

The Bronte Weekly Enterprise

VOL. 15, NO. 17.

BRONTE, COKE COUNTY, TEXAS, MAY 19, 1933.

Subscription only \$1 the year.

1933 COKE COUNTY LIVE-AT-HOME FAIR DATE IS SET FOR AUGUST 4

The attendance at the first advisory meeting looking forward to the 1933 Live-At-Home Fair for Coke County was one hundred per cent and the enthusiasm ran high. The meeting was held in the directors room of the First National Bank in Bronte, Tuesday afternoon.

L. T. Youngblood, chairman of the fair organization last year, called the meeting, being aided by County Agent B. J. Baskin of Robert Lee, who supplies information and gives general direction with reference to procedure relative to the Fair. A dozen of the county's most prominent citizens from Robert Lee and Bronte, including ladies, who took quite an active interest last year, were in attendance.

Everyone present expressed himself as highly pleased with the Fair last year, which was held August 5. And the magnificent success last year proved to be the one great source of inspiration for this year's fair. Last year was the first effort of the county along the line of a live-at-home venture and the interest was so great and the success so beneficial that each one present felt that all means the Fair for 1933 should be undertaken. And looking to that end the following steps were taken:

L. T. Youngblood, President

L. T. Youngblood was re-elected as president of the fair organization, with B. J. Baskin, Secretary. Mr. Youngblood threw the meeting open for general discussion and there was unanimous agreement in everything that was done.

Two New Departments Added

Due to the season of the year in which the Fair is held—the hot summer month—it was decided to abandon three departments; namely, poultry, hog and dairy cow departments. But instead of the above two new departments were added, viz., Cured meats and dairy products

and Flowers.

The Coke County Live-at-Home Fair for 1933 will have seven departments, as follows: Garden, fruits and vegetables; Canned goods; Field crops; Cured meats and dairy products; Culinary Arts; Fancy work and antiques; and Flowers.

Following are the chairmen of committees in charge of the several departments:

Garden, fruits and vegetables, O. C. Ivey.

Canned goods, Mrs. J. D. Leonard.

Culinary Arts, Mrs. M. A. Butner.

Fancy work and antiques, Mrs. Frank Keeney.

Field crops, L. W. Beaty.

Cured meats and dairy products, I. M. Cumbie.

Flowers, Mrs. O. H. Willoughby.

The chairman in charge of each department is to select the members of his committee as he may choose to do.

The publicity of the Fair is to be in charge of a committee of which D. M. West is chairman. The chairman is to select his committee members which will be announced in due time.

A general arrangements committee was appointed. This committee is to have general charge of all the details of the Fair, under which all the other committees are to act. This committee consists of H. O. Whitt, chairman, B. F. Bridges, Rev. N. W. Pitts, Frank Keeney, Robert Knierim, I. M. Cumbie, Rev. W. N. Dunson.

Let everybody become enthusiastic from this moment and let there be but one purpose on the part of everybody in Coke county. And let that purpose be to have a fair this year that will eclipse the expectations of all.

Chairman Youngblood will call another meeting early in June at which time the details of the fair will be worked out.

PAUL GOOD RESIDENCE DESTROYED BY FIRE

Fire of undetermined origin at an early Tuesday morning, destroyed the Paul Good residence on North Railroad street.

The residence was occupied by Prof. Roy Brey, who is a teacher in the Bronte school.

The fire was first discovered about two-thirty in the morning by those who were sitting up at the home of T. M. Nelson, who had died the night before. When those who discovered the fire arrived, they began trying to awake Prof. Brey and family. Finally, they succeeded in getting Prof. Brey awake sufficient to make him understand that the building was aflame and was about to fall in. He rushed out and explained that Mrs. Brey and their little baby were away on a visit.

When the discovery was made the flames were coming through the top of the roof, indicating that the fire originated in the roof. No cause can be advanced for the origin of the fire unless it was a defective wire.

Mr. Good had only about \$700 insurance, so The Enterprise has heard, not authentically, and Prof. Brey likewise had insurance on his furniture.

A fire is an awfully bad thing, for this editor is still suffering from the loss he sustained a few years ago.

T. M. NELSON DIES

Thomas Madison Nelson, a citizen of Bronte for twenty years, died at his home, in Bronte, Monday May 15, 1933. Following religious services at the Church of Christ, of which he was a charter member, and in which he was an elder for a long time, conducted by the writer, the body was carried to the Bronte cemetery and buried beside the companion of his youth who preceded him in death only a few months ago.

Thomas Madison Nelson was born near Murphreysboro, Tennessee, November 21, 1860, making him to be in his seventy-third year when death came and called him to his heavenly reward.

In 1884 deceased was married to Miss Jennie Wood. To them two children were born. They are Charles Aubrey, of Corpus Christi, and Mrs. James Simpson of Bronte, both of whom were present for the funeral. Besides the children there are thirteen grand children and one great grand child.

Deceased and family came to Texas in 1896, coming to Bronte in 1913 and making their home here since that time.

"Uncle Tom," as he was called by all who knew him since he grew old, had many friends, both among the old and the young. He fell a few years ago and broke his hip, since which time he was never physically strong. Then last year when his companion was taken life lost for him all its charm and in heart he really longed to go on and be with her. Following the death of his wife he arranged the family lot in the cemetery and had it just as he wanted it.

"Uncle Tom" Nelson was a good man—devoted to his home and family; a good neighbor, and a churchman who was sincerely and devoutly devoted to his church. He feared God and walked uprightly. And after all, that is the highest encomium that can be spoken to the memory of man.

Many old-time friends and neighbors of deceased gathered at the church to pay tribute to the memory of their dear old friend, then tenderly carried his

Representation from Several Counties In Prospect at The Arkansawers' Reunion

Reports coming from every direction indicate at this time that there will be a vast number in attendance at the Arkansawers Reunion at Oak Creek, Sunday, May 28.

Reports come from Tom Green, Mitchell, Nolan, Jones, and Taylor counties and as far away as Brown county that perhaps there will be delegations in attendance.

Arrangements at Oak Creek are swinging into the fast for the convenience and comfort of the expected throngs. The plan is to have an old-fashioned brush arbor, out under the pecan trees and abundance of improvised comfortable seats.

Bronte is manifesting an interest in the success of the occasion very much appreciated by those charged with the responsibility of making arrangements. O. H. Willoughby, manager of the South Texas Lumber Company, has agreed to furnish plank for the seats on most generous terms. E. E. Pruitt has furnished the blocks on which to lay the plank for seats and B. E. Modgling has volunteered his truck with which to haul the seats to and from Oak Creek.

Others have voluntarily suggested that if they can in anywise be of assistance, to command them. Thanks to everyone of you gentlemen. And the numbers who are going from Bronte from present indications will include largely the whole town. And it is expected that Norton and Winters will be in attendance.

ance in large numbers as well as other portions of Runnels county.

A card to The Enterprise from J. M. Rutherford, merchant at Oak Creek, and a real, sure-enough Arkansawer, just as we go to press, says:

"Just a line to let you know that Oak Creek community to the last man, woman, boy and girl is doing their best to have things okay for the 'Arkansawers' when they come. We have decided to have the BIG DAY right where the irrigation dam picnic was held. A crowd of us got together today and did a lot of work on the ground, cleaning and getting everything in the very best condition possible. We will meet again in a few days and complete the work. I can say truly that I am proud of my community and appreciate the fine way everybody is cooperating to make the visit of each and all to our community that day one that they will always cherish. The people here are planning a wonderful day—so, we want everybody, far and near—all the Arkansawers and everybody who is a friend to the Arkansawers, to come and be with us."

Now, that's just as fine, almost as a visit to Arkansaw—the spirit of the above is the spirit of the Oak Creek people—you can't find better people anywhere, not even in Arkansaw.

So, get ready, folks—be there on time—and don't forget that well-filled lunch basket.

ENTERTAIN JUNIOR STUDY CLUB

Mesdames Ronald Walton and Clytus Smith were hostesses to the Junior Study Club, Thursday afternoon, May 4, at the home of the former.

After five hours of bridge a lovely salad course was served to the following club members and guests: Misses Nell Lowry, Gertrude Hayley and Elizabeth Leonard; Mesdames Charlie Baker, J. B. Mackey, W. H. Maxwell, Jr., W. C. McDonald, O. R. McQueen, H. O. Whitt, Homer Good, Cumbie Ivey, Geo. Thomas, Alfred Taylor, Oscar Long, A. G. Taylor, Alvin Ott, Roy Brey, John Clapp and W. W. Ivey.

Out of town guests were Mrs. Mrs. Paul Good, Robert Lee; Mrs. Cy Odom, Blackwell, Mrs. Dave Kiker, Big Lake.

Editor's note: The report of this happy social event reached The Enterprise office in time for publication last week—but the copy with some other copy got in the wrong place and was overlooked, which is very much regretted by the editor. We are anxious and glad to have reports of social affairs and so we gladly print this though it is late.

The best rain this country has had in a long time fell throughout Sunday and Sunday night. It fell abundantly and gently so that no damage was done from beating rainfall. There was about two inches of it. Planting now is the order of the day.

body to the cemetery, and there beside the companion of his youth, in the spot made beautiful by his own hands his body was put away there to rest undisturbed till Jesus comes again.

The children and grand children and other sorrowing loved ones have the sympathy of all in this hour of their sorrow.

MRS. H. O. WHITT HOSTESS TO HER CLUB

Mrs. H. O. Whitt was a pleasing hostess to fifteen members of the Junior Woman's Study Club, at her home, Thursday afternoon, April 27.

After a short business session the subject for the lesson study "Comparison of Wages of Women of the Northern States and the Southern States," was discussed by Mrs. Whitt and Mrs. W. C. McDonald.

A plate carrying a pink and white color theme was served to Mesdames J. B. Mackey, Ernest Ivey, W. H. Maxwell, Jr., Geo. Thomas, Ronald Walton, Cumbie Ivey, Homer Good, Chas. Baker, Omah McQueen, W. C. McDonald, James Glenn; Misses Nell Lowry, Elizabeth Leonard and Gertrude Hayley.

Editor's note: The report of this delightful social occasion did not reach this office until for last week's issue. Due to the copy with other copy getting misplaced in the office, it was not printed last week, which the editor very much regrets. Though long delayed we are glad to print same, for we are always glad to have reports of all social happenings.

Mr. and Mrs. C. L. Downs have The Enterprise sent them at La Ward, Texas, where they are now located. Mr. Downs is the manager of the Dozier Construction Company. While Mr. and Mrs. Downs made their home in Bronte last fall and winter while Mr. Downs' company was constructing part of highway 70, they made many friends who will be glad to hear from them. Mr. and Mrs. Downs liked Bronte and Bronte people so well that they want to keep informed of the happenings here. Mr. and Mrs. Downs would receive a royal welcome could they make up their minds to return permanently to Bronte.

County Agent's Column

Diseases in baby chicks and poults are not very easily treated, and in very few cases do the young birds ever make a strong bird. It is much better to prevent disease. Keep baby chicks and poults on clean ground. And above all be sure to run turkeys and chickens separately.

The county agent canned a nice calf for George R. Humlong of Bronte, Wednesday. The meat was put in the cans raw, the cans placed in the oven and heated, then sealed and processed.

T. H. Brown of Fort Chadbourne reports that the rain of Friday night was just what he was looking for. His recently built terraced held every drop of water, and he is well pleased with the way the water stood from end to end of the rows.

Marvin Simpson has his yearlings rapidly going on full-feed. The steer and heifer yearlings have been separated. Plenty of shade and fresh water are doing their part towards making big ones out of the little ones.

The annual meeting of the

Four County Pecan Growers Association will be held on the Metcalfe ranch, seventeen miles from San Angelo some time during the latter part of this month. Coke County members of this organization will be notified in due time as to the exact date and hour. Dr. Bilsing of Texas A & M College will be present to do some work on spraying to control the Nut Casebearer during the meeting.

T. P. Metcalfe, Field Inspector of the Crop Loan Office, was in Coke County, Thursday and Friday, making calls on farmers having loans this year.

Frank Wojtek of Robert Lee, stated, "While we did not have much rain Friday night we saved all of it. Our terraces kept every drop of it in the field. None of it went to the river and creek like it used to."

The farmers that have had their fields terraced this winter have been mailed bulletins on Terracing and Gully Control. Fifty farmers received a copy of each of these bulletins.

Mrs. A. J. Calloway has our thanks for a subscription to her sister, Mrs. Wm. Dietrich at Cordelle, Texas. We trust the weekly visits of "the old home town paper" may be enjoyed by Mrs. Dietrich and family.

E. W. Hudman departed Monday for Deming, New Mexico where he will visit with relatives for awhile. Mr. Hudman had "the old home town paper" to follow him so he can keep informed as to things at home.

THE BRONTE ENETRPRISE
Editor and Business Manager
D. M. West

Texas, March 1, 1918, under Act of Congress, August 12, 1871. Entered as Second Class Matter at the Post Office at Bronte,

AN "ARKANSAWER" CALLS ON THE EDITOR

"Wellzir," we have had more fun as publicity director of the "Arkansawers' Reunion," to be held at Oak Creek, May 28, than we can tell you about. From everybody, everywhere, there has come an encouraging word, a handshake, or smile, or good-natured joke. But, the happiest hour of all was that of Thursday afternoon, here in our office. We were "working like mad," "slinging up type" on our typesetting machine so we could get this week's issue of the paper out of the way and turn to next week's issue which is the final issue before the **BIG DAY**. A gentleman entered the office and came across the room to where we were at work. Putting out his hand in friendly way, he asked, "Are you from 'Arkansaw'?" We replied, "What's it to you?" Then he made himself known. He was the genial Dr. Guy Davis, president of Daniel Baker College at Brownwood.

Immediately we shot the question to our visitor, "Are you from 'Arkansaw'?" And with a laugh, he admitted that he was.

After quizzing we found out that Dr. Davis had just called on another "Arkansawer" citizen of Bronte, Prof. E. A. Hankins, and got a line on the "Arkansawers' Reunion." Then followed a talk between us not only with reference to the old state, but of all the country and the country's needs at this time.

Dr. Davis has just become president of Daniel Baker College. He has made his home for years in San Angelo and has had charge of the work of the San Angelo presbytery which includes some twenty counties. Notwithstanding the difficult conditions that obtain Dr. Davis stated that his school was in good condition financially and their greatest need is students. To that end he is going over the country, getting acquainted and finding out as to the educational needs of the boys and girls in West Texas. We predict a forward advance for Daniel Baker with Dr. Davis as its directing head. For, he is a Christian gentleman with genial spirit and he loves boys and girls and is interested in them.

Dr. Davis expressed regrets that the 4th Sunday being their day for baccalaureate services of their school he did not see how he could possibly attend. "Yet I may decide," said Dr. Davis, "to start immediately after our services and drive there in time to see 'the home folks' before they disperse."

Good, Dr. Davis, come right on, "hitch your horse" and come in and "make yourself at home"—for there will be nobody there but "Arkansawers" and their friends.

The Enterprise is issuing a Special Edition next week, honoring the Arkansawers and their Reunion. Dr. Davis places an ad of his college in that issue, to show his good will and to make "the home folks" to know that he is for them—and also, to let the boys and girls who read The Enterprise, know that he would be glad to have them in Daniel Baker College.

Mr. and Mrs. Geo. Humlong returned from Midland Monday, wher they had visited Mr. and Mrs. Pat Patterson. Mrs. Patterson is the daughter of Mr. and Mrs. Humlong and will be remembered as Miss Sallie Humlong. Mr. Humlong says it is very dry out in that section—that he was informed, it had not rained out there for a year.

Henry Ford
Dearborn, Mich.

May 9, 1933

A great thing has occurred amongst us. We have made a complete turn-around, and at last America's face is toward the future.

Three years---1929 to 1932---we Americans looked backward. All our old financial and political machinery was geared to pull us out of the depression by the same door through which we entered. We thought it simply a case of going back the way we came. It failed. We now realize that the way out is forward---through it.

Thanks for that belongs to President Roosevelt. Inauguration Day he turned the Ship of State around. Having observed the failure of sincere efforts to haul us back the way we came, he designed a new method---new political and financial machinery---to pull us out the way we are going---forward. He is clearing international obstacles out of the way; he does not stand in awe of tariffs. The people begin to feel that he does not take advice from the "interests"; that he has courage and loyalty to work for one supreme interest only---the welfare of the American people. That is a big achievement for two months in office.

And now we all look to what is coming; we grow less and less concerned with what is behind. We are looking for a hand-hold on the haul rope. Every man wants to do what he can, and all he can.

The best thing I can do for the Country is to create industry by building good motor cars. If I knew anything better to do, I would do it. Industry must be my contribution. Motor cars must face ahead to the future, like everything else. They are so much a part of the Nation's daily life that if they lag behind they hold the Country back.

Henry Ford

BRONTE VOCATIONAL AG BOYS MAKE RECORD

The final report on the A & M College livestock judging contest, held April 17, has just been received. And the report shows Bronte's vocational agriculture boys were right up in the front seat, so to speak, when it came to knowing "their stuff."

Three of Bronte's boys competed in the stock judging. They were Jacob Morrow, James Youngblood and Dwain Leonard, with Grady Clark as alternate.

There were 90 livestock judging teams from over Texas and Eden won first place and Bronte won 6th place.

Of the individual high point men in sheep judging, Jacob Morrow was fourth man.

In swine judging James Youngblood was fourth. There was only 102 points difference between Eden and Bronte—so, it is seen that the home boys made a wonderful showing.

Wayman Percifull, one of the best of the Bronte boys did not go to the A & M College contest. In the district judging contest at Sherwood, April 8, he was third high point man.

Quite a number of Bronte's band boys attended and met the other boys of Texas who made up the F. F. A band that played at Kansas City last fall.

METHODIST CHURCH

Services at the Methodist church for Sunday, May 21:
Sunday school 10 A. M.
Preaching by the pastor at 11 A. M.
Epworth League 7 P. M.
The evening hour will be given over to the baccalaureate services of the Bronte school.
"The church with a welcome to all."

Wallace N. Dunson,
Pastor.

W. MODGLING STARTS ADVERTISING CAMPAIGN

W. Modgling, owner of the City Market and Grocery, has decided that the way to bring prosperity is not to wait for it but to go out and bring it. So, Mr. Modgling is starting this week an advertising campaign.

Mr. Modgling had The Enterprise to print him a good supply of circulars in which he is making some very close prices on merchandise. Mr. Modgling is also running an ad in today's Enterprise in which he is giving the same prices. After this week Mr. Modgling expects to go to the people each week with circulars, giving prices he will make each Friday and Saturday. Watch for his circulars and read them, for Mr. Modgling says that he is going to make it to the interest of the people within reach of Bronte to come here to buy their groceries and meats.

Take care of that garden and be in the Live-at-Home Fair.

BRONTE BAND PLAYS AT BLACKWELL

On invitation from the Blackwell school, the Bronte band went there Friday night and played for them.

The student body gave a play for the benefit of the athletics department of the school. The name of the play was, "Dad Don't Like Football." The play was well rendered and the attendance was excellent.

Bronte's band—as it always does—played fine and won the appreciation of all present for the fine music.

The editor and Mrs. editor enjoyed the entire program very much.

The Blackwell Dramatic Club came down Saturday evening and rendered a play, entitled: Safety First. The play was staged under the auspices of the Womans Home Mission Society of the Bronte Methodist church. Blackwell has some splendid dramatic talent and the play Saturday evening pleased the large audience.

BUFFETS SAY "HAPPY DAYS!"

WHEN THE STEIN'S ON THE TABLE—

The proper cheese is bound to be there with it!

For beer and cheese—the buffet supper in all its glory—are classic and inseparable food combinations.

The very thought of the smooth and amber-flowing liquid conjures up in the masculine breast thoughts of generous slices of nut-sweet Swiss cheese, scoopsful of pungent Old English, wedges of ruddy American. From free lunch to political caucus, the joys of the foaming stein and the buffet supper are endeared to memory the world round.

Americans will have to learn the joys of the proper thirst-inducing, appetite-satisfying cheeses which properly belong with the foaming beverage, according to the educational department of the Kraft-Phenix Cheese Corporation. There are more than 400 different varieties of cheese—and all of them will enjoy renewed popularity now that buffet suppers are the thing, according to the cheese company.

Swiss, full-flavored American, Limburger, sharp and ruddy Old English—these are some of the cheeses which are expected to enjoy unparalleled popularity on the buffet tables of the nation now that beer is back.

None of them pays the same for oil

He knows his low-priced gasoline.

She's a shrewd shopper.

He'll pay more and get more!

But all of them buy at Gulf!

YOU can't suit all oil buyers with the same price oil—any more than you can suit all motorists with the same size hat!

That's why Gulf offers you 3 fine oils at 3 fair prices. That's why Gulf lets you take your pick of 3 excellent gasolines—each at a different price.

And—note this well!—every Gulf product is the best that can be made at the price. It's an honest product, honestly made to meet rigid standards of quality. Drive into a Gulf station! Once you start on Gulf—you'll stick to Gulf!
