Defense Bonds and Stamps—3 min.	Mrs. Carrie Williams
Recognition given school children.	
Red Cross—.....	Co. Chairman, Mrs. Curtis Smith
Talk—3 min.	W. C. McDonald
Newspapers Part in Defense—3 min.	S. R. Young
Address—20 min.	Dorsey B. Hardeman
Community Patriotic Sing Song	R. E. Cumbie, Leader

MRS. DERWOOD PENNINGTON was Miss Wilma Nell McCutchen before her recently announced marriage. (Photo by Price).

Marriage of Former Bronte Girl Announced

Mrs. Elva McCutchen, formerly of Bronte, but now of San Angelo, announces the marriage of her daughter, Wilma Nell, to Derwood Pennington of San Angelo.

The many friends of the bride and her mother and grandparents, Mr. and Mrs. M. P. Coleman of Bronte, of this place and throughout Coke county, will join in every good wish for the increasing happiness of Mr. and Mrs. Pennington as they enter life together. Mrs. Pennington will be remembered and thought of as the little curly-headed girl that used to be seen on the streets of Bronte.

Mr. and Mrs. Pennington are at home in San Angelo.

MARRIED

Charlie Gentry and Miss Luelle Williams of Norton were married at Ballinger, Saturday night, February 7. Their many friends will wish them every blessing in life.

Miss Geraldine Bell is working part time for the county Agent at Robert Lee.

Jessie Bird Tannehill has been promoted in military service to 2nd Lieutenant.

Bronte Minister Becomes Chaplain In the U. S. Army

Besides the goodly number of boys from Bronte and Coke and Runnels counties who have been called into the service of their country, Bronte, now, has a larger interest in the war that is being waged by the enemies of the United States and Christian civilization. That larger interest is in the fact that one of Bronte's ministers is now clothed in the uniform of the United States army.

The minister referred to is Rev. B. H. Bohmfalk, pastor of the Bronte Methodist church and the Methodist churches at Tennyson and Hayrick, who resigned his pastorate to accept the appointment as chaplain.

Several months ago Rev. Bohmfalk took the examination for an appointment as chaplain since which time he has been carrying on his church work, expecting to be called into service.

Rev. Bohmfalk received his commission and call to service, arranged his affairs and departed Tuesday for Fort Knox, Kentucky, where he entered service Wednesday. He is a first lieutenant.

Members of the local church honored Rev. and Mrs. Bohmfalk with a farewell party Friday night. They made many friends in and around Bronte during their more than two years stay in Bronte, and were universally appreciated irrespective of any church affiliations.

"Shep" Sheppard Invites Everybody to Visit Him

Elsewhere in this issue of The Enterprise is an announcement of W. W. ("Shep") Sheppard of Angelo, that he is now in the service station business in that city, and invites everybody to come to see him.

Mr. Sheppard is an old West Texas boy. He was born near

(Continued on page four)

Government to Aid Small Farmers in Food Production

New steps to increase the production of vital war foods in Texas was announced today by B. F. Vance, chairman of the Agriculture War Board for Texas, with the statement that United States Department of the Farm Security Administration would begin making loans February 9 under its extended "Food-for-Freedom" program.

"To help meet the heavy new responsibilities which Pearl Harbor brought to the nation's food producers, FSA has completed plans for a rapid extension of its program, both among its present borrowers and to new groups of potential producers," Mr. Vance said.

FSA's first obligation under its new program, Mr. Vance explained, will be to the farm families now cooperating in the rural rehabilitation program in Texas. Increased food production goals will be set up with each FSA borrower family to boost the output of essential foodstuffs such as dairy and poultry products, pork and other meat, oil-producing crops and garden produce. Supplemental loan assistance will be available for production goods, repair of buildings and livestock shelters, seed, and cooperative facilities.

"Every tenant, farm laborer,

West Texas Utilities Employees Buy Defense Bonds

Nearly a thousand West Texas Utilities Company employees in 166 communities are getting organized to help lick the Japs and the Germs with dollars—as well as kilowatts.

Results of a survey were announced today by District Manager W. O. Wallace in which it was learned that 79 per cent of all WTUers already are buying defense bonds and stamps.

Hoping to enlist the other 21 per cent in a "Hundred Per Cent Volunteer Club", it was announced that "employees who desire to purchase bonds or stamps on a regular monthly savings basis

W. O. WALLACE
District Manager

may make deposits with local WTU cashiers" and that bonds then will be issued when sufficient deposits have accumulated. Organizations are being form-

Higginbotham-Sayner Wedding is Celebrated Amid Happy Home Environs

Soldier Boys Treated to Big Lot of Cigarettes

Through the timely thoughtfulness of Jeff Bolf, chief mechanic of Wojtek Bros., auto dealers, the boys who departed Thursday morning for different military camps, in response to their call, were sent away with a "big thank you" in their hearts, and their arms bulging with cartons of cigarettes.

A large number of Coke county's boys were called to depart from Bronte, early Thursday morning, going by bus, for the camps to which they were assigned—(we are not permitted, as we understand it, under military regulations to give detailed information.) Mr. Bolf knowing the solid comfort a good cigarette always brings to the accustomed smoker, conceived a "treat" for the boys in the way of a "cigarette shower." He went out among the business men of the town and asked contributions to the boys—not money but cigarettes. As a result, there were cigarettes enough and to spare and every soldier boy went away, with his pockets and arms full of cartons of cigarettes.

Those contributing to the "cigarette shower" were Baker Service Station, Thomas Service Station, Cumbie & Wilkins, Ed Stevens, Sims Grocery, Cumbie's Red & White, Caperton Service Station, Home Motor Company, Smith Service Station, C. E. Bruton, Pittman Grocery & Service Station, Will Wrinkle Service Station, Keeney's Variety Store, Browning's Store, W. W. Millikin Grocery, Jeff Bolf, by Wojtek Bros., Bronte Enterprise.

If Coke's boys make the Japs smoke—and they will—as the boys were smoking when they left Bronte Thursday morning, the Mikado will "take to tall timber," shouting, "my gad-oh!"

Roosevelt Club Now Has 200 Per Ct. Defense Stamps

Last week The Enterprise reported that the Roosevelt Club, composed of the 8th grade of the Bronte schools, with Mrs. D. Hull as teacher and sponsor had invested 100 per cent in Defense Stamps.

This week the Rooseveltians "go us one better"—they report to The Enterprise that they have made the second investment in defense stamps, which now makes the club to have 200 per cent in defense stamps—an unequal record, we daresay. The club plans now to undertake to buy defense stamps each week. Power to you, young Americans—for, your attitude shows that you love the land of your birth, which is the land of equal rights and freedom.

Rev. Roy Stuckey of Brownwood who was rushed to San Angelo recently to a hospital, is now improving. This the friends of Rev. and Mrs. Stuckey here and at Tennyson will be glad to know.

Robert Brunson, son of Mr. and Mrs. Otis Brunson, has been promoted to corporal.

In a setting of quiet and beautiful environs, at the home of the bride's parents, Mr. and Mrs. S. F. Higginbotham, seven miles north of Bronte, Sunday morning, February 8, 1942, Miss Mozelle Higginbotham became the Bride of Lt. Frank Sayner of El Reno, Oklahoma, in the presence of immediate members of the family, and quite a number of invited guests. Rev. B. H. Bohmfalk, pastor of the Bronte Methodist church, read the marriage vows.

The bride was given in marriage by her father. She wore a

MRS. FRANK SAYNER

powder blue wool suit with blue and black accessories that matched. Her corsage was an orchid.

The twin sister of the bride, Miss Modelle Higginbotham, was maid of honor, who wore a navy blue suit trimmed in white lace, with a white carnation corsage. Lt. R. T. Caperton of Fort Reno was best man.

The bride's sisters, Mrs. Warren Hames of Crosbyton, and Miss Higginbotham, served at breakfast which was served immediately, following the celebration. (Continued on page four)

Ollie Pittman Buys Business of G. O. Edwards

A business change that became effective last week, which The Enterprise did not report for the lack of time, due to getting the printing machinery properly adjusted and other details of arranging our office completed, was that of Oliver Pittman buying the G. O. Edwards grocery and service station.

Mr. Edwards was in the employ of U. F. Taylor who formerly owned the business, until some months ago when Mr. Taylor, due to failing health, sold to Mr. Edwards. Within recent weeks Mr. Edwards became ill and not able to attend to the business. Therefore, he sold to Mr. Pittman.

The business includes the grocery business and service station. The service station handles the Phillips 66 gasoline and other products.

Mr. Pittman is an old time citizen here and has many friends who will wish him success in his new venture. Speaking to The Enterprise editor with reference to his business policies, Mr. Pittman gave assurance that he was going to continue the policies of the business that had made it a successful business, that of selling dependable merchandise at the closest possible prices. Mr. Pittman has an announcement and an invitation to everybody to visit him at his new place of business—read his ad.

Garvis L. Swanson from Tularosa, New Mexico is here visiting his parents, Mr. and Mrs. L. L. Swanson.

PNEUMONIA IS A COMMUNICABLE DISEASE, SAYS COX

Austin, Tex., Feb. 12—Carelessness in the treatment of a respiratory disease is not only foolish but very hazardous, according to Doctor Geo. W. Cox, State Health Officer, who warned Texans today to be on guard against such illness as lead to pneumonia.

Doctor Cox pointed out that pneumonia can and does strike with little or no warning, and in many instances its forerunner is a simple cold, an attack of influenza, or some other respiratory infection.

"A cold or any other infection of the breathing passage which makes one constitutionally weak, especially if accompanied by fever, demands the immediate attention of the family physician," Doctor Cox said. "To self-treat and fight on one's feet a condition of this kind is to endanger life unnecessarily. It is advisable to take all possible steps to avoid respiratory illnesses since they so frequently lead to that most dangerous complication—pneumonia."

Doctor Cox stressed the fact that it is important to build up normal, physical resistance by sufficient indoor ventilation, adequate, nourishing food, outdoor exercise, and, sufficient sleep but added that the family physician should be called immediately if, in spite of such care, a respiratory illness develops.

"Guard against pneumonia which is a communicable disease," Doctor Cox urged. "It may be acquired by direct or indirect contact with a pneumonia patient. Reduced bodily resistance resulting from habitual disregard for normal physical requirements makes pneumonia doubly hazardous," he added, "and I can not emphasize too strongly the importance of consulting a physician immediately upon the appearance of a respiratory ailment."

APPRECIATIVE

We desire to thank the good people of Tennyson and Bronte for the financial assistance given us following the fire that destroyed our home and its contents recently. Such friends make life worth while. We shall always cherish your friendship and kindness.

C. A. Crimm and family.

BUY DEFENSE BONDS
(Continued from page one)

small owner-operator and parted in the nine districts with the chances described as 'good' that 100 per cent of all regular employees will, sooner or later, voluntarily join in a systematic purchasing program. A preliminary survey indicated that only six or seven were so far undecided as to their plans, mostly men expecting immediate call to the armed forces or holding part-time jobs.

Mr. Wallace said that participation will be strictly on a voluntary basis and that the program will supplant a payroll allotment deduction plan.

The company recently announced purchase of \$50,000 in U. S. defense bonds subscribed on a pro rata basis in the various communities it serves.

It also announced that no payroll deductions would be made since it appeared unnecessary inasmuch as such a large percentage of employees had made their plans to buy bonds and stamps and that the organization would be far above the average in "real support" of the defense program in all of the communities served.

The announcement was accompanied by a rush to selling agencies to "catch up" on bond purchases. One employee, it was learned, drew savings of \$375 from the bank, investing the entire amount in the bonds.

"Including the loyal support of the men and women of our organization, and the \$50,000 subscription by the company, we are indeed proud of the part taken by our West Texas Utilities in the defense program and challenge any similar institution, even a fraction of its size, to surpass our record," Mr. Wallace said.

Over 40 employees of the company, he added, now are serving in the armed forces with a dozen others expecting immediate call.

TRAINED YOUTH GO FROM SHOPS INTO THE WAR INDUSTRIES

Austin, Feb., 12—One every minute, day and night, Sundays and holidays included—that's the rate at which NYA trained youth are going from the national defense work experience shop of the National Youth Administration into war industries, with Texas contributing 250 a week to the national total.

In a report made public today, State Youth Administrator J. C. Kellam announced that the National Youth Administration Program in Texas is geared to our war effort with 12,000 Texas youth employed on the out-of-

school programs. A high percentage of these youth are getting experience and training in the metal and mechanical fields essential for jobs in war production industries and for the mechanized branches of the armed forces. Others are preparing for occupations essential to the public health and to civilian defense.

"NYA youth learn a job by doing it, in workshops using production methods corresponding to those in private industry. These young people acquire experience and dexterity in the handling of tools and machinery, familiarity with trade terms and mechanical processes, proper work habits, and general shop and safety practices, and, in addition, they also regularly attend related training classes provided by the local school systems in cooperation with the State Board for Vocational Education," Kellam said.

There's 60 defense work experience centers and projects in operation by the NYA in Texas in which out-of-school youth between the ages of 17 and 24 are given work experience and training in such occupations as lathe

EIGHTH GRADERS ENTERTAIN PTA

It was a happy occasion Tuesday with the eighth grade class in the Bronte schools, when they entertained the PTA.

The girls of the class have been knitting—they exhibited some of the blocks they had knit.

Several songs and readings made up the program of the afternoon.

operation, welding, radio, sheet metal, forging, foundry, machine shop, ground aviation, and power sewing machine work.

"The success of the NYA defense work experience program is indicated by the fact that our youth are going into jobs in private industry at the rate of 1,000 every month in Texas and 43,000 a month nationally. The United States employment Service selects youth for NYA Defense Projects and helps to place them into regular jobs in defense industry. In recent weeks NYA youth have secured jobs in such plants as the North American Aviation Company, Consolidated Steel Corporation, Ltd., Hughes Tool Company, Texasteel Manufacturing Company, Consolidated Aircraft Corporation, Lone Star Munition Plant, Reed Roller Bit Company, and the Boling Machine and Welding Company.

Out-of-school youth are paid a small monthly wage to enable them to pay their own way while they are employed by the National Youth Administration in Texas getting practical experience and training for industrial jobs.

GOVERNMENT AID

(Continued from page one) time farmer who has sufficient acreage available to produce war foods will be eligible for a special loan to purchase a cow, hogs, chickens, garden tools, canning equipment, feed seed, and many other food-producing facilities," Mr. Vance said.

Part-time farmers include those who derive only a portion of their income from agriculture, supplementing it with off-the-farm work.

The new FSA "Food-for-Freedom" loans may run as high as \$500 per family. Loans for livestock and equipment will be repayable over not more than five years, while loans for seed, feed, fertilizer and similar items will be repayable in one year, with interest at 5 per cent.

The War Board Chairman said

that special authorization also has been given FSA for loans to boys and girls participating in "Food-for-Freedom" clubs—4-H and FFA Clubs engaged in organized and supervised projects for the production of such commodities as dairy and poultry products, hogs, sheep, rabbits or garden produce. Eligibility will extend to members of Future Farmer groups, 4-H Clubs and other organized groups prepared to carry out a war food project.

"Financing of cooperative projects to undertake purchasing of

seed, feed, equipment and other needed agricultural items and the development of marketing facilities and outlets also is included in the FSA expanded war program, the chairman said.

He explained that, since FSA is not in competition with private financial institutions, loans will be made only to farmers and stockmen who cannot get adequate credit from other sources.

FSA officials have worked out simplified application forms so that the new loans can be made quickly, easily and with a minimum of "paper work."

RIGHT NOW—

A Wool Suit or Topcoat is a Wise Investment

WE BASE OUR OPINION ON THESE THREE FACTS

FIRST—

The government rationing of wool for civilian clothing does not mean that the number of suits and topcoats produced will be less, but it does mean that the wool content in each garment will be less.

SECOND—

We know that prices on the new part-wool clothing will be substantially higher than the present prices on all-wool clothing.

THIRD—

With the new style restrictions forecast for Fall the clothing we have on hand will be at a premium for the coming Fall Season.

In spite of the fact that the government is rationing wool for civilian clothing made in 1942, S & Q's prices for Society Brand, Yorkshire and Hollywood-Styled clothing now in stock are still the same as last year. A wise investment now is good sound advice and not "scare advertising."

REPAIR and PROTECT

There has never been a time when repairs meant as much to your property as now. The Federal Government is urging every property owner to repair and protect now, so as to aid in conserving the resources of the country. While complete stocks of needed materials may be found at our yard now, this may not be the case later on, as many materials are being diverted to National Defense projects. So we advise you, for your own protection—make needed repairs NOW!

Miss Higginbotham Feted at Pre Nuptial Gift Tea

On Wednesday, February 5, Miss Mozelle Higginbotham, bride-elect of Lt. Frank Sayner of Fort Reno, Oklahoma, was honored at a gift tea in the home of Mrs. Emmett Caperton. Co-hostesses were Miss Savannah Ruth Caperton, Miss Alma Jane Cumbie and Miss Geraldine Lee. In the receiving line were Miss Higginbotham, her mother, Mrs. S. F. Higginbotham and Lt. Sayner's mother, Mrs. D. E. Sayner of Tennyson.

Miss Modelle Higginbotham was at the register.

Miss Alma Jane Cumbie assisted by Miss Lee served in the dining room.

The house was beautifully decorated, patriotic color scheme and motif being used. There were numerous plays and miniature horses used in the decoration.

The honoree received gifts from Mmes. W. C. Walton, M. A. Gideon, Clytus Smith, Alfred Taylor, Bob Harwell, L. T. Youngblood, Virginia Boecking, Fowell Sims, Ava Maxwell, T. H. Rogge, Jess Percifull, J. B. Glenn, B. A. Bell, Milton Wylie, H. O. Whitt, L. Johnson, James Glenn, Rome Richards, J. W. Anderson, W. W. Millikin, H. W. Sayner, C. E. Lyle Deffebach, Income Tax Expert, to Be at Winters

The Enterprise carries an ad in this issue that should be of special interest to the farmers and ranchmen, especially those who are within easy reach of Winters.

The ad referred to is that of Lyle Deffebach of Snyder. Mr. Deffebach formerly resided at Winters and was engaged in the banking business. Therefore, everybody, almost, throughout the Bronte-Winters section of country knows him.

Mr. Deffebach is an income tax expert. He has thoroughly studied the income tax laws and methods of procedure until he knows it like a college professor knows his abc. Mr. Deffebach has a splendid business in his line at Snyder. But to meet the calls made on him for making income tax reports for former friends, he comes back to Winters on stated occasions.

That he may assist his friends and all others who need aid in making out their income tax reports Mr. Deffebach has an announcement in this issue of The Enterprise to the effect that he

J. Collier, George Thomas, Jenie Hull, Mae Wilkins, O. W. Chapman, Bob Keyes, Mattie Williams, Warren Hames of Crosbyton, Fred McDonald Jr. and Geo. Taylor of Robert Lee, Buster Hesaer, Charlie Keeney, Faye Rawlings, Doughty McDonald, Fred McDonald, Sr., Eddie Cumbie, E. A. Bell, Floyd Modgling, R. S. Walton, Collins Sayner, Bob Coleman, E. K. Bpford and John Taylor. Misses Gwin Higginbotham, Katherine Wair, Geraldine Bell, Henrietta Cannon, Nell Lowry, Dorothy Springer and Inella and Cloreta Bruton.

The Senior Class History

By the Senior Class

in the year 1931 a group of small, timid pupils, under Miss Nell Lowry, began their school work. We find the shy, blond Doris Alexander and the timid Janelle Moore, also a blond, the bashful James (Tinker) Vaughn, the inquisitive Lawrence (Pig) Pittman, the eager Royce Fancher; so fat he looked more like a barrel than a boy, the most serious-minded, Laura Davis, and the baby of them all, "Little" Iva Retta Braswell. About the middle of the year, one morning, they were astonished to find that they had a new member to join them. Very timidly, Marjorie Hageman, another blond, became a class member.

The next year this group of eight pupils went to the second grade together. Here they were under Mrs. Vera Thomas and they began to learn each other better.

The same group met Mrs. Lucy Warner the following year (third grade). They were a bit more gawky, but much bolder.

The next year this group found themselves in grade school. They thought themselves a bit smarter than anyone else because they had several teachers. Their home room teacher was Miss Nora English. The class was pleased to

will be in Winters the last of this week and those who may desire his assistance should see him and make a date to meet him March 3rd, when he will give the assistance.

Farmers and ranchmen in the section of country near Winters should be extremely interested as each and all have to make a report this year—and it is a heavy penalty not to do so.

Miss Bell, Luncheon Hostess, Honoring Miss Higginbotham

Miss Geraldine Bell entertained at a luncheon, in honor of Mozelle Higginbotham, Friday February 6.

The house was decorated in patriotic colors.

The luncheon was served in courses and the table was beautifully laid, carrying out patriotic scheme.

Mozelle and Modelle Higginbotham, Geraldine Lee, Savannah Ruth Caperton and Alma Jane Cumbie were present.

have a group of three to join them. There was the small, freckled face, blushing Horace Lileh, stringy-haired and red complexioned Wilma Caudle, the teacher's pet, and a second brunette, Lavelle Best.

The following two years their class remained the same. The first of the years was under the guardianship of Audrus Smith, and the second was spent in the association with our beloved Mrs. Hull.

The next year, the class was joined again by Lavelle Best, Robert Rudd became a member of this already dignified group. This bright little group of urchins enjoyed a year of fun and folly under the fatherhood of Mr. Mullens. This year concluded the grade school years for the group. These "children" became young men and young ladies.

How light the hearts of the class were in the fall of '38 when we realized, we were in "high school." The class was joined by a flock of those Tennyson nuts who, despite the fact that they had attended a country school heretofore, thought themselves ever so much wiser than the rest of the class. But these er worthy after all. We really think enough of them to name them here. The "big shot" mostly "shot, Randal Meador, of course, the most important. Then came the ever popular little black-headed George Henry James, Jr., who has remained loyal to the class throughout the years. Two charming little ladies, one with smiling brown eyes and a shy attitude, the other a disappointed blonde with the freshman gents and sweep blue eyes, marched in, to survey them off their feet. These were none other than Sarah Vanzandt and Gladys Palmer. Last but not least came the brains of the class, Lily Marie Brooks. Following the Christmas holidays, the Freshman class, having had a bit too much Christmas spirit, began seeing double. On January 7, 1939 into our class walked a lovely brown haired, blue-eyed Carmen Lane, smiling shyly. After our hearts had begun to beat again in came what we thought was the same girl—but to clear ourselves of any wrong impression this lady was her twin sister, Cleo Lane. We felt indeed honored to have

Snyder and has been in San Angelo for years. He knows the service station business from a to z. He was with the Firestone Tire & Rubber Company for several years where he learned all about the business in which he is engaged.

Mr. Sheppard's location is 223 W. Beauregard, just across from the clinic. Mr. Sheppard gave up his job to join the army, but was rejected because of physical defects. "Shep," as he is called by everyone who knows him, is a fine young man, strictly business in his dealings and will treat you right and courteous if you go to him for service station service. Read his announcement and visit him. Mr. Sheppard will be glad to see you.

HOME WEDDING (Continued from page one)

bration of the nuptials. The marriage of these two young people bring together two of the old and widely known families of this part of West Texas. The bride was born and reared here and was educated in the Bronte schools and received her degree from T. S. C. W. She taught in the Hutto schools until she resigned at midterm.

Lt. Sayner is the son of Mrs. D. E. Sayner of Tennyson, where he was born and reared. He also is a graduate of the Bronte school, taking his degree at A & M. Following his graduation he was sent to Philadelphia, Pennsylvania, and was then transferred to Fort Reno.

Following a short wedding trip Lt. and Mrs. Sayner will be at home at El Reno. The happiest wishes of hosts of friends of both these popular young people follow them to their new home, as they enter upon life together.

Mr. and Mrs. U. F. Taylor are in Bronte again, after a long absence, due to Mr. Taylor's illness. Their friends are glad to see them again, and that Mr. Taylor is improving.

Constable Geo. Wrinkle made quick work last week in getting a car that was stolen in San Angelo. The car was stolen about 3 in the morning—that night Mr. Wrinkle got the car which had been deserted, near Kickapoo bridge and returned it to its owner.
