NATIONAL DAY OF PRAYER was observed on May 1, with Winters residents gathering at the flagpole at City Hall. Added to this year's service was the reading of names of local military personnel. The 2003 national theme was "Somebody's praying me through." The local gathering was sponsored by the Winters Ministerial Alliance.

Severe weather causes local damage

by Jean Boles, editor

Last week's thunderstorms brought much needed rains but also fierce lightning, small hail and high winds.

Some residents south of town received as much as four inches of rain Tuesday evening. Most rain reports within the city were of around two inches within approximately two hours. Some minor flooding occurred in the 400 block of South Main and Winters police officers, along with the city's street department, erected bar-

ricades to detour traffic.

Along with the April 29 storm, high winds up to 65 mph were reported in the area. A Winters police officer reported a funnel cloud near the Wingate area around 7:30 p.m. Residents north of town said they believe they experienced swirling winds which caused a large family trampoline to land atop a house.

A tin roof was detached and rolled up on a storage shed at the Winters Country Club south

of the city. The fishing pier with the crappie house at Elm Creek Reservoir was broken and had to be repaired.

Local insurance agents said they received some calls for investigation of lightning damage but no significant hail damage was reported.

City Manager Aref Hassan says the Elm Creek Reservoir is "in good shape right now," but is two feet below the spillway which funnels water from the old Winters lake.

All three Runnels FFA chapters advance to State Livestock Judging Contest

by Deb Pritchard, assistant editor

Runnels County has made a name for itself once again in agricultural circles—this time, as a result of its youth. All three FFA chapters within the county placed among the top ten during Area IV Livestock Judging competition at Tarleton State University in Stephenville last month. As a result, Ballinger, Miles, and Winters High Schools were represented at the State FFA Livestock Judging Contest last weekend at Texas A&M University. While this feat hasn't been proven unique, local Ag teachers and students are proud of the achievement.

Miles finished fifth high team at area while Winters placed sixth, and Ballinger, seventh. Jacob Kalina of Miles was first high individual while Jessica Pritchard of Winters placed tenth high, and Logan Newsom of Ballinger finished 16th high individual.

ALL THREE HIGH SCHOOL FFA chapters in Runnels County advanced to the 2003 State FFA Livestock Judging Contest held at Texas A&M University last Saturday. Miles FFA placed fifth in the Area IV contest at Tarleton State University in late April while Winters FFA finished sixth, and Ballinger FFA, seventh, to earn the honor. Those advancing included (l-r) Ballinger High School students Wes Vanicek, Cote Deeds, Logan Newsom, Roland Villareal, Jared Schniers, Russell Pelzel, David Blesing, and advisor Kevin Newsom; Miles High School students Jacob Kalina, Georgia Huckabee, Kari Collins, and Matthew Kalina, with advisor Glen Heard; and Winters High School students Jessica Pritchard, Maegan Schwartz, John Heathcott, Alex Blackerby, and advisor Roy Shackelford.

Kids, kites, crafts and cakes at annual Mayfest

by Jean Boles, editor

If you've ever been told, "Go fly a kite," now is a good time to do just that. And you might even win a prize for your skills during the exciting competition at Mayfest 2003.

The fun begins with softball and tennis tournaments at the Rogers Hornsby Complex at the city park. Play may start on Friday, depending on the number of teams/individuals entered, and continue through Saturday.

On Saturday, May 10, festivities begin at 9 a.m. when booths open inside the Community Center as well as on the park grounds. A variety of arts and crafts will be offered as well as food booths which will remain open until 5 p.m. Of special interest will be computer portraits, quilts, and

handmade leather items.

At 10 a.m., a flag-raising ceremony will take place at the park entrance.

Lola Scott, pastor of Somebody Cares Ministries, will sing at 10.30 a.m., followed by Winters elementary third grade students who will perform a variety of entertaining songs.

The kite-flying fun will take place at 1 p.m. at the nearby track field.

Kids' games will include a duck pull, sand dig, and dart throw. A silent auction is set from 9 a.m. until 3 p.m. Free blood pressure checks and free blood sugar checks will be offered as well.

The annual Mayfest celebration is sponsored by the Winters Area Chamber of Commerce.

Third Grade to present "Get Up and Grow!" next Thursday

Winters Elementary third graders will present their annual musical on Thursday, May 15, 2003. Entitled "Get Up and Grow!" the program will begin at 7 p.m. in the WHS Auditorium.

The production celebrates the many positive aspects of growing up. The children will sing seven peppy songs linked with a short rhyming script. Elementary music teacher Fran Kidwell says the musical will be entertaining to listen to and fun to watch!

The public is invited to attend and admission is free of charge.

Letter carriers to pick up food donations May 10

The National Association of Letter Carriers, in conjunction with the United States Postal Service, will be collecting nonperishable food items like canned soup, juice, pasta, vegetables, cereal and rice on Saturday, May 10, to help needy families in the Winters area.

Area residents are asked to help by placing a food donation at their mailboxes

on May 10, before your letter carrier arrives. Your carrier will take it to the post office and it will then be delivered to a local food bank. Please do not include any glass or perishable items.

The Winters post office will also have a basket inside the lobby to receive donations between the hours of 8 a.m. and 4:30 on Thursday, May 8 and Friday, May 9.

Oil Bidness

by Reg Boles © 2003

In places around the world where oil and/or gas have been discovered, there are many locales that suffer from lack of infrastructure. As a result, there are big hurdles to ever making a viable economic product in those conditions. Could this happen in the United States?

Not likely, but increasingly a worry, as consolidation, retraction, and extinction continue to be experienced in the service industry in the oil patch right here at home.

At a recent trade show, I couldn't help but notice that every other booth was either blue or red, the favorite colors of Schlumberger and Halliburton, respectively. These two companies have gobbled up the specialists in the business (logging companies, technical consultants, core analysis, etc.) over the last decade, and there are precious few segments of the service industry not already dominated or completely consumed by these one or both of these companies.

To a large extent, this is the natural order of things, as there is less of a pie to cut up in the service business, and only the most efficient will survive. The biggest have consolidated their position to survive and thrive in such an environment, but there is some danger of reducing competition below some healthy level in all of this. That is a topic for another time, but suffice it to say it is entirely predictable.

The smaller entities left that pump wells, stimulate and cement wells, fix electrical motors, haul water, and pull wells are struggling to cope with reduced spending in the onshore U.S. fields. Many of them are closing or being consolidated into mid-size companies, if not subsidiaries of the mega-service companies.

The result is an infrastructure, while still very well developed and accessible, spread pretty thin with great distance between service points. Some operators have to call in completion and stimulation companies from several hundred miles away, instead of 30 miles down the road. Pumpers can only check wells three times a week (instead of daily) because they have to take in an area of a couple hundred square miles to get sufficient wells to make a living. And, workovers may have to wait two weeks while the one available pulling unit in a 3 county area gets to their well.

There is no grand scheme to deprive local operators of services. No, the marketplace is just putting the squeeze on the resources available against the product that can be economically put down the pipe. For some of the same reasons there is no infrastructure in the jungles of Africa or the plains and mountains of Kazakhstan, the infrastructure is only as strong and supportive as the market will allow.

Like it or not, the U.S. onshore oil and gas industry has seen reduced influence in the worldwide oil market. So, too, is its influence reduced in creating service industry jobs and commerce. That doesn't mean that the local oil patch is ready to dry up and blow away. It just means success will require more ingenuity, more planning, and more patience.

I know the operators around here are up to it, but I also know it will make life just a little harder than it used to be.

Letter to the Editor

Captain David Pafford sends thanks for being named Male Blizzard Fan of Year

Speaks highly of high school athletic programs

Editor's Note: Capt. David Pafford, U.S. Air Force, was named Male Blizzard Fan of the Year at the All-Sports banquet last Thursday, sponsored by the Athletic Booster Club. Capt. Pafford is currently serving in Korea and sent the following letter via e-mail:

Dear Jean:
Stephanie has made me aware of the honor bestowed upon me at the athletic awards banquet. Since I was not there to make any statement in person, perhaps you can use the following:

Thank you all so much for this honor, although I must admit it seems kind of unfair for me to get an award for doing something I enjoy so much. As a former teacher, coach, and participant in many different interscholastic activities, I have a special place in my heart for them.

Interscholastic sports in particular teach a lot about leadership, competition, teamwork, physical fitness, sportsmanship, and the ability and willingness to perform under pressure in a public venue. Extracurricular activities help keep some kids in school, and they help keep some out of trouble. Most of all, though, they're just good, clean fun.

I competed in front of enough empty venues to appreciate the strong support our community gives to its young

people, and to understand the importance of showing them that we support them and are proud of them. There is something special about high school interscholastic sports, though. More and more, they are becoming the most pure form of sports left. Sports were meant to be a diversion, a way to keep physically fit. Dr. Naismith invented basketball so his gym class would have something to do indoors during the winter.

Professional sports, and even NCAA sports, to a large extent, have turned into something much different. High school athletes are not greedy. They do not think they are above the law, or due some special treatment because of their God-given talent to play a game. No one will ever accuse a high school coach of being in (that profession) for the money or fame. And I think most high school athletes understand the place of sports in their lives. Most of them know that their favorite sport is something fun but not life-consuming. Most of them know that organized sports for them will end with high school and have the importance of athletics in perspective.

Thank you, coaches, teachers, and administrators, for putting the real time and effort in and dedicating your life to our young people. And thank you, athletes, for representing the school and community well. Thank you for the memorable moments, and hours of fun and good conversation for those of us who support you.

Thank you from those of us who sit in the stands and enjoy the fruits of your efforts.

In honor of Mother's Day

by Pastor Robert M. Jones, Assembly of God Church

This Sunday is Mother's Day — a day when we honor the ladies who gave birth and life to us.

I was born on Mother's Day, May 8, 1949. This has always been a special holiday to me. Not just because of my birthday, but because of the very special, beautiful lady God gave to be my mother. She will be 84 years young in June. Still active. Still drives her car. Still lives alone since Dad died six years ago. Still attends church every service.

According to the *World Book Encyclopedia*, Anna Jarvis of Grafton, West Virginia, began a campaign in 1907 for a nationwide observance of Mother's Day to honor the memory of her mother, Mrs. Anna Reeves Jarvis.

Mother's Day received national recognition on May 9, 1914, when President Woodrow Wilson signed a joint resolution of Congress recommending that Congress and other executive departments of the government observe Mother's Day. The following year, 1915, the President was authorized to proclaim Mother's Day as an annual national observance.

But centuries before this proclamation, our Creator had already honored ladies. He chose a young teenager to be the mother of His Son.

And, the writer of Proverbs set apart a chapter to honor women. Read Proverbs 31, beginning with verse 10 through the end of the chapter. Then honor your mother or her memory this Sunday.

I will be thinking of a special lady in Hamlin, Texas.
Happy Mothers Day!

In Appreciation

Card of Thanks

Dear Mrs. Pritchard,
Thank you so much for the boxes of goodies from home. Both Captain Rodman and Captain Proietti wanted to make sure I relayed to you their gratitude as well.

I sent letters back to the individuals who wrote personal letters to include in my package, but I wanted to make sure all of the organizers and 4-H club members understood how much we appreciated not only the items in the boxes, but the thoughtfulness and preparation that went into the effort, and all of the specially colored pictures, etc. It was a very heart-warming gift.

Capt. David Pafford

Card of Thanks

Thank you for the prayers and concerns for my well-being during my recent surgery and recovery. It's a blessed and good feeling to know people out here care for each other's well-being. Thank you and bless all.

WHO needs volunteers in Runnels County

The Crime Victim Crisis Center (CVCC) of Abilene is looking for new volunteers to help with the We Help Ourselves (WHO) program in Winters and Ballinger.

WHO is an action-oriented approach to the prevention of child abuse. It is founded on a philosophy of anti-victimization for children, teenagers, parents, teachers and concerned citizens.

WHO volunteers deliver age appropriate programs directly to students in the classroom and student organizations. They help teach students strategies for taking responsibility for personal health and safety. The curriculum is designed for kindergarten through high school.

CVCC staff and volunteers present WHO programs to thousands of school students each year in Abilene and the surrounding area.

If you are interested in becoming a volunteer or would like additional information, call Linda Walker at Crime Victim Crisis Center at 325-677-7895. Applications are available upon request.

THANK YOU

Our special thanks to the hundreds of individuals, businesses, and institutions, who showed their final respects for Courtney. Your presence was overwhelming. Surely the florist shops and pantries are empty, because you covered us up with food and flowers.

To know Courtney was to love him...an hour or a lifetime...close by or far away...young or old. We loved Courtney as he was.

Courtney would have been embarrassed by all the attention he got. Our family was overwhelmed. We will be eternally grateful to everyone for your love, your prayers, and your presence. We got enough hugs and handshakes to last a lifetime, and you will be remembered.

Special thanks go to the 14 pallbearers: John Morris Edwards, Steven Sneed, Michael Ramon, Jim West, Jim Harrell, Andrew Williams, Rodney Kruse, Aron King, Alan King, Cody Harrell, Justin Pullin, Joe Riley Sims, Austin Jobe, and Manuel Lara, all fine men and good friends. Many of these guys came to our house and reminisced after leaving the cemetery. We enjoyed that time. Looking at the young men going through the line to view Courtney for the last time, we saw another dozen or so really good friends that should have also been pallbearers but we just weren't thinking as clearly as we should have been.

To Georgia Orr, Jeff May, and Toby Virden, we will be forever indebted to you for the beautiful words and service. Georgia spent more time at our homes than at hers the past several days. And Jeff, praying with us on the telephone and driving down for the service, what a good and special friend. As for Toby, we are certain that if you look in the dictionary under friend, his picture would be there. A true friend is someone you can call at 10 o'clock at night and ask them to write your 21-year-old loved one's obituary, and he e-mailed back to you by morning. Toby's eulogy at the memorial service was wonderful.

The entire experience, family visitation where there wasn't an available parking space for blocks and there were more people outside the building on the lawn than there were packed inside; the memorial service which was attended by so many friends and loved ones, held in the church in which Courtney was baptized; and the burial at the Crews Cemetery, left the entire family much more at peace than we previously believed possible.

The Crews Cemetery in which Courtney was buried, is a very familiar place to the Collom Family. Courtney's great grandfather and namesake, B.C. (Courtney) Collom, is buried there, as well as Courtney's great grandmother and great, great, grandfather. Courtney also has numerous great Aunts and Uncles there.

Thanks to Larry Lange, a good friend, and the funeral home staff for taking care of all the things that we had no idea how to handle.

You will always be remembered. Our hearts are calmed and our love is eternal. We touched your face, Courtney, but you wouldn't wake up. Have a restful sleep, and we will see you again. You died without knowing how many people love you. We will always watch over your little Taytem and see your smile in hers.

Respectfully,
The families of Courtney Collom

Parents should complete on-line survey within next two days

Measures school climate on drug/alcohol use and bullying issues

Winters ISD is encouraging parents to go on-line to take a survey designed to measure the school climate on the issues of drug use and school safety. The final day to complete the survey is May 9.

To take the survey, just go to the website, <choosetocare.com> and click on survey. You will need a survey "key" or password for the day you take it. To obtain this password, you may call either the high school at 754-5516 or elementary office at 754-5577.

If you do not have access to a computer, you are welcome to come to any of the computer labs at school to take the survey. The password for that day will also be available in the computer labs. It should only take about ten minutes to complete. The survey is anonymous.

This is a prime opportunity for your voice to be heard on the issues of drug and alcohol use among students and bullying and safety issues at the school.

THREE PERSONS WERE INJURED in this 2000 Chrysler in a two-vehicle accident on May 1. At approximately 7:20 a.m., Jessica Pritchard, 17, was driving a 1989 Toyota pickup when she attempted to cross the Novice Road near the park entrance. Failing to yield right of way, according to Winters police officers, she struck Jose Garcia, 28, of Winters, who was travelling east on the Novice Road. Garcia and passengers, Brandon Reyna, age 5, and Joey Garcia, age 3, were taken to North Runnels Hospital where they were treated and released.

Crime Victim Crisis Center offers services

The Crime Victim Crisis Center (CVCC) is a non-profit organization serving crime victims in Abilene and the surrounding areas since 1977. Services are free of charge. CVCC operates with five professional staff members, including clinicians, a case manager and educator, and more than 80 paraprofessional volunteers. People who volunteer are carefully screened. Those accepted into the program receive 44 hours of comprehensive training in crime victim assistance and crisis intervention for victims of violent crimes, their families and friends. CVCC has a 24-hour hotline. In-person assistance is

available to provide information and support for victims and survivors during the crisis of trauma related to crime. CVCC is available to accompany victims at crime scenes, the Trauma Center and law enforcement agencies. Services include in-office counseling, assistance with Crime Victim's Compensation, parole notification and protests. CVCC serves hundreds of crime victims each year in Abilene and the surrounding area. CVCC provides Sexual Assault Awareness seminars and general Crime Prevention programs to any group or organization free of charge. Professional trainings are available to

law enforcement officers, social workers, medical personnel and prosecutors who are interested in crime victim assistance education.

WHO, or We Help Ourselves, is a comprehensive anti-victimization program designed to assist children and teens in dealing with numerous types of potentially dangerous situations. The program teaches assessment options on an age-appropriate basis and provides information on community resources. CVCC presents WHO programs to more than 4000 children, pre-school through 12th grade, each year in Abilene and the surrounding area.

Police Beat

The following are cases from the Winters Police Department. Some cases may still be under investigation. Information, reported through Crimestoppers leading to the close of any case, could result in up to a \$1,000 reward.

The following information has been obtained from reports and or incidents investigated by the Winters Police Department during the week of April 21 through April 28, 2003. These are just a few reports received each week by members of the Winters Police Department. Officers:

- were called to a hit and run accident in the 200 block of South Arlington. The driver of a black Dodge pickup stated a small gray truck had passed him near the old railroad tracks. The gray truck failed to maintain his lane and clipped the driver's side mirror of the Dodge, shattering the mirror. The driver of the Dodge did not have any more information about the gray truck or it's driver. The officers looked in the area for the gray truck but were unable to locate the truck and driver.

- were called to the 400 block of South Magnolia for a Burglary of a Motor Vehicle. Victims stated that they observed a white male known to them as Glen Tischler enter a vehicle parked in front of the residence. Tischler then reportedly took a Nokia cell phone and a red "Mag" flashlight. The victim stated when they called the cell phone, Tischler answered. He stated the had not stolen anything and for the victims to come get their property if they wanted it back. Officers went to Tischler's home and spoke with him. He had a witness stating that he had not left the house. Officers dialed the cell phone number of the victim and tracked the ringing phone to the back stairs of Tischler's home. The "Mag" flashlight and cell phone were taken into evidence to be fingerprinted.

Runnels County Crimestoppers offers a cash reward for information which leads to the grand jury indictment or conviction of offenders and the caller does not have to give his or her name. To give a Crimestoppers tip, call your local law enforcement agency at:

FAMOUS FACES AND FASHIONS were part of the fun at the annual "Ladies Night Out" hosted by the Winters Woman's Club on April 24, at Jones Fellowship Hall of the First Baptist Church. Greeting guests for a look back at the 1950's were club members (l-r) Joyce Broadstreet, Jane Bourdo and Marthiel Russell. Guests were treated to a special appearance by Elvis, The King (thanks to Mike Riley of Ballinger).

RUNNELS FFA, continued

Saturday, Miles finished 23rd among 86 teams. Ballinger placed 32nd, and Winters, 58th. Competing against 340 individuals, John Heathcott of Winters finished 17th high individual, while Matthew Kalina of Miles placed 27th. Newsom was 58th and Jacob Kalina, 62nd. Only 27 points separated first from 62nd places.

Winters High School chartered the first FFA chapter in the State of Texas in April of 1930. Both Ballinger and Miles High Schools registered chapters in the mid-to-late '30s, so both pride and tradition run deep in the veins of county FFA members.

Runnels County is also well

known and respected on the state stock show circuit for quality programs in cattle, sheep, and swine. Youth must place several classes of each of these species during livestock judging competition.

According to WHS advisor Roy Shackelford, "The Livestock Judging Contest is the 'premier' contest in FFA. Ev-

Runnels County Wheat Tour next Wednesday

The Runnels County Wheat Tour is scheduled for Wednesday, May 14.

The tour will begin with a wheat variety trial on the Bredemeyer Farm just west of Winters on Highway 153 next to Dry Manufacturing.

Dr. Billy Warrick, Extension Agronomist of San Angelo will discuss wheat va-

rieties, weed control and leaf rust management.

At noon a courtesy lunch with a program sponsored by West Texas Seed will be held at the Bredemeyer Brothers Shop on Highway 153.

Speakers for the program include Dr. David Worrall with AgriPro®, speaking on what's new in wheat varieties, trans-

genic wheat varieties and where transgenics fit into the management system.

Dr. Chris Sansone, Extension Entomologist of San Angelo will speak about Hessian Fly management.

Producers can earn two CEU's for attending the entire tour.

Sixth Annual West Texas Deer Study Group planned May 15-16 in Brownwood

The Sixth Annual West Texas Deer Study Group session, which offers a variety of information about the white-tailed deer, is set for May 15-16.

The first day's activities will be at the 4-H Center located 11 miles north of Brownwood on Highway 279. The second day's workshop sessions will convene at the ALT Ranch located southwest of Brownwood.

Registration runs from 11 a.m. to 1 p.m. May 15. The first day's program starts at 1 p.m. and the second day begins at 7:30 a.m.

"West Texas and everywhere we've met, deer hunting is booming and continues to grow as an industry. This year's meeting should interest landowners, hunters, and anyone else interested in deer, native range, and wildlife habitat," said Dr. Dale Rollins.

Pre-registration before May 10 is \$25 per person (\$10 for students) and includes two meals. Registration at the door is \$35 per person (\$20 for students). To pre-register: send check to Greg Simons, P.O. Box 5121, San Angelo, 76902 and make checks payable to "West Texas Deer Study Group". For further information, call 915/653-4576 or e-mail Dale Rollins at <drollins@tamu.edu>.

County and that just reinforces the strong agricultural county that we live in—it says a lot for our Ag departments."

Miles FFA advisor Glen Heard echoed the thoughts of his fellow advisors and the students, "This is really neat that everybody from our county qualified (for state). It is an in-

dication of the strength of our Ag programs in this county."

Whether a first time accomplishment or not, one can be fairly certain that not many counties in Texas can boast the camaraderie and competition found among the three FFA chapters in Runnels County.

Runnels County Ag Mart & Pest Control

We would like to remind you that now is the time to spray pecan trees with dormant oil for scale. Also, we fertilize all trees by injection into the ground—no watering in and all nutrients get down to the roots. Call us to put your name on our "Tree" list and we will take care of the problem.

We are licensed by the State. We exterminate termites, roaches, spiders, scorpions, ants, etc....

Call us at 365-2618 or come by 105 N. 10th St. in Ballinger.

FABULOUS FANS were abundant during this year's Blizzard and Lady Blizzard sports. Named Female Fan of the Year at the annual Blizzard Athletic Banquet on May 1 was Anita Shirley (left).
