BRONTE, COKE COUNTY, TEXAS, DECEMBER 2, 1938.

NUMBER 47.

## Large Attendance At Funeral Of "Uncle Joe" Lee

One of the largest numbers of people ever to attend a like occasion, in West Texas, was in attendance at the funeral of "Uncle Joe" Lee, at Maverick, Sunday afternoon. Deceased died in a Ballinger sanitarium at 7 o'clock Saturday morning.

Religious services were conducted by Rev. M. C. Golden of Ballinger, former pastor of deceased, and an old time friend of the family, and Rev. Marce Pardue, pastor of the Grape Creek Baptist church, near San Angelo. Interment was in the Norton cemetery, following the religious services.

The religious services were held out in the open, in front of the school auditorium of the Maverick school. The number in attendance was so large that the auditorium was altogether too small to accommodate the people—hence the pews were moved outdoors and the services were held. The religious services were quiet and beautiful. The warm sun of a lovely autumn Sunday afternoon was falling upon the earth, filling the world with its warmth and golden light, following the cold spell of almost a week. The ministers read the Scriptures and prayer was offered; a male quartette from Winters rendered the gracious sweet hymns of the church that were tuneful and soulful and brought solace and comfort to the bereaved.

Deceased was a native of Alabama and was 84 years old at the time that death called him to leave the walks of life. He came to Texas in 1884, settling first in Hamilton county. In 1905 he came to the Maverick community and resided there continuously until the end of his earthly journey.

It was 62 years ago, as a young man he and Miss Ollie Bush were united in marriage. Three children by this marriage survive: J. C. Lee, Spearman; Mrs. S. J. Smith, Evant and Mrs. N. T. Jones of Norton. In 1885 deceased was united in marriage to Miss Sophia Smith, who preceded him in death only two weeks ago. The surviving children of this marriage are Alto, Charley, Ross and J. L. Lee, all of Maverick; and two daughters, Mrs. Ella Mae Underwood, Sanderson, and Mrs. J. L. Simmons, Ballinger. Thirty-nine grandchildren survive.

Deceased was one of the few remaining of his generation—a generation of a proud and splendid strain of the old southern type. Born just before the internecine strife of the sixties and thus suffering through those awful days that brought such havoc to the South, "Uncle Joe" Lee, like all the others of his generation, loved the old South and its traditions and therefore yielded his spirit of loyalty to his country to no man. "A gentleman to the manner born," with all the fundamental traits of splendid and noble character deeply set in his nature, "Uncle Joe" Lee could not be otherwise than a splendid and great man. Personally, the writer never meets one of his type of his generation that we do not feel like asking that his benediction fall upon us.

"Uncle Joe" is gone, far as his walks with us here on earth are concerned. Yet he is not dead—for, the large number of old time friends and West Texans from various places who gathered Sunday afternoon to pay tribute to his memory attest that he will live on. There were many

## News of Bronte High School Activities

### Thanksgiving Celebrated In Various Ways

Thanksgiving holidays are over for the Fourth Grade, but some of the girls and boys are looking rather pale. They forgot to read the Health book and ate too much turkey, dressing, jams, cakes and pies. However, everyone had a happy time visiting, going to the foot ball game, and helping at home.

Geneva Tomlinson visited in Lampasas, Golden Hensley visited his mother who is in a hospital in San Antonio; others visited nearby relatives.

### Fifth Grade Citizenship Club Has Called Meeting

Monday morning, November 28, Bob Good, President of the Fifth Grade Citizenship Club had a call meeting to find out how many had taken part in the destruction of the Texas crop of turkeys.

Billie Dan Labenske and Mary Dean Cresap visited in Rankin; Mary Ruth McQueen spent Thursday in Water Valley; Jean Hageman visited in San Angelo and Sweetwater, but they did not fail to do their part with "Mr. Turkey." It is even reported that Billie Dan Labenske used castor oil as a "fifth course."

Ten Club members were right behind the Longhorns who were fighting for Bronte High in the Thanksgiving foot-

ball games against Robert Lee. Other Club members stayed at home or visited nearby relatives but all report happy times with an abundance of good things to eat.

Mr. Hamblen, music director, visited in Abilene.

The Club members are not sure but they believe Mr. Hamblen's "fifth course" was very much like Dan's.

### Sixth Grade Club Members Enjoy Thanksgiving

All members of the Sixth Grade Citizenship Club proved they were good-citizens by observing Thanksgiving Day with feasting and games as the Pilgrims did of old. Turkeys, chickens, hams, salads, cakes and pies prepared by mothers were "laid waste" in forty different homes.

More than half of the Club members watched the hard fought game between the Bronte Longhorns and the Robert Lee Steers. James Williams visited in Midland; Alfred Bannowsky went to Junction; Ruth Stevens visited her grandmother in Sweetwater; J. C. Walker was at Seagraves; Thelma Jean Bell and C. H. Webb were San Angelo visitors.

### Seventh Grade Pupils Give Holiday Reports

In a call meeting of the Seventh Grade Citizenship Club the

President, J. L. Hudman, asked for reports on the Thanksgiving holidays.

Many of the Club members and their sponsor, Mrs. D. Hull, spent Thanksgiving afternoon in Robert Lee watching the Long horns battle with the Steers.

Hollis Stevens and Dick Wylie had "turkey" in Sweetwater while other members had part in "carving" of sixteen turkeys.

J. E. Rogers and Marcene Best visited in San Angelo during the holidays.

### Bronte Teachers Attend State Convention

Seven of the Bronte teachers attended the Texas State Teachers Convention in Dallas during the Thanksgiving holidays. Mr. Covey left Wednesday afternoon and drove to Austin where Mrs. Covey joined him, and they journeyed to Dallas Thursday. The remainder of the group left Bronte early Thursday morning and arrived in Dallas that afternoon. Besides attending the general meetings and inspecting exhibits by the different schools, each teacher attended divisional meetings which pertaining to their particular work.

The teachers who attended the meeting were: Mr. B. B. Covey, superintendent, Mr. W. W. Mullins, principal, Mr. O. C. Ernell, Miss Nell Lowery, Miss Mary Roach, Miss Mildred Clyburn, and Mr. and Mrs. J. T. Henry.

### "PREACHER" TOM PRICE VISITS HIS OLD HOME

Mr. and Mrs. T. C. Price and Mr. and Mrs. Will Price and daughter, Miss Anna Lee, spent the week end visiting relatives and old time friends at Llano, Lampasas, Kingsland and other places in the Llano section of the country. They went down Friday and returned Monday.

T. C. Price left Llano for the Bronte country November 11, 1898, and had never been back to his old home on a visit until this time. So, it is safe to guess that he had "the time of his young life." Speaking to the editor about his trip and how much he enjoyed going back to "the old places and scenes of the yesteryears," Mr. Price stated that there was much that was enjoyable, much that was pathetic and much that was amusing. One of the most amusing things to Mr. Price was that he was walking down the streets of Llano, and passed a group of men on the sidewalk. He heard one of the men say to the others: "I do not know who that fellow is but I'll bet you that he is a preacher." One of the others who had already met Mr. Price told who Mr. Price was.

All of the group had a delightful time and will always enjoy going for a few days visit—but, "back to West Texas for us" is the way each one of them feels about the place they call "home."

tears of gratitude shed by those in attendance because of the fact that they had known "Uncle Joe" and at some time during his long, quiet, yet useful life he had blessed them.

Personally, the writer loses a friend—one who was a friend in the time of need and that means he was a friend indeed. Hence with the children and others we pause to shed a tear to the memory of this splendid, old fashioned Southern Christian gentleman, patriot and our own good friend. May his rest be undisturbed!

### MISS BOWEN, EXPERT DERMATOLOGIST, IS TO BE IN BLACKWELL.

Miss Lillian Bowen of Dallas, a graduate dermatologist, will be in Blackwell next week, from Monday till Saturday, at the Carlisle's store, where she will give lectures and demonstrations to the ladies who call on her, on the care and the treatment of the skins.

Miss Bowen holds her certificate as a dermatologist from the state, and is recognized as one of the most thorough and careful and painstaking demonstrators as well as lecturers in Texas in her line of work.

Miss Bowen is the representative of the Martha Lee Cosmetics Company. Her Company retains Miss Bowen as a demonstrator and lecturer to instruct the ladies in the communities where she goes as to the best way of treating their skins in order to retain healthy cuticle as well as to retain their charm and beauty. Wherever Miss Bowen goes and gives her demonstrations, so pleased are the ladies, and the dealers in Martha Lee products, that her return is always looked forward to with more than ordinary interest by those who are interested in her line of work.

A lady of culture and charm and an adept in her line of work, Miss Bowen always makes friends of both her patrons and the local dealer. Therefore, T. A. Carlisle, owner of Carlisle's, has an announcement in this issue of The Enterprise to the ladies of Blackwell and surrounding communities, advising of Miss Bowen's coming for the week, beginning Monday, December 5 and continuing thru the following Saturday. Mr. Carlisle requests The Enterprise to state that he cordially invites the ladies who did not meet Miss Bowen on her last visit to Blackwell, about a year ago, to call this time and get the benefit of Miss Bowen's wonderful and expert knowledge of the treatment and care of woman's face. Mr. Carlisle says that he

### STUDENTS HOME FOR THANKSGIVING

Several Bronte boys and girls, who are away attending school were home for the Thanksgiving holidays. Among those we noted were Miss Iva Dell Modgling, Hardin-Baylor, Belton; Farris Mackey and Jimmie Eubanks, Oklahoma University; Jr. Cum-bie, Hardin-Simmons, Abilene.

### FINANCIAL RESULTS OF THE P. T. A. PLAY

Last week in reporting the play, "Romance in A Boarding House," on November 17, sponsored by the local P. T. A. the amount of the financial returns was not given. The Enterprise is advised that the P. T. A. realized \$81.20. Quite a neat sum and the members of the P. T. A. are appreciative for the patronage accorded them.

### MARRIED

The first marriage of the holidays reported to The Enterprise was that of Mr. Robert Kirchman of Bronte and Miss Hilda McCutchen of Robert Lee, which was celebrated Saturday afternoon, November 28, 1938, at the home of Justice H. M. Robinson, Justice Robinson officiating.

The bride is the daughter of Mr. and Mrs. W. M. McCutchen of Robert Lee. She is one of the accomplished young women of Robert Lee, having been a member of the graduating class of the Robert Lee school last spring. She has many friends who will wish her happiness.

The groom is the son of Mr. and Mrs. T. M. Kirchman. He holds a position as cook at the Gilbert Bros. Cafe. His friends are congratulating him on his winning of the one he has as his life's companion.

feels all that is needed to be said to the ladies who have met Miss Bowen is simply to let them know that he has been fortunate enough to get Miss Bowen to return again for another week in her work! Read the announcement.

## The "Beauties" Hide From This Old Bronte Boy

The Enterprise received the letter below from our good friend, B. E. Sanders of Henderson, Texas, a former old Bronte boy and a reader of "the old home town paper."

We appreciate this letter very much, for two reasons: First, the fine spirit the letter reveals as to the appreciation of the writer for his old home town paper and the fact that he is willing to "pay off" for the privilege of keeping the paper coming to him. There are some hundreds of Enterprise subscribers who could follow this fine example. The price of one subscription does not amount to so much, but when it comes to several hundred, then, it gets to be a worthwhile item. Say, folks, both those here, "near home," and our regular readers elsewhere, suppose you follow Mr. Sanders' example and "play Santa" with the editor? Send in your remittance on your subscription, so the editor can also "play Santa" with a few gifts to friends and loved ones. What do you say? Our readers are scattered from California to New York City.

Our second appreciation of this letter is in the fact that the writer bewails the fact that "the beauties" down around Presidio "took to tall timber" when they heard he was in those regions. Of course, he was speaking of the fleet, four-footed, "beauties" that he went down there to kill. We daresay, he can make a sure-enough "killing" with some of the American beauty variety of "beauties," if only he would "load his gun" with "sugar" and "taffy." If he would do that, it would not be many moons till "the glad bells" would be ringing.

Thanks, Mr. Sanders:  
Henderson, Texas,  
November 24, 1938.

Bronte Enterprise,  
Bronte, Texas.  
D. M. West, Pub.  
Dear Sir:

It is Thanksgiving Day, one of the two distinctly American Holidays of the year. Some of the things we should recall on this day only directly require "Thanks" from us—they are too big and important to be "paid for." Some, we are so glad to get that we are glad to pay "cash" for. The "old home paper" is one of these.

So since you cannot continue to print it with "thanks" I am enclosing the Dollar subscription fee as evidence of my "renewed" appreciation of the ENTERPRISE. It's advertising columns indicate that it reflects the "enterprise" of merchants of that section as well as that of the Publisher in going after business.

On my recent deer hunt in Presidio County I became convinced that the beauties heard I was coming and kept well out of sight.

Very truly,  
B. E. Sanders.

### A SON IS BORN

Born, Sunday, November 27, 1938, in a San Angelo hospital, to Mr. and Mrs. James Glenn of Maverick, a fine baby boy. Mother and son are both reported as doing excellently.

Ed Fletcher and son were business visitors in Sweetwater, Thursday.

**GOV. ALLRED URGES WIDESPREAD SUPPORT CHRISTMAS SEAL SALE**

AUSTIN, Dec. 1.—Widespread support of the Christmas Seal Sale which finances the work of the national, state and local tuberculosis association was urged today in the following proclamation issued by Governor James V. Allred at Austin:

"The advent of the Christmas season with all its prospective pleasures bring to mind the joy and satisfaction arising from the ability to make others happy.

"For many years there has been conducted an annual nationwide sale of Christmas Seals by the National Tuberculosis Association and its affiliated organizations, the proceeds of which

furnish the financial sinews that aid and accelerate the triumphant endeavors of the medical profession and benevolent and charitable organizations to curb tuberculosis.

"Confronted as we are with the necessity of continuing this important battle, now that the fruits of victory have been achieved in large measure, as is indicated by statistics compiled by

the National Tuberculosis Association and by various public and private instrumentalities which have undertaken in the interest of humanity to suppress completely this preventable and curable disease, to the end that future generations may profit and benefit by the diligent and determined efforts to relegate tuberculosis to the footnotes of medical history,

"Now, Therefore, I, James V. Allred, Governor of the State of Texas, do hereby proclaim to all our people The Annual Sale of Christmas Seals to be conducted from November 25th, 1938, to the beginning of the year 1939, at the same time urging them to lend every support to this great humanitarian endeavor by purchasing these 'seals of health' thus insuring that the benevolent work of eradicating tuberculosis may be consummated."

**PROGRAM OF WORKERS MEETING OF RUNNELS BAPTIST ASSOCIATION**

To be held at Sanco December 6th, 1938.

### "UNCLE JIM" HENDRY DIES AT BLACKWELL.

Jim E. Hendry died at the home of his son, A. S. Hendry, near Blackwell, Wednesday night. Interment was in the Blackwell cemetery late Thursday afternoon, following religious services held at the home. The religious services were conducted by Rev. I. T. Huckabee, pastor of the Blackwell Methodist church, assisted by Rev. J. H. Dean, pastor of the Blackwell Baptist church.

Deceased was born in Florida March 15, 1854, making him to be in his eighty-fifth year when death called him from the walks of life. When a small boy he moved with his parents to Georgia where he resided until he came to Texas many years ago.

When he was twenty-five years old deceased and Miss Emma Sinclair were united in marriage, who preceded him in death only three years ago. To them three children were born, who survive to sorrow over his passing. They are Mrs. Margaret Harrell, Quitman, Georgia, Mrs. Kate Kirk and A. S. Hendry, both of Blackwell.

For more than 50 years deceased was a steward in the Methodist church. At Wingate years ago, when he resided there, he was the largest contributor to the building fund of that church. His pastor paid worthy and beautiful tribute to

the memory of deceased, stating that a god man had passed. The Enterprise extends deepest sympathy to the children.

## New Model City To Be Shown at New York Fair

NEW YORK (Special)—A magic carpet ride through space two miles above "Democracy," the perfectly integrated garden city of tomorrow, will feature the central theme exhibit of the New York World's Fair which opens April 30, 1939.

The exhibit, created by Henry Dreyfuss, industrial designer, will be dramatic in form. It will reach a stirring climax when, out of the distant skies above the floating audience, will troupe marching legions of workers, symbolizing the interdependence of man in modern civilization.

Nearer and nearer they will tramp, until the whole arch of heaven is filled with towering figures, arms upraised, singing the song of tomorrow. As the final strains of this marching air die away, great streamers of colored light shoot forth from the zenith, drenching the sky from horizon to horizon in all the hues of the rainbow.

### A Dramatic Show

This dramatic show will be housed in the eighteen-story Perisphere, companion structure to the 700-foot Trylon, which constitute the architectural focus of the Fair.

An entirely new method of projection, utilizing slides instead of film, will be employed to throw the moving figures on the sky. New methods of fluorescent lighting will be used.

The garden city itself will be a model—one of the largest ever built and the first to portray a full-size metropolis catering to a million people and complete in every last detail. This city of tomorrow will serve 1,000,000 people, but no one will live in it. Homes will be in suburban developments. Factories also will be located in satellite towns, and broad green belt areas will circle both city and towns.

### Model City Possible

City planners, engineers, architects, landscape architects, airport specialists and other experts collaborated on the design of "Democracy," and so accurate is the model that, according to Mr. Dreyfuss, it could be given concrete reality today were sufficient funds made available. Blueprint drawings have been made: not only of street layouts, harbors, airports, athletic fields and civic centers but of traffic and pedestrian over-passes, theatres, hospitals, shops, bridges, dams and apartments.

The entrance to the theme exhibit will be high up on the side of the Perisphere fifty feet above the ground. Access will be by means of the two longest moving stairways ever built in this country. Visitors will enter on two levels and step on to two magic carpets or revolving platforms placed one above the other and moving in opposite directions.

## AIRVIEW OF NEW YORK FAIR AS IT IS TODAY

A New York World's Fair 1939 flying cameraman took this aerial photograph of the Perisphere and Trylon at the Theme Center of the Fair just as the final rivet was being driven in the 200-foot sphere. In the foreground is the New York City Building, now serving as the Summer City

Hall, while behind the Perisphere may be seen Constitution Mall extending to the Lagoon of Nations and the Federal group of buildings on the far side of the grounds.

## Thrills Aplenty for Women At New York Fair, 1939

NEW YORK (Special)—The thrill capital for women next year will be the New York World's Fair. Designers, merchants, manufacturers, artists, governments—all "the authorities"—have seen to that.

And yet, uniquely enough, there will be no "woman's building" at the \$150,000,000 exposition. Fair officials at the outset decided against such "segregation." Grover A. Whalen, president of the Fair Corporation, said that "a woman's building at a modern-day exposition would not be in tune with the progress of woman-kind."

Now, in this last year of construction, it is already obvious that woman is going to have her due at the New York fair. Those fortunate enough to attend are going to know thrills that will live with them always. The following presents only a pot-shot at all there will be to interest and delight women in the 1216½ acres of fair grounds. It is one observer's idea of what to see where.

### Some of the Wonders

**House of Jewels**—a \$5,000,000 display, by gem mining concerns and leading jewelers, showing stones in the rough, precious gems in finest settings, famous gems and perfect examples of goldsmith's and silver-smith's art.

**Apparel and Accessories**—in their own building along Petticoat Lane—a \$750,000 exhibit of all dear to woman in her costuming and in furs, hats, handbags and similar wearables or gadgets.

**Cosmetics Building**—showing just about everything ever done since the history of beauty aides and preparations began a few thousand years ago—with accent on the cosmetics and perfumes of today and a look at those of tomorrow. (They put thousands of dollars' worth in the cornerstone alone.)

**Hall of Textiles**—showing how they (worms to machines) make woven fabrics—hand looms, demonstrations of needle arts, discourses on home furnishing materials—silks and woolsens here, rayons in one wing, cottons in another, 68,095 square feet, to be exact, of allied exhibits.

### Health and Science

**Home Furnishings Building**—"heart of the Community Interests Zone," with its focal display showing the meaning of "Home" in present and future phases and how to create one of your own—all in exhibits that thrill.

**Medicine and Public Health and Science and Education Building**—a "famous first" exhibit showing the wonders to be accomplished by due attention to the "body beautiful"—a must attraction that'll not leave one with a dull moment.

**Gas Industries Building**—everything from a laboratory to an all-gas house, a cooking school and a gas flame 50 feet high—spectacular but looking to comfort at home.

**Food Buildings 1, 2 and 3**—putting romance into the age-old task of fixing a meal, by and with the world's knowledge and products.

**Horticultural Exhibit**—acres of gardens, flowers and equipment (with a chance for a cup of tea).

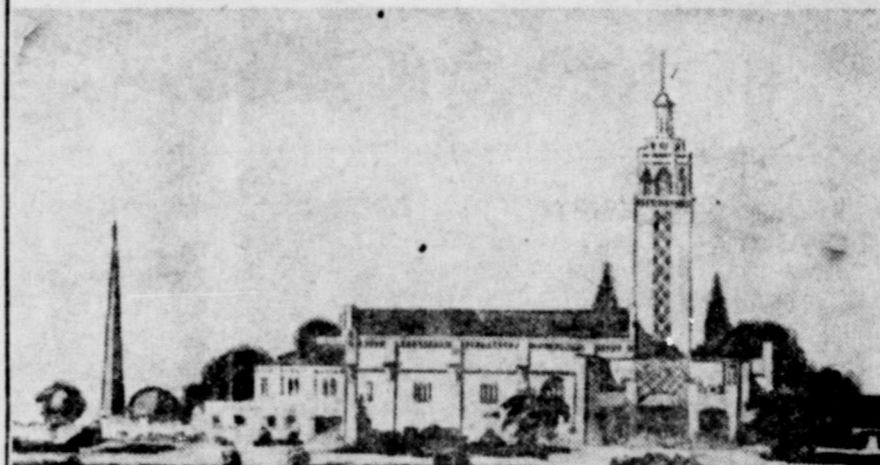

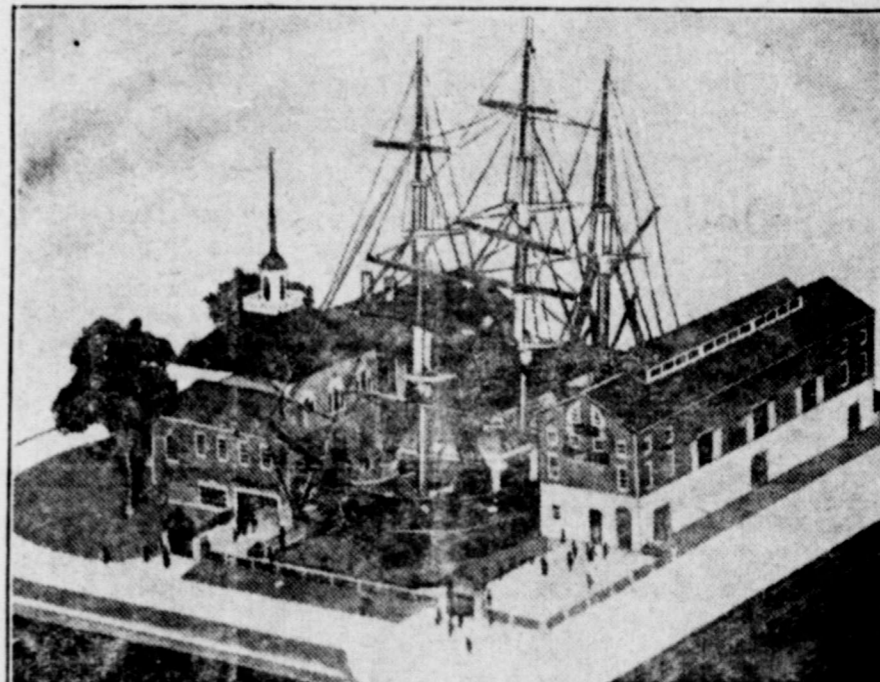

### Thrills in a Lifetime

**Theme Centre**—thrill of a lifetime from a ride on the "Magic Carpet" through the 200-foot globe and the World of Tomorrow.

**Contemporary Arts Building**—World's Fair Theatre (music and drama)—Consumer Building—an "Hospitality Centre," first of its kind, for feminine get-togethers—spectacles on the island stage of New York State's Amphitheatre on Fountain Lake—products and kitchens of the world in two score foreign-built pavilions—the Hall of Nations, the Court of State Buildings, the \$3,000,000 Federal Exhibit—buildings of industries and the City of New York—nightly spectacles of water-fire-color-and-sound—280 acres of amusements—and, withal, a setting of courts and garden with an ample supply of shaded benches.

Refreshment to go on and on may be had in any one of some 80 restaurants, affording a total of 43,200 seats, and serving the meals of almost every known nation. And—perhaps most thoughtful provision of all—the youngsters can be parked in the Children's World where they'll be happy and well-cared for.

## Typical State Buildings At New York Fair 1939

At the top is a model of the New England Building for the New York World's Fair which opens on April 30, 1939. The scene is a typical New England waterfront with a 135-foot sailing vessel lying at dock. On one side is a merchant's warehouse; on the other, a two story structure indicating the Bullfinch contributions to New England architecture.

In the middle is the Florida exhibit which will occupy 2½ acres of ground and will depict the citrus industry, phosphate mines, animal life and other resources and advantages of the state.

At the bottom is the building of the state of Missouri in which will be shown the industrial, agricultural and recreational life of the state.

**Blackwell Foot Ball Team Makes Good Showing**  
 The foot ball season is over. The Blackwell boys got a slow start but won all of the last games. They won 6 games out of ten. The last game they played they won over Sylvester who had not been defeated this season. The Basketball season opens this week. Coach Mason announces they will play Maverick Thursday night at Blackwell.
