Another presidential election campaign is drawing to a close, and according to the various polls it has all the indications of being a cliff-hanger. However there is enough time left for a heavy shift in the undecided vote to give one or the other candidate a decisive win. Much will depend, possibly on unforeseen events, on the whims of a fickle electorate.

A heavy turnout will favor President Carter, while a light turnout will almost ensure the election of Ronald Reagan. There is too much at stake in the selection of the President of the United States for registered voters to set on their fannies and lose the election by default. There is a distinct difference in the philosophy of the two candidates and the choice by the electorate will materially affect the lives and fortunes of everyone. Every registered voter should show enough concern to mark a ballot. Do it.

Many voters are influenced by a single issue when no one issue is important enough to be decisive in a complex and long term election. The victim of a one-issue voter is usually the incumbent. He is the one that has been faced with hard decisions and has, he hopes, decided in favor of the public interest.

One such issue was the action taken by the Carter administration that made it possible for the draft dodgers, during the Vietnam war, to return home under certain conditions. There were thousands of young boys that fled to Canada, Sweden and other countries to avoid the draft and military service. Their conduct was contemptible and constituted an act of treason, but to the man who had to make the final decision, that would seal their destiny, the problem was many-sided. Those boys all had mothers, fathers, sisters, brothers and other loved ones that were deeply affected by their fortunes. No doubt compassion for the innocent victims, the relatives of the draft dodgers, was the motivating factor that led to their lenient treatment. Compassion is not a sign of weakness. Instead it was a sign of strength on the part of the President, he fully realized that it was an unpopular act. He will lose votes because of that one issue alone. It adds up to a mad vote.

Another single issue that will influence a number of votes is the embargo on grain shipments to Russia. Chances are it did have a depressing effect on grain prices, how much it is impossible to tell, as produce markets are subject to manipulation. The grain embargo along with the olympic embargo were two ways that a message could be sent to Russia that their invasion of a neighboring country by superior military force was abhorred by the rest of the world. A negative vote because of that one issue is a mad vote and will be self-defeating.

Other government programs, have in part, offset the price damage caused by the grain embargo to Russia. In fact trade agreements with China and other countries have more than made up for sales lost because of the grain embargo to Russia. In fact prices on all grains and cotton are higher now than ever before in history. The democrats do have, and advocate, a government agricultural program. The republican nominee doesn't have any idea what agriculture is all about.

The first government agricultural program in the history of the country was instituted during the first

Big turnout is likely here

Why I'll vote Democratic

By OSCAR WYLIE
County Democratic Chairman

I will vote the Democratic side of the ticket Tuesday because I think the Democratic Party represents the best interests of all the people.

President Carter entered office after a Republican President had almost destroyed our prestige around the world. He has toiled hard to restore respect to the office of the President. His efforts for peace in the Middle East have been untiring. The high inflation that we have experienced over the last four years was well on its way before Carter took office.

The Republican Party advocates less government. Less government for whom? Just the farmer, apparently. You cannot support steel, labor, Chrysler, etc., and take a hands-off policy for agriculture. The Republican Party under President Nixon and President Ford planned to condense or discontinue the ASCS, the Farmers Home Administration and the Small Business Administration, and Mr. Reagan, if elected, would do the same.

What would Castro County have done the last four years without the low-yield payments, disaster payments, and low-interest loans, since this county has been a disaster area for three straight years? It seems to me the people who have received the most help from these programs are hollering the loudest.

Mr. Reagan frequently vows to protect the integrity of the Social Security system, to make sure no senior citizen goes without a payment — then admits he does not know how to do this. In another appeal to senior citizens, Mr. Reagan declared, "I support Medicare," but again he never said what he would do to strengthen it.

In still another area, Mr. Reagan has vowed to cut down waste and inefficiency in federal programs 10% in the next four years, without eliminating any major federal programs. He still has not said how and where he will cut.

He told coal and steel leaders he would seek to rewrite standards for their industries, but as he came under fire from environmentalists, Reagan denied that he would weaken their standards.

Reagan has called for the abolishment of the Department of Energy and the Department of Education, but later changed his mind and said he would "look closely" at it.

As for advertisements, TV, radio and newspaper coverage, we know the Republican-owned newspapers in Amarillo and Lubbock have been on President Carter since before he even took office, so why use them for authority? The TV has not correctly reported the news in our own county in the last four years. What makes you think they are giving both sides of the issues now?

Only weekly newspapers and small radio stations give us the facts, because they get their stories from the people in their area. Most news stories for larger towns come from New York bureaus.

Let's all go to the polls Tuesday and vote for a man to run this country. Vote Democratic from the courthouse to the White House.

Broadside crash kills Hart man

A 54-year-old Hart man became the county's fifth traffic fatality of the year when he was killed in a broadside crash east of Dimmitt last Thursday.

The fatal accident occurred at 1:30 p.m., six miles east and a mile north of Dimmitt at the intersection of two unpaved county roads.

Bruno Lara of Hart was apparently killed instantly when a 1974 Chevrolet pickup crashed into the driver's-side door of his 1980 Ford Fairlane

sedan. The pickup's driver, 22-year-old Domingo Munoz, also of Hart, was thrown from his pickup but escaped serious injury. He was hospitalized overnight at Plains Memorial Hospital and treated for cuts and abrasions.

State troopers who investigated the accident felt that Lara died instantly of massive head injuries and internal injuries, plus a possible

[See CRACK KILLS, Page 4]

After the youngsters finish their trick-or-treating this weekend, it will be the voters' turn Tuesday.

The long, often bitter, often boring campaign for the presidency will climax when America's voters decide whether to give President Jimmy Carter another four-year term or replace him with Republican challenger Ronald Reagan.

The presidential election could be so close that a serious challenge by Independent candidate John B. Anderson could throw the race into the House of Representatives.

Texas, with its 17 electoral votes, is a key state in the presidential election. The Carter and Reagan camps both claim they're leading in the Lone Star State, while independent pollsters rank Texas as a "swing state," capable of going either way by a paper-thin margin.

Interest across the nation in the presidential election is said to be waning along with the October moon. But the nationally televised Carter-Reagan debate Tuesday night may have polarized the feelings of many voters, and could spur a larger turnout than is being predicted.

In Castro County, voter apathy hardly seems to be a problem. Interest seems to be running high here, mainly because of agricultural issues. Local interest in the two major parties' divergent stands on the Equal Rights Amendment, national defense, federal encroachment and the economy also are likely to spur additional voters to the polls.

Whether Castro Countians will match their record 76% turnout in the 1976 presidential election remains to be seen. In that election, Castro County voters favored Carter over President Ford by a 2-1 margin, 2,033 to 1,007 as [See TURNOUT, Page 10]

City election is on tap, too

Dimmitt voters will cast ballots in two elections Tuesday.

The second one is a special city election, called to fill a vacancy on the Board of Aldermen.

Seven candidates have filed for the post. They are Ann Armstrong, Robert Daniel, Larry Gonzales, Sam Killough, Jackie Powers, Clara Vick and Paul Weaver.

The special election will be conducted in the city hall auditorium from 7 a.m. to 7 p.m.

The vacancy occurred when Joe Josslet stepped down to avoid a conflict of interest after accepting a vice-president's post with the First State Bank, which is a city depository.

Why I'll vote Republican

By DEANNE CLARK
County Republican Chairman

I am voting Republican because . . . I'm disturbed about:

1. The Panama Canal pay-away.
2. The Cuban refugee fiasco.
3. The 100,000 farmers who have gone out of business the past 3½ years.
4. Small businesses going out of business because of excess regulation and the poor condition of our economy.
5. The raping of Texans through the excess profits tax placed upon wellhead production and the exportation of Texas natural gas to other states at cheaper prices than those charged to Texas.
6. The Democrat platform advocating the continued encroachment of the government upon the freedom and civil liberty of the people.
7. Failure of the Carter Administration and the Democrat-controlled Congress to recognize the necessity of a balanced budget and reduced taxes.
8. The 73% tax increase to Americans under the Carter Administration with 108% increase projected by 1982.
9. The continued deterioration of our defense capabilities and the resultant loss of US integrity in this country as well as the world.
10. Carter and Congress established Departments of Energy and Education which are expensive, inefficient and regulatory.

I believe Republican candidates, if elected, will work to solve these problems and turn our country in the direction its people want. Vote Republican, with me, FOR A CHANGE.

Where to vote

Here's the list of polling places for the general election Tuesday. Polls will be open from 7 a.m. to 7 p.m.

Editorial

Sarpalius for Senate

One of the major offices to be filled by voters in this area Tuesday is that of state senator for the 31st Senatorial District.

The race — one of the few contested ones on the ballot — pits Democratic challenger Bill Sarpalius of Hereford against Republican incumbent Bob Price of Pampa. The winner will represent most of the Panhandle in the Texas Senate.

The campaign has been an intense one, between two distinctly different types of campaigners. Sarpalius has created that intensity with one of the most tireless campaigns ever waged in the 31st District. He has visited Castro County six times to Sen. Price's one, and by his own reckoning has logged 100,000 miles in his campaign. Sen. Price has campaigned mainly through media advertising.

It was no great surprise that Sarpalius forced Sen. Price into a defensive stance, because the senator was vulnerable. Sen. Price is a pleasant, likeable man. But for a former congressman, he has been curiously ineffective in the Texas Senate. One reason, obviously, is that he's a Republican in a Democratic-controlled chamber. But also, he has been out of touch with the mainstream of people in his district. And he apparently has been lax in his homework.

The most damning indictment of Sen. Price's alleged ineffectiveness in office has come not from Sarpalius, but from Texas Monthly magazine. This thoroughly professional news-feature magazine covers the Texas Legislature with a flair, and "ranks" the state's legislators during each biennial session. It is quite influential throughout the Lone Star State.

According to Texas Monthly, the 31st District

Carnivals offer happy Halloween

Halloween will be a two-night fun holiday this year, with big carnivals on tap both Friday and Saturday nights.

The Easter Lions Club's annual Halloween Carnival and Spook House will be staged Friday and Saturday beginning at 7:30 each night in the Easter Community Center.

Proceeds will go to the Texas Lions Camp for Crippled Children. Admission is \$1.50 per person.

The Easter Lions' Spook House, located in a barn, has become one of the main Halloween attractions in the area and regularly draws crowds from throughout Castro and surrounding counties.

The annual Dimmitt Halloween Carnival, coordinated by the Dimmitt Lions Club, will

be held Saturday night to avoid a football game-night conflict Friday.

Since the carnival's original building was destroyed by a tornado last summer, it will be held in another, larger warehouse building on the same grounds. The carnival will be in the south warehouse of the former Panhandle Cotton Compress on East Halsell Street.

Dimmitt's Lions, Young Farmers and Odd Fellows worked all day Saturday to wire the building for lights and get it ready for booths.

At least 21 booths and concessions will provide a wide variety of food and entertainment to carnival visitors.

Gary Hufhines and Tommy Fowler, co-chairman of booth [See CARNIVALS, Page 9]

Dimmitt pastor killed; second pastor charged

A Dimmitt minister was shot and killed Saturday night at Leoti, Kan., and another minister of the same faith has been charged with murder in connection with the slaying.

Killed was Gustavo Ornelas, 45, pastor of the Church of God of the First Born here. He died at 10:17 p.m. Saturday in a Scott City, Kan., hospital, two hours after he had sustained a single gunshot wound to the chest.

Fidel A. Rodriguez, 44, pastor of the Church of God of the First Born at Leoti, was charged Monday with first-degree murder. The Wichita County Sheriff's Office said Rodriguez turned himself in

after the fatal shooting.

The shooting occurred in a mobile home that sits on the Leoti church's property and is believed owned by the church, the Wichita County sheriff said.

"We're not sure just what precipitated the shooting," the sheriff said. "He (Rodriguez) said they had had an argument over some furniture. The way we understand it, the furniture belongs to a third party."

Pastor Ornelas had been the minister of the Dimmitt church 11 years, and had been in the ministry 26 years.

Funeral services were held at his church here Wednesday morning.

had, in former Sen. Max Sherman, one of the best, most knowledgeable, most irrefragable legislators in the state. Sen. Sherman, you will recall, resigned to accept the presidency of West Texas State University; Price won the election to succeed him.

During the last session, Texas Monthly ranked Sen. Price as one of the state's 10 worst legislators. The people of the 31st District had to share that ranking with him, for we put him there. So, in effect, our district went from the top to the bottom in one election in the only rating system publicized statewide.

Even if Sen. Price's reputation for ineffectiveness is unwarranted, we owe it to ourselves and to the state of Texas to divest the 31st District of this image.

The Texas Panhandle must have a diligent, hard-working, highly regarded and well-placed delegation in the legislature. We need those key committee assignments to achieve the legislative goals we must accomplish. We need a delegation of influential individuals to help push through the future water legislation that could spell life or death for our region. Sparsely populated as the Panhandle is, we can't accomplish these goals on our voting strength. We must have the influence to pull support from other regions.

Bill Sarpalius has proven in his hard-driving campaign that he would be a hard-working state senator. And presumably, his past association with House Speaker Bill Clayton would enhance his effectiveness in the legislature.

For these reasons, the News endorses Bill Sarpalius for the Texas Senate and urges you to cast your vote for him in the general election Tuesday.

Sheffy's Chatter

Residents follow Freedom Trail

By MYRTLE SHEFFY
Jack and Murna Miller, John and Sue Merritt have just returned from Boston, Mass. They were met in Boston by Brien and Anne Webster of San Francisco, Calif. While in Boston they stayed in the home of Stanley and Mary Beth (Miller) Lampert. Anne, Jack, Mary Beth and Sue are first cousins. They followed the Freedom Trail in Boston seeing many memories and monuments of the past. But even though Boston is a historic old city, century-old buildings stand side by side with some of the most modern architecture which these visitors enjoyed seeing. They had a tour of Harvard with Stanley who is a graduate of that school. Went to Hanover, N.H. to the Harvard-Dartmouth football game and drove over into Vermont.

Trips were made to Marble Head, Salem, Plymouth, Lexington, Concord, Cape Cod and Sandwich, Massachusetts and also down to Newport, Rhode Island.

The foliage of New England with the bright reds, oranges and yellows was most enjoyed by these visitors.

Ann Webster is sister of Sue Sheffy Merritt.

Dr. Charles and Esta Vandiver are home from their trip south. First to New Orleans to attend the A.D.C. or Dental Convention where they learn new methods of treatment. Esta tells us that they were with several classmates and friends from Bryan, also Forrest, Miss. They made all the tours, had much of the good French food. She says they have cleaned up the French Quarter and have excellent hotels. On back to Natchez, where they stayed in one of the ante bellum homes called "The Burn." Several other of the old mansions have guest rooms for overnight. Then back by Lake Buchanan, north of Austin, where they stayed a few days at their place. They are now home and at work. Oh yes, they say there were hundreds of wealthy

Japanese over for the convention, very charming and polite people.

Shirley Wise was hostess at the Thursday Bridge Club. She served good food to Dorothy Gilbreath who won high score, Mildred Bradford, Margaret Parsons, Doris Lust, Ina Cleavinger, Carolyn Jones, Dorothy (Ted) Sheffy, Jo Eddie Riley and Ruth Jackson.

Decimae Beene of Friona and her brother Bub and Emily Ramey of Amarillo, cooked a birthday dinner for these five people Sunday, at their dad Edwin Ramey's house. The honored guests were Cecil Ginn, Lena Allen, Decimae Beene and Susan.

Bub's specialty, chicken fingers and chicken livers were cooked outside, with all the good salads and go withs, a big birthday cake and ice cream for dessert. Other guests were Blanche Ginn, Louie Allen, J. B. and Susan and children, Vickie's daughter Joy, who lives at Big Lake and is a student at Wayland in Plainview.

Earl and Betty Parish attended the homecoming at Springlake-Earth school recently, where they had a good visit with friends who graduated when they did. Bill Sands from Oklahoma City, the Wix Prices from Borger, the B.J. Sigmas from Canyon and Mr. and Mrs. Cleo Sands, all went to the home of Ed and Norma Dawson after the get together and meal at the school cafeteria and another time lately.

Betty went to Denver, Colo. She visited cousins Mr. and Mrs. Neal Griffin and attended the American Needlepoint Guild. Learned several things about the work.

Mrs. Joe Scott or Lois had a birthday Saturday, Oct. 25th, so friend Norma Conard had a surprise party for her, with friends on that Littlefield Road coming in. Lois says, "I was not dressed up, old shoes on, and the 20 or so guests jumped out from behind doors, singing "Happy Birthday." Such a fun party, many decorations, good food. Lois received many gifts and cards. Maxine Tidwell baked the pretty birthday cake. The folks wearing those little party hats. That same evening daughter-in-law Mollie and Ben had a big dinner for Lois and dad Joe, a beef roast and the go-withs, ice cream and cake. Lois' sister Melba Mahaffey is here from Fresno, Calif. Vanessa Scott the granddaughter decorated and did the candles.

Annie Lee Dobbins was hostess one evening to friends Lois Scott, her sister Melba Mahaffey, who came to see the pictures of the trip to Australia and places, shown by Edna Riley and Jo Gregory. Other guests at the Scott dinner were Annie Dobbins and grandson Richard.

George and Pat Bagley have had company this week, his mother Lois Bagley and Pat's sister Allene Sullemeier of Corona, N.M., daughter

Kelly of San Angelo College, and Josephine Hill from Eldorado. And Pat tells us that Scott Bagley, the son, gets the paper at A&M and says all his friends read the chatter. "Thanks Boys."

Herbert and Opal Welch of Levelland were in town recently. They were luncheon guests of Josie Bradford. They have farm interest at Flagg and Big Square.

Jim Bradford came home from Tech at Lubbock for a weekend visit with the folks, James and Mildred, bringing three boys with him. Their first names are Mark, Todd and Chris, can't remember last names. They were from Honey Grove, near Paris, Texas.

Ronnie and Charlotte Huckabay and baby Erin of Lubbock were Sunday visitors of mom Bettye Huckabay who had surgery last week. They, the Ronnies, were dinner guests of the Jack Bradfords. Peggy Webb was hostess at Sunday dinner at the Hereford Country Club for mom Very Webb and Grace Lust. They always serve such good food there.

Houston Farris of Hollis was the host to a big crowd of Farris with a reunion at the Civic Center there. He is an uncle of Retta Cluck. Loyd Farris, and his family were there, Mrs. Elmer Scott a niece and her husband Elmer, Jimmy and Mary Cluck, J.R. Cluck and family of Texline Ranch.

Ruth Coleman is in a

Lubbock hospital where she is having surgery on her arm to check the why of a black bruise where she bumped it.

Ray and Kitty Wilson of Napa, near San Francisco, and Marie Frazier of Fort Worth were here Wednesday for coffee and a visit with Frances Frazier, Mary Lou Frazier, Mrs. Grace Lust, Glover Frazier and I went over for a visit. The Wilsons and Marie lived at Flagg in 1935-1936 and other years. Kitty Oxford and Marie taught school at Flagg, the Sheffy kids, Ted, Bob, Rex, Dorothy and Ruth, the other two were small and Mildred Lust and Earlene Lust Settle and Alvin and G.B. were among the students. The guests were going on a stop at Tulia and Abilene to visit the Becks. They did have a store at Jumbo. Had several stops enroute to Houston.

Alvin Frazier is recuperating from recent surgery he had done at High Plains Baptist Hospital in Amarillo.

Jeff and Mattie Revell were here from Electra to visit sister-in-law Mamie Birdwell. Mr. and Mrs. M.A. Pennington left here Friday by motor home for Opache, Okla. where they will visit friends the J.C. Gardners. They will come home by Wichita Falls to visit their daughter Sarita McDonald and family.

Maxine Childers went to Houston by jet a while back to visit her sister Merle and Don Franklin. They had a good

time. She says, "I will never tell you what we did." Maxine is with First State Bank here.

Charles and Ruby Hastings of Lubbock and Clyde and Nancy Tisdale of Odessa were here Sunday to visit Frank Elder and Jim and Dorothy Elder. Jim and Frank are brothers of Ruby. Charles is a brother to Millicent Davis and Gladys Wright.

Marie Tate is home from a two-week visit with her mother Mrs. J. L. Kay and other relatives at Mooreland and Woodward and Veci, Okla. Curtis was there for the celebration of mother Kay who had a 92-year-old birthday.

Flora Stanford spent a few days at Albuquerque visiting son Paul and Betty and children.

45 people came to the buffet supper and games at the Senior Citizen Center Tuesday evening. D.C. Taylor presided at the business meeting. Plans were

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

America in its early days depended on the "GOOD BOOK" for its guide in ethics, worship, and pursuit of freedom. These early gains are now in danger of falling and we need to turn all America once again to God and His word. America can be strong only when each individual looks to God for strength.

Obituaries

Ryan Evers

Rosary for Ryan LeDale Evers, 5, of Hereford was read at 7:30 p.m. Monday in Gilliland-Watson Rose Chapel. He was the grandson of Mrs. Emma Kuper of Summerfield and the great-grandson of Mrs. Phillip Acker of Nazareth.

The boy died after being struck by a car Saturday.

Funeral services were at 10 a.m. Tuesday in St. Anthony's Catholic Church, with the Rev. Paul Haefner, pastor, officiating. Burial was in St. Anthony's Parish Cemetery.

Survivors include his parents, Mr. and Mrs. Alan "Sonny" Evers; two brothers, Richard and Russel, both of the home; two sisters, Sandy and Shannon, both of the home; grandmothers, Mrs. Emma Kuper of Summerfield and Mrs. Anna Evers of Umbarger; and great-grandmothers, Mrs. Phillip Acker of Nazareth, Mrs. Rose Evers of Umbarger and Mrs. Clara Hess of Springdale, Ark.

The family requests that memorials be sent to St. Anthony's Catholic School in Hereford.

Henry Behrends

Services for Henry Behrends, 92, will be held today (Thursday) in Hereford.

Mr. Behrends died Monday in Plains Memorial Hospital. Services will be held at 2 p.m. in the Hereford First Presbyterian Church with Rev. George Belford, pastor, officiating. Burial will be under the direction of Gilliland-Watson Funeral Directors.

Mr. Behrends was born in Pomeroy, Iowa, and moved to Castro County in 1918 from Kress. He was a farmer and a member of the First Presbyterian Church. He married Lena Botine in 1915 in Pocahontas, Iowa.

Survivors include his wife; a son, Clarence, of Easter; five daughters, Edna Ewing and Mabel Ewing, both of Dimmitt, Sylvia Duran of Wapato, Wash., Agnes Pennington of Billings, Okla., and Ethel Lockridge of Phoenix, Ariz.; a brother, Andy, of Dimmitt; 28 grandchildren and 30 great-grandchildren.

Leo Price

Services for Leo Price, 79, a retired Hereford cement contractor, will be held today (Thursday) in Hereford.

Mr. Price, who had been residing in South Hills Manor in Dimmitt, died Monday.

Funeral services will be held at 10 a.m. in Rix Chapel of Hereford with Rev. R. L. Stovall, pastor of First Baptist Church in Terre Haute Ind., officiating. Burial will be in West Park Cemetery under the direction of Rix Funeral Directors of Hereford.

Mr. Price was born in Tennessee and moved to Hereford 30 years ago from Bellview, N.M. He was a member of the Hereford First United Methodist Church.

Survivors include four daughters, Avis Blakey and Janell Davison, both of Hereford, Leola Stovall of Terre Haute, Ind., and R.I. Campbell of Melrose, N.M.; a brother, Loyd Price of Clovis, N.M.; two sisters, Audrey Moon of Ragland, N.M., and Altie Smith of Roswell, N.M.; 18 grandchildren and 11 great-grandchildren.

More about Crash kills ...

[Continued from Page 1] broken neck.

Lara was pronounced dead at the scene by Justice of the Peace Marshall Young.

Investigating officers said Lara was driving north and Munoz was traveling east when their vehicles collided at the intersection. Although vision was unobstructed from both directions, the two drivers apparently didn't see each other until it was too late, officers said.

Lara reportedly was on the way to Amarillo to bring his wife home from a hospital, and Munoz was returning to work from lunch when the fatal collision occurred, officers reported.

The collision sent both vehicles into a spin. They finally came to rest in an irrigation ditch and a field northeast of the intersection. The pickup overturned and skidded on its right side, then righted itself, throwing Munoz out as it did so, officers said. Lara's car came to rest upside down, pinning him inside.

Mrs. Robert Huseman, who saw the dust of the accident from a distance, administered first aid to Munoz, but said she could detect no pulse in Lara. Ambulance drivers who arrived moments later had to pry a door off of the car to get Lara out.

State troopers cited Munoz for failure to yield right-of-way and driving without a license.

AFTER you've read this newspaper, you can use a small piece to support a wiggling table leg.

What's Cooking?

DIMMITT SCHOOLS

Here are the lunchroom menus in the Dimmitt Public Schools for the week of Nov. 3-7:

FRIDAY — Spaghetti and meat sauce, peas and carrots, cole slaw, pineapple upside down cake, roll, oleo, milk, coffee and tea.

It'll be veer vs. veer as Bobcats host Mules

By JOHN BROOKS

The Dimmitt Bobcats' final home game of the season comes Friday night against the resurgent Muleshoe Mules.

Muleshoe started out like a house afire, winning its first two contests. But in the third game, a 20-6 loss to Tulia, quarterback Monty Hysinger went down, and Muleshoe struggled to a 3-3 pre-district record.

Last week, with a healthy Hysinger back at the controls, Muleshoe walloped Olton, 27-0.

Muleshoe, winner of two district championships in a row, will practically be a mirror of the Bobcats on offense.

Both teams utilize the veer offense, and have similar personnel. The Mules have felt the loss of last year's stellar quarterback, Mike Northcutt, and have had to depend upon their halfbacks more this year.

Muleshoe, using mostly a two-platoon system, has a stingy defense, ranked among the 10 best in Class AAA teams on the Panhandle Plains.

Physical injuries and, no doubt, a spiritual blow

suffered in last week's 62-10 loss to Littlefield may have an effect on Dimmitt's performance Friday.

The Bobcats have lost two-way end Jeff Watts for the season, and saw three other key performers — quarterback Richard Guzman and linebackers Sid Sageser and Mario Moreno — go out of the game in the second half. But those three will probably see duty this week.

Dimmitt will have to establish its ground game more effectively this week, after garnering just 89 steps last week. The Bobcats will probably try to put the Muleshoe secondary to the test this week, after finding success through the air last Friday.

This ballgame is "Parents' Night," with Bobcat moms and dads to be honored before the game at Bobcat Stadium. Game time Friday night is 7:30 at Bobcat Stadium.

ACCORDING to a recent report, more money is spent on the 122 cases of leprosy in the United States than is spent in the treatment of America's 2,700,000 known cases of venereal disease.

pet parade

WILL YA, HUH?—This female miniature collie pup being held by City Animal Control Warden Charles Whitman seems to be asking, "Will you take me home?" She's approximately six months old, and can be yours if you'll call Whitman at the Dimmitt Police Dept., 647-4545, and pay the fees on her. If no one takes her by Monday, she'll have to be destroyed. The charges include a \$7.50 pickup fee, \$1 a day room and board, and \$7 for a rabies shot, but the fee is negotiable, Whitman says. The city dog pound also has a registered Great Dane female, full grown, if you want her.

More about

[Continued from Page 2] made for a booth for the Halloween Carnival for November 1 (not Oct. 31) because of ball games. Do plan to go out there for fun and ghosts, whatever the town folks have going.

And "Do come to the Turkey Dinner and Bazaar" at the Methodist Fellowship Hall Nov. 4. "Go vote" then eat and buy. Dinner is \$3.50. We have tickets to sell or you may buy at the desk. Jeannie Miller was hostess Thursday with dessert and bridge. She served angel cake with strawberries to guests Lena Benton from Lubbock, who won high score, Tina Rawlings, Gladiola Shipley, and members were Virginia Gilbreath, also high scorer Dorothy Elder, Anita Morris and Ann Carpenter.

Billie Wesson, Wilda Hawkins and Lucille Follis went to Littlefield Wednesday to attend a meeting of the Green Thumb Workers. This is a government work program. Faye Varner and Lucille Follis went to Fort Worth recently, then on to Navarro Mills, near Corsicana to attend the "Let's get together" of the descendants of the Brown family. Lucille's mother is the last of that Brown generation. All brought food for the picnic near the lake, a good time visiting and games.

Mae Bright Taylor is home from her family visit to Trent near Sweetwater. She attended the school reunion. Her class was graduated in 1923. She was the eldest of the class returnees. She was with her brother A. B. Driggers and family. Oh yes, Mae received the stadium pillow with the picture and sign gorilla on it, the class or football mascot. They did win the game from Abilene.

Mrs. Leora Calhoun and grandchildren went to Clovis Saturday and spent the night with Leora's daughter Bobbie Chester and family. And Leora's son Billy Mitchell and wife Alice were here for a visit with her and a niece Charlene, Carlos Lopez and son. Charlene is a nurse aide out at South Hills Manor.

Natividad and Olivia Ortiz went to Panhandle State College at Goodwell, Okla., last weekend to attend its Homecoming game against

Colorado State. Their son, Gus, is one of three Dimmitt young men on the Panhandle State football team. The others are Elias Perez, son of the David Perezes, and Jack Stewart, son of Jerrye and Fred Lilley.

They saw Candace Stewart, who works at the hospital here. She and Shirley Norris had gone to see Candace's brother Jack play ball.

DPS officer urges caution for Halloween

Major C. W. Bell, regional commander for the Texas Department of Public Safety, is asking motorists to watch out for "trick or treat"-ing youngsters this weekend. Major Bell offers these precautions:

If your children go trick or treating, they should be accompanied by a parent to insure their safety.

If you buy or make your child a costume, it should be white or light colored so it can be easily seen at night by motorists.

You should have your child carry a flashlight to serve as a warning to motorists and as an added safety measure on poorly lighted streets.

Children should be instructed to use sidewalks whenever possible, and motorists should be especially careful when driving the neighborhood streets. Many youngsters will be crossing

streets haphazardly as they go from house to house.

Since Halloween falls on a Friday, there will be the additional football game traffic, creating the need for extra caution.

MG Foundation to hold bazaar

The Northwest Texas Chapter of the Myasthenia Gravis Foundation is sponsoring its second annual Arts 'N Crafts Bazaar Nov. 5 from 10 a.m. to 5 p.m. It will be held in the community room of the Muleshoe State Bank.

Proceeds from the bazaar will be used for research to help find the cause and cure of the disease.

Myasthenia gravis is a neuro-muscular disease characterized by spells of extreme weakness. The disease often goes undiagnosed for years because it

masquerades as vitamin deficiency, anemia, neurosis or psychoneurosis.

Symptoms of MG include difficulty in swallowing, chewing and sometimes in breathing; double vision; droopy eyelids; and difficulty in walking.

Research financed by the MG Foundation has helped to dramatically reduce the fatality rate of MG sufferers.

The bazaar will offer cakes, pies, home-baked bread and rolls, and hand-made gift items.

FFA is selling turkeys, hams

The Nazareth FFA is selling Thanksgiving turkeys and hams cooked by Joe Drerup. Deadline for ordering is Nov. 8.

The turkeys and hams will be delivered Nov. 26. To order, contact any FFA member or call 945-2521.

Dimmitt FFA has turkeys

The Dimmitt FFA is now taking orders for smoked turkeys for Thanksgiving, to be delivered Nov. 20-21.

The turkeys average eight to 10 pounds each, and are priced at \$17.95 each. Anyone wishing to order a smoked Thanksgiving turkey may contact any FFA member or call the Dimmitt High School vo-ag department at 647-3105 during school hours.

The local FFA chapter will also be taking orders later for smoked Christmas turkeys.

Buddy Temple is a Texas Businessman who, at 38, has been operating his own company for almost 20 years. Buddy Temple's business experience has equipped him with the management tools so needed in government today.

A former 4 term member of the Texas House of Representatives, Buddy Temple worked diligently for sound fiscal management of state government, equitable funding of our public schools and sponsored the 1977 Highway bill that insured upkeep of our state's vital transportation system. During the 66th Legislative Session, Buddy Temple won the acclaim of Texas Monthly as the "hardest-working committee member."

In his primary victory, Buddy Temple received more than 56 percent of the vote which was the highest percentage earned by a statewide candidate on the May primary ballot. He received upwards to 80 percent of the vote in his home counties in East Texas.

Buddy Temple believes that the Railroad Commission must restore Texas to a position of leadership and look forward to the energy needs of tomorrow. "I welcome the opportunity to demonstrate that a state regulatory body can perform its duties effectively and efficiently with minimal intrusion into the lives of the people that it serves."

Sr. Celestine Marie on out-patient list

By VIRGIE GERBER Sister Celestine Marie is recuperating at St. Joseph's Convent in Amarillo. She is an out-patient of St. Anthony's Hospital where she undergoes treatment each day. This week she is to have skin grafting done on her hand. Henry, Ginger and Debbie Gerber of Amarillo spent Sunday in Nazareth visiting with relatives. Bob Gerber has undergone a second surgery on his eye that he pierced with a piece of steel a couple of months ago. Leslie Birkenfeld and daughters and Mrs. Rose Birkenfeld spent the weekend in Lawton, Okla. Leslie and the girls visited with the Benke grandparents and other relatives and attended a nephew's wedding Saturday night. Rose spent the weekend with her sister Anne Duesman. Greg and Tinie Hoelting and Dora Albracht drove to Olpe, Kan. to visit the Norbert Hoelting families. From there they went to Nelson, Neb. to visit an uncle, Bill Hoelting, and an aunt Lena Hoelting. They have been gone about 10 days. Neal and Gaylene Wilhelm, Becky (Wilhelm) Hooper and daughter Samantha of Wichita Falls spent the weekend here with their parents, the Francis Wilhelms. Colleen Gerber was also here for the weekend visiting her parents, the Francis Gerbers. Neal, Gaylene and Colleen are all students at Midwestern University in Wichita Falls.

Peace Corps volunteer to go to West Africa

Henry J. Wilhelm of Nazareth was sworn in as a Peace Corps volunteer Sept. 25. He will serve in Thies, Senegal, West Africa for two years.

HENRY WILHELM

Wilhelm, son of Mr. and Mrs. Lavern Wilhelm, will teach maintenance and special care of diesel engines. He will also be caring for three Caterpillar crawler bulldozers and 10 Massey-Ferguson tractors.

Wilhelm is a 1976 graduate of Nazareth High School and graduated from the auto and diesel mechanics school at Texas State Technical Institute in Amarillo.

Shorthorns split pair with Farwell Thursday

Hart's 7th Grade Shorthorns inched a step closer to the district championship last Thursday as they downed Farwell, 20-6.

Abel Martinez scored all 20 points for the Shorthorns, behind much-improved blocking in the line.

The victory hiked the Shorthorns' record to 2-0 in district play and 3-2-1 overall.

Buddy Espinoza was named the 7th Grade Player of the

Week. Other outstanding players in the game were Arnulfo Carrasco, Manuel Ramirez, Eloy Posada, Ronnie Rodriguez and Abel Martinez.

Hart's 8th Grade Shorthorns' record dropped to 1-5 after a 38-0 loss to Farwell last Thursday.

The Steers' superior size and speed enabled them to control the tempo of the game. Farwell led by 6-0 after one quarter, by 12-0 at halftime and by 24-0 after three quarters, then notched 14 bonus points in the final frame.

The Shorthorn teams will travel to Bovina today (Thursday).

Hart JV ties Farwell, 0-0

The Hart and Farwell junior varsities hooked up last Thursday in what was a very close game statistically as well as on the scoreboard. The two teams fought to a 0-0 deadlock, with the Steers holding off several Longhorn threats late in the game to preserve a tie.

Offensively, Joey Macias, Robert Gonzales and Roy Rodgers all did a fine job of blocking up front. Robert Martinez, Alex Carrasco, and Arthur Finch carried the mail for the Horns. The Longhorns had 118 yards rushing.

Defensively, Robert Martinez led the Horns with 15 tackles, followed by Coy Myrick with 10. Others who played well were Roy Rodgers, Arnie Gonzales, Joey Macias and Robert Gonzales.

The Longhorn JV's record now stands at 0-4-2 while Farwell's record slips to 5-2.

The Hart JV's next game will be in Bovina tonight (Thursday). Game time will be approximately 7:30.

Too Late To Classify

LOST: About 10:30 last Tuesday night from 706 Etter, Female Russian Blue Cat, bluish-grey in color, answers to name "Mouse." Call 647-3637. 13-5-1tc

Young Farmers meet tonight

The Dimmitt Young Farmers will meet tonight (Thursday) at 7:30 in the Dimmitt High School agriculture building. Chuck Cosper, game warden, will present the program on water fowl and upland game birds.

The Young Farmers will sponsor a turkey shoot Nov. 9, beginning at 1 p.m. at the Dimmitt Gun Club range.

AFS seeks applicants for abroad

The American Field Service program is looking for students to go abroad for a summer or a full school year.

A student participating in the AFS program lives with a family native to the country he or she is visiting, and learns the customs of the country while attending school.

Interested persons should see Principal Alex Glass at Dimmitt High School or call Annie Calvert at 647-4542. Mrs. Calvert is president of the local AFS chapter.

The local AFS chapter meets each second Tuesday at 3 p.m. in the high school home economics living room. Its meetings are open to anyone interested in the AFS program.

ACS schedules first meeting

The first regular meeting of the Castro County chapter of the American Cancer Society will be held in the city hall meeting room next Wednesday at 5 p.m.

Guest speaker will be Myron Dees, Phd, from West Texas State University. Dr. Dees is the Area I vice president for ACS and has been an active member in the organization for years. A question-and-answer session will be held following his speech.

Dr. Dees will present the ACS charter to the local unit prior to the program.

Also present will be Margie Wilson, district representative from Amarillo.

All members and any interested persons are invited to attend this meeting.

Gwen Bryant, president of the Castro County ACS, held an executive planning committee meeting at K-Bob's Steak House in October to introduce members to Mrs. Wilson and to formulate the year's activities. Those attending were Ruth Bennett of Hart, local vice-president; Cheryl Pybus, public education chairman; Cleo Forson, service and rehabilitation chairman; and Doris Lindsey, public information chairman.

A special training session for volunteers will be held in Lubbock Nov. 12 from 1 to 4 p.m. at the Civic Center. Emphasis will be placed on public education, crusade and public information. Cheryl Pybus, Cleo Forson and Gwen Bryant plan to attend.

County commissioners endorse policy statement

The Castro County Commissioners' Court Monday gave total endorsement of a resolution drawn up by the County Judges and Commissioners Association of Texas. The resolution was forwarded to the board of the Texas

Association of Counties for review, and to other officers and staff for possible legislative or administrative action.

The resolution had eight issues, including: -Monitoring the impact of each countywide appraisal district with respect to its cost, its effect on county tax assessors, its ratio of assessment, and the option of counties to withdraw if the proposed Constitutional Amendment No. 3 fails in Tuesday's election.

-Revising the election laws to prevent a candidate who is defeated in a primary election from running as a write-in candidate in the following general election, unless a vacancy has occurred leaving no candidate on the general election ballot.

-Supporting legislation to permit individuals and local communities to maintain control and ownership of all water rights, including play lakes, surface and underground water.

-Requesting that the county Extension program give consideration to affected commissioners' courts prior to making administrative personnel decisions that would significantly change traditional organization on its regional, district or local level.

-Supporting the Judicial Financing Committee's recommendation requiring the state to pay all salaries and benefits of the district's judge, court reporter and court aide, and requiring the county to furnish a court bailiff.

-Supporting legislation raising the current \$3,000 bid requirement for county government purchases.

-Resisting any legislative effort to impose additional financial requirements on county government unless state money is appropriated to cover those requirements.

The county governing board approved Commissioner Al Maurer's motion to "endorse them all."

In other action, the board: -Discussed absentee voting for the Tuesday general election. County Clerk Zonell Maples said that the absentee voting was "about the same as usual" and she expected voter turnout in Castro County to be average.

-Approved the purchase of 250 instead of 300 Castro County history books for the County Historical Society Commission for resale to the public, since the society was able to come up with more money than it had anticipated.

-Discussed the county employees' annual Christmas party and set a tentative date for Thursday, Dec. 18.

PLAINS MEMORIAL

Andres and Senobia Diego have a new son, Andrew Orlando Diego. He was born on Oct. 21 and weighed 8 pounds, 7/8 ounces.

It's a girl for Daniel and Elodia Rodriguez. Ysa-Yvett Rodriguez was born Oct. 16, 1980 and weighed 9 pounds, 6 ounces.

OUT OF TOWN

Bart and Beth McLendon of Dallas are the parents of a boy, Matthew Kyle, who was born Oct. 8. He weighed 7 pounds, 2 ounces. Grandparents are Kate and Edgar Beecher of Dimmitt and Gordon and Gay McLendon of Dallas. Great grandparents are Mr. and Mrs. B. R. McLendon of Dallas. Great great grandmother is Mrs. Jeff Morgan of Sipe Springs. Matt has a big brother Trent who is 3 years old.

OUT OF TOWN

Brent and Sarah Sanders of Floydada announce the homecoming of a daughter, Katie Rebecca, on Friday, Oct. 17. Katie was born Thursday, Sept. 11 and weighed 5 pounds, 14 ounces. Grandparents are Mr. and Mrs. S.E. Puckett of Ruidoso, N.M. and Mr. and Mrs. M. L. Simpson of Dimmitt.

MARK Bennett, a seventeen month old baby from British Columbia, was stung by wasps 447 times and survived. He was released from the hospital after twenty days of treatments.

Hart JV ties Farwell, 0-0

The Hart and Farwell junior varsities hooked up last Thursday in what was a very close game statistically as well as on the scoreboard. The two teams fought to a 0-0 deadlock, with the Steers holding off several Longhorn threats late in the game to preserve a tie.

Offensively, Joey Macias, Robert Gonzales and Roy Rodgers all did a fine job of blocking up front. Robert Martinez, Alex Carrasco, and Arthur Finch carried the mail for the Horns. The Longhorns had 118 yards rushing.

Defensively, Robert Martinez led the Horns with 15 tackles, followed by Coy Myrick with 10. Others who played well were Roy Rodgers, Arnie Gonzales, Joey Macias and Robert Gonzales.

The Longhorn JV's record now stands at 0-4-2 while Farwell's record slips to 5-2.

The Hart JV's next game will be in Bovina tonight (Thursday). Game time will be approximately 7:30.

Missionary speaks to BYW

By TEENY BOWDEN

The BYW had an enrollment tea in the home of their new president, Phyllis Bridges, Thursday morning. Five members and six visitors were present. The speaker was Johnene Ross of Plainview, a missionary to Kenya. She and her husband and daughters are on furlough. Baptist Women kept the nursery for them at the church.

High Attendance Day was observed in the Sunday School Sunday morning, but attendance was far below the goal set. Only one class, Preschool I, had all their enrollment present. The Adult Men's class met their goal which was one less than their enrollment, and the Adult Women's class met their goal which was three less than their enrollment. Only 55 were in Sunday School, but most of them stayed for dinner at the church and fellowship together. Carl Dean Carson is the Sunday School Director.

Mrs. L.B. Bowden attended the Castro County Genealogical Society meeting in Dimmitt Tuesday night.

Mr. and Mrs. Tracy Phelan and Mr. and Mrs. Bob Culp of Washington State arrived Saturday to visit a few days with his brother, Mr. and Mrs. Roy Phelan. They spent the day Sunday in Dimmitt with her sister.

Mr. and Mrs. Hershel Wilson visited in the hospital in Levelland Monday with her uncle Odis Snow. Thursday they were in Hobbs and Lovington for HCA meetings. They spent Thursday night in Jal with Mr. and Mrs. Doug Freeman, Souya and Angela, and came by Ropesville Friday to visit with his parents, Mr. and Mrs. E.L. Wilson and grandmother Jeffcoat.

Mrs. Ed Thompson killed a rattlesnake Saturday in her trash pile. It had four rattlers and a button.

The new church council met Sunday afternoon to make plans for the new church year. All were present. Carl Dean Carson, Sunday School Director; Lee Brown, Church Training Director; Gerald Elkins, Music Director; Gale Sadler, Chairman of the deacons; Mrs. Raymond Jones, WMU Director; Roy Phelan, Brotherhood Director; and the pastor, Raymond Jones.

Mrs. E.R. Sadler visited with Mr. and Mrs. Howard Bridges in South Hills Manor Saturday afternoon.

Mr. and Mrs. Cliff Brown visited in Lubbock Sunday afternoon and evening with Mrs. E.R. Brown and Mr. and Mrs. Bud Woodward.

Lynn Brown spent the weekend in Lawton, Okla. with Rev. and Mrs. John Peck and visited with the youth of the church there.

Mr. and Mrs. Gale Sadler became new grandparents and Mr. and Mrs. E. R. Sadler new great-grandparents Friday morning when a 5 lb. 11 oz. girl was born to Bob and Cindy Clatt in Methodist Hospital in Lubbock. She was 18 inches

long and was named Jasymne Lark. Mr. and Mrs. Gale Sadler and Mrs. E. R. Sadler went down to see them Friday afternoon. Mr. and Mrs. E.R. Sadler and Mrs. Gale Sadler went back Sunday to visit them in their home, and Verna stayed to help out for a few days. They also visited with the Myles Sadlers and Amy came home with them.

Mrs. David Sadler has a new niece born to Brenda and Tim Dawson of Hereford Wednesday. She weighed 7 lbs. and was named Bethany Jo. Mrs. Sadler visited with them in the hospital Wednesday and she and Melody and Karla visited them again Saturday. They also visited with her brother Bobby and his wife, Barbara, who flew in

from Bitburg, Germany to be with her mother Monday when she undergoes open heart surgery in El Paso. Mr. and Mrs. David Sadler and girls visited with the family in Hereford again Sunday, and the new baby in the home.

Mr. and Mrs. Roger Owens left Monday for Houston where she will undergo treatments at M.D. Anderson Hospital and have major surgery. Ray Lynn, Kay, and Kristie are staying in Dimmitt with his parents, Mr. and Mrs. B. L. Owens. Roger flew home Friday.

MODERN manufacturing techniques have made it possible to knit a nylon stocking, containing 935,000 stitches, in just fifteen minutes.

BUYING a home can be done, in spite of tight credit. Many people postpone buying a home due to high interest and tight credit. However, when a suitable mortgage from a recognized financial source is not attainable, other non-traditional financing options are available, says

Jane Berry, a housing and home furnishings specialist. Explore the possibility of the seller taking back a second mortgage or a short-term contract sale, she advises.

Join us in voting to keep Judge Will Garwood on the Texas Supreme Court. He's the best choice by any standard.

Judge Will Garwood is clearly the best qualified candidate for the Texas Supreme Court. He's been on the Court a year and has over twenty years experience in private civil law practice. He served with the Judge Advocate General's Corps, U.S. Army, and was first in his class every year at The University of Texas School of Law, graduating with honors.

Judge Garwood was overwhelmingly endorsed by 82% of the Texas lawyers. He won local judicial preference polls by 86% in Dallas, 86% in Houston and 80% in Fort Worth.

He's the choice of so many because he's fair-minded, non-partisan and better suited to the job through personal qualifications and superior training.

Two drivers hospitalized

A head-on collision at Summerfield Tuesday afternoon has left two persons hospitalized, one with critical injuries.

Steve Gregory, 29, of Friona, and his wife, Debra Kay, 22, were eastbound on US 60 Tuesday evening when their white Ford Econoline Van collided with a silver Mercury Marquis.

The driver of the Mercury, Ruth Robaras Terry, 61, also of Friona, was westbound on the same highway and was driving on the wrong side of the road, according to Highway Patrol officers.

The wreck occurred at approximately 4:34 p.m.

Gregory received a fractured pelvis, a fractured left ankle, a concussion and internal injuries. He was given emergency treatment in Hereford, then transferred to High Plains Baptist Hospital in Amarillo where he was listed in critical condition in the intensive care unit Wednesday.

Mrs. Terry was reported in stable condition at Deaf Smith General Hospital in Hereford after having suffered bruises, lacerations and abrasions.

Mrs. Gregory received head cuts and bruises. She was treated and released at Deaf Smith General Hospital.

Officers said Mrs. Terry reportedly had received a shot in a doctor's office shortly before the accident which may have impaired her ability to drive.

The accident is still under investigation.

More about Carnivals ...

[Continued from Page 1]

reservations, said the building will be open all day Saturday for the construction and arranging of booths.

The carnival will open at 6 p.m. Saturday and run until 10 o'clock. The annual Kids' Costume Kontest will be held at 8 o'clock, with the Dimmitt Young Homemakers judging and awarding ribbons.

Pre-school children will be admitted to the carnival free. For all others, the admission price will be 50 cents or a pair of used eyeglasses.

Here's the list of carnival booths that had been confirmed by Tuesday:

- Dimmitt Lions — Bingo and Bean Bag Throw.
- Church of god of Prophecy — Football Throw.
- Eighth Grade — Cake Walk.
- Spanish Club — Coke Ring Toss.
- Young Farmers — Turkey Shoot.
- Odd Fellows — Cake Walk.
- Foster Family Services — Bread Booth.
- Junior Class — Sponge Throw.
- Senior Citizens — Fishing for Jewelry.
- Seventh Grade — Basketball Throw.
- VFW Auxiliary — Hot Dog Stand.
- Rotary Club — Coffee and Popcorn.
- Jaycees — Fishing and Football Throw.
- United Lions — Coffee and Treats.
- Kids, Inc. — Hamburger Stand.
- Young Homemakers — Helium Balloons.
- Key Club — Car Bash.
- Republican Party — Literature Booth.
- Kiwanis Club — Coffee and Pheasant Hunt sign-ups.
- Guadalupe Society — Candy and Game Booth.

Grain prices climb as milo harvest ends

Milo harvest is virtually complete, according to local elevator operators.

Yields this year have ranged from 3,700 to 6,500 lbs. per acre, with the average hitting about 5,500 lbs.

In areas where yields were lower, they were not off by the percentage that corn has been this year.

Most elevators are running at capacity. One elevator had to "go on the ground" with some milo.

Prices this year are up. Milo was at \$6.25 per cwt. Wednesday, compared with last year's price of \$4.48. Corn hit \$6.55 per cwt. Wednesday, which is considerably higher than last year's \$4.96 at harvest's end.

Foster parent group will hold bread sale

The Foster Parent Association and the Castro County Child Welfare Board will be selling fresh bread at Dimmitt's annual Halloween Carnival Saturday.

Proceeds from the bread sales will be used to help provide for the needs of the foster children in the Castro County area.

Children who are in foster care in the county are those children who are in the temporary managing conservatorship (custody) of the Texas Department of Human Resources. These children are put into the custody of the state temporarily only when they are severely abused or abandoned.

The children are usually placed back in the home after

their parents undergo proper rehabilitation. This rehabilitation usually includes professional counseling and parenting skills counseling.

There are times that children are not returned to the home because it is determined that the home is not safe for the child, or the parents simply do not want their children. If children are not returned home, they are usually adopted.

Anyone interested in being a foster parent should contact the Department of Human Resources at 647-4181 in Dimmitt.

ANDREW JACKSON was the first President to have plumbing and running water in the White House.

DHS civics classes plan voters' forum

Dimmitt High School's civics classes, taught by Avis Smith, will hold an educational forum today (Thursday) at 10 a.m. in the Dimmitt High School auditorium.

The forum is being held to inform students and all interested adults about the Democratic and Republican candidates who will be on the general election ballot, as well as the platforms they propose.

Information about the proposed constitutional amendments will also be given.

Todd Touchstone will serve as master of ceremonies. Trent Armstrong will speak for Ronald Reagan and the Republican platform, while Norma Trigo will endorse President Jimmy Carter and

the Democratic platform. Crystal Fitzgaird and Kyle Collins will speak on the proposed amendments.

Lee Schilling will inform those present about other Republican candidates than Ronald Reagan, and Jerry Vera will be speaking on the other Democratic candidates.

The civics classes will also hold a mock election in the high school.

WHEN woodchucks hibernate for the winter, their pulse rate drops from the normal 80 beats per minute to five per minute. The animal is just barely alive during hibernation.

(La enmienda constitucional que cambia el nombre de Cortes de Apelaciones Civiles y el nombre y requisito de los jueces de la Corte Suprema o dicta la jurisdicción y autoridad de las cortes de apelación.)
- No. 9** FOR (A FAVOR DE) AGAINST (EN CONTRA DE) The constitutional amendment allowing spouses to agree that income or property arising from separate property is to be separate property. (La enmienda constitucional permite a los esposos el consensar que los ingresos o los bienes que se derivan de los bienes particulares permanecerán como bienes particulares.)

Kiwanians seeking more hunting land

The Kiwanis Club of Dimmitt is looking for more land for its Pheasant Hunt, according to President Charles Richard.

It was announced at Monday's meeting that anyone interested in reserving their land for the hunt should contact Gene King at 647-3102 (office) or 647-3504 (home), or Bob Murdock at 647-3191 (office) or 647-2437.

The Pheasant Hunters' Breakfast will take place on Dec. 13, the first day of pheasant season. Tickets for

the breakfast are \$3.50. Permits to the hunt itself will be \$50, which includes the breakfast.

The Kiwanis Club, in cooperation with local landowners, annually reserves thousands of acres of land for permit hunting only, and provides hunters with maps and directions to designated hunting sites.

Part of the proceeds from the hunt will go to continue construction of the "ag farm" north of the city, where Dimmitt High School students keep their show animals.

Three men charged with cattle thefts

Three suspects are in custody for cattle theft after being tracked down by lawmen and field investigators of the Texas Southwestern Cattle Raisers Association.

Stephen Paul Moffitt, 35, of Lubbock was arrested in Abilene after having sold stolen cattle at the Abilene Livestock Auction.

Rodney Charles Jones, 28, of Lubbock, was arrested in Lubbock and extradited to Waurika, Okla. Claude Larry Davis, 40, also of Lubbock, was arrested in El Paso and is now in custody in Seymour.

Both men were known associates of Moffitt, investigators said.

Brand inspection records of the Cattle Raisers Association showed that Jones and Davis had been selling stolen cattle also.

A chain of events led to the arrest of the suspects.

On Aug. 25, 28 head of 400 lb. heifers were stolen from David Behrends of Dimmitt. The cattle were located at Flagg. A 14-ft. white trailer, owned by Dale Winders of Flagg, was also stolen on that date. The trailer was later recovered in Henrietta.

On Sept. 25, 20 head of 400-lb. steers and heifers owned by Don Moore of Dimmitt were stolen from a location five miles south of Dimmitt. These cattle were later sold at livestock auction in Hugo, Okla.

Oct. 2, 23 head of cattle were stolen near Panhandle. A brown gooseneck trailer was stolen east of Amarillo on that same date. Eleven days later, the trailer was found on a truck stop parking lot west of Abilene on I-20. Lucky Thompson, a Texas Southwestern Cattle Raisers Association Field Inspector, checked and found that the Panhandle cattle had been sold at the Abilene auction by Moffitt. A warrant was issued and Moffitt was arrested at that time.

According to Kenneth Chambers, another field inspector for the association, the arrest of these three men cleared up 17 cattle thefts in seven Texas counties and nine Oklahoma counties. Chambers claimed the suspects were also connected with nine stock-trailer thefts. One of the trailers

recovered belonged to Bryce Dowell of Dimmitt.

"I think they're going to be responsible for the theft of approximately 150 head," Chambers said.

Field inspectors involved in the investigation include Kenneth Chambers of Herford, "Son" Guin of Tahoka, Manford Elliott of Seymour, Larry Burnett of Graham, Paul Wade of Antlers, Okla., Joe Ramer of Sulphur, Okla., and Lucky Thompson of Clarendon.

These men were aided in the investigation by Texas Ranger Jackie Peoples of Lubbock, two Lubbock Police Dept. detectives and Castro County Sheriff Granville Martin.

Pianists perform at hymn festival

Two local piano students performed in the Hymn Festival sponsored by the Texas Baptist Convention and local Baptist Association Sunday afternoon in Plainview.

Performing were Brian Stewart, son of Mr. and Mrs. O. K. "Pete" Stewart, and Jo Hyman, daughter of Mr. and Mrs. Harold Hyman.

Hart church sets harvest festival

The First United Methodist Church of Hart will have a Harvest Festival Wednesday, Nov. 19.

There will be a turkey dinner, and the speaker will be Rev. Rex Mauldin, pastor of the San Jacinto United Methodist Church of Amarillo.

School solicitations must be authorized

Supt. Ted Averitt reminded Hart students and other residents this week that anyone soliciting money in the name of the Hart Public Schools should have an authorization from him to do so.

Anyone with a question concerning solicitations that are made in the name of Hart's schools should contact Averitt.

VETERAN'S SERVICES

By BEDFORD W. SMITH
County Service Officer

Mrs. Smith and I returned from San Antonio Saturday after attending the 33rd annual statewide service officers' conference during all of last week.

Elsie was moved up from vice-president to president of the County Veteran Service Officers' Auxiliary, while I was chosen to be chaplain for a fourth year of the County Veteran Service Officers Association of Texas in 1981. The Association was organized in 1949.

We received very valuable information from special speakers and group conferences concerning VA and other federal and state benefits for veterans, their survivors and dependents.

A report was made concerning the terrible trauma suffered by the Vietnam era veterans. While about 38,000 were killed in this conflict, over 40,000 have committed suicide since the period closed on May 7, 1975. In no other war we fought were our soldiers faced with attacks by women and children with hand grenades and machine guns, etc., at will and there was no way to distinguish friends from foes.

President Carter finally was successful in getting an energy program in place and it is working and will eventually make the US energy self-sustaining. His opponent doesn't favor an energy program of any kind. He favors letting nature take care of the problem. The choice on this issue is clear. The Democrats may do something wrong occasionally, but at least they always try.

If, and when, the price of energy levels off we should see an acceptable inflation rate, with the prices of other goods and services adjusting the imbalance in the market place. It is crucial to the economy as a whole that the energy program instituted by the administration be allowed to work.

The military, or Department of Defense, is another vital issue that has been of much concern during this campaign. The various aspects of the problem are so complex that the average person is bewildered and confused by the claims and counter claims bandied about by the candidates. Bearing in mind a statement by President Eisenhower, in which he said that a "dangerous possibility facing this country was the creation of a military-industrial complex." We are reminded of that warning everytime a retired army general, employed by a corporation, uses scare tactics in lobbying for appropriations for their pet programs and projects. When the military complains about the weakness of our military establishment, we have reason to wonder what became of the enormous amounts of money trusted to their use in the past. The president says we have an adequate defense posture, in fact our nuclear capability is sufficient to obliterate Russia. That should be some sort of deterrent.

More about Turnout ...

[Continued from Page 1]

3,178 cast ballots. If absentee balloting is an accurate indicator, Castro County may indeed be heading for another record turnout. One hundred and forty absentee ballots were cast in the 1976 election, and County Clerk Zonell Maples reported Wednesday that absentee voting had reached that 140 mark with two days still to go.

Only seven contested races are listed on the ballot which Castro Countians will use Tuesday.

In the presidential race, four tickets are on the ballot. They are Republicans Ronald Reagan and George Bush, Democrats Jimmy Carter and Walter Mondale, Libertarians Ed Clark and David Koch, and Independents John B. Anderson and Milton S. Eisenhower.

The other contested races are:

—US Representative, 19th District: Democrat Kent Hance vs. Libertarian J. D. Webster.

—Railroad Commissioner: Republican Henry C. (Hank) Grover vs. Democrat Buddy Temple.

—Railroad Commissioner (Unexpired Term): Republican H. J. "Doc" Blanchard, Democrat James E. (Jim) Nugent and Libertarian David Hutzelman.

—Associate Justice, Supreme Court, Place 1: Republican Jim Brady vs. Democrat James P. "Jim" Wallace.

—Associate Justice, Supreme Court, Place 4 (Unexpired Term): Republican Will Garwood vs. Democrat C. L. Ray.

—State Senator, 31st District: Republican Bob Price vs. Democrat Bill Sarpalius.

—County Commissioner, Precinct 3: Republican Robert Benton vs. Democrat Jimmie Howell.

Texans are being asked also to rule Tuesday on nine proposed amendments to the Texas Constitution. A description of these proposed amendments, with the main arguments for and against each, compiled by Speaker of the House Bill Clayton, appears on Page 4-B of this issue.

A sample ballot, co-sponsored by the First State Bank of Dimmitt and Dimmitt Agri Industries, Inc., appears on Page 9-A of this issue.

More about About Dimmitt and county ...

[Continued from Page 1]

administration of President Franklin Roosevelt in 1933. Since that time the greatest food and fiber production machine in the history of the world has developed, with a resultant healthy farming economy in the main. Democratic administrations have always been best for the country as a whole and the agricultural industry in particular.

The OPEC countries organized and were already raising the price of oil before President Carter took office. He inherited inflated, and inflating prices on crude oil. The Shaw of Iran, at the insistence of President Nixon and Secretary of State Kissinger, increased the price of oil drastically in order to get enough American dollars to buy our planes and other sophisticated military equipment. That was the beginning of runaway inflation. The damage that act has caused is history, with more in the making.

President Carter finally was successful in getting an energy program in place and it is working and will eventually make the US energy self-sustaining. His opponent doesn't favor an energy program of any kind. He favors letting nature take care of the problem. The choice on this issue is clear. The Democrats may do something wrong occasionally, but at least they always try.

If, and when, the price of energy levels off we should see an acceptable inflation rate, with the prices of other goods and services adjusting the imbalance in the market place. It is crucial to the economy as a whole that the energy program instituted by the administration be allowed to work.

The military, or Department of Defense, is another vital issue that has been of much concern during this campaign. The various aspects of the problem are so complex that the average person is bewildered and confused by the claims and counter claims bandied about by the candidates. Bearing in mind a statement by President Eisenhower, in which he said that a "dangerous possibility facing this country was the creation of a military-industrial complex." We are reminded of that warning everytime a retired army general, employed by a corporation, uses scare tactics in lobbying for appropriations for their pet programs and projects. When the military complains about the weakness of our military establishment, we have reason to wonder what became of the enormous amounts of money trusted to their use in the past. The president says we have an adequate defense posture, in fact our nuclear capability is sufficient to obliterate Russia. That should be some sort of deterrent.

Reagan, on the other hand declares that we are weak and practically defenseless. His main method of shoring up our defenses would be the appropriation of funds to raise military salaries to be competitive with salaries in the private sector. While performing that feat he proposes to cut taxes by thirty percent and balance the budget all at the same time. Many programs proposed by candidates are the result of wistful thinking, but Reagan's idea about defense is out of the ballpark, even in the category of wistful thinking.

Many social programs, enacted into law, were properly motivated and should fill pressing needs if properly administered. All health, education and welfare programs should be refined and made to work as they were originally intended to do. On that issue Reagan would throw the baby out with the bath water.

ERA, abortion, homosexuality, so far as the candidates are concerned, have little to do with the discharge of the duties of the presidency. However, they are burning issues with certain vocal groups and the candidates are forced to make some sort of commitment.

Jimmy Carter's experience as president is somewhat similar to the Truman administration. Like Truman, Carter has had some hard, and difficult, decisions to make and in their making he alienated the support of, in some instances, large segments of the public. As a result his standing in the polls plummeted. The same was true during Truman's first administration. Like Dewey, President Truman's opponent for reelection, Reagan entered the current presidential race with what appeared to be unsurmountable odds in his favor. A thinking electorate reversed the odds in 1944 and elected a president that has later, by republicans and democrats alike, been acclaimed to be one of the greatest presidents ever to serve the country.

By now you probably have the impression that I favor the reelection of President Carter. I do.

Hart FFA to serve pre-game pancakes

The Hart High School FFA will sponsor a pancake supper before the football game Friday from 5:30 to 7:30 p.m. in the school cafeteria.

Door prizes of two pounds of sausage will be given away every 20 minutes. Each person there will be eligible for the grand prize of 10 pounds of sausage to be given away at the end of the evening.

Admission for the supper is \$3 for adults and \$1.50 for children under 12.

The FFA will award a quilt, donated by Betty Griswold, during halftime of the game.

IN RUMFORD, Maine it is against the law for a person to bite his landlord.

Choirs to give concert Monday

The Dimmitt Junior High Choir and the Dimmitt High School Singers will present a public concert Monday evening.

The Junior High Choir will perform "Bright Sunshiny Morning," "Fill with Kindness," "Happiness Is Within

You," and "It's Time to Fly Away."

The DHS Singers will perform "Candle on the Water," "Morning Has Broken," "The Water Is Wide," "Kyrie Eleison" and "How Deep Is Your Love."

The concert will include featured soloists.

The groups will include featured soloists.

The groups will jointly sing "I'd Like to Teach the World to Sing."

The concert will be in the Middle School auditorium at 7:30 p.m. It will be open to the public, with no admission charge.

McLain fund needs boost

Special funds are building up for 10-year-old John Darryl McLain at the Farmers State Bank of Hart and the First State Bank of Dimmitt, but more donations are needed, according to those who initiated the funds.

The Hart boy received severe head injuries when he fell from the back of a pickup Sept. 6, and has been in a comatose state in the Methodist Hospital in Lubbock ever since. He has been moved from the intensive care unit, but his condition is unchanged.

He is the son of Darryl and Linda McLain of Hart, and the grandson of Mr. and Mrs. L. C. McLain of Hart and Mr. and Mrs. Bill Harman of Dimmitt.

Those wishing to donate to the special funds may do so at either bank. The funds are intended to help defray the extensive costs of John Darryl's medical care and treatment.

United Lions receive thanks

The Dimmitt United Lions recently received a letter from the Lions Crippled Children's Camp thanking them for their continued support. This is the second year that the United Lions have given the camp a substantial donation from each club member.

In other news, Pete Salinas invites the public to the United Lions booth at the Halloween Carnival Saturday evening. The United Lions will have their popcorn machine going and a surprise for the kids.

Ouch! Williams sparks Wildcats in 62-10 rout

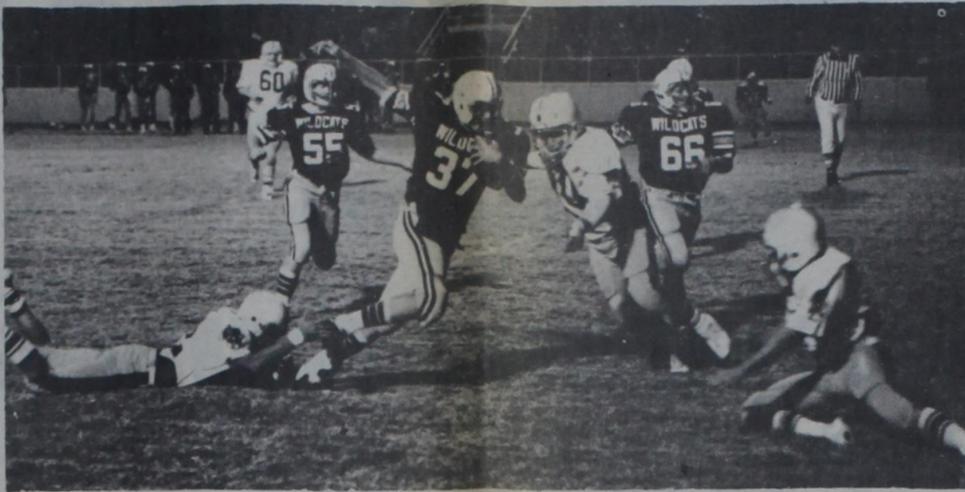

By JOHN BROOKS
If Carnegie were to write a book about being successful in football, he would probably entitle it, "How to Win Games and Influence Recruiters."
And he'd probably get Littlefield's Michael Williams to preface his tome.
Williams won Friday night's game against Dimmitt with five touchdown runs in the first 28 minutes of the contest, leading the powerful Wildcats to a 62-10 thumping of the Bobcats at Wildcat Stadium.

field robbed itself of two scores with its own penalties to keep the game from being even more of a runaway.

The Bobcats were missing the running talents of Adrian Stanton, who was left at home suffering from a reaction to an insect bite. As the game progressed, several other Bobcats were forced to the sidelines, including running-back-linebacker Sid Sageser, two-way end Jeff Watts, linebacker Mario Moreno and quarterback Richard Guzman. Watts suffered a broken finger and will have to sit out the remainder of the season. Moreno went down with a recurrence of a knee injury and may not see action the last two games of the year. Guzman and Sageser hope to return this Friday.

As for the survivors, the Bobcats were able to muster only 89 yards rushing and 75 yards on two passes.

The Bobcats were able to stop the touted passing attack of three-time all-South Plains quarterback Eddie Gregory, who went three-of-10 for 20 yards. But Williams picked up 157 yards while playing just 2½ periods, leading the

ZEROING IN—While Dimmitt's Bill Grosz gets a shoestring on Littlefield receiver Jim Burks [37], fellow Bobcat Max Sandoval comes in to make the stop and teammate Tim Lay [right] sees the crash coming at the Dimmitt 11-yard line in the fourth quarter of Friday night's District 2-AAA opener at Littlefield.

Burks, Sandoval and Lay all went down in a heap together a second later. Trailing the action are Littlefield's Alan Jones [55] and Adam Solis [66]. Littlefield scored on the next play to hike its lead to 54-10, and went on to notch another TD and two-point conversion for a final victory margin of 62-10.

Wildcat ground game to 353 yards.

The fireworks got underway before the crowd had a chance to get settled. Littlefield took the only Dimmitt fumble of the first half at the Bobcat 27 and wasted little time in scoring. Williams got the call all four times on the abbreviated drive, and, on first down at the Dimmitt 15, raced up the middle from his tailback position and scampered in for the score. Jim Burks added the first of his eight extra point kicks, and Littlefield led, 7-0, with 9:18 left in the first quarter.

Dimmitt put on one of its best-looking drives of the season, taking the ball at its own 19-yard line, and, with the help of one of those Wildcat pass interference calls, moved to the Wildcat 11. The drive halted there, but Johnny Nino was called in for a 28-yard field goal that closed the gap to four, 7-3, with 4:57 left in the first quarter.

For the next five minutes, it was all Williams. Littlefield returned the kickoff to its 48, and handed off to Williams up the middle. 12 seconds later, he had crossed the double stripe with what proved to be the winning

score with a 52-yard scoring run. Burks' PAT made it 14-3.

Williams iced another short Wildcat drive with his third touchdown dive, this one a three yarder, culminating a 42-yard Littlefield surge late in the first quarter. The Wildcats were ahead, 21-3 with 1:21 to go in the first period.

For a long while it appeared the game would stay right there. Each team punted the ball on its next two possessions, and, with a minute to go in the second stanza, the score remained 21-3.

Dimmitt had just taken a short Eddie Gregory punt at its 27, and Richard Guzman went back to pass with less than a minute to play. Linebacker Dale Demel picked off the ball, and Littlefield had the ball in good shape at the Bobcat 24. Wingback Joe Paul McCanick and fullback Scot Blakely did the dirty work, totting the pigskin to the three, before Gregory's call on Williams to put the Wildcats up, 28-3 with 12 seconds left in the first half.

The third period looked like a replay of the first, with neither team wasting its time in scoring. Williams carried for his fifth, and final score with 8:57 left in the third to put the game out of reach at 35-3, but Dimmitt responded with its best-looking play of the evening, after some more help from Littlefield.

The Bobcats had apparently been halted, and Ricky Gonzales punted the ball away.

GAME AT A GLANCE

Dimmitt	Littlefield
11 First Downs	20
89 Yards Rushing	353
75 Yards Passing	20
164 Total Yards	373
2/8 Passes Comp/Att	3/10
2/20 Penalties/Yards	11/102
3 Turnovers	0
3/31 Punts/Average	2/26

Scoring:
Littlefield 21 7 14 20 — 62
Dimmitt 3 0 7 0 — 10

- L — Michael Williams 15 run (Jim Burks kick)
- D — Johnny Nino 28 FG
- L — Williams 52 run (Burks kick)
- L — Williams 4 run (Burks kick)
- L — Williams 3 run (Burks kick)
- L — Williams 26 run (Bruks kick)
- D — Ricky Gonzales 55 pass from Richard Guzman (Nino kick)
- L — Joseph Ayala 85 kickoff return (Burks kick)
- L — Joe Paul McCanick 4 run (Burks kick)
- L — Scott Blakely 15 run (kick failed)
- L — Bill Davidson 5 run (Burks kick)

IN ANCIENT China certain towns were arranged in a pattern that simulated special animals. The city of Tsuenchen-fu was built in the shape of a fish; the town of Sun-wuen simulated a dragon.

McCanick made it 49-10, after another Burks extra-point, with 11:23 left in the contest, on a four-yard carry, capping a 65-yard drive against the riddled Bobcat defense. McCanick scored the seventh Wildcat touchdown on an inside reverse from his wing-back wide-out position.

With 4:22 left, Littlefield's Scot Blakely bulled over from his fullback spot. Burks missed his only PAT kick of the night (he was 8 of 9), to make it 55-10.

Third-teamer Bill Davidson rounded things out 59 seconds later, as the Wildcats captured their third Bobcat bobble of the evening at the Littlefield 18, with a five yard carry. Burks' kick iced the game at 62-10.

Littlefield proved why they went into the game as the second ranked team in the state in the Harris Ratings, and why they had been

successful in seven of eight starts. They were able to overcome an off-night by quarterback Gregory, and to overcome eleven penalties to master the Bobcats with the weapon that worked best.

WE HAVE THE FEEDERS TO FILL YOUR NEEDS

Double Capacity Feeder
This Double Capacity [2,000 lb. Feeder consists of a frame constructed of high quality structural steel and the feed bunkers are made of an almost indestructible, high quality polyethylene. This polyethylene will neither rust, rot, nor splinter and is resistant to outside erosion.

Cattle Feed Bunks
We also have a good stock of 12' cattle feed bunks that are on structural steel skids.

Combination Hay Rack and Feed Bunk
For the rancher, farmer, or cattle feeder that prefers to utilize a combination hay rack and feeder bunk, we have a 12' twin feeder with hay rack that has feeding capacity for 48 head.

Horse Hay and Grain Feeders
For the horseman we have three outstanding feeder products, two models of wall hay and grain feeders and the corner hay and 30 lb. grain feeder.

All Metal Horse Feeders
For the super horseman, we have two all metal horse feeders with hay racks, one 5' model and one 10' model.

Poli-Tron Mineral Feeder
Perhaps the most overlooked product among mineral feeders is the Poli-Tron Mineral Feeder. Holds three 50 lb. blocks or 150 lbs. of supplement.

We also have in stock a good supply of 2 gallon Handi-pans and 20 gal. Handi-Tubs. Like other Poli-Tron products, these pans will not chip, rot, rust crack nor splinter. Use it in your garage for dirty oil, in your home for soaking your feet, planting pan, waste pan, dog pan, parts pan, or you will be able to find many more uses. Very competitively priced.

Last but not least, we have superior multi-purpose unbreakable 20 gallon Handi-Tubs that you can use as a portable water tank or as a supplement feeder. It holds two 50 pound blocks, or 150 pounds of supplement. This Handi-Pan can help you 100 ways. Very competitively priced.

Cowboys overtake Swifts, 18-14

By CHRIS ALBRACHT
Nazareth's Swifts and Happy's Cowboys added another exciting chapter to their long rivalry Friday night as the Cowboys came from behind to defeat the Swifts, 18-14, at Swift field.

The Cowboys, 4-3-1 and 2-1 in District 2A East play, scored two touchdowns in the third period to seal the victory.

At first, the Swifts seemed to have the upper hand. But the Happy defense stopped the Swifts' opening drive at the Cowboy 41.

The Cowboys then took the ball at their 32 and drove 68 yards in 13 plays, mixing their plays efficiently. Paul Camacho and Pee Wee Moore carried most of the load on this drive, as they combined for 35 yards on 10 carries. Donnie Venhaus contributed with two completions in three attempts, as the lefty hit Scott Ralshack for 19 yards and Mark Tackitt for a 14-yard touchdown pass. Although game films show that Tackitt actually dropped the pass, the officials ruled that he had held the ball in his possession long enough. A two-point

conversion run by Camacho failed, leaving Happy with a 6-0 lead with 3:20 left in the opening stanza.

After exchanges, the Swifts took the lead early in the second period as they drove 41 yards in just four plays. The backbreaker for the Cowboys was Calvin Schulte's 35-yard run for the score, through a big hole in the middle. Schulte added a two-point conversion, and the Swifts led 8-6 with 9:20 left. And that's how it stayed at halftime.

The halftime statistics showed the closeness of the ball game, Nazareth compiled eight first downs to Happy's seven, and 154 total yards to Happy's 104.

After a Happy fumble with 7:15 remaining in the third, Nazareth scored again, going 27 yards in five plays, with Calvin Schulte again getting the TD — this time from 13 yards out. Schulte's run for two extras just missed the end zone, leaving the score 14-6 with 5:33 left to play in the third.

But then the game turned to Happy's favor as the Cowboys added two quick touchdowns just as the period ended. Once again, Moore and Camacho began to turn on the juice as they combined for all but 11 yards on the six-play 75-yard drive. Camacho finally scored on an 11-yard run, and Venhaus' run for two failed, leaving the score 14-12, still in Nazareth's favor, with 2:48 left in the third period.

A Swift fumble at the Nazareth 13 set up the Cow-

boys' final tally. This time, Pee Wee Moore, the Cowboys' fastest back, scored the game's final TD on a five-yard run through the right side. Once again, Venhaus' try for two fell short, and Happy led, 18-14, as time ran out in the third period.

The Swifts had three scoring chances in the final period, but none of them

panned out, leaving Happy with its first victory over Nazareth since 1976.

In the individual statistics department, Calvin Schulte led a punchless Swift rushing game with 152 yards on 20 carries and scored two touchdowns. For Happy, Paul Camacho led the Cowboys with 115 yards on 18 carries and notched one touchdown.

Dimmitt 7A wins, 24-0, to remain undefeated

Dimmitt's undefeated 7A team chalked up its sixth straight victory last Thursday, blanking Littlefield 24-0 there.

"It was the best game we have played this year," Coach George Rasor commented. Dimmitt held Littlefield to minus yards rushing and didn't give up a first down. In fact, Littlefield didn't get to run any offensive plays in the first quarter and only seven plays in the second.

Dimmitt took the opening kickoff and marched 64 yards for the first TD, with Wood Glass scoring on a seven-yard run. Glass then passed to end Sky Garner for a two-point conversion, and Dimmitt led by 8-0.

The scoring drive was aided by a key pass from Glass to Jerry Martinez.

On the following kickoff, the wind caused the ball to drop short, and Eloy Catano covered the live ball for Dimmitt. Dimmitt then ran out the rest of the first quarter with its second scoring drive.

The second Dimmitt TD came in the second period on a one-yard run by Bobby Gill, capping a 46-yard drive. Gill had set up the TD with a 39-yard run. Mark Smothermon ran in for a two-point conversion, giving Dimmitt a 16-0 halftime lead.

Dimmitt's final scoring drive covered 31 yards, and climaxed in the fourth quarter. Glass scored the TD on a three-yard run, then ran in the two-point conversion. Top players for Dimmitt

were Woodsy Glass, Mark Smothermon, Bobby Gill, Sky Garner, Jerry Martinez, Noe Castro, Ben Benton and Cruz Arce.

Today the 7A team will host Muleshoe in a 5 o'clock game.

Dimmitt 8A loses, 38-0

"It was like two different games," Coach Jerry Durham said about the first and second halves of the Dimmitt 8A's game against Littlefield there last Thursday.

The score was 6-0 in Littlefield's favor at halftime, and Dimmitt's defense had just staged a successful goal-line stand at the 1-yard line.

But in the second half everything fell apart for Dimmitt, and Littlefield roared to a 38-0 victory.

Dimmitt suffered a blocked punt, five lost fumbles and two pass interceptions — all inside the Dimmitt 35-yard line — during the disastrous second half. Littlefield converted the Dimmitt miscues into 32 points, with two TD's in the third period and three in the fourth.

"In the fourth quarter they had us down, and kept on kicking," Durham commented.

Named Dimmitt's offensive players of the game were Steven Hightower and Doug Nelson. Defensive players of the game were Michael Love and Darrell Washington.

Nazareth to host No. 2-ranked team

By CHRIS ALBRACHT
The Nazareth Swifts, on a three-game losing skid, don't expect the winning to get any easier Friday night as they host the Valley Patriots, the No. 2-ranked Class A team in Texas.

The Patriots, now 8-0 and 3-0 in District 2A East, are led by two of the best runners in the district, James "Big Mac" McNary, and Ray "Orange Juice" Williams. They also possess an outstanding quarterback in 6-6 Richie Fuston and quality receivers in Michael and Dee Dowd.

"They've got a good football team, and the best two backs in the district, without a doubt, in McNary and Williams," says Nazareth Coach Bruce Bagnall.

"Their middle linebacker, Brum Pinderton, is one of the best in the district. He did a lot of damage to us last year with two interceptions and a fumble recovery," Bagnall commented.

In defending their district championship, the Patriots have had absolutely no problem in conference play thus far, scoring 139 points and giving up only 20. That's an average score of 46.3 to 6.6 per game.

They've done this in destroying Happy 54-20, Laz-

buddie 47-0, and Silverton 38-0.

To win, the Swifts will have to play an outstanding game and stop not just the six Patriot superstars, but also the rest of the talented Valley squad.

Last year, Nazareth lost a 19-0 decision to the Patriots in the Swifts' Homecoming game. Two years ago, the Swifts played hard but fell short by a 7-0 count. And in 1977, the Swifts defeated Valley 14-6 in their last victory over the Patriots.

The showdown for the district title will come on Nov. 7, when the Patriots and Motley County play for the crown. If the Patriots look a week ahead, the Swifts might catch them off guard in an attempt to salvage a .500 season for the fourth year in a row.

GAME AT A GLANCE

Nazareth	Happy
11 First Downs	15
130 Rushing Yardage	200
33 Passing Yardage	44
163 Total Offense	244
6/15 Passes Comp/Att	3/12
1 Interceptions By	2
3-38.7 Punts, Average	4-33.4
3 Fumbles Lost	3
0-0 Penalties-Yards	6-67

Scoring:

Nazareth 0 8 6 0	— 14
Happy 6 0 12 0	— 18
H — Mark Tackitt, 14 pass	from Donnie Venhaus (run failed)
N — Calvin Schulte, 35 run	(Schulte run)
N — Schulte, 13 run	(run failed)
H — Paul Camacho, 11 run	(run failed)
H — Pee Wee Moore, 5 run	(run failed)

Individual Statistics:

NAZARETH — Rushing, Calvin Schulte 20-152 and 2 TDs, Virgil Huseman 6-22, Rodney Schulte 6-7, Hugh Wilhelm 2-11.
HAPPY — Rushing, Pee Wee Moore 23-87, and 1 TD, Donnie Venhaus 4-17, Paul Camacho 18-115.

THE TERM "curry" is often used to denote a process or method of cooking, though actually "curry" is synonymous with the word "massala," an Indian word that means a combination of herbs and/or spices freshly ground together, says Rose Tindall Postel of the Texas Agricultural Extension Service.

PUBLIC NOTICE

In 1921 the Texas Supreme Court held that to require party loyalty would be a violation of our constitutional right to a secret ballot. "Grave doubt might arise as to interference with the privilege of free suffrage guaranteed by our constitution..." *Westerman vs. Mims*. You are legally entitled to vote for anyone on the ballot in any race regardless of whether you voted in the Democratic Primary, the Republican Primary, or did not vote in either primary.

VOTE REPUBLICAN . . . for a change.
Political advertisement paid for by Castro County Republicans, Mary Flynt, Chairman

Vote for Greater Banking Convenience

Passage of Proposition 1 on the November 4th ballot will open the door to even greater banking convenience. This simple change in the law will allow Texas banks to place unmanned teller machines at convenient locations for faster service, night or day. These teller machines are becoming a convenient option for handling routine banking business.

"Round-the-clock banking at unmanned tellers is convenient, safe and a positive step toward avoiding unnecessary credit card use. . . moreover, it is an energy saver — instead of traveling across town to a bank, an unmanned teller can be built in your neighborhood."

— San Angelo Standard-Times

Proposition 1 "will make life easier for bank customers. . . (it) will eliminate many, if not all, of the tortuous lines seen clogging drive-in bank lanes."

— Houston Chronicle

Proposition 1 "has gained widespread support as the amendment faces voters Nov. 4."

— Orange Leader

"Off-premises unmanned teller machines should be approved by Texas voters."

— San Antonio Light

People in forty other states already have this convenient banking choice. It's time Texans did, too.

Vote for Proposition 1 November 4th.

Political advertising paid for by Convenience Banking Committee, Box 1431, Austin, D. J. Berkham, Treasurer.

To the Voters of Dimmitt:

As a candidate for the unexpired term on the Dimmitt Board of Aldermen, I feel you have a right to know who I am and how I stand.

I am a native Texan, born in Dickens County 46 years ago. My husband, Clyde, and I moved to Dimmitt in October 1955.

I am a business owner, and an abstractor by profession. I joined Jack Cowser in the Mark Cowser Abstract Office when Clyde and I first moved here in 1955, and in October 1972 we purchased the business and changed its name to Cowser Abstract & Title Co.

We have two children, both of whom graduated from Dimmitt High School. Johnny married Janie Sheffy, and they now have a daughter, Jennifer. Rita married Mike Stidham, and they also have a daughter, Jamie. Both our children's families live in Amarillo, where they are in business.

We are members of the First Baptist Church.

I helped organize the Castro County Museum Association in 1976, and have remained as secretary-treasurer since the organization began. I have served on the Castro County Historical Commission, which is producing the Castro County History Book and is working to establish several state historical markers in our county. I am now serving a second term on the advisory committee for the Vocational Office Education program at Dimmitt High School. I am a member and past president of the Deaf Smith-Castro Counties Legal Secretaries Association.

I feel that I am capable and qualified to help make our city government's decisions. I am for mature, honest and fair dealings for everyone. I am for progress, and prefer a conservative approach to our spending and budgeting.

I would appreciate your vote and support for City Alderman in the Nov. 4 special election.

Here are pros and cons of proposed amendments

Texas voters will be called upon Tuesday to accept or reject nine proposed amendments to the state constitution.

To cast a more knowledgeable vote on each amendment, one must look beyond the wording to the "cause and effect" factors. There are valid arguments for and against each proposed amendment.

The most concise and objective analysis of the proposed amendments that the News has seen is this one by State Representative Bill Clayton. As Speaker of the Texas House of Representatives, he can be considered an authority on the most important merits and drawbacks of each of the proposed amendments.

Here is Speaker Clayton's report on the proposed constitutional amendments:

1 UNMANNED BANK TELLER MACHINES

The amendment would permit the legislature to authorize banks to use unmanned teller machines within the county or city in which they are located on a shared basis to serve public convenience.

FOR:
1. Unmanned teller machines allow customers to transact business at convenient locations and at any time.
2. Because each bank has the right to share in the use of the machines, a bank will be able to serve a larger area than it currently serves. Competition among banks will increase.
3. The use of unmanned teller machines allows banks to better compete with savings & loan associations, which currently may have more than one business location while banks are restricted to a single location.

AGAINST:
1. The cost of installing a network of unmanned teller machines would be passed on to the consumer.
2. The amendment circumvents the long standing prohibition on branch banking in Texas.
3. The use of unmanned teller machines will let large banks serve the entire community and force smaller banks out of operation.

2 STATE'S RIGHT OF APPEAL

A constitutional amendment to grant the state the right of appeal in criminal cases from certain rulings of the trial court.

FOR:
1. Granting the state this limited right of appeal provides the only effective way of testing the constitutionality of certain statutes and the legality of certain pretrial practices.
2. The amendment will provide a criminal defendant with a method of ending criminal action at an early stage if the appeal is worthy.
3. Granting the state a right of appeal will eliminate to some extent the tendency of some judges, when in doubt, to rule in favor of the defense to avoid appellate review of their rulings.

AGAINST:
1. The duration of a criminal trial will be substantially lengthened when the state takes an appeal.
2. The caseload for the court of criminal appeals will be significantly increased.

3 EQUALIZATION BOARD FOR AD VALOREM TAX

Proposing a constitutional amendment to require a single appraisal and a single board of equalization within each county for ad valorem tax purposes.

FOR:
1. Single appraisal districts and boards of equalization are needed to fulfill legislative intent in the passage of the Property Tax Code.
2. The creation of single appraisal districts eliminates duplication of property tax administration.
3. Such districts would prevent conflicts in appraisals, thus promoting uniformity and equality.

AGAINST:
1. Preventing county commissioners from direct involvement in property tax administration will vest too much tax authority within one non-elected board.
2. Property taxes will probably increase at the county level.

4 LOCAL CHARITABLE BINGO GAMES

Proposing a constitutional amendment to authorize bingo games for charitable purposes on a local option election basis.

FOR:
1. The charitable purposes for which churches, synagogues, religious societies, and many other organizations engage in bingo are of great benefit to society.
2. The proposed amendment would allow each community to decide whether to permit bingo games.
3. Bingo games provide an opportunity for entertainment, social gatherings and relaxation.

AGAINST:
1. Fraud in bingo games would not be easy to prevent by local law enforcement.
2. Organized crime could become involved in bingo games since profit margins would be as great as in criminal activities.

5 BUDGET EXECUTION

A constitutional amendment authorizing the legislature to

grant budget execution powers to the governor, subject to approval by a budget execution committee.

FOR:
1. Since the Legislature meets every two years in regular session, there is a need for more budget execution authority vested in an elective office.
2. With the approval of a budget execution committee, the chief executive could closely monitor agency expenditures and insure accountability of tax dollars.

AGAINST:
1. Additional controls on spending are not needed in Texas as the citizens' tax burden is among the lowest in the country.
2. Such authority would allow a free-spending governor the ability to increase expenditures, just as a frugal one could decrease them.
3. Agencies are managed by appointed or elected boards that are accountable to the people now; there is no need to change a system that is considered one of the best in the country.

6 REMOVAL OF CERTAIN APPOINTED OFFICIALS

Proposing a constitutional amendment to authorize the governor to remove appointed officials with the advice and consent of the senate; and allowing the governor to call a special session of the senate for this.

FOR:
1. Allowing the governor to remove appointed officers of the State gives the governor the ability to insure the promotion of his/her policies.
2. This ability would make board members and other appointees more accountable to the needs of an elected official.

AGAINST:
1. Appointees should have the ability to make independent judgments concerning the operations of their agencies, boards, and offices.
2. Such an added governing power would be a move away from control by the Legislature, which represents citizens at a district level.
3. The governor has no need for day-to-day control over appointed officers of the State.

7 COUNTY ROAD WORK ON PRIVATE ROADS

Proposing a constitutional amendment relating to the authority of a county to perform private road work.

FOR:
1. It is unfeasible to hire a private firm to perform private road work in many remote areas of Texas when the county can do the same at a reasonable charge.
2. Small counties must maintain expensive road construction and maintenance equipment even though not required on a full-time basis. Part of their investment could be regained with the revenue received from private road work.

AGAINST:
1. Provisions of the Texas Constitution prohibits the use of public funds for private purposes and public funds could be squandered by this amendment.
2. Counties would be in direct competition with private construction.

8 JURISDICTION AND AUTHORITY OF THE COURT OF CIVIL APPEALS

A constitutional amendment to change the names of the courts of civil appeals and the names and qualifications of the justices of the supreme court and to prescribe the jurisdiction and authority of the appellate court.

FOR:
1. It is unrealistic to expect only one criminal appellate court in Texas to administer criminal justice that is needed speedily and is a deterrent to crime.
2. The heavy workload of appeals in criminal cases that is presently handled by one court of criminal appeals would be shared by the 14 regional courts of appeal.
3. Appellate courts with jurisdiction in civil and criminal matters may attract and develop better judges that have benefitted from experience with a variety of legal problems.
4. This amendment would clarify such question as qualifications of a justice of the supreme court.

AGAINST:
1. Our present system is the most efficient system to achieve criminal justice.
2. The addition of a large number of criminal cases to the civil caseload of the civil appeals courts will create another caseload problem.

9 CONVERSION OF MARITAL COMMUNITY PROPERTY INTO SEPARATE PROPERTY

Proposing a constitutional amendment relating to the conversion of marital community property into separate property.

FOR:
1. A system for marital property should provide general rules for determining rights and allow for persons to make alternative property arrangements in their best interest.
2. Benefits derived from property should be owned by the spouse who owns the property.
3. The amendment would reduce the complexity of the process of converting community property to separate property.

AGAINST:
1. The present community property system has served the best interest of the citizens of Texas.
2. The community property system, as permitted by the amendment, could foster the creation of an entirely different way of settling property matters.

Longhorns topple Farwell, 28-7, to stay in thick of 3-AA fight

Hart and Farwell met Friday night to see which one would be eliminated after only two district games. When the smoke had cleared, the Longhorns found themselves still in the thick of District 3-AA again.

The 'Horns fought and scratched their way past a talented Farwell team by a 28-7 count. Farwell received the opening kickoff and ground out three quick first downs. The Longhorn defense tightened up and forced the Steers to punt. The 'Horns did manage two first downs in the opening period, but neither team really threatened in the first quarter.

Early in the second quarter Farwell mounted a good drive. The 'Horns again got tough and the Steers faced fourth and four on the Longhorns' 29-yard line. Farwell ran a draw play and HB Jack Deaton broke a tackle at the line and raced in for the game's first score. The PAT kick was good. Farwell led

7-0 with 8:12 remaining in the half. Hart came right back and mounted an impressive 10-play, 75-yard drive. The big play was a 24-yard pass from D. Rich to C. Black down to the Steers' 7-yard line. I. Ponce banged over from the 1 for the 'Horns' first tally. D. Rich ran for the two points to put Hart in the lead, 8-7, with only 3:25 left till intermission. Farwell could not come up with the big play before half so the 'Horns' 8-7 lead held.

The Longhorns received the kickoff to begin the second half. After good kick coverage from the Steers, the 'Horns put the ball in play at their own 8-yard line. With good line blocking and perfect play execution, the 'Horns marched down the field closing in on the Steers' goal-line.

From the 23-yard line of Farwell, D. Rich found a crease over the left side and outraced the secondary to the end zone to hike the 'Horns' lead to 14-7. The score capped an 8-play, 92-yard drive. D. Rich again ran for the two points to give Hart a 16-7 advantage with 7:43 left in the third quarter.

On the Steers' next possession, the Longhorn defense stiffened to force a Farwell punt. It was partially blocked by DE Benny McLain, with Jesse Gonzales recovering the block to put the Horns in business again at the Steers' 24-yard line. Five plays later Leonard Washington skirted around right end on a pitchout to put the Longhorns on top 22-7.

With the 'Horns now in control, their defense kept the Steers in check throughout the remainder of the game. Hart tallied another score late in the contest after holding the Steers on a fourth-down situation. Daniel Guzman broke a couple of plays later and ran to the Steers' 1-yard line. Kevin Belt blasted in for the final score of the evening to bring the final count to 28-7 in favor of Hart.

Hart now stands at 3-3-1 on the season and 1-1 in district play. Farwell falls to 4-3 and 0-2 in district.

The Longhorns will face a much improved and explosive Bovina team Friday evening in Hart. Game time will be 7:30 p.m.

GAME AT A GLANCE

Hart	Farwell
15	13
278	216
4/2/0	12/3/0
3/35.7	4/23.0
1/0	6/35

Score by quarters:

Hart	0	8	14	6	—	28
Farwell	0	7	0	0	—	7

THE world's highest tides are found in the Bay of Fundy, which separates Nova Scotia from New Brunswick. Several times annually the tides rush in and out at a rate of ten feet an hour, the difference between the highest and lowest tides measuring up to sixty feet on occasion.

Experience is the issue.

The 80's. As we enter a new decade, we face serious and growing challenges in the economy, energy, agriculture, education. To solve these problems—to make the important decisions which will affect all our lives for years to come—will take more than just good intentions. It'll take experience and leadership.

The kind of experience and leadership we have in Bob Price. Bob Price. Farmer, rancher, businessman. Experienced as our former congressman for eight years. Effective as our state senator for the last three years. A leader in Austin.

Energy

Bob Price knows we must fully and rapidly develop alternate sources of energy to help control inflation and expand the area's economy. As a member of the Senate Natural Resources Committee, he passed bills to encourage production and sale of gasohol utilizing Texas grain crops (S.B. 988) and to promote solar and wind-powered energy production (S.B. 204).

The Economy

As our congressman for eight years, Bob Price worked for policies to promote more jobs and better wages for our area's working men and women. As our State Senator, Bob continues to reach these goals through legislation which encourages new industry; through tax and budget reform and through elimination of governmental interference and over-regulation of business.

Education

Bob Price is committed to quality public education and fair wages for teachers, and feels these goals can be accomplished without increasing taxes. Bob knows that we must properly train the future leaders of Texas in the schools of today.

Agriculture

As a working farmer and rancher, Bob Price knows the problems facing this vital industry and those who provide services and products to the agricultural community. In the last session, Bob's version of S.B. 1321—a landmark piece of legislation—provided authority for the Ogallala Water Import Authority which will allow planning for desperately needed water for the area. Bob also passed the Family Farm Security Act which was overwhelmingly approved by voters in November, 1979.

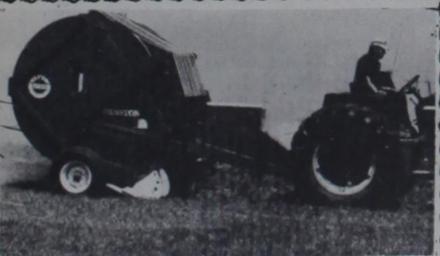

We face one of the most important peacetime elections in years. On November 4th, remember:

Experience is the issue.

Bob Price is the answer.

Political ad paid for by the Bob Price for State Senate Committee, Mike Brugel, Treasurer, P. O. Box 1338, Pampa, Texas 79065.

By BRICK ATRY
Librarian

There are a variety of things which will be passed along today. For instance, the astrologers are counting on President Carter to win the election. They concede, however, that they were also counting on him to run against John Connally.

One of our best new books is a current look at Alaska. Before you run off to the land of the midnight sun, you might like to read this. Joe McGuinness, who also wrote "The Selling of a President, 1968," spent a year traveling around the state doing everything which a traveler might do in Alaska. His experiences include the glorious and the seamy. "Going to Extremes" is the name of the book.

For those of you wondering why the best-seller table has been so bare lately, may the librarian beg your pardon. He hasn't been out of town for many days.

A new series in the library which will interest science fiction readers is the River-world series. The author, Philip Jose Farmer, started writing science fiction for magazines years ago. He invented a world with a great long river between unscalable mountain ranges. This world is inhabited by every person who had ever lived on earth. Gradually the story became a novel, then two, and then finally a series of five books.

Marie has been so busy at her typewriter lately. Our season for ordering books has arrived. We have new children's books, some new novels coming, and best of all, NEW records. For those of you wondering how we got such mediocre, out-of-date records in our collection, shall I just say we were lucky. Maybe we will be even luckier and lose them all when the new records arrive.

The library staff would like to thank each and every one of you who have given books and paperbacks to the collection.

**agri-
facts**

After a year when so many corn growers suffered record hot and dry weather, there's a lot of attention being paid to the potential for certain hybrids to be drought tolerant. An easy way to check for drought tolerance this year was to grab a stalk and pull up. If the plant resisted and was hard to pull up, it indicated a well-developed root system which could go after whatever moisture was available. In the next couple of years, look for a new special drought tolerant corn with a genetic trait called latente. This trait will allow the corn plant to turn off the reproductive system during heat or drought stress. After the stress lets up, the plant resumes its normal cycle.

**CAMPAIGN PROMISES EASILY MADE... BUT
Day Of Reckoning Is Sure!**

(Below are excerpts from an H. M. Baggerly column which appeared recently in the Tulla Herald)

CANNOT REMEMBER when a candidate for President was as adept as Ronald Reagan in promising every audience exactly what it wants! It no doubt is lots of fun and is very satisfying to receive the plaudits of each group as it hears exactly what it wants to hear most!

But the day of reckoning comes AFTER election when the time comes to deliver on the pre-election promises!

JIMMY CARTER has had a little taste of this frustration when he is reminded of promises exacted of him when 1976 campaign audiences backed him into a corner and made him say things that he later discovered couldn't be delivered. However, he was a piker compared to Reagan in 1980.

For instance, Reagan told a group of Iowa farmers week before last that when elected he would return prosperity to agriculture!

Consider that promise for a moment. To what extent can ANY president bring prosperity to agriculture?

WHAT CONTROL has the President over the weather?

To what extent can the President control cost of production on the farm?

To what extent can the President control world demand for farm products?

Even with a rubber stamp Congress, to what extent can a President guarantee a legislated farm program that would solve the problems of every segment of agriculture while not working an undue hardship on other parts of the economy?

A Democratic Congress has been slow to be a rubber stamp for a Democratic President. Would a Republican President fare better with a Democratic Congress?

REAGAN'S PROMISE to the Iowa farmers makes about as much sense as his promise to support PARITY for the farmer. . . "parity in the market place, that is, with no interference from government."

Then Mr. Reagan travels to New Mexico where he promises the Indians to solve all their grievances against Uncle Sam once he is elected! Does the poor man realize what he is saying? Does he know what it will take to satisfy the Indians who want compensation for all the land taken from their forefathers by the white man?

THEN REAGAN told another group recently that he believed the government should fund parochial schools the same as it funds public schools!

If he is unaware of this age-old battle of course it is sweet music to these groups angry at the public school system who would like to send their children to private schools. But does he know what it would do to school systems if the public had to support duplicate school systems? No candidate in the past would have dared to touch this hot potato with a ten foot pole, much less promise such support!

IOWA FARMERS were also promised by Reagan that if elected he would abolish the estate tax in which property passed on to heirs is hit by the inheritance tax.

This is a BEAUTIFUL thought, one many of us have fought for for years. It is a worthy goal. But it never has. . . and likely never will. . . get to first base.

The reason? Our nation is composed not of one large homogeneous body but of hundreds of thousands of special interest groups as diverse as they are numerous.

None of these groups likes to be taxed! All would shift taxation away from its own backyard and place it on the back of the other fellow.

The rich owner of real estate thinks the fairest tax is the sales tax which goes light on himself but heavy on the masses of non-property owners who spend 100 per cent of their income even before it is made.

Meanwhile, the non-property owner would like to see a high ad valorem tax!

THOUSANDS OF illustrations of self interest could be given. . . including the case of the large land owner who wants to leave five sections of land to each of his ten children. . . and the ailing retired laborer who doesn't even own the roof over his head. We know how these people would feel about the desirability of the inheritance tax!

The point is, it all depends on one's particular category. And chances are. . . if we left it up to majority vote, more people probably would favor the inheritance tax than would oppose! Those penalized are

fewer in number than those not affected.

Mr. Reagan will find this out about these days after his election. . . should that unhappy day arrive.

FACTS ARE. . . if every tax which steps on the toes of some special interest group was abolished, all tax revenue would cease! We'd wind up with every present tax repealed!!! And that's just about what Reagan is promising!

Note the suggestions concerning income tax relief. . . Some say it should go to big business so business would have funds to modernize, to find new oil deposits, to employ more people. Others say tax relief should instead go to poor people who can't afford to pay their monthly utility bills. . . Still others say there should be no tax relief whatsoever—the money should instead be used to pay off the public debt.

Self interest! Self interest!! Self interest!!!

QUESTION IS. . . what is Mr. Reagan going to do when the Iowa farmers come around to collect that promised farm prosperity? When the parochial schools come for their public funding? When the farm owners come asking for a refund on that inheritance tax? When the Indians pound on the Oval Office with tommyhawks in hand wanting their billions of "stolen" dollars? When Marvin Meek squeezes in to ask for 100 per cent of parity?

Then waiting in line is the delegation of automobile workers from Detroit, still unemployed, wanting to know what day they are to report for work. . . and the military is there in line, wanting promised pay increases.

From his front porch down in Plains, Ga., we can envision an unusually broad smile on the face of a man down on his knees thanking God for all good blessings—especially political defeats!

REAGAN WENT all the way to Puerto Rico to stir up hatred for Carter.

Carter had had a number of the Cuban refugees transferred from Florida to Puerto Rico, easing some of the pressure on Florida. Reagan took advantage of the situation to inflame the Puerto Ricans.

He may have made his point in Puerto Rico. . . but what's he going to say to the Floridians when word drifts back that he said the Cubans should have been kept in Florida?

FOR SOME strange reason, the military brass seems to have always been Republican. We didn't know of many generals or admirals during WW II who weren't Republicans. Our own boss, Admiral Nimitz, was a Republican—but a decent one.

Most did a fairly good job staying out of partisan politics while on active duty; however, as soon as they retire, or get fired, they usually seek to undermine Democratic administrations.

Have you noticed how in an election year we are hearing of so many Defense Department "leaks" about the "inadequacy" of our armed forces?

We all know these "leaks" come from generals and admirals who would prefer a Republican President and a Congress that is willing to give the military a signed blank check!

These "security gaps" frighten the public—and the generals and admirals know it.

GENERAL MACARTHUR was a thorn in the side of Harry Truman. . . and former Maj. Gen. John K. Singlaub is a thorn in the side of Jimmy Carter. Singlaub was relieved for speaking out of turn in South Korea, completely ignoring military discipline and the chain of command.

Singlaub has waited until two months before the election to charge that "the U. S. government has abandoned American POW's and MIA's still unaccounted for in the Far East—2,490 from the Vietnam war and 389 from the Korean War some 30 years ago."

IF SINGLAUB knows something the government should know, WHY didn't he do the country a service by sharing his knowledge earlier? Surely he could have gotten the ear of President Eisenhower, President Nixon or President Ford even if Presidents Kennedy, Johnson and Carter refused to listen!

Of course the only one to be blamed at this point in time is President Carter!

Political advertisement paid for by the Castro County Democratic Executive Committee, Oscar Wylie, chairman.

**In the Texas Tradition
VOTE DEMOCRATIC**

**Re-elect
President Jimmy Carter
and
Vice President Mondale
For another Four year Term**

They have paid their dues and have the experience to lead the nation through the troubles and problems of the next four years. Times have historically been better under Democratic administrations than under Republicans.

Corn, Milo, Wheat and Cotton prices are higher now than ever before in history. Government agricultural programs have aided farmers to weather the embalance in cost and price, and now there is light at the end of the tunnel and full recovery can be expected by the reelection of a Democratic Administration.

Whatever loss agriculture had in the embargo of grain to Russia, it was imperative that Russia get the message that the United States would never condone the military invasion of another country.

Short of military action the embargo of grain and of the Olympics was the only way that the administration had of making the point.

Subsequent opening of other trade areas has more than offset the loss to the Russian market.

Despite Statements and Accusations to the Contrary,

The Carter Administration has:

- ★ Kept the country out of a shooting war
- ★ Has in place a working Energy Program
- ★ Made it possible to discharge Civil Service Employees in cases of incompetence
- ★ Single handedly brought about a peace treaty between Egypt and Israel
- ★ Maintained an adequate Defense System
- ★ Is making an effort to trim the fat out of government programs
- ★ Despite accusations by his detractors has run an open administration

He deserves a second term to make the programs he has put in motion work.

A vote for the Carter-Mondale ticket is the best hope for solving the problems that will face the nation in the 1980's.

Political advertisement paid for by the Castro County Democratic Executive Committee, Oscar Wylie, chairman.

**Hearing Loss Is Not
A Sign Of Old Age**

Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike. . . and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 62117, Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

SOMETHING SPECIAL!

WEDDING PICTURE OF MORGAN AND GENEVA DENNIS
... They'll observe their 50th anniversary Nov. 9

Anniversary reception scheduled for Dennises

On Nov. 11, 1930, Morgan Dennis and Geneva Morrison, both of Memphis, were married in Amarillo.

On Sunday, Nov. 9, Mr. and Mrs. Dennis will celebrate their 50th wedding anniversary with a reception in the Fellowship Hall of the First Baptist Church. The reception will be held from 2 to 4 p.m.

Hosting the reception will be the Dennises' children and grandchildren, Dr. and Mrs. Douglas Dennis, Brent and Eric of Goldthwaite; Deci-

mae Dennis of Midland; and Mr. and Mrs. Edgar Dennis, Debbie, and Connie of Dimmitt.

Mr. and Mrs. Dennis moved to Castro County, northwest of Dimmitt, from Memphis in February 1931. Since that time, they have been active in their farming and community interests in the county.

All friends and relatives of the couple are invited. The family requests no gifts.

Holiday Festival set Sunday at Nazareth

There will be a Holiday Festival Sunday, sponsored by the Nazareth Art Club. It will be held in the school cafeteria from 11 a.m. to 5 p.m.

The festival will feature baked goods, crafts of all types and paintings by local artists.

There will be no admission charge.

[Compiled from the Community Birthday Calendars sponsored by the Castro County Extension Homemakers Council and the Nazareth Swift Band.]

Leigh Ann Beam

Society taps Leigh Beam

Leigh Ann Beam, daughter of Mr. and Mrs. Tommy Beam of Amarillo, has been selected as a member of the Society of Distinguished American High School Students.

The society, one of the nation's foremost high school honoraries, taps students because of their demonstrated excellence in scholastic leadership and civic achievement. Only two percent of all the students in the US are accepted. Miss Beam was nominated by her sponsor at First Baptist Church in Amarillo, where she plays the flute in the church orchestra and is in the chapel choir. She will represent Tascosa High School, where she is a senior and member of the National Honor Society.

She is the granddaughter of Mr. and Mrs. Floyd Dickey and the great granddaughter of Mrs. Essie Helvey, all of Dimmitt.

On the go
BERAL HANCE spent the weekend in Panhandle with her daughter Beth and Jack Hodges.

Celtic new year

By TERESA CRISWELL
County Extension Agent
Are you celebrating the Celtic New Year? That's Halloween, the Celtic festival that signaled the end of summer.

Many years ago in eastern Europe, apples were used to tell your fortune. Here's the way it works:

If you eat an apple before a mirror on Halloween, the mirror will reflect the face of your future mate. If you toss an unbroken apple peel over your shoulder, the peel will curl into the shape of the initial of your true love.

When you cut open an apple, count the seeds. Two mean an early marriage; three a legacy; four, wealth; five, a trip; six, fame; and seven, your heart's desire.

Anyway, apples are a good treat for Halloween or any other time. Apples have only about 70 calories, iron, Vitamin A, Thiamin, Riboflavin and Niacin.

TRICK OR TREAT SAFETY

Think about those costumes you will use for this Halloween season. Check this list for help.

—Consider using make-up to decorate the face rather than wearing a mask, which may block vision.

—Sew or glue reflective tape to both front and back of the costume, be creative and incorporate the tape into the costume design.

—Check labels or packaging on purchased costumes for flame retardant finishes.

—For home sewn costumes, select fabrics that have a flame retardant finish. Or apply one at home — aerosol or homemade. But remember that the commercial aerosol may not be effective on all fabrics, so check the aerosol label.

A recipe for making flame retardant finish is (caution, this will only work for costumes made of muslin, burlap, old sheets, items made of cottons, cotton blends or other natural fibers. It is not good on synthetics or resin-treated cottons). Dissolve 3 ounces of boric acid in 2 quarts of hot water and stir in 7 ounces of borax (boric acid and borax are available at drugstores). Soak the costume in this solution for about 5 minutes, then wring out and hang. When just damp, iron until dry.

This solution will not appreciably change the fabric, although any fabric that will shrink or discolor in water will be affected by the solution. This treatment will not fire-proof a costume, but will help it to resist ignition and spreading the fire. It will be effective until the costume is laundered.

Now you can enjoy a fast, healthy, glowing TAN!

Imagine yourself with bronzed and beautiful skin,

year-round. Now, you can have a glowing tan without

the mess and bother that tanning usually requires.

The Shoe Tree announces the opening of its new

Tanning Salon. It's for anyone who wants to be tanned

and look healthy and affluent. Just think--

NO messy oils

NO wind

NO sand in the hair

NO hours of lying in the hot sun

NO perspiration

(and best of all)

NO severe sunburn

NO ugly peeling

Our Tanning Salon is the modern, effortless way to achieve a glowing tan, day or night, and maintain

it year round. The Sun Tan Booth meets all medical standards. Come in and talk with us about a tanning program. It's a fun way to have a beautiful, healthy tan. Oh, yes--

after 6 appointments are available.

Introductory offer: Two for the price of one!

THEY WENT THATAWAY—Eighth grade science teacher Karen Black shows the "situation map" at Dimmitt Middle School that's being used to chart the course of helium-filled balloons which her students and Byron Roberts' fourth graders released Oct. 20. Thumb-tacks show the pickup points that

have been reported so far via return post-cards, and trace the east-northeast direction the balloons traveled from here. Mrs. Black holds the card that came from the farthest "touchdown site" reported so far, Springfield, Mo., using it to point to Springfield on the map.

Pupils watch mail daily for balloon-card returns

"Why not travel by helium?" That's what the fourth and eighth grade students of Dimmitt Middle School have been asking this week, after getting reports on some of their well-traveled balloons.

They have received a card from a 4-year-old girl in Springfield, Mo., saying that she had found one of their balloons on Oct. 14, just one day after it had been launched.

Response to the recent balloon launch has been surprisingly good, according to Middle School science teacher Karen Black. Thirty-one of the original 1,000 balloons have been reported from 19 different locations.

Balloons have been found in areas around Amarillo, Canyon, Clarendon, Claude, Happy, Panhandle, McLean

and Shamrock, and as far away as Hennessey, Okla. Sweetwater, Okla., Custer City, Okla., and Springfield, Mo.

Among the finders of the balloons were a professor, a coach, farmers, ranchers, housewives, and a science enthusiast from the Class of '36 in Hennessey, Okla. Some finders were relatives of the students who launched the balloons.

Mrs. Black commented that they have been "very pleased" with the amount of information that has been filled in and returned on the cards.

The cards attached to the balloons asked for the finder's name and occupation, the location and date of the find, and specific weather conditions such as temperature, wind direction and

velocity, and barometric pressure. They also asked for general weather conditions at the time of the balloon's recovery.

Mrs. Black and her fellow teacher-sponsor, Byron Roberts, plan to use the information gathered from the cards in their classes. Roberts, who teaches social studies and geography, will have his classes study the locations of the finds and the occupations of the finders.

Mrs. Black said her students will be using the weather information to study meteorology.

The publicity for the project has been largely the responsibility of the students themselves. They wrote letters to the editors of area newspapers and contacted Lubbock and Amarillo television stations. The News and KDHN Radio publicized the project before the launch.

Mrs. Black said the classes receive more cards nearly every day. Students and faculty both are anxious to learn the final results of the project.

State's child-abuse statistics chilling

Child abuse takes three forms, according to "Kids Should Be Seen and Not Hurt," a pamphlet published by the Department of Human Resources. Child abuse can be physical, sexual and emotional.

In 1978, the DHR received 12,276 valid reports of child abuse or neglect in Texas. At least 1,231 children were found to have been sexually abused. Of 98 child deaths reported to the DHR in 1978, at least 74 were found to be the direct result of abuse or neglect.

The children involved in these incidents ranged in age from infancy to adolescence, with 43% being 6 years old or younger.

Child abusers can be found at every social and economic level and in all ethnic and religious groups. Their victims are most often their own children, or those of a close friend or relative.

Some abusers were abused by their own parents. Any form of child abuse is

against the law in Texas, as well as failure to report suspected cases of child abuse.

A person who reports suspected child abuse or

neglect in good faith to the Texas Department of Human Resources or a law enforcement agency is protected by the law.

Suspected cases of child

abuse or neglect should be reported by contacting the local Department of Human Resources or by calling the toll-free Child Abuse Hotline at 1-800-252-5400.

Zimmatic Low Pressure waters down overhead

Cutting overhead is one of the keys to profitable irrigation. With a Zimmatic Low Pressure System over your crop you can unlock the door to big savings. Start by cutting horsepower requirements by as much as one-third and keep saving because your system will likely be more efficient and use less water.

And choosing Zimmatic Low Pressure gives you more than an economical center pivot. You get the company that pioneered low pressure in center pivot irrigation. Lindsay developed Zimmatic Low Pressure to cut horsepower without cutting performance. Your pivot is still 100% Zimmatic with all the dependable features and top-quality material that Lindsay is known for.

If you're considering center pivot irrigation, consider Zimmatic Low Pressure... the pioneer. Come in soon and find out how to water down your overhead while you pump up your profits.
