

# Grain producers up in air

"About the most uncertain thing around today is the outcome of the farm bill," the executive director of the Grain Sorghum Producers Association said at a meeting in Dimmitt Tuesday afternoon.

**ELBERT HARP** of Abernathy, chief executive officer of the GSPA, spelled out the collapse of the farm bill in the House Agriculture Committee as he spoke to 50 directors and members of the grain growers' association.

The meeting was held in Dimmitt's Colonial Inn, and also included the election of GSPA officers and directors for the coming year. The commodity group is headquartered in Lubbock.

"Last week it seemed almost certain that the House Agriculture Committee would vote out its bill including the wheat, cotton, dairy and feed grain programs," Harp explained.

"INSTEAD, at the last moment, a substitute bill was offered and passed, 17 to 14. The new bill would maintain the parity concept but much work has to be done on it before we can accept it," Harp said.

"The defeated bill had followed the Administration's wishes to move away from parity to a fixed level of supports that would not increase as cost of production increases," he added.

Harp flew to Washington, D.C., to represent the GSPA viewpoint after the House Agriculture Committee made its surprise move — which, as it turned out, also surprised even those who voted for the substitute bill.

(FOR AN inside view on the House Agriculture Committee's action last week, see the report on Page 7 by Congressman Bob

Price, a member of the committee.)

"The GSPA had been successful in getting amendments attached to the original bill that would have related grain sorghum loan and price support payments to corn," Harp reported.

"These changes would have raised our total support for sorghum by a possible 15 cents per hundred. I was in Washington following the committee action last week, seeking support to add these same amendments to the new bill, or whichever bill is finally voted out of committee. Without them, we were hurt by the committee action. But I was encouraged that these changes will be made."

He added, "The changing of one word in the bill would make a difference of \$95 million to the grain sorghum industry. We got the word changed once, and now we'll try to do it again."

**HARP REPORTED** that the House Agriculture Committee's chairman, Congressman C. R. Poage (D-Texas), was infuriated with the committee's surprise switch away from the compromise bill.

"Congressman Poage was very upset over this, and postponed all

(See GRAIN MEN, Page 11)

**GERALD ACKER**, who harvested the county's first load of 1970 wheat Saturday, and Joe Lange (right), manager of the Dimmitt Wheat Growers branch at Nazareth, get some help in sampling the first load from

Acker's sons, Russell, 1 1/2, and Kevin, 4 1/2. Acker arrived with the first load at 5:30 p.m. Saturday to win the county wheat stakes for the third year in a row.

## Gerald Acker does it again

### First 1970 wheat is in

Harvesting and storing the county's first load of wheat is getting to be a habit with Gerald Acker and Joe Lange of Nazareth.

**ACKER** delivered the county's first load of 1970 wheat to Dimmitt Wheat Growers' Nazareth

branch at 5:30 p.m. Saturday. It was his third year in a row to win the county wheat-stakes.

And for Lange, who operates DWG's Nazareth elevator, it was his sixth year in a row to receive the county's first load.

Acker harvested his first load at his farm a mile east and a mile north of Nazareth. It was Early Triumph variety.

**ACKER HAD** kept a close watch on the moisture content of his wheat for several days before the first cutting. Its moisture con-

tent was dropping noticeably each day, and when a sample tested 13.5 percent he cranked up his combine. The first load tested out a bit more moist, 15.0 percent.

"My crop will make about 20 bushels per acre — less than half what it was last year," Acker said. "It was hailed on the last Friday in May, and the late freeze didn't help it, either."

The county's first 1970 wheat came from a crop that had been irrigated twice and grazed until mid-February.

## Playing outdoors

### Boy, 6, killed in farm mishap

A 6-year-old boy was fatally injured last Thursday evening when a tractor toolbar fell on him while he was playing outdoors at his home nine miles northeast of Dimmitt.

**OSCAR GAUNA**, son of Mr. and Mrs. Raymond Gauna, died of a head injury he received when the toolbar fell on his head at approximately 8 p.m. Thursday. He was dead on arrival at Plains Memorial Hospital.

The boy reportedly had been playing outdoors when his parents became worried and went out looking for him. They found him pinned under the toolbar, which was

near the family's home on the Don Carpenter farm.

Funeral services were conducted at 10 a.m. Saturday in the Immaculate Conception Catholic Church of Dimmitt, with Rev. Rafael Chen, pastor, officiating. Burial was in West Lawn Memorial Park, under the direction of Gilliland Funeral Home of Hereford.

Oscar was born Oct. 7, 1963, in Dimmitt.

**HE IS SURVIVED** by his parents, Mr. and Mrs. Raymond Gauna, two sisters, Rosa Linda and Nadine, both of the home; and his grandparents, Mr. and Mrs. Raymond Gauna and Mr. and Mrs. Steven Gonzales, all of Dimmitt.

## Sunnyside Lions Club to hold charter night banquet tonight

The new Sunnyside Lions Club will hold its charter night banquet tonight (Thursday) at 8 in Dimmitt High School cafeteria.

**LIONS AND** their wives from throughout District 27-1 will be on hand for the chartering of the new club. Other Lions Clubs in the county — Easter, Dimmitt, Dimmitt United and Hart — will provide the new club with its banner, gavel, podium, flag, etc., during tonight's banquet.

Main speaker for the banquet will be District Governor Ed Flood of Amarillo. Milton Lowrey of Kress, past district governor, will introduce the guests and Jack Riley of McLean, district governor-elect, will install the Sunnyside Lions Club's charter officers.

Hershel Wilson is president of the new service club. Other officers are Bob Ott, first vice-president; Garner Ball, second vice-president; Martin Ross, secretary and treasurer; Weldon Bradley, Lion tamer; Cliff Brown, tail twister; and Mack Turner, J. Paul Waggoner, R. V. Bills and Roy Phelan, directors.

**EZELL SADLER** is chairman of the Sunnyside Lions Club's charter night activities. The sponsoring club is the Easter Lions, headed by David Hutchens. Ralph Glover, Zone 2 chairman, is working with the Easter and Sunnyside clubs in the charter activities.

The new Sunnyside Lions Club has 23 charter members, and has signed up 12 more since applying for its charter, bringing the total membership to 35 at present, Wilson reported.

Charter members of the club, in addition to the officers and charter night chairman, are Randy Ball, Lloyd Blanton, Robert Duke, J. C. McBrook, H. V. Hughes, Paul Dale Ivey, Kenneth McDermitt, D. H. Shottenkirk, Larry Starnes, Ed Waggoner, E. R. Sadler and Carl Dearl Carson.

**ADMISSION** charge for tonight's banquet is \$2.50 per person. Tickets may be purchased from any member of the Sunnyside Lions Club or at the door.

## OEO approves project funds

The Office of Economic Opportunity has made a grant of \$485,115 to the Texas Panhandle Community Action Corporation of Amarillo, which includes Castro and 25 other counties.

**THE GRANT** is to provide financing for a 12-month program of neighborhood centers, family planning services and special summer programs for children.

Congressman Bob Price notified the News of the OEO grant. All OEO programs for Castro County have been funded and administered through the Amarillo-based Panhandle CAC since the Castro County Community Action Program was closed last year upon the recommendation of the regional OEO office in Austin.

## Wreck victims' condition same

Methodist Hospital in Lubbock reported Wednesday morning that Mrs. Betty Be-the of Flagg is still in serious condition and her son, Lonnie, 8, is still confined to the intensive care unit in critical condition as the result of injuries they received in a two-car accident at Flagg June 1.

**MRS. BOOTHE'S** husband, Lon, and their daughter, Janie, 15, were killed in the accident.

Lonnie, who received serious injuries of the head, internal organs and arm, reportedly has not regained consciousness since the accident.

## Dimmitt Jaycees go county-wide with name change

Dimmitt's Jaycees voted last Thursday to change their name to "Castro County Jaycees."

**PURPOSE** of the name change is to expand the membership and activities of the young men's civic organization to include Hart, Nazareth and the other communities of the county, President Jim Ratcliff said.

The local chapter already has at least one member each from Hart, Nazareth, Sunnyside and Bethel. "There aren't enough young men to form a separate chapter in each community, but the broadening our membership base and working together we should be able to benefit all our communities," Ratcliff said.

**THE MAIN** purpose of the Jaycees is to provide leadership training through community service. Membership is open to all young men 21 to 36.

## Correction

In last week's story on the death and funeral arrangements of Lon Boothe and his daughter, Janie, the News inadvertently omitted the name of Mr. Boothe's sister, Mrs. Bessie Mae Bradley, from his list of survivors. We regret this omission.

## Last rites held for Mrs. Jones

Funeral services were conducted in Hereford Tuesday for Mrs. Kathleen Carol Jones, 29-year-old Easter housewife, who died Monday in Deaf Smith County Hospital.

**MRS. JONES** had been in poor health for years, and had been confined in the hospital for six months before her death. Last rites were conducted at 2:30 p.m. Tuesday in Hereford's Church of Jesus Christ of Latter-Day Saints, with President Kimdon O. Anderson officiating. Burial was in West Park Cemetery of Hereford, under the direction of Gilliland Funeral Home of Hereford.

Mrs. Jones was born Sept. 17, 1940, in Power Lake, N.D. She married Alvin Jones of Easter on Oct. 18, 1963, in Powers Lake, and moved to Castro County at that time.

**SHE IS SURVIVED** by her husband, Alvin; two sons, Russell Wayne, 4, and Jeffrey Allen, 2; her parents, Mr. and Mrs. Charlie Swanson of Powers Lake, N.D.; three brothers and one sister.

## Friends start fund for family

A fund has been started for Mrs. Kathy Jones's family in Easter to help pay the expenses they incurred through her long illness and funeral.

**MRS. JONES**, 29, died Monday in Deaf Smith County Hospital. She was the wife of Alvin Jones, who works on the Melvin Barton farm. She also is survived by two small sons, Russell Wayne, 4, and Jeffrey Allen, 2. "Because of Mrs. Jones's health, she couldn't get any insurance at all, and the expenses have been enormous," said a spokesman for the fund.

Contributions are being accepted at the Community Grain Co. offices in Easter and Dimmitt, and at Gilliland Funeral Home in Hereford. Checks should be made out to the Alvin Jones Fund.

**SIGNING** the contract to bring Dimmitt its first Pony League district tournament is Ted Sheffy, president of the local league. At left is Don Carpenter, president of the Dimmitt Baseball Association, Inc., and at

right is Barry Love, local Pony League vice-president. The contract will bring all-star teams from four leagues in Texas and Oklahoma for a five-day tournament at Dimmitt's new Pony League Park.

## City lands Pony tourney

A Pony League district baseball tournament will come to Dimmitt for the first time next month.

**THE CITY** landed the tournament Friday night when League President Ted Sheffy signed a tourney contract with Jimmie Chapman, Sectional Director of Boys' Baseball, Inc.

The tournament will bring all-star teams from four leagues in the Texas Panhandle and Oklahoma to Dimmitt for a double elimination tournament July 20 through 25, and could mean a bonus of \$1,000 or more for the Dimmitt Baseball Commission.

Playing in the tournament for the right to climb up the ladder toward the Pony League World Series will be all-star teams from Dimmitt, Berger, the Tumbleweed Pony League (Anton, Frenship and Wolforth), and either the Altus, Okla., or Vernon League.

**DIMMITT** has never been eligible for a Pony League tournament before, because of inadequate facilities. But the Pony League Park, built in 1968, is now in good shape, well-grassed and meets all the requirements set forth by Boys' Baseball, Inc.

Work crews already have started grooming the local park for the tournament, and soon will begin working on the tournament program. Extra bleachers will be set up along the west side of the park.

Chapman will serve as the tour-

nament director, assisted by Sheffy; Don Carpenter, president of the Dimmitt Baseball Association; and Barry Love, vice-president of the Dimmitt Pony League.

**CHAPMAN** has designated George Howell of Dimmitt as umpire in chief. Howell will have assistants from both Dimmitt and Hereford to help call the games.

Parents of Pony League players will operate the park's concession stand during the five-day tournament, with proceeds to go to the Dimmitt Baseball Commission.

The tourney schedule calls for double-headers Monday and Tuesday nights and single games Thursday, Friday and Saturday nights. Admission prices will be 25 and 50 cents.

**"ANTON** hosted this tournament last year and netted more than \$1,000," Chapman said. "No host city has ever lost money

on a Pony League tournament. We'll need the backing of all the people here to make it a success."

Chapman explained that the district tourney will be the first leg on the way to the Pony League World Series, to be held in Washington, Pa., Aug. 17-22.

The championship team from Dimmitt's tournament will advance to the sectional tourney in Hereford July 29, where the winners of district playoffs in Tulsa, Oklahoma City, Hereford and Dimmitt will compete. Only two tournaments will stand between the sectional champs and the Pony World Series.

**THE DISTRICT** tournament here will be the second junior baseball elimination for Dimmitt to host on its new parks. The area Little League tournament was held here last year.

## The Face of Dimmitt

**WHAT TOWN IS THIS?**—You could hardly tell by squinting at the familiar milepost on the courthouse square. This is the first of a new series of photo-editorials entitled "The Face of Dimmitt," in which the News will show both the good and bad of the city. The most obvious starting point is right in the middle of the business district, where virtually every traveler sees this milepost and peers at its four-direction mileage chart. The milepost could be a welcome service to travelers, but in its present condition it's a blight. It's up to the county commissioners' court, in this case, to improve the face of Dimmitt.

What would YOU like to see the Jaycees do for Dimmitt?

Miss Lango

Miss Braddock

### Two Nazareth girls to attend Girls State at TLC next week

Edna Anne Braddock and Veronica Rose Lange will be Nazareth's delegates to Bluebonnet Girls State next week. MISS BRADDOCK is the daughter of Mr. and Mrs. Charles Braddock, and her trip will be sponsored by the Nazareth American Legion Auxiliary. Miss Lange, the daughter of Mr. and Mrs. Joe Lange, will be sponsored jointly by the American Legion Auxiliary and the Catholic Daughters of America. Girls State will begin Tuesday and run to June 26 on the campus of Texas Lutheran College in Seguin. Purpose of Bluebonnet Girls State, sponsored by the Texas American Legion Auxiliary, is to educate young women in the duties, privileges, rights and responsibilities of Texas and American citizenship through participation in a moot government experiment.

### Sen. Tower

## New power sources may bring relief to pollution problem

By SEN JOHN G. TOWER (R-Texas)

As you read this, I am touring Southeast Asia as a member of a special task force asked by the President to observe first-hand the results of recent Administration policies in that area.

I AM anticipating the tour, I am extremely anxious to see for myself the effects of our actions and I look forward to giving you a full report on the tour when I return.

In the meantime, I would like to discuss with you a domestic problem which affects us all and which deserves our continuous attention. If we fail to give it the attention it demands, all our other efforts and good intentions to improve and defend our society will go for naught. I am speaking of the continuing need to care for our environment, curb sources of pollution, and clean up our air and water.

We have borrowed from our environment since the birth of our nation. This borrowing has helped to make us prosperous. But it is now time to begin to repay our debt. We have now reached the point where failure to guard, refurbish and care for our environment will produce insufficient levels in basic life-sustaining elements.

I AM cooperating with my congressional colleagues to do our share to provide the governmental leadership to meet the challenges we face in the battle against pollution.

Among my efforts has been the introduction of several resolutions to initiate federal government action for preliminary analysis of new sources and methods of producing power in the quantities our society will require in the future to sustain its growing population, and simultaneously combat thermal and other forms of pollution in our waterways.

Many of our current sources of power require large

amounts of heat to be dissipated into our streams and lakes. In such instances this is already resulting in various forms of pollution. For example, thermal pollution is now affecting much of our sport and some of our industrial fishing resources.

ONE OF my resolutions would provide authority for the Department of the Interior to investigate the possibility of the use of tidal movement and wave pressure to drive generators or fluid motors.

Man has known of this potential power source for several hundred years, but we are just now acquiring the technological competence to make substantial use of tidal movement. This power source would be non-consumptive and pollution free. These characteristics make it extremely desirable. Broad utilization might be within our grasp within the decade of the 1980's. But research and pilot operations must begin now.

Another of my resolutions would provide similar authority for the Interior Department to study utilization of direct solar rays on a large enough scale to power steam-operated generators. While there are many problems to be solved before achieving efficient use of this potential power source, the field is definitely worth investigating.

A THIRD resolution I have offered in the Senate would also authorize the Interior Department to probe the feasibility of locating future nuclear power plants offshore, rather than along coastlines and in estuaries as is now the practice. The major difficulty caused by nuclear power plants is their resulting thermal discharge which heats enclosed and semi-enclosed bodies of water, thus risking severe alteration of the natural ecology.

If these nuclear power plants can be placed offshore amidst natural ocean currents, the thermal problem would be eliminated. The potential for this concept should be investigated as soon as possible.

One of the significant factors in our pollution crisis is that while we face the grim prospect of actual pollution, we simultaneously face a severe power shortage. Environment specialists have contended that electric power plants are among the worst polluters. Yet, to meet the growing demand for power resources, our electric power companies will have produced twice as much power by 1980 as they produced last year.

One solution to this dilemma is utilization of alternative sources of power.

ALTERNATIVE sources are not feasible unless they can provide large amounts of power with a high enough degree of efficiency to enable reasonable cost.

Miss Birkenfeld

# July 24 date set

Mr. and Mrs. Harry S. Birkenfeld of Nazareth announce the engagement and approaching marriage of their daughter, Sheila, to Gerald Brockman, son of Mr. and Mrs. L. C. Brockman of Nazareth.

**THE WEDDING** is scheduled for July 24 in the Holy Family Catholic Church of Nazareth.

Miss Birkenfeld, a 1968 graduate of Nazareth High School, will receive her associate degree in nursing from Amarillo College in July.

Brockman, who graduated from Nazareth High in 1967, is employed for the summer by the Texaco Co. in Midland. He will return this fall to Texas Tech, where he is a petroleum engineering major.

# Shower honors Delores Wilke

Delores Wilke, bride-elect of Ronnie Golden, was honored with a coffee and shower Friday morning in the home of Mrs. Carl Lee Kemp.

**IN THE** reception line with Miss Wilke and Mrs. Kemp were the honoree's mother, Mrs. Walt Wilke, and Golden's mother, Mrs. Ward Golden.

Leisa Dannevik and Ronda Tidwell served coffee, spiced tea and small ham biscuits from a table that was covered with a white linen cloth and centered with a large arrangement of white flowers.

# Vows are pledged in home ceremony

Miss Nancy Susan Lee became the bride of Charles Thomas Youts Jr. in a home ceremony in Brownwood Saturday evening.

**THE GROOM**, son of Mr. and Mrs. C. T. Youts of Dimmitt, is a 1969 graduate of Dimmitt High School. The bride, a graduate of Brownwood High School is the daughter of Mrs. Agatha Taylor of Brownwood and E. F. Lee of Proctor.

Rev. C. S. Reese officiated at the ceremony in the home of the bride's mother. The wedding scene was flanked by two Swedish candelabra bearing white bridal tapers and entwined with greenery.

The bride's sister, Mrs. Gayle Hampton, served as matron of honor. She wore an ivory knit dress trimmed in blue, with a blue carnation corsage. Ring bearer was Kathy Lynn Massey, niece of the bride.

**SERVING** as best man was Tommy L. McLain of Dallas.

Given in marriage by her brother, Billy Charles Lee, the bride wore a street length wedding dress of white lace over soft taffeta. The Empire bodice, trimmed with a white satin bow, featured a high neckline and long bell sleeves. She carried a cascade bouquet of white carnations centered by a white orchid.

A reception in the home followed the ceremony. The bridal table featured a centerpiece of white gladioli and blue pompons, in front of which two white doves held white satin streamers lettered, "Nancy and Tommy." The three-tiered wedding cake, topped by a miniature bride and groom, was decorated with blue and white, the bride's chosen colors.

**MRS. PHYLLIS DAVIS** and Al-

MRS. TOMMY YOUTS The former Nancy Lee

icia Lowe served at the reception. Mrs. Shirley Carpenter, the groom's sister, presided at the bride's book.

For a wedding trip through North Texas, the bride wore an off-white linen-look skirt and vest with a sheer navy blouse. The orchid from her bridal bouquet formed her going-away corsage.

The newlyweds are now at home at 5225 Belmont, Apt. 144, Dallas. The groom is employed by Wilshire TV & Appliances in Dallas, and the bride has been employed by Texas Instruments of Dallas.

Out-of-town guests at the wedding were from Dimmitt, San Angelo, Lubbock, Dallas and Fort Worth.

# Socially Yours

# Couple establish home here

Mr. and Mrs. Isaac Parker Hood are now at home in Dimmitt following their May 29 wedding in the Lee Street Baptist Church.

**THE BRIDE** is the former Sheila Lorraine Waggoner, daughter of Mr. and Mrs. Melvin Waggoner.

The couple recited vows in a double-ring ceremony conducted by Rev. Bill Wadley, pastor of the Lee Street church.

Serving as the bride's attendants were her sisters, Mrs. Sharon Jordan of Dimmitt and Mrs. Sandra Jones of Newton, Kan.

**BEST MAN** was Leonard Jordan. Teresa Jones served as the flower girl and Stephen Jones was the ring bearer.

Given in marriage by her father, the bride wore a white, long-sleeved, street length wedding dress. Her shoulder length veil carried a bouquet of white carnations.

Dresses and flowers of the bride's attendants carried out her chosen color motif of mint green and white.

**ALONA HUDSON**, soloist, sang "The Twelfth of Never" and "The Lord's Prayer," accompanied at the organ by Donna Hudson.

A reception followed the ceremony.

# Program helps improve diets

The Expanded Nutrition Program initiated a year ago by the Texas Agricultural Extension Service has taught 21,556 low-income families in 11 counties how to improve their diets and reduce malnutrition.

**THE PROGRAM** is being expanded to 18 additional counties this year. The program is made possible by funds allotted through

Miss Houtchens

# UA students plan June 26 ceremony

A June 26 wedding in Gravette, Ark., is planned by Jo Ellen Houtchens and Julian Michael Hendren, University of Arkansas students.

**MISS Houtchens** is the daughter of Mr. and Mrs. Doyle Houtchens of Gravette, and is the granddaughter of Mr. and Mrs. Ed Brock and Mrs. Dora Houtchens of Dimmitt. She is a freshman at the University of Arkansas, Fayetteville.

Hendren is a senior pre-medical student at the university.

Wedding vows will be exchanged at 7 p.m. June 26 in the First Baptist Church of Gravette. Officiating will be Harold McColum, minister of the Hart Church of Christ.

THE wealth and strength of a country are its population, and the best part of the population are the cultivators of the soil. Independent farmers are everywhere the basis of society and true friends of liberty. —Andrew Jackson

the US Department of Agriculture. Changes in family living for over 90,000 family members have also resulted from the ENP.

# Whitworth - Jackson vows are repeated

Mr. and Mrs. James Richard Jackson have established their home in Hart following their wedding May 22 in the Hart Church of Christ.

**THE BRIDE** is the former Deborah Whitworth, daughter of Mr. and Mrs. Troy Whitworth of Dimmitt. Jackson is the son of Mr. and Mrs. J. C. Jackson of Hart.

Harold McColum of Dimmitt, minister of the Hart Church of Christ, officiated at the double-ring ceremony. The wedding scene featured an archway of greenery, white wedding bells and pink ribbons, flanked by candelabra with greenery and white sprays of flowers.

Zelma Waggoner of Dimmitt served as maid of honor. Bridesmaid was Anne Golding, also of Dimmitt. Duet music was provided by Marianna Murphy and Teena Proffitt of Dimmitt.

**STEVE HANKINS** served as best man, and Kim McGill was the groom's brother, who was the candle lighter, and ushers were Rickey Farris and Ralph Bell. All are from Hart.

Given in marriage by her father, the bride wore a street length,

sleeveless dress of white Dacron knit. Her bridal bouquet was a white orchid surrounded by white carnations, beribboned in white.

The maid of honor and bridesmaid wore sleeveless street length dresses of pink Dacron knit, and carried nosegays of long-stemmed pink carnations.

**A RECEPTION** in the church followed the 6 p.m. ceremony. Members of the houseparty were Pam Barker, Karen Trilbeck and Jo Ann Stone, all of Dimmitt.

After a wedding trip to Galveston, the newlyweds are now at home in Hart, where Jackson is associated with his father in the Hi-Way Garage.

RECENT figures on readership indicate newspapers are still a vital information source. Adult newspaper readership expected to grow 18 percent faster than adult population during 70's. Presently, 80 percent of adults over 18 read daily newspaper on average weekday. One of three reads two or more papers.

LOOKING FOR a home to rent or buy? The best deals are on the News classified page, the county's most complete home listing.

# Shower in Hart honors Miss Hood

Ann Hood of Hart, bride-elect of Terry Widick of Bell Plains, Kan., was honored with a bridal shower recently in the home of Mrs. W. R. Roberts.

Mrs. Ben Kennedy registered the guests. The serving table was covered with a white cloth and centered with a floral arrangement of pink and white carnations.

Pink punch and cookies were served by Paula Sue Harris and Debbie Roberts.

The hostess gifts were an electric hand mixer and an electric iron.

Special guest was Miss Hood's grandmother, Mrs. Cloie Bradley, with whom the honoree has made her home.

Hostesses were Meses. L. L. Swindle, W. R. Roberts, Ben Kennedy, Orval Sharp, R. G. Henderson, Duard Harris, Ed Bennett, Kenneth Lambert and Mrs. Gene Mancias.

# Singer on duty near Phu Bai

Army Specialist-4 Gary L. Singer, 18, of Dimmitt, recently was assigned as a crew chief with the 220th. Reconnaissance Airplane Co. near Phu Bai, Vietnam.

# Garden Club show wins top citation

The Dimmitt Garden Club's annual Flower and Placement Show Saturday received a tri-color award from judges for the number of blue-ribbon winners the show produced.

**THE FLORAL** placements designed by local club members for the Edgar Dennis home on the Clovis Highway won 14 blue ribbons, and the placements at the R. N. Carpenter home on Pine Street won 12 blue ribbons. Tours of both homes were included in the show.

Mrs. J. C. Gilbreath received the "outstanding arrangement" award at the Carpenter home, while Mrs. George Bradford won the award at the Dennis home. Mrs. Bradford's arrangements all won blue ribbons.

The judges, who were from Plainview, gave a merit award to education and conservation division of the show at the First State Bank community room. This phase of the show, under the direction of Mrs. Horace Carlile and Mrs. Ray Riley, included paintings by Mrs. Carlile and Louise Elsea Alair of Springlake. show — also held at the First State Bank — was under the supervision of Mrs. Carlile.

EDNA, Fredericksburg, Flatonia and Uvalde have received new child development grants of \$21,821, \$45,454, \$18,951, and \$11,810 respectively for "Head Start" programs.

THE soil, like freedom, is not appreciated until it is endangered.

revision of Mrs. Wes Anthony and Mrs. Bill Behrens. This phase of the show drew many prize flowers from local gardeners.

General chairman of the annual Garden Club show was Mrs. Sid Sheffy.

# Miss Bennight is shower honoree

Doris Bennight of Hart, bride-elect of Steve Chance of Dimmitt, was complimented with a bridal tea last Thursday afternoon in the community room of the Farmers State Bank of Hart.

**GLENNA MARCEY**, niece of honoree, received and registered the guests.

The serving table was covered with a white lace cloth over yellow, the bride's chosen colors. The table was centered with an arrangement of fresh yellow garden roses.

Hostesses alternated serving punch, snowballs, nuts and mints from crystal and silver appointments.

The hostess gifts were a corsage, clothes hamper, five-piece bath set, cookware, electric coffee maker, ironing board, pad and cover.

Special guests were Miss Bennight's mother, Mrs. L. W. Bennight; and her sister and nieces, Mrs. Melvin Marcey and daughters, Glenna and Donna, of Ropesville.

The wedding will be Friday at the Chance family home in Flagg.

## OUTDOORS

### Add a vacation room with a patio gas grill and light

A gas grill and light in your patio is like having an outdoor vacation room right in your own backyard... you'll spend many pleasant hours having fun cookouts with family and friends. Besides the fun and flavor of outdoor cooking, you also get the convenience of economical gas. There's no more tedious fire building or fire tending with a gas grill. And, a charming gas light lends real atmosphere and lets you continue your fun even after the sun goes down. So, pick the grill and light you like best, then call Pioneer and tell them what you want. Or, ask any Pioneer employee. He's got all the information you need to add a "vacation room" outdoors.

### Shower honors Beth Strickland

Beth Strickland, bride-elect of Jackie Roberts, was the honoree at a bridal shower Sunday afternoon in the home of Mrs. George Hudson.

IN THE receiving line with the honoree were her mother, Mrs. D. H. Strickland of Dimmitt, and Roberts' mother, Mrs. Bill Roberts of Hart.

Special guest was Miss Strickland's grandmother, Mrs. Annie Thornton of Lubbock.

Punch and cookies were served from a hostess table that was covered with a beige linen cloth and centered with a yellow and white floral arrangement.

Out of town guests attended from Hereford, Levelland, Spearman, Lubbock and Brownfield.

SHARING hostess duties were Mes. George Hudson, Joe Wall, Emmett Broderson, Charles Land, M. L. Simpson, Yvonne Wakefield, Kenneth Malone, J. W. Stone, J. R. Hutchison, Pete Stewart, Sam Scarborough, Bob West, Merton Powell, Ray Shelly, E. R. Waggoner, J. B. Raper, O. A. Oldham, Marie Langford, Harlan Dodd and Stanley Schaefer.

Miss Strickland and Roberts plan a June 25 wedding in the Lee Street Baptist Church.

MR. AND MRS. DANNY DALE LANE  
... She's the former Peggy Sue Godfrey

### Godfrey-Lane vows read in Oklahoma

Miss Peggy Sue Godfrey, formerly of Dimmitt became the bride of Danny Dale Lane May 30 in the Christian Church of Boise City, Okla. Rev. Frank Tepe officiated at the ceremony.

THE BRIDE is the daughter of Mr. and Mrs. Glenn Godfrey of Eva, Okla. The groom is the son of Mr. and Mrs. Aubrey Lane of Skellytown.

The bride, given in marriage by her father, wore an Empire gown of white crepe and chiffon. She carried a bouquet of pink roses and white carnations. For something old she wore her mother's engagement ring; for something blue she wore the traditional blue garter; for something new she carried a white Bible given to her by the groom's grandmother; and for something borrowed she wore a necklace

belonging to a friend. Matron of honor was her sister, Mrs. Mike Zakrzewicz, Maid of honor was her sister, Judy Godfrey. Bridesmaids were Carolyn Hetzel of Eva, Lynn Prater of Dumas, and Paula Lane of Skellytown, sister of the groom.

Tina and Tila Adams were candlelighters, and miniature bride was Tisa Adams. Ring bearer was Johnny McElhanev, Judy Sargent of Balke, Okla., registered the guests.

Bobby Rapp of Skellytown was best man. Groomsmen were Lonnie Lane, brother of the groom, Terry Marlar of Denver, Mike Zakrzewicz, brother-in-law of the bride, and Eddy Godfrey, brother of the bride. Ushers were Curtis McElhanev of Charleston, Ark. and Terry Powell of Dimmitt.

Carol Mitchell of Lavern, Okla., and Mary Wetsel of Clayton, N.M., sang "The Twelfth of Never" and "The Wedding Prayer." Ruth Geisler of Skellytown played the organ.

A reception followed the ceremony in the church's fellowship hall. Servers were Mrs. Maurice Powell of Dimmitt and Mrs. Ronnie Andrews of Hereford.

After a wedding trip to Denver and Colorado Springs, the couple are at home at 426 N. Cuyler St., in Pampa, Texas.

### Friday vows set

Mr. and Mrs. L. W. Bennight of Hart announce the approaching marriage of their daughter, Doris, to Steven Chance, son of Mrs. Paul Chance of Dimmitt.

WEDDING vows will be recited Friday at 8:30 p.m. in the Chance family home in Flagg, with all friends and relatives of the couple invited.

### Shower planned for Miss Morgan

A pre-nuptial shower for Debbie Morgan, bride-elect of Jimmy Waggoner, will be held from 3 to 4:30 p.m. next Thursday in the fellowship hall of Sunnyside Baptist Church. All relatives and friends of the couple are invited.

### Tops Club names three 'queens'

Seventeen members of the SOS Tops Club recorded a total loss of 17 1/2 pounds when they weighed in at last week's meeting.

THREE queens were named during the meeting. They were Pat Bull, queen of the month for May; Mary Hamilton, teen queen, and Tommy Petty, adult queen of the week.

Jeanie Johnson, leader, conducted the meeting.

At the previous week's meeting, 14 ladies attended and recorded a total weight loss of 9 1/2 pounds. Mrs. Pat Bull was named queen of the week with a loss of 5 1/2 pounds.

Everyone with a weight problem is invited to attend the Tops Club meetings on Monday nights at 7:30 in the office of the Plainview Production Credit Association.

### The view from your library

By MARY EDNA HENDRIX  
The Summer Reading Program has started in a big way!

WE HAVE registered 168 children and we have just started. The first five days we issued 562 books! The shelves are looking bare.

I am glad to see so many children taking an interest in reading. It is not too late to register for this program since it will not end until Aug. 8.

Two of my grandchildren, Shannon Vaughan and Kevin Lankford of Dallas, have been here this week so I had some practice in reading stories to Shannon. She is not quite 2 years old, but she likes for me to read to her. Kevin is 10 so he checked out some junior mystery stories to read.

WE BORROWED about 100 books from the Amarillo Public Library last week, and we are still calling the Amarillo Library for special book requests. Some of the latest requests were for "The Sun King," "A Ship Called Hope," "The Weekenders," "Religion and Leisure in America," "Leisure Time for Living and Retirement," "Concise Guide to Plastics," and "I Never Promised You a Rose Garden."

## Farmer producing more, but getting less for it

The consumer's best friend is the farmer. He has supplied them with an abundance of high quality food and in great variety and at bargain prices, says W. E. Black, economist in marketing and policy for the Texas Agricultural Extension Service.

**DURING** the last decade, food prices rose less than three-fourths as much as other consumer goods due primarily to farmer efficiency, explains the economist. The American farmer is producing over 20 percent more on 6 percent fewer acres than he did 10 years ago. One farm worker now supplies food and fiber for 45 persons, or twice the rate of a decade ago.

Consumer income increases exceeded food expenditure rises, leaving families extra money to buy other things, Black says. The average family in 1969 spent less than \$1 out of each \$6 to feed the family. No other country approaches this record. Rising incomes enabled consumers to buy more food services even though services increased the food bill.

Prices for food away from home have increased much more than food served at home. In the last decade, prices of restaurant meals climbed 50 percent, he notes.

**RIISING** incomes also let us indulge our tastes for preferred foods, and our good friend, the farmer, has shifted his production patterns to keep up with them. We are greater consumers of poultry, beef, vegetable oils, processed vegetables and fruits, and sugar than 10 years ago.

Less labor is needed to pay for food today than even a few years ago. In fact, emphasizes Black, Americans work less time to purchase food items than

people in any other country in the world. We are particularly favored on high quality food items such as meat, poultry, and dairy products, he adds.

Despite frequent cries of high prices, the farmer's share of the food dollar continues to drop. When the American consumer spent \$1 on food at the grocery store in 1969, she bought 41 cents worth of products and 59 cents worth of marketing services. This varies widely among products. It is smaller for a highly serviced product such as bread than for an unprocessed product such as eggs, explains the economist.

Higher marketing costs were part of the increase in food expenditures. Part was due to increases in the price of goods and services farmers use to produce the product. Sharpest cost increases are in taxes, wage rates and interest.

**THOUGH** it gets little attention from the average American, consumers also gain from the farmer's role as an exporter. Foreign trade in agricultural products is an important source of national income and most important in our balance of trade situation, says Black.

Black concludes that America's farmers cannot continue indefinitely as a silent minority. They must help from their consumer friends in their fight to gain economic equality with those in industries and professions.

## Court upholds obscenity law

(Texas Press Service)

A federal court in Dallas has held that almost all of the new state obscenity control law is constitutional, and Attorney General Crawford Martin predicted that a crackdown on distribution of obscene material will result.

**THE ONLY** section of the law invalidated was one allowing seizure of material without a hearing. The ruling rejected requests for injunction by book stores and movie houses in Dallas, Amarillo and Lubbock.

## 15—LEGAL NOTICES

**LEGAL NOTICE**  
**THE STATE OF TEXAS: COUNTY OF CASTRO:**  
By virtue of the execution and Order of Sale issued out of the District Court of Castro County, Texas, on a judgment rendered in said court on the 6th day of April, 1970 in favor of Hi-Plains Savings and Loan Association, Hereford, Texas, and against J. J. NEWSOM and J. S. NEWSOM, in the case of Hi-Plains Savings and Loan Association, Plaintiff, vs. J. J. Newsom, et al, Defendants, No. 3383, in such court, I did on the 8th day of June, 1970, at 9:30 o'clock A.M. levy upon the following described land situated in Castro County, Texas, as the property of said Defendants described in said judgment foreclosing a lien on the same, to-wit:

Lot Number Seven (7) in Block Number One Hundred and Thirty-two (132), of the Town of Hart in Castro County, Texas, as shown by recorded map and plat thereof, together with all improvements.

and on the 7th day of July, 1970 being the first Tuesday of said month between the hours of 10:00 o'clock A.M. and 4:00 o'clock P.M. on said day at the courthouse door of said county, I will offer for sale at public auction, for cash, all the right, title, and interest of the said defendants, J. J. NEWSOM and J. S. NEWSOM, in and to said property.

Dated at Dimmitt, Texas, this 8th day of June, 1970.

# Wheat-grain amendment unglues 1970 farm bill

By BOB PRICE  
Congressman, 18th District

On Tuesday of last week the House Agriculture Committee voted to adopt a substitute wheat and feed grain amendment which has completely unglued the carefully constructed compromise farm bill.

**THE VOTE** was 17-14. I opposed the substitute amendment. I opposed it not only because I knew its adoption would dissolve the fragile bi-partisan agreement we had in the committee but also, and more importantly, it was greatly inferior in providing assistance to wheat and feed grain farmers.

of sweet sorghum on set-aside or diverted acres.

Third, to give county ASC committees greater discretion in permitting the grazing of set-aside acreage.

**IN ADDITION** to deleting my amendments, the substitute also struck from the bill the guaranteed payment of 32 cents per bushel on corn and an equivalent amount on grain sorghum.

What the substitute really accomplished was to put into the bill very low floors for both wheat and feed grain — floors which incidentally were lower than the actual benefits provided in the

committee compromise bill.

The substitute, for example, wrote in a floor of \$1.84 per bushel on wheat, whereas the benefits guaranteed by the committee bill were \$1.95 per bushel — some 11 cents per bushel more.

**I THINK** it is extremely unfortunate that the committee has taken this action, because the result is to kill the bill.

I hope in the days ahead we will be able to apply a cooler attitude toward this important legislation, because it is the farmer and the public who will eventually suffer most if no new farm bill is enacted before 1971.

## Price urges halt to imports of beef via 'third countries'

In mid-April, Congressman Bob Price (R-Texas) led a group of over 30 concerned representatives from beef-producing districts in urging President Nixon to halt foreign inflows of meat made through third countries to evade federal import quota limitations.

**PRICE said at the time,** "This practice frustrates our international agreements at the expense of the public interest. Any increase in beef imports should be made only by resort to lawful means."

Seventeen senators made similar White House requests.

At present, Congressman Price is now organizing Republican House members from cattle districts in a second drive to obtain Presidential action. Price made this move after learning there was

a possibility that political maneuvering was underway to embarrass President Nixon by a three-stage process.

According to Price, beef transshipments, now running approximately a million pounds per week, could well exceed statutory ceiling levels.

**THIS WOULD trigger** beef import quotas, which in turn would cause a public outcry over supposed beef shortages and high beef prices. As it is an election year, the President would then be subjected to considerable pressure designed to force him to suspend import quotas.

Price said the result of this maneuvering, if successful, would be to flood the US with inferior grade foreign beef, to the detriment of the American consumer and the domestic livestock producer.

Price stated one of the conditions that made his suspicious was that beef importers are building up excessive cold storage beef stocks — April 1, 1970 stocks were 100 million pounds greater than April 1, 1969.

**HE SAID,** "The implication is obvious. If there is a shortage of manufactured-type beef as US importers and foreign exporters would like us to believe, why then would there be such a buildup in cold storage stocks during the first three months of 1970, especially when the normal condition is for stocks to decrease during this period?"

## MODERN AGRICULTURE

### ASCS notes

## Certification is important

By CHARLEY E. HILL  
Secretary

Castro County producers are again reminded that early compliance and early certification will mean early payments. Producers should certify compliance as soon as possible.

**REMEMBER —** The date you certify is the Final Farm Disposition Date. Be sure you certify to correct acreage, because once you certify your acreage it can't be adjusted. Don't guess your acreage. If in doubt, ask for measurement service. This service will be available until June 19 for row crops in Castro County.

Please remember that diverted acreage cannot have cotton, feed grains or sweet sorghum growing on it when you certify. If you have soybeans on diverted acreage you must show that crop growing and then plow the soybeans up before Sept. 30, and come in and certify again to this at that time.

All farms in which you and your family have an interest must be in compliance to be eligible for payments.

**REPLANTING DATES**  
June 20 is the final replanting date for feed grains in Castro County. This means that the crop must be planted or replanted by this time.

If weather conditions are such

that you cannot plant, or if your crop is destroyed after the replanting date and you want to plant some other crop, you must request approval in writing and have the land inspected before planting another crop. There will be an inspection fee for the farm visit.

For prevented plantings to be eligible for credit as planted acreage for program payments, price support and history, the area for which credit is requested must not subsequently be planted to feed grains, cotton or wheat for harvest in the current year.

This provision is for the benefit of those farmers who suffered a hardship through loss of the crop due to a disaster (such as drought, hail, flood, etc.). This is not intended to be used to provide windfall benefits to producers who are not making a genuine effort to plant, care for and harvest the crop.

Before you file an application for this provision, be sure that every effort has been made to plant or replant.

**THOUGHT:** We judge ourselves by what we feel capable of doing, while others judge us by what we have already done.

### Alert called on screwworms

Fertile screwworm flies are moving northward from Mexico in their traditional spring migration and it is urgent that all livestock producers continue the alert for cases, officials of the eradication program advise.

**STOCKMEN** are urged to check their animals closely for wounds, treat all wounds found with recommended materials and collect samples of any larvae found in wounds for mailing to the Mission Lab for positive identification.

  
Castro Lodge AF & AM 879, Regular meeting, 3rd Monday. Practice every Thursday. Ira E. Brown, Worshipful Master, Basil D. Smith, Acting Secretary, Visitors Welcome.

# Fertilizer firms hard-pressed to hold down costs on service

More efficient methods of fertilizer production, transportation, storage and handling must be found in order to eliminate possible fertilizer price increases, Dr. C. D. Welch, Extension soil chemist at Texas A&M University, reports.

"IN MOST geographical regions of Texas, cropping is such that most of the fertilizer is applied during a short period," Dr. Welch said. "Hence, with rate per acre increases and a more general use of fertilizer, the capacity of the fertilizer industry to supply the farmer's fertilizer when he wants it is becoming more difficult and expensive each year."

The cost of transporting, storing and handling fertilizer is a significant portion of the retail price, he noted, adding that farmers have become dependent on plant nutrients supplied in fertilizers to maintain crop production at economical levels.

"Farmers have also become accustomed to purchasing fertilizer when convenient and at low prices," Dr. Welch said. "Since the annual use of fertilizers in Texas is over two million tons, with a considerably higher potential, everyone concerned with agriculture needs to give consideration to methods of getting fertilizer to the farm at a fair price to the farmer, but also one that will return a profit to the industry."

IN THE future, farmers who wait for their fertilizer at the end of the row may pay for this convenience, Dr. Welch said. There are problems to be solved, including the development of fertilizer storage facilities suitable for other uses part of the year, and the problem of finding people who can, and are willing, to finance local storage, he said.

"The profit sapped manufacturer may be less interested than in the past," Dr. Welch added. Changes in the present system are needed, he said. The BAG Systems of Dallas have used a polyester and nylon bag, which is coated inside and out with polyvinyl chloride resins, that is moisture and chemical resistant, he said.

"THE REUSABLE bag holds up to 3,300 pounds and can be handled with a forklift truck," Dr. Welch said. "This might be a new concept for farm or field storage in order to spread the use of manufacturing and transporting equipment over longer periods of time." What does the future hold? This can only be speculation, but the fertilizer industry must change many of the old methods of doing business, Dr. Welch said.

## Canning firms fight pollution

Increasing numbers of companies and associations are joining to help fight pollution, and among the latest to announce stepped-up research programs to protect the environment is the National Canners Association (NCA), according to Tom Longbrake, Extension vegetable specialist at Weslaco.

The NCA, financed by the food processing and associated industries, has made substantial problems and methods, Longbrake canneries in waste disposal system and methods, Longbrake noted, adding that NCA's executive vice-president, Milan Smith, has emphasized that NCA laboratories in Washington have been working on waste disposal since 1910.

A MAJOR thrust in the area of pollution abatement was initiated by the National Canners Association in 1967 with the formation of a Management Committee and Advisory Technical Committee on Environmental Quality, Longbrake said.

Among recent developments is a continuous process, developed by US Department of Agriculture scientists, for obtaining celery oil from parts of the plant now discarded as waste. Another device has been put into use that will grind waste glass so fine that it may be used as an aggregate in road building, Longbrake said. "The citrus industry now uses a system of drying the formerly discarded citrus pulp for cattle feed," the Extension specialist said. "A large part of solid wastes of other canneries is being used for cattle feed, either in fresh or silage state."

## Letters To The Editor:

### He feels student protestors 'profit from blood of others'

Dear Editor:

I would like to comment on the student protests that we are having:

TO START WITH, the students that are protesting have fat on their guts that came from profits from some old boy that lost his blood in World War II.

I am sorry and ashamed that my tax money has been spent to educate a student that has this type of attitude. They seem to think that they are in competition to the people who has fought and worked and died to make this nation great. There is no competition for such. There just isn't any place for such attitudes. This would be like a peaceful fellow coming into your home and shacking up with your wife, and still keep your house in order. Too bad that these arm chair

generals with computer minds, who never solved a problem in their own lives, know all the answers to the world problems.

ALL OF this new philosophy of living is man-made and has no foundation to stand on, and will not stand. Our Constitution was founded on the Bible and it will stand forever.

Our founding fathers were some of the greatest men that ever penned a document and knew what they were doing. It's the interpreters that are fouling it up. A nation is no different from a family, it always falls apart — inside first, before anyone sticks his foot in the door to enter from the outside.

God bless our nation to keep it strong!

EULESS WAGGONER  
SULPHUR SPRINGS

## Traffic is the major hazard of elderly, new study reveals

Fifty percent of accidental deaths involving senior citizens in Texas stem from traffic accidents, according to reports of the Senior Citizens Accident Study, conducted by the Texas Safety Association.

WHILE half of the fatalities reported involve traffic accidents, this class of accidents made up only 20 percent of the total injury accidents reported in the survey to date. Falls remain the greatest single accident hazard for the aged.

The study, conducted for the Governor's Committee on Aging, utilizes information supplied by hundred of hospitals, doctors, nursing and convalescent homes across the state.

Work on the long-range study was begun last July in hopes of obtaining information which might prove helpful in preventing further accidents among the highly vulnerable age group.

HALF of the injuries and fatalities reported involved the aged driver, while 34 percent of the injured or killed were passengers and 16 percent involved pedestrians.

"While research is still not complete, the results so far clearly show the need for increased safety among elderly drivers," said Robert F. Miller of Dallas, vice-president for traffic safety for the Texas Safety Association, a statewide, non-profit organization.

Elderly drivers should remember that driving conditions have changed greatly since they first acquired driving skills — traffic is much more congested, moves at a more rapid pace, and modern autos are much more powerful than their early-day ancestors.

"MOST senior citizens wouldn't dream of trying to maintain their ability to play football or run the mile every day, but fail to realize that many of the same physical and mental skills are also a must for safe driving," Miller pointed out.

Driving reactions are greatly slowed with age. This means that the elderly may need much more time to be able to stop a car in an emergency. TSA suggests that the elderly driver leave a minimum of one car length per 10 miles per hour between him and the driver ahead. The elderly driver, as all drivers, should "drive ahead of himself," anticipating stops and turns well in advance and preparing early for them.

Slower drivers are now required by state law to keep as far right in the roadway as possible, decreasing the hazard of being hit from behind by drivers maintaining the speed limit.

RELATIVES of elderly drivers should also be alert to the driv-

er's physical condition, urging eye tests when it appears necessary.

Many senior citizens drive out of necessity, Miller said, and the offer from a helpful friend or relative to give him a lift could save their lives. Many retain their driving privilege to show their independence, but the TSA urged elderly drivers to use the common sense they have been developing over the years to make the decision of whether or not they are capable of safe driving.

Many of the traffic accidents are seemingly minor as far as actual property damage, but a minor injury can produce complications among the elderly that prove fatal. Proper use of seatbelts — all of the time — could save many senior citizens from serious injury, Miller stressed, pointing to the high percentage of injuries among elderly passengers.

"EVEN A minor injury such as a bruise, small cut, or bump on the head heals far more slowly with advanced years," he continued, "and the reduced resistance of the elderly is an invitation to serious and often fatal illnesses such as pneumonia.

"The cooperation of so many medical authorities across the state is the key to the success of this project," Miller concluded, adding that TSA officials were confident that information evaluated from the study would prove helpful to all persons and organizations active in safety fields.

**P.E.P. PLANNERS** — Guiding efforts of the Panhandle Economic Program (PEP) for the coming year are (from left) R. M. Lemon of Booker, J. W. Buchanan of Dumas, R. C. Cline of Amarillo, Zook Thomas of Wellington, W. B. Griffin of Borger, Ed Garnett of Amarillo, R. B. Dawson of Tulia, Leo Forrest of Amarillo and Edd McLeroy of Dimmitt. Forrest is serving as chairman of the executive committee, Cline as vice-chairman and Garnett as secretary-treasurer. The other members head various PEP task forces. Bruce Parr of Friona also serves on the committee.

## Pollution story reprint available

The Texas Parks and Wildlife Department has made available reprints of an article on water pollution published in the October, 1969, issue of the Texas Parks and Wildlife Magazine.

The article, entitled "Keep It Fit To Support Life," was written by Ken Jurgens, administrator of technical programs for the Department.

The article defines water pollution and describes the effects of various types of pollution on fish and other marine life.

# Bailes Mission has new pastor

Rev. Eddie Sanchez, a native of Puerto Rico and a decorated veteran of the Korean War, is the new pastor of Dimmitt's Joe Bailes Baptist Mission.

Rev. Sanchez conducted his first service at the local church Sunday. He and his family came to Dimmitt from Corpus Christi, where he was the pastor of the Airport Baptist Mission.

Raised in Puerto Rico, Rev. Sanchez earned a bachelor of arts degree in business administration from the University of Puerto Rico. After receiving his BA, he studied pharmacology two years at the university before deciding to enter the ministry. He then attended ministerial school at the theological seminary in Rio Piedras, Puerto Rico.

He studied two years in the seminary before being inducted into the US Army to serve with the 65th Infantry as part of a Puerto Rican regiment. He was assigned to the Medical Corps, but also served as his regiment's assistant chaplain.

WHILE IN Korea in 1952 he was wounded by a mortar shell, losing his kneecap. He was confined to Brooke Army Hospital in San Antonio for two years as a result of his wound.

For his service in Korea he was awarded the Purple Heart, two Bronze Star Medals, the Korean Citation Ribbon, the National Medal of the United States and the Good Conduct Medal.

During his stay in Brooke Army Hospital, Rev. Sanchez came to like Texas so well that he decided to remain after his release from the hospital and his separation from active duty, after 4½ years of service. He joined the Southern Baptist Convention in San Antonio, and later attended the Baptist Institute at the University of Corpus Christi.

HIS WIFE, Estelana, is a kindergarten teacher and has served as a kindergarten director for the Southern Baptist Convention in

Rev. Sanchez

Texas, Oklahoma and New Mexico.

Rev. and Mrs. Sanchez have two sons, Eddie, 16, and Edmund, 11.

Rev. Sanchez's favorite hobby is playing baseball, and his youngest son, Edmund, is already playing in Dimmitt's Minor League.

The Joe Bailes Mission is a Spanish-language church that operates as a mission branch of the First Baptist Church of Dimmitt.

## Swimming lessons offered at DJHS

Swimming lessons will begin Monday at the Dimmitt Junior High School swimming pool, according to Bob Askey, pool manager.

ASKEY said he will give group lessons, and probably will start them at 11 a.m. Monday, "depending on how many want to take lessons."

The cost for 10 one-hour lessons will be \$1 per lesson, Askey said. Anyone wishing to take lessons should contact Askey at the pool from 1 to 6 p.m. daily or telephone him at home, 647-3357.

THOSE WHO labor in the earth are the chosen people of God, if ever He had a chosen people, whose breasts He has made His peculiar deposit for substantial and genuine virtue.—Thomas Jefferson

Alfred O. Nicholson, a golfing enthusiast from Shamrock, played the Castro County Country Club golf course Monday for the first time in his illustrious 50 years of golf.

THE 61-YEAR-OLD Texas banker has a passion for the fairways that knows no bounds. He was traveling to Farwell and to Canyon AFB at Clevis to play two more courses - making a total of three courses on Monday.

Nicholson claims he has played more golf courses than any man (or woman) alive. Few doubt him, including Dimmitt's professional, Al Forrester.

Since his first round at the Shamrock Golf Club on Christmas Day, 1919, Nicholson has toured the links of 1,571 courses. Furthermore, he has certified score cards from each club to prove it.

NICHOLSON, who is chairman of the board of the Shamrock bank, says he has an understandable enough motto: "Have clubs will travel."

"I used to try to play about 65 new courses a year," says Nicholson, "but I suffered a heart attack in December of last year, which has slowed me down a bit."

Nicholson's hobby has taken him to 21 foreign countries and all 50 of the United States. He's teed off in Egypt, Mexico, Holland, Canada, British West Indies, Scotland, Italy, West Germany, French Morocco, England, France, Switzerland, and most recently the Canary Islands, Greece, and Soto Grande in Spain.

"I'M PROBABLY the only person to go to Alaska just to play a few rounds of golf," says the financier, who played at Anchorage, Fort Richardson and Fairbanks. The latter is the northernmost golf course on the continent.

The finest courses in his opinion, are at Cypress Point, Calif.; Banff, Canada; St. Andrews, Scotland; and the Capilano Country Club at Vancouver, British Columbia.

The hardest? "That's easy to answer," said Nicholson without a moment's hesitation. "Pine Valley, New Jersey. That's rugged."

ONE WOULD expect a person who has played as much golf as Nicholson would have scored an impressive number of holes-in-one.

Strangely enough, he says he has accomplished the feat only three times. The first was at Shamrock in 1929, then two years later at Cedar Crest in Dallas, and the last at Glen Lakes in Dallas in 1950.

What about Mrs. Nicholson? Is she one of those long-suffering lonely golf widows who stays home while her husband trots off to the nearest course?

"No," says Nicholson, "Mary-Ann and I are pretty lucky there. As a matter of fact, she goes along on many of my trips. She plays, too, but not quite as much. She's probably played 115 or more courses, though."

NICHOLSON estimates there are about 8,000 courses in the US alone, so he won't have to worry about running out of courses for a long time yet.

Nicholson said he thought the relatively new golf course here in Dimmitt has "a very nice lay-out and I enjoyed playing it very much."

HERE'S the Country Club golf calendar:

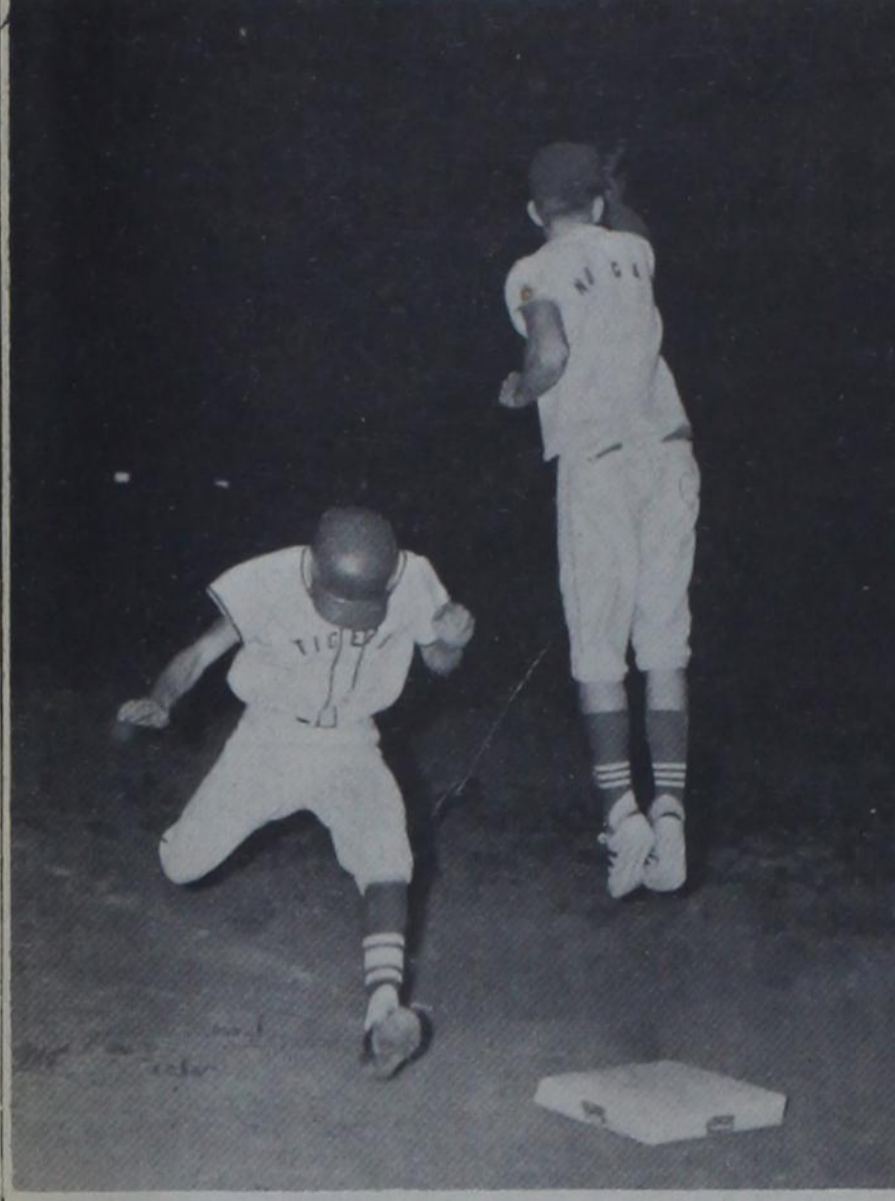

Monday, June 15 — West Texas Pro-Am, Castro County Country Club. Entry fee \$6; tee-off time closes at 2 p.m.; handicap. Start at 9 a.m.; 4-man low ball; women welcome.

Sunday, June 14 — Monthly Castro County Country Club Scotch Foursome; 4 p.m. tee off time; \$1. per player.

June 21, Sunday — Father's Day Golf Tourney; \$2 per person; breakfast planned at the club for members who are interested; deadline for entry Saturday, June 20. Nine holes; father's score counts for all sons; flighted according to age; fathers will be handicap; gift certificates for low gross; low net; youngest son; eldest father.

HEREFORD was the scene of the regular monthly High Plains Ladies Golf Association tourney last week with the following Dimmitt women placing: Amy Glover, low net and low gross, first flight; Kathy Thomas, low gross, second flight; Bobby Vilas, low net, low putts, second flight; Bernice Hill, low net, fourth flight.

Next High Plains Ladies Golf Association meeting will be at Dimmitt July 8.

SAFE? NOPE!—David Malone of the Tigers appears to have beaten the throw to first base as the Giants' Paul Askey jumps for it—but Malone overstepped the bag and Askey tagged it for the out as Malone did an about-face and dived back toward the base. The play came in the seventh inning of Friday night's Pony League game. The Giants won, 15-13, after an overtime inning was required to break an 11-11 tie.

## American Legion season starts

The Panhandle district's American Legion baseball season started Wednesday night with Caprock of Amarillo scheduled to visit Dimmitt at 7:30.

THIRTEEN teams make up the district this year, with Dimmitt in the West Division. Other West Division teams are Amarillo, Canyon, Caprock, Hereford, Palo Duro and Tascosa. Making up the East Division are Borger, Dumas, Groom, Pampa, Perryton and Spearman.

The season will include 72 games in all, climaxed by the district tournament July 22-25 at a site still to be determined. Each division will play a double round robin (every team playing each other team twice), and the district tournament will be a double elimination event.

AL LEMONS is the coach of Dimmitt's American Legion team.

Here is Dimmitt's American Legion baseball schedule for June:

June 10 — Caprock, here, 7:30.  
June 13 — Hereford, here, 2:30.  
June 17 — Palo Duro, here, 7:30.  
June 20 — Amarillo, here, 8:30.  
June 21 — Tascosa, there, 4:30.  
District chairman for American Legion baseball this season is Ed A. Timmons of Amarillo.

### On the Go

Mr. and Mrs. J. L. Dowty returned home Friday from a visit with their daughter, Mrs. Bobby Henley and family at Woodville, Miss. They also had a sightseeing tour through Louisiana.

## State Ag. Dept. hopes to outlaw harmful sprays

(Texas Press Service)

The State Department of Agriculture has requested power to outlaw chemical compounds harmful to public health.

COMMISSIONER John C. White also proposed in a meeting of the Interim Legislative Study Committee on Land Use and Environmental Control that the legislature regulate disposing of pesticides and chemical compounds that are no longer needed, no longer used or banned from use.

The committee called the meeting following a report on cumulative effects of the pesticide DDT on animals.

White repeated his previous statement that he knows of no case in which humans have been harmed as a result of the use of DDT in agriculture.

THE same committee was told by a Florida biologist that oysters taken from the Arroyo Colorado area of Laguna Madre had the highest DDT concentrations of any in the nation. This, the biologist said, is a reflection of intense agriculture activity in the Rio Grande Valley. Oysters, ac-

ording to the same authority, are not killed by DDT, but fish that eat them are.

A Texas Parks and Wildlife Department spokesman said hydrocarbons (such as DDT) cannot continue to be used without serious degradation of the world ecological system.

# Why pay up to \$259\* more for a compact when Maverick gives you all this?

Why pay more when Maverick saves you money right from the start? And however you figure it... size, power, economy... Maverick gives you more in the bargain!

Maverick is no lightweight. Its wide tread and stability makes for a sure grip on the road. Yet there's no excess weight to cause acceleration lag or reduce fuel economy.

Maverick is perky. Some competitive makes have four cylinders. Maverick's got a 170 CID six-cylinder that delivers 105 hp. It gets you up to expressway speeds in less than 15 seconds... without getting you in hock at the gas pumps.

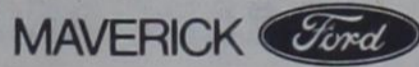

Maverick is economical to drive. Test drivers averaged 22.5 mpg in simulated actual driving conditions. This means you could go up to 350 miles or more between gas stops.

Maverick is simple to park. It's less than 15 feet long and has a turning diameter of only 35.6 feet. So you can nip in and out of tight parking spots and tough traffic, easier than the big guys.

Maverick is simple to maintain. You can do it yourself. The Maverick Owner's Manual is packed with simple diagrams and instructions.

Maverick is easy to own. So easy, in fact, with its low, low price, that you can even move up to a jazzy Maverick Grabber and still beat that compact price.

Maverick is America's biggest selling small car. And that means you can expect top dollar resale value when it comes time to trade. Maverick just doesn't know how to stop saving for you.

\*Based on a comparison of manufacturers' suggested retail prices including Chevrolet factory price reduction of \$160 for a six-cylinder Nova 2-door sedan.

**MAVERICK STILL \$1995.†**

†Ford's suggested retail price for the base Maverick model. White sidewall tires are not included, they are \$30 extra. Since dealer preparation charges (if any), transportation charges and state and local taxes vary, they are not included, nor is extra equipment that is specially required by state laws.

**Rev. Wagner celebrates golden jubilee**

By Mrs. Florance Albracht  
 Sunday was a big day for the Holy Family parishioners. Rev. Norbert Wagner, a former pastor came from Springfield, Mo., where he is now living a semi-retired life, to celebrate his Golden Jubilee as a priest. He offered mass for the parish at 10 o'clock. After this a dinner was served in the community hall. The tables were beautifully decorated, each table with a different religious symbol and flowers by Mrs. Judy

Lange. Mr. Francis Wilhelm was master of ceremonies, Mr. Dan Schmucker gave a history of Father's life in the Amarillo Diocese, the parishes he served. He retired in 1968. Parishioners he had baptized, those who were First Holy Communicants and those for whom he performed the marriage ceremony, while pastor here, as well as many other parishioners, came to congratulate Father and wish him many more years in the service of the Lord. The dinner was served by the Christian Mothers and Catholic Daughters.

ren of Dennison, Texas, visited her dad, Emil Huseman and family, over the weekend. On Sunday the family enjoyed a dinner with the Leo Durbin family. Enjoying the dinner were Mr. Emil Huseman and Rodney, Mr. and Mrs. George Huseman and sons, Mrs. Virginia Brown and children and Mr. and Mrs. Jerome Durbin.

★  
 THE Catholic Daughters held their last meeting of the season on Wednesday evening, June 3, in the community hall. The past district deputy, Mrs. Lynn Ehly, installed the new officers, Mrs. Ehly held this position for six years. Mrs. Wilson of Lubbock has been appointed to the office. New officers are Grand Regent, Mrs. Mary Ann Durbin; Vice Grand Regent, Mrs. Lucy Leinen; Lectur-

er, Mrs. Norma Schacher; Financial Secretary, Mrs. Judy Lange; Historian, Mrs. Leola Ramaekers; Treasurer, Mrs. Mildred Birkenfeld; Monitor, Mrs. Mathilda Anderle; Phophetess, Mrs. Pat Brockman; Sentinel, Mrs. Ann Schulte; Trustees, Mrs. Dorothy Kleman and Mrs. Catherine Hochstein. Mr. and Mrs. Edwin Huseman are the proud parents of a baby girl born the past week in Plains Memorial Hospital.

**H-D Notes**

**Try jambalaya for taste treat**

By IRENE KEATING  
 This week I want to share some recipes with you that Diana Malone brought from Louisiana. She says they eat jambalaya just like we eat red beans here.

**Louisiana Cajun Jambalaya**  
 One 6 lb. hen  
 1/2 tablespoon black pepper  
 1 tablespoon salt  
 1 cup shortening or chicken fat  
 1 bunch shallots (cut up)  
 8 pods garlic  
 4 lbs. onions (cut in small pieces)  
 2 lbs. country smoked sausage, cut up  
 3 qts. water  
 6 cups short grain rice  
 Add 2 tablespoons salt and 1/4 tablespoon cayenne red pepper  
 Cut chicken in serving pieces. Add salt, pepper to chicken, then brown in fat. Remove chicken. Add onions and white part of shallots and saute. While sauteing, add sausage. Remove excess fat. Add chicken, water and garlic; cook until chicken is tender in covered pot on medium heat. Again remove excess fat (if necessary). Add green part of shallots and rice, bring to rapid boil. Immediately stir, lower heat, and cover. Cook 30 to 45 minutes until rice is tender (only stir once or not at all).  
 Preparing time — 1 to 3 hours. It depends on how long it takes to tenderize the chicken.

**Shrimp Jambalaya**  
 1 cup sliced celery  
 2 cups diced green pepper  
 2 medium onions, sliced  
 4 tablespoons butter or margarine  
 1 or 2 garlic cloves, minced  
 1 lb. cooked ham, 3/4 inch thick, cubed  
 2 lbs. peeled, deveined shrimp  
 1 1/2 teaspoon salt  
 3/4 teaspoon hot pepper sauce  
 1/2 teaspoon chili powder  
 1 teaspoon sugar  
 2 cans whole tomatoes  
 3 cups hot cooked rice.  
 Cook celery, green pepper and onion in half the butter or margarine until tender but not brown; add garlic and ham, cook 5 min. longer. Add remaining butter, shrimp, salt, hot pepper sauce, chili powder and sugar. Cook, tossing often with fork until shrimp is pink. Add tomatoes; heat. Stir in rice. Makes 8 servings.

**Smaller towns face tough task**

(Texas Press Service)  
 Noting preliminary census figures discouraging to many communities, Gov. Preston Smith said revitalizing the small towns of Texas may be tougher than starting them.

"RIGHT NOW," said Smith in a speech at Crane, "the people of Texas — whether they live in the largest city or the smallest rural community — have some problems as tough for them as were those that confronted the 'frontier busters.'"

"In many respects, our challenge and our task are more demanding and much more complex," he said. "The preliminary reports on the census of so many of our smaller cities spell out in box-car size letters that as much tenacity — just plain guts — is required to tackle that job as the old-timers needed."

**CASSEROLE SHOWER HELD**  
 Mrs. Norman Nelson was honored with a casserole shower at the home of Mrs. Joe Andrews June 5. The casseroles and frozen desserts will be used when the blessed event arrives in July. Hostesses were Brenda Andrews, Glenda Sims, Sarah Hill, Kay Young, Martha Willard, Betty Dennis, Carol Cluck, Charlene Hunter and Sue Howell. The guests participated in games, Cookies and punch were served.

# Vocational and adult courses approved

By MYRT LOMAN

The Hart Independent School District has been approved for a Coordinated Vocational Academic Education unit for junior high school girls.

Mrs. J. V. Wescott has been employed to teach this vocational course, which is called "Homemaker's Assistant."

The instructional areas of the Homemaker's Assistant course include cleaning, laundering, caring for the sick in the home, preparing and serving food in the home, caring for children in the home, handling emergencies and meeting people outside the family, interior decorating and sewing.

IN THE regular school board meeting Monday night Ray Murphy was employed to teach high school English and Spanish. Murphy has 10 years' teaching experience, with seven of these years in Olton High School.

The adult education program was approved by the board for the 1970-71 school year and transfer students were accepted by the Hart school for the 1970-71 year.

Tom Ed Benton was awarded a new contract as tax collector and business manager to extend to Sept. 1, 1971.

The school board voted to call for bids on the 1960 model, 48-passenger spare Ford bus. Bids will be opened at 8 p.m. July 13.

The board voted to purchase \$2,446.83 worth of equipment and supplies for the Vocational and Coordinated Vocational-Academic Education Department, with the \$1,296.81 of this amount.

Approval was given for lease of a pick-up for the vocational agriculture department for a year for \$720 from Thompson's Chevrolet of Olton.

THE TEXAS Education Agency is sponsoring a Migrant Summer Institute for teachers and teachers' aides. The program started Monday and will run through July 3 at Estacado High School in Lubbock. Classes are from 9 a.m. until 3:30 p.m.

The program is to help teachers and aides gain knowledge and experience in four areas — language development, reading, instructional media technique, and bilingual instructions.

A variety of techniques of instructions will be presented throughout the institute. Demonstrations will be conducted with children, micro-teaching skills will be presented and video-tape facilities will be utilized in the teaching-learning process.

Teachers attending the Migrant Summer Institute from Hart are Mrs. H. H. Bledsoe, Mrs. Bill Bell, Mrs. C. T. Cunningham, Mrs. Carl Rambo and Mrs. Tom Ed Benton.

MR. AND MRS. Everett Cole, Mr. and Mrs. Cliff Henderson and Mr. and Mrs. R. G. Henderson attended the funeral of their uncle, Leonard Kanady of Plainview, Saturday.

The funeral was held at 10:30 a.m. in Wood-Dunning Funeral Chapel, with burial in Plainview Memorial Park.

Survivors are his wife, the former Lucy Worlds; one son, one sister, two brothers, one granddaughter and two great granddaughters.

NINETY-THREE children registered Monday the first day of classes of the Baptist vacation Bible school from 2 to 5 each afternoon.

The children's work will be on display Sunday morning in the fellowship hall of the church, with commencement exercises at the 11 o'clock hour on Sunday morning.

RAINFALL to date for this year according to the government rain gauge, has been 3.06 inches, including .32 in January, .02 in February, 1.01 in March, .14 in April, .78 in May and .79 so far this month. These figures are only for the city, and the amounts

vary in different directions from town.

Derrell Davis keeps the government rain gauge and can be contacted at his home or at the Fort Worth & Denver depot in Hart.

SUPERVISED activities for the summer program will continue through July 23, under the supervision of Mr. and Mrs. Doug Higgins and Leon Kendall.

Skating is available in the elementary gym. Recreational activities are scheduled on Monday, Tuesdays and Thursdays.

MRS. MABEL AVEN will host the members of the "Golden Ones" on Friday with a covered dish luncheon. All widow ladies are invited to bring a covered dish and have lunch and fellowship together.

Mr. and Mrs. E. E. Foster are at home with Mrs. Foster recuperating nicely, following serious injuries sustained in a car accident some two months ago. Mr. Foster was less seriously injured and is up and about his regular duties.

LISA LACY, daughter of Mr. and Mrs. Darrel Lacy, was hostess Friday night for a slumber party. She and her classmates enjoyed hot dogs and all the trimmings, and listened to records.

NEOMA BROOKS, daughter of Mr. and Mrs. Paul Brooks, is recuperating at home following nose surgery recently in Plainview Hospital and Foundation. Miss Brooks is employed in the office at the hospital.

Rev. C. T. Cunningham, pastor of the First Baptist Church, returned home last Thursday night from Denver, Colo., where he attended the 125th anniversary of the Southern Baptist Convention. He gave a report of the convention at the Sunday night worship service.

THREE Hart boys and one from Dimmitt participated in the District "Pitch, Hit and Throw" contest held at Amarillo Memorial Stadium Saturday.

The PHT is a nationwide activity, sponsored by major league baseball and Phillips Petroleum Co. Boys 9 through 12 may participate in the event.

Boys from this area and points won were Robert Lacy, 219½; Bart Bruington, 274; Bobby Allen-sworth, 336, all from Hart; and Keith Crum of Dimmitt, 392.

Adults attending from Hart were Mr. and Mrs. Bob Lacy and Debbie, Mr. and Mrs. Charles Black and Chad, and from Dimmitt, Mr. and Mrs. Cecil Crum.

Winners of the District will compete in the national meet in Houston on Sunday, June 28. None of our boys made enough points to be a district winner.

GARY SIX and Donnie Shive joined some 65 boys in Amarillo Friday night and left early Saturday morning for a week in Austin at the 1970 session of American Legion Boys State on the campus of the University of Texas.

Gary is the son of Mr. and Mrs. Elmer Six, and Donnie is the son of Mr. and Mrs. Eldon Shive. Gary is sponsored by the American Legion Post 311 of Hart and Donnie is sponsored by the Hart Lions Club.

Following the registration, each boy was assigned to one of the two political parties, the Nationalist or Federalist. Each citizen then functions as a member of his party. He attends its precinct, county and state conventions, and votes in its primary.

IN BOYS State, the American Legion provides the type of program where the young citizen has the opportunity to learn for himself that his government is just what he makes it.

Highlight of Boys State will be a trip to the Capitol Friday morning, where each elected Boys State official will be given an opportunity to serve in his respective office for a day, followed by

Rev. and Mrs. Thomas H. Taylor

## Hart Methodists have new pastor

Rev. and Mrs. Thomas H. Taylor are the new parsonage family at the United Methodist Church in Hart.

They moved here last week from Cotton Center, where they served a two-year ministry. REV. TAYLOR is a native of Roscoe and attended Howard County Junior College, South Plains College and six summer sessions at Perkins School of Theology, Southern Methodist University, Dallas. He has served at Odell-Farmers Valley, Truscott, Hermleigh, Garden City, Forsan, Sundown and Cotton Center.

Hart's new Methodist pastor served 3½ years in the US Air Force during World War II, flying 54 missions in the South Pacific.

Mrs. Taylor, the former Irene Morton, is a native of Roby. She is the daughter of the late Rev. Marshall Morton, who was a Methodist minister in the Northwest Texas Conference for many years. THE Taylors have five children, four of whom are married. They are Louise of Jacksonville, Fla., Dorothy of Denver, Colo., Walter and Janie of Smyre, and James, a high school junior. The Taylors also have four grandchildren.

Rev. Taylor succeeds Rev. Fred Brown, who has been appointed to serve the Pioneer Memorial United Methodist Church in Lubbock.

The Governor's Ball Friday evening.

HART PATIENTS in Plains Memorial Hospital in Dimmitt Tuesday were Mrs. Ruby Benning and Mrs. Mamie McLain.

The Hart Lions Club met Monday for lunch and a program with 19 members present. "Goose" Ramey and J. R. Brown of Dimmitt were guests. Ramey presented the program on "Geese."

THE HART Volunteer Fire Department recently elected new officers for this year. Fire chief is Lyndall Warren, assistant fire chief is Claude Ray, captain is Dub Bruington, drill master is Richard Entreklin, secretary is Clinton Billingsley and lieutenant is Aubrey Myers.

Members of the fire department meet the first and third Monday nights of each month.

M. J. Janek, son of Mr. and Mrs. Milton Janek of Hart, left Monday morning for Ft. Ord, Calif., following a 10 day visit with his parents and friends.

Janek is serving with the US Marines and has his orders to sail for a tour of duty in Vietnam.

The Women's Society of Christian Service of the First United Methodist Church will sponsor a "get acquainted" tea next Thursday honoring Mrs. Thomas Taylor, wife of the new pastor of the Hart Church.

The tea will be in the home of Mrs. Leonard Griswald from 3 to 5

## State receives weight equipment

(Texas Press Service)

The National Bureau of Standards has presented the state with \$80,000 worth of weights and measures standards and calibration equipment.

The precision instruments will be used in the new Department of Agriculture Weights and Measures Laboratory just dedicated at Austin. The equipment is the first of its kind officially issued to states by the federal government since the 1840's, and Gov. Preston Smith said it will benefit industry, commerce and consumers by insuring just and fair transactions.

## Should IP's be attorneys?

(Texas Press Service)

The State Bar will take up a resolution at its San Antonio convention July 2 urging the legislature to require urban county judges and justices of the peace have credentials as lawyers.

The proposed resolution suggests attorney qualifications for judges of counties over 50,000 and for IP's in counties over 200,000. Among other resolutions on the agenda is one seeking higher pay for lawyers in military service.

Utah.

Powell, who teaches math at Bonham Junior High School in Amarillo, will attend the seminar July 6-24.

This course is designed to acquaint people — usually teachers — with the foundations of our freedom and the threats against it, Powell said.

Mr. and Mrs. Powell were with the Hart Public Schools in the early '40s. He was superintendent and she taught in high school.

### About Dimmitt

(Continued from Page One)

minded and impartial. I really believe he would admit he is and probably with a little persuasion would try to convince a person that he was endowed with those characteristics. But how can Old Charles blast the CBS television network, as he did in his column in last Friday's newspaper, for being generous with their broadcast time in the case of victorious liberal candidates while refusing to let the defeated, or undefeated, conservative candidates speak their piece. Charles was terribly upset because CBS all but ignored the upset victory scored by Gov. Wallace in Alabama and his heart was busted because the same network failed to give Gov. Ronald Reagan of California top billing in their newscasts and commentaries. Poor Mr. Guy was deeply grieved by that shining example of biased reporting.

Of course, it's a different story here in Texas. It is perfectly alright for the big republican dailies (this doesn't include the Lubbock Avalanche-Journal, no siree, because right up there in the masthead it says that that newspaper is an independent, that's what it says, to give full and generous coverage to the so-called Texas conservative candidates. These are the boys with the big corporations for "sugar daddies" and they come to town well-heeled and well publicized. But just let a man that talks the language of the farmer and the working man, like Sen. Yarborough for instance, come to town and see how much publicity he gets. Even a political independent newspaper like the Avalanche-Journal, which invariably backs the republican candidates, has never been known to give a candidate, who was only slightly liberal, the time of day.

REV. FRED BROWN and family were guests last Wednesday night at a farewell party in fellowship hall of the United Methodist Church.

Friends of the family enjoyed fellowship, homemade ice cream and cake.

The Browns moved last Thursday to Lubbock, where he has assumed the pastorate of the Pioneer Memorial Methodist Church. Their new home address is 2617 Cornell St., Lubbock.

MRS. SID FARMER was hostess for the June meeting of the Goodneighbor Club.

Following a covered dish luncheon, the members visited the Golden Spread Nursing Home in Dimmitt, taking the residents cookies, punch and flowers made from plastic egg cartons. Mrs. Leonard Griswald gave the reading of a poem, "Young at Heart."

Mrs. Percy Hart will host the July meeting with an ice cream supper Wednesday night, July 1 at 6:30. Husbands of members will be special guests.

YOUTH of the Hart community are invited to join in the production of a Christian musical, "Happening Now," which has styles ranging from "pop" to "modern rock."

All youth from age 13 up are invited to participate. Rehearsals are on Sunday afternoon at 4:30 at the First Baptist Church and on Wednesday nights at 8.

Roger Edwards, the Baptist youth director, will direct the musical.

MR. AND MRS. Kinney Hill are the parents of a boy, Chadrick Hill, born June 3 at 7:10 a.m. in the Plainview Hospital and Foundation. The baby weighed 5 pounds, 15 ounces. Grandparents are Mr. and Mrs. Paul Johnson of Dimmitt and Mr. and Mrs. Homer Hill of Hart.

RAYMOND POWELL of Amarillo, a former Hart teacher, has been awarded a \$450 scholarship by the Freedoms Foundation at Valley Forge to attend a three-hour graduate credit course this summer in "Preservation of the Principles of Freedom" at Brigham Young University in Provo,

CLASSROOM AMBASSADORS — The Bill Samuelson family of Emporia, Kan., will spend most of the summer as consultants in university and public-school classrooms in Bucaramanga, Colombia. Mrs. Samuelson is the former Susie Howell, daughter of Mr. and Mrs. Moss Howell of Bethel. From left are Steven, 10, Samuel, 9, Mrs. Samuelson, Dr. Samuelson and Sherri, 6.

## Family ready to launch adventure in Columbia

Mrs. Patricia Sue Howell Samuelson, daughter of Mr. and Mrs. Moss Howell of Bethel, will be an exciting new career with her family Monday.

MRS. Samuelson, her husband and three children will spend

seven weeks this summer in the Andes Mountains of Colombia, South America. Her husband, Dr. Bill Samuelson, will be a visiting professor at the Universidad Industrial de Santander, located at Bucaramanga, Colombia.

Dr. Samuelson, who teaches at Kansas State Teachers College in Emporia, will train the faculty of the Colombian university. The

school is trying to improve its quality of instruction, since most of its instructors have only bachelor's degrees. In effect, Dr. Samuelson will be giving them post-graduate instruction on teaching techniques.

Part of the project's expenses will be defrayed by the Hayes-Fulbright Commission on International Exchange, and the rest of the cost will be paid by the Colombian university itself.

WHILE Dr. Samuelson is busy with his exchange project, the family will stay in the home of a faculty member at the Colombian university.

Mrs. Samuelson (better known here as Susie) will be busy during the summer, too. As a second grade teacher who holds a master's degree in specialized elementary education, she will be visiting Colombian elementary schools and serving as a consultant.

Public schools are crowded in Colombia, and the children of the country generally attend poor schools. Mrs. Samuelson hopes to make her experience valuable to her fellow teachers in Colombia.

The Samuelsons' three children — Steven, 10, Samuel, 9, and Sherri, 6 — have been working to learn Spanish along with their parents, and are excited over the prospect of an international jet flight.

IN ADDITION to teaching and representing Kansas State Teachers College in Colombia, the Samuelsons are planning side trips to Venezuela and a stay in Bogota, capital of Colombia.

Bucaramanga, which will be the Samuelsons' home for the next two months, is a beautiful, sprawling city set in the natural greenery of the Andes. Its population of approximately 300,000 lives in conditions ranging from abject poverty to high affluence.

With a highly inflated economy, Colombia hopes to raise its standards of public and higher education as a means of attaining a more stable economy in the future. This is one of the purposes of the exchange program in which the Samuelsons will be taking part.

meetings of the committee indefinitely," Harp said. "When he adjourned the committee last Tuesday he told them, 'When you get ready to adopt a farm bill that Congress will pass, let me know.'"

Harp said Congressman Poage had considered the defeated bill as "the best bill he could get through the Congress, Administration and Coalition."

THE BILL that was approved in the committee's surprise action "leaves us right back where we started, with no guarantee of any payments at all," Harp said. "We have no way of knowing at this point just how, or when, things are going to turn out."

In the annual election of officers at the meeting, GSPA directors and members returned all officers to their present posts.

They are A. W. Anthony of Friona, president; K. B. Parish of Springlake, Melvin Barton of Dimmitt and Mabry Foreman of Felt, Okla., vice-presidents; and Pat Northcutt of Silverton, secretary-treasurer.

Carl Bruegel of Dimmitt was elected as Castro County's director on the GSPA board, with John Gilbreath of Sunnyside as the first alternate and Ray Robertson of Dimmitt as the second alternate.

Executive officers of the association are Harp, executive director, Y. F. Snodgrass of Abernathy, service director; and Jack King of Lubbock, research director.

## City asks bids on sewer plant

The City of Dimmitt is calling for sealed bids this week for the construction of its new sewage treatment plant.

THE PLANT, to be of the new "racetrack" design, is expected to cost approximately \$200,000. City residents approved a bond issue for the city's share of the cost in a bond election last year. State and federal funds also will help pay the project cost.

Bids will be opened publicly at 2 p.m. July 6. A legal notice in this issue of the News spells out the requirements for bidders.

## Courts order 'smog' stopped

(Texas Press Service)

In district court cases at Houston and El Paso last week, Atty. Gen. Crawford C. Martin won first judicial orders checking air pollution by trash burning and industrial smoke.

Civil penalties were assessed in the Robert's Dump case, Houston, and an El Paso smelting and refining firm was given deadlines for installing anti-pollution devices.

HERE'S a roundup of other state court action last week: The Texas Supreme Court held that cities under 5,000 (Lindale) cannot annex territory without consent of the people living in the area.

The high court set July arguments on the issue of whether an insurance company (Allstate) issuing uninsured motorist coverage should be allowed to enter court against its own policy holder on the side of uninsured drivers to prove its client was partly at fault or his injuries less than claimed.

## Lions to run Roundup Parade

The Dimmitt Lions Club voted Tuesday to take over the management of the Castro County Roundup Parade this year.

THE LIONS' action followed a request by Melvin Barton, chairman of the Castro County Activities Committee, and Maurice Campbell, who has served many years as parade marshal.

The parade will be Aug. 13 and will kick off the annual four-day Roundup and Old Settlers' Reunion.

## Jan Willis Baca receives degree

Jan Willis Baca of Dimmitt was among those graduated from Texas Tech University's College of Home Economics May 16. She received a bachelor of science degree in clothing and textiles, with a fashion merchandising option.

SHE IS the daughter of Mr. and Mrs. G. L. Willis Jr. While at Tech, she was active in the American Home Economics Association and the Tech Dames.

## Financial Facts

By Willis A. Hawkins, Jr.

The emperor Constantine the Great reorganized the monetary system of Rome. His reforms included the reduction in weight of the gold coin, called the solidus, to 1/72 of a libra or pound.

This system was adopted in the Eastern Empire by the Byzantine monarchs and for centuries the Byzantine solidus remained the principal medium of exchange throughout the Mediterranean area. The solidus was used for international exchange and also for domestic transactions which involved large sums. Silver and copper coins continued to be used in local and petty trade.

The monetary system in western Europe was in a state of chaos

and the barbaric rulers of the west were glad to adopt the solidus for their own use.

Lions ready to charter; July 4 observance set

Paul Easterwood

Easterwood is honor graduate of UH law school

Paul Easterwood, formerly of Dimmitt, received his doctor of jurisprudence degree May 30 from the University of Houston's Bates College of Law.

HE IS the son of Mr. and Mrs. Carl Easterwood, who now live at Sulphur Springs.

Easterwood completed his law degree requirements in January, graduating Cum Laude as the second-ranking student in his class.

His parents attended his swearing-in ceremony in Austin, and also the commencement exercises of the Bates College of Law at the Hofheinz Pavilion at the University of Houston last month.

Easterwood is now associated with a law firm in Wichita Falls.

Eliminate wiring hazards in home, engineer advises

The misuse of electricity or using defective wiring and equipment can be costly, cautions W. S. Allen, Texas A&M University Extension agricultural engineer.

HERE ARE questions, posed by the engineer, covering electrical hazards often found in the home.

—Is the right size fuse (15 amps for lighting circuits) in use? Do you use a new fuse, never substitutes, when one blows?

—Do you use extension cords within safe limits of their capacity? Safe limit for the most commonly used lamp cord is 500 watts.

—ARE extension and appliance cords replaced immediately whenever insulation shows signs of fraying or cracking? Do you see that cords are never run under rugs or hooked over nails?

—Are appliances checked periodically to be sure they are in good operating condition and taken out of service for repair or replacement at the first sign of trouble?

—Is your TV antenna installed where it cannot fall across power lines, and is it equipped with a properly grounded lightning arrester?

If there are "no" answers on the list, take corrective measures immediately, Allen advises.

By TEENY BOWDEN At the regular community meeting Friday night the new Sunnyside Lions Club set tonight (Thursday) as the date for the charter night banquet, which will be held at the Dimmitt High School cafeteria at 8 o'clock.

The Lions also plan to do some work on the community grounds before the July 4 picnic. A work day was set for July 3 to work on the inside of the building.

The approximately 20 adults present for the community meeting voted to have an afternoon of visiting, starting at 4 p.m. July 4 and have sandwiches and homemade ice cream for supper instead of having a basket lunch at noon, as has been the custom in the past.

The Sunnyside Lions Club will hold its regular meetings the first and third Monday nights of each month, according to Hershel Wilson, president.

MR. AND MRS. Ezell Sadler visited with Erzell Keeler in Hale Center Tuesday night. Mrs. Keeler is still in the hospital.

Mrs. Harold Bischoff, Scott and Tresa from Lordsburg, N.M. arrived last Saturday and visited a week with Mr. and Mrs. Eldon Lilley. Mrs. Arellio Sanders of Earth visited with them Monday afternoon.

The wreck last week that claimed the life of Lon Boothe and his daughter, Janie, effected our community in many ways.

MRS. FLOYD IVEY and her granddaughter, Susie Ivey, spent last Saturday and Sunday in Lamesa with her daughter, Mr. and Mrs. Curtis Pruitt and their granddaughter.

MRS. EDDIE HAYDON was one of the hostesses for the bridal shower honoring Carolyn Lewis last Saturday afternoon.

Mrs. Pearl Sadler of Dimmitt spent Monday afternoon with Mrs. E. R. Sadler. She had dinner Tuesday with Mr. and Mrs. Ezell Sadler.

Bob Duke went with the Castro County FFA chapters on a camping trip to Cowles, N.M., last Tuesday through Friday.

MR. AND MRS. Dan Boothe and Morris of Hollis, Okla., who is in college at Stillwater and Mr. Edd Sweatt of Dimmitt had

dinner Friday with Mr. and Mrs. Eldon Lilley, and Mrs. Harold Bischoff and children.

Mr. and Mrs. Cleo Widner of Melrose, N.M., visited last Thursday afternoon before the Boothe funeral with Mr. and Mrs. Ezell Sadler, and after the services with Mr. and Mrs. Weldon Bradley.

Mrs. James Powell and children of Dimmitt and Eddie Oldfield of Dimmitt visited Wednesday morning and had dinner with Mr. and Mrs. Ezell Sadler. Mrs. Oldfield, Ricky and Barry visited in the afternoon with Mrs. Powell and children at the Sadler home.

MRS. ROBERT DUKE, Bob and Sandra worked in vacation church school in the First United Methodist Church in Dimmitt last week. Jan Noble came home with Sandra Friday to spend the weekend.

Mrs. John Gilbreath helped in the third grade department of the Methodist church school. Coby, Matt, and Hal and Kevin and Jody Riley also attended the church school at the Methodist Church in Dimmitt. Parents' night was held Sunday evening.

Mrs. Lloyd Blanton worked in the primary department of the vacation Bible school at the Church of Christ in Earth this week. Terry went each day and helped out some, and attended classes. Mrs. Eddie Haydon was also on the faculty and her children, Kelly, Kim and Jeanne, attended. They had a picnic lunch at noon Friday.

MRS. EDWARD CALHOUN and children returned home from a visit with their grandmother and uncle in Missouri Saturday. They left last week after the senior graduation. Robert Calhoun will play in the Dimmitt Pony League this summer.

Mr. and Mrs. David Ellison and boys of Dimmitt moved to the Roy Phelan rent house in Sunnyside last week. She and the two boys have been in Fort Worth for a visit with her mother and sister this week. He is employed by AAA Flying Service, Inc.

Mrs. Ray Axtell gave the devotion at the Friendship Sunday School class lunch of the Earth United Methodist Church Tuesday at noon.

MARION DAWSON helped with the installation of Becky Littleton as worthy advisor of the Rainbows of the Earth Assembly 156 last Tuesday.

The Red and Green teams of the Springlake-Earth Pee Wee League tied 15-15 Tuesday afternoon. Pat Fuller plays on the Red team and Mark Bridge plays on the Green team.

The WMS groups met for the general society program Wednesday night with Mrs. Roy Phelan in charge. Last Wednesday night was the prayer group and the WMS executive committee meeting, instead of mission action as reported last week. Roy Phelan conducted the business meeting that followed, in the pastor's absence.

Debbie Morgan has been working at the Golden Spread Nursing Home in Dimmitt since school was out.

MR. AND MRS. Ezell Sadler left Thursday night to attend a wedding Friday evening of a cousin. They visited with all of his

relatives in Abilene and spent Saturday night and Sunday with Mr. and Mrs. Jake Christian and Mr. and Mrs. Robert Paschal and Keith. They returned home Sunday night.

Mr. and Mrs. Bill Morgan and family attended services last Wednesday night at the Southside Church in Lubbock, where Rev. M. D. Durham is the pastor. They are in vacation Bible school this week, and asked Bill to speak to their group concerning their work on the Indian Reservation in Arizona before coming here. Mrs. Durham was ill, and Marvalynne and the baby had come from California to be with her.

Word was received Saturday night that Mrs. Durham had been hospitalized in Levelland and was seriously ill. Marvalynne is still with them.

MRS. GARY COWLEY and children of Canyon spent the weekend with her parents, Mr. and Mrs. Lloyd Blanton.

Mr. and Mrs. David Sadler and Melody of Lubbock spent the weekend here with Mr. and Mrs. Larry Sadler and family.

Mr. and Mrs. Larry Odum of Hereford spent Saturday night and Sunday with Leslie Louder. She visited Saturday afternoon with Mr. and Mrs. W. E. Louder and Mr. and Mrs. Juan Falcon, and Sunday with the Louders and the L. B. Bowdens.

MRS. TOMMY ALAIR conducted an art display Saturday in the bank community room at Dimmitt. The display included her work in water colors, oils, crafts and designs, graphics, acrylics, jewelry, ceramics and figure drawings.

Bob Adams and a friend from San Francisco, Calif., and his mother, Mrs. Grace White from the Golden Spread Nursing Home in Dimmitt, and Mr. and Mrs. Gordon Bradley of Tucumcari, N.M., had supper last Monday night with Mr. and Mrs. Weldon Bradley and Lee. Mr. and Mrs. Dent Bradley of Flagg, Mr. and Mrs. Al Gibbs, Mr. and Mrs. Gene Bradley and boys, Mrs. Tommy Gross and boys of Dimmitt, and Mr. and Mrs. Carl Bradley and boys of the community visited with them after sup-

per, Bob Adams and his friend spent the night with them.

Last Tuesday night Mr. and Mrs. Elmer Dixon, Mr. and Mrs. Carl Bradley and boys, Lee, and Mrs. David Blair and Bruce of Dallas and Miss Casey Kirkpatrick of Dimmitt had supper with the Weldon Bradleys.

MR. AND MRS. Thomas Parson returned home this week after his father made some improvement following surgery.

Rev. and Mrs. Mack Turner returned home from a convention in Denver Friday night.

Terry Bradley and a friend from West Fork, Ark., spent Wednesday night with Mr. and Mrs. Weldon Bradley.

WORD was received Saturday night that Maude Gunn, sister of Howard Bridges in Weatherford, had suffered two heart attacks Friday and Saturday, and was in serious to critical condition.

Mr. and Mrs. Roy Phelan visited Sunday afternoon in the Levelland hospital with Rev. and Mrs. M. D. Durham and Mar-

lynne and her baby girl. After receiving six pints of blood, Mrs. Durham was feeling much better. She was in serious condition when admitted.

Mr. and Mrs. Cleo Widner of Melrose and Mr. and Mrs. Jinks Dent of Sudan had supper Thursday night with Mr. and Mrs. Weldon Bradley.

Mrs. Floyd Bills of Earth had dinner Sunday with Mr. and Mrs. Bess Bills and spent the afternoon with them.

SIXTY attended Sunday School with 23 in Training Union Sunday. More came for the YWA special presentation, a white Bible ceremony for Debbie Morgan. Mrs. Garner Ball had charge of the service with all the YWA girls using different colored candles symbolic of the moods of a home. They repeated "Thy word is a lamp to my feet" after each challenge presented by the WMU director, Mrs. E. R. Sadler. Mrs. Milburn Haydon sang "Bless This House" to highlight the impressive ceremony. Rev. Mack Turner led the closing prayer.

It was the second white Bible presentation for the church.

A special tornado relief offering was taken in the morning services and will be held over until next Sunday so all who wish may have a part.

A bridal shower will be given honoring Debbie Morgan at fellowship hall of the church next Thursday afternoon from 3 until 4:30. It will be a miscellaneous shower and you are invited to attend.

Mrs. Mokey Ivey was admitted to Plains Memorial Hospital in Dimmitt Tuesday and was dismissed Wednesday.

.70 OF AN inch of rain was recorded Sunday night but heavier amounts were received in parts of the community. Several watched the three hail suppression planes work on the cloud that built up this side of Clovis, moving southeast toward Plainview and reported as dangerous. The planes met the cloud and worked on it for at least an hour as it passed over the community. One small cell was totally disintegrated.
