sized hail Tuesday afternoon left water standing in fields.

CORN LEAVES were stripped, but stalks were standing and no material damage is seen to the crop, which is reaching the harvest stage.

Swine flu clinic assured

Dimmitt will have a swine flu inoculation program soon, with 10,000 shots available.

DR. BILL LEE, county health officer, and Dr. B. D. Murphy, city health officer, said the clinic would provide free inoculations for all Castro County residents, plus those in surrounding towns that do not have doctors—Olton, Springlake and Earth.

Shots will be administered mainly by volunteer nurses. Inoculations will be given by the "air gun" method.

The Panhandle Regional Planning Commission's health services department will furnish the equipment, and vaccine will be supplied by the State Health Department.

"We're waiting for the vaccine to arrive, and when it does

we will set up the clinic on a Sunday," Dr. Lee said. "We will publicize all the contraindications beforehand, so people can read them and decide whether they want the shots or not."

"THIS VACCINE will not immunize against other strains of flu, so you'd still need to get your regular flu shots for the other types," he added.

Swine flu is the most virulent type of influenza, and national

health officials have predicted a serious outbreak this winter. A swine flu epidemic in 1919 caused many deaths in the United States.

"It's virulent enough that if we were to have an outbreak it would cause a high number of mortalities," Dr. Lee said. "That's what we're trying to prevent."

LOCAL health officers submitted a vaccine request for the Dimmitt area shortly after President Ford first proposed a national swine-flu inoculation program. As a result, Dr. Lee said, Castro County has been assured enough vaccine for everyone in this area who wishes to be inoculated, plus the necessary equipment to conduct the massive clinic.

A lot of volunteer workers will be needed to assist those administering the shots, he added.

"We'd appreciate all the volunteers we could get to help the nurses and serve as clerical help for as much time as they could give during the clinic," he said.

RELATIVES in Dimmitt have not heard from Goldsmith since the incident, which was announced by the US Navy Monday. It was reported that both vessels were damaged and one American sailor suffered a possible broken arm.

Eddie Goldsmith is a twin brother of Ted Goldsmith and a younger brother of Bill of Dimmitt.

With a damaged propeller, the Voge was towed to Suda Bay in Crete after the accident, and the Russian vessel was reported to have left the area under its own power with its conning tower or sail damaged.

Pentagon sources said they understood the submarine ran into the stern of the frigate, which is a much smaller vessel.

Funeral services for W. C. "Bill" Lacy Jr., 48, of Hart, were conducted Friday afternoon in the First Baptist Church at Hart.

BURIAL WAS in the Hart Cemetery. Rev. Joe Cariker, pastor, conducted the services.

Mr. Lacy, a farmer, had been a resident of Hart 31 years. Born in Hollis, Okla., he was a member of the Baptist Church.

Surviving him are his wife, Doris; a daughter, Sandra Elton of Claytonville; a son, William Carl of Hart; his parents, Mr. and Mrs. W. C. Lacy Sr. of Hart; a sister, Joann Riddles of Wichita Falls; three brothers, Darrell of Hart, John of Lubbock and Bob of Clovis, N.M., and two grandchildren.

Funeral services for Robert W. "Bob" Dillard, 67, of Dimmitt were conducted Monday in the Carter Funeral Chapel at Lockney, and burial was in the cemetery there. Earl Cantwell, minister of the Rock Creek Church of Christ, officiated.

Mr. Dillard, a Dimmitt resident since 1967, died Friday morning in an Amarillo hospital.

Born March 4, 1909, in Ladonia, he was a bookkeeper and had been employed with Bruegel & Sons here.

He is survived by his wife, Marie; his father, M. Dillard of Durant, Okla.; three sisters, Francille Rogers of Amarillo, Velma Lee Scott of Durant and Etta Hall of Colera, Okla.; and a brother, W. N., of Durant.

Sheffy's chatter

Feldmans visit relatives (and lakes) in Minnesota

By MYRTLE SHEFFY

Wally and Cindy Feldman left here Saturday for a ten-day trip to Spicer, Minn. for a visit with his parents Mr. and Mrs. Ailt Feldman and other relatives. They plan to fish and water ski. Doesn't Minnesota have a thousand lakes?

MRS. BUSTER Tidwell and daughter Ronda Wise of Lubbock were hostesses at a salad luncheon for all the ladies who helped hostess the several showers and luncheons for Ronda's recent marriage to Gary Wise. Probably 40 were present. Mrs. Tidwell gave each a handmade needlepoint pin cushion.

Calvin and Tommie Petty and Frank and Louise Mears went to Las Vegas, Nev. a while back for a fun week. They had to come home quickly to cut corn. They saw several good shows.

Myrtle Behrends is home from a four-month stay in Lubbock with her sister Vera Duree who is slowly recuperating from a leg break just above the knee. Vera is in a wheel chair now. Another sister Billie Younger of Brownwood was there for a while too. Myrtle went to see "Texas" in Palo Duro Canyon with a Lubbock church group with Lola Bell Griffith, sister-in-law of Polly Bell.

TIM PATTON and Linda Spradlin of Ontario, Ore. were married Saturday morning in the home of great aunt Ceal and Horace Carlile, with Marvin Roark, pastor of the Methodist Church, performing the service. Mary Ann Spradlin was her sister's maid of honor and Rodney Patton of Pampa was best man for his brother. Mr. and Mrs. Jack Patton are the parents of Tim, the groom. Jim and Sharon Patton came from Nashville, Tenn. and Mrs. Rodney Patton and children from Pampa and Vera from UT

in Austin and Bill Patton, another brother, helped out with the guests. Mr. and Mrs. James Welch were guests. Linda has been a nurse's aide at South Hills Manor and her sister Mary Ann is with the hospital. Timothy is farming with James Welch. They will live in Dimmitt after a short weekend trip to Ute Lake. The reception was in the Carlile home and all were dinner guests of Mr. and Mrs. Jack Patton at K-Bob's Steak House.

Have you met Lee Ray and Betty Hall? They are here with the Austin contractors building additions to the Amstar plant. I see them at the Methodist Church.

SAM KILLOUGH had open heart surgery Tuesday, Aug. 31 at Lubbock. We all wish for him the best.

Fred Jr. and Bobbie Bruegel went to Dallas last weekend to attend a grain men's meeting. Seems Fred has one of the big jobs in the state grain business.

Uncle Carl Bruegel of Chicago is here for a visit with the family. Sandy and James Baker are building a new house where the Blanton house was on Western Circle. Many new houses are going up over town.

And Mr. and Mrs. Bennie Scott were hosts at open house Sunday evening. They live south of town on Front Street.

Mrs. Tim Hucks, the former Sandra Carpenter, was the recipient of many nice gifts for the coming baby at a party in the home of Tanya DeVaney one day last week. 30 guests came with good wishes and gifts.

JACK AND Chollis George of Tucumcari were in Dimmitt on business and a visit with mom Cletha George. As you may know, Jack is contract builder of houses here.

I have been asked to tell you about the telethon by Dimmitt on Amarillo's Channel 10 Sept. 5 and 6, which starts Sunday at 2 p.m. till Monday at 6 p.m. This is to raise money for the muscular dystrophy program. And the CB's Club will sponsor a bake sale, also a white elephant sale for later. I will get the dates.

And, oh, yes, a party here tells me there will be a class for belly dancers at the Amarillo College. Very good exercise if you can make it.

Marion and Lena Benton were here from Lubbock to see how the big new house is coming along. The house is being built by son Robert and Martie Benton on the farm west of town. The Bentons always visit friends Edgar and Edith Ramey too.

KURT WALES and his sister Kathy are in school at Tech, as is Harold Love. And Mary Bossett has gone to Washington, D.C. to attend Howard University to study medicine to be a doctor. Her brother Floyd and mother B.C. Bossett went with her.

Blackie and Sara Blackwell went to Pantex to see their little great grandchild, a girl named Codie born to Sue and Bob Ellis. Sue is the daughter of Elmo and Sunny Blackwell. The other greats are Bernard and Ruth Brown, who came

down from Colorado, and the Preston Ellises from Amarillo. Blackie and Sara went up to Dalhart for a visit with Jerry and Joanne Blackwell who moved there from Dimmitt a while back.

Edna Riley and son Kim, grandson Jodie went to San Marcos last week. They were in Austin for the Aqua Festival. The boys liked that show very much. They visited friends at Austin, New Braunfels, then Kim went back to Marbridge Ranch for the winter.

Jack Boren of Lubbock visited his mother Maggie one day. Jack's father-in-law died from a heart attack last week. He was Hub Jones, brother of Sen. Marvin Jones.

GOING to the big bridge tournament at South Park in Lubbock were Joannis Robertson, Dorothy Mayfield, Ramona Annen, Faun Welker and her daughter Gladys Ochesner from Denver. I didn't get scores. People were there from all over the South Plains.

Mrs. Richard Wooten was hostess at a bridge party Thursday afternoon. She served fresh peach pie with ice cream to Opal Bearden, Retta and Billy Cluck, Maggie Boren, Cletha George, Jeanie Miller, Myrtle and Josie Bradford, who won high score with Billy second.

Then on Friday morning I cooked bacon and eggs for myself, Opal Bearden, Cletha George and Maggie. The coffee tastes better with someone to share.

Christene and Roy Hickman are going on a tour trip to

Europe this week. You know Christene is the daughter of Mrs. Bert Fuller.

Mamie Birdwell was a birthday lady last week so her friends Oleta Golden, Jo Gregory and Jeanie Miller took her out to dinner at a cafe in Clovis. These are the ladies left of a "long time ago" sewing club started when they were young matrons.

ALVIS McGOWEN is home from an Amarillo hospital where he has had lung surgery. And I hear that James Burnham's sister Velma of Roswell is doing very well from recent leg surgery. Velma grew up in Dimmitt.

Vera Patton went back to Austin to UT after brother Tim's wedding. Going with her were Stacey Koeniger, daughter of Mr. and Mrs. Koeniger. He is the high school counselor. And Mary Damron, who went on to San Marcos. And Junior Sandoval is also attending school at the University of Texas at Austin.

And Shannon Truelock, son of Wanda and Ben Derrick (and grandson of Myrtle Behrends) has bought a house in Lubbock. He is going to school at Tech. Other students living with him are Travis Hampton and Lance Louder. Dimmitt must be sending hundreds of people off to college.

Randy Horton, son of Mrs. Ed Wilson went to South Plains College at Levelland.

Flora Stanford is home from a three week visit in Houston with her children the Saults and a son Jesse. She attended several dinners and parties given

for her. Glenn and Janis Whitlow Ramakers have moved here from Happy. They live on the Joe Nelson farm northeast of town. Glenn is a farmer. Janis is with Home Decor. Her dad is Dale Whitlow from Happy. Her granddad Pete Whitlow was a resident in Dimmitt and was with a grain elevator. Louise Kemp is a great aunt of Janis.

JOE MIKE and Debbie Myers have bought and moved into a new house on Ruskin Circle. That is just south of Butler Road. And they sold the other house on Eighth and Etter to the Max Martinez family.

Capt. and Mrs. Bill Rice of Homestead, Fla. have a new baby girl. Her name is Michelle Dawn and she was born Aug. 27, a 9 1/2 pounder. Grandparents are Mr. and Mrs. James Slough of Dimmitt and Mr. and Mrs. Bill Rice of Sweetwater. Mrs. Slough flew down to Florida to visit for a few days.

Friday the Jim Hrabals and the Donnie Nelsons and kids Kenny and Debbie Paxton and Maggie, also Julie and Debbie Hrabal, Dr. and Mrs. J. R. Faine of Littlefield went out to Bulls Lake for boating and water skiing. Saturday all the young ones went back for more water sports. They did not fish, no fish there.

Jerry and Meri Killingsworth and Graham and Karen Sheffy spent the weekend at Jerry's place at Angelfire up northeast of Taos. Gabe Sheffy stayed with grandpa Ted and grandma Dorothy. Jerry's babies stayed

with kin.

MRS. ADDIE Miller was 91 years old Sunday so her daughter Betty Cartwright took her to the son Bill and Tillie Miller's house in Hereford for ice cream and cake. This was just a Miller family get together this time. Mrs. Miller lives at South Hills Manor.

Melba Mahaffey of Fresno, Calif. went home after a six-week visit with her sister Mrs. Joe Scott, who is recuperating from recent surgery at Deaf Smith Hospital. Many friends and relatives have called on the Scotts and quite a host of friends came to the Bennie Scott's open house Sunday including Ray and Lena Martin of Abernathy. Ronnie and June Parker are

building a new house on Clovis Road, near the Heard's.

George and Josie Bradford and her sister Martha Griffin went to Hobbs, N.M. to attend the 25th wedding anniversary of a niece Mr. and Mrs. Floyd Smith. It became a family reunion for the Roden clan.

Melody Bellinghausen of Fort Worth, daughter-in-law of Mr. and Mrs. W. H. Bellinghausen of Dimmitt, has begun the four-year medical program at the Texas College of Osteopathic Medicine as one of four students in the nation awarded a two-year scholarship from the Auxiliary to the American Osteopathic Association.

DAUGHTER of the Seth Murphys of Levelland, Mrs. Bellinghausen received an AS degree from South Plains College and a BS in biology from West Texas State University. At SPC she was a lab assistant in chemistry and biology, and at WTSU she was a microbiology lab instructor.

She was a member of honor fraternities, including Beta Beta Beta, national biological honor society. She received the departmental award for outstanding achievement in biology, was a member of the American Chemical Society, Student Senate and Baptist Student Union in which she held offices three years.

In 1972 she was a state BSU summer missionary in the Rio Grande River Ministry.

She and her husband, David, a teacher and coach at the Lake Worth Middle School, are former Dimmitt residents.

HARDENING of the heart ages people more quickly than hardening of the arteries.

"LABOR IS LIFE" Carlyle Let's talk about labor - work, if you please, for that is what labor is. Labor has come a long, long way since ancient times when work was closely related to slavery. Aristotle described a slave as "a tool with life in it." In the Middle Ages, labor gained dignity and respect as slavery declined and Christianity spread. Then, later in the 1700's and 1800's the industrial revolution created conditions that led to the modern labor movements. Today labor has gained respect, wages and working conditions hitherto unknown before. Labor is life. Work is satisfying. Through his work a man accomplishes, and creates, and provides for himself and his family. When deprived of the opportunity or ability to work, man often becomes depressed, even ill. I Corinthians 3:9 tells us that "We are laborers together with God." We are His hands, feet, voice, and compassionate heart here on earth to spread the gospel, lift up the poor, eradicate ignorance and destroy disease. Honor God and Labor this week by attending church.

YOU ARE HEREBY COMMANDED to appear before the Honorable 64th District Court of Castro County, Texas, in the Court House thereof in Dimmitt, Texas, at or before 10:00 o'clock A.M. on the first MONDAY after the expiration of Forty-two (42) days from the date of issuance of this citation, same being the 4th day of October, 1976, then and there to answer in writing Plaintiff's Petition filed in said Court on the 16th day of August, 1976, in this cause numbered 4284 on the docket of said Court and Styled DONALD FRANK ANNESEN VS. BEDFORD TOWN AND LAND COMPANY, ET AL, a brief statement of the nature of said suit being as follows:

Being all of Lots Numbered Seven (7), Eight (8), and Nine (9) in Block One Hundred Forty-two (142) of the Original Town of Dimmitt in Castro County, Texas, according to the map or plat thereof recorded in the Office of the County Clerk of Castro County, Texas.

Plaintiff alleges that he is entitled to the title and the possession of said property, claiming under the Five (5), the Ten (10) and the Twenty-Five (25) year Statute of Limitations, and Plaintiff further prays that the cloud cast upon the title to the property above described by the Defendants be removed and said title be vested in the Plaintiff, all as is more fully shown by Plaintiff's Petition on file in this suit.

The Officer executing this process shall promptly serve the same according to law and make due return as the law directs, and if this process be not served within ninety (90) days from the date of issuance, it shall be returned unserved.

ISSUED AND GIVEN UNDER MY HAND AND SEAL OF SAID COURT at Office in Dimmitt, Texas this 16th day of August, 1976.

Young readers receive awards

By TEENY BOWDEN

The church summer reading program results and awards were given in the Sunday morning service. 31 children participated in the program, with 27 reading 10 or more books, 14 reading 25 or more, 6 reading 50 or more. 780 books and records were circulated. Plastic book marks were presented to Laura and Stacy Sadler, Jana and Stacy Waggoner, Melody and Karla Sadler, Jack Bradley and Squeaky Anderson, Knit worms were presented to Kelby, Kent and Kyle Bradley, Chanin Ross, Cinnamon Cox and Tina Anderson. Liberty Bell stick pins were presented to Gwendolyn and Melinda Wilson. The grand prize award for the school age children went to Rebecca Parson of Houston who read 125 books while visiting with her grandparents, Mr. and Mrs. Thomas Parson. She received a Children's Living Bible. The winner in the pre-school division went to Kyle Bradley who read 29 books. He received three Arch Books as his award.

REV. AND MRS. Raymond Jones, Mr. and Mrs. Hershel Wilson and Mr. and Mrs. Roy Phelan attended the Small Church Sunday School Conferences in Glorieta Monday through Friday. Bill Brown, camp manager at Plains Baptist Assembly near Floydada, was the guest speaker Sunday night. He spoke of the progress and changes in the camp program and reported that almost 8,000 had attended camp this year—all ages—and that almost 300 decisions were made. Mrs. Brown and their son Paul attended the services with him. The last Bicentennial emphasis on the history of the church was given Sunday morning. Last Sunday the emphasis was on the tornado and the re-building program. This Sunday from the tornado to the present time was given. In the 55 years the church has existed, 20 pastors have served, and 427 persons have been baptized

with many more joining by letter or statement, and many converted who never joined the church.

A LAYMAN led revival will be held beginning Sunday and continuing through Sept. 12. Alvin Fleming of Tulia will preach or speak Sunday at both services, Ivan Wozencraft of Olton will speak Monday night, Gaylon Burns of Sudan Tuesday night, Hollis Sweatt of Plainview Wednesday night, Deryl Tapp of Plainview Thursday night, Rickie Stark of Tulia Friday night, Ty Jones of Hereford Saturday night, and both services Sunday. Jim Fullingim of Petersburg will lead the singing all week. No morning services. Choir and Prayer Meetings at 7:30, services at 8. Mr. and Mrs. Cecil Curtis became grandparents again Aug. 13 when a 5 pound, 13 ounce boy was born to Mr. and Mrs. Lynn Mason of San Antonio. He was named Michael Lynn. Mrs. Curtis flew down the following Sunday and stayed until Thursday. They had been dismissed when she got there, but the baby had to be admitted later for a few days but is all right now.

Charles Axtell attended the Better Weather meeting in Earth Monday night. Mrs. Ray Joe Riley attended the Area PTA board meeting in Lubbock Thursday as the area vice-president. Ray Joe Riley and Kevin left Saturday for a few days in Washington, D.C. Mrs. Embree Roy Sadler and Mrs. Alton Loudder attended an art demonstration in Nazareth Monday night.

MRS. L. B. BOWDEN attended the Castro County Historical Museum meeting in Dimmitt Thursday night.

Mrs. Charles Axtell is teaching second and third grade migrant in Dimmitt this year. Francis Bryson, daughter of Mr. and Mrs. N. A. Bryson of Dimmitt, moved into the community this week to teach at Springlake-Earth. She is living in the E. R. Sadler rent house near their home. Mrs. Howard

Cummings continues her teaching at Springlake-Earth and also Miss Carolyn Cunningham and Miss Cindy Blagg who live south of the community building have resumed their teaching at Springlake-Earth.

Lee Brown enrolled this week in Tech. He will live with his grandparents Mr. and Mrs. E. R. Brown. Bob Duke also returned to Tech for his senior year. Larry Duke returned to Angelo State University last Wednesday.

A TRACE of rain was received Monday night, Tuesday afternoon and Sunday afternoon. .30 of an inch was recorded for Sunday night.

Rev. Raymond Jones and Thomas Parson attended the Associational Brotherhood Rally in Sudan Saturday afternoon and evening.

The youth of the church had a swimming party in Cotton Center last Tuesday night. Mr. and Mrs. Lee Bradley and Rev. and Mrs. Raymond Jones sponsored the outing. Those going were Lee and Lynn Brown, Tammy and Rhonda Ross, Deneen Wilson, Susan and Cindy Sadler, Chris Elkins, and Gale, Sharon and Karen Jones.

A group of young married couples celebrated the August birthdays of the wives with supper out, a show and a swimming party in Lubbock Saturday night. Some of them also spent the night and most of the day Sunday. Those going were Mr. and Mrs. David Sadler, Mr. and Mrs. Lee Bradley, Mr. and Mrs. Jimmy Waggoner, Mr. and Mrs. Martin Lefevere, Mr. and Mrs. Larry Bills, Mr. and Mrs. Lynn Cox, Mr. and Mrs. Charlie Jones and Don Ott and Donna Underwood from Dimmitt. Grandparents were babysitters.

Mr. and Mrs. Jimmy Parson, Patricia and Aubrey of Friona spent the day with his uncle Mr. and Mrs. Thomas Parson.

SEVERAL from the community attended the annual fish fry in Earth Saturday night. The Springlake-Earth band entertained. Kevin Riley, Chris Elkins, Kim Haydon, Michael

and Tommy Graham, Belinda Hampton and Lynn Brown were among those participating.

The Springlake-Earth freshman band members were entertained in the home of the band director Thursday night for winning a skit contest. Kim Haydon and Kevin Riley were among these participants.

Mr. and Mrs. Hershel Wilson were in Abernathy Sunday night for the musical production of "I Love America." They provided the sound system for the production.

Dr. and Mrs. Myles Sadler, Gregory and Amy of Lubbock spent the day Sunday with Mr. and Mrs. Embree Roy Sadler. Mr. and Mrs. Gale Sadler and Susan visited with them Sunday night.

MR. AND MRS. Cecil Curtis visited in Earth after the fish fry Saturday night with Mr. and Mrs. Ray Axtell.

The Springlake-Earth varsity and JV scrimmaged with Muleshoe at Muleshoe Friday night. Joe Fulfer plays on the varsity team, Lynn Brown on the JV team.

Mr. and Mrs. Charles Axtell and sons spent the day Saturday in the amusement park at Clovis.

Paul Axtell started to Sunday School at the First United Methodist Church in Dimmitt Sunday morning.

Ken Craft of Earth and Byron Smith of Springlake spent Friday night and Saturday with Jodie Riley.

MR. AND MRS. Ellis Carter of Hereford and Mr. and Mrs. Dave Gilley and a friend from Amarillo visited last Sunday with Mr. and Mrs. R. E. Duke at South Hills Manor in Dimmitt. Mrs. Carter and her granddaughter Mr. and Mrs. Qualls and baby daughter of Fort Worth visited in the home with Mrs. Duke Friday.

Mr. and Mrs. Arthur Bales, Wilda and her daughter of Washington State visited recently with Mr. R. E. Duke. They are former residents of the community and neighbors to the Dukes.

Mrs. Lillie King returned home from Amarillo Monday. She would like to extend a

sincere "thank you" to all the people who sent cards on her mother's 101st birthday. Her arthritis is getting pretty bad, but she had a good day.

Christmas in August was initiated in the Sunday morning service, and a Christmas tree put up to receive gifts during the month of September for the missionaries to give to children at Christmas. The little tree will be loaded with items like washcloths, soap, toothpaste, construction paper, glue, crayons and like items.

Texans getting 82-cent return on income tax

Comptroller Bob Bullock said Friday an analysis done by his office shows that federal aid to Texas state and local governments has more than tripled since 1966, but Texans still get back only 82 cents out of every \$1 they pay in income taxes that are appropriated to federal aid programs.

BULLOCK said the analysis lists 41 other states that get better returns on their income tax dollars.

"The reasons we have a lower return," said the comptroller, "are that we have a relatively low state and local tax effort, we have less unemployment than the national average, and Texas has a tradition of independence from federal programs."

However, he pointed out, Texas state government alone has already received \$1.5 billion in federal funds during the first 10 months of the current fiscal year—representing about 30% of all state revenues.

THE ANALYSIS of federal aid is part of the comptroller's June financial statement.

The monthly financial statement shows that June's expenditures of \$403.5 million brought state expenditures through the first 10 months of fiscal 1976 to more than \$5.3 billion, 17% higher than during the same period in fiscal 1975.

Mrs. Lillie King returned home from Amarillo Monday. She would like to extend a

10,000 fans, exes expected at annual Boys Ranch Rodeo

Two performances of the 32nd annual Boys Ranch Rodeo are scheduled for 2:30 p.m. Labor Day weekend, Sunday and Monday, with approximately 10,000 people expected to drive to Cal Farley's Boys Ranch for the event.

ALL OF the 370 boys of the Ranch will have some part in the rodeo, with about 150 competing with each other on the Brahma bulls, bareback broncs, steers and calves. The rodeo is the only one in the nation that has boys as the only contestants riding professional rodeo stock under RCA rules. Top honors of the rodeo are the titles of Senior and Junior All-Around Cowboys.

The rodeo is also a traditional homecoming for graduates of the Ranch who are members of the Boys Ranch Alumni Association. Some will travel long distances with their families to attend. More than 3,000 boys have lived at the

Ranch since its founding by Cal Farley in 1939.

An added attraction will be barbecue beef plates and other refreshments sold by the boys. Reserve box seat tickets are on sale at the Boys Ranch Office, 600 West 11th St. in Amarillo, and can be obtained by writing P.O. Box 1890 or calling 372-2341. The reserved box seat tickets are \$2.50 and general admission is \$1.50 for adults and 75 cents for children 13 years of age and under.

EVERY man likes a woman with brains enough to tell him how wonderful he is.

NOTICE OF INTENTION TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES. NOTICE IS HEREBY GIVEN THAT PLAINS WEATHER IMPROVEMENT ASSOCIATION, INC. OF P.O. BOX 1627, PLAINVIEW, TEXAS 79072, who holds License No. 76-4 issued on September 1, 1975 of the State of Texas intends to engage in an operation designed to increase rainfall and decrease hailfall by artificial methods, for and on behalf of Plains Weather Improvement Association, Inc., and will conduct such program by means of aerial application of artificial nuclei as follows: 1. The target area within which rainfall is intended to be increased and hailfall to be decreased is described as follows: The outer boundary commencing at the point of intersection of U.S. Highway 87 and the northern boundary at Hale County; then eastward to Farm Road 378; then southward along Farm Road 378 to U.S. Highway 70; then southeast 1 1/2 miles along U.S. Highway 70; then due south to the intersection of Floyd/Crosby county line; then due west to the Hale/Lamb county boundary; then northward along the Hale/Lamb county line to the southern boundary of Castro County; then west nine (9) miles along the Castro/Lamb county line; then due north to State Highway 86; then eastward along State Highway 86 to U.S. Highway 87; then southward along U.S. Highway 87 to the northern boundary of Hale County (the point of origin). 2. The area over or within which equipment may be operated to increase rainfall and decrease hailfall within the above described target area shall be the following counties or portions of counties: Castro, southern two-thirds of Swisher, southwest one-half of Briscoe, Hale, northeast one-half of Lamb, west one-half of Floyd. 3. The equipment, materials, and methods to be used in conducting the operation are: a weather radar system; aircraft, pyrotechnics (flares), and wing tip liquid generators for dispersion of silver iodide nuclei near cloud base. 4. The person who will be in control and in charge of the operation is: H. Robert Swart, Plainview, Texas. 5. The operation will be conducted during the period beginning January 1, 1977 and ending December 31, 1980. Individuals, organizations, or agencies who consider that their interests will be adversely affected by the operation proposed may file a formal protest for consideration by the Board with the following: Weather Modification Affairs Coordinator, Texas Water Development Board, P. O. Box 19087, Austin, TX 78711. Dated 8-12-76. Signed Frank Moore, President, Plains Weather Improvement Assn., Inc.

TO JUDGE from the grandmothers we know, Stonewall Jackson would today have to revise his famous command and begin, "Who touches a hair of yon blue head..."

KENNETH BANKS, research associate with the Texas Agricultural Experiment Station at Halfway, examines soil samples taken to monitor nitrate leaching and nitrogen transformation in soils from the Experiment Station at Halfway. Banks and Dr. Art Onken, soil chemist for the Experiment Station at Lubbock, are studying ways to increase fertilizer use efficiency. Their research programs will be featured during an upcoming field day slated for the Lubbock and Halfway Experiment Stations. [TAES Photo]

Soil's chemical changes to be shown at field day

Nearly 100 million dollars get buried beneath the soil of the Texas High Plains each year. The money is in the form of fertilizer, some 650,000 tons of nitrogen, phosphorus, and occasionally a touch of potash. SOIL RESEARCH scientists will tell field day viewers at Halfway Sept. 14 what happens to the fertilizer under the cotton, sorghum, corn, millet and sunflowers, and how environmental factors influence fertilizer and crop interaction. Dr. Art Onken, soil chemist with the Texas Agricultural Experiment Station at Lubbock, and Kenneth Banks, research associate for the Experiment Station at Halfway, say the chemistry of the High Plains soils is changing "continuously and irreversibly" as fertilizer is applied and used up by crops. The extent of this change and what farmers can do to assure that it continues to be beneficial are the topics of a tour stop near soil fertility research plots at which Onken and

Banks will be stationed during the field day. The afternoon event, beginning at 1, will be hosted by the Texas Agricultural Experiment Stations at Lubbock and Halfway. Beginning this year the field day will alternate between the two station sites, with Halfway serving as host this year. COOPERATORS are the Texas Agricultural Extension Service; Agricultural Research Service, US Dept. of Agriculture; National Weather Service; and the High Plains Research Foundation. Experiment Station soil research efforts are aimed at fertilizer use efficiency, says Onken. Based on research data accumulated from test sites on farms throughout the High Plains as well as from the Lubbock and Halfway research sites, correlations are made between fertilizer use and plant growth. Recommendations are then made for fertilizer applications under given soil and crop conditions. Other attractions besides tours of research plots at the Halfway Station include farm implement displays and audiovisual programs. Texas Agricultural Extension Service specialists will be on hand for individual conferences about production practices and problems.

Scouts initiate three into order
A Dimmitt Boy Scout and two adult scouters were initiated into the Order of the Arrow at Camp Post over the weekend. THEY WERE Life Scout Lawrence Stephenson, Troop 266 Committee Chairman Bill Behrends and Troop Committeeman Don Nelson. The Order of the Arrow is an honorary Scout service organization for Boy Scouts of First Class rank or above and adult Scout workers. Members are elected by their local troops. Dimmitt's new OA members were "tapped out" as candidates for membership at Camp Post in June. Over the weekend they and other candidates from throughout the South Plains Council underwent the "orddeal" required for membership. Helping conduct the initiation were two other members of the Order of the Arrow from Dimmitt, Troop 266 Scoutmaster Bill Stephenson and Life Scout David Nelson.

On Wall Street
By Bob Hill
A. G. Edwards & Sons, Inc.

Remember the ill-fated Bravo cigarettes? These were the non-tobacco cigarettes made in Hereford from lettuce leaves. That scheme didn't work, although the idea had a tremendous amount of merit. NOW, Celanese Corporation is marketing a cellulose mixture to European cigarette makers. The cigarette supplement is called Cytrel and Celanese has been working for 18 years to develop it for commercial application at a developmental cost of \$18 million. Cytrel and a British compound, "NSM" are mixed with tobacco in order to reduce tar and nicotine without eliminating the taste. The usual mixture is 80% tobacco and 20% supplement. The big market for the "false fags", as the British call them is England where there are 22 million smokers who consume 138 billion cigarettes a year, despite a strong government campaign against smoking. Eventually, all smokers everywhere will be the target. Courtaulds, an English textile manufacturing giant, gave up on its attempt to produce a synthetic compound because it would have had to bet another \$5 million on top of almost \$2

million already spent to develop the compound. It took ten years for Courtaulds to come up with the right formula for a tobacco additive which they later dropped. A major portion of any money spent to develop a suitable tobacco substitute or additive is the cost of testing on rats, mice, dogs, and humans. Literally millions of dollars are necessary to thoroughly document the various tests in order to prove that there are no cancer producing agents. Tests with "NSM" indicate that there is less risk of getting cancer from the tobacco supplements and substitutes than there is from tobacco. But millions of additional dollars will have to be spent before the British government appointed Independent Scientific Committee on Smoking and Health will make a final ruling on the acceptability of the substitute compounds. Without a favorable ruling from that group, none of the European countries including Great Britain will permit the "false fags" to be sold. THE FELLOW who is a good sport has to lose to prove it.

WHATEVER I said in anger, whatever I shouted in spite, I'm sorry I spoke so quickly—I thought up some worse ones tonight.

Nazareth faculty assignments told

Faculty assignments in the Nazareth Public Schools are announced for the 1976-77 school year by Joe King, superintendent.

Jill Peggram is high school principal and will also teach history. Leslie Cowan, elementary principal, teaches math and physical education. Mr. Brooks is school counselor. Music and band director is Sven Meyer.

Other teachers are: Sherman Birks, Math. David Bownds, Vocational Agriculture. Sister Herman Joseph Berke-eyer, Grade 1. Maxine Bridges, Grade 4. Sister Celestine Marie Bellghausen, Grade 6, Math 7th. MARTHA CATOE, Health, PE, Athletics.

DIANE SANDERS, Kindergarten. John Slavik, Social Studies. Sister Marcella Stengel, Grade 5. Pam Thurmond, Grade 2, Speech. Cathy Wilson, English, PE, Athletics. Dorothy Cowan, Business. Brenda Durret, English, Reading, Athletics. Rebecca Harp, Science. Sister Mary Hawkins, English. Sister Immaculata Homer, Grade 3. Beverly McDaniel, Reading, Athletics. Debbie Mumme, Home Economics. Joe Robertson, Science, PE, Athletics.

Nazareth Cycle is stolen during vacation

By MRS. AGNES BROCKMAN

Mr. and Mrs. Leonard Endres of Muenster visited the Brockmans over the weekend and attended the wedding Saturday of Mary Joe Schacher and Randy Pope.

MRS. ESTER Braddock and son of Van Alstyne attended the Schacher-Pope wedding here Saturday.

Rex Ramaeker, Rodger Gerber and David Olvera were vacationing in New Mexico last week. They had their motorcycles tied on a trailer, stopped to eat at a cafe and while they were eating someone stole Rex's motorcycle.

Mrs. Ed Drerup and Mrs. Leonard Wilhelm took Carol Drerup back to Dennison where she was a college student this past year and will be attending classes there again this year.

THE PARISH Council men and women and Father Stanley enjoyed a dinner last Tuesday evening at K-Bob's Steak House in Dimmitt.

The Tom Brockmans of Friona, James Wilhelms, Agnes Brockman and Cyril Brockman met in town Saturday evening and went to Tula for supper.

Mrs. Geneva Miller of Plainview spent Sunday here with the Al Hoeltings.

Sue Burt has returned home from Dallas where she has been going to school. She will be working at the hospital in Plainview now that she has finished her training in Dallas.

Sister Marcella Stengel received word last night that her brother passed away Sunday night.

SISTER Immaculata Homer and Rose Ball also received

Conservation Family farming holding its own

Family farming in the United States is holding its own as the most permanent and dominant influence in America's agriculture.

THIS VIEW of modern agriculture, expressed by Secretary of Agriculture Earl L. Butz, was recounted by Soil Conservation Service Administrator R. M. Davis in an editorial in the July issue of Soil Conservation magazine.

According to Davis, Butz reports that about 95 percent of all US farms are still family farms and produce about 60 percent of all farm produce sold. More than 90 percent of the farms are closely held family operations rather than large agribusiness firms.

"The ability of the family farm to survive is good news for conservation because the family farmer is also the mainstay of soil and water conservation," Davis said. "Family farms have been first in conservation since the beginning of the Soil Conservation Service."

IT WAS the family farmers who offered their farms as demonstration sites for new conservation practices. They organized conservation districts, tried out new agricultural practices and products, installed conservation measures, and developed and supported soil stewardship in local churches.

"Almost always, it is the

family farmer or rancher—frequently encouraged by sons and daughters—who is the first to try out new parallel terrace systems or no-till farming, then invites the neighbors over for a look," Davis said.

"As we mark the 200th anniversary of our country's birth in freedom, we should remember that it was the yeoman farmer, the family farmer, who 'fired the shot heard around the world,' and eventually won our independence.

"Now it is the family farmer—and rancher—who keeps alive our voluntary program of soil and water conservation . . . who conserves and improves our basic resource," Davis concluded.

Art students need magazines

Art students at Dimmitt High School are asking residents for discarded magazines and newspapers that have colorful pictures in them.

THE colored pictures are needed for some classwork in art that is starting now. Anyone who will donate the publications is asked to take them to the high school art department.

AN ANTIQUE is a piece of furniture that is paid for.

15—LEGAL NOTICES

NOTICE OF PUBLIC MEETING

The State Department of Highways and Public Transportation will conduct a public meeting on September 14, 1976, at 10 A.M. in the Assembly Room in the basement of the Castro County Courthouse in Dimmitt, Texas, for the purpose of discussing the improvement of F.M. 1524 from S.H. 86, 10 miles west of Dimmitt, south to F.M. 1524 in Castro County.

This proposed improvement will consist of the construction of a farm to market type pavement consistent with other farm to market highways in the area. Proposed right of way width will be 100 feet.

Maps and other drawings showing the proposed location and geometric design will be displayed at the public meeting and together with environmental studies and any other available information about the proposed project are on file and available for inspection and copying at the Resident Engineer's Office in Littlefield, Texas.

Personnel from the State Department of Highways and Public Transportation will be in attendance at this meeting to answer questions and give information concerning the design, the State's Relocation Assistance Program and right of way acquisition.

All interested citizens are invited to attend this public meeting.

HIGH STEPPERS—Leading the Bobcat Marching Band onto the field at Dimmitt High School's football games this year will be Drum Major Linda Wise, a senior, and Assistant Drum Major Mary Jones, a junior.

They'll make their first public appearance of the new school year Friday night when the Bobcats host the Crosbyton Chiefs in the season opener.

Irrigation gas users forming national group

An umbrella organization for farm consumers of natural gas, tentatively named the National Federation of Irrigation Farmers, was launched at a recent planning session in Amarillo.

THE EFFORT to unite irrigators was headed by leaders of four regional gas groups which have worked separately in the past.

Attending the meeting to form a national unity group were some 100 representatives of the North Plains Energy Consumers Association, Plains Gas Users, the Southwest Gas Users, and Southwest Kansas Gas Users Association.

"The response we got at the meeting was strong, and we are hoping to get everybody together again in November to make our plans for the national group final," said Jim Dowty of Dumas, president of North Plains Energy Consumers, the group which hosted the Amarillo meet. Dowty is a former

Dimmitt resident. **THE NATIONAL** strategy session got support in brief speeches by two irrigation country political leaders, State Sen. Max Sherman of Amarillo and Congressman Jack Hightower of Vernon.

Also addressing the farm group were John Aikin of Hereford, attorney for the Plains Gas Users Association, and Cameron Graham of Albuquerque, N.M., Southwest Gas Users attorney.

Graham, who has represented farmers before the Federal Power Commission, discussed the urgency of national organization. **"THERE IS** an awful lot of demand for natural gas, and there's not much around. It's as simple as that, and if you want gas for your wells, farmers are going to have to fight for it," Graham declared.

"It is absolutely essential that farmers all across the Southwest organize so they can

have an impact on federal energy policy. Our experience thus far has shown that irrigation farmers will have to wage this fight alone," he added.

"It is not so today, but in 10 years we will have severe supply and price problems with electricity. So converting your wells is not the answer," he warned.

HEREFORD attorney Aikin, a long-time irrigation spokesman, reported on the status of pricing policies adopted by the Texas Railroad Commission.

"The Railroad Commission has practically given up its authority to regulate prices on natural gas, and irrigation gas will be going up about two cents per MCF every month for the rest of this year," he declared.

"Our hopes cannot rest on getting the Railroad Commission to change its outlook. We've got to get gas regulation

AF officer describes US-Turkish relations

Strained US relations with Turkey, which reached a crisis last year, were described from an unusual viewpoint by an Air Force officer formerly stationed there at the Dimmitt Rotary Club program Friday.

CAPT. Tom Clark, now a security officer at Reese AF Base at Lubbock, spoke informally, showed colored slides and answered questions. He was accompanied by Lt. Bob Johnson, a recent graduate of the AF Academy at Colorado Springs, who is at Reese to begin flight training.

Capt. Clark sketched the background of the crisis with Turkey, which stemmed from the US position on the perennial Greek-Turkish quarrel over the island of Cyprus.

When Congress voted to embargo plane and arms sales to Turkey, that country retaliated by taking over US bases and closing security sites on its soil.

Now the matter has been renegotiated and Turkey got its planes, the officer said, but there is still friction over Cyprus. Turkish people remained anti-Soviet and pro-Western in spite of the dispute, he added.

SLIDES were shown picturing contrasts between eastern Turkey—largely industrialized and urbanized since modernization of the country under Kemal Ataturk's leadership following World War I—and the eastern mountain regions near the Soviet border.

Capt. Clark was stationed at a base in the eastern portion, where bare hills were denuded of forests centuries ago, farmers till rocky fields and villages are walled.

moved over to the jurisdiction of the new Texas Utilities Commission," Aikin urged.

IN COMMITTEE sessions, the convention delegates voted to maintain regional organizations, which will support the national grouping with per-capita contributions. A financial committee report approved called for raising some \$25,000 in funds by November, when the National Federation of Irrigation Farmers will be formally chartered.

Tumble-down shacks are not always homes of the poor, he said; some of the people choose to live in them and may own priceless rugs, gold and silver tableware.

"There are bad guys in those mountains," the speaker said. "Some of the disturbances in other Mideast countries have been plotted by fugitives hiding out there. They don't have any police; the Turkish army polices that area."

AFTER the program Capt. Clark invited the Rotarians to attend open house at Reese AFB Oct. 11, when the Thunderbirds, noted aerial squad, and the Golden Knights, an army parachute team, will perform.

SQUARE DANCE TIPS

By LINDA RICHARDSON

Three squares enjoyed dances to Johnny Gillenwater's calling Tuesday evening at the Country Club. Special guests were Kathy Moore of El Paso and Kathy Wood of Floydada.

Refreshments were served by James Driskill and Gene Byram. A business meeting was held during intermission. Ticket sales for an Arthritis Foundation benefit dance to be sponsored by square dance clubs of the Panhandle were discussed, and plans were begun for the annual Heart Fund dance.

A **SQUARE** from Dimmitt attended a dance at Nazareth Sunday evening, when Gillenwater was the caller, and brought back our banner.

The next meeting will be at the Country Club Sept. 14.

15—LEGAL NOTICES

Take notice that a public hearing will be held at 6:30 p.m., on September 7, 1976, before the City Commission of the City of Dimmitt, in the City Hall of Dimmitt, Texas, for hearing the recommendation of the Zoning Commission of the City of Dimmitt for rezoning the following described land, to-wit:

All of Lot Nine (9) and the West Forty-five Feet (W 45') of Lot Ten, Block Twenty-two (22), Miller Addition to the City of Dimmitt, Castro County, Texas.

Such recommendation includes the rezoning of the above described land from a single family dwelling district to a higher use double family dwelling district.

WITNESS my hand and seal of office, this the 16th day of August, A.D. 1976.

BOOSTER CLUB FOOTBALL CONTEST

CONTEST RULES:

1. Contestant must be at least 18, and must be a member of the Dimmitt Athletic Booster Club. If you are not a Booster Club member, you may send in your dues with your entry. Dues are \$5 per couple, \$2.50 per person.
2. Circle your choice of winning team in each game on this week's list. Be sure your name and address are on your entry.
3. Your entry must be turned in before 5 p.m. Friday at the Castro County News office, 108 W. Bedford St. Entry also may be mailed to "Football Contest," Castro County News, PO Box 67, Dimmitt, 79027, and must be postmarked before 5 p.m. Friday.
4. A committee of Booster Club members appointed by the club's officers will compile the weekly contest list and score the entries.
5. The tie-breaker score will not be used except in case of a tie on the number of correct choices. On the tie-breaker, circle your choice of the winner and pick the TOTAL POINTS you think will be scored in the game.
6. Contest winners will be announced at the next meeting of the Booster Club at 8 p.m. Tuesday in the Dimmitt High School Cafeteria. Any questions concerning the contest or individual scores should be brought up at that time.
7. Contest winners' names will be posted in next week's issue of the Castro County News.

PRIZES

WEEKLY prizes of \$5 cash for first place and \$3 cash for second place will be awarded by the Dimmitt Athletic Booster Club. GRAND PRIZE for the season will be 2 tickets to the Cotton Bowl Game. There will be no second place grand prize this year. The Booster Club scoring committee will compile weekly totals of contestants' correct predictions to determine the season prize winner.

Irene's Ideas

Fertilize plants now for spring

By IRENE KEATING

The long Labor Day weekend is upon us. This is a good time to get some canning done and collect the things you'll be entering in the fair.

This is also the time to apply fertilizer to your lawn, trees and shrubs. Studies do give clear evidence that fall fertilization is beneficial and that trees and shrubs winter better if they have adequate nutrition. The University of Tennessee research found that fall nitrogen could add an extra foot of growth to shade trees each year. I believe that it works—our trees that we fertilized in the fall and winter last year really grew this year.

HERE'S our garden check list for September.

1. Groom your pot plants that have been outdoors this summer. Repot, cut back or take cuttings of overgrown plants. Make the last application of fertilizer to established plants before bringing them indoors.
2. Divide and transplant iris, daylily and shasta daisies. Mulch newly transplanted plants to prevent freeze damage.
3. Continue to fertilize and water chrysanthemums until they show flower bud color. Use about 1½ pounds of 10-10-5 fertilizer per 50 feet of row.
4. PINCHING or removing side buds on mums will increase the size of the remaining buds.
5. Complete digging, drying and storing gladiolus corms.
6. Clean established garden

beds. Cut back or pull out faded annuals.

7. Purchase spring flowering bulbs as soon as they become available and store in the refrigerator until proper planting time. Tulips in late December, others in late October and November.

8. Peonies can be dug and divided now through mid-October. Select firm, fleshy roots having 3 to 5 eyes or buds for transplanting. It's best not to transplant any more often than necessary to prevent crowding.

Happy anniversary!

[Compiled from the Community Birthday Calendars of the County Home Demonstration Council and the Nazareth American Legion Auxiliary.]

SEPT. 7 — Nathan and Ann Pevehouse, Joe and Louise Nelson.

SEPT. 8 — Randy and Monette Schilling.

Tour story to be told on program

A 4-H Tour of Europe will be reviewed on the Dimmitt Book Club's program next Wednesday afternoon when Kelly Bagley and Cinde Sides are guests to tell of their part in the 1976 summer tour.

THE TWO Castro County girls joined 4-H'ers from over the United States who traveled through several European countries, visited in homes, saw spots of historic and scenic interest and learned something of lifestyles of youth in each country.

Mrs. Glenn Merritt is chairman of the program, and will introduce the young speakers. The public is invited to hear them at 4 p.m. in the clubroom

Socially Yours

MRS. RANDY POPE
... The former Mary Jo Schacher

Couple exchange vows at Nazareth

A midafternoon ceremony Saturday united in marriage Mary Jo Schacher and Randy Pope, both of Nazareth. Rev. Stanley Crocchiola, pastor, officiated for the nuptial mass in the Holy Family Catholic Church.

THE BRIDE is the daughter of Mr. and Mrs. John Schacher and the groom's parents are Mr. and Mrs. Jean Pope of Tulia.

Ivy tendrils and palm leaves decorated candelabra at the church altar where a basket of blue and white gladiolas was placed.

Donna Acker was matron of honor and other bridal attendants were Simona Schacher, sister of the bride, Lydia Gerber and Mary Beth Ramaekers. A younger sister, DeZane Schacher, was the flower girl.

Larry Wells served the groom as best man. Allen Braddock of Van Alstyne, the bride's cousin, Daryl Tucker and Van Bonds of Tulia were groomsmen. Altar boys assisting in the service were Larry Rossi of Tulia and Harold Wilhelm. Troy Johnson carried the rings.

GUESTS were shown to the pews by Bill Schacher, brother of the bride, Bryan Finck of Lubbock, Joe Bob Via of Happy and Paul Williams of Tulia.

ALTAR candles were lighted by the bride's brothers, Benny and Ivan Schacher. Wedding music was presented by Noreen Kleman, Annaleen Venhaus, Tricia Gerber, Mrs. Gene Schmucker and Keith Birkenfeld. Songs were "Twelfth of Never," "Take My Hand" and "It's a Brand New Day."

In Victorian mode, the bride's lace gown had fitted waistline and sleeves and a Sabrina neckline. Five wide tiers of the lace, gathered fully, made the bouffant skirt which shaped into a brief train.

Scallops of lace formed her headpiece and edged the illusion veil which fell over the train. She carried her mother's pearl-covered prayer book topped with an orchid nestled in lilies-of-the-valley. Another luck piece was a necklace borrowed from Mrs. Jean Pope.

Of blue printed organza, the bridesmaids' frocks were styled with figurine bodice, low neckline bordered with deep ruffles, and gathered skirts with wide hemline ruffles. Clusters of blue carnations and babybreath were worn in their hair and each carried a single carnation. Dressed similarly, the flower

of the Rhoads Memorial Library.

Preceding the open program, a business session of the club is scheduled at 3:30 p.m.

Small Talk

By SUE COLEMAN

A look around at the things people buy at stiff prices in antique stores, and display with pride as collectors' items in their homes, is causing me considerable worry.

NOT THAT I envy my friends the possession of their grandma's rolling pin to gild and tie with a ribbon over the den fireplace, or a flowered chamber pot or brass spittoon for an ivy planter.

IT'S THINKING of those homely things as prized—and costly—relics of the past that bothers me, because it makes me wonder what people 50 or 75 years from now will be treasuring from our everyday stock of tools and utensils.

Frequently you hear somebody moan that "Mother sent her old No. 2 washtub and rub-board to the junk heap, and today I saw some just like those—sort of rusty, too—in an antique shop and do you know how much she wanted for them?" Well, the price of a new dress, at least.

WHEN Grandma tossed a cheap dish, with a coffee ad printed on it, into the trash she certainly had no idea she would be reviled today for destroying a fine antique. Somebody in the future is going to think like that about us because we carelessly threw away a faded . . . what?

If Grandma had only known what to save for us she would have been happy to save it. So it scares me to throw anything away. What will the future want of our common possessions today? Will plastic measuring cups become rare items? Fly swatters? Stereo sets?

If we save too many of whatever we save they will lose their rarity and value. Whatever we don't save will be scarce and valuable. If you're tired of worrying about the political situation, here's a good new subject. A real quandary.

MR. AND MRS. CARL WEBB
... To celebrate Golden Anniversary

Reception planned for ex-residents

Friends and former Castro County neighbors of the Carl Webbs of Plainview are invited to their Golden Wedding reception beginning at 2 p.m. Saturday, continuing through the remainder of the afternoon and "until bedtime."

ited with introducing cotton farming in Castro County. Their sons are Marcine of Grandfalls, J. C. of New York and Tommy Joe of Bloomfield, N.M.

MR. AND MRS. Webb will hold open house at their home, 1004 Vernon St. in Plainview. They expect their three sons to be present with numerous other family members. The couple has 10 grandchildren and two great-grandchildren. Both residents of this county, Bertie Baker and Carl Webb were married Sept. 1, 1926, and made their home in Castro County for 30 years. Mrs. Webb is a daughter of the late Andrew J. Baker, who is cred-

READY TO STEP OUT when the Bobcat Band takes the field at Dimmitt's opening football game Friday night are the band's six twirlers [from left] Diane Love, Amy Merritt, Beth Cleveland, Sharla Burrous, Carla King and Kimmie Hollums. The girls will stay busy throughout the game, performing dance routines in front of the home stands in addition to twirling and marching with the band at halftime. [Photo by M. L. Simpson]

VETERAN'S SERVICES

By BEDFORD W. SMITH

What To Do When A Veteran Dies: Burial benefits are available for honorably discharged wartime or peacetime veterans who die of a service connected disability, or one who was discharged for a disability in line of duty or was entitled to receive compensation at the time of death.

Death benefits need be applied for within two years of the veteran's death. Benefits include burial flag, a portion of the funeral expenses and a plot or interment allowance, transportation when the veteran dies in a VA facility, a headstone or grave marker, burial in a national cemetery under certain conditions, and a Presidential Memorial Certificate, etc.

NECESSARY documents include the Veteran's Service record (needed for any veteran benefit), death certificate, a bill from the funeral director and one from the cemetery showing costs and whether paid or not and - unless on record with the VA - such papers as marriage certificate and/or legal dispositions regarding same, birth certificates of children, etc.

Widows, children and sometimes other dependent relatives who make application need these documents. Also when the veteran has Government Insurance the death certificate is needed.

In our office we have more complete information and we have the forms and will assist claimants in filling them out as they may desire. Our services are without remuneration but are supplied by the county.

FOLLOWING is a news release from the VA Regional Office in Waco concerning survivor benefits in addition to the above:

Almost a million widows and 797,000 children of veterans are receiving pensions from the Veterans Administration despite the fact that the death of their husband or parent was not directly related to military service. And even more may be eligible.

Children's eligibility is sometimes overlooked by the family, Coker believes, when the mother is not eligible because of income, remarriage or divorce prior to the veteran's death.

Eligible for VA pension based on need are widows, widowers and minor children of war veterans who died of nonservice-connected causes. The amount of pension is determined by annual income with no payments to surviving spouses with children, whose annual income is in excess of \$4,500.

CHILDREN'S eligibility, however, is independent of the mother when she is not entitled to pension.

The possible eligibility of all survivors is reviewed by VA when notification of death is received, but sometimes circumstances surrounding the veteran's death do not provide information to identify all possible survivors.

There are no income limits on eligibility for survivor benefits for spouses and children when a veteran's death was the result of military service.

What's cooking at the schools

HERE ARE the school lunch menus for Dimmitt Schools for Sept. 6-10.

MONDAY—Labor Day holiday.

TUESDAY—Cubed beef and gravy, creamed potatoes, green beans, fruit, rolls, butter, milk.

WEDNESDAY—Barbecue on bun, tossed salad, corn, apricot cobbler, milk.

THURSDAY—Chicken and dumplings, green peas, gelatin fruit salad, rolls, butter, milk.

FRIDAY—Salmon croquettes, little whole potatoes, green lima beans, cookies, rolls, butter, milk.

SPEAK when you are angry and you'll make the best speech you'll ever regret.

The most important step towards saving money on heating and cooling costs is really inside a home. The Energy Efficient Home makes sure that heating and cooling stays inside your home, where it belongs. It's really not a new concept at all. With the days of cheap energy gone, it is important to use electricity more wisely than ever before. The Energy Efficient Home is today's best method of enjoying clean, comfortable electric living at the lowest possible cost.

LOOK INSIDE...

ASK FOR FREE NEW HOME PLANNING BROCHURE

OTHER RECOMMENDATIONS include the use of cool fluorescent lighting, a heating/cooling system like the heat pump that maximizes efficiency and an electronic air cleaner to be used with moving air systems.

Today there is no need to sacrifice comfort to save energy and money. The Energy Efficient Home like everything else electric is as modern as tomorrow. Call your Southwestern Public Service Company manager. He'll give you all the details on the modern, comfortable way to save energy and money with the Energy Efficient Home.

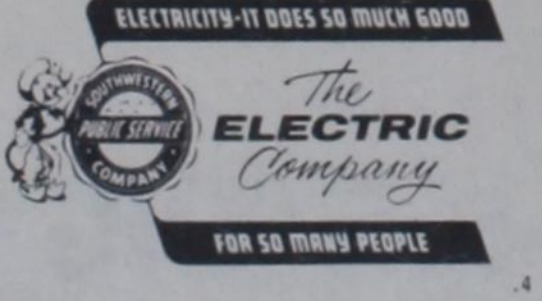

*The 'R' value in the guidelines indicates the 'Installed Resistance' of the insulation to the flow of heat.

WALLS conform to one of three options: #ONE - 6" walls with R-19" insulation. #TWO - tongue and grooved styrofoam sheathing, 4" walls and R-11" insulation. or #THREE - R-15" minimum insulation. Walls must include a vapor barrier of 6 mil. polyethylene or foil backed sheetrock. Sill insulation or sill caulking (under bottom plate) is also required.

CEILING insulation must equal R-30*

FLOORS (if pier and beam construction) must be insulated with R-13". In slab floors choose between Option #1, rigid urethane or styrofoam (3/4" minimum thickness) from top of floor along the outside edge of the slab down to the brick ledge, or Option #2, vermiculite poured in the cavity between bricks and slab up to the top of the floor.

WINDOWS AND DOORS are weather stripped and caulked. Double pane glass or storm windows and insulated core or storm doors also ensure energy efficiency. It is recommended that glass area not exceed 8% of floor space.

PROBABLE DEFENSIVE STARTERS for the Dimmitt Bobcats in their season opener against Crosbyton Friday night are [kneeling, from left] backer Lane Louder, end Donny Carpenter, guard David Malone, guard Joe Aleman, end Kevin Hucks and backer Reggie Washington. Standing, from left: halfback Larry Bossett, safety Dennis Veals, linebacker Jody

Minnick, linebacker Louis Perez and halfback Brad DuLaney. The new Bobcat defense will normally use only Malone and Aleman in the down positions on the line, with the rest of the forward men doing a lot of sinking and stunting. The defense averages 168 pounds per man.

Cats to have new look

Dimmitt's 1976 Bobcats have new coaches, a new system and a new look.

AND THERE'S something else new, too—top rankings. In the hazardous pre-season polls, the Bobcats are ranked at the top of District 3-AA by Texas Football Magazine and the Lubbock Avalanche-Journal Poll, and among the top teams in Region I-AA by the Harris Poll.

That's because new Head

Castro County Country Club

Three teams tied for low gross in the Scotch Foursomes last Sunday. Polly Holland and Jack Newsom, Neva Hickey and Johnny Mason, Bobby George and Brad Glenn all shot 45's.

PATTY and Gerald Summers won first low net with a 32. Betty and Bill Williams won second low net with a 34.

Polly Holland and Mozelle Lilley were hostesses with some help from Polly's husband, Garnett. The spaghetti was delicious.

Don't forget the club tournament Sept. 4, 5 and 6. Both men and ladies will play. The entry fee will be \$10. It will be match play. All club members are invited to enter.

Area Tops Club meet discussed

Plans for taking part in a Recognition Day program at Perryton Oct. 9 for Tops Clubs of the area were discussed at the Monday night meeting of the Dimmitt club with 24 members present.

A NEW member was welcomed at the meeting and the monthly fellowship social afterward in the home of Emily Clingsmith.

Mandy Ramirez was recognized as KOPS of the week, the member maintaining her weight loss goal most successfully. She lost a pound and a half during the week and Darla Underwood, Tops of the Week, lost 4 pounds. Total weight loss recorded this week was 14 pounds, 8 ounces.

Last week's KOPS Queen was Tommie Sue Petty, who lost 2 pounds, 8 ounces, and Tops of the Week was Karen Carter with a loss of 5 pounds, 12 ounces.

Coach Bruce Bush inherited a squad loaded with experience, with six offensive and five defensive regulars back from last year's 4-6 team. The fact that Bush helped coach Port Neches Groves to the state title last year hasn't hurt the Bobcats' rating either.

But Bush is understandably wary of the pre-season polls. He expects Olton, Muleshoe and Morton to be very tall obstacles in the district race.

THE BOBCATS will unveil a "Multiple-I" offense when they host the Crosbyton Chiefs in the season opener at 8 p.m. Friday. Guided by junior quarterback Thompson Mayberry—a converted halfback—the Bobcats will use four variations of the basic I-formation, and will flip-flop their line to get twice the mileage from their basic plays and capitalize on opponents' weak spots.

So, there's no left side and right side to the line anymore. They're now the "strong side" and the "quick side."

When the Chiefs come out of the huddle for their first play Friday night, they'll see only two linemen in the down position—guards David Malone and Joe Aleman. The rest of the Bobcats' four to eight front defenders will be upright, and there'll be a lot of sinking, floating, stunting and blitzing going on.

THE CROSBYTON Chiefs of District 3-A will most likely attack the Bobcats with an I-formation, but Coach Bush admitted, "We don't know just what to expect from them."

"Last year they started with the shotgun, then went to the Veer, and this year they've

Baptists plan 'pounding' for Sunday evening

A special church fellowship hour is scheduled Sunday night in the fellowship hall of the First Baptist Church, following the evening worship service.

The Warren Lemons family of Plainview, former Hart residents, will be honored.

ALSO, an old-fashioned pounding will be held for Rev. Arnold, pastor of the Spanish mission, who has moved into the trailer home provided by the church.

Friends are invited for the evening worship and the fellowship hour.

been running out of the I so far," Bush explained.

Coach Tommie Paddock, now in his second year at Crosbyton, will be trying this year to improve on the 4-6 mark the Chiefs posted last season while finishing third in their seven-team district.

THE CHIEFS have six offensive and five defensive starters returning—same as the Bobcats. But the Bobcats, understandably, will have a depth advantage. Only tackle David Malone and end-halfback Brad DuLaney will see action both ways for the Bobcats, while the Chiefs have eight full-timers.

Dimmitt's offensive starters

average 178 lbs., while Crosbyton's defense carries a 166 average. The Bobcat defense averages seven pounds per man heavier than the Chiefs' offense, 168 to 161.

"Crosbyton has a lot of speed," Bush said, "and they've got a real good tailback (Donald Ray Harris, 170-lb. senior, No. 6). They throw the ball quite a bit."

WILL THE Bobcats go to the air very often?

"I don't anticipate that we'll pass much," Bush said, "but it will depend on the circumstances, and what they put up against us."

State-ranked 'Horns have depth problem

Hart's Longhorns are bound to draw big crowds this year, starting with their season opener against Anton Friday night at Longhorn Field.

THE 'HORNS are the defending district champions, have most of last year's starters back, and are currently ranked 10th in the state in Class A by Texas Football Magazine. Such heady credentials nearly always insure a good following.

But Bill Taylor, the Longhorns' new head coach, just wishes he had a bigger crowd along the bench.

"Our biggest problem this year is that we don't have much depth," he said. "We've already got some injuries, and we can't afford them."

TAYLOR, who started as an assistant under Coach Lonnie Phillips four years ago, was promoted to head coach when Phillips accepted the head coaching job at Friona.

About that state ranking: "When I first heard that Texas Football Magazine had picked us 10th, I was flabbergasted," Taylor said. "But I think the kids are equal to the challenge—if they just don't get hurt."

HE ADDED, "I wish they hadn't ranked us. I'm honored by it, of course, but I feel like it puts a lot of pressure on us. I do think the boys are capable of it, and they have a fantastic attitude. I'll be disappointed if we don't have a real good year, but injuries could really hurt us."

The Longhorns lost only three regulars from last year's 9-2 team, but what a threesome

they were—all-stater Dean Hill, all-South Plains Barry George and all-district Terry Hill.

"They'll be hard to replace," Taylor said.

"WE HAVE several good boys coming up, though," he said. "We think they'll be real fine, but they haven't been tested. We'll just have to see how well they do under fire."

The Longhorns will use both the Veer and the Power-I offenses this year.

"We've been concentrating on the Veer because it takes so much time to perfect it," Taylor said. "We had most of our success with the Power-I last year, but we feel our backfield is more suited to the Veer."

ELIAZAR Castillo and Kerry George will alternate at quarterback, while speedy Lester Aven and Glen Black will fill the other two backfield positions. All four backs were two-way starters last year.

All-South Plains senior Bryan Irons will be back at his post at tight end, while junior Johnny Newsom and senior Bobby Alenworth are expected to alternate at the split-end position. Starting in the interior line will be seniors Gary Jackson, Berto Minjares and Cary McLain, and juniors Kelly King and Larry Marble.

For the first game, at least (and here's where the depth problem crops up), most of the offensive starters will simply shift positions for defense. Junior flanker Rodolfo Gonzales is the only player at this time listed as a probably starter on defense only.

Kickoff time in Hart Friday night will be 8 o'clock.

Swifts to use 'box'

Farwell's defense will be in for a surprise Friday night as the Nazareth Swifts unveil the only box-formation offense in these parts.

"IT'S MORE of a power formation, and we feel that it best fits our personnel," Head Coach Leslie Cowan explained. "Also, you can protect your passer better."

The box formation is similar to the Dallas Cowboys' shotgun, except that it won't be spread the way the Cowboys do it. The running backs will line up tackle-to-tackle, and the Swifts will run out of the formation instead of using it for passing only.

"Lefors, Haltom and Nazareth are the only teams I know of that are running the box," Coach Cowan said.

THE SWIFTS have the same scheduling problem this year as they had last season—four games away before they get to play at home.

"We had to re-draw, and

that's how it came out," Coach Cowan said.

The Swifts have an ambitious schedule, playing Class A Farwell in their opener Friday and state-ranked Hart later this season.

The main asset of the Swifts, the coach said, is that "all our seniors are good leaders—they've worked hard at it."

Fire calls

The Dimmitt Volunteer Fire Department answered only one call the past week, to a truck fire a mile north of the old Easter school building.

The ensilage truck, belonging to Francisco Reyes, was badly damaged by the fire before firemen could reach the scene. The blaze did not spread to any other vehicles or buildings.

B-52 pilot home on pedal-power

If you're a B-52 commander in the Strategic Air Command and spend your working days flying around half the globe, what do you do for a vacation?

WELL, Air Force Capt. Jack Flynt chose to break the routine by pedaling to his hometown from Fort Worth on a bicycle.

He arrived here at 1:20 p.m. last Thursday, ending a 4½-day trek during which he saw a big stretch of Texas from handlebar-level.

He made the trip on a 28-lb. Voyager 10-speed bike, which was built for Schwinn in Japan. In the rear panniers and front bag, he carried nearly a hundred items needed for the trip—food, tent, sleeping bag, radio, camera, CB transceiver, medicines, clothing, shaving kit, four water bottles, spare tire and tube, lock and chain, plenty of salt tablets, books, twine, etc. He also carried a pistol and ammunition, "although I never did need it."

CAPT. FLYNT had his first flat before he got out of Fort Worth Sunday, and learned that fixing it required half an hour of disassembly, unloading, patching and reloading.

"People were just super on the highway," he said. "Every time I'd break down, about every fifth driver going by would stop and offer to help. One was an old Indian woman in an old pickup, who offered me her patch kit when she noticed I was patching a tire. The truckers were very helpful, too—a lot of them would start gearing down when they saw me, until I'd wave them on."

HIS FIRST day on the road was the worst.

"It was hot, there were a lot of hills in the area, and I just about died," Capt. Flynt said. "I was doing what all the pros I talked to had told me to do—I ate before I was hungry and drank before I was thirsty. If you wait until you're hungry or thirsty you've waited too long, and you'll start cramping before the food gives you energy. And I took a salt tablet every hour. But it was so hot and hilly that first day that I started getting heat cramps in my legs anyway. I made it to Breckenridge that night on sheer guts."

Having traveled 88 miles his first day, he got permission from the Breckenridge Police Dept. to pitch his tent in the city park. He left Breckenridge about 9:30 a.m. Monday.

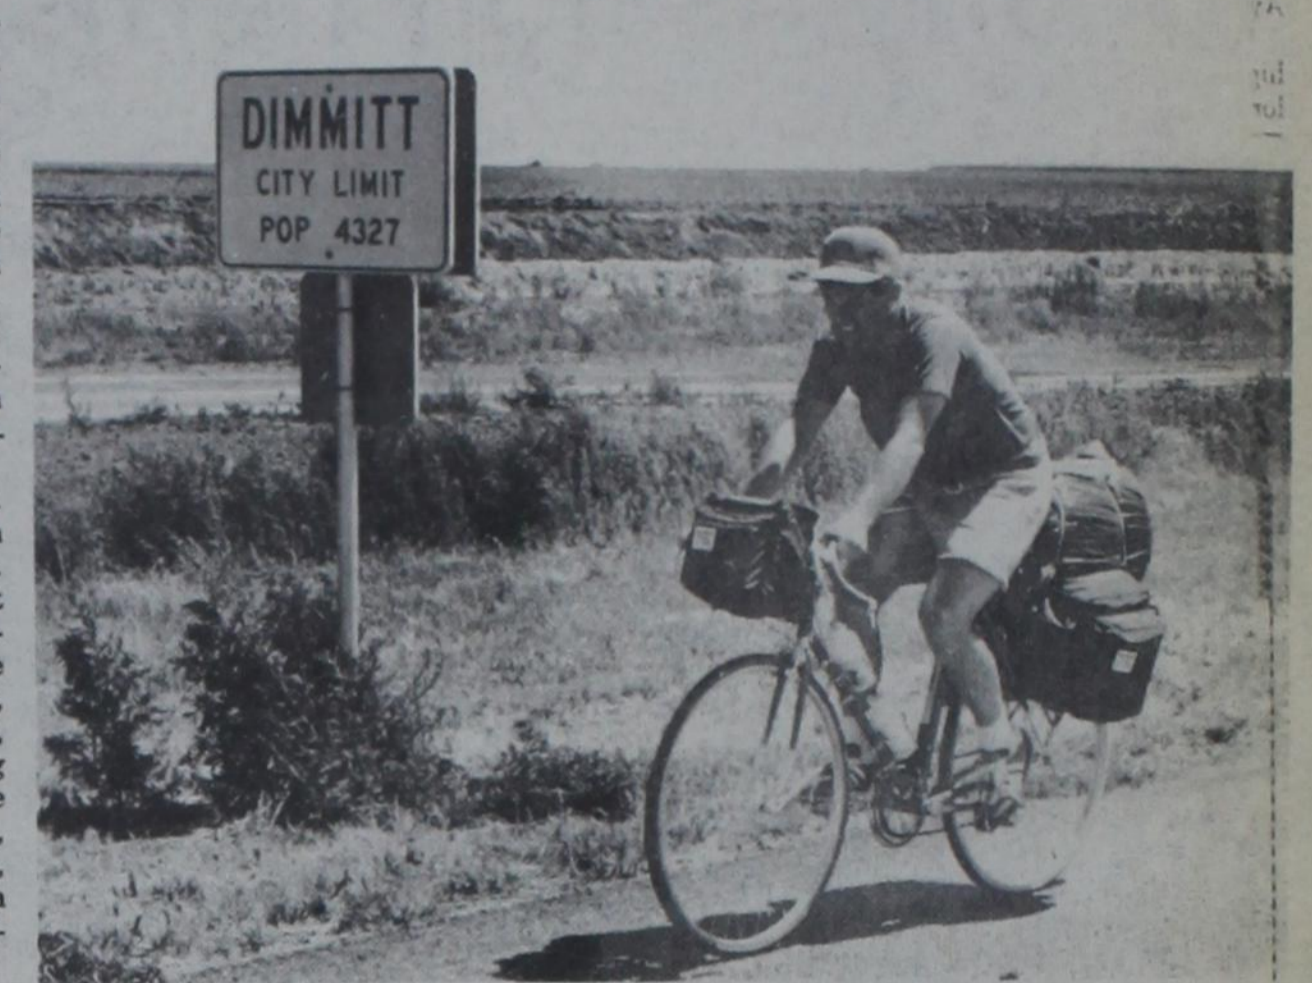

"THE SECOND day wasn't the worst, but it was the most frustrating," he said. "It was pretty miserable down in that hot country, I had my second flat, and I broke a spoke which cost me two hours. I skipped lunch."

But he arrived in Stamford on schedule, where he met his wife Elaine (the former Elaine Davis of Dimmitt) and their son Jackie.

He took time Tuesday morning to wash his clothes at a laundromat and buy a new tube, then left Stamford at 12:30 p.m.

"I HAD a super day Tuesday. I hit Aspermont—which is halfway between Fort Worth and Dimmitt—about 3:15. There was a storm off to the side creating a slight crosswind that was cool, everything smelled good, and I was able to just cruise and enjoy it."

He covered 76½ miles in a little over seven hours Tuesday, pulling into Spur at 7:50 p.m. He got permission to sleep in the city park, and spent the night on a park bench under a shelter. The storm that had been siding him all day finally caught up with him that

AIR FORCE CAPT. JACK FLYNT ARRIVES IN HOMETOWN ... Ending 4½-day bike trip from Fort Worth

night.

His fourth day on the road (Wednesday) was the longest. He left Spur at 10:05 a.m., stopped in Ralls for lunch at 2:15, and arrived in Plainview at 7 p.m. after completing 92½ miles.

"I HAD to climb the Caprock twice," he said. "I came up just before Crosbyton, then went back down into it when I turned north to Floydada and had to come out again. I wouldn't allow myself to walk uphill—it had to be pedaled. You have to learn to use your bike's gear range."

His mother and Dorothy Magness happened to be in Plainview when he arrived there, and he was treated to a steak dinner.

Cycling was more pleasant, Capt. Flynt said, after he reached the High Plains. The climate and terrain reminded him of his boyhood days here, when he would ride over the countryside on his bike, or deliver papers on it. He hasn't been without a bike since he was a youngster; his current bike is his seventh, and his fourth 10-speed.

HE LEFT Plainview at 9:40 a.m. last Thursday, and stopped in Hart to call his parents, Mr. and Mrs. Jack Flynt, and

give them his estimated arrival time. He pulled into his hometown at 1:20 p.m., and is now enjoying a vacation with his parents and friends here.

"The trip cost approximately \$10 a day for food and drinks," he said. "I stopped at every country store I came across and drank soda pop, lemonade and other sugared drinks, and ate a lot of carbohydrates. I ate lunch mainly at Dairy Queens, because they have big glass fronts and I could keep an eye on my bike while I ate."

"Every time I would stop, there would be a lot of people come up to talk. People were very friendly all the way," he said.

PERSONNEL of Plan A operations in public schools of the Castro County Cooperative is announced for the 1976-77 year by Ike Moore, supervisor.

Working with Moore as support personnel are Joyce King, counselor, and Frances Duke, diagnostician. Their headquarters are in the Dimmitt School Administration Building. Also based there are Jan Roark, teacher of homebound students, and Terry Ellison, vocational coordinator.

Resource personnel for the Dimmitt ISD includes Inez Crump, Reba Price and Dianna Johnson for Dimmitt Middle School, Helen Stringer and Oveta White for Helen Richardson Elementary.

SHIRLEY HERBER and Bill Smotherman are assigned for speech therapy, Linda Shannon for early childhood training at Richardson Elementary.

In Nazareth Elementary School, Rachel Graham and Kenneth Cox are listed for resource; Jaquita Shelton, early childhood; Bill Smotherman, speech therapy.

Those at Hart Elementary School are Sue Rogers and Rita Upton, resource; Jan Johnson, early childhood; Margaret Thomas, speech therapy.

PLAN A aides are Nell Humphreys and Paul Espinosa, Richardson Elementary; Margaret Salinas and Judy Nichols, Dimmitt Middle School; Marsha George and Marie Cleavinger, Hart; Shirley Pegram, Nazareth.

CUSTOMER: "Waiter, I'm in a hurry. Will these pancakes be long?"
 Waiter: "No, sir. They'll be round."

SIGN in pet shop: "Situation wanted—Healthy kitten wants good home, honest, loyal, sober, will do light mousework."

Kiwanians host district officer

Charles Zeek of Tulia, district lieutenant governor-elect of Kiwanis Clubs, was a guest of the Dimmitt Kiwanians at lunch Monday and spoke briefly, urging local members to attend several coming events.

THE Texas-Oklahoma District's annual convention will be in Tulsa this year, he reminded them, and in Amarillo next year. Dallas will be host to the Kiwanis International convention in June, giving Texans the best opportunity they are likely to have for years to attend such a meeting.

He invited Dimmitt members to a banquet Sept. 21 at Tulia, when the club there will celebrate its 50th anniversary.

It was announced that the place for the Dimmitt club's installation banquet Oct. 4 will be the County Expo Building. Richard Stahl and Randall Craig are co-chairmen of arrangements.

DAN KNOX was elected to serve the next term on the board of directors, replacing Jack Patton, who will become the club secretary.

Joe Nelson, who will be installed as president, appointed Mark Cleavinger to serve as liaison man with the Dimmitt High School Key Club which the Kiwanians sponsor.

Amount of the Kiwanis Scholarship which is awarded each year to a graduating Key Clubber in DHS was raised from \$300 to \$500 by vote of directors at a Monday morning board meeting.

Danny Lewis reported on the recent meeting of Girl Scout executives from the Caprock Council office at Lubbock with Dimmitt residents who are working to begin the Girl Scout program here, and said the Kiwanis Club will provide membership pins for the girls involved as part of its financial sponsorship to launch the movement locally.

Square dance set Oct. 9 for arthritis fund

The Dimmitt Promenaders are joining other square dancers from over the Panhandle in selling tickets for the annual Arthritis Foundation benefit dance to be held in the Villa Inn at Amarillo Oct. 9.

"DANCE So Others May Walk" is the theme of the annual dance, which is sponsored by all Panhandle square dance clubs. Last year's dance added \$4,400 to the fund. All proceeds go to the Arthritis Foundation.

Door prizes including a Yamaha motorcycle, a lady's watch, a TV game and gift certificates will be awarded.

Tickets are on sale by all the Promenaders or may be obtained by telephoning Bill Harman at 647-4638, Gary Cole at 647-5671 or Billy Harman at 647-2421.

CB Club to help with MD telethon

The Lucky 7 CB Club of Dimmitt will sponsor a county-wide drive for funds in the national Muscular Dystrophy Fund campaign led each year by comedian Jerry Lewis.

THE LOCAL drive is sanctioned by the national MD organization through its chapter at Amarillo, and there will be a local tie-in with the television campaign there.

Telephone calls for pledges will be received at 647-4185 from 2 p.m. Sunday, continuously until 6 p.m. Monday. Lucky 7 officers have announced. They are seeking volunteers for all the tasks associated with such a drive.

Needed are volunteers to answer telephones, take pledges and keep records of cash contributions and pledges. Anyone who will help, for any length of time, is asked to notify Kay Mansell, 647-2572; Diane Hatla, 647-3349; Cindy Backus, 647-2621, or Velda Johnson, 647-2371.

HEADQUARTERS for the drive will be the former Hays Implement Co. building on South Broadway.

A "talent telephone" will be maintained during the drive and performers are invited to volunteer. Also, an auction will be held at intervals, and anyone who will donate items to be auctioned is asked to do so.

Articles such as quilts, cakes, cookies and other items will be welcomed for the auction. Anything salable may be donated.

EVERY once in a while we see a television program that makes us yearn for the good old days of static radio.

SOME WOMEN not only meet their husbands half way, but on pay days they go right to the office.
