FRANK DICKEY FOR

One Minute Sermon

BY REV. A. V. BRADLEY "ONE WORD FROM THREE WORLDS"

"John the Baptist preached saying, 'repent' for the Kingdom of heaven is at hand."-Matt. 3:2 "Jesus preached, 'repent' ye and believe the gospel."-

Mark 1; 15. The rich man in Hell said "if one went from the dead, they will repent."-Luke 16:30

John the Baptist repesents the world; he was born of the flesh and was of the world, therefore he speaks for the world in which we live.

Jesus was from above and not of this world, but from heaven, so the message from that world is repent and be-

The rich man who died, was buried, and went to Hell was talking to Abraham at a far distance, crying out for mercy and much needed help said, after he saw there was no help for him, "send Lazarus to my father's house; I have five brothers who are lost, let him rise from the dead and go unto them and they will repent." This is the message from Hell to a lost sinning world. So Heaven and Hell are both interested in the loved ones on earth, and desire them to re-

WHAT IS REPENTANCE? It is not reformation, however that should be the result of it. It is not merely quitting sin, although one will do that. Repentance is: 1. A consciousness of personal sin. 2. That sin is a great evil committed against God, for which there is no excuse. 3. Hatred for sin. 4. Sorrow for sin. 5. A forsaking of sin. 6. A turning to Christ for relief from sin. "Repentance, toward God and faith in our Lord Jesus Christ." Acts 20:21. Saving faith is a "trustful reception of the Lord Jesus Christ as the only Savior." May God help every lost person to exercise both repentence and faith and be saved.

W. B. Smith Is Stricken Dead **In Modgling Store**

Today and tomorrow are to be two big days in Winters.

The rodeo events are for both professionals and amateurs—
The occasion is the Rodeo and Project Show that is being staged by the business men of Winters.

The Project Show is the exhibition of fat calves, fat lambs, fat barrows, and dairy idly behind the show and it is lambs, fat barrows, and dairy in the store of the lambs, fat barrows, and dairy in the store of the lambs, fat barrows, and dairy in the store, was a great shock to show by for P. F. A professionals and amateurs—

RABBIT DRIVE

Another of those exciting, sport-stirring rabbit drives will be made Thursday, February 24, beginning at the Roe Williams' home, three miles southwest of town. The drive will be up the river. Dinner-(one of those delicious kind that Coke County ladies always serve)—will be served at the Floyd Modglnig

place, on the J. R. Smith ranch. Multitudes of rabbits, abundance of fun and a good lunch are assured to all who come. Bob Ash said "tell everybody to come, to bring their guns and appetites-there is going to be need for the guns, and as for the appetites, the dinner hour will be no place for a sick man" Ken the occasion and date in mind. Ye editor acknowle vitation to dinner. Thanks.

DAILY MEDITATIONS REV. J. H. THOMPSON

"Never enter God's house carelessly; draw abar Him to listen . . . never be crushed with your lips, never let your heart hurry you into words before God."—Eccles. 12:1-2

It is more important that we hear God than that God hear us Prayer is, so doubt petition, but it is also communion. It is listening. It is quiet meditation. It is waiting for the still, small voice. Is it not true that our words often get in the way of our prayer?

We are hurried into words before God when what we need is that sense of openess with God which Jesus and when He said, "I and my Father are one." Is it probable that the night in prayer wit hGod, which Jesus apent, were arguments to get God to do Jesus' will? We THINK NOT. More likely they were quiet times of quiet, eager seeking to see life from God's viewpoint, to know his will, and to receive courage to say, not only in words, but with actions, "THY WILL, NOT MINE, BE DONE."

"Drop Thy still dews of quietness, Till all our strivings cease;
Take from our souls the atrain and stress
And let ordered lives confess The beauty of Thy

ago, has accomplished one-third ed. But, now, I am 'not talking' and Mrs. Thompson, entertained or its objective, according to the as to the town's future, but am annual report of M. R. Bentley, in a more substantial way exagricultural engineer of the Texa pressing my faith in it." as A. & M. College Extension ervice.

The figures are based on a survey made by county agricultural agents in November, 1937. Bently said. The survey revealed gainst soil and water loss, while protection measures have been taken on 10,587,744 acres.

The work went forward at a steady rate in 1937, the report reveas. During the past year, 890,781 acres of crop land were terraced, 2,166,898 acres of crop land contoured but not terraced. and 232,632 acres of pasture land were terraced, contour listd, or protected in a similar man-

Thus more than three million acres of crop land were added to the area previously terraced and contoured, while the 232,632 acres of pasture land protected against loss of soil and water compared very favorably with the 100,000 acres so treated in 1936.

A major development during 1937 was the increased use of county road machinery in the construction of terraces, Bentley pointed out. Of the total acreage terraced in 1937, terraces were built on 373,009 acres by county machinery. The arrangement applied to 170 counties in 1936, while commissioners' courts in 189 counties made county equipment at the cost of operation.

County agricultural agents-continue d training schools throughout the year, and there are now 9,261 men and 6,266 to run terrace lines, the report shows.
