Legion Barbecue A Big Affair With "Good Eats"

The annual barbecue and Armistice celebration of the George Scott Post, American Legion, was held Friday night at the Baptist tabernacle and the Methodist church.

The barbecue supper was served at the tabernacle and the program of the evening was rendered at the Methodist church.

The largest attendance of many years attended Friday evening. The crowd was estimated at from 400 to 500 people present for the barbecue, nearly all of whom remained for the program that followed.

The main feature of the evening's program was an address by Hon. Dorsey B. Hardeman of San Angelo, member of the legislature from that district. Judge Hardeman addressed the crowd along patriotic lines, bringing a message that enthused his hearers and inspired them with patriotic thoughts in these times of war beyond the seas. Judge Hardeman is being urged by many to enter the race for Congress from this, the 21st congressional district.

H. O. Whitt had the oversight of the arrangements of the affair and he and his "buddies" thank each and all for all the fine cooperation given in providing the barbecue lunch with the other accessories.

Other visitors attending the affair were Ed Riedel and Arthur Sitas of San Angelo, both of whom are leaders in legion affairs in that city and throughout West Texas.

Ear Of Corn From Far Away Iowa On Display

There is hanging in the front window of The Enterprise office an ear of corn which the editor appreciates—for, there is associated with the corn a story that interests the editor.

In the first place, it is a story of the thoughtfulness of an elderly gentleman from the faroff north state of Iowa, for the editor. The story is this:

Mr. and Mrs. Weldy Lutz and daughter, Mrs. Hazel Blanchard, of Eldon, Iowa, for many years have come south for the winter—to revel in the warm and healthful climate of this great southwest, away from the rigorous and cold winter months of their home state.

These Iowans are close and longtime friends of Mrs. Jane Hull—one of the longtime and popular teachers in the Bronte schools. Last year while her friends were here she thoughtfully brought them to see us that they might meet the editor of her "home town paper." We had a genuinely delightful conversation with them and found Mr. Lutz interesting in conversation as he told us about his home state. A friendship was formed. Hence when the Lutz family was ready to make their pilgrimage south for their winter visit, Mr. Lutz reached up in the wagon of one of his neighbors, who was passing, with a load of corn, and got an ear and brought all the way to far away West Texas, just to present it to his new-made friend, the editor of The Bronte Enterprise. For some days the Lutz family has been sojourning in San Angelo. But Sunday they came for the day with Mrs. Hull. In the afternoon they called on the editor and Mr. Lutz presented us the ear of corn.

Now in describing this ear of corn, we want to be careful and exact, so that if our readers want to accuse us of "telling a tall tale" about this ear of corn, we can show the proof. The ear is 12 inches long, has 60 grains to the row and has 20 rows. Thus it is seen the ear has 1200 grains of well developed corn. Now, folks, down here in "the land of drouths and nubins," the above story does not hardly sound like it could be true—does it? But, come see for yourself.

The corn is a beautiful golden yellow and is known as the National Hybrid corn. Mr. Lutz informed us that his neighbor from whose wagon he took the ear has 180 acres in corn and it will average from 104 bushels to 108 bushels per acre.

Mr. Lutz told us of instances where corn produced as much as 160 bushels per acre. However, he said that this year was one of the most mammoth corn crops in 50 years in his home state.

The Lutz family departed from San Angelo Monday for San Antonio, where they always spend the winter. The writer greatly appreciates the visit of these excellent people, though the visit was short and we hope with each recurring winter as they come south, they will take time to call to see us—the fact is, we would be glad to have them come to make their home here in "the land of perpetual sunshine and blue skies."

A STORY THAT WILL BEAR REPEATING

Sixteen years ago, our good friend, J. Robert Knierim, who at that time was just "a tiny wee little boy," told us a story. The story was so good and "fitted the case" so thoroughly that we reduced the story to writing and published same in The Enterprise. J. Robert at that time was—well, we are not going to state just how young he was, for that would give the young ladies the advantage of him in the matter of knowing each other's age. The story is given below.

Anyhow, the other day, the mother of J. Robert, just as doting mothers will do, was going through some of the keepsakes of J. Robert and she found the story which J. Robert had clipped out of The Enterprise and put away, as one of the things he desired to keep. His mother brought the clipping to us and reminded us of the story, away back in the yesteryears. We begged for the clipping that we might reprint same. So, without the knowledge of J. Robert, we are venturing to reprint the story—and we are doing it chiefly to raise the question with you, dear reader, as we raised with our readers back in the other years when we first printed the story: are you in arrears with your subscription? And do you feel that when you read the story it will make you "shrink up," the treatment you are according your "old home town paper?" Who will start "the grand rush" to pay up their arrears on subscription to the paper that tries every day in the week to serve you and yours faithfully? Have you been as loyal to your "home town paper," as it is to you? We will be in our office all day Saturday, with receipt book and pencil, ready to receipt everyone who pays.

Thanks.
The story follows:
The Man Shrank Up

Our fine boy friend, J. Robert Knierim, gave us a story the other day, he had read, and he gave it a local coloring that deeply interested us.

The story was as follows, as J. Robert related it to us: A citizen of Bronte section of country was out in the woods, a heavy rain began falling. To keep dry the man crawled into a hollow log. The log got wet and began to swell. It continued to swell until the pressure got oppressive to the man inside the log. He tried to get out of the log but could not. He finally got frightened and believed that he

Bronte Longhorns Romp Over Miles By Score Of 12-0

The Miles Bulldogs and the Bronte Longhorns fought to a scoreless standstill for three quarters on a muddy field at Bronte last Friday.

At the end of the half the score was Miles, 0; Bronte, 0. Both teams were strong on the defense during the first half, each waiting for the break that would mean a score.

The Longhorns came back the second half with all intentions of scoring. They drove deep into the Bulldog's territory time and time again during the third quarter only to lose the ball on downs for a penalty. Once in the third quarter the Bulldogs drove to the Longhorn's 8 yard line after taking the ball on a fumble on Bronte's 40 yard stripe. B. Modgling successfully kicked out to Miles on Bronte's 45 yard line. A few plays later Suggs blocked a Bulldog punt to give Bronte the ball. Bronte advanced to the Miles 20 yard line before the third quarter ended. Score: Bronte, 0; Miles, 0.

Play for the fourth quarter began with B. Modgling carrying the ball off tackle and thru center to the Bulldog's 3 yard line. Miles took the ball on the 5 yard stripe when Modgling fumbled. Miles kicked to Percifull who took the ball on the 50 yard line and gained 5 yards. On the next play the Longhorns stamped and marched on down the field for a touchdown. The try for extra point failed. Score: Bronte 6; Miles, 0.

After kicking to Miles the Longhorns held them for three downs. Percifull taking the fourth down on Bronte's 25 yard line broke loose for a thrilling touchdown run only to be called back for stepping out of bounds on the 57 yard stripe. On the next play B. Modgling took the ball on an off tackle play for a 58 yard touchdown run. In the last few seconds of play the Bulldogs opened up with an aerial attack, chunking pass after pass but failed to click. The game ended with Bronte winning 12 to 0.

The Longhorns will tangle with Lakeview at Lakeview Friday. (Today.)

Club Officers To Be Elected Next Meeting

The monthly luncheon of the Community Service Club was held at the Gilbert Cafe Wednesday as scheduled. The menu was excellent and the business session followed.

No matters of special importance were before the club except that of election of officers for next year. Chairman H. O. Whitt was authorized to appoint a nominating committee to recommend a ticket to the club at its December luncheon for officers to direct the club's destiny through 1940. The chairman appointed B. B. Covey, Robt. Knierim, Will Wrinkle, J. M. Rippetoe and J. B. Mackey as the nominating committee, with instructions to recommend to the club on the above date, the names of those who will make up the official family for the ensuing year, provided the club sees fit to ratify the nominations.

Murphy, Clara Sue Scott, and Loretta Tannehill. These girls were assisted by Billie C. Baker, and Francis Pruitt.

Euterpean Members Are Feted At Morning Coffee

Mrs. E. L. Ellis was hostess at a coffee held in her home on Tuesday morning November 14, 1939 to the members of the Euterpean Club of Blackwell. Yellow gold and bronze chrysanthemums decorated the rooms where the guests called between the hours of 9 a. m. and 11 a. m. An array of autumn leaves in their richest colorings adorned the mantel piece, among which stood an old hand wrought silver candelabra which burned golden tapers.

The dining table was laid with a hand drawn Irish Linen cloth, a gift that was sent the hostess by a friend from Ireland. The table was centered with an arrangement of lovely chrysanthemums in an antique copper bowl set on a reflector. Softly strains of music were heard throughout the entire time, which was furnished by four high school girls, Mary Nell Copeland, Elma Lee Grimes, Virginia Finley and Marie Talley.

A three course breakfast consisting of fruit cup, grilled ham adorned with nutted pineapple rings, shirred eggs, pecan waffles topped with maple sauce or orange marmalade, with coffee was served to fifteen guests. The plate favors were of miniature high hat orchestra men, each with a different musical instrument.

The following guests called: Mmes. Austin Jordan, Leroy Stone, R. E. Post, H. C. Raney, J. O. Raney, R. H. Hamilton, C. J. Harris, E. L. Bryan, Jack Steuart, C. B. Smith, W. W. Youngblood, Joe Oden, A. N. Richards, J. Roy Sanderson, R. V. Copeland.

From the standpoint of "a good time was had by all" this informal coffee takes the top-most spot on the social calendar of the season.

log would continue to swell and
thus close in on him until it
would squeeze the life out of
him. So he began to make prepa-
rations to die—he began to
think of all the mean and the
little things he had done.

Finally he thought of the fact
that he had been reading The
Enterprise, "the old home town
paper," for several years, yet he
had never paid the editor a
nickel on subscription. He could
not get his mind off that one
thing. The more he thought
about how he had treated The
Enterprise and the editor in not
paying his subscription, the
smaller he got. Soon he had be-
come so little that he could crawl
out of the log.

We appreciate this story very
much with the local coloring our
young boy friend gave it. And
fe are not going to make any in-
sinnuations. But we wonder if
there is anybody to whom the
story is applicable?

One thing is certain, when J.
Robert is grown and gets out in-
to life for himself, it we are still
editing The Enterprise we are
going to make him a complimen-
tary life-time subscriber.

In the meantime, we wonder
if there is anybody who has a
story of the same kind that will
beat this one of J. Robert's for
having a "sticker" on it? If so
we will pay reasonable for the
story.

Two Automobile Ads Of Interest To Auto Owners

In the columns of this issue of The Enterprise are two advertisements by the same automobile dealer that are of more than passing interest to every auto owner in the Ballinger trade territory.

Reference is made to the ads of Holt Motor Company of Ballinger. One ad is an announcement by this progressive auto Co. of dealers with reference to the fact that the Ford plant for repairing or overhauling wrecked or damaged cars, or old cars that need overhauling has now been installed. This certainly is a service that auto owners in this section should appreciate, as they now can have their cars repaired, not by haphazard ways and by out of date machinery. But every step of rebuilding the car now is done by trained and experienced mechanics and by the very latest in the way of machinery for such car repairing. Congratulations, to you, Holt

CARD OF THANKS

I want in this way to express my deepest thanks to my dear friends who have been so kind and thoughtful of me. Dear ones as I write these lines from my hospital bed, my heart is overflowing with joy. To the dear ones who gave me the sunshine shower, I will say, dear friends, I shall never forget. To the dear people of Fort Chadbourne, Bronte, Blackwell and elsewhere, for your kindness to me while in this Winters hospital, I shall never forget you. Especially do I want to express my deepest thanks to Mrs. Condie Clark, Mrs. Cullen Clark and Mrs. Ward Thornton who gave me the shower and all the dear, sweet, kind friends who sent gifts. May God bless each and every one of you.

Essie Pearl Eads.

As her parents and sister and her sister's husband, we want also to add our word of deepest gratitude to the above. Dear friends, for what you have done for her and for us, we shall always hold in grateful remembrance. May God bless you each and all.

Mr. and Mrs. Jess Eads, Mr. and Mrs. Tige Richards.

JOE GILBERT DIES

Wednesday night, just before midnight, November 15, 1939 Joe Gilbert died, at the home of his sister, Mrs. Pearl Boyton, in Bronte.

Deceased was brought out only a short time ago from his home in Houston, with the hope that the climate of West Texas would benefit him, as he was suffering with the dreaded tuberculosis. But the ravages of the disease had gotten too strong a hold. The change in the climate seemed only to aggravate the disease and Tuesday he grew worse. His family in Houston was notified and the two sons came, reaching here, Wednesday afternoon.

Deceased was 66 years old and is survived by his wife, who could not attend, two sons, Edward and Willie, both of Houston and two brothers and sisters, all of Bronte. The brothers are Bennie and Virgel Gilbert, and the sisters are Mrs. Pearl Boynton and Miss Maude Gilbert.

The body was carried Thursday morning to a funeral chapel in San Angelo, and the family went over in the early afternoon. The funeral services were to be held in the chapel and burial in the cemetery at San Angelo.

The Enterprise joins in sympathy with the other friends of the family.
